“Just as the storm arose in Washington DC and postponed the 250th celebration, a storm has arisen in America. And just as the storm passed and was temporary so is the storm over America. It won’t last long and then my glory will fall upon America and a celebration will begin. I used this storm to change the scheduled program. I removed the celebrities from the platform and placed the real heroes on television. The WW2 veterans were the celebrities I wanted America to hear from. I am using this storm in America to remove the so called “spiritual celebrities” and the nation will hear from MY EKKLESIA! Take heart for the storm is only temporary but it is carrying out my purpose in MY EKKLESIA and its destiny in America!”
