

PRAYER CALL 03/10/23 – INDIANA

CLAY NASH: Well, good day. It is Friday. It's 2:22 Eastern Time, and we're on our Victory from God's Promises call. We're praying over the great state of Indiana today, and we've got some incredible guests, hosts on with us today. So glad to have Janet Douglas, an apostolic and prayer leader there in the state of Indiana. We also have Senator Jim Tomes on with us today. Thank you for being on. I'll call on y'all in just a minute. But I want to call first. Let me remind you of the Josiah Company gathering. We'll be in Conway, Arkansas, April the 20th through the 22nd. That's coming up quick. Please register for that. You must register. And, also on our website now, if you want to buy a digital link of the recordings of these prayer services, we're going to be praying over all 50 states. Dutch Sheets will be there with us. Many other hosts that have been on this call as we have led it now for five years. And so, we appreciate everyone being on, but you need to go to my website, claynash.org, and you can register there, or you can order the digital link, which will be emailed out after the convocation. Also, please understand that on Monday we'll begin five more states. We're going to begin with Minnesota. I'll talk about the others a little bit later. We've got a lot going on. This call is being recorded, and it will be posted to my website, and it also will be transcribed. All of this we do for the intercessors across the states so they can go there and get this information. Paul said according to the prophecies, which are declarations and decrees that have gone forth, war a good warfare. That word warfare is a word from which we get our word strategy. And so, out of these prayer calls, we're going to get a strategy so we can see great states like Indiana move on ahead in their leadership to the whole nation.

But I want to begin with Jaquie Tyre there in Georgia today. God has given her a prophetic word for the state of Indiana, and we're going to begin with it. So, Jacquie, what's in your heart?

JACQUIE TYRE: All right, thank you so much, Clay. It is always an honor to be on with you and everyone else, especially the folks from Indiana today.

This morning, I was praying over Indiana.

And I was looking over the state of Indiana this morning, and I saw lines criss-crossing across the state in virtually every direction. The lines were rather random and jagged in nature and intersected in various places across the state. Since I don't really know the layout of the state well, I couldn't tell where these places of intersection were but know that some of these places are the origination points of the outlying fracture lines. Holy Spirit began to speak to me about these lines of fracturing: Some of these "origination points" - the source points of the fracturing - are places of weighty demonic activity oppressing the people and defiling the land. Others of these points are places of the weightiness of the Altar of the Lord, pressing down to fracture the systems and structures that hold the hidden works of darkness in place; the weightiness of My Presence is pushing out the hidden works of darkness so that all may be seen. These junction points are places of significant altars that are ruling over these various places across the state. Then, the Lord said, "It is mandatory for the intercessors to rightly discern the fracturing. Ask the question: Is it the result of the weight of the glory of the Lord or the weight of the demonic oppression upon the land? Proper discernment will unlock effective strategies to address what is ruling and what the fracturing is revealing. Above all else, pour yourselves into tending to the Altar of the Lord to ensure the fires on the altar never go out. Know and be assured of this: not all fracturing is bad, nor is all of it good. But know that I the Lord am well able to take and turn it all for My good as you set your faces like flint to seek My face and to do as I instruct

to tend to My altar and to identify, dismantle, and strip the demonic altars of their power. Purify and strengthen the Altar of the Lord from place to place to place across Indiana and watch to see what I shall do to liberate and heal the land called Indiana. The battle is fierce, and the stakes are high, for what is contained within Indiana for My purposes is great, and My eyes are set to see a people rise up in the unity of My Spirit to press beyond the obstacles, move beyond the fracturing, and step into a place of seeing My Kingdom come in manifested glory in this land called Indiana.

So, Father, today, in the mighty name of Jesus, we say reveal every junction point, every connecting point across the state of Indiana that contains an altar, whether the altar is demonic or the altar is of the Lord. And release the strength, the fortitude, the commitment, and the strategies into the people of God across Indiana, to tend to the Altar of the Lord and to dismantle the demonic altars with the weight of Your glory. Father, empower, strengthen, and cause Your Kingdom purposes to come forth in Indiana in a way that is far beyond anything that has ever been seen. Let Indiana rise up and come into the fullness of the purpose and destiny for which You created her. In the mighty name of Jesus, Amen.

CLAY NASH: All right, Jacquie. A strong word to begin for the state of Indiana.

I also had heard about a spiritual fracking which will come out of that that's going to release the oil of Holy Spirit to flow more freely in Indiana. The Lord said the roots of Indiana are certainly spiritual, and the Lord said He is dealing with the roots that have died, but He's flourishing the roots that are alive, and they will release the oil of Holy Spirit in the future. So, Father, we thank You for this prophetic word, prophetic insight. We thank you for the great state of Indiana, and we thank you, Father, that they are not just positioned but they are being postured for their role of leadership there in the state, but Father, even greater in that in our nation for the turning of this nation. Amen.

