

Triumphant Prayer Call for Righteousness

Tuesday Night Prayer Call

Date: 2021-11-30

Topic: Roe V Wade Court Case

Clay Nash [00:00:33] Well, good evening, it's 9:00 p.m. Eastern Time, and we're on our Tuesday night call. We're going to be pressing into this court case that the breach began to be given tomorrow before the Supreme Court. Our nation is in a real turning and tipping point. Prayers are working just two Tuesday nights ago. You know, we're really pressed in about some of the overreach of these mandates and the next morning we got up and the Osha had withdrawn theirs and even today, there's some pushback from the Kenn State against what the Biden administration is doing. So thank all of you for being on this call. Thank you for your power of agreement. Thank you for your prayers, your declarations, your prayer groups that you meet with, you talk to, how you share it. Be encouraged. Be encouraged. God is working. Awakening is in the land. It's increasing. There's a tidal wave that is coming and these prayers are positioning and posturing us to be ready for that tsunami tidal wave of God's glory that's coming. Father, we just declare over the Supreme Court Justice's tonight that tomorrow their spirit man, even those that have seared their conscience with a hot iron, is going to be pricked by the convicting power that'll only come from Holy Spirit. Father, we release over them a fear of God. We release over them an intense, intense conviction that's going to cause them father, as we have been praying dreams, visions, thoughts of grandkids, thoughts of even in their own lives; miscarriages and the loss of that as a child, a loss that they experienced father. So tonight as we come together with the host and all the participants, we just declare we are going to see life come to this nation and we're going to see death stopped. So father, we thank you. We bless everyone on the call, and we just thank you for this call tonight in Yeshua's name. Pat, calling on you first, what's in your heart to declare and to decree?

Pat McManus [00:03:21] Thank you Clay for the opportunity to be on the call tonight and the thought that comes to mind earlier today And that was this: as your go before kings and priests, that God will give you that revelation that you need to have. So father, we declare to these that are presenting the briefs from Mississippi. These these two attorneys that are standing in the authority of your word, that father, they will have the wisdom and revelation to be able to present their case without any question. That father, the words that come from their mouth will truly be like a sword that will go forward to cause that which needs to be heard to be heard. And even as the sword neutralizes that which the others are bringing to the table, that father the reality that comes from these people's mouth, that the attorneys from Mississippi, that they will be able to stand with authority and power like never before their father, they will be able to hear the sound of heaven as they declare into and have understanding of the words that need to be released and that father, the words that will be said, will resonate with truth, power and justice in the Supreme Court's ears. That these people that the nine justices will begin to hear the sound of heaven and reverberate, and that Father they will begin to understand the fear of God based upon the cases and how the case is being presented. It will cause a fear of God in the hearts of these justices. So, father, I ask that you watch over this man and his family, these people

and their families protect them father as only you can. The conservatives, justices that are on the court, father that their families will be protected and that there is no ramifications coming from the ungodly. And we declare this day this Baal altar is coming down in Jesus name. The Baal systems, the structures are being neutralized according to the principles and purpose of your word. So father, we declare life over America. We declare justice over America, and we declare the freedom and righteousness over our nation. And life to be preserved according to the principles of your word. So, father, thank you that you're releasing Revelation, insight and understanding as they declare and decree your word with authority, and that the justices will hear it and fear will be upon them. We thank you, father, for what you're about to do in Jesus name. Amen and Amen.

Clay Nash [00:05:59] Amen. Great stuff there, Pat, appreciate it. You know, I got to hear the attorney general of Mississippi speak today, I was quite impressed. Just very, very settled, very focused, brought out some thing that will be bringing forth and So we just need to continue to hold up these two lawyers that's representing this case. Sharon, what's in your heart?

