

Dream by Clay Nash
November 1, 2021

While hunting in Arizona I dreamed a dream which has begun a time of seeking God about the days ahead and more focus on the purpose of the Triumphant Prayer Call.

In the dream I was taken by the Lord to stand before a vast body of water. As I stood there pondering the water, the Spirit of the Lord spoke and said, "I want you to cross over to the other side of this body of water." I began to think, My this is a vast amount of water. It will be a long swim. The Spirit of the Lord spoke the second time "I want you to focus and cross over to the other side." Then the Lord said, "Sharpen your focus and consider well what you see. Look on it and receive your instructions."

I stood there overwhelmed by the size of the water to be crossed. My gaze remained focused on the far side I was to cross to. The Lord said once again "Sharpen your focus."

I then asked the Lord, what am I to see? The Lord said, "Look beneath the surface for there are stepping stones there to crossover by." As I looked, I stood in amazement at the stepping stones clearly to be seen beneath the surface. I had missed them as my focus had been intentionally focused on the far shore I was to cross over to.

The Lord then spoke and said, "Take 22 steps." I prepared myself to do so and began the 22 steps. After completing the 22 steps I was not across the body of water. The remaining distance looked much farther than the distance I had come. I stood there pondering the remaining water to be crossed and Lord spoke and said, "Take 22 more steps." As I took 22 more steps in obedience I realized the steps were the same distance apart as the first 22 but I was accomplishing more distance this time. At the completion of the second 22 steps I stood at the shore and saw written in the sand November 8th.

End of dream.

After being gripped intensely by this dream I began to consider it and petition for clear instructions to what He was saying. I was surprised to discover Nov. 8, 2022 is election day. I have always thought it was the first Tuesday of Nov, which would have been Nov. 1, 2022. But actually election day is the Tuesday following the the first Monday.

As I have prayed I felt it held instructions about the Triumphant Prayer Call. As I continued to press in I rose Thursday morning November 4th to hear the Lord say, " hidden treasures of the sand."

Deuteronomy 33:19

*"They shall call the peoples to the mountain;
There they shall offer sacrifices of righteousness;
For they shall partake of the abundance of the seas
And of treasures hidden in the sand."*

As I further pondered the dream, the prayer call, the purpose of the call and the future model of the call I began to get a clear focus and specific instructions for the call going into 2022.

The first thing I did was to count back 22 Tuesday nights from November 8th. This brought me to June 7th. I began seeking instructions about the 22 weeks prior to the Election. The question arose, what about the first 22 steps. I was amazed to discover that if we begin on Tuesday January 4 2022 there are 44 Tuesday nights of prayer before election night November 8th.

This brings me to point out some instructions I have received concerning the call.

1. The dream required much focus.
2. The focus had to be shifted from where the call was heading. (The other side)
3. I was required to look beneath the surface for each stepping stone.
4. I had to complete the first 22 steps to receive further instructions.
5. The second set of 22 steps covered more distance in 22 steps than the first set.
6. There is treasure hidden in the sand once our obedience is complete and we crossover.
7. Once we reach the other side we will be able to reach our hands into the sands of time to pull out the hidden treasures. (This based on a recent dream where Bob Jones came to me and said "the 40 years of testing of our Nation is over and the fullness of time is at hand." Bob had an experience 40 years ago "sands of time.")
