

PRAYER CALL 04/14/2023 – STATE OF Wyoming

Clay Nash: Well good day. It's 2:22 eastern time. We're on "Victory from God's Promises". We are praying for the state of Wyoming today. When we finish up today, we will have covered 40 of the states that make up the United States of America. We need to realize that God is doing some great things in the nation.

I'm so thankful that we have several people, guests from Wyoming or with connections to Wyoming that are joining us today. We have the hosts on, so it is going to be a great day.

I need to remind you that the Josiah Company Convocation, April 20th through April 22nd, is next week in Conway, Arkansas, just 30 minutes from Little Rock. We are going to be gathering there, praying over the nation, praying over all 50 states. We will be connecting prayer warriors, watchmen on the wall, in each state. It is going to be a tremendous time. We have many of the regular hosts, Ken Malone, Jim Hodges, Jacquie Tyre, Regina Shanks and others coming. We are also very blessed that Dutch Sheets is going to join us there. It is not too late to sign up to attend. Go to claynash.org to find all the information, hotel rooms, everything is there. We are going to have just an incredible time.

One other thing, every call is recorded and then transcribed. We get the recording up pretty quick, sometimes it takes a little bit longer on the transcription, but we do get them up. It is going to be a great call. We are going to finish strong this week. God bless you all for being on.

Regina Shank, you have a prophetic word for the state of Wyoming. I am going to call on you first.

Regina Shank: All right, yes, I do. The Lord gave it to me just a little while ago.

Word for Wyoming: Wyoming, you will never retreat from the battle, but you must retreat periodically into my presence. Come into my presence for a drink of cool water. Come into my presence for fresh revelation and impartation. In your weariness caused by the warfare, hear my call to a furlough, a coming together for rest and restoration. As you soak in my presence, the dusty dry places of your soul will experience refreshing. Even as a crusty pan must be soaked to remove the residue, soak in Me to remove the crust of the world; the crust of worry and fear, the crust of conflict. The warfare has been strong, the battles fierce, but the place of my presence will bring you strength for the road ahead.

You must be prepared for those who are coming. They are looking for a way, a road, a bridge to fulfillment, refreshing, healing and hope. I will activate the gift of healing in you. You will lay hands on the sick and they will recover. Do not believe every report, believe the report of the Lord. With long life, I will satisfy you, and show you my salvation. Do not loose your joy during overwhelming circumstances. The joy of my presence is your strength.

Come into the gym and walk it off, work it off.

I heard these words for 'gym': Enjoy the G-Y-M, grace for the calling, yieldedness to my spirit and mercy for others.

So, Lord, I thank you that the GYM is an acronym for Grace, Yieldness and Mercy.

Come into the gym.

Wyoming, spread out, enlarge the place of your dwelling, take the land, take the vision and spread it. Plant the seeds into the dreams I have given you for your territory. You are the deliverance state. Cast your bread on the water and cast the enemy out of your land. Arise, know who you are. You are not sinners saved by grace; you have a new identity. You are children of the King of kings and the Lord of lords. Take your place, rule and reign with Me. I am with you and will back up every word you decree, that lines up with My word.

So, Lord, we decree this prophetic word over Wyoming. Father, we thank you Lord that a shift has come and as they retreat into your presence, they will have what they need for the next battle. Lord, you're taking off the crust of the past battles. You're giving them a refreshing, a time in Your presence. Lord, that reactivates the vision, that reactivates the strength of your presence within them. Lord, You are calling them in to an understanding of their identity of being children of the King. So, Lord, I thank You that You are moving from petition to decree. Petition is fine, but decree is powerful. Lord, You are going to give them new decrees over their territory. Wyoming, you will come forth into your purpose. In Jesus name, Amen

Clay Nash: All right, Regina, great start on this call for Wyoming.

I want to bring up a dream that I had last fall. Ken Malone just reminded me about it.

