

Triumphant Prayer Call for Righteousness

Date: 2021-03-31

Topic: HR5 Bill

Clay Nash [00:00:01] Well, Good Evening everyone. Welcome to our Tuesday night, 9:00 p.m. Eastern Time call. Tonight, we're excited we're going to be praying, decreeing and declaring into the H.R. 5 bill. And we're blessed to have several hosts with us tonight. And we also will have Bernadette Broyles, a lawyer out of the Atlanta area that's going to take about 10 minutes or so and share with us a little bit of insight into this bill that they are bringing forth at this time. And it's very serious. We've been putting out information for close to a week now about it, praying over it. We've been emailing out the information of where you... how you can get in touch with your senators and tell them NO on this bill. You need to be very vocal. You need to be very loud. You need to be very confident and very strong as you do so. And so we're going to open tonight.

I'm going to ask Regina Shank, if you would, just open us in prayer.

Regina Shank [00:01:24] Lord, we thank you for this call tonight. Lord, we thank You that tonight is a night to be on the wall and to begin to pray and decree against this evil thing that is trying to take root in our nation. And so we thank You tonight, Father, for everything that is orchestrated by Your spirit that will come forth tonight. Each person decreeing what You want to be decreed, hearing with ears and awakening God, to do what You've called us to do, to not only pray, but to act. And God, we say tonight that we're ready. We're ready today to do what you want us to do, Father, to stand against evil in our nation. We thank You for this call. We thank You for the power in it and for everyone that listening and everyone that's praying tonight. And we ask You to lead it by Your spirit in Jesus name. Amen.

Clay Nash [00:02:24] Amen. This is being called the Equality Bill, but it's certainly—as you read it, you study it, and get understanding of it—we certainly see that nothing equality about it's actually an inequality. And so I want to begin.

Vernadette, are you on the call with us? You'll have to hit *5 to unmute your phone. And if you're on, let me know and then we will give you some time here at the beginning to share with us some of the insight that we need to so that we can work this.

Vernadette Boyles [00:03:04] I am, Clay. Can you hear me?

Clay Nash [00:03:08] Yeah, we got you. Thank you for being with us. Thank you for providing the information. We emailed it out and people are responding. We're getting some questions about it. But if you would, we want to take about the first 10 minutes, maybe as much as 15, and let you share a little bit about it. But we're going to cut in there and then we're going to begin to declare and decree. Thank you for being on the call and thank you for this information you've been putting together and you have on your website. So go ahead and share with us.

Vernadette Boyles [00:03:46] Well, Clay, thank you so very much for allowing me to share with this extraordinary group, I often have been a participant praying alongside with you. I just literally got off of Flashpoint alongside with Dutch, sounding the alarm on this bill, the Equality Act, through Flashpoint. So this is certainly a timely issue. It is called the Equality Act, H.R. 5. It has passed in the House of Representatives, is now pending in the United State Senate. And as he is

called, President Biden and Vice President Harris, have declared their intention, strong intention, to pass this bill and to even advocate for the passage of this bill. This bill would... It would fundamentally alter...Ok, what it does legally is to alter the Civil Rights Act of 1964. So the Civil Rights Act was enacted to protect innate and immutable qualities that were created by God, the beautiful quality of race and skin color and of sex. And, but what this bill would then do is that it would equate the social constructs of gender identity. And frankly, the perversion of man in sexual orientation and transgenderism, as being equal to race and ethnicity and sex. So in sort of large measure, big picture, what this bill would do is that throughout the entire civil rights code and so therefore throughout the United States code, it would fundamentally change the definition of sex *from* biological sex, which is what it currently obviously is, *to* sex and sexual orientation and gender identity.

It's probably obvious, [the] problem with that is that the gender identity then consumes the definition of sex because all of a sudden it's now whatever you psychologically desire yourself to be, and you no longer have the objective scientific, biblical standard of male and female as the de facto ultimate standard. Now, why is this so dangerous? It's probably really obvious, but to give you some specific provisions, it's dangerous both to the sheep and to the shepherd. All right. How do you break that down to the sheep? Parental rights. It would, because it would alter Title Nine. It would then require schools to completely open up their bathrooms in accordance with the kid's gender identity. A male wants to go into the girl's bathroom because he so declares himself to be so. He would be required to be allowed to be there –By the way, we have a lawsuit pending in Georgia for exactly that to happen. And a girl was sexually assaulted--It would require that males who want to play in girls' sports would be have to be allowed as a matter of law versus what's happening now, which is largely voluntary. It would require schools to put in place programs that would require students to speak, that their female-identifying male students have to be addressed as "she" and "her" and likely [there would] probably [be] some sort of consequence for failing to do so. So now you send your child to school and children are being indoctrinated in a whole world view in direct contradiction of their church and their family.

Secondly, parental rights, I strongly believe, based on what is already happening, that this would be a tool in the hands of Child Protective Services to accelerate what is already started, and that is CPS removing custody of parents who are refusing to affirm a false gender identity in their minor children. And we have a case in our law firm right now that that has happened. And we just tried the case three weeks ago. Doctors would no longer be able to refuse to do gender transition surgeries and abortions based upon religious objection. Businessmen, there would be wholesale sexual orientation, gender identity would be allowed. There would be, there would not be allowed to be distinction that's made even for religious businesses. That is the sheep.

