

**Triumphant Prayer Call for Righteousness**  
**Tuesday Night Prayer Call**  
**Date: 2021-11-16**  
**Topic: Circuit Court Cases**

**Clay Nash** [00:00:19] Well, good evening, it's 9 o'clock Eastern Time, and we're on the call. Had a great call today at 222. Going to be a great call tonight. We're going to be praying in to all of these lawsuits that are in different circuit courts. I want to apologize. The email that we sent out with the Circuit Court information was incorrect. That had been passed down to me and I trusted it but it ended up being incorrect. So, I'm going to go over this before we go into it, I am asking. Timothy Carscadden from Shreveport to open this up. But the Fifth Circuit Court, the lawsuit that's been filed, represents Texas, Louisiana, Mississippi. The Sixth Circuit Court represents Ohio, Kentucky, Tennessee and Michigan. the 8th Circuit Court represents North Dakota, South Dakota, Minnesota, Missouri, Arkansas, Nebraska and Iowa. The Fourth Circuit Court is Maryland, West Virginia, Virginia, North and South Carolina. The 9th Circuit Court is Arizona, Nevada, California, Oregon, Washington, Alaska, Montana, Idaho and Hawaii and the 10th makes up of New Mexico, Colorado, Utah, Wyoming, Oklahoma and Kansas. And so, we want to be praying in to each one of these circuit courts. So, when these lawsuits come up that the ruling will be in favor, we really want it to go all the way up to the Supreme Court. Timothy, I know you have some insight. Some due to your background and certainly your prophetic insight. What--if you would open as in prayer tonight, but lay out what you see transpiring through these lawsuits.

**Tim Carscadden** [00:02:16] OK, thank you, Clay, and everybody on the call. And I think this is a very, very important call, there's so many issues that we're dealing with. I'll be as brief as I can here. First of all, as believers, we need to understand why we're standing against this mandate, not just because Biden is pushing this and we know it's a First Amendment issue, but we need to know biblically why we don't agree with this. You know, we were created in God's image, and when God created us, he gave us the ability to make moral decisions. He gave us a conscience that convicts us. And when we don't do what our conscience says, then we have conviction in our life. And Romans, 14: 23, tells us, whatever does not proceed from faith is sin. And so, when we describe to people why we don't agree with this, our conscience, the way God created us, tells us it's not right. And so, for us, it's a sin to do such an act because our body is the temple of the Holy Spirit. And we need to understand that when we decree that, that our conscience is our morality, that's how God directs our morality. And then, of course, you can go down the line of the fetal cell lines from aborted babies that are in all the testing of all three vaccines. And obviously, we disagree with that, and it prohibits us from participating in the sin of abortion. So that's one issue that we need to be strong on and why we believe. Some of it's just--many believe that we're just doing this because we don't like Biden, and that can't be our argument. We have to have legitimate biblical reasons. So that's why one reason we're against this, obviously, and then of course the First Amendment, right. Of course, you know, you saw with the Fifth Circuit has already ruled twice on this issue, and we're so thankful for them doing that that they did affirm that. That they said this mandate was a

