

Dream by Clay Nash
December 13, 2023

In the morning hours of December 13th I had a dream of the forward transition of God's nation, America. In my dream the Angel that is in many of my dreams appeared and began to release instructions to me. There were two Angels with the Justice Gate Angel. These two were dressed as Delta Force Special Ops soldiers would dress, but their Angelic features were evident and intimidating. They stood behind the Justice Gate Angel and their stare was as if they were seeing what was coming from behind me. The intentional stance they took made me want to turn and look yet I felt totally at peace in the the strong presence of God that was manifested. In the instructions of the Justice Gate Angel that was released to me I was told to tell the people not to become distracted by their concern for what was happening in America, and not to diminish their focus over what is coming to America. Justice Gate Angel said to admonish my people that they must remain intentionally engaged to God's will for the nation but rooted in completed faith from His established covenants. Justice Gate Angel told me to instruct the people to speak, declare and decree God's words, Heaven's will and the nation's future. The Angel said to admonish the Ekklesia that God is amplifying His voice through their voice and words spoken in completed faith will become a sound heard around the world. Justice Gate Angel said this sound will deafen some, awaken some, and strike fear in the hearts of those that are complacent in their compromise. The Justice Gate Angel stated that the intensity of the battle will strengthen determined hearts, renew fire in lukewarm hearts, and cause 2024 to be remembered as the year of transition from fresh hope and great expectations into revealed and initiated strategies resulting in constant victories. Justice Gate Angel then said tell God's people they can declare what they believe but must decree what they know and to instruct them that God's promises were backed by everlasting covenants and His covenants never age because they are Spiritual and eternal. The Angel said to tell them that only the truth they know and have become one with will bring freedom to the masses that are frozen in the valley of decision. Justice Gate Angel said the Josiah Company would become a movement of Fitly Joined Warriors that are not just carriers of truth but are those that become truth in their spheres of authority and influence. Then the Justice Gate Angel had one of the Special Forces Angels step up and address me with instructions. When this Angel spoke it caused thunder to roar from the Heavens. The Angel stated that the clash of kingdoms would become more thunderous and seek to distract God's people from hearing God's voice, but God's plan to amplify His voice by amplifying His people's voice would silence the thunder. This angel then said the God of Abraham, Issac and Jacob is calling an orderly formation of the Josiah Company and Angel Armies to assemble together in battle formation in order to advance the righteousness, peace and joy of His Kingdom, by His Spirit in the earth. End of Dream.