Now, with regards to the shepherd, I'm kind of being quick, but I'm mindful of time. This bill would have... it goes after the sheepfold. It goes after churches because it expands the definition of public accommodations so broadly that any stadium or other place or establishment that provides public gatherings or public displays would be considered a public accommodation. Well, that's what most churches do every single Sunday. They have a stadium, a place in which they engage in public gatherings. So it's either that churches will then be forced to go underground and no longer be open to the public, which might very well be a goal of this...I believe it is the goal of this bill, or they face liability if they then do not do several things; they don't open up their bathrooms in accordance with gender identity, including in their children's programs, and they don't employ all the various nondiscrimination requirements throughout their operations. Biblical standards would

be vary... upholding biblical standards of speech and modesty and hiring would be absolutely at risk.

Let's talk about hiring real quickly. There would still be a ministerial exemption to be able to hire ministers in accordance with with your religious doctrine. But that's it. Anything beyond ministers and you would have to prove what a minister is in defense if you were sued. So any other staff that's not strictly and clearly a minister, there would be no ability to assert biblical standards for why you're refusing to hire certain people. This is all because churches will now be considered public accommodation if they're open to the public, if you're not underground.

The people that I believe would be harmed most by this would be girls and women, because private spaces designed for women, for girls, would be then no longer private. Males would have to be allowed. And girls sports...that's the last thing I wanted to come to. Girls would... Males would have to be... If they self-identify as females they'd have to be allowed in girls sports. So opportunities that otherwise the girls were able to take advantage of would now be threatened.

So, here's where I want to end before getting to what I think this bill stands and then what we need to do. The specific provisions are all troubling. But the totality of what is under-girding this thing is what's truly so society destruct destroying; it is a agenda to fundamentally change the understanding of a human creation from no longer being male and female in the image of God as created by God and as elucidated by science, objective fact, to entirely socially constructed. Man made criteria for sex and sexuality. OK, by force of law, by force of law, and so you face liability, persecution, there's a whole... Who knows exactly where this ends up if this passes. It is not an overstatement to say that this is a tsunami. This is Titanic. It has to be stopped.

So, here are the things that we can do. Dutch and I, we've been working together and I have made available to his website. If you go to Dutch's website on his home page, there is a private page that we just created yesterday and perfected this morning with materials and resources for you to go and find or alternative for this group I will simply tell you what it is...that page is: www.childparentrights.org/private-page. That will get you onto a private link, a private page that will give you the resources of what you would be able to do. I want to talk to leaders and pastors on this call or prophets, apostles, those who are leaders. You have a responsibility to guard the sheep, but also to guard the sheepfold. You have got to assert your leadership voice because senators, frankly, respond to numbers at the end of the day. Money, which we can't do, and numbers. So if you're able to write a letter on behalf of 5000 voters because you're part of a ministerial association or you have a church that large or this network for that matter, how many voters do you all represent? Or if you got together with other pastors. Letters that come from ...that represent large number of voters, they get disproportionate attention for obvious reasons.

So, number one, write letters but seek to write letters that are in joint and collaboration with others so that you develop a strength in numbers. Secondly, I think you should call and actually ask for a meeting with your senator, particularly if you're, if you represent an organization, you have others with you and behind you or a large church, you might be shocked that you actually might get it, all right. In which case the ability to sit down and speak to a senator would be extraordinary.

Thirdly, take the materials that we have put out there. We wanted to...We know you're busy. You have other things to do. This is what we do as child and parental rights campaign and the other lawyers that I'm working with around the country. So we want to put it before you. To hand to you

several things; sample letters that are on behalf of either ministerial associations or church or individuals. And we have three different kinds. We also created a really nice, very, very nice PowerPoint that takes the materials and provides a presentation that you can give to your churches or to your intercessory groups or whatever, and larger groups and organizations that you are a part of. I'm urging you to provide a briefing on this. An education, time of education, to your people because it is that serious. And then you can give them access to the materials that they can write their letters as well. We want to deluge the United States Senate with such an uprising saying "Heaven, NO." That they simply, they just recognize "we can't get away with this. We just can't get..."

I'll say this last thing, Clay. In my experience in this field that I'm working in, any time that you raise an issue that even comes close, that threatens an LGBTQ interest in any regard, you will have people from around the country descending on. On our Decatur case, we had people from different parts of the country coming here, OK? They had their...they band together. They come together and they fight it off and they're very effective. It is sometimes the sons and daughters of light that actually need to learn from the sons and daughters of darkness when they're more clever than us. Learn from their ways, not their beliefs, obviously. So I'll leave it with that, Clay. If there's any question that you want to take, I don't know. I'll defer to how you want to go from here.

Clay Nash [00:16:29] OK, well, thank you and thank you for all the work that your team has done to make this available. We're emailing this information out. If you're on our email list, you'll be getting this. We'll be following this call up with having it transcribed. I'm going to push our team to try to have it posted by tomorrow night, if any way possible, with it.

David Hertel, you're on with us and each of the hosts that I call on, if there is a question that you have before you begin to pray and make declarations and decrees, I want you to... you can field it before you start. But if you don't have a question, let's get into praying and making declarations over this bill.

So, David, I've asked you to go first.

David, are you with us?

You have to hit *5 to unmute and ask... Are you there, David?

All right, for some reason, I'm showing David on the line, but I'm not hearing him.

Just one moment here.

All right, David, I got you unmuted here, can you make some declarations for us?

