

Prayer Call 03/27/2023 - TEXAS

Clay Nash: Well, good day! It's another Monday. It's 2:22 eastern time and we're on Victory From God's Promises call. As you know we're praying for all fifty states, one a day, and we begin today with the great state of Texas. So we'll be moving into that in just a moment. Remember that every prayer call that we do over the states we record them and we put them on the website claynash.org. You can go back and listen to any state. And as well, we transcribe these calls. And that file is put there on the website as well so that you can download it and use it to war with the words, declarations, decrees and prophetic unction that come forth on the call.

Also, I want to remind you we're scheduled for April the 20th through the 26nd, the Josiah Company Convocation. It's going to be held in Conway Arkansas, very near Little Rock, very near the airport there. We've got people signing up. You need to tell your friends. You need to make plans to be there. We're going to be praying over all fifty states again there during the time that we gather and then also we've got a lot of the hosts that help us with this call - they're going to be there. Ken Malone, Jacquie Tyre, ... I just went blank. Anyway, Jim Hodges, Brother Jim Hodges, many others ... Regina Shank, many others are going to be there and we're very honored that with all of his responsibilities Dutch Sheets is going to come in and be there as well. It's going to be a time of connecting people in states with other people that they don't know. We're making some changes on the website soon to help facilitate that. It's going to be a key meeting. When God began to speak last Fall about this, I chose to call it the Josiah Company Convocation based on the fact that "convocation" is actually a transliterated English word for "Ekklesia". Eagles gather at a convocation and as they do it has to do with the Ekklesia which is the legislative branch of God's Church.

I want to ask the host to please mute your phone. Either on your cell phone you can mute it or you can do it by pressing *6 and you press *6 to unmute later.

Alright, we're going to begin today's call with Regina Shank. She is in Missouri. God has given her a prophetic release for the state of Texas so we're going to start the call with that. And then Tom, I'm going to call on you next because you've got several guests that you've asked to be on the Texas call and I'm going to let you introduce them and handle that. I want to say this. It's good to have my friend Bob Long on with us from Texas. I know he's invited a guest or two and we're going to go through this call. If there's anybody else that are regular host that's got a prophetic unction, please let me know. I'd like for you to go after Regina. I've heard only from her at this point. Alright Regina, what's in your heart?

Regina Shank: Well, thank you so much for this call. I love being on it. First thing I heard about Texas is the word "deep springs" and that's a deep spring with both oil and water. And we've heard that oil and water don't mix but when you read Psalm 133, they mix. And it says, "How good and pleasant it is when people live together in unity. It's like precious oil poured on the head." That's the oil. "It runs down Aaron's beard, down to the collar of the robe." But then it goes into the water. "It is as if the dew of Hermon were

falling on Mount Zion for there the Lord bestows His blessing, even life forevermore.” So, we can say out of Psalms 133 that oil and water do mix. And the Lord is saying over Texas, “That you’re a mixture that He has put together.” He has put you together for His purposes and there’s unity in Texas that has not manifested in other states yet.” And then I heard Job 11:7-9. “Can you fathom the mysteries of God? Can you probe the limits of the Almighty? They are higher than the heavens above. What can you do? They are deeper than the depths below. What can you know? Their measure is longer than the earth and wider than the sea.” And the Lord began to speak to me that the intercessors of Texas, of course led by Tom (Schlueter) and others, that the mysteries of God are fathomed. They are seen and they are, and in the midst of those mysteries you have found keys to unlock that whole state. And you have found keys to lock up the Enemy. And so the Lord says, “Keep seeking for the mysteries of God and the deeper the depth, the wider the influence.” And then I also saw Genesis 49 for you as well. It says, “Joseph is a fruitful vine, a fruitful vine near a spring whose branches climb over a wall.” And one of the things I heard about Texas is that, “You are fruitful enough that your branches are climbing over any walls of resistance from the enemy. And you can’t cut back the branches that you have allowed to come forth from the intercession from the Intercessors. And then it says, ‘With bitterness the archers attacked them.’” So you’ve been attacked many times by people who’ve been bitter people who didn’t know how to handle what you’ve been given by the Lord but you did not allow that ... let your hand come off that the arrows that God has given you. It says right here, “The hand of the mighty one because the Shepherd, because the father’s god who helps you, because of the Almighty, He blesses you. And your father’s blessings are upon you. Your hands are steady on the bow even though you had hostility and bitterness come after you. And so this verse 28 of Genesis 49, I’m sorry, verse 26 (if I can read it without my glasses) “Your father’s blessings are greater than the blessings of the ancient mountains than the blessings of the age-old hills. But all this rest on the head of Joseph on the brow of the prince among his brothers.” But I heard the Lord say, “He wants to give you accolades today for your intercession, for your unity, for the oil and water that has come together, the anointing plus the cleansing has come forth through you intercessors of Texas. And so Lord we say that any wall of resistance that’s coming up against them is coming down. Lord we say that the hostility that’s been shot at them, their hands will still be strong on the bow and they will hit the bulls eye. Lord, thank You for the state of Texas and all that You’re going to do through that state. Not only for that state but for other states in America. Father, thank you for the intercession that comes from Texas and the supply they give to the rest of the many states in Jesus Name. Amen.