Sharon Buss [00:06:26] Well, what's in my heart is exactly what you just said and what Pat just prayed, I want to come in behind you with a scripture that goes along with praying the right words for these attorneys that are representing Mississippi. I was reading up on cases that have been overturned by the Supreme Court in the past. And I learned that one hundred and forty five cases have been overturned that that were decisions by the Supreme Court that were overturned by the Supreme Court. And one hundred and forty five sounds like a lot of cases, but it's really less than one percent of the cases that have been decided. But one of the comments that was made on it was that it has to quite a lot to do with how the original case was argued. And it's so clear that privacy has nothing to do with killing babies. It's just doesn't work. Using the principle of privacy so that was not really well argued, it's amazing to me that it is stood through all these years, but nobody has stood in the right anointing to bring it down, and I believe now is the time. So I want to read Proverbs 31 and verse eight, from the amplified: open your mouth for the dumb those unable to speak for themselves, for the rights of all who are left desolate and defenseless. And The King James says: for all, such as are appointed to destruction. And that's that's these babies in the womb that their lives are being shredded. They're their little bodies are just being mutilated, except for the ones that they're harvesting organs from. They're trying very hard to keep those from being shredded. So, and that's one of the reasons why they want the later term abortions. So father, we get into agreement with the prayers that have been prayed already about these attorneys Lord that you will so anoint them that you will so give them the words that will argue this case to the point of Roe v. Wade going down the drain and the other cases surrounding it. And we just we just call them down. And we declare from Haggai 2, starting with verse 21: speak to the rebel governor of Judah saying I will shake the heavens and the Earth, and I will overthrow the throne of kingdoms, and I will destroy the strength of the kingdoms of the heathen of the nations. Then I will overthrow the chariots and those that ride in them and the horses and their riders shall come down everyone by the sword of his brother. And that just reminds me also of what happened in in some of the battles that Israel fought, where the enemy turned on each other, you know, and just slaughtered each other. And then I've also been

meditating on Gideon and how the Lord gave him the strategy to put these 300 men around the camp of the midnights. And they were spaced around to the point that that these midnights thought that every single one of those torches represented a multitude of soldiers coming against them. And father, we just thank you for the clarity that will come into that courtroom tomorrow. As your people stand up to argue this case, Lord, that that they will have such clarity, Lord, that you will give them a strategy that's never before been seen in the Supreme Court, a strategy and words that will undo the power of this darkness that has brought this curse upon this nation. Father, we thank you for the power of the blood of Jesus Christ, and we declare, we declare we plead the blood of Jesus Christ. Instead of pleading guilty to all of this innocent blood, we plead the blood of Jesus Christ because he bore all of this evil and Lord, we thank you that you bore it for us and we know we don't deserve this, but you deserve to have America as your own. And so we get into agreement that this case will be overthrown and the curse will be overthrown at the same time as you shake the heavens. And as you shake the Earth and as you shake this kingdom of darkness that has been holding America in bondage for the last decades, ever since the Bible and prayer were thrown out of the schools in the early sixties, in 62 and 63. Father, we thank you that this is the beginning of the overturning and the restoring of your kingdom in this nation in the name of Jesus Christ. Amen.

Clay Nash [00:12:09] Amen. Thank you, Sharon, for that. Timothy, I know one of the federal judges there in Louisiana is kind of leading some of the pushback in the Biden administration. Thank you all for your prayers, your daily noon time that you're doing. I know there's a lot of pushback prayer coming in the spirit from Louisiana, but What's in your heart tonight? What's your insight to declare and decree?

