

Prayer Call April 27th 2023 - Rhode Island

Clay Nash: Good day. Its 2:22 and we are focused on our prayer call today for Rhode island. Asking all our hosts and guests to please mute your phone. We lack one more State tomorrow the state of Pennsylvania. I'm excited today about the Rhode Island call. We're going to see some incredible things proclaimed declared and decreed and prophesied over Rhode Island. It's got a significant place in our nation as do all of the other 49 states. Remember every call is recorded and posted to the website claynash.org. We transcribe every call as well. It just takes us a little longer to get that up. If you miss the Josiah company convocation Which was April the 20th through the 22nd it was last weekend. You can go to claynash.org go to the store and you'll be able to purchase the video link. They're not quite ready we're having our guy edit them a little bit. And we'll get them up just as soon as we can. You can pre-purchase them now. All the money used to purchase those video links will be used For the future Josiah Company Convocations that will be conducting and moving around the United States. We appreciate everybody that was able to come to Arkansas and be a part of it. We know they'll be a lot of declarations decrees and power of agreement added as people watch it. It was a very powerful time. I celebrate this year 40 years of full-time ministry. I don't know that there's ever been a series of meetings, Assemblies or convocations that have carried any more weight, In my heart, then there was there. At 5:00 Saturday We began to pray over all 50 states. It took us over for hours to complete that. Thank God that the people who were there with us stayed in the room And over 700 callers on the conference call stayed on the call. That brings me to tears And joy and it speaks strong about what God is doing. I'm going to call on Jacquie Tyre from Georgia although I think she's in Florida right now. Jacquie I'm going to call on you right now you've got a prophetic word for Rhode Island.

Jacquie Tyre: I do and I am indeed in Florida. I texted you we just came through a tornado warning. Quite spectacular watching over the ocean here. As that was going on I asked the Lord what he had to say over Rhode Island. I heard Holy Spirit say I am calling you Rhode Island return to Providence. To return to my Divine Guidance and care. Have I not said that I will guide guard and protect and bring blessing to those who will walk in my ways. But for those who depart my blessings will be withheld and the results will be made evident. I have issued a trumpet blast over you Rhode Island. Return to my Providence and I shall restore. Yes it is my heart and my intention to heal, Restore, and return you back to what I originally intended. Did not freedom of conscience and freedom of worship come forth from your state? But the Searing of the conscience that has come through the forsaking Of my word and my ways In this nation has caused most damage. Will you arise Rhode Island and become a voice to call the nation and return to me and bring about the healing of the conscience so that true worship will arise in the land of the free and the home of the brave. It is time Rhode Island to turn and return to me with a whole heart. I have heard the prayers of my hidden ones and am stirring in the hearts of the many who despair over the condition of

things that are And should not be. Rise up Rhode Island return to Providence And become a voice Rising among others Rising across this land to call and rally to the ways of truth, righteousness, and justice. Even as I began to get on this call as I was dialing in I heard the Lord say I am raising up another Rodger Williams. He was the author of the freedom of conscience as it was written up in an article. He's raising up another one that will have the voice to call for the return to the conscience that is no longer feared but is aligned with the Word of God. So Father over Rhode Island I say Rhode Island Arise up rise up Rhode Island and return to the Lord your God. Rise up Rhode Island And let the stirring of Holy Spirit bring you to the place of a fresh new trumpeting sound of righteousness Justice and Truth.

Father I pray over the hidden ones to be strengthened in their innermost being. I pray over those that are in despair over the condition of our nation even the condition of their own state. Father you've heard their cries and you have seen their despair. And I'm saying father in the name of Jesus raise them up strengthen them, and bring them into a movement that courses with your Holy Spirit to release a sound. Father for the one you just spoke to me that would be as a Roger Williams, let that one arise with a strength of spirit, fortitude that is born of your word and the spirit and a voice that is clear and undivided To issue a sound of the return to the They held it in a unique position that is no longer seared but is made whole by the Covenant Of the Lord Jesus Christ upon their soul. So father let your purposes come forth in Rhode Island and let the sound of reformation rise out of this land In the mighty name of Jesus Amen.

