Declaration by Cameron Miller

I come to you Father knowing where I stand, knowing I am of your Kingdom presented to me as your heir according to your promise. I thank you Lord God Almighty for being Yahweh Shalom.

Through you we have peace in uncertain times. We rest in the shadow of You. Yeshua is the Victor, Yeshua, Yeshua, we call out your name, Yeshua!

You, God, are our refuge and in you we find rest and strength. We plead your blood over this nation, that our laws put in place by your very Word remain. We plead the blood over our nation's future. Communism, back off, you are not our future. Collapse, back off, you are not our future. Racism, back off, you are not our future. Sexual confusion and perversion, back off, you are not our future.

Until you return Lord Jesus, we will complete the purpose we were created for, we stand with you, we stand with Israel.

We thwart every dart of the enemy, every plot and scheme to thwart God-given-rights and democracy. We thwart the plans of the enemy to harm those on either side of the aisle. We call for supernatural protection for both sides. We call for the exposure and removal of Republicans and Democrats whose agenda is to destroy this nation, to be bought by those of a reprobate mind and be made puppets for that system.

We call for the spewing of racial division to be ignored, it is coming from a venomous serpent that we as your children cut the head off of, it is a counterfeit spirit at best. We see it for what it is, a divisive tool planted by the enemy to divide and suppress. No longer will it be the trigger to ignite hatred as the enemy intends.

We stand together in love and in faith regardless of color, gender, economic status, educational background and we also end the demonic notion that positions be granted based on anything contrary to worth and work. We call an end to this divination called DEI.

We call out and cast out any future man-made epidemic, plandemic, attack to our grid, our water, our air, our transportation, our bridges, any attempt known or unknown to interfere with, delay, or alter our elections and I add anything not named by me at this moment.

We plead the blood of Jesus over ALL that we have authority over.

This nation is saved, democracy will proceed, communism will not come near our nation to overtake or hold hands with, in any form of government or government leader.

Woe to those who have blatantly and in the open embraced and even been excited to be standing in front of the demonic flag called Communism that by the enemy's cunning, seeks to mock and counterfeit the Blood by its choice of red, to mock the 5 fold and the blessed and holy meaning

of a star, the star that guided men to Jesus, the hammer that shows strength in a nation built on values of hard work and morality and by the enemy is replaced with socialism and a reliance on government versus one's God given right and gifts to work and prosper, to counterfeit the sickle which equates harvesting in the natural and supernatural to receive the abundance of God's goodness and replaces it with the ability to kill, steal, destroy if not willing to comply.

Woe also to the same who protect and applaud abortion and seek to stop and even jail those who stand for righteousness.

May our nation's house be washed clean and never again be lit with any rainbow but what is mine saith the Lord.

I call for sanity, morality, strength, integrity to overtake our Congress, Senate, and the entire judicial system. For those that seek to destroy Your way of conducting this nation we call for them to not only be exposed but to be removed by law or voted out by their constituents with a returned moral compass and backbone.

We are thankful for this deep darkness which enables our light to finally see, expose, and thwart. Let all evil plots be exposed and destroyed through your Mighty Hand. Let the curtain be pulled back and the evil ones be seen and removed by You as you see fit.

We thwart the evil and deadly plots for the DNC and for the safety of those there, in and around the venue as we have been forewarned to war against.

We call for truth to be had regarding all that has taken place in this nation for decades where the enemy had his way, where political plots to kill and destroy were carried out, for those who have murdered to cover up their own sin and greed, for those who have committed treason against this nation for monetary gain, for sexual perversion, for promotion. We hand over to you the enemies of this nation, the enemies of peace worldwide, those in pulpits who are serving themselves and blackening your name.

We call for exposure to all means of sabotage and strategy to attempt to take down and destroy the one intended to lead this nation. We call out into the open all Judas' that have put on the disguise of confidence. We agree that the one you have chosen will seek you for wisdom and ask for eyes to see what has been hidden. Your chosen one we declare off limits to snares and setups. We call all angelic forces to go before and with your chosen one to outwit any and all schemes and plots. Those who plan to destroy will find themselves on a slippery slope with every attempt to climb. They will fall into their own traps so much so the media will have no choice but to report it. We call for the media to be held at your court. They will answer to you or be silenced. They will be subject to truth and justice for all.

We call for a supernatural closing of our border until such a time as lawmakers stand up and take care of this nation in the natural. We call for a paralyzing, a scattering, a spirit of confusion and ineptness on and of those who have entered this nation unlawfully and are set here to do harm, this scheme will not flow on. We in Jesus name call our nation back to its original intent and say this land belongs to You, Father. Vengeance is all yours Lord, we render all to you to repay. We call for the resurrection of your body to lead this nation into the 3rd great awakening. Amen