Clay Nash: Alright Regina. Great start. Strong prophetic word. We come in agreement with that. I was reminded as you were releasing that prophetic word and your declarations and decree of the prophetic word,

Ok, I’m here now. Thank you, Regina for that and I had a problem unmuting my phone. Great words. We come in agreement with that declaration decree and prophetic unction. I want to remind the state of Texas and those all. A couple of years ago, maybe two and a half years ago, there was a prophetic word that was released in Texas. The Lord said,

“It’s been said, ‘Don’t mess with Texas.’, but I, the Lord God, am saying that Texas is about to mess with the nation.” And I heard that through ... kind of threaded through some things that Regina released there. And I stand ... you know God’s promises we war with and we war that. Not only that, we can look back and see the leadership, the Kingdom leadership, the constitutional leadership, the conservative leadership, those in that state that are fighting for truth, we’ve seen Texas over and over and over mess with the nation by making righteous stand, conservative stand, and even biblical kingdom stand. So we’re thankful for that.

Tom, it’s so good to have you on with us. Of course Texas is your parish and we thank you for your leadership there. But you’ve invited several guests to be on so I’m going at this point to turn it over to you and allow you to introduce them.

Tom Schlueter: Ok, Regina, first off thank you so much. Can y’all hear me okay? (Clay Nash: Yes, we hear you.) Okay, good. Regina, thank you so much for that word. We definitely receive it. We definitely receive it.

We’re going to have a couple of real special guests on. The first one I want to introduce. We’re waiting for the second one to still come on the call. But Senator Charles Perry, I consider him a friend, he is a worker for the Kingdom of God in the state of Texas. He oversees one of the larger senatorial districts of Texas which covers almost the entirety Panhandle down into the Plateau region which is called the San Angelo area and Abilene. And so it is a tremendous amount of responsibility and I want to get to him right away. Both of these men that are going to be on, they are right now in session. And they are dealing with committee meetings so I want to make sure we get to them right away. The only thing I want to say about Charles is he was one of the major movers behind the sanctuary for the unborn ... Sanctuary city for the unborn that took place in Lubbock. And now has spread into three or four major cities, not to mention thirty smaller towns in Texas. So Charles if you are on, we welcome you. Would you just share anything that’s on your heart about the direction Texas is going? And then I would like for you just to pray over Texas as the Lord leads you.

Senator Charles Perry: Hey Tom. I appreciate the invite. Sorry it’s been kind of rushed today but it’s always good to get a chance to pray with fellow believers. Kind of what’s on my heart today is we don’t serve a passive religion. We don’t serve a passive God. And we’re all called to be Watchman and we’re all called to be those Gatekeepers of truth. But I think we can all acknowledge the gates have been breached. And what do you do when you have a breach? Well, you fight. And I think it’s time for Believers to step up in the proper way to address what’s going on in Texas. Fortunately, as y’all have said we have some statewide elected officials as well as a very very large member coalition in the House and Senate that understand the truth is under attack, that these are the times we’re in and we’re willing to fight that fight. But it’s time for our nation, it’s time for our world, it’s time for our nation to engage. So, that would be my prayer today and I will address the prayer if you guys got a few minutes here.

Heavenly Father, we just thank you for the god that you are. We thank you that you loved us in spite of ourselves and you continue to love us in spite of ourselves. We ask that we know that our role is to watch the watchman be diligent in that effort and that energy. But we also, if we are truthful and honest, we've allowed the gates to be breached to the untruth that's filtering in and being taught as truth - up is down and down is up. And we just pray for a protective hedge around us as we go through this battle. But I also pray today an army, an army of believers, an army of believers that recognize that what's at stake is souls, souls for an eternity with you or souls for an eternity in Hell. And that's what is at stake here. These conservatives are not to be taken lightly, cavalierly, or our role in that what you expect of us as Believers in the Great Commission is to be taken seriously. But I pray for our army to be raised up with the wisdom of Solomon, the persistence of Paul, the courage of Daniel, and the clarity of John. There's no better group of men that walked this earth that advocated for your kingdom and your ways and your will and world. And I just ask that as we go through this secular world we're living, that we find that biblical worldview that we can deliver with the balance of truth and grace but not run from it. We need to engage it and hit it head on. And I just ask that you be with us through that walk. We just ask that you break our hearts for what breaks yours and we make us your first love again as a people through our relationship, God. You can touch each one of us and give us that circle of influence that we need to influence those that we come in contact with for the glory of your kingdom. But at the end of the day, it's about an eternal soul that's at stake and we just need to realize what's at stake and the severity of that and just ask God to lead us through it. But we have to ask and then we have to engage. He's not a god of imposition, he's a god of choice and we thank you for that. We thank you for blessings you've bestowed on Texas and the citizens across this world and this nation that know you. But we also know there's a lot of work still left to be done. In Jesus Name, Amen.