Actually, I have a prophetic word for today, but I feel like, after Ken pointed out something that was said in the prophetic word was mentioned...but,

I had a dream last fall. I'm looking for it right now, trying to multitask. I'm not finding it, but I had a dream, and Dutch Sheets informed (very interesting the timing, Ken. I just remember) but he (Dutch) got in touch with a group of us and told us to meet him in Oregon City on May the 7th. That's coming up.

May the seventh carries several things, some battles in World War II and stuff that ended on May the 7th.

We got there and he (Dutch) informed us that we were going to travel the Oregon Trail from Oregon City (that's where the Oregon Trail ended) back to Independence, Missouri (that is where it began). Dutch began to issue to everyone of us, those of us that gathered there, horses. Dutch was riding one of the most beautiful horses I've ever seen.

I said to him, "Dutch, that's one of the soundest, most beautiful horses. It was a buckskin looking horse. It made Matt Dillon's horse look pale." I asked, "Where did you get it."

He said, "That was sired by John Wayne's favorite horse."

Sometimes when I repeat the dreams that I've had, I have such an encounter with the Holy Spirit, so y'all, I'm not going to ask you to forgive my emotions, just tolerate them.

Anyway, I said, "Really"

Dutch said, "Yes."

I asked, "What was John Wayne's horse's name?"

Dutch answered and said, "Sent, s-e-n-t".

Then I said, "That's amazing."

In the dream, I asked him what his horse's name was and he said, "Messenger."

As he was giving out horses, (Clay shares: I've owned many horses in my life. I had one full Appaloosa, that you could ride with a halter that I swam the White River several times on, just an incredible horse. It swam high enough out of the water that I could put

my knees in the saddle and never get wet when we were hunting) that horse was there. This horse, I had named him Judge. Not only was he there, I still have it today, my son had it replaced for me, I still have a King saddle that I bought when I bought Judge. I was very pleased to have my horse back, (in the dream).

The we left, and we would go from watering hole, to watering hole along the Oregon Trail. Every time we got to one, there would be mavericks. Dutch instructions were that we were going to gather the mavericks and bring them to Independence, Missouri.

So, we would drop off, I remember dropping off Ken Malone, we'd leave certain people where these mavericks were gathering, but some of us would carry them on.

Anyway, in the dream, we get to Independence, Missouri, I look at Dutch and I say, "We must have at least 10,000 mavericks."

Dutch, not in anger, but in a very strong authoritative stand, he turned to me and he said, "No! we have 12,000 mavericks and one ox. The ox's name is Signs and Wonders."

We are still praying into this dream about what to do with it. I'm actually thinking about doing a journey on the Oregon Trail myself to see God reveals anything.

Here is the word that God gave me today for Wyoming:

Wyoming, I say unto you that I have worked My work of deliverance within your borders, but now I pick you to become the wind of My deliverance to bordering states, for the ruggedness of the years has sought to harden the hearts of many there in Wyoming, but with the refreshed outpouring of My Spirit, I am once again taking hardened stoney hearts out of my people there and putting in hearts surrendered to my will. Says the Lord. For watch as I transform Wind River to become a place where my healing river shall flow out of. Yes, signs and wonders are coming and miracles shall be seen flowing from a place hardened and trodden down, but I am releasing my angel army to bring forth fresh hope and fulfilled expectations there among a people dear to My heart. Yes, the angel army now released and sent forth across Wyoming is led by a breakthrough company of angels, sent to establish awakening and reformation. Be it known that all eyes will soon be upon Wyoming and national news shall speak of that which would be exposed. For my servant of life that replaced the one who carried the compromise of death, will become a voice in the nation that will not just be listened to, but will be heard. I will shake until the dust settles in Wyoming and I will once again create a movement of those looking for independence through total surrender to My will, says God. Rise up, Ekklesia of Wyoming and be my voice. Be my boots on the ground and establish my going says the Lord of Hosts. Wyoming, from the Wind River to a healing river, you will prove America shall be saved.