staggeringly over a board. And, you know, it can't be a one size fits all mandate. And they made it very clear in two different cases. And they put a stay on this vaccine mandate, which was scheduled to go to January four. The sad part is the Biden administration went ahead and told companies to go ahead as if the court had not ruled which to me is just, i don't know, out and out rebellion, when we look at it that way, so we're dealing with that as well. Now, there are multiple circuit courts that are going to be bringing this case up. The fifth has already done it. And now it has moved to the Sixth Circuit Court. I encourage you to go to Epoch Times, Newsmax; both had put out articles on it, where it came to the Sixth Circuit Court, which is very, very interesting. because this court was picked randomly like a lottery at ping pong balls and they picked it. When there's multiple cases that come before circuit courts that are all the same, they randomly do this. And it just so happens that these balls, these ping pong balls picked Cincinnati, and I believe Clay had a dream about Cincinnati last year. I think he's trying to dig that up. But nonetheless, it picked it. And this is a overwhelmingly Republican court. Actually, there's six Trump appointees on this court, and there's as many as twenty-seven judges there, but I think 19 of them, or 20 of them are Republican. Some from the bush era, some even from Reagan era. So, I mean, you couldn't--of all the courts in America, You couldn't have picked the court more conducive to what we're believing for. Matter of fact, even the Biden advisers are saying this is not good news for us because this court has a long history of doing that. Now, it's possible they just choose three judges and out of the twenty something. But it also can be appealed to this court. So should they not rule right the plaintiffs could go ahead and do that. I know that the Daily Wire, Ben Shapiro will be the lead plaintiff on that case. And, you know, Ben is a Jewish man and really strong in what he believes. And if he gets to testify that court, you can imagine what that's going to be like. So, this is huge. It is going to go to the Supreme Court. There's no doubt that this is where we're headed and what you want and what we're believing for tonight is that court, after court, after court rules, the same way the Fifth Circuit ruled. And you know, if you have six or so, five or six courts that ruled the same way, I mean, that's going to be some major precedent of the Supreme Court would really have a hard time going a different direction. So, we believe we're really gaining momentum on this. And when you're watching the world go the other direction. So, this is something that we need to watch. You're looking at Austria, who says, you know, unvaccinated people have to be in total lockdown. today, Latvia and a small country said even their legislators, if they're not vaxxed they can't even vote for parliament, even if it's virtually. I mean, this is coercion at the highest level. And I thought it was prophetic at some level. Austria was the first country to do this. And Austria is where Nazi ism started. It is really what Nazi ism was birthed out of. where Hitler was from Austria and Germany always gets a name, but it went to them. And so I thought that was a prophetic sign that this is the spirit of the age that wants to use this to bring this spirit of anti-Christ in the Earth. That's very briefly. You can go study more. But I encourage you to be informed. Know why you're against it. And don't just say you're against it. Know why the way you get and pray accordingly. Lord, this is our conscience. You made us this way, Lord, you gave us this morality that our team, our body's a temple, the Holy Spirit. And Lord, our fellow Americans should not be coerced into doing something against their conscience, nor against their right as a human being in our nation to have rule of their own body. And that is our cry tonight. I'll just lay that out there. Thank you, Clay for giving me the time to say that. And the last thing is that, well, we can get in the logistics of OSHA really doesn't have the

authority to do such a thing. And then the negative issue is that because OSHA does not have enough people to watch these companies, they are actually instituting a whistleblower policy for employees that should this mandate go through and employees would have a hotline like the call to tell the federal government that their company is not keeping the mandate. So actually, they're teaching employees as well as companies to betray one another. And that's exactly what happened in Germany... In Austria during the war, as you were turning your brother and your family members in, your workmates in. And so, you're seeing that same spirit repeat itself here. So, we want to make sure we recognize the warfare that we're facing right now. And that's why this is more than just a mandate. This is a spirit. It's a spirit of the age trying to come on our nation and we have got to contend. there is no greater battle right now than this battle and we need to press. We only got one, one and a half months, basically before this could be instituted, Lord, should we not win this case. So, Father, I lift up all the intercessors on the call tonight. And Lord, the hosts as well. Give us strategy, Father. Go before us and show us the path Lord. And we pray right now that Lord in our conscience. We thank you God, that you gave us the moral compass to know what's right and what's wrong and Lord, we don't want to participate with abortion in any way. We don't want America to participate with any form of abortion Lord, these precious children that were aborted and then they used their bodies Lord, in this science. We repent for that as a nation, that Lord that occurred and then now Lord, we're putting the spirit of death into millions of people right now because of this vaccine and Lord, I just pray peace upon our land and grace and supplication. We come to you, Father, we thank you, Father. You're faithful to do this. And now we pray for these courts, especially the Cincinnati Court, this Sixth District Court. Lord, we thank you, Lord, that randomly, Lord, they said, but we know supernaturally it appears, Lord, that you have chosen this court to be a one of the biggest courts on this issue. We pray for Ben Shapiro and Lord, we thank you for his heritage as a Jewish man, and we thank you for the covenant that his people walk in and we walk in them as we are grafted in through the blood of Jesus through the seed of Christ. Father and I thank you, that Lord, you'd use them and use this court system. Lord, I pray right now the circuit word Chuck Pierce gave, that Lord, we'd be re circuiting, and I pray that these circuit courts would re circuit us back into alignment with your word and your way and your truth in this land. And so, Lord, we put our hand on Cincinnati and we say, Lord, let your spirit fall on that city, let it fall on that court system right now. I pray also for the other circuit courts that will hear this for the twenty-seven states that have joined in, Lord, the completion. Lord of all those states that their voices would be heard. And Lord, we ask you even prepare the hearts of our Supreme Court justices and Lord prepare them now that they will defend the rights of Americans and they will defend our rights in our free speech, but also our right to have control of our own bodies, especially us who are in our-- and I believe in you and believe that you give us this moral compass. I decree that tonight. We thank you for this prayer journey that this group is going with us and we lead them, Father, into this truth in the name of Yeshua, Amen and Amen. Am.