Clay Nash: Tom, are you still there? Hello?

Tom Schlueter: Yes, sorry, I had it on mute and problems too. (LOL) I'm on now. Senator Perry, thank you so much for the prayers.

Senator Perry: Thank you for what you're doing.

Tom Schlueter: Obviously you know that we are keeping you and all the legislators in prayer. There are some tremendous conservative value issues that are coming up this time that are setting the stage so we just bless you again Charles. We thank you so much for your fervency, your passion to serve the Lord, and to bring righteousness and justice into our state. So blessings to you sir. I know you need to get back to a committee. So blessings to you.

Senator Perry: No problem. Thank you guys. Appreciate the opportunity. It's ours for the asking. We've just got to ask Him. Thank you for the prayers. Appreciate it.

Tom Schlueter: You're welcome, sir. You're welcome. Next person I'd like to call ... we're waiting for a representative to come on. He actually came on for a little bit then

had to leave so when Bob Long tells me that he's back on, we will get there. But one of our apostolic team leaders here in Texas is Merrie Cardin. She's from Granbury, Texas. She's a part of Jim Hodges FMCI group and I believe that Jim is on. But Mary would you just ... I think you may be on mute. If you haven't *6. Would you just share what's on your heart and pray into the state of Texas?

Merrie Cardin: Yes. Can you hear me?

Tom: Can do it.

Merrie Cardin: Ok. When I woke up this morning really seeking Him for stuff going on all over Texas, and I think the nation. What He said was, "I am about to disrupt the power grid of the dissemblers." And I kind of researched that word and it basically means "a hypocrite". Someone who says one thing with their mouth but they really mean another and they pretend to be with you but they're not. And that the enemy had come in ... it's the word used to describe Achin when he dissembled in Israel and took the Holy things but he was exposed and Israel learned a lesson and they continued their triumph. It's a word in Proverbs 26. It says, "He who hates disguises it with his lips." And it says, "that their wickedness will be revealed before the assembly. When they dig a pit, they'll fall into it and he who rolls a stone will have it rolled back on him." It's also a word that relates to the church in Philadelphia that the Lord called "The synagogue of Satan who say they're Jews and they're not". And so, when He said this, he said, "Remember Uri," which that was the snowstorm, the ice storm. The word means "the light of God". It's a Hebrew name but he said, "Just as that disrupted a power grid but it also exposed the lying that had been going on about that power grid." And He was about to disrupt the power grid of the dissemblers but he was going to strengthen a power grid of those that are faithful to him of his Ekklesia and those that are standing all over Texas." And I believe that will flow out to the nation. So I'll just pray that. Father, we stand with you today as an ekklesia. And Father, thank you today that just as was prophesied or that you are causing growth, that you are strengthening the power grid of your Ekklesia in Texas. Lord, that it would be stretched out to the nation. And Father, I thank you that you are about to even more so expose the dissemblers, Father, those that say they are of us but they are not. And Lord you say in Revelation 3 that you will even ... You will cause them to come before your people and worship. Not us but we'll see them broken and understand who you really are. So Father, we just say, let that come. We say, let the brokenness of one power grid begin and let the strengthening, Lord even more so and more so as your power grid in the Ekklesia begins to be built and begins to exercise. Lord, I thank you Father God, for energy that flows through us, new energy, new strength. Lord, those that are being attacked by those that say they're of You and they're not, Lord, I pray Father God that not only more expose but Lord, let their strength diminish. And Father, we thank you today that you are justice and that you are jealous and we thank you, Father.

Tom Schlueter: Amen Merrie. Thank you much. Blessings to you. I'm going to call on Bob Long next. We are waiting for Representative Steve Toth. Yes, Bob was just sending me a message right now he can't leave his committee meeting. But I'm going to ask Bob to come on. If you're on, unmute there, Bob. I want you to share what Steve is

on his heart because of the ... he understands our tribe and understands what the Lord would want him to do, and what he has established in the house during this session. So Bob, if you're on, share that.

Bob Long: Thank you. Yes, yes. I think I'm okay. I think you're hearing me, right?

Tom: We can.