Great to have Janet Douglas on with us. And Janet, I'm going to let you introduce Senator Jim Tomes and bring him on to share what's in his heart. And then, if you will, share after him. And then, we have some others that I'll be introducing that are on with the call. So, Janet, what's, go ahead and introduce him, and then release what's in your heart.

JANET DOUGLAS: Thank you, Clay. It's an honor to be on with you guys today, and it is my honor to introduce Senator Jim Tomes, who is out of Evansville, and an incredible man of God, but more than even that, he's an incredible fighter of righteousness and truth. And he can share how long he's been in office, but we've kind of been running together for, I think, eight or nine years now, and just side by side pushing him, carrying him as he carries the torch through the state house. And I will just say he is a friend of God. I don't know how many friends he has in Indiana, but we love him. We appreciate him, and we honor all that he's doing for our state. So, Senator Tomes, if you will take it from there, and then I'll follow you, sir. Thank you for joining us today.

SENATOR JIM TOMES: Okay. Good afternoon. I hope you can hear me all right.

CLAY NASH: Yes, certainly.

SENATOR TOMES: Okay. Thank you. Well, we're on the road here. I just pulled over at a place where I can park. Sorry about that, but we're driving a little bit today. And anyway, I've been a state senator here in Indiana for 13 years, and it's been an honor to serve the people of this state. It's also been a different type of job for me. I've never held office before. It's been a real, real blessing to be able to help folks in my state and be able to call

for help and be involved in the bills that are passed into law and how they affect our citizens, too. So, that's a little bit about my background. And Janet and I, we do go back eight or nine years, and so I appreciate knowing her and her involvement in my work as a senator. I do have a bill right now, if I may speak about it a little bit, I would certainly appreciate prayers. It's my third year trying to get this bill passed into law, and it concerns the books in our public libraries and school libraries throughout the state. These books that I'm talking about are not classics, literary classics; they're not books that you would particularly read, and you certainly wouldn't want your children to read. These are actual rock-solid pornographic books. These are books that we probably would find in adult bookstores. And the parents in the state have come to me three years ago about this, and it's been a chore trying to get this bill passed. I, last year, did get it through the Senate but didn't get a hearing in the House. Again, I got it through the Senate last week, Senate Bill 12 is the bill number, and these books, the graphic illustrations, the pictures are beyond what most people can even probably imagine. And the language in the bill, the books have no artistic value, no educational value. These are just absolutely pure nasty horrifically pornographic books. And I'm not banning books. I'm not censoring books. I just want those who work in libraries or our schools to take those books, in particular the public libraries, and put them back in the adult section of the library so kids won't get them. And I'm only dealing with K through 12. I'm not dealing with any 18-year-olds or older, just children from K through 12, no universities, no colleges. It's been an unbelievable fight, a struggle. I cannot believe how many people that are so resistant to this language in this bill that I'm trying to get passed. I've had adults call me to tell me they're so mad at me. They want their kids to read these kinds of books and see these pictures. It's unbelievable. So, I'm just asking for help this session. We got it this far again, over to the House, and, hopefully, in the House, they will get the bill passed, and then we can get it to the Governor's office for signing. But that's what I'm working on right now, and it's been a real task.

CLAY NASH: Senator, let me just speak for my part. We will certainly make that a matter of prayer. We stand in agreement with your conviction. It's a godly conviction, and we just declare that God is going to blow His wind into this bill and push it across every obstacle of resistance to it. And Father, we thank You for doing that, and we come in agreement with the intercessors of Indiana, with those that are leading, like Janet, and we just declare this bill will pass, and it will prevail and bring light to that state. Janet, what do you have to add to this and to declarations you need to make?

JANET DOUGLAS: Sure. Well, obviously, as Jim was talking about the books, we know that that's happening across the nation in many states. So, we're decreeing and declaring that we'll see a turn just like we saw in Virginia. And tied into that, Clay, one of the things we've been battling, actually I've been involved with for 20 plus years I hate to say that long we've not seen victory, but we're seeing it now is the Kinsey Institute. And I won't go into the long story of it, but you folks can research it, look it up. It's not just in Indiana, it actually affects the nation and nations even over into Berlin and other nations, so it's actually where it's embarrassing to say it started here in Indiana at the IU University. But that's actually where it is, and this is where the entire sexual revolution began with this man, sick man, by the name of Alfred Kinsey. And so, this is a passion that we have and our intercessors are battling and fighting, and we have people that come from all over the nations to come in and join us and pray. And we have many on the call today. And so, I would just like to pray into that and get your agreement because we believe that which what has been said will happen. And we will fight from victory not for victory. So, I'll just go there and start the prayer, and y'all agree with it.