**Clay Nash** [00:12:47] Amen. Thank you, Timothy, for some insight. And we just stand in agreement over every one of these circuit court as these appellate courts look at these cases. Father, we pray great conviction upon those judges. We say that the very weightiness of God's truth, the weightiness of God's presence, the weightiness of God's

will-- let heaven touch them so that the decisions they make here on Earth will align and come into agreement with heaven. Father, we lift up every one that will be listening to these briefs and we just declare a victory. We declare that there will be truth rendered and that truth is going to make many people free. Father, we thank you for this. We declare that you're going to do exceedingly abundantly above anything that we are thinking and asking, and we thank you for that tonight in Yeshua's Name, Amen. David Hertel, what can you contribute?

**David Hertel** [00:14:04] Yes, sir, I just appreciate Tim covering that so well. I'm going to make three comments or statements that have come to my attention, and then I'm just going to apply scripture to them and go that direction. So, it's because that we're in a time when we need health care workers more than ever before. And because amid this health care worker shortage, the Biden administration has prioritized an unlawful vaccine mandate over the health care of all Americans because he's done that state Coalition filed a lawsuit against the CMS mandate and the deadline is January 4th, with no testing opt-out like private employers have, which is the one currently blocked by the courts. And because also in another lawsuit filed by 12 Ag's in federal court in Shreveport, Louisiana, it asserts that this administration violated federal law by requiring approximately 17 million health care workers to get the vaccine. Because of that, I quote Isaiah 10:1-2 and say, "Woe, to those who make unjust laws, to those who issue oppressive decrees to deprive the poor of their rights and withhold justice from the oppression of my people, God says making widows their prey and robbing the fatherless woe to those. Their day of reckoning is coming." And I thank you, Lord God. We agree with that and we say, we call forth a change of heart or changing them out of their positions of influence and their places of leadership, Lord and we'll give you glory, honor and praise that this will not stand. But because the White House has told businesses to press ahead with implementing the requirements, even as the legal drama plays out in the courts. And because companies with 100 or more employees have until January 4th to ensure their staff has received the shots required for full vaccination and because after that date unvaccinated employees must submit to negative COVID tests weekly to enter the workplace and because unvaccinated employees must then start wearing masks indoors at the workplace starting December 5th. Because of that, we declare Psalm 91:1-4 and we say "whoever dwells in the shelter of the Most High will rest in the shadow of the Almighty. And I will say of the Lord is our refuge and our fortress and our God in whom we trust surely he is going to save us from the fowler's snare and from the deadly pestilence. Our trust is in him. He will cover us with his feathers and under his wings we'll find refuge. His faithfulness is our shield in our rampart. And so, because "forever covid", quote unquote, is now far more dangerous pandemic than COVID. Its symptoms include unchecked government tyranny, punishing people for personal medical decisions, needless fear mongering, hampering early childhood development and education, exasperating depression and addictions, destroying livelihoods and separating families. And because that's far worse for more or most Americans than contracting COVID, we declare there is a cure available for the "forever COVID" and it's called freedom. and we quote Galatians 5:1 that is for freedom that Christ has set us free. Stand firm. We thank you, Lord. We stand firm in you having done all we stand and then we do not let ourselves be burdened again with this yoke of slavery. So, we thank you, Lord, that we are swinging away. As the Apostle Paul said he

did not box in the spirit as one who buffeted the air, but he swung away and made contact. So, tonight, we not only rise up and stand firm, but we also swing away with our declarations and decrees and declare these mandates will not stand. And we will experience freedom in this nation and America will be saved in Jesus' name. Amen.

**Clay Nash** [00:18:19] Yes, and Amen, we agree with that and America is being saved. every righteous, obedient act of the Ekklesia, the praying church, is bringing about the salvation of this nation. We agree with your declarations, David. Very, very strong. Regina, what's in your heart?