Timothy Carscadden [00:12:40] Thank you, Clay, and all those on the prayer call tonight, we honor you. This is a culmination of 48 years that the movement has been going on, the pro-life movement's been going on since 1973 and the ruling. So we've waited patiently for this moment and history can be made right now and we do want to lift up Scott Stewart, he's the Solicitor General for Mississippi. He'll be presenting the arguments and just procedural just for your prayer. Please been in context of what's going to happen tomorrow. You know, he may only have like a half an hour to speak and then the nine judges, any of them can ask him a question. And you know, he's got to be able to answer that question. Whatever they bring up and I was reminded of Mark 13:11 in the amplified, Jesus said, when they take you and turn you over to the court, do not worry beforehand about what to say. But say whatever is given to you by God in that hour, or it is not you who speak, but is the Holy Spirit who will speak through you? And that is our prayer for Scott Stewart tomorrow as he comes before the court that he will not walk in fear, that he will not worry, that the Holy Spirit will speak through him while he's there. And then also remember, you know We won't know the ruling till June. But this is going to be briefs and briefs that'll be in the court's hands for months and months, and they're like books, their volumes and volumes of information. And so pray for the court clerks because they're the ones that point out to the justices key parts of the case. And you can't be guaranteed a justice is going to read every one of those briefs fully or going to pay attention to every detail. So the court clerks are going to be key to making sure, "Hey, justice, look at this one." And we must pray for all the justices, not just the ones we think could cause it to go

one way or the other. I think Judge Roberts is by far the most important judge. He is a tipping point judge. But most analysts are saying Kavanaugh will actually have the key vote as the thing goes forward, as we've seen him in past cases and we thought he'd rule one way. He's ruled the other. So we want to pray for him as well as we go through this. And I think about the the abortion industry and I'm in pro-life movement. I'm part of that crisis pregnancy center board here and we've watched this for years. And this is an industry that's going to be pulled down tomorrow in this case, if it goes the right way. And it is a death industry in so many ways. And if you give me a minute, I just want to-- we had one lady who ran all the abortion clinics in Texas speak for our crisis pregnancy center group one time she got saved, got born again, and she admitted to everybody that her goal-- she got seventy five U.S. dollars for every abortion in Texas. So she said her goal was to become a millionaire through abortion. And then on top of that, her goal also was to get sex education into the school system at as early an age as possible fourth fifth grade because she wanted the kids to be promiscuous so that they would begin to become sexually active and then become pregnant. And then she recommended they come to them for, you know, birth control. And she said they would give them the wrong instructions on birth control and give them the lightest dosage of birth control pills in the hopes that they would get pregnant so that the abortion... So this was an industry of the mill, you know, a death mill. And that is not new, Planned Parenthood walks in some of those same mandates the way they do that. And so we're we're not just talking about the unborn tomorrow, we're talking about a whole industry of evil that can be pulled down. This is a principality, this is a stronghold of death, is an altar of death. Every abortion clinic is an altar of death. And I was reminded today when I was reading about David and this battle in second Samuel with Abner and Joab and all them. And David made a decree. he wanted justice and he didn't ask for revenge, for what had happened and how you know the way Joe Abbott acts. He just said this prayer. He said, May the Lord repay the evil doer according to his evil. In other words, a just ruling. And that's really what we want here. And the evil doers spirit that has been at work for 48 years here of creating a culture that produces babies just to have them killed. It's got to come the end. So we're fighting a principality here this way. So as we pray, just remember that this is much bigger than just the unborn, although that's the greatest issue. But we do want to pray for that. So, father, right now in agreement, I pray first for Scott Stewart. Lord, As he presents this case, and Lord, we pray that he will fulfill Mark 13:11, that he will not walk in fear and anxiety in this moment. That Lord, the Holy Spirit, you'll give him what to say in that hour. Lord, I pray as the justices would ask him questions that Holy Spirit, you would speak to this man, that he would speak the oracles from Heaven. Lord, that his words would be cutting. That his words would go to the heart to send you the intentions of the justices hearts. I pray that Father he'd have the wisdom to go through that right there, and I pray father for all those justices. And Lord, I pray for the justices to ask the right question. Lord that would present a case, would actually cause an answer that would tip the case. I pray for that right now. That whole room, we saturate that whole courtroom with the glory of God and that Lord, your life would go in there. And Lord, as the enemy brings spirit of death that the spirit of life would overwhelm that room right now. We decree that right now and father for the structure of this industry, this evil industry, the evil doers that are part of this industry. Lord, we ask as David did that Lord, you would repay the evil doer according to his own evil and that Lord, that there would be a recompense of your hand and your justice, and we