Father, we thank You for Indiana, the 19th state of the Union. We thank you, Father, that Indiana's considered the crossroads of America, which joins in that which what Jacquie was seeing and even the language that she and Clay are saying in the fracking. We believe that even as we've prayed in the land, the fracking is happening, and the altars are coming down. But we thank you, Father, that this is considered the heartland of the nation, and we stand in agreement now, God, with all who are on this call and all who will join later and read and hear what You've said this day, Father. All that You've purposed for this first strike state, even as our flag symbolizes, God, the torch. We decree that Indiana is burning for You and that the Kingdom of God is advancing in this land and even in our government. Father God, we decree now that Your fire has been released, throughout the land with even the pioneers that started the fire in this land. We join in agreement with their prayers and their decrees that were released that Indiana is awakening even now in Jesus' name. We call forth the burning ones to carry this torch from the land into all the nations of the earth. We join with agreement of the intercessors who have fought for this land and have stood in the trenches. And we agree that Your destiny as the torch bearer of this nation still exists today, in Jesus' name. And Father, even right now, we decree that the exposure will continue to be revealed. That which man has put into office, that which man has tried to rule in this land from the backroom deals from the good old boys system is being exposed and even the money trail that is affected what Jim is trying to bring down, Father, in this good old boys system in the government of the sexual revolution, Lord, we decree that that altar is plundering. It is coming down in the name of Jesus. And we say that the good people of Indiana will no longer be passive, but we call forth the Gideon army of Indiana to arise and join together in oneness and unity and take her place now, in Jesus' name. Father, we agree with even that which You have revealed to Dutch Sheets in 2021, when he stood on this platform that the principality that was lodged in this land and affected the fingers of the nation would be eradicated. And we say now is the time that the Ecclesia will join in agreement, and we will see the plundering of the enemy that is set here in this land of all perversion, all trafficking, and even that which would have been done with the abortions and even that which what has been done the abuse through Alfred Kinsey Institute from our kids and the blood that has been shed. We agree with the prophets that have released over this state that the hidden altars are being exposed and they are being plundered even now in the name of Jesus. All of those altars that are connected to the nations across the world, we break every lay line from the state of Indiana to the nations through the other states and even into Berlin, Germany, now in the name of Jesus. And across the land, across the pond, we sever the lay lines, and we shut off witchcraft and all occult structures now in Jesus name. Father, we declare that these altars have been set up even that which has stolen the innocence of thousands of children, and we say today it ends in Jesus' name as we call forth the Ecclesia to rise up now in Jesus' name. And we thank You, Father, for the victory over Indiana that will spill over into the rest of the nation and the nations, and we decree that she will complete her purpose. And we give You the glory as the glory keeper carriers God. We release Your glory canopy over this state and even as it's been decreed in the prophetic word that Jacquie released, Your glory is being released, and the fire from the torch of Indiana is being released over this land and will spill over into the rest of the nation and the nations. We say yes to You and all that You have purposed for Indiana, in the name of Jesus, Amen.

CLAY NASH: All right, Janet, thank you for that strong declaration and decree. Look up that information that Janet has spoke about. I'm sure you can get in touch with her there in Indiana. We need to be praying against this. It's time for it to be pulled down, and I believe

it will be pulled down. I also know that the principality behind it or feel the principality behind it is tied to this bill that Senator Tomes is trying to get through. All right, I'm going to call on Pat there in Illinois, and after that, we're honored to have the former Attorney General Curtis Hill on with us today. And Curtis, I'll call on you after Pat, but Pat, what's in your heart today?

PAT MCMANUS: Thank you, sir, for the opportunity to be with everyone, and I agree with the decrees and prophetic declarations that have been made. And I kept hearing this word this morning as I was praying for Indiana that there was a fire being released. And I'll just share the thought and then share a couple of scripture verses.

I am releasing, I am removing the limits of man on the land. I'm igniting a fire that will burn the structures of limitations and release the fire that empowers My body for advancement. Zechariah chapter two verse five: 'For I, say the Lord, will be a fire around her and will be a glory in her midst.' Zechariah 13:9: 'I will bring the one true fire, will refine them as silver is refined and test them as gold is tested. They will call on My name, and I will answer them. I will say, 'This is My people, and the one I say, the Lord is my God.' Father, we thank You that You are releasing a fire around the state of Indiana. And Father, You are releasing a fire that is burning the structures, concepts, strategies, process, and purpose of man. Father, I heard this word without reservation. You are restoring, restoring, restoring the state of Indiana into its proper order and aligned identity, that Father, You are burning up all that needs to be burned. And as the fire comes to burn, it comes to empower the Ecclesia to advance in the authority of that which You want to see done. So, Father, we thank You. No more limits that are on the body of Christ. No more limits on the Ecclesia advancing. No more limits on the resistance. There is a clear sound of revival, awakening, and reformation being released upon the land. So we thank you, Father, that You are removing everything that's stopping, every thing that's hindering, and the blockage that man has built. And Father, You are igniting an Ecclesia to advance into the authority and purpose and power on the land, and that from this day, there will be a fire around it that will ignite a power through it that will see the revolution in it. We thank You, Father, for what You're doing. We thank You for the restoration of a city, of a state, to come into its right order. We thank You, Father, for it in Jesus' name, Amen and Amen.