Bob Long: Okay, good. Yes, so Rep. Toth couldn't be here. He's jumped on and off a couple of times. He was introducing a bill of his own that he was writing this morning. It turned out just about the time we were ready to have him but he had to deal with that. And so he asked me just to pray and the thing that was on his heart particularly was unity among conservatives and for strength and fearlessness to really stand up for the really morally godly legislative issues that are on the floor. And that there would just be courage to do the right thing and for unity in that. Particularly for Steve Toth. Particularly on him. He represents District 15. That's Montgomery County. He is one of the top three conservatives in the House. There's about 150 give or take one or two. Forgive me for not knowing the exact ... it just changed recently. But Steve Toth is one of the ... he is known as one of the top three most conservative house members we have. I know him and I've prayed with him. As you said, Tom, he's one of us. That's exactly right. And just recently he has taken every Tuesday night and I've been in and around and out and about the Capital for twenty years and I've never seen this particular thing happen. It's that Steve Toth started a Tuesday night worship and word meeting every Tuesday nights open to the public at 6 pm in the Capital. And it's weekly, it's a watch time, it's a time of prayer and worship and with different worship teams and ministry leaders bringing the Word. So worship and word is happening every Tuesday night and we've seen and Tom's been there and spoke and but there are usually several at least two or three at anywhere ... and judges, a few members. You know everything is crazy during session but that also means everybody's there. So, let me just pray for Steve Toth real quick if that's okay with you guys and let's just agree. We say, Father, in Jesus name, thank you for men and women of courage. Lord, thank you for men and women who are led by biblical truths in their policy and their legislative situations. And Lord, even today these bills in the House and the Senate, that Lord God, are important ones in these days and today. And Lord, we just say, thank you for men like Steve Toth, Lord God. And we just say, bless him, bless him, bless him body, soul and spirit. And give him wisdom from Heaven that would absolutely release his strategy that take down darkness and efforts to bring forth evil and to bring forth anti-biblical truth - issues by effort of darkness trying to bring forth that into our culture. We just say, "No, we agree with Steve." And Lord, in this group in the name of Jesus, that godly legislation will prevail in Texas. Godly legislation will prevail in Texas in Jesus name! God bless you guys. Thank you for letting me speak.

Tom Schlueter: Yes, thank you so, thank you so much Bob. Appreciate that. I'm going to finish up here Clay but I just want to share some things that people can keep in prayer for Texas. Most people don't realize that Texas has a very special kind of unique way of doing their legislation. They only meet every other year. And they only meet in session for January to maybe early part of June during that year. Every session they deal with anywhere between 4,000 and 5,000 bills that are coming up that need to be

dealt with. And obviously the work behind the scenes to get those things pulled together to combine them or to get rid of some and strengthen some is just very intense when you're at the State Capitol. And it is a tremendous opportunity for us that the Lord has given us for years now to be there weekly and to pray for those legislators. To go in their offices, to gather them into conference rooms where we can pray for them directly. The bills that are really going to be important this year are regarding gender mutilation, also the teaching of perverted sexual things in our schools and libraries, strengthening and totally securing the border. Texas is wanting to do their own thing because the federal government is not doing anything. Strengthening the grid and Mary obviously talked about that in the spiritual realm but strengthening the grid also. And maybe one of the primary things right now is the ceasing, the halting of any more selling land to China. And so we really would appreciate your prayers regarding that. But I just want to say, Lord, would you continue to strengthen the mighty state of Texas. Would you strengthen us and help us, dear Lord, to continue to come in the opposite spirit of what we've known for. We're known for pride and independence, Lord but we want to be acknowledged for our humility and our cooperation or oneness and not only among ourselves but with the other states of the nation. For if Lord we do not do this as one, our nation will not be saved either. So we pray that and decree that into the state of Texas and bless the state of Texas and we bless the other states from Texas in Jesus name. Okay, Clay.

Clay Nash: Alright, thank you Tom. Certainly for your leadership there. And certainly for the guest that you've asked to be on. Very very key times for the whole nation but also very significant times for the state of Texas and their leadership and having the privilege of being friends with Tom and a big part of the Apostolic Prayer Network meetings. We've heard a lot of the words. We've heard the things that have been released and we just stand in agreement. Jacquie Tyre from Georgia, you're on. You've got a prophetic word I think. I'm going to call on you now.

Jacquie Tyre: Alright, thank you Clay. And yes, Georgia stands with Texas as Texas stands with Georgia. That's something Tom and I have said back and forth based on some prophetic words and dreams for months now. But as I was getting ready to come on the call, I began hearing the Lord say, "There has been a swirling of confusion that the enemy has been attempting to stir up within your boundaries, Texas, from within and from without. But as you have continued to press into greater and greater alignment with my plum line within you, and my ordained alignments across the state, the swirl of confusion is being stilled. Instead of the swirl of confusion shall rise wave after wave after wave of grace and glory. I am stirring and I am provoking even those who have been sitting on the sidelines to fully engage in the battles that are at hand. Know that I am using the swirls of confusion to awaken the slumbering and to provoke the complacent. For it is through this rising and growing army of glory seekers and glory carriers that shall effectively and efficiently push back the darkness that shall then press out into the surrounding states and beyond. Listen for a sound of victory to blast out of Texas and resound across the nation and know that this victory blast shall trigger a symphony of victory across the land." So Father, I first want to thank you for Texas. I want to thank you for the stands of righteousness that they have taken year after year.