released your justice into this situation tomorrow and beyond that, and for the court clerk courts, I pray as they go forth and they read these briefs that Lord, they would be the ones who would look and see things and tell the justices "Read this. This is important." And Father, these months ahead, I pray that God, it just be saturated with revelation, the spirit of revelation and truth of what life is redefined. We pray for all nine justices, every one of them, even those who are probably going to be voting against this. That Father their heart should be convicted. And father, I pray for those that are going to stand for the right that they wouldn't be arrogant, but they'd be broken for the unborn, and that father their passion wouldn't be that I'm right and you're wrong, but their passion would be for justice. And I just pray that and those in the middle God, Chief Justice Roberts, especially and Kavanaugh. I just pray that God you'd touch their hearts tomorrow. Father, let them in their own hearts Settle it. What is truth and what is life? We decree that in Jesus name right now. Amen. Amen. Thank you, Clay.

Clay Nash [00:20:20] Amen. Thank you Timothy. And let me just say this. Tomorrow night, it'll be live streamed from ClayNash.org or on my YouTube channel. There will be another Mississippi state wide prayer meeting here at City Gate in South Haven, Mississippi. David Hertle is going to be here and going to be taking the lead place on that, but we'll be praying tomorrow night and pressing in. And then just a reminder to you on Thursday night, we kick off with the NEI convocation , our annual convocation called "The Suddenly" and we're going to be doing a lot of governmental things during this time together. In fact, Timothy will be kicking us off on Thursday night at seven o'clock, so plan to join us at that time. Brother Jim Hodges, there in the great state of Texas. What's in your hearts are?

Jim Hodges [00:21:17] Thank you, Clay. I want to just mention a term that a minister colleague of mine has used often in some specialized communications that he sends out regarding the need for intercession and particularly the need for his own protection as one that's serving in the intelligence community. And the term he used, I'm amazed how Tim said it twice with just a little different verbiage. And that is, my friend uses the term "core evil". And when Tim mentioned the industry of evil or the death industry, that brings it in such focus, doesn't it? And I know on this call we have mature leaders and intercessors whose focus is strong, but I believe we have to maintain that in order to, as it were, motivate and sometimes even educate some in the body of Christ who have not seen yet. Somehow, for some reason, some kind of fall their darkness, whatever, how core evil this whole thing is. And my friend makes the point, and I want to segway off of that and get to scripture momentarily. He makes the point that the core evil has two components, and we might even say two legs; one's abortion, and the other is the sex trafficking of children. And to me, it's more than coincidental that right here, when this whole issue concerning the Mississippi case and the whole Supreme Court and all that's been talked about that and how strategic that is to overturn Roe v. Wade, which of course, goes back to 1973. Our church, I live in Dallas, always had a march that day and the anniversary there before the courthouse, where Roe v. Wade was decided. So, this battle has been going on like forever, right? Justice House of Prayer, Lou Engle and that and all the others who have been on the front lines; Dutch Sheets--just name the team's, Clay and Tim and so forth. But it's interesting that the media, not surprising, but may I just say, in case you missed it at the same time, this very moment in yesterday, today and tomorrow, and the next day,