CLAY NASH: All right. That sounds strong. It is strong, and we come into agreement. You know the power of agreement is a very powerful thing, and I want to thank all of our participants that are on. You're so faithful to join us daily. You add your power of agreement; you make your declarations and decrees right there in your home. I know I had a lady say that wrote us the other day that said she's at work. So, she goes out to the parking lot to her car, and we appreciate you being on these calls. I'm also honored to have Curtis Hill with us. He's a former attorney general there in Indiana. I had the opportunity to meet him a few years ago through Janet Douglas and had the opportunity to speak into his life for the Lord. And just a man that loves God, a man that is very established and wanting to see Indiana move into that place. He's also friends with our attorney general here in Arkansas, which I value very much, Leslie Rutledge. Curtis, what's in your heart about Indiana? What declarations decrees do you want to make?

CURTIS HILL: Well, Clay, it's wonderful to hear from you once again, and it's so great to have so many of my good friends on the line, Janet and my dear friend Senator Tomes. And I can attest that Senator Tomes is genuinely a champion for families in the state of Indiana. I worked with him closely when I was Attorney General, and I continue to watch him. He's one of the men that stands up boldly on behalf of the citizenry, so I deeply appreciate his

friendship and his work. You know, as Attorney General for the state of Indiana, I was able to see things from a unique perspective. And it's interesting to hear this call, when we talk about where Indiana should be. And this is a great state. It's great people. And it's shocking to me sometimes to see some of the struggles that we have in this state in light of the strength and character of our people. And much of that is due to the political process, which I think in many ways is corrupt. We have individuals who do serve in office who are duplicitous, who don't follow the paths and the consciousness of the people, and we see that from time to time. We see that in the legislation that Senator Tomes is trying to put forward. It's pretty simple stuff. And we have a supermajority of conservatives, and yet we struggle to manage to break down the walls of obscenity in a state that you wouldn't expect that. I know that in the last few years, due to the COVID situation, we've seen this in Indiana, we've seen this all over the country. It's shocking how many people have been willing to walk away from freedom to allow government to take control, to allow censorship to creep into our lives, and so our free speech is chased away. And we expect that from many states across the nation. We don't expect that in Indiana, and that's something that we have to fight. We need more warriors out there and engaged. We certainly have them out in the communities, in the neighborhoods, but we need them to get engaged and activated because there is an effort to try to keep fresh conservative voices out of the process. There is an effort to diminish the family. If I can think of one single area that needs our focus, it's on the family and all the attacks that are on the family, on fatherhood, on masculinity, even attacks against women through ideas of gender identity. All of these things are alive and well in a state that stands for God, and it's distressing. So, we need to have more warriors stepping into the breach. We need to turn a light on those who are opposing our nation and opposing our values. We need to positively strike for truth and justice. One of the things we see again all over the nation, but we see it here in Indiana is an attack on the truth, the objective truth, truth that just a few years ago we wouldn't have even had any question about, and concepts of justice. Not social justice, justice. Justice for all. Basic bottom line value systems of what this state is supposed to be about. So what I'm hoping that we'll see going forward, and what I would ask for this group to provide strength and prayer is that you lift up leaders who have the value system that we on this line share, to bring this state back home for families. To bring this state back home for freedom. To bring this state back home for truth, justice, accountability. All of the things that make Indiana great are all of the things that make America great. And I certainly want to stand with everyone on the call and beyond in doing whatever I can to move forward. And so, I hope that we can all just join in rising up in Indiana and restoring ourselves to the strength that we need to lead this nation and the world.

CLAY NASH: All right. Thank you, Curtis for that. I just happened to have about a two-hour conversation with someone yesterday who's working in national election integrity. And some of the things you're talking about were certainly mentioned on the call yesterday that I was on. And so, we come in agreement with those things you brought forth. Father, Janet mentioned about the burning one. Father, let Indiana burn with those that have passion to see righteousness prevail. And Father, we pray a protective hedge of the blood of Christ and the Word of God around every prolife, conservative leader in that state and let that hedge of protection keep them, Father, from the assaults of the enemies of darkness, the enemies of death, and prevail over them in a mighty way. Now Father, we thank You for the turning of Indiana, and we thank You for those that are burning in Indiana, burning with passion, burning with righteousness, burning with great grace. So Father, You move them on up higher on the wall, and You bring to pass in Indiana Your will, even as it is in heaven. We

thank You for that now in Yeshua's name, Amen and Amen. It is so good to have everyone that is on the call, and we're just looking at moving this thing forth. It's great that we've got Anne Tate from Texas on, so Anne, what's in your heart at this moment?