**Regina Shank** [00:18:42] Yes, thank you, Clay. It's so good to be with everybody tonight. I was just meditating on this whole thing, and I just heard this, and I know everybody is probably aware, but that the demonic is rising out of the Earth against the freedom we have in Christ and against life itself. And so, this battle is huge and every intercessor being on the wall praying is so important right now. And I feel like the Lord is. I agree with David when the day of reckoning is coming. There is a consequence for these things that are coming in the Earth. And I was reading in second Peter 2 and Verse 15, says "they have left the straight way and wandered off to follow the way of Balaam, the son of Bezer, who loved the wages of wickedness. But he was rebuked for his wrongdoing by a donkey, a beast without speech, who spoke with a man's voice and restrained the prophet's madness. These men are springs without water and this driven by storm blackest darkness is reserved for them, for they mouthed emptied, boastful words and by appealing to the lustful desires of sinful human nature, they entice people who are just escaping from those who live in error. They promised them freedom while they themselves are slaves of depravity. For a man is a slave to whatever has mastered him." And so, I just see such devious workings going on in the Earth through those that are empowered by the demonic. And we have to keep in mind, we're not fighting like someone said earlier, we're not coming against this because of Biden. We're not fighting Biden. We're not even fighting those that are in places of authority. We are fighting a demonic entity that is trying to once again arise in the Earth like it did out of Austria. And if we are standing firm in the freedom that Christ has purchased for us, and if you go through the word again and again, you've got Galatians 2:4 about freedom. Galatians 5:1 about freedom. Isaiah 61, it talks about we are to free the captives. Second Peter 2:19, and First Peter 2:16. All through the word that it was for freedom that Christ set us free and we're not to be entangled in a yoke of bondage. And when we are forced to do something and our freewill is taken away, it is the demonically empowered and it is witchcraft. So that's what's rising in the earth against what God is doing. And he came and paid a huge price for our freedom. And so, we're going to stand in that freedom and we're going to decree that freedom. And so, Lord, I take this opportunity to decree over those court cases that there will be those who will see with the eyes of the heart. They will see what God has said and they will decree out of what they see from the word of God. And so, every one of these Circuit Court of appeals Father, we say that they will make a decision not from the majority of those who are working evil, but they will make a decision out of life that flows in them and through them. Lord, we pray for those on those courts that they will see clearly and they will recognize the bondage that has been trying to come upon your people. And so, Father, we thank you now that you are going to oversee those court cases, Father. And even as the lottery brought forth the Sixth

Circuit Court, Lord, you're in charge of that as well. And so, Father, we thank you that you were going to do mighty things in these circuit courts. And we're going to see this whole mandate erased. And Father, that the people who are walking in freedom will rise up and pray and will rise up and resist tyranny. And this nation will come back to God. So, Father, we pray for righteous decisions to come into that court father, every one of those that are meeting father and we thank you, Lord, that as they operate in your mandate and not the mandates of man or the demonic Father, this thing will go to the Supreme Court and we will see it erased and we will see that our freedoms in this nation are standing. Father this nation was formed for freedom. People came for freedom of religion. People came to walk in the freedoms that they knew they could have. And so, Lord, we thank you for freedom of choice in America. We thank you for liberty, and we thank you for justice in this nation. It will not be removed in Jesus' name.

**Clay Nash** [00:23:56] Amen. Regina, thank you for that. We come into agreement with your declaration and we stand strong on them. Brother Jim Hodges, I know you have something in your heart to share. What has God placed in your heart?

**Jim Hodges** [00:24:16] Thank you, Clay and team

**Clay Nash** [00:24:19] Are you the--all right. Good to have you on.

**Jim Hodges** [00:24:21] Are we there?

**Clay Nash** [00:24:21] Yes, we're here.

**Jim Hodges** [00:24:25] Really stirred tonight. Appreciate the excellent orientation from Tim and the on target prayers. I want to back up and sort of come in with an issue that I believe is germane to our discussion. It's not focused on the core. So, I'll introduce my comments tonight by saying this: our nation is turning. And I'll start there. I think we all agree on that. Our nation is turning-- and I'm going to finish this sentence-- mainly because the Ekklesia is functioning. And I remind us tonight that the Ekklesia is not only a legislature with the keys to the Kingdom; Matthew 16. We all know that by now. But it is also a court. And when Paul said in 1 Corinthians 6, that the church or Ekklesia would judge the world and judge angels, I remind us that we have strong biblical ground to stand on to proclaim, prophesy, decree and declare concerning activities in the courts of our land, which we know with kingdom perspective all of those are subject to the highest court functioning operating by God, Most High, El Elyon, possessed from heaven. So, I just want to thank the Ekklesia for moving in both dimensions of this responsibility, legislative and also judicial. Now I'd like to come under that statement and just file a brief report. I will not be very long, but I believe it's critical Clay, for us to go to another level of efficiency as Ekklesia. We just finished ICAL gathering in Dallas City, at the airport, that's International Coalition of Apostolic Leaders. No time for all the history. You know it was convened by Dr. C. Peter Wagner. He Passed, went to heaven. He passed it all to John Kelly, who leads it. And we know since that happened, there has been some results that well, maybe say is good, but some results not very encouraging. And there is a breach, whether we like it or not. There is a breach between the prophetic ministry and the Apostolic Ministry that