David Hertel [00:18:13] Can you hear me?

Clay Nash [00:18:15] Yeah, I got you, man.

David Hertel [00:18:17] Oh, OK, great. I'm sorry about that. I just really appreciate the lady and the information she's bringing. It's very urgent, very serious. And just, you know, another thing,

it's almost like you feel like there's a dog pile. You're getting piled on and you're already tired from the last two years, but you can't let up now. So I don't really have questions. I've got a, I've got a backdrop of what's going on here. Just in some main points. One would be bad enough, if there's at least 11 that's very, very, very serious. And so my question, I guess, is she said that this is an agenda to fundamentally change something that God... she made a statement that I wanted to record and I missed that last part. But it's the overall purpose of this agenda. If she could repeat that, I'd appreciate it.

Clay Nash [00:19:21] Vernadette, Do you remember what...?

Vernadette Boyles [00:19:22] Yeah, yeah, I think I can. It is to fundamentally alter the created order, nature of man, as created by God, male and female, as recorded in the Bible and observed by science and medicine to a socially constructed, entirely self directed definition of one's sex. Man becomes their own God.

David Hertel [00:20:03] OK, yeah, that sums it up clearly for me and just wanted to get that down because we're going to talk to the...for sure talk to the people about this. But I can begin to pray if you want me to Clay and just uh...

Clay Nash [00:20:19] Yeah, let me say this. I said *5 to all the hosts that's on. It's *6. Sorry that I made a mistake. But you'll...When it comes your time to speak, you'll need to hit *6 to unmute you and another *6 will mute you. It just makes the call much cleaner, much better if each of the hosts will mute their self.

All right. Go ahead, David. And uh, whatever's in your heart.

David Hertel [00:20:45] Yes Lord, Well, we thank You that You have given us authority and that we are kingdom ambassadors of the kingdom that cannot be shaken and it advances even though it suffers violence. The violent or the forceful will take it by force. We will advance it against this agenda of the evil one. And we thank You, Lord, that we were not lacking for weapons of warfare that are mighty to the pulling down of strongholds of the enemy and this stronghold of this H.R. 5 act we come against tonight with the weapons that the Lord has given us, the sword of truth and the armor and the helmet and the shoes and everything that we're commissioned to wear. And we stand against it in Jesus name. And we declare that this evil ideology, this evil act that is being foisted upon America is coming down brick by brick. It's being undermined. It's being bulldozed by the kingdom of God as it inexorably advances forward with its principles and its truth. It destroys governmental imposed ideology on sexuality and it's design to make traditional God inspired beliefs about it. And it's design to make it an outlaw. People who believe in an outlaw, we stand against that in Jesus name. And rebuke it in the name of Jesus, you shall not succeed. Senators that thought they were for it, even in the Democratic Party, in Jesus name. I thank You, Lord, even as Clay prayed the other night, they have dreams. They have convicting thoughts that they can't shake. They have an uneasiness about it that will not allow them to support this, Lord. In Jesus name, invade their peaceful existence for what it is and cause them to be so unrestful about this bill that they cannot cast their vote forward. Let the pressure from Your spirit be stronger than any pressure from the peer group of the political party. Lord in Jesus name, we thank You that these...that our constitutional freedoms are preserved and this evil act, this evil act called equality, but it is the opposite, is completely defeated in the Senate. In the name of Jesus. We declare it for your glory Lord. Amen.

Clay Nash [00:23:14] Amen. Thank you, David.

Timothy there in Shreveport. What do you have to contribute.

Tim Carscadden [00:23:19] Thank you Clay and what a great call tonight. Very important. Timely. Also, want to thank Vernadette there for laying it out. You know, I want to say this as one who lobbies Congress often, what she said, it's so important to everybody. Your voice does matter. I think a lot of people assume that your senators are aware you're unhappy or you disagree. But I've been in the offices when the calls are coming in. Their staff there that records every call, marks it, counts it and that is presented to the Senator. And what she said also about spheres of influence. They do measure that. I promise you, I've been there when they do it. They measure the person that calls and the matter and the amount of influence that they carry. And, you know, Jesus said that when He sent His disciples into the cities, find the man of peace, find somebody basically who has the influence and authority. And so there's a power, a synergy that comes from that. And I encourage you on the call, contact your pastors, your leaders, as much as your senators and especially the senators in Democratic states that they would obviously stand up. And another last thing is that constituents carry more weight. If I was to call—I'm in Louisiana. If I had to call, Arizona Senator does not carry that much weight because I'm no threat to them on the voting booth. So make sure that you do contact. I want to encourage that way. And let's pray, denied. Especially, as I told Clay, this is an attack on the woman. This is an anti-Christ spirit that wants to take away the seed of a woman because the word says, "the seed of the woman will crush the serpent's head". And that is what the spiritual battleground is here, because the last thing the enemy wants is life and new children to come in.

I had a word from the Lord two days ago. The Lord clearly told me about the babies that are being born in this generation in the kingdom. And the Lord said these are war babies and they were born for war and they will come out of the womb not with an expectation to live the lives we've lived, but one that they know they were born for war. And they are going to go after this. Well, the enemy knows that and the enemy wants to take that out and begin to remove the seed of the woman. And if they can do that as a child, in the child's mind then the mind of the child will not have a hunger to birth new life. And that is what we have to decree and understand that it is against life and against everything they were going after. And this group right here on this call tonight, you're a big target of this bill, because we're the vocal ones. We're the ones that are praying. We're the ones that are contacting our Congressmen and Senators. We're the ones that are standing on the wall. So we are under attack. This is a moment in time where we must rise up. So thank you, Bernadette, for sharing that. I think everybody needs to listen to this call again, at least especially her portion, and to be well informed as you contact your Senator.