Father, I just declare into that former dream and this word that You just have given me for the state of Wyoming, I declare Your will being done. Father there is a ruggedness that is needed in Wyoming to flow out of its borders and to touch the nation again. But, Father, that ruggedness You said is salt to hardened hearts, but we declare today that Your outpouring of Spirit is certainly softening hearts and causing hearts to be surrendered to Your will.

So, Father, we just declare Your will be done there in Wyoming and Your will, will accomplish much and it will release the Glory of the Lord through this nation. Now do this in Yeshua's name. Amen

Well, we are off to a good start. I'm going to call on a friend, Weston Clark, I'm going to call on you next. I am multitasking and didn't get to send you a text. Weston is from Wyoming, now living in Colorado. He is just a great man of God. Weston, release those things that you have in your heart for today.

Weston Clark: You bet. (Begins speaking in the spirit) Wyoming, we call you into your prophetic destiny. The 44th state of the Union. We call you into the destiny that I have designed and created you to be. Lord, Your word says to war with the prophetic words concerning You, 1 Timothy 1:18. We take the word that was prophesied over you in April of 2004 with Dutch Sheets and Chuck Pierce. God is saying, I am giving you a sword. I am bringing you into unity. You will overthrow thrones of iniquity. This territory will be a place of habitation of My Spirit says the Lord. Many will come to this territory and the voice of God will be heard. Again, Wyoming, rise up. Walk in your prophetic in your prophetic destiny. Your prophetic destiny is deliverance. We speak to the nation's first people, the reservations throughout Wyoming, the Shoshone and the Arapahoe, we call you into your prophetic destiny. We break off the spirit of suicide off of the nation's first people. This spirit of addiction we break it off right now in the name of Jesus. We break off all the spirit of iniquity that has kept you down, that has kept you back and we speak refreshing, we speak refreshing and revitalization into the natural resources which the Lord has blessed you with. We speak blessings into the minds that have kept back in the legislation, that have kept back, that have hindered these natural resources from flourishing. Lord, we thank you for the destiny, the prophetic destiny that you have for the state of Wyoming. We thank you that it has been prophesied that it would be a state of restoration, that it would be a state of refreshing, that many would go in ministry and find their time of revitalization, their time of refreshing. Wyoming, we call you in to that prophetic destiny. Lord, we thank you for the plan and purpose that you have for Wyoming. We thank you that you have put a pioneering spirit on that state. Father, God that it would be a forerunner in the revival that You are bringing to this nation, that has set down upon this nation. Father, we thank You. We thank You, Father God, that we can decree and declare a thing and it shall be, Father God.

I just keep getting, it just keeping going over and over what was brought in the first prophetic word that being the state of deliverance. Being from Riverton, Wyoming that the spirit of suicide, the drug addiction that was rampant through all the other states, but it is a state of diversity. There is so much diversity in Wyoming and I just speak that spirit of deliverance to come forth, it is just heavy upon my heart for the nation's first people there. We break that curse off of those reservations right now and call them into their full prophetic destiny in Jesus might name. To speak restoration for the natural resources, that even the uranium would come back, that the restrictions on the uranium in the Wind River Basin there around Riverton, Wyoming and Lander would lift and the uranium would come back. We break open the passes, from South Pass to Teton Pass, just open up those passes that revival could flood into the into the valleys, into the rivers, and that the River of God would flow through from the Wind River to the Shoshone all the way through the state of Wyoming. Father, we just thank you. We thank You for who You are, that You have a heart for the state of Wyoming, that you have a heart for the nation's first people to restore them to the original intent and

purpose that You had for them. Father God, we just give you the glory, praise and honor in Jesus' name. Thank you, Lord. Thank you, Lord. Thank you.

Clay Nash: All right, thank you, Weston. Strong, we come into agreement with those declarations, decrees, the prophetic. We just declare, Wyoming, step in to your true identity.

I want to call on now, Julie Collins. Julie, I know about you. I know you work with the lady that became elected in Liz Cheney's place. Thank you for that. Thank her for standing tall. I want to release you to share the things that are in your heart.