has developed even with our stream in the body of Christ. I mean, Psalm 46:4; We're in a stream. God has a river, but there are streams in it. And most of us would say we identify with the stream of New Apostolic Reformation, the five-fold ministry. The foundation that apostles and prophets are charged to implement in the church. And to illustrate this breach, rather simply, Cindy Jacobs, whom we love and respect just as we love and respect the leaders of ICAL Cindy's global prophetic summit was held the same week that the ICAL was held. Now, this would never have happened under Dr. Wagner, because under Dr. Wagner, you have Prophet Chuck Pierce, prophet Cindy Jacobs speaking strongly into his ministry as a convener of the Apostolic Movement. But now it's glaring. And Bishop Hamon, founder of the prophetic movement. He's on the leadership team of ICAL, which I'm glad about. But this year he went spoke at Cindy's gathering, which of course he's done before, but is something going already beyond logistics and scheduling? Well, Bishop Hamon was not really honored. I'm going to say it that way concerning the whole issue of the Trump prophets, and I'm not trying to dig up some old babel. I'm just saying something's not yet resolved here, but I believe it has potential to be resolved. Now let me say this about the ICAL: this was the best meeting by far by way of content. It was the lowest attendance because international travel was almost out with this covid thing. Some guys from Brazil tried to get there. it Was going to cost them \$10000 for a plane ticket. So that's --they all weren't that bad. But that's pretty bad, isn't it? So, I just mentioned to say this, the anointing and the content that was on this year's ICAL, I believe, struck a note of conciliation and repairing of the breach. And of course, like most of you, I sure appreciate and love Lance Wallnau's ministry. So, when he gets up, he mentions, you know, he, well, he shows up, first of all, Trump's book, "Trump the Chaos Candidate." Okay? And then he mentions Dutch, Dutch Sheets. So, I believe right now the Lord is working and stirring, and I believe the Ekklesia can go to another level, Clay and team, when we get that bridge repaired because that's the foundation. We're a five-fold people, right? We believe in all that. But the Five-fold has two of those which, as you all well know, serve as a foundation. So, I'm saying right now that everything is working, it's going to mesh. And I came away encouraged. I almost thought this year I may go for the last time because I didn't appreciate the flawed process of how they're dealt with the prophets, dishonor of Bishop Hamon and really dishonored Dutch in a lot of ways by not communicating about that. So, I'm not trying to stir up something old. I'm saying something new is blowing across the face of the church and the spirit of God's rising up. And Ekklesia, I declare tonight and decree, will function fully as a legislature of the Kingdom of God and as a court to render totally truthful and judicial answers and solutions for our nation and the nations of the Earth. I'll close with this. I've said it a thousand times-- Messiah, according to Isaiah, will bring justice to victory in the nations, including our nation, which is in the process of turning back to the Lord and back to sanity and back to the design that God had for our land when it was founded, in Yeshua's name.

**Clay Nash** [00:31:23] Amen., thank you, brother, Jim...

**Dutch Sheets** [00:31:39] We can't hear you, Clay.

**Clay Nash** [00:31:44] Back with you...Thank you, brother Jim, for what you said. In total agreement. This year, I had the honor of being with Tom and Dutch and Timothy there in