So, Father, I thank you tonight. Lord, on this call that we decree the seed of the woman for the birth of the Messiah, that birthed our deliverer and that seed is in the earth and it's within each one of us. And we thank You, Lord. As hard as the enemy tried to burn out and to kill that seed, it did not work. And our messiah was born. And so therefore, the deliverers and this next generation, they will be an arrow in the hands of a warrior and Lord they will go forth and they will war. And even right now, the generations that are alive today, Lord, let us rise up right now and we decree that Lord, the Senate will experience the fire of the Lord, that the fear of God ...we call to the place, as Isaiah 51, says, that humans were hewn out of the quarry, that we were pulled out of the seed of our mother. And Lord, I just decree right now that Father, that they would go back to their roots of the created purpose. And I speak to the Senators in the spirit, Lord. I speak to their spirit, men and women, and I say, Lord, let them understand from where they were hewn

and that the core of their identity came from, You, Lord, and let that be their guiding force as they vote and this bill as it comes up. We speak crop failure to this bill. We speak death to this bill. And we ask You, Lord, to bring life and life abundantly within the chambers of the Senate. I come against compromise. Lord, it's on Senators, especially the Republican Senators who are willing to compromise for other things that Lord, they would not compromise the Lord. This would be a sword worthy to die on. This would be a place that would be worthy to stand. And we decree that Father, there's going to be major warriors that rise up out of the Senate. Lord, we pray especially for the Arizona senator and also West Virginia mentioned. I pray for those, too, especially for their pivotal. And they can make a difference. And we decree that Lord over them, the spirit of the living God would rest upon them and rest upon their minds tonight. We ask You to do this according to Yeshua's name. Amen and Amen.

Clay Nash [00:28:56] Amen. Thank you, Timothy, appreciate that very much. Brother Jim Hodges, I want you to go next, but I want to ask you, you're one of our senior leaders on here and I say that respectfully. You've got a lot of history. But I just felt an unction as Timothy was sharing and praying there, to have you pray over all the pastors across the...church leaders across the United States, the five-fold ministries that are leading congregations, that they will have the backbone to educate their people, to write letters and make a stand rather than bury their head in the sand, which is sadly been the history of many of our ministry leaders across this nation. So if you would do that it would honor us greatly.

Jim Hodges [00:29:40] Thank you, Clay. Yes, I'm honored to do that as well. Let me just preface the prayer just by tagging off all who have spoken before me and really appreciate Vernadette's presentation and labor to pull this together. Sometimes we're activated, but we're not always directed how to release the right plan and strategy. And this is so important and so practical. So we're going to follow through. I was really struck by everyone who shared and taking off Tim there in Louisiana. What I sense was this and I got to it in sort of the strange way of thinking and this just... I'm writing the impressions down as I hear you all tonight.

Before I pray I wanted to say this, we learned many, many years ago in missions to reach out into unreached people groups that what needed to be presented was not only God the Redeemer, but God the Creator. And somehow going back to that creation, of course, different cultures, pagan cultures have myths about all that. But they identified more with some version of creation when they heard the biblical view of creation, that opened them up more for the entrance of the gospel in their culture and of course, the redemption through Christ. Well, what's happening now, having learned from that, what's happening now, the enemy, the spirit of Antichrist, anti-God spirit that's moving, very sadly, if you will, through civil government is coming right to the very core of our faith. Our faith is not just redemption through Jesus blood, but our faith is in Jesus, the Father and the Spirit as co-creators, as it were, Jesus Himself being the first born of the first creation and the segregation. But I just want to label that and say when we're warring against a biblical worldview, the attack on creation is obviously meant to suppress the truth, not just about a biblical or religious opinion, but it's an attack on reality. It's an attack on the created order. And so, well, before man was made in heaven when Lucifer fell.

Why did he fall? Well, not just because he took some worship headed toward God that he shouldn't have. He fell because he tried to transcend his creatureliness. So what does he do? "Well, I'll rise above". In this book of Ezekial; "I'll rise above the hill of God." And then here comes Adam. And what did the enemy use and his tactics against our first parent Adam and Eve? What

was it? That they would be tempted to transcend their creatureliness. So God is creator, we're the created. That's the most foundational reality.

So right now, with that in mind, I pray in the name of the Lord Jesus Christ, the firstborn of creation, the first born of the first creation and the second creation of which we are apart. And we pray now that reality will so move like a river across churches and ministries across our nation. Flow in the pulpits that many be caught up to declare the truth, speak truth, stand for the truth, publish the truth, and recruit others who will lift their voices as well. In the name of Jesus. We say it, Lord, that you'll come with such conviction that issues of 501c3 and competitive things going on in the church to get more members and financial security, all [of] that will be washed away by the impact of your reality and your purpose, that is still intact not just for America, but for all the nations of the world. When the seals are broken, when the seals are broken and the scroll is unrolled, there are the revelations of those who have been redeemed by the blood of the lamb from every tribe, kindred, nation and tongue. So we say the war against reality will fail if we do our part, if we lift our voice as your Ekklesia, heaven is going to back us, going to back us like never before to see this thing turn in our nation. You can turn Senators to right thinking. You can turn pastors to activists in faith. You can turn, Lord, your leadership across this nation's five-fold leaders into a mobilizers and activators and equippers for all God's people to rise up in great strength with one voice. We say, Lord, your voice will cause Lebanon Cedar's to split and your voice will cause Mount Hermon to skip, in the name of Jesus.