Julie Collins: Okay, thank you so much for including me in this call. I am a Wyoming native, been there my whole life. Harriet Hageman is a dear, dear friend of mine. I know she is going to do a fantastic job representing us and everything that you are saying is absolutely true. I am a more behind the scenes prayer warrior and I am boots on the ground. I work every single day. God puts me where I am supposed to be. The heart and soul of Wyoming is good and devout and true and we are ready for it, whatever God has in store for us. We are absolutely, everything that you say as far as independent, we do have a pioneering spirit and it is a fantastic place. I have been incredibly blessed and when you say that people are coming, my son is moving back home and there are a lot of good people coming. We are going to be the heartbeat and soul of America. The American spirit is strong in this people. Thank you so much for having me on this call. I am thrilled to be included and I am anxious to see what is going to happen. We are definitely moving in the right direction as far as a fundamental foundationally in our government and we will get the right people that will represent America as she deserves to be represented. Thank you so much and I am enjoying this immensely. Thank you and I will mute myself again so I don't bother anyone. Thank you so much.

Clay Nash: All right, thank you, Julie, for being on and what you represent there in the state and we just bless you for taking time to be on with us. I have another new friend, I am trying to keep up with all these names. Marissa Selvig, I want you to release what is in your heart right now, an intercessor there from the state of Wyoming.

Marissa Selvig: Amen, can you hear me all right? (Clay responds, "Yes we hear you.") Okay, great. Well, hallelujah, what great words, amazing prophetic words over Wyoming. A lot of the things that have been prayed were on my list to pray for. I'll just start out: I am on the reservation. I work for Foundation for Nations Ministries. I run their food pantry and I am their worship director at the moment. I would like to start with I Peter 2:9 that is one of our ministry scriptures. "You are a chosen generation" I just speak this over Wyoming and especially over our reservation area. "You are a chosen generation, a royal priesthood, a holy nation, His own special people, that you may proclaim the praises of Him who called you out of darkness and into His marvelous light; who once were not a people, but are now the people of God, who had not obtained mercy, but now have obtained mercy."

God, I just pray that over our area specifically again, lift up the reservation to you God, our wonderful people that we serve here. I pray against the spirit of generational trauma

that overwhelms people here. I come against that in the name of Jesus. May that spirit be broken, never to return. I come against the spirit of racism, between whites and natives in this state and in this area. Racism, you are of the enemy and I cast you back into the pit where you came from, in Jesus' name. I thank you for restoration, God. You are the God of restoration, and I thank you for restoring hearts of people towards each other, of mothers toward children, of people away from their addictions, God. I thank you for releasing people from the things that hold them from having a relationship with you, God. Again, I pray that you would turn hearts of stone into hearts of flesh, God, and give the people here in Wyoming hearts to know you. I thank you for unity in the churches in this state, all over, no matter the denomination. I thank you that people will put aside their denominational differences and come together over your sacrifice, Jesus. You are the answer to all the problems that we face here in this state and it is only Your atoning sacrifice and Your Holy Spirit and Your peace that surpasses all understanding that can solve the issues that plague the people here. I come against again, I come into agreement with the former one who prayed against the spirit of suicide over this state. It has notoriously been the place where suicide completions have been high in America. No more shall that be, no more, in the name of Jesus. I thank you for it. I come against that in Jesus' name.

I know that independent and pioneering spirits are important, God, but I find here in the state of Wyoming, that people isolate themselves. I just pray, Lord, I speak over the people in the state of Wyoming to join in community with one another again. That they will not put things before church and before joining in fellowship with one another. That you will bring us together in the state of Wyoming as a family of God, not just a bunch of individual little cowboys out in the prairie, but that we are a family and that we work in unity towards bringing the Gospel to the people who are alone and the people who are hurting because there are so many hurting people there and we have the answer. Give us, give us boldness in the state of Wyoming, Lord. Give us boldness to not be shy about sharing the Gospel. God, Yours is the good news and I give You all the honor and praise and glory this afternoon. Thank you, Lord for these people, who are faithfully praying over each state and bless Wyoming in Jesus name, amen.