And Father I come into an agreement with what Holy Spirit has spoken through Reginna, through Tom, through the others that ... through Bob and the others that have been on this call and we say, "Let the swirls of confusion be overtaken by the waves of glory. Let the army of glory seekers and glory carriers arise across Texas, even some coming out of the hidden places, coming out of places that they have just been on their own seeking you and pressing into. But Lord, even those that have been sitting on the sidelines thinking that maybe I'm not needed in the battle, or I don't need to be, or this isn't my battle. Maybe even just throwing up their hands and not caring any more. Father, let the swirl of confusion, let it be used by your hand even as you're overtaking it. Lord, let it be used to awaken the complacent and the slumbering and to cause them to join ranks aligned with You, aligned with Heaven and aligned across this state in order that they may come together to provoke and to release the waves of glory and even the sounding of the trumpet blast of victory. We decree victory over Texas! Victory over the assignments of the enemy, over gender mutilation, over sexual perversion, over the intrusion of the people coming across the borders illegally. Father, we sound the trumpet of victory! Victory! Victory! And we say, let wisdom prevail, let knowledge from the Spirit of God prevail. Let strategies of Heaven birth out into the state of Texas to turn that which the enemy has intended for evil and reverse it for good that it will be a model and a place out of which victor resounds as an encouragement and even to loose a symphony of victory across this nation. Father, we bless Texas. We bless them, Father, in their rising up and their lying down and we say, let the victory sound of glory be blasted in and through and out of Texas in the mighty name of Jesus! Amen.

Clay Nash: Alright Jacquie. We come in agreement with that strong word. Great day for Texas. Great day for honoring the Lord today.

Alright! Trying to see what I've got on my lineup list here. With Anne Tate, there in Texas. I know you've got something prophetic. Release what's in your heart.

Anne Tate: The Lord says, "I am breaking forth a new strategy and a new word that will be warred out between Passover and Pentecost. We will move from defending this State to taking it territory by territory. Strategy will come during the period the Jews call counting the Omer between Passover and Pentecost. He will open your eyes over Texas looking where the walls have been torn down – You will count your portion and evaluate your position and enter into a Nehemiah time to re-hang the gates and seat one new wine skin after another full of authority. Texas has been given much and I am the Lord who requires much. I will be set on your borders. Amen.

Clay Nash: Okay Anne. Thank you for that strong word. A lot of things really sounding out of that word there so we come in agreement with it completely. Timothy, there in Louisiana, what's in your heart?

Timothy Carscadden: Thank you Clay and everybody. I want to pray for Texas. I just have a short thing. I want to agree first of all with Jackie's word on the confusion issue. That's what we're praying for Texas. I was just ministering there this last weekend. And

of course Rammadon and so many Muslims have moved to Texas. We were in this region where that was and I don't know that I've ever experienced confusion in a region more than I did in the Dallas area during that time. So her word is very timely and I just felt like the Lord spoke to me about Texas. To pray especially for all the immigration that's happening there because it's like it's coming in the state not just from the border but even also from the marketplace, from the economy as people are landing in there and they're changing the spiritual dynamics of the state and it brings the confusion. Because the establishment of Texas has done throughout its history on the Kingdom is now being attacked by the influx of all the different religions and mindsets that are coming into that area. Some for business - yes, I get that but some of it is a thing the enemy is trying to dilute this word of God. It's trying to dilute the Kingdom purpose of Texas and to bring in other god's. That's what I heard. And you know when Israel was always warned when the nations - when they would interact, intermarry within the nations - was "don't serve their gods." And here you have this thing where these other gods - false gods- are coming into Texas which is bringing that level of confusion that Jackie clearly saw. So I just want to come in agreement with what she heard and just pray with her on this and all of us as well.