Clay Nash [00:35:15] Amen. Thank you brother Jim for that.

Jacque Tyre, What do you have?

Jacque Tyre [00:35:25] Well, I want to just say I'm jumping off right where Brother Jim was. The Lord has had me looking at how much this bill is countering the very created order of God from Genesis One. God created man in his image, male and female, He created them. And then He said it wasn't good for a man to be alone. And He took a woman out of the side of a man he created in order from the very beginning. That has not changed and it will never change. There are two genders, two sexes. It's male, female, and it can be no other way. And I, I just I get so stirred and my spirit, when I hear the compromise that leads us to accepting things God doesn't accept, which leads me then to Psalm 139 and the Psalmist says: you formed my innermost being shaping my delicate inside and my intricate outside and wove them all together in my mother's womb. I thank you God for making me so mysteriously complex. Everything you do is marvelously breathtaking. It simply amazes me to think about it. How thoroughly You know me, Lord, You even formed every bone in my body and You created me in the secret place. Carefully and skillfully You shaped me from nothing to something. You saw who You created me to be before I became me, before I'd ever seen the light of day. The number of days You planned for me were already recorded in Your book. Every single moment You were thinking of me. How precious and wonderful to consider that You cherish me constantly in Your every thought. Oh God. Your desires toward me are more than the grains of sand on every shore. When I wake every morning, You're still with me. And then verse 19: Oh God, come and slay these bloodthirsty, murderous men. Wow. For I cry out depart from me You wicked ones. See how they blaspheme Your sacred name and lift up themselves against You but all in vain. And then in Isaiah, 5:20-21: Woe to them that call evil, good and good evil, they put darkness for light and light for darkness that put bitter, for sweet and sweet, for bitter woe to them that are wise in their own eyes and prudent in their own sight. And I believe these passages give us a foundation for where believers and particularly five-fold leaders, leading congregations, leading ministries, being voices of influence in the Kingdom of God.

We must return to these strong foundational statements and break out of the fear of man, the subjection to the separation of church and state, and the perverted doctrine that has been propagated through our nation for generations now and rise up to be who God created us to be and to lead the charge. I kept hearing the phrase "It's time in the season of war for the Black Robe Regiment to arise again". So with that, Father, first of all, I thank You for Your mercy and I ask that You would forgive Your church for failing to be who You created us to be, of falling short of being those that sound the trumpet, to call people to righteousness, to call people to move in truth, that is based upon the word of God. Lord, the world doesn't believe Your word. But what is grievous is that too often those who were called by Your name don't truly live nor believe Your word. But God, I am asking You for mercy. I'm asking You for a pouring out of Your spirit to cause, even in the face of this inequality act, that those who have been slumbering, those who've had their head in the sand, those who have said, oh, well, it won't affect me, will be jarred into an awakening and rise up and say I must do something lest I lose all of our freedoms, not just for myself and for those around me today, but for the generations yet to come. And so, Father, in the name of Jesus, I take a stand in the spirit and I decree that this Inequality Act shall not prosper, that even according to what it said in Psalm 139, the fighting of evil men, blasphemous men and women in our nation, they may fight, but it is all in vain and it shall not prosper in the purpose for which they are intending. But your words shall stand eternally forever, and you shall have your way in this nation. America shall be saved. An awakening shall come across this nation. Your people shall be preserved and shall be filled not with words of religion, but with words of life. That there is a rising up in this nation now that the voice of the sleeping giant in this nation, not by religious course, but by the conviction of Holy Spirit to let truth resound across this nation, let the sound of the spirit, the sword of the spirit, come out of the corporate body of Christ in this hour with declarations, decrees, with written letters, with phone calls, expressing the conviction of our heart and saying, we will remember what you do in this hour and that we will stand by it. God, that we will speak convicting words. And you would use us under the anointing of Holy Spirit to loose the fire of God in the fear of God into the Senate, into the House and to the executive branch into every branch of office, federal and state, that it shall not be said that in this generation, the enemy was rising up to bring down truth and to propagate humanism and all manner of debauchery. It shall not be said of our generation that we did nothing but that we will be seen as a David generation rising up in this hour and when our time is done and we pass on the kingdom to those that follow us, that it will be said we served our generation well. God let it be done. And let your kingdom glory be revealed in all the earth in Jesus name, Amen.

Clay Nash [00:43:04] Amen. Thank you, Jacquie.

Dwain Miller, what do you have?

Dwain Miller [00:43:09] Well, as everyone knows, we are in Passover. We know the attempt of the enemy in that very first Passover was to destroy the seed.