the trial has begun for Ghislaine Maxwell, who of course, was Jeffrey Epstein's partner in soliciting children. And if you are transporting them on aircraft where of course, immorality took place on those flights as well as on the islands which were their destination. Isn't it interesting that the media has ignored that? I would not even know this had happened, except my friend who was on, think I think Fox, maybe Newsmax may have said something very brief about it, but the mainstream media or even those that I just mentioned didn't give much time to this. This is significant. And the other one is Peter Nygard in Canada, who is going to be indicted and probably extradited to the U.S. to face charges here. They destroyed, by the way, his jet airplane that they used. It was a 727 they converted into a flying brothel. And so, here we are with both of these dimensions of core evil being dealt with in a focused, laser like precision right now, the Ekklesia and the intercessors. And I want to just pray into this verse tonight. Proverbs 8-- most of you have heard this before. I want to repeat it. Proverbs 8:36 says, Part B: all those who hate me love death. That's what God's says. Those who hate me love death. And then up in the previous verse, in the part A of that verse, it says "he who finds me", God says, find life and obtains favor from the Lord." We know it's a life and death struggle. We know that these people that do such evil, as Tim referred to, they absolutely hate God. They would commit dei-cide if they could. They'd like to murder God. You murder these pre-born babies. You bring these young children into sex trafficking, both in the womb and outside the womb. They lose their innocence. You talk about the core evil that we're facing. But the Lord says, "he who his son... His ministry, his death, burial, descension into hell, His resurrection, his ascension, his sending Holy Spirit upon the church to be his representatives to make Earth more like heaven is winning the battle even when it doesn't seem like it statistically or in the media. But he has won it already, legally, coventantally, and Judicially. And now, our job, as Ekklesia, is to implement that victory of Christ experientially in our communities. Of course, as states in our nation and, for that matter, in the entire world. So father, we just pray that tonight. we say we have sought you and we have found life and we've been so captivated by you, the living God, not some dead, weak idol, but the living God that we are now in this battle with all we know how to be in it with. And we thank you for new strength, new percission. We thank you for the word of knowledge, the word of wisdom, authority as we pray, not just tonight across our nation, but these next few days that you'll reveal exactly the hearts of man, the situations they're in. And we pray those dreams and visions we've talked about already to love them, and they will not just walk in the courtroom and say, ho hum another day at the office. They will be smitten by something in the atmospherethey've never felt, nor can they explain it. But it will so give them pause that they will deliberate and consider what's before them given by these anointed presenters of the briefs, in Jesus name. And we say it's turning right now, it's turning. And we're going to see the victory as we move forward in Jesus mighty name. Amen.

Clay Nash [00:28:35] Amen, thank you, brother Jim, for that, and I had the very conversation with someone today about that point. How this case has come up at this very time about the sex trafficking, with it. I think it's also another key thing that CNN dealt with Chris Cuomo today, and they said indefinitely, I forget the term they're actually using. But I believe there is an uncovering that is taking place. I believe there's momentum. I believe there is a imploding of this unrighteousness. I believe that the prayers of the Ekklesia, the

declarations, the decrees, the faithfulness, and there are many other calls across the United States. Please know we're not the only call, but there is a faithfulness and an anointing and an authority upon this call and a faithfulness of the participants who--i had someone write me recently and made the suggestion, a good suggestion that we need to open up and let everybody pray at one time and be heard. Well, that's not the instructions God has given me. It's not that it's wrong. It's just not the direction. But the participants are lifting their voices right now and they are-- the power of agreement. They're coming together on this call, agreeing as touching. And I'm telling you, I know that two weeks ago, when we hit that thing about all the states, we prayed over every one of the different courts that were handling it. And we saw some pushback today legally. We saw that OSHA stepped back. I know that God is hearing, not tjust he prayers. You know, we're not just bringing petitions, but we also know the will of God in these situations. So therefore we're seated in the heavenlies through Christ Jesus and we are decreeing and declaring Heaven's will back into the Earth at this time. So, Father, we just come into agreement that you are going to expose, father, all of the unrighteousness. Father, we thank you that 48 years ago, we didn't have the technology to show a child in the womb sucking his thumb. We didnt know gender at that time. We didn't have the technology now, that we do have. And it's so easy to look at those those pictures, ultrasounds, and see the life that's in the womb. And so father, and not only that, father, you're pushing back because we have a president that says in a botched abortion [that] it's all right then, after the child is out and alive, for the mother to decide then to be able to abort it. I want to thank you, Lord, that you're not just turning death into life, but Father, you're going to save baby after baby. Father, one of these children that will not be aborted will carry the very ability to develop a cure for cancer and other things that's needed. So Father, we stand in agreement that that even out of these children that will not be aborted because of the turning of Roe vs. Wade, we stand that there will be apostles, prophets, evangelists, shepards, teachers, workers of miralcles, Father, all of Corinthians 12: 28. They will come forth from wombs and they will fulfill their destiny and purpose, and we declare that tonight. And we do so in Yeshua's name. Amen. Jacquie, there in Atlanta. What's in your heart?