Clay Nash: All right, thank you, Marissa. I want to thank Jason Lucas who connected me to you. I know he works up on the reservation there. He couldn't be on the call today because of prior responsibility, but thank you, Marissa for being on. Pat, there in Illinois, what's in your heart my friend?

Pat McManus: Thank you sir for the opportunity to be with everyone today. I come into agreement and alignment with what has been declared already over the great state of Wyoming. I got this picture earlier when I was thinking about expand. In Isaiah 54 verse 3 it says, "You shall expand to the right and to the left and your descendants will inherit the nations and make the desolate cities inhabitable." From there it was this: A releasing of a well of refreshing for reformation the time for eruption is at hand and new discoveries will unfold in the land.

So, Father, we thank you that you are expanding Wyoming. That those of the Ekklesia to expand with an accelerated authority, and power. That, Father, you are causing those that ride on the horses to begin to accelerate into a promise and into a purpose of

what you have ignited with in. Father you are releasing a shout among those that (will free the captives ??? (sound became garbled here)... destiny of what you have called each to walk fully in. We thank you father for the well of refreshing ... transformation.....a flow, a river that will truly nourish the nation as it goes forth in purpose, as it goes forth in power, and it will bring healing to the nations. So we thank you Father for the wells that are being activated. We thank you for the expansion and, Father, we thank you that you are moving in the state of Wyoming that those that ride well will experience the power and purpose of your hand. So we thank you, Father, for the new eruption but also the new discoveries that are coming to light will it truly be a place of breakthrough for the land, a breakthrough for the people, and a breakthrough for the nation. We thank you for the new ... truly within the heart and the hand of the land, this ... of You Word...the power of Your name... acceleration and the well of refreshing igniting in Wyoming like never before. We give you honor, and praise, Father in Jesus name amen and amen

Clay Nash: Amen, Pat we add our agreement to it. You were a little bit distorted there some but we catch the spirit of the words that you were decreeing and declaring there. Ken Malone, there in Florida, what's in your heart?

Ken Malone: Hey, Clay. I'm just really stirred by the dream. I was reading it again while the other people from Wyoming were praying. I'm just standing in total agreement with them. I really believe that God is going to raise up apostles and prophets who will gather people at these watering holes, who will gather the mavericks. I just want to pray into that because I believe that God is going to begin stirring all around Wyoming and begin gathering the mavericks, even the prodigals. Father, today, Lord, I issue a call out, Father, to the mavericks in Wyoming. I say come on home to the Father, come on home to the Son, come on home to Holy Spirit. There is freedom and life in Jesus. Father, I decree, Lord, that revival breaks out at each one of these watering holes. God, that there will be revival that breaks across Wyoming, God in unprecedented ways, Father, that even attracts people from other states. I just hear the Lord saying that help is on the way for Wyoming. You cried out for help and I'm sending help to you in the name of Yeshua. Father, I thank you, Lord for the help arriving at the right time and God, that you will begin manifesting your glory, manifesting your power and you will bring a soul saving revival into Wyoming in the name of Yeshua. We cancel all the trauma that's been on the church, all of the hope deferred, we cancel it and cut it off now in Yeshua's name, and Father we decree that hope is beginning to arise in that state. Let hope arise all across that state: north, south, east and west in the name of Yeshua. Father, I thank You today for having Your will and way in this state. Amen

Clay Nash: All right, Ken, we come in agreement. I just want to say, I will post, make sure this maverick dream is on the website as well. I will probably attach it to the Wyoming prophetic words because we know that God is still brooding, we've been praying and having some dialogue about that dream, wanting to know what to do to properly be obedient to it and implement it. I ask those of you on the call today, pray into that maverick dream, there is a lot of weight on it. You could hear in my emotions a

while ago, the room, as I began to tell that dream, it just became thick with the presence of Lord here where I am.