ANNE TATE: Well, Clay, I did not know till today, or I had forgotten it and the time was up for us to recognize this, but one of the scriptures for this year, since the head of the year has been that the king of Babylon stands at the crossroads in order to use divination. It's in Ezekiel 21:21, and in the Amplified it says, "For the king of Babylon stands at the parting of the way, at the fork of the two ways, to use divination. He shakes the arrows. He consults the teraphim, the household idols. He looks at the liver of an animal for an omen." In other words, he looks for any way to justify what he wants to do. And so, in the process of the Kinsey report and all of the things that we've talked about concerning that, and I've read concerning that, that is like using the power of divination to do what they want to do. And so now, as a cause, if Indiana is the crossroads of America, then the power of divination is going to be the strongest right there. So, that is the place that the intercessors and that the people of God need to begin to stand and declare that we are no more going to allow the spirit of divination to monitor what we do in this nation or in this state. And because that crossroads is here in our midst, we're going to treat it as a great asset because if it's in our state, we can do something about it. So Lord, right now, we speak to the spirit of divination that has always dwelled in the crossroads of America, and we call you out NOW, in the name of Jesus. And we say, Lord, that every enforcer from heaven will backup and maintain this victory. We say that the angel of God will stand there and monitor that, and no longer will it be allowed to dwell, in the name of Jesus. And Lord, we further say that we will not allow ourselves to be halted between two decisions. So today, we say that we are moving one way or the other in Indiana, beginning today. And we are decreeing that that movement will be toward righteousness in every way, in the name of Jesus. And we say that no weapon formed against the righteousness of the people or the right standing of the people of Indiana, the right standing with God, the covenant keepers, that no weapon formed against them will prosper. And we say that every tongue that rises up against us in judgment will be shown to be in the wrong. And so, I say that Lord, today, You are uncovering the unrighteousness in Indiana, and You are solidifying and covenanting with the righteous, in the name of Jesus, Amen.

CLAY NASH: All right, Anne. Strong. And we come in agreement. That crossroads is going to be severed there. Jesus told His disciples to go down to a place where two ways meet—that is a crossroads—and you'll find a foal. So, we just declare that there is a new mantle that is coming upon, is upon, the state of Indiana, and as that new mantle is upon it, we just declare it's going to sever this crossroads, and it will not prevail. Regina there in Missouri. What's in your heart?

REGINA SHANK: Thank you, Clay. Good to be on with everyone. Several things in my heart as I was researching Indiana and read the prophetic words over that state. One of the things I found is that Freemasonry began in the state of Indiana back in the 1800s. And there are 400 lodges and 50,000 free masons in Indiana. And they quote it on their website: nearly every community in Indiana has the cornerstone of Freemasonry. And I'm an intercessor, and that really stirred me up. And I thought, you know, that is such a wrong thing. And I wanted to tell everyone, that is the false apostolic. Until that is dealt with, we will have the true apostolic, but that false apostolic has to be dealt with. And I want to share this story really quickly, and then I will pray. I was helping deal with the cornerstones of Freemasonry in Missouri, and I went into this one city, and I was talking about it. And

they said, well, it's taken care of. We went around to every cornerstone of Freemasonry, and we anointed it with oil, and I just gasped because you don't anoint something that's unholy and make it holy. You anoint what is holy, and you cleanse what is unholy. And what I told them is we cleanse the idols from the land, and we anoint the holy things. And so, just a teaching moment here. You cannot anoint a cornerstone of Freemasonry and make it holy or even remove it. It has to be cleansed. And in Ezekiel 36:24, it says, 'I will take you out of the nations, and I will gather you from all the countries. I will bring you back your land. I will sprinkle clean water on you, Indiana, and you will be clean. I will cleanse you from your impurities and from all your idols. I will give you a new heart, and I'll put a new spirit in you, and I'll remove from you the heart of stone and put a new spirit in you. I will give you a heart of flesh and will put My spirit in you, Indiana, and I will move you to follow My decrees and be careful to keep My laws. Then, you will live in the land that I have given you. I will save you from uncleanness. I'll give you grain and make it plentiful, and I will not bring famine upon you. I'll increase the food of your trees and your crops so you'll no longer suffer disgrace.' And that's out of Ezekiel 36. And I began to look at cornerstone scriptures. Isaiah 28:16 says, 'Therefore, says the Lord God, behold, I'm laying in Zion—and I'm going to put Indiana there—I am laying in Indiana a stone, a tested stone, a costly cornerstone for the foundation, firmly placed. He who believes in it will not be disturbed.' And then, I began to see the Lord's angels with the sledgehammer and breaking up the false cornerstones of Freemasonry. And then in I Peter 2:7 and 8, it says, 'Behold, I am laying in Indiana a stone, a tested stone.' And so, Father, we thank You that You are laying a new foundation in the state of Indiana. And Lord, I thank You that You are coming to them as the Living Stone, the Living Stone that's been rejected by men but is choice and precious in Your sight, O God. And Father, You are going to build a spiritual house in Indiana with a holy priesthood, not a false priesthood. And Father, we thank you for that, Lord. And we also say, God, that there is nothing that can defeat You. And Lord, that You are going to cleanse idols from Indiana, and You are going to set up Your true apostolic. It's already been set up, but it will expand, and the false apostolic will fall. And so, we come against that Egyptian structure that has been trying to elevate itself above the structures of God. And Lord, we thank You that the living stones are coming together. I just began to see the Lord take those stones and begin to build a fresh altar of worship in the state of Indiana. And we decree that over that state, and we agree with them that their holy purpose will come forth and they will not be overthrown by the false apostolic, but the true apostolic will rise up, decreeing, declare, and take back what the enemy has tried to steal, in Jesus' name.