Jacquie Tyre [00:32:57] Well, I've got several things going on, I appreciate being on with you all again tonight. A couple of things. One, I want to start with, David Hertel led out today in the prayer call with a list of statistics about the church and what professing believers, Christians, say and it was staggering. I'd heard it before, at least in measure, but that so many do not have a biblical world view, which is a part of how we've gotten ourselves into this state that we're in in this nation, even regarding abortion and the posture of the church. And I believe that is a call for us in the light of this overturning of this evil altar that there will be a rising up of men and women of God in the pulpit and in the pews with a boldness and a steadfastness to declare truth no matter the consequences. So that was one thing, because I believe we've got to have a restoration of the spirit of God in the church at large. I'm grateful for the remnant, but when I heard those statistics today, I realized, God, we've got to have a greater measure of this awakening to shake throughout this nation to those who call themselves Christian, that they would come out of the form and come into the reality by the spirit of God. Because we can overturn laws, but if we don't have hearts that are changed, we're always going to be limited in having that altar completely overthrown. And the second thing is, and it's been touched on a little bit

with the references to the sex trafficking and to the the court cases that are going on with the associates of Epstein and others. But I heard the Lord say that the death culture that has permeated our nation over those that have been born since 1973 to the present will find their way of deliverance out of the death culture as this abortion law is overturned and life is established, because with the erecting of that altar, Jeremiah 32: 35, says they built the high place of Baal that are in the Valley of Death and to cause their sons and their daughters to pass through the fire to Molech, in which God said I had not commanded them, nor had it entered my mind that they would do this abomination to cause Judah to sin. And I believe we, in this nation, have had an altar to Molech that has been established in this nation that had not even entered into the mind of God to have that abomination in this land. And that altar has unlocked a power of death over this younger generation. When I said this in a meeting at City Gate tonight, those that were under the age of being born in 73 forward all agreed that they had fought against a spirit of death their entire life. And so, I believe as we see this overturned, we will see a restoration of life coming into this nation and a deliverance coming to those that are approaching the 48. And under that, there will be a deliverance ability to see life through a different filter, a filter of life and hope, and not the filter that has been under this altar of Molech. And then the altar of the Lord can be reestablished in this nation to bring in a mighty harvest. So, father, I thank you that you had been hearing the cries of your people throughout these years as Timothy so well said, over these last 48 years, as men and women have stood to contend against this altar of Molech, to contend against the spirit and culture of death and to, more importantly, God, we contend against, but we contend for life. We decree life over this nation. life to permeate, Lord, that life would come over the womb, that life would come over the women that are going in, the mothers that are going in and choosing by the death culture of our day to choose the pathway of abortion. Father, that life would permeate into those who have been pawns in the diabolical scheme of the demonic powers of death and destruction that had been operating in this nation. That life would permeate in, and we would begin to hear more and more of those that were entrenched in the culture of the abortion industry, entrenched into the death culture, that they will suddenly encounter life and they will come forth out and begin to proclaim your praises and expose the truth of what is going on. Father, I pray and decree that spirit of life, spirit of truth and spirit of love permeate into the Supreme Court, permeate into every presentation, every argument that is presented, every flipping through the pages by the court clerks, every word that is spoken, every debate that is undertaken, every ounce of that Supreme Court deliberations. God, let your spirit of truth, let the spirit of light, let the spirit of love permeate and bring forth the exposure of everything that is evil. Let the culture of darkness, the culture of death, the core evil ss brother, Jim spoke of, Let it be seen and let truth be so prevalent that every twisting form of darkness, deception and delusion would be exposed for what it is, that it would not be able to stand. But everyone would see, hear and comprehend the confusion, and that the justices would stand up and say, "I have been duped in the past, but I'll be duped no more. I'm standing for truth." Lord, I speak a strengthening into the innermost being of the justices that are standing for truth and those that are in the balances, God, I say let the spirit of the sovereign Lord come upon them, bind them to truth, bind them to conviction of spirit, bind them to even their own words of commitment to you and to the people of this nation to stand for righteousness, justice and truth. The words of their own mouth to stand for life. We bind them to their own words of life, in the mighty name of Jesus and Father,