Shreveport. And it was much came out about the marrying of the apostolic and the prophetic of apostles and prophets. And it's going to take that. It takes the five- fold ministry working together to align, equip, empower the Saints. And so, I just appreciate you stepping up and bringing forth that and I'm like you, there are great things. you know, it's like the--it's been in my heart all night on the call, but it's like the old story out of, uh...what is it? Greek mythology, the island of the sirens, you know, and nobody could sail past it because the encampment of the women who were cannibals would cause them to drop their discernment and to give in. And finally, the one captain was able to sail by because he hired a flute player. And I'm just telling you, it's too many people listening to what the enemy is shouting. What those who want us divided are shouting. But again, I'm telling you, we've got a king that is speaking. We got a chief prophet, Jesus, speaking. And those that are hearing him, I'm not troubled in my spirit by the things I'm seeing. I am concerned, but I am not troubled in it. it's not because I've read the back of the book and know that we win, it's because I know that the King of Kings, the Chief prophet spoke and said it is finished, and I believe that sometimes we have to have the Tower of Babel. We have to have a division to come to bring--there's a scripture, I think in the book of Acts, he- - I'm paraphrasing, "he takes apart to strengthen" is the way I'm remembering it, that's not exactly how its said. But I'm just telling you, I agree with you, brother Jim, about this. I believe there is going to come a healing of it. But you know, let me just tell you how it would come: It's going to take the apostles and the prophets getting into a-- coming in a room, sitting at a table and staying in the room. See, it's too easy to walk out of the room and to look at it. Sometimes you got to dump the box over on the table and pour everything that's in it out. And it gets very messy. It gets very ugly. Listen, if you're going to build relationships, you've got to be willing to be vulnerable. You've got to communicate and you've got to do so in a manner that is filled with truth and honor. And we're seeing it creep over into the church. It's crept over. The thing that I see so much on the news today is these left-wing antichrist, communist, socialist, liberals-- they think more highly of themselves than they ought. They have set their self. They believe they're above the law. But I've got news for you. There is an exposure that is coming. It's not going to be like some people had it planned out. They knew it what's going to happen on January the 4th. They knew what's going to happen on January the 20th or Another date and another date. And some of the prophets that's of need of followers are still prophesying into this. God is moving in this time. Those of you on this call? Listen, God is moving. He is moving. And he is doing--He is working in ways that we don't understand. I think it's Isaiah 43 says: I'm about to do a new thing. It's something that I didn't tell you about, because had I told you about it, You'd have said you knew it. I'm just telling you, what's coming is going to shock us all. I've heard from heaven and I'm standing on the wall. we are battling it every day, but I'm not going to get and I'm going to say it different-- we're not going to get caught up in the nonsense. We're not going to get caught up in the drama. We're not going to get caught up. We've got to be consumed by the promises of God. The prophetic word in June said We no longer at a time we're going to war for the promises of God, it is now time to step over into the offensive and roar from the promises of God. God has his hand on this nation. God has His hand on this nation. He has had it. He's never lifted it off. Listen, just stay strong. Stay on the wall. battle in these court cases. But listen to me: He's about to lay bare his arm and when he does, and you know, I just deleted something a while ago. Someone posted on one of my threads on social media about judgment. I'm not talking

about Judgement, I'm talking about the authority of God. When the authority of God comes into a room, when the authority of God comes into a nation, when the authority of God comes into a situation things shift. Why? Because authority is, is what? It just is. Let me explain that. Let me amplify it for you. If your mama ever told you "when your daddy gets home..." His authority got there hours before he did. And I'm telling you, there's a holy fear of God that is returning and as it returns its going to open the door and it's going to open the way for the authority of God to prevail. And you say, "Well, what about the actions?" They're going to be action. But authority will work without any action. The left-wing anti-Christ communist socialist bunch that's out there that are seeking to destroy this nation, they do not have the authority. Biden's administration does not have the authority and all authority is influence, but not all influence is authority. And they're taking the influence of the Office of President, and they're trying to operate in an authority they do not have. And it's not going to work. I think I'm calling on Betty next. Brother Jim, you triggered this, and so, when I get some emails tonight and tomorrow over this, it's your fault. OK. All right, Betty Love what's in your heart?

**Betty Love** [00:38:30] Yay God! I'm in agreement. Clay. Father as Christ's Ekklesia on the Earth, we have been delegated you're a supreme authority. His supreme authority to declare into the spiritual realm what is lawful and unlawful, forbidden and allowed. We have been given Christ's keys with which to close doors No one can open and open doors No one can close. Lord, we recognize, as a federal government mandate to require American workers to be vaccinated or any American to be vaccinated as a total overreach of power that violates the moral compass, conscience of your people and the constitutional rights of the citizenry of the United States of America. The very fabric this nation was founded upon. And as you're ruling Ekklesia, we decree and declare that this is unlawful. We decree: let the scales of justice be tipped and be perfectly balanced that these attempted mandates will be stopped, proven illegal, unconstitutional and an overreach of the federal government that will not be allowed in this country now or in the future. Let each court rule the same way as the Fifth Circuit Court and set precedents that will be established and perpetuate all the way to the Supreme Court. We decree that the Antichrist system and socialism will not stand in the United States of America. We decree that these mandates are unlawful, forbidden and not allowed in our nation. And let the door be shut to any unlawful legislation or decision. And Lord, let your righteous rule stand on Earth as it is in heaven in this nation. And Lord, just as Regina brought up the fact that the lottery was passed in the Sixth Circuit. And Lord, we thank you that a conservative panel of judges was selected and established that they are acknowledging that these decisions are constitutionally not right. Lord, we acknowledge that your word says the lot is cast, but every decision comes from the Lord. Your decree Lord, in Psalm 109:27: Yahweh's times are sure. Out of every place of opposition. He will bring us victory. Then everyone will know that you have won our victory and they will say to the Lord, You have finished it. Father God, our forefathers did not take the land by their own strength, their own skill or strategy, but it was through the shining forth of your radiant presence and the display of your mighty power. You love to give them victory for you took great delight in them. And Lord, we know that you take delight in us. We decree that that same victory is still perpetuating through the generations into our lives and our land for today, especially as this nation is turning, it is turning and turn it will. It is your victory, for you Gave your life,