This attack is against the seed. We also know that Yeshua, the seed of the Father, on that night at Passover. He released His atoning work, that he would seal with his death and resurrection at that season. There are many, many words, but specifically in the Old Testament, much of the time, the use of the word Kafar is atonement. For example, Noah put pitch, but the words Ghafar Atonement, he put atonement on the outside of the ark to keep the judgment out. We're in that season where we've got to have the blood of Jesus. More than ever before applied and Passover especially. The Hebrew people will sing, the rabbis will sing, the Jewish Halaal Psalm 113 to 118, but especially at Passover, they'll sing Psalm 136 which recites the atoning work of God on behalf

of the nation delivering them from bondage. I want to just prophesy that over our land, the Great Halaal, someone 136 this Passover season. You know, last year Clay, God prophesied that we would have a literal Passover and we did in the midst of a plague and a pandemic. Now we are experiencing the major spiritual ,spiritual pandemic, if you will, for the very soul of our nation with everything that's being presented in this radical leftist extreme government. So we just prophesy Lord, a true Passover again right now. And we give thanks to your God, for you are good and your faithfulness is everlasting, we give thanks to the God of gods, for your faithfulness is everlasting. We give thanks to the Lord of lords, for your faithfulness is everlasting. To you alone, who do great wonders, your faithfulness is everlasting. You oh God, who made the heavens with skill, your faithfulness is everlasting . to you, God, who spread out of the earth above the water, your faithfulness is everlasting. To you who made the great lights, Your faithfulness is everlasting. You made the sun to rule by day because your faithfulness is everlasting. The moon and the stars to rule by night, because your faithfulness is everlasting. To him Who struck the Egyptians that as their first born, Your faithfulness, oh God is everlasting. You brought the seed. You brought Israel out from the midst for your faithfulness is everlasting. With a strong hand and an outstretched arm. There's a roar, the right arm of God, the arm of authority. You brought them out because your faithfulness is everlasting. To him who divided the Red Sea in parch. Your faithfulness is everlasting and you allowed Israel to pass through the midst because your faithfulness is everlasting. Well, right there, I just prophesy and decree. That it may look like the Ekklesia's back is up against the sea and the enemy is on our heels. It may look like there's no way out. It may look like that we have lost, that the nation is lost. It may look as if things are being done that can never be done. It may look darker than it's ever looked before. But, Lord, I say stand still and see the salvation of our God. You divided that Red Sea, because your faithfulness is everlasting and we declare you're going to divide this Red Sea and that your Ekklesia is going to walk through this on dry ground and we're going to see the enemies destroyed and removed. The enemies of God, not our enemies, but they are your enemies. We're passing through because of the faithfulness of our God that is everlasting, but Pharoah will be overthrown. And the armies of pharaoh will be drowned in the Red Sea because your faithfulness is everlasting. you oh God who lead your people through the wilderness because your faithfulness is everlasting and to you Oh God who struck great kings on my behalf because your faithfulness is everlasting. You brought death to many kings because your faithfulness is everlasting. Cihan, the king of the Emirates, was removed because your faithfulness is everlasting and Og, the king of Bashan, because your faithfulness was everlasting. They gave their land to us as an inheritance. Lord, America is your inheritance given to your Ekklesia, because your faithfulness is everlasting. Inheritance that has been given to the servant of Israel and I say the Ekklesia of America, this is our land because it's your land. Dedicated to you. Your soul kingdom purpose because your faithfulness is everlasting. Lord, you remembered us in our loneliness because your faithfulness is everlasting. and you have rescued us from our enemies. We prophesy that, God, you have already rescued us from our enemies because your faithfulness is everlasting. You give food of flesh because your faithfulness is everlasting. We give thanks to the God of heaven because he is a God who's faithfulness is everlasting. And God, we declare and decree, prophesy that America shall be saved. It has never looked this dark ever in my 54 years. Lord, we will not be deterred. We will not be dismayed and we declare, as we did today on this call, that you're going to move by your spirit on Senator Joe Manchin. God draw those in West Virginia. I pray that they blow his phone up. I pray that his wife, who loves God, would literally draw a line in the sand before him and say, Joe, it's God or else God. I pray that his wife, who loves you and loves religious freedom, would put him in his place, as only our wives can do sometimes. I pray she'd draw a line in the sand. That man wouldn't sleep, he would be able to eat, he would be able to breathe and live until he bows his head and repents {inaudible} God. And he leaves that demonized, devilish, demonic Democrat Party and he becomes

one with you and becomes one with truth. I pray that the seed of the Holy Spirit that was raised in him when he was a child in the Pentecostal realm that he was raised in would rise up and over his political aspirations. God, I pray that you would bring him to his senses, bring him to reality. I pray that every Republican that would consider compromise would not be able to rest or sleep or have peace. God, I pray in the name of Jesus if necessary, you would move Mitch McConnell to cause all 50 Republicans to walk out of the Senate so that there's not a quorum when this comes up for a vote. Lord, we just declare that we have weapons. In the spirit realm, but we also have weapons in the physical realm, and that is to let our voice be heard, let the pastors of America rise up with strength and a backbone and say, if I'm ever going to take a stand, now's the time. God let every pastor in this nation rise up and come out of the seeker sensitive, watered down Caesar milk, toast philosophies of church growth and stand as a mighty remnant. A mighty army of truth, God, a bastion of glory and light. And Lord, through this darkness, let the glory of the Ekklesia shine, let Yeshua be lifted up. And Lord, we will know that after you have come through this nation with judgment that you passed over us because of the atoning work, the blood of Yeshua and Lord. I just thank you had decree these things in Yeshua Name, Amen.

Clay Nash [00:51:43] Amen, thank you, Dwain.