for those that we presume will vote against life, I say, let your spirit come upon them. Let them even have dreams and encounters that would cause trembling that they would not want to rule against you. That would not want to rule against life, that they would see the end from the beginning, that they would begin to see the very essence of the life. And Lord, even as it came out of Texas about a week or so ago, where the doctor who had been treating the COVID patients with a protocol that was bringing forth life, but the medical board was ready to discipline her, and she had been mocked, ridiculed and brought under such derision for her stance and her treatment when she presented her case. They came out and they said, based on your evidence, we will have no choice in the future but to rule on behalf of doctors who do like you did. Simply fighting for the health of their patients. Lord, I am decreeing over this court that the preponderance of evidence that will be presented and get to the into the hands of the justices, that they will read it, they will comprehend it. They will have the right testimonies, the right pages of the brief. The right ones will get into their hands. And they will say, "based on the preponderance of evidence, we must rule on behalf of life, let life rule in this nation, let truth reign supreme and let your name be glorified that this curse be broken off of this nation and that we're blessings return as we celebrate you and life that comes only from you", in the mighty name of Jesus. Let it be Amen.

Clay Nash [00:43:17] Amen. Thank you, Jacquie, for that. We just come in agreement that tomorrow as these briefs are brought forth, these oral briefs are, we enter in to the process of time. Father, We declare that in June, when the Supreme Court justices rule, it's going to be the fullness of time, a fullness of time even as it was when Mary gave birth to the only begotten Son. Father, we declare life is going to come in June Out of this case. We declare it's going to be put back into the hands of the states where it should be, and we declare that out of this there's going to be a recognition of life in the womb. We declare that things will be quoted, even there are court cases where people have been found guilty of two murders when they have killed a woman who was carrying a child. Father, let these things speak loudly in the Supreme Court of the United States, but Father, also let heaven be amplified into the the minds, the hearts, the spirit of every justice there, every clerk there. Father, we just, we declare and decree that this is the tipping point and turning place of this nation. And we declare that we are a nation of life and we declare, Father, not only that, as this law is turned around, as this injustice is turned around built on a false, lying narrative, we declare that it's going to release and increase the very conviction of a Holy Spirit, just as already working in the state of Arkansas, abortions are at an all time low. We declare that conviction is going to come to the men and women who procreate a child. That if they do not want to take responsibility, they're going to turn it over for adoption so that a home that will love and raise that child in the ways of the Lord will be able to adopt. So, Father, we thank you for tonight. We thank you for each of the host. We thank you, Father, for all of the participants. And we declare your will be done and we declare that it will be a mighty time of you working in a mighty way. Father, we just declare, give dreams. I'm talking about shaking dreams to every one of the clerks and every one of the Supreme Court justices. And we thank you for the outcome of what heaven is saying and heaven is saying, life here in this nation, life on Earth, even as it is in heaven. So Father, we thank you for that now, in Yeshua's name. Amen and Amen. Any of the host of anything you feel burning in your spirit you need? All right. Tomorrow at 2:22, be

anothercall. A lot going on, don't forget the prayer meeting tomorrow night here at City Gate, it will be streamed. Just a lot of things going on. Dutch got into D.C. today, other people already there. A lot of things going on and we're going to be legislating here from North Mississippi, right--I mean, the northern gate into the state during the suddenly conference, and it's going to be a great time. So, I bless everyone tonight and I thank you for being on this call. And I look forward to us seeing this turned around. It's Because of your faithfulness, your declaration, your power of agreement. And we know God is working at this time. Blessings, everyone.