Father, we do lift up Texas and we pray Father for the influx that's coming. That Lord it would not be turned for evil but Lord, it would be turned for good that those that are coming in would come under the covenant purpose of Texas with you and that Lord they would come with one agenda but Lord as your spirit touches them they would come into the salvation of our King, of our Lord Jesus Christ. I pray for that now. Lord, you are not the author of confusion. We know that and we ask for clarity to come to the Ekklesia on how to navigate and how to speak into that spirit that's trying to come in the land and cause that spirit to fall upon the citizens of Texas. We say that state has covenanted with You Lord to be a state to declares your word and spreads your kingdom throughout it's borders. And the influx that's coming with the false god, we pray that they be revealed for who they are and that the one true god, the god of Israel, would be lifted up. Be with the intercessors there - with Tom and the Apostolic Prayer Network through there - all the people, Glory of Zion, all the people that we know that are in that state that are contending. I pray for strategy, the Issachar mantle would fall upon them, on how to deal with this spirit and this influx that's coming in their state. We pray for Texas. We lift it up to You today in the name of Jesus. Amen.

Clay Nash: Alright. Thank you Timothy. Coming into agreement with those words. Remind everybody tomorrow night 9pm eastern time, we're going to be praying for the state of Washington. Then on Wednesday at 2:22 pm eastern time the state of Oregon. Then on Thursday at 2:22 pm, the state of New York and then we're going to finish up on Friday at 2:22 with California. I'm sure glad we knocked off the easy one on Monday because the rest of the week we've got our work cut out for those states being influenced by the pro-death people. But there is a turning in each one of those states and we're going to be pressing into them. I want to exhort, beseech and admonish the host - let's get some strong press into God - get some strong prophetic words to release over Washington, Oregon, New York and California. Ken Malone there in Florida, what's in your heart.

Ken Malone: Hey Clay, so glad to be on here today and hear the prophetic words and the prayers going up for the state. And I want to say like Jackie in Florida is standing with Texas to see a mighty move of Holy Spirit just break across that state with hundreds of thousands if not millions being saved in Yeshua's name.

While everybody was praying and prophesying, I began getting a download about Texas. And I heard the Lord say this, "Texas is a carrier of joy. That Texas carries the oil of joy for an entire nation." He also went on to say - this is Isaiah 61 - He also went on to say that, "Texas also carries the garment of praise and knows how to pray - how to wear praise very well." And He also said to me that, "Texas is the planting of the Lord within America." And the last thing that He said to me that, "Texas is a sheep state and hears the voice of the Lord." So Father, today God, as I bring Texas before you as we all stand in agreement, Lord, we decree today God, that Texas is a carrier, the planting of the Lord, a carrier of joy, the carrier of praise Father, for a nation. And Lord, I decree over Texas a great outpouring of Holy Spirit will move across that state north to south, east and west Father, every little small town - every big town will see the glory of the Lord manifest in Texas. Lord, I pray for millions of souls to come forth into the Kingdom out of that state. And Father, I thank you today that Texas hears the voice of the Lord. And we say, "Texas, Texas, Texas hear the word of the Lord!" And Father, I thank you for doing that in Yeshua's name. Amen.

Clay Nash: Alright Ken. Thank you for those strong words. Brother Jim Hodges, another Texan, what's in your heart today sir?

Jim Hodges: Thanks, Apostle Clay. I'm really stirred today about a lot of things but I'm back to the testimony that Tom gave publicly and in his forthcoming book about being branded with the "es spirituit Jesus' ", the spirit of Jesus. That was a brand given to the original couple that went into the New World from Spain and I would just remind us today - and I'm letting all this strong prophetic that's happened because of what I had was apostolic and you all know if it's truly apostolic, it's connected to prophetic. And vice versa. Some years ago a professor from Baylor came up to see me in my office. He was a Methodist or is a Methodist that's filled with the Holy Spirit. I said, "How did you do that in a Baptist school?" But anyway, I'd read Rodney Stark, the Baptist professor there. He's quite a historian but I had not met this brother but he was writing a research paper on the move of the Holy Spirit in the state of Texas. And as he shared with me and asked me some questions and see what I was aligned and what I was connected to, I think Bob Long and Barbara Wentroble talked him in and some others. I'll be brief on this because to me this is important. Texas is an Apostolic/Prophetic state. It was Brother Seymour who wasn't officially sent from Houston to Azusa Street - there were some issues there as you well know. Some involved race. But Brother Seymour shows up and the Holy Spirit sent him whether the Church was wise enough to do that in Houston. He wound up in the Azusa Street revival and of course the rest is history. And he became one of the strongest healing ministries that there was back in the day of all those healing evangelists. More intense like Roberts and Osburn and others but a guy named Archie Richey. And they built a tabernacle there in Houston and he had a

