Prophetic word by Tim Sheets

He said the windy city will become whirlwind city this week. Spiritual tornadoes are going to be sent through the city and they're gonna take some things out that hell thought he had protected, but He said I will send fire tornadoes, and he said the wind city will become whirlwind city. The enemy's camp is about to see the spinning fires of the kingdom of God as the Ekklesia decrees the word of the Lord. He is tired of his sons and daughters being bullied. You're going to see, you're gonna see things this week while the world may not be able to pick up on it, and you're gonna say that was God, that was God, that was God. He's going to take out things that in the natural can't happen. He's so smart. He is not stumped. Keep your eyes open this week. Keep your decrees going forth. Keep praying because fire tornadoes of the kingdom of God go spin through the city.