And I just declare that this conviction of God is going to deal with the compromise that's in the pulpits and the leaders of ministries across this nation . I declare that great conviction is being released upon the leaders. And I declare that as they continue to eat of the tree, of the knowledge of good and evil, it will make them sick to their stomach. I declare that it's not, we are not in a time about what is right and what is wrong. We are in a time of choosing life and not death. We declare that that tree of the knowledge of good and evil causes people to look at things whether right or wrong. But yet having a biblical worldview, a kingdom view , causes us to be able to see that which produces life and that which produces death. So Father, we lift up every ministry leader, every evangelical ministry leader, faith based ministry across this nation. And we just release great, great, great conviction upon them that will cause the compromise of their hearts and their very nature to be replaced with faith that comes from being convicted by God and yielding to that conviction. We declare this to be so now, in Yeshua's Name. Amen.

Regina Shank, what do you have?

Regina Shank [00:53:20] Yes, I just wanted to share a couple of things. Years ago, I started a food ministry in our city and a young man came in for food and he was dressed as a woman and I cannot accept sin, even if it grows out of wounded ness, and that's what had happened to this young man and we found out his story and how he had been really abused and misused by many in his family. And so his male gender was so wounded that he decided he would be the other gender. And I had an opportunity to sit and visit with him and share with him the truth about Jesus Christ. And one of the people that worked for me at the time got very angry with me for not accepting him the way he wanted to be at that moment. And I at that time, the Lord spoke to me very strongly and he said truth sometimes hurts, but truth will deliver. And I realized that we in the body of Christ have an opportunity to share the love of God with those people. And, you know, I was even corrected for calling them those people a couple of days ago. But people in darkness, whoever they are, and I'm reading out of Ephesians 5, starting with verse 8, it says, "You were once darkness, but now you are light in the Lord live as children of light for the fruit of the light, consistent on goodness, righteousness and truth and find out what pleases the Lord have nothing to do with the fruitless deeds of darkness, but rather expose them. For it is shameful even to mention what the disobedient do in secret. But everything exposed by the light becomes visible,

for it is light that makes everything visible. This is why it is said Wake up sleeper rise from the dead and Christ will shine on you. Be very careful then how you live. Not as unwise, but as wise making the most of every opportunity because the days are evil". And so, Lord, I thank you for the opportunity that we, the body of Christ have right now to rise up and to decree into this abomination that is trying to come and become law in our nation. Lord, you said in this scripture, to have nothing to do with the fruitless deeds of darkness but to expose them. And so, Lord, we are doing that. And God, we decree that there will be an awakening in the body of Christ, an awakening in denominations, an awakening. And I agree with what Clay just decreed, Father, that there will be this great awakening that happens even in those that are trying to just increase their numbers in their church.

Lord, I do pray that they will come away from the tree of the knowledge of good and evil and they will eat of the fruit of life. God, I know this thing that's coming forth in our nation trying to take over will produce death to our seed. And I cry out as a mother and a grandmother and I say, In Jesus Name, the next generation will know the glory of God. And they will come forth as warriors. They will come forth and they will fight the battle against darkness. And Lord I thank you that we had the opportunity to give birth... I had the opportunity to give birth to some of these children and Father, We're going to see them rise up as warriors of the Earth and they will take over where we left off God. And they will stand for righteousness in this nation. And so, Lord, we rise up to this opportunity. God, this is a time we will not be silent. We will not be of those who are religious and say a little prayer and say it's done. But Lord, we will be the army of the Lord you've called us to be. we will rise up in prayer and decree and we will also rise up and take the most of this opportunity, take advantage of it and write our letters and call our congressmen and ask for a time with them God, because this is very important to America and to the nations of the world. And so, Father, we thank you, God, that you are causing us to awaken to this opportunity and we will not back down and we will not back off with the battle shall be won at this gate. And we say to this evil gate, we shut you down tonight in Jesus name and we open the gate to the king of Kings and the Lord of Lords in this nation. In Jesus name.

Clay Nash [00:58:17] Amen. Thank you, Regina.

I want to remind those listening or those that will be listening to the recording or reading the transcript that you can go to Vernadette Boyles website, which will be, of course, www.ChildParentRights.org. You can go there and you can obtain the information, PowerPoint, excellent PowerPoint, all of that information there. So it's going to be www.ChildParentRights.org And it's going to be information there. This will be in the transcript, it'll be on the recording, but you can go there. Dutch, Good to have you on tonight. I know you were just on...

Vernadette Boyles [00:59:10] Clay?

Clay Nash [00:59:11] Go ahead.

Vernadette Boyles [00:59:13] I just wanted to let you know in order to get the sample letters and the PowerPoint, you're going to want to add on to that www.ChildParentRights.org/private-page We created it as a private page in order to have some protection from our adversaries. So just add that part to it. Thank you.

Clay Nash [00:59:37] OK, all right. Dutch, good to have you on. I know you just did flash point, but appreciate you coming on. what's in your heart?

Dutch Sheets [00:59:46] Let me just first say how much I appreciate everyone's input and appreciate all the hard work that Vernadette and her team have done. So it's just really awesome to see the body come together and take some action. The prayers are so good and right. I don't feel like, you know, there's anything new I would need to pray against this thing. I'm just going to pray in a minute and come in agreement with everyone. But I do want to pray one more thing for the spiritual leaders in America. I just want to pray...Let us come into agreement to break a deception off of people because there's still this thing over a lot of leaders in the church that I just don't get involved in politics publicly with the pulpit or the church politics or evil or get involved with evil and you know one of the things the Lord showed me a while back was that while he is, he is not only into government, he is government, but he does hate a political spirit and he opposes a political spirit, but that we cannot equate a political spirit with government.