phenomenal healing ministry. Apostles with signs and wonders. Then you come to CFNI. Tim will have a better history than I of events that came from Shreveport of daddy Jack Moore to inaugurate the ministry of Christ For The Nations which was called The Voice Of Healing in Louisiana before they got here. And of course Brother Lindsey functioned - he wouldn't call himself one. He was a man of prayer. He'd get in the closet and pray, get in the study and write. But he was apostolic. He brought some order concerning doctrine and maybe lifestyles of being used of God powerfully and beginning revivals. So CFNI has their roots in the apostolic. And then we of course went up the road to Denton and the Glory of Zion Apostolic prophetic center has been for a long time. They're on the sides of the North. And then in the Metroplex. And then you come to Texas APN where Apostle Tom, Apostle Bob and Apostle Mary ministering to all the apostles. But they're leading others. They've got a statewide team as you well know. Enjoying Tom's book by the way, which is going to come out soon. I'm honored to endorse it. I'll just bring all this up to say the word "apostolic" connected with the word "prophetic". These anointings are bringing together this restoration on the foundation that needs to be in our state. But building it so that the Watchman - come on - that the Senator spoke about are informed how to pray. And isn't it wonderful that there are watchmen and watchwomen - I'll say it that way - both in the Ekklesia and in the civil government. So civil government has a sword to avenge evil and administer justice and the Ekklesia of Christ on the earth - the Body of Christ - has the sword of the rhema word in our mouths. Right now in our society, culture, nation, and the entire earth - both swords have got to function aligned with the Kingdom of God. And we declare the battles that rage around us are just confirmations that we're on the right track. We're being opposed and these evil power grids and these - come on - swirls of confusion and everything else that's adverse to the purpose of God, King Jesus for our nation and the earth is overcome, is defeated! Because I tell you there is hope for the future before Jesus comes! Jesus is the Blessed Hope but hope does not wait until then to kick in. Paul says, "now abides faith, hope, and love. These three remain." (1 Corinthians 13:13) So faith is here and remains. Love is here and remaining and hope is here and remaining. In the name of Yeshua.

Clay Nash: Alright. Thank you Brother Jim. We come in agreement with all of that. Strong, strong, strong words. Pat, there in Illinois, what's in your heart?

Pat McManus: Thank you sir. I just come in agreement with all that's been declared. And as I was preparing for the call today, I got this expression. "Foundational expression of governing strategy being activated in the land of Texas." I'll say it again. "Foundational expression of governing strategy being activated in the land of Texas." And Psalm 92:4 For You, LORD, have made glad through your work, I will triumph in the works of Your hands. So Father, we thank you that you are releasing a clear sound of reformation with strategic ability to advance kingdom authority in the land. Father, we declare that Texas will function from being a friend of God, just like Abraham was. So Father, we thank you that you are activating a clear sound of a movement for reformation, a movement for transformation, but a movement that will truly align for revelation you are releasing in the hearts of the Ekklesia to see the foundation - the foundational expression of all that you are in the land. We thank you Father for the

ability to walk fully in the promise of what you reveal, the expression of what you make known, and the understanding of your heart that you cause the works of your hands to prevail. We thank you Father, that those that are aligning with you with a clear sound will see the momentum of movement begin to happen and a shifting in the states like no tomorrow. Father, you are raising the wall that will truly - that will remove the resistance but also cause the protection of strategy in the land. So, we thank you Father for the glory of God empowering those that are standing as one to see the fulfillment of your words come to pass in our land. So Father, we declare over the state of Texas - you are a friend of God that will triumph in the works of his hand. And we give you honor and praise in Jesus name. Amen.

Clay Nash: Alright. Thank you Pat for that. We come in agreement! Tom, you have something else in your heart.

Tom Schlueter: Yes, just very quickly here Clay. Brother Jim, next to this and I want just to give a little more highlight because that's the assignment we are on right now. I felt like it's tied in almost directly with what Ann spoke over the state.

A branding iron was formed over 350 years ago in Spain and was then delivered over to Mexico which was a part of Spain at that time by the noble De Leon family. Martin De Leon eventually has that brand and it is the first brand that is registered in the state of Texas in 1807 prior to us becoming a republic and prior to obviously us becoming a state. The brand now in ownership by a seventh generation person of Martin De Leon, Loretta Brown. And the brand simply has a large "E" and in the curled "D" and a curled up "J". And it simply means "Es Spiritu De Jesus". The first brand that was ever used in the state of Texas is the "Spirit of Jesus" brand. It has been cleansed and purified through prayers over the last three decades and we are now according to the Lord's command, we are going to all of our sixteen regions and literally branding the land with the "Spirit of Jesus". And we will finish that up in the middle of May. What's also interesting with that is Lana Vawser had a word back in 2017 when she was flying into Dallas and she saw this huge brand coming down on the state of Texas and it had the name of Jesus on it and she said, "I saw the Lord branding Texas with his name." So I just want to say, it is wonderful when God unwinds something that started 350 years ago and is bringing it into fruition in this hour because He's not only going to brand the state, he's branding this nation as his own in Jesus Name.

Clay Nash: Alright Tom! We come in agreement. You know the Lord told me last Fall - I prophesied it somewhere - that this year would be a year of the Ekklesia making a mark on life, not a point with crowds. I've been carrying that word - it's strong. And I hear that in what God's doing there with the brand. I thought about it the other day about your book.