JACQUIE TYRE: Amen, Regina. Clay asked me to step right in. I've got Kimchi Blow. She is there in Indiana. A powerful, prophetic woman of God, intercessor and really doing a great work and partnering even with rising candidates in Indiana to bring forth people that carry the purposes of God in their heart and are willing to take a stand. So, Kimchi, if you'll come on and release what is on your heart and your prayers, declarations, and decrees, that would be great. We're honored you're on today.

KIMCHI BLOW: Thank you, Jacquie, and thank you, Clay. Thank you to the rest of the leaders on this call as well as to the citizens of the state of Indiana. I just wanted to thank you for that. And what's on my heart right now is that I was reading in Genesis not too long ago about the rivers, the four rivers that flow out of the Garden of Eden there, and that they were conceived out of the Garden of Eden towards the four corners of the earth. And the Lord began to ask me to look up what those rivers mean. And those rivers are the Euphrates, the Tigris, the Gihon, and the Pishon. And those actually mean increase, besiegement, rapid, and fruitfulness. And so right now, God, I just decree that there is a

rapid increase of besiegement upon the land and upon the enemy of the state of Indiana, God. We decree that there will be fruitfulness that will come up out of the state of Indiana. And Lord, right now, God, we release a clarion call to the state and decree a holy military dress right dress to come forth now, aligning ourselves the Ecclesia and the body of Christ for God's purpose and His original intent for this state. We the people of Indiana and Ecclesia agree and decree now with all the declarations and decrees spoken on this call. And we say yes and amen to the holy fracturing that is taking place in this state. We decree that the Kinsey Institute and the Masonic and the false enemies in the education system and the false enemies attacking our state with the family and the divination, we decree that those are coming down now. And we decree that Indiana is a first-strike state, and she will strike the enemy out. And she will connect with the Kingdom purpose and will release life from this crossroads state to the nation and beyond. We decree that the state of Indiana and the state government will be able to gain wisdom, knowledge, and increase and authority of the power to make the right choices. We decree that Indiana is establishing her gates. She is establishing holy leaders. We decree that the righteous gates of Indiana will be opened up to the holy influence. And we decree that all of the evil and demonic darkness of the gates be closed now in Jesus' name. We ask God that the enemy be turned at the gate. We decree that justice, mercy, and righteousness are being opened up to the King of Glory to reign over this state. And we decree that every citizen will be established according to their purpose in the Lord. We decree that there will be a five-fold mantle released over this state, Father, and we ask that this seed-sowing state, and all the seeds that have been planted by Your Ecclesia and Your righteous people in the past be brought to their full maturity now in the mighty name of Jesus. We decree that the harvest is here in the state of Indiana. And we also decree that Indiana, your threshing floor has begun, and that the separating out of the goats and sheep is now here. We decree that the redemption is here for the state of Indiana. And you will marry your holy groom, and you will drink the new wine with Him, and you will taste and see Indiana that the Lord is good. We decree that the revival fires of God will come upon this state from the north, south, east, and west. We decree holiness trails are being ablaze now, and that the plunder of the enemy will be brought back into our hands. And we decree, Father God, that the sons and daughters of destiny are arising within this state with new swords in their hands, and the songs of redemption are in their voices and are being released upon the enemy's camp to annihilate him now, in the mighty name of Jesus. And we decree that Indiana is the land of the Indians, and they will return back, united as one, loving and honoring one another across this great state. We decree that holiness has come and released in this state of Indiana. And lastly, Lord God, we decree that the light of Christ and the hope of Christ will be set free for the captives to see, Father, and that Indiana will have a hope and a future. And she will sing her hallelujah. And we decree that she will stand firm and will not shrink back, and that the Kingdom of God will be set upon the state of Indiana, in the mighty name of Jesus.

JACQUIE TYRE: Amen. Thank you so much.

CLAY NASH: Yes. Strong declaration there that we can come in agreement. I've got **Britany** Williams on with us. **Britany**, I'm going to call on you in just a moment to close this call out in prayer. I appreciate you being on. But before we do, there is a Representative Sweet there in the state of Indiana that had attempted to be on the call but is having voice problems today and just could not come on to add to call. And I'm sure that she would have, but I think I'm aware she's on the call, and I want to pray for her health and her healing and wellbeing. So, Father, whatever, whether it's an allergy problem or whether it's just a needed rest of the voice, we just pray for this precious lover of Jesus and follower of

Yeshua. We just declare, Father, healing from the top of her head to the soles of her feet. We release this healing balm of Gilead to just come and to touch. Father, we thank You for her commitment to righteousness, to life, and to all of the Kingdom direction for Indiana. Now Father, we speak blessings over her and her family, over her responsibility. Father give her revelation and spiritual understanding for the days that are ahead, and Father, anoint her with the greater endurance and greater stamina and greater insight. Father, You said in the book of James that if any lack in wisdom, let them ask, and You release it in generous manner. So Father, we just declare as she is a child of God, a daughter of Zion that is pursuing You and Your wisdom, Father, we just come in agreement with what You've already promised. It will be released to her in generous manner, and we declare that healing and health, even as it is the children's bread, let it come to this woman of God now, in Yeshua's name, Amen.