Jesus before the foundations of the Earth. Therefore, as your Ekklesia, we decree your blood covenant stands and our covenant reach in this nation and every covenant marker is producing your desired results for your glory. Father, we stand in agreement and decree that through your glorious name and your awesome power, we can push through to any victory and defeat every enemy that opposes the establishing and advancement of your kingdom on Earth as it is in heaven. Anything that would attempt to thwart this third great awakening that you are bringing even now into this Nation and the nations of the Earth. We decree, Mountains are still being moved. ungodly leaders, those in places of authority, those seeking to usurp your authority are being exposed, unseated and removed. We decree-- no delay, no delay, no delay. We decree swift justice. We decree every word Yahweh speaks is sure and reliable. Lord, your truth is tested, found to be flawless and ever faithful. Your destiny plan for the Earth stands sure. your forever plan remains in place and will never fail. We decree Psalm 22:30 and 31. Your spiritual seed shall serve you. Future generations will hear from us about the wonders of the victorious, Lord. His generation yet to be born will glorify him, and they will all declare it is finished. Father, your redemptive plan for the United States of America and in these court decisions, we decree will stand. What you have promised you will and are bringing about. We know Yahweh gives us all that we ask for and brings victory to his anointed kings. Our deliverance cry has been heard in holy heaven and Lord, it's from your right hand that way are decreeing. By your mighty hand miracles will manifest through your saving strength. The hand of the Lord is stretched out and He is pushing back this resistance. America shall be saved. America is being saved. We, the Ekklesia, decree over the nation of America. Yahweh's times are sure. And out of every place of opposition, Lord you are bringing the victory and everyone will know that you have won our victory and they will all say you had finished it. It's in your name, Yeshua, we decree tonight into this nation and into the Circuit Court and to the court system, tetelestai: it is finished.

**Clay Nash** [00:45:21] Yes, and Amen. Yes, and Amen. I just heard the Lord say that the view from Hebron, because the elevation is all-- always great, it's always awesome. But the Lord that "I've not called you to be a people of Hebron. I've called you to be a people of Zion. For I want to bring you into my manifested presence so that you can become my manifested presence." The Lord said "I'm about to put words in the mouths of those that participate on this call. And you're going to speak into your community. You're going to become the voice of the Ekklesia in your schools, in your city councils, in your city, in your towns, in your regions." God said, "Get ready. You're going to be astounded that the words that you yield your tongue to speak that will come from me in heaven will be established in your Metron because that's where I've given you the authority to become influential", says the Lord. Pat, what's in your heart?

**Pat McManus** [00:46:25] Thank you, Clay. I just kept on hearing that God is releasing the angelic hosts, the legislative angels, to stand alongside those to function within the court systems, to exact the information of what the Lord wants released within the courts and the court systems will yield to the principles and the purposes of the angelic host that's causing things to transition into a right aligned order. And I kept hearing this other thought. We have come into the time just like Esther, where we're standing on the edge and Father, you're releasing the voice and the strategies that those that will be able to move forward

into the purpose of your word. That even in the time of Esther, you're releasing clarity insight and understanding that you're greatly bringing about the revelation of that which needs to be established to take care of Heyman and his evil plan. So, Father, we thank you that you are establishing the Ekklesia to stand in the Courts of Heaven and be able to see the purposes of God established within our land. We thank you for the angelic host that's coming into right alignment that they are the governing structural angels that are standing in the courts and being able to give information to those that are standing before the judicial structure and begin to release the decrees of heaven that will truly bring about the victory Father, that you said is ours. So, we thank you, Father, for the angelic host, the legislative governing angels that are partnering with the court system and to see the fulfillment of your word come the pass that America will come into right aligned identity and will come into the right aligned order, according to the purpose of your word. And Father, you have raised us up, the Ekklesia, for such a time as this to stand on the principles and the purposes and the fullness of your hand that America will be saved, just like what took place in the days of Esther and Mordecai that Heyman will be hung on his own gallows So America will be strong and steadfast and will be restored into the covenant roots that you said is ours to have. We thank you, Father, and we give you honor and praise in Jesus' name. Amen. Amen.