Alright! It's been a great call but we're going to close it out. I've asked a very dear friend, Tammy O'Rourke to be on the call. I've known her husband longer than her but she is an author, she's an intercessor, she's a minister of the gospel. And I want her to close us in prayer but as she's praying, I just want to let everyone on the call know, Tammy's

in a winning battle with cancer - excuse me - and she's battling fearlessly. And so today I didn't ask her on because of this but I want to mention it - when you think about the Texas call, I hope to God that Holy Spirit reminds you about Tammy and you begin to war with us for her total health and well being. So Tammy, just release that prayer that's in your heart. Close out this great call and thank you for being a friend.

Tammy O'Rourke: Oh, thank you and I'm glad you mentioned the cancer because sometimes my voice goes out. I may have to cough. I mean the healed cancer. The cancer is lymphoma and it has collapsed one of my lungs so sometimes I may have to clear my throat of phlegm. But thank you so much for the introduction. I have enjoyed this call so much and it steps around everything that God has been talking to me about. So let's just go to Him in prayer.

Father God, I just thank you so much for this wonderful group of people, this Ekklesia, these people that understand what it means to be led by You. We understand Father, that this is a spiritual battle. We are not fighting flesh. We are fighting the principalities and spirits Lord, that are not of you. Most people in this earth that we deal with don't even understand what is happening - what has taken them over. So Father God, I just ask that we as individuals now - we go, we go out, we individually understand that we have to be so prayed up and so looking inside ourselves daily asking you to clean out our hearts of pride, to increase our love Father. Because you said without love we are nothing, God. So I just ask that you increase and show us where we as individuals can do better as we go out like your word says and make disciples. Charles mentioned saving souls is the key and yes it is. So all these wonderful huge big prayers that we do are wonderful and we know you're leading us Lord. But we also know that this is such a big thing we're fighting that we have to fight it individually too. As Jackie says, we are pushing out the darkness. So we are the models, Jesus. And as Ann said, we have to take the territory. As Tim said, there's immigrants coming into this state with other gods that are bringing other gods into this nation. Tim said we've got to carry joy! And then this Jesus brand Father God, we just thank you! And what more could that mean than us following you just like you said follow Christ. Greater is he that is in us! How wonderful God if you could help us understand how to carry that love and power that when we encounter these demons, these spirits that are on individuals that they beg to come out! They beg to come out and be put in the bay of pigs, Father God! Help us to walk in that kind of power and love where in our everyday lives, Father, we are dealing with this even on an individual basis! Father, I just praise you, we love you Lord and I thank you so much for what you already doing in the state of Texas Father God! Amen!

Clay Nash: Alright Tammy. Thank you for those strong closing words. It's been a great day for Texas, a great day for the nation. But I want to close with a prayer. If you've not heard, there's been a very tragic shooting in Nashville. There's three adults and three children. It was done by a 28 year old young woman. Already the left wing people are harping on assault weapons. The answer to this is dealing with mental illness and dealing with demonic sickness. And we're going to see - I'm not talking about shootings - but we're going to see is an awakening increasing. We're going to see more demonic manifestation. Reginna will know what I'm talking about but in a service back in December we saw a demonic manifestation from a young man who was totally

delivered, set free, came to the Lord and is serving God. I just saw him recently and he's got the glory of God all over him. But I want to pray for the families affected. Now seven deaths including the 28 year old young woman. We don't know the reason behind it but we do know that when someone will take any type of weapon and take the life of children and take the life of adults, it's demonic. It's there.

So Father, we lift up everyone in the whole Nashville area but especially the parents who have lost children and even children who lost parents in these adult leaders. The trauma that has come to this Christian school is a very demonic tragic and horrible action that took place this day. Father, we know that you give peace that surpasses all understanding. So Father today we come in agreement for great mega, mega, mega grace to be released over the whole Nashville area, released to those parents who lost children. Father, I'm dealing with a very similar situation - I lift up a couple in my life who are now at the hospital, eight months pregnant to have labor induced because there is no heartbeat. Father, I'm still calling forth for a miracle for them. But Father, just as we understand the question is not why did this happen, the question is what can we do to bring glory to your name. So Father comfort those in Nashville. Give everyone wisdom about it. Father, we thank you for the Nashville police who were there fourteen minutes after the first shot. We thank you Father - it's tragic. It hurts but the question of "why" is not to be asked with that. We've got to look for your glory, we've got to reach out and embrace your grace and we've got to trust you in times like this. So Father, all across this nation where this will strike cords of trauma, strike cords of anger, strike cords of disappointment. Father we just ask for that release of grace and peace and we ask that you do this in the Yeshua's name. Amen.