Britany, good to have you on. I know there's a prayer in you to close us out so just release your heart.

BRITANY WILLIAMS: Thank you, Clay. It's such an honor to be on with you guys today, and I appreciate everyone that's been on and just stand in agreement with all of the words that have been spoken over our state and our nation. I wasn't surprised when you called to speak actually a few weeks ago. The Lord prompted me to find my prophetic destiny if I can get it out. I've been asking days if He can help me locate it for the past few weeks. So I'd actually had plans to travel today, a few and a half hours from here to another event tonight in Kentucky, and the Lord said no, you should close from your gate, so I'm actually here in Indiana. We're at the highest place on the Wabash River. There's a lot of history, there's a lot in this land. At this very place, there was Chautauquas that would take place. Over twenty thousand people would come in at one time. Billy Sunday was here. President Taft was here. Much in this state.

As I began to pray today and press in to what it was the Lord would have me to share on this call, I kept hearing the word trifacta. And to me, the familiarity with that word comes from fishing. When you do catfish tournaments, a trifacta would catch one of each species, a flat, blue, and a channel cat. And so the Lord was highlighting to me some iniquities that were trifacta. I was hearing masonic, slavery, and First Nations. And on this very bluff all those years ago, Taft actually was here. There's a big mural painted right here in this town. And you can feel the deposit that has been left here when we first started coming here, that heavy spirit of oppression that some of you guys have talked about. And Taft, for those who might not know, he was not only president, he sat as a Supreme Court justice. He helped actually design our Supreme Court building. His nickname was Mad Dog, with bones and skulls, so very heavy with the masonic. That's already been hit on this even though I'm on this bluff there's a house called the Chautauquas House that was part of the underground railroad. So, this place was a safe haven. Our hub here, the Lord gave us the name Hebron as a refuge city. And that's the highest point overlooking the Wabash River right over to Illinois, our bordering sister state. And also, the First Nations were here. And that actually dates back here we think of the regular Native Americans, the Aztecs, actually, were on this land. There's a fort right behind our cemetery here, so, very pinpoint from this gate. It's not just a waterway. It's an open air gate. Very significant. And I just wanted to invite everyone also. I was looking into yesterday's Alabama call. It was so powerful, and then Chuck had just did the Watchman Conference online. I hope you guys got to plug into. But Kent Maddox said something that just stirs me every time I hear him say it, like three times in the past week, how they stake every county they have in the state of Alabama. And we

were at a conference this past weekend with our spiritual mother, Mama Bunny Warlen, the balm of Gilead gathering down in Kentucky, and she had staked so many little stakes all over this country and probably internationally, too. But these stakes say Joshua 1:3: 'I have given you every place where the sole of your foot would tread, just as I promised Moses.' And so, I just invite those that want to connect and stake your county and claim it back to the Lord to unite across the 92 counties of Indiana. You can email me at hebroninternationalgloryhub@gmail.com, and I'd be glad to get these to you to stake your land in the strategic place the Lord gives you.

I felt a weight on the words, and I know that we just real quickly are all familiar probably on this call with the 50 state book, but the Lord, a couple years ago even had me to print these off and put them in Dutch's hand when we were down at Randy Lopshire's church for a gathering. And he said this to remember, remember these words. There was such a weight on these words spoken that he gave to them when they were here on this land. And so, when Dutch released in 2003 when he was here. There's been an inability to go all the way. I keep hearing short circuits. It's almost like you get to the sixth day, the sixth time on the seventh day and something happens to this thing, and it short circuits. And God has to start over. He is trying to tell you to go all the way to the fullness of time. Are there some new beginnings for America that are to begin in Indiana? Maybe, Indiana is supposed to be a coat of many colors. Maybe, you are a key to something you have to do with the healing of a nation, some kind of liberty thing that God wants to do to bring to Indiana some sort of deliverance movement, a mantle coming to you. Maybe, there's a liberty in the Spirit that would translate freedom for believers, but mass deliverance jubilee, the captive letting go of something that has to come forth out of Indiana. First in the sense of deliverance or freedom or jubilee or liberty. Maybe, it's the fullness of liberty, a fullness of redemption. There is something to do with firsts. First strikes that have to do with this state that are the first for the nation. There is a forerunning state in the sense of covenant, asking people to move in a higher level of covenant. First strike Jericho, the place the captain shows up. The first strike of the captain. Maybe, the Son is saying, 'I want to be a first strike captain in Indiana.' Maybe, He is going to lead you into some victories to initiate revival for the rest of the nation. I am just going to tell you right now. They are. It is coming. It is here. First strike places have to do with miraculous profession, the supernatural element of the Lord that comes and begins to multiply. It must have to do with some sort of multiplying of harvest. Maybe, there is a first fruits moment movement of harvest coming here. Maybe where God is about to strike first with the younger generation, and the revival on the college campuses is going to start right here in Indiana. I had a vision of Him beginning to bring His Spirit to college campuses all over America and high schools. I saw the fire of God come from place to place, and I saw very clearly Notre Dame. I don't want to limit it there, but I saw a move of God's Spirit literally overwhelm universities. It was a first strike. I saw this coming with ferocity. It was fire; it was fearsome; and it was fierce and wonderful all at once. It was fire of cleansing. It was fire of trial. It was a holiness movement. I saw incredible miracles as this began, rolling move of fire that could not be stopped. I asked the Lord, is it going to begin in Indiana, or is it going to be one of the first strike states? First strike people have to be people who insist on heavenly strategy. Christian Native American powwows going all over the nation. They were beating the drums, praying the power of abortion off the nation, and a voice broke through the crowds and said, 'Native Americans must lead this. African Americans must claim this. White Americans must lead this. All of us must lead this.' But the Lord pointed out that Black America must claim this issue. The revelation was that we have to walk in each other's shoes in order to buy back the fruit of

