Prophetic word by Clay Nash

New Mexico, I am bringing awakening to you, a people held bound by the spirit of enchantment for thousands of years. For it truly was the curse of Cain that brought a nomadic people to seek to settle in what has become known as New Mexico. In the nomadic ways they found a place to build an altar of enchantment, an altar of demonic influence. The Lord says to the people and land of New Mexico, I have released a wind of liberty from the Four Corners area across the State of New Mexico. This wind will awaken the sound of My Voice with intensity. For the ancient voice out of Clovis and Taos will be drowned out by the roar of My Words, says God. For things buried and inscribed in Taos are the key to the severing of the root of enchantment in Clovis. This severing will destroy the false altar built and influenced by Phoenicians. Thus now is the day of the dry bones connecting and sinew joining them. For there is a company arising in New Mexico that have the spiritual DNA of watchman warriors surging through and from a heart surrendered to Me, says God. For the vast many that stand in the valley of decision are about to cry forth YES to my beckoning, says the Lord. For as thousands yield to my beckoning they will enter into their time to become Beacons of righteousness. Yes, strange lights being seen will increase. Many will seek to explain, but their explanations will be as the wind that came from nowhere and will disappear into nowhere, says God. The Lights are my Angels released to New Mexico. Yet hear my words, my people it is now time to hear your land sing of its healing. For a song that will arise will sing of the free flow of my Spirit out of Artesia to the entire state. It is a day at hand that I will suddenly lay bear my arm and reveal my fist as a five-fold showing of my power. Get ready, for calamity comes quickly, but restoration follows swiftly. For I declare the enchantment will be replaced with Signs, Wonders and Miracles. Expect the report of that which is dead coming to life to be heard nationally. Expect the heartbeat of passion for my presence to increase, but expect the old religious ways to be replaced by the new spiritual ways revealed as many lose their ways that are familiar only to discover an old way becoming new. Settle your hearts and allow your yes to become yes and your no to become no!