Clay Nash: All right Jacquie great start. I'm going to go next. and we're very honored to have today to have Cheryl Russell. She's a national day of prayer leader there In Rhode Island. Cheryl I'm going to call on you after me. Cheryl you'll not understand as much as the host on here but I had a dream last night about Rhode island. In this dream as many of my dreams there's an angel who guards the Justice gate came in the dream. He told me that he was about release 818 angels of justice with shofars to the state of Rhode Island. When he said that in the dream it was like the clouds rolled back. But when they held their shofars they held it in a unique position. They had one of their hands over the blowing end of the shofar and they had it upright. The angel that guards the Justice gate said I am sending these angels to Rhode Island to anoint Rhode Island with the oil of hope. I'm sending them to go from the north part of the state, The South part of the state, the northeast, the Southwest, the Northwest the southeast to anoint the whole state with the oil of hope. Immediately in the dream when he said 818. I went immediately, as I was thinking about Isaiah 8:18. But towards the end of the dream, the angel that guards the Justice gate said to me that Rhode Island would once again be known as the state of signs and wonders. It would be known again as the miracle state. Isaiah 8:18 says As for you and your children you are for signs and wonders. So f Father I declare over the Ecclesia, the believers, the praying Church, and even the non-believers of Rhode Island, there is a Divine Awakening taking place. I declare that your people there are going to rise in their hunger for your presence. They're going to step in and engage the supernatural even as it is natural in their lives. I declare that

signs and wonders and miracles will begin to be known in the state of Rhode Island. But it will also capture national attention. I declare that you are pulling together the Ecclesia. We declare Rhode Island that is not a place of great geographical size is being overshadowed by that liberal, pro-death, communist, mindset and actions all up and down the East coast. But we declare as Rhode Island as small as it is is about to release a shout That will become a roar that will be a roar of breakthrough. The last thing in the dream last night, the angel that guards the Justice gate, said to me, As soon as they've anointed the whole state with the oil of hope, I will release breakthrough angels to begin to work on the new level across the state of Rhode island. So Father we come in agreement with the Breakthrough That is there in the state and it's going to increase within the state, but not only in the state but will spill out over the state of Rhode Island and begin to flow up and down the coast. Do it and Yeshua's name. Cheryl we thank you for being on I'm going to call on you now and you just released those things that are in your heart For the State of Rhode Island.

Cheryl Russell: Father God we just humbly come before you. I thank you Lord that everything that has been prophesied are those things that have been in my heart. We thank you Lord that we as a small state are Mighty in the kingdom of God. Thank you Father that as I declare and And decree a spirit of repentance over our state. Those that know you will turn from their wicked ways because your word says if my people. So I pray Lord that people will seek you and that they will walk according to your Word. I pray Lord that your people within the domain of Rhode Island would walk in the hope that you have given us. I release the spirit of freedom to worship in places that may be off limits or were people have not understood they have the authority to go and worship. We glorify you. We thank you that your Word does not come back void. We thank you for the prophetic words that have been spoken out into the atmosphere. Weather in Florida or Rhode Island wherever people are on the line that your Word does not come back void. We thank you for raising up the Roger Williams. We thank you for a founding father that is willing to sacrifice it all to fight the good fight of walking in Freedom and freedom to worship. We thank you for his spirit for his courage and his boldness. We thank you for the missionary heart that you have put in him. We thank you that he learned a language of the first Americans that lived here. He taught them and he ministered to them and evangelized to them. And he brought many to the Lord. And we pray For racial unity, and racial healing In all ethnic groups in Rhode Island. We thank you for the youth. We have been declaring and decreeing prophetically that the youth they are going to rise up and they are going to lead the revival. We pray Father That you are going to keep them pure that their minds and their hearts are pure. That they would walk and understanding of who they are in Christ. They would know the word, that they would know the Holy Spirit, they would know you Holy Spirit and would walk in your ways with boldness. They would be courageous. They would not look to the left or right but be focused on the areas where you place them. We thank you that your word says that every place the soul of our feet treads you have given us. I thank you for those in Rhode Island that walk in your ways and you've given us territories. I thank you for