We must be involved with government because it's one of our connections to God himself. And so, you know, I had a person that I believe in a lot, that just almost devastated me a few months ago. And I heard that they said, all right, I'm not going to get our church involved, this political thing. And I just want to end by saying this. You know, the political spirit is to government what religion is to relationship with God. You know, God's after relationship. We want relationship, but we're not into religion or a religious spirit. Same thing is true in the government. We don't need to be...to marry or be a part of a political spirit to involve ourselves in government. So I just want to agree in prayer with everyone right now. And I want to, I want to also ask everyone to agree with me as I pray against this deception that lumps everything in the governmental world together and say, well, this political thing, we just can't touch it at church. It's too evil and divisive. So, Lord, I just agree with my brothers and sisters on this call, the leaders, those agreeing with us, strong agreement that this will fail, that you're going to move on the hearts of these senators. Everything prayed for them. I agree with. Everything preached against evil I agree with. Lord, we are making our stand. We are not going to sleep through this one. Lord, I now pray specifically for pastors and leaders in the church that this deception will be broken off of them; that anything that has to do with government is a political spirit and that we shouldn't have anything to do with it in our churches, Help them to see clearly the difference between politics or political spirit and government, and Lord, we must raise our voices for righteous government. We must make a stand because it's the way you said you enter into the earth and bring peace and justice. So I ask you, Lord, to somehow awaken your people with this message that government is not evil, it is good, and we must let our voices be heard to have righteous government. I agree. We agree together for this now in Jesus name. And thank you Clay for doing a great job.

Clay Nash [01:03:37] Thank you. I want to end the call. I know we have a couple other hosts, but I appreciate you working with me tonight. But I want to end this with declaration over is all. We are in the best of times. The worst of times. It's the tension between those two that is causing you the Ekklesia to stay on the wall, to rise. You know, I've been amazed that a little bit. How many people, because we're still not pushing in the direction they want to push, have kind of dropped off the call. But that's their choice. But I want to tell you, there is a remnant that that is on the wall, not just on this call, on many calls and many prayer meetings. And I encourage you. But I've got a declaration here that I want to make, and it is simply over all of us. As the Ekklesia with hearts of Reformation, we hereby pledge an unwavering allegiance to the kingdom of God. As we pledge, as we take on the challenge of paying the price and cost of protecting biblical principles America was founded on. With a heart of purity and a life led by holy fear for our nation's creator. We declare that we will live the life of the reformer. Although we live under the flag of the red, white and blue, we're guided by the banner of the blood of Jesus. With a heart of reformation, we will not

allow the Kingdom of Darkness to steal the life of the unborn. With the heart of reformation, we will not allow the evil seed of Islamic influences to rule in the United States. With a heart of reformation we will not allow the sacred covenant of marriage between a man and a woman to continue to be constitutionally redefined. with the heart of reformation we choose to operate with a heart of violent worship, unselfishly devoted to ushering in the glory of God that crushes the enemy's camp. With a heart of reformation. We will not live within what the four walls of what religion calls the church and be ruled by the fear and intimidation of the socialists, the liberals, the Democrats, those that have hidden agendas and Antichrist spirits. with a heart of reformation we will challenge the culture and effectively aid in the transformation of the church and our nation into the completeness of God's original intent. With the heart of reformation, we will overcome ungodly principles and decrees declared from the mouths of evil representatives who have staked their own rightful place in the political arena. May we have ears always inclined to the voice of the captain of the Hosts. It is our solemn vow to live the life of a reformer. Let our yes be yes. Let our no be no. As we seek first the kingdom of God, we will walk in authority to execute righteous judgment in our land. As our footsteps of reformation are burned into the very ground may it cause a holy consumption of all unrighteousness and made the roar, our roar of reformation always be to advance the kingdom of God. We declare that today, March 31st, 2021, and we will begin to declare it and live it out and see this inequality bill not pass. We will see this...the Supreme Court not pack, and we will see the filibuster, not change to where they can take over and bring forth the evil influence. We declare these things to be so and we stay on the wall, we stay in prayer, we stay fresh with declarations, listening always to what heaven is decreeing and legislating it's will into to the earth in this nation and across the world. We declare these things now in your Yeshua, name. Amen. Amen.

I want to thank everyone for being on. Will be on the wall tomorrow at 222. Remember those of you that we are streaming a Passover Seder tomorrow night at 7:00 Central Time. You'll go to claynash.org if you want to participate there. Dr. Miller and I will be doing it. It's going to be a great time of experiencing. last year we had healing's, miracles, marriages saved, salvations. Had a Lady call me recently. 78 years young. Last year...she's fought for twenty years with bad knees. Last year she was healed and has no problem today. So join us tomorrow night expecting. Thank all of the host. Thank you, Vernadette, for what you and your team have done. We'll be making this information available out there. Call your senators. Write Your senators. Those ministry leaders out there, write...reference your congregation, reference your spheres of influence. Let's bombard them with truth so that they will choose to eat of the tree of life and be able to discern life and death. God bless you. We'll be with you tomorrow.

Vernadette Boyles [01:10:01] God bless you all. Bye Bye. Thank you, Clay.