Well, it is good to have Michael Davis on. He is there in Wyoming. He was there a couple years ago when we did the 'bury the hatchet' initiative to bring peace to the traumatized soil of the state. We had all 50 states, people in all 50 states when it was done. Michael was there when we did the ceremony in Wyoming.

Michael, I want to call on you to close out this call with a prayer and to make those declarations that are in your heart.

Michael Davis: Thanks Clay. I appreciate doing the planting of the tree. That was actually done on Julie Collins property, so you had both of us who participated in that here on the call today.

We pray against the following spirits that are very strong here in Casper. There is a pagan site on the top of our mountain called Crimson Dawn. They are building a Mormon temple here. They were going to build an abortion center, but fortunately that got cancelled. The other thing that my daughter and I have sensed is there is too much coercion done in the churches to not stand up for the Holy Spirit.

Before the pandemic, we did not have any churches that were Spirit filled, but now, after we got to go back to church, I can proudly say there are at least two Spirit filled churches. Praise for that.

Everything that everybody said, we come into complete agreement with. I loved your maverick dream. It reminded me of something Jesus told me 22 years ago when I was dying of a heart attack. It was simply Matthew 28:18-20, which is the Great Commission. One of the things He said when I was almost dead was, "I am pretty serious about this, I want the churches to get back into doing this...", (which I sense we have done since that election was stolen in 2020), what He said is, "All authority in heaven and on earth has been given to Me, therefore go make disciples of all nations baptizing them in the name of the Father, and of the Son and of the Holy Spirit, teaching them to obey everything I've commanded you. Any surely I am with you always to the very end of the age."

I call on everybody to make the decrees and declarations for Wyoming and their own state. We pray that everything that prophesied on this call and your dream come to pass soon and rapidly. Bless everyone who is praying for us here in Wyoming. May everybody have a great day.

Clay Nash: All right, Michael, thank you for this. I want to remind everyone again if you came into this call last that the call is recorded. It will be put on the website claynash.org. We will have it transcribed the first part of next week.

Next Monday at 2:22 eastern time, we will be praying for the state of Montana. Very interesting, as I pulled my list up to make this announcement, the Lord said to announce this today, it is about Montana. I am not sure how you pronounce this, it looks like Kalispell, which I assume is a place in Montana. "I'm about to visit you with an awakening. For I positioned you exactly where you are because very near to you is a reminder that I am a God of covenant; for evergreen, evergreen, evergreen shall be a target of my outpouring," says the Lord. He also told me there's more that will be released on Monday on that call.

Then, next Tuesday night at 9 PM, we do our Tuesday calls at 9 PM eastern time, we will be praying and prophesying into Hawaii. Then on Wednesday at 2:22, North Dakota, then on Thursday at 2:22 eastern time South Dakota, and we'll finish up a week from today, next Friday with the state of Maine. Then we will have 45 states done with 5 more to finish on the 28th.

One last reminder, it is not too late to fly into Little Rock and be a part of the Josiah Company Convocation. Someone wrote me today and asked why do you use the word convocation. Convocation is an English-ized word, or a transliterated word for the word Ekklesia. Eagles don't flock together; they gather in a convocation. Convocation is a great kingdom, Biblical word about the gathering of eagles, the gathering of the Ekklesia. If you are on the call, and that word Ekklesia is new to you, let me just tell you, that it is the legislative branch of God's church. So, we are going to be gathering next week praying over all 50 states, praying and connecting people from all states in Conway, Arkansas.

All this information is at claynash.org

I want to thank Marissa, Julie, Mike, Weston, all of you for joining us today. Incredible call. I also want to say that in September I am going to be coming through the great state of Wyoming. I am headed to Yellowstone for a couple weeks. It is my wife Susan's and my 50-year anniversary this year, and 40 years of full-time ministry. We will be coming through there in Wyoming, so maybe if you want to send me an e-mail: claynash@claynash.org maybe we could have a good cup of coffee, or a bison steak when we are up that way.

God bless you all. We will be here next Monday at 2:22.