open doors even in the State House. Today God we thank you for the prayers that have been lifted up, we thank you Father. We thank you Father that you have set judges and angels at the gate posts of Rhode Island. We thank you for the statue sitting on our Dome and his name was called hope. So as he sits up on that Dome, In the name of Jesus, we release that Spirit of Hope. Hope over our politicians, Hope over our legislators, who are walking in their own ways. I pray Lord That you would visit them in dreams and visions of the night and received their instructions. At the fear of the Lord would come upon them. That they would get up, In a hot sweat, and a cold sweat and they would give themselves to you. That you would download Morality into them. That they would fight for the things that are on your heart. They would fight for morality, they would fight For Christian values, they would fight for biblical values and they would vote in those ways. We thank you for the encouragement and the hope that those to those who know you and serve you. We thank you that we will be a state that signs and wonders come through. We thank you that the Angels Wings will fan the flames of signs, Miracles, and for wonders. We thank you that 818 angels with their arms spread wide will more than surround this state by the borders. We thank you Father. We thank you for the protection on the oceans and on the waters. We thank you that no weapon formed against us will prosper coming in from the ocean. We thank you that things that are happening in other neighboring states will not flow into Rhode Island. Father We thank you that you are not a God of boundaries but we ask that you protect our boundaries. In Jesus name we pray.

Clay Nash: We thank you Cheryl for those strong declarations and decrees. We appreciate you taking time out of your responsibilities to come on and be with us. Anne Tate, from Texas, what's in your heart?

Anne Tate: Well Clay the Lord gave me a word for Rhode Island. He said if you are the first you get a double portion of what the Lord is passing out. You can tell of the things that are called for Rhode Island that they have received a double portion. But the Lord has a word he says get in the lead. Get on the cutting edge. Release a new sound. Call up the five fold. Refuse to be left behind. Call on your deliverer. Renounce passivity and also the spirit of religion. Political decisions are not your only place of service or call. Lift high His banner and go forward. You are the first. Move. Decree. Watch and go on watching. Listen and go on listening. Move and go on moving. You start the animation, the activation and Mobilization of the army. Rhode Island stand up and begin to move. In the name of Jesus Amen.

Clay Nash: Pat, they're in Illinois what's in your heart.

Pat McManus: Thank you sir. I come into agreement with all that's been declared already across our land and across Rhode Island. I also had a prophetic vision of the Angels you mentioned earlier. As I was thinking about it I looked in the book on the 50 state. It talked about Hope but it also talked about the miracle state. I have a couple of

scriptures. Psalm 130 verse 5 It says I'll wait for the Lord my soul waits and His word I do hope. Psalm 147:11 The Lord takes pleasure in those who fear Him whose hope is His mercy. So I got this thought. Restored hope is coming to the land And a releasing of the Red Wave, the power of the blood of the Lamb on the land. So Father we thank you that you are restoring Hope into Rhode Island. That you are igniting that state for the expression of the miraculous in you. That Father you are releasing I clear sound of Awakening that would advance in and demonstrate The signs, wonders, and miracles. Father even it speaks about in the Book the years to break a spirit of infirmity off the land. Truly there is a stirring of your wisdom. A stirring of your grace to establish a right government in the land. We thank you Father that you are restoring hope. Restoring a foundation of what has been built in and built on on that state. Father you are activating the opportunity To effectively walk in the signs, wonders, and miracles that the miracle state will operate in. We ask you for a clear sound of revolution but a clear sound of reformation, that would truly reset reorder and realign that state into it's right identity. How do we break off any generational structures that are on the land. Father, we tear down and we decree that the Baal altars system that has been permeated within is being neutralized, nullified, and has no authority to function anymore. We thank you Lord for the ability to see the kingdom of God advanced. We ask for The hearing ear. The hearing ear begin to be released into those that have an ear to hear. And father as they stand and link their shields together You'll see a movement of the Red Wave of Glory Come upon the land. We thank you Father for it. We thank you for the Miracles and the restored hope That you are restoring in the state of Rhode Island To be able to walk effectively in the order of your ways, the purpose of your heart, and the demonstration of your hand. We thank you Father for it. Amen and amen.

Clay Nash: Alright Pat. We thank you. We come into agreement with it. It's been a strong call over the state of Rhode Island. I want to thank all of you that are so faithful to participate with us daily by calling in, listening, adding in your power of agreement. Making your declarations and decrees right there at home. In your prayer closets, in your workplace. You are so essential to the weight this call is carrying. Remember tomorrow we finish with Pennsylvania. We've got some great guests coming on some leaders from that state. We finish up the 50 states. Prayer Will Go On next week. We've been doing this for 5 years. Going to continue to do it. The week after next the hosts and I We're going to be talking about key points out of the Josiah Company convocation. Key points that we think need to be prayed over. Need to be declared and decreed. Will focus on that. That's going to be the week after Sunday the 8th. I bless everyone. Thank you again Cheryl for being on. I think all the hosts that were on. And we'll be back tomorrow at 2:22 Pressing in to Pennsylvania. We're going to end this call.