**Clay Nash** [00:48:49] Amen. Thank you, Pat. I'm gone just release just a little bit of this, but I had a very, very strong dream this week, very detailed can't go into the total release of it yet. What an honor--I've got to contact--It had lots-- several key people in it. But one of the things in it, there's someone's grandson was given a, like a nautical spy scope, you know, like a telescope, a brass one like they used to carry back in the western days or used on ships. But this young man, I think, he's eight or nine years old, with given it and told to look to the south. And when the young man looked through this nautical scope, he was asked what he saw. And he said, I see the angel armies and they're waiting on you. The room was full of leaders; apostolic and prophetic leaders. And he said, He's waiting on you to get active so they can go to work too. And I want to tell you, I heard that in your declaration there, Pat. The angel armies are ready, but they need our raw. And yes, I said, raw. Raw obedience of engaging offensively what's going on so that they can go into high levels of operation alongside of us and with us. And they will do so. Greg Hood, you're on with us tonight. Thank you for being there. What's in your heart?

**Greg Hood** [00:50:27] Hey, Clay. Thanks again, man. This has been a phenomenal call. I mean, I don't know how much could be added after all of this. It's been very powerful and I come into agreement with all that's been prayed and decreed and shared. Timothy brought some strong understanding out to us about what's actually going on. And it sounds to me like that God has been setting us up for victory from decades ago. And I believe that as I was listening to that, Holy Spirit begin to speak to my heart that before we were able to work as an Ekklesia in the body together, God was setting it up so that when the time came that the Ekklesia was ready, other pieces would be in place for us to come into agreement with and for him to put in a position to be able to bring about what the Ekklesia begins to decree in the land at that moment. God's been setting this thing up for a very long time. I seek victory, victory, victory. So, Father, tonight we just thank you for what you've been doing behind the scenes, Lord, even decades ago. Father, even into, way

back into President Reagan's administration, placing judges in the right place all the way up until President Trump was in position Lord, and putting these judges in their place as well. These other presidents that did that, Lord, you were just maneuvering all of the pieces on the board around so that when Your Ekklesia came into a place of maturity, we would have the ability in our decrees, Father God, in our prophetic words, to be able to speak Lord and things that you put in place cause the shift. Lord, we know that you've been doing more than what we can actually see and what we've actually heard, and we're thankful for that. And Lord, tonight we just decree even as brother, Jim had spoken and others had spoken, Lord, tonight that we are coming into alignment as the Ekklesia, but also as the five-fold gifts of Christ. We're coming into alignment together. We're all stepping into the place to where our measure fits. To where our grace is. Father, we're coming into the place of where our maturities are and we're getting shoulder to shoulder. And father, we are coming into a place where competition is under our feet. Father, where this one above that one is-- that's over with. It's us together as a unit, the army of the Lord in capacity that he's placed us in the Earth as sons and daughters to rot the enemy right out of the United States of America, out of its leadership and out of shifting the purpose of America away from you, Lord. So, Father, tonight I thank you as I've heard these prayers and decrees and father, the information given, I see very clearly tonight how you've been orchestrating this all along. So, father, we thank you and we praise your name that we are in a season of overtaking. We're in a season of overturning. We're in a season, Father, that we are advancing and we are taking ground. Ground that will no longer be given up ever again. And Father, tonight I just thank you, Father, that we're seeing amongst ourselves. Our eyes are opening. Father, our pride is falling. We're giving up those things that we've been taught to hang on to, to make our ministry this or our ministries that. We understand that we all come together under your ministry, Father. That's the Ministry of Heaven. So tonight, Father, I just rejoice, with my brothers and my sisters, God in the victories that are ahead of us in the courts. Father in the Supreme Courts, even as it will go there. Father, I think you when Ben Shapiro gets on that stand, there is a grace that comes over him. And Father, I ask Lord if he doesn't know you, he'll begin to know you as Lord and Savior, those others that would be in the courtroom, his lawyers and those that are part of that team that is bringing this lawsuit. I just decree and release revelation, understanding and wisdom in the name of Jesus. And father, I thank you guys. Confusion...