the womb. Is a fruit that is a hot issue to buy back the life of the unborn to release injustice.

So, Lord, right now, we just come to You from this state here in Indiana. Lord, I just agree with all those words of all the watchmen that have been on this call, Lord. I agree with all those that are listening today, Lord, that they speak blessings of our state. Lord, right now, we just uproot every iniquitous root, Lord. I agree with what Jacquie saw with the tremblings and the crackings and the lay lines, Lord. I see the three-cord braid that You've shown me today with the masonic, with our African Americans and the wrong doings to them and our First Nations people, Lord. And from this place, Lord, from this seat of authority that You have seated us in, I cut those ties from this place, Lord. I see the root that goes to Washington, DC, Lord. I just send Your warring angels forth from this place in Jesus' name. Lord, I thank You for what You have overturned so far from the abortion stance, over our nation Lord. I thank You for lifting that burden, that weight off of us, Lord. I thank You, Lord, that You will continue to do that, Lord, and I just pray that over our state, as someone that was tempted to be aborted at 21 weeks in the womb. Lord, I have authority to speak on that, Lord, for such a time as this. And in that place, Lord, as a prodigal, Lord, I call the prodigals forth today from this great mountain. Lord, I call them forth. I speak to the north and to the south and to the east and the west, and I say give them up. Lord, I just bless the words that have come forth from the prophets that have spoke. I know that these words that are in the ground, Lord, that they're seeds that are planted that are spring forth for such a time as this. As I look at the river, Lord, that stands before us, I think of Gina Gholson sharing yesterday of the key that's floating down the river, Lord. I thank You for the keys, Lord, in this state where there's in the house of the masonic temple, Lord, I thank You that You are cutting ties with that right now, Lord. I thank You that You are extinguishing that fire, Lord, that it's Your holy fire that will come forth from it, Lord. I thank You for these campuses. Lord, I bless Indiana University. Lord, I bless the students; I bless Notre Dame, Lord. I thank You. I thank You that we felt that little spark at Asbury University, that pure and holiness that was there with Your presence just covering that ground and saturating that place, that that's going to spring forth all across our nation. And it's going to touch all of the college campuses of Indiana. Lord, I thank You right now that You are unmasking, and that You are giving out those evil ochers that lie hidden. They think they're hidden, but they are not hidden from the Lord. The Lord sees them. I thank You for shining the light in our very state capitol building, Lord. I feel the deep rumblings underneath that place that was once was a log cabin church. It was the first church, Lord, before our capitol building sat on it. So, Lord, I just thank You that these words go forth. I just thank You for the angels that You have sent. Lord, I thank You for blessing Clay and Susan Nash, Lord, as they lead these calls for our nation and all other leaders on this call. And we cover it with the blood of Your precious name, Jesus, Your Son. Amen.

CLAY NASH: All right, Britany. Thank you for a strong, strong closure to this call. I want to remind everyone that Monday, we'll begin with Minnesota. Remember, on Tuesday, our calls are not at 2:22 Eastern Time; they're at 9pm that night. We'll be covering Alaska. Wednesday, we'll be covering back at 2:22 Wisconsin, Illinois at 2:22, and then finish the week next week at Ohio. And remember, if you cannot attend the Josiah Company, you can purchase a digital download. You can go to my website right there where you register to be in Conway with us. We need you to register. Please don't register if you're not coming or if something comes up and you have to back out, let us know. We're gonna fill that facility up. We need every seat, but you will be able to buy it there, and we'll be back on. Thank

everyone that's on this call. Thank you, Janet, for getting Senator Jim Tomes on here, and thank you for working with us to get this done today. Indiana's had a lot of great declarations and decrees this day, and we just know they are like wind from the four corners of the earth, gonna push Indiana on into its purpose and destiny. God bless everyone on the call, and we're going to be back here Monday at 2:22. And we're going to be praying and speaking over Minnesota. God bless you all.

JACQUIE TYRE: God bless everybody.
