

Triumphant Prayer Call for Righteousness
Tuesday Night Call
2021-06-29
Topic: Mottos, Preambles & Prophetic Flow

Clay Nash [00:00:12] Well, good evening it's Tuesday night, and it is 9:00 p.m. Eastern Time. Tonight, we're going to be talking and praying into some of the state motto's and some of the state's preambles. When Dutch posted back, I think it was on the 21st of June about the encounter that Tim Sheet's, his brother, had about the state mottos. I feel like it was very important because back in January, I'd heard the Lord say put together a team this year to prophesy over all 50 states. And then when I read all the mottos on that day that Give Him 15 came out, then I felt the unction to look up all the state preambles. And just amazing. If you go back to it, I'm going to call on Greg Hood first. But let me just read you a couple of the motto's, a few of the mottos, before we get into the call. And Greg, if you would just open us in prayer. But like, "Ohio, with God, all things are possible." Now, that's very strong, especially in light of so much of this anti-Christ spirit that's trying to make out like we're not a Christian nation. Florida is in God we trust. Arkansas: The people rule no dictators. Arizona: God enriches, God prospers us. We can look on down through here to many of them. And then we can also look at the motto's and see how important they are and things that have been said. I love the first 12 words of Arkansas's preamble. It says, we, the people of the state of Arkansas are grateful to Almighty God. That the first twelve words. It says for the privilege of choosing our own former government, for our civil and religious liberty and desiring to perpetuate its blessings and secure the same to ourselves and do ordain and establish this constitution. And so we look back over the very foundation, the Covenant Foundation, this nation. We are a covenant nation. Is there sin today? is there an Antichrist spirit? Is there liberalism? Is there communism trying to creep in? Are babies being murdered in the womb? We can say yes to all of that. But I want to tell you, there's still that covenant root in this nation and in many of the states of this nation. So, Greg Hood, you're with us tonight. I want to ask you to open in prayer and then just share what's in your heart about some of the motto's. I'm pointing this towards because I'm working logistically towards putting together a team of governmental prophets that we're going to speak over all 50 states and make it available so that those in those states can take this fresh prophetic and they can begin to war with it. these motto's and preambles. I promise you, God led them on most of these. And they are the promise of God. They're prophetic word. And we need to begin to declare these even if we're just simply, not simply, even if we're just drastically calling those things that are not as though they are. So, Greg Hood, good to have you on with this tonight. I'm going to let you open this up with the things that's in your heart.

Greg Hood [00:04:08] Thank you, Clay. Excited to be here tonight. So, Father, we just thank you, Lord, for this time together on this call tonight. Father, we thank you. There is coming out of this call things that are embedded within your heart. And we just pull on those things tonight. Father, concerning these state motto's, concerning the preambles Father that we see and we will talk about tonight. Father I thank you tonight, God, that you are stirring within us. Holy Spirit is stirring within us discernment tonight. And we're pulling in and pulling out of words of wisdom and words of knowledge, Father, concerning these mottos, what they mean in the states, what they do for each state, Father God, what their intentions were. So, Father, I pray for all the hosts tonight that are on. And Father, I thank you that we are going to be able to dig into some deep places Father, with the state mottos and preambles. Father, you're bringing change to our nation. And there are things that are right before us that Father, kind of right under our nose that we could be using as tools to bring about the change that you desire in these states. So we thank you, Father, that as

we go forward tonight, Holy Spirit is leading us and directing us, and we're yielded to him, Father, to do your will in Jesus name. Amen. Amen. Clay, I'm excited as I read over all these state motto's, some of them I'm familiar with over the years and some of them I'm not. But if you look at a pattern through these, and like you said, I believe they're divinely inspired. When these states were birthed, when they came into the union and these mottos were attached to them, I believe it has to do with their prophetic destiny, even with their identity, what God is saying about each of these states and as we begin to go through them we can see how each state plays a part in the prophetic destiny of our nation, we know that we are larger than 50 states actually. America has territories. America has different places that we have land and stuff in different parts of the world. But these territories, too, I believe, also play a very important part concerning some of their mottos as well. We'll get into those, but I think it'd be wise to look at them as we begin to strategize for this. I want to talk about one especially that I'm very familiar with. As many know, Joe and I, my wife, we lived in Hawaii for many years, over a decade. And we got very involved in what was happening in our state there. That state is majority Democratic run. And I'm not going to sling any mud or anything tonight. But we know that if you just look at the platforms of these parties, there's a great difference in their values. But there was at that time one senator, I think, in the Senate and there were maybe four or five Republicans in the House. And we begin to get together and begin to ask God, what is it that we can do? We've been praying. We've been fasting. We've been asking all of these things Lord, to begin to shift our nation, our state, rather. And whenever we begin to pray, the state motto leaped out at us. We were in a fight at this particular juncture for the sanctity of marriage. And there was a lot of controversy at that time. The people of Hawaii had already voted on marriage being identified as one man and one woman and the governor, the Senate, the House, even with the influence of the president at that time, begin to push on Hawaii same sex marriage. And we begin to grab a hold of some things that we felt like were our identity. And one of those was our state motto. And I want to read it to you. I can't say it in Hawaiian. JoAnn can do it very well, but I can't do it. But it reads today, this is the way it reads today. The life of the land is perpetuated in righteousness. Now, when I believe it, I may be wrong on this, but I think it was one of the queens that came up with this motto. And whenever she did, it was originally "the life of the land is perpetuated in the righteousness of Jesus Christ". Whenever it became a state, they took Jesus out of it. But I believe that that's part of the identity of the state. I believe that's part of the purpose of that state. And I think as we begin to look into this, we'll begin the scripture that we can identify with this. we're asking God to heal our land and we can go back to Chronicles where that passage we use all the time on "if My people who are called by name will humble themselves and pray and turn from their wicked ways". It goes on to say, "I will heal their land". And we see in this state motto that the life of the land is perpetuated in the righteousness of Jesus Christ. And I believe Clay, that as we begin to dig into these, God's going to give his Ekklesia a strategy that each state will bring a redemptive piece to the realignment of America. I had a dream some weeks ago, and it was about the states; each state playing their part in what God was doing in the redemptive process of our nation. And we know that, you know, the United States of America is just that. It is 50 states united to create this union we call America. Each individual state. We all have rights in our individual states. We have laws in our states. And other states may not necessarily have. I think that Tim really heard from the Lord on this when he began to get this download about these state mottos. So I just want to take a second and I want to use the Hawaii state motto if it's all right. And I just want to pray from Hawaii into America, this piece of that motto. So, Father, your word tells us that you desire to heal the land. It even tells us in Roman's Lord that the Earth is groaning for the manifestation of the sons of God, the mature ones, your Ekklesia coming forward and finding their rightful place in the earth. Father, I thank you today that the earth is yours and

the fullness there of. But also thank you, Father, that you sent Jesus that the world might be saved. We know that's a different world than the Earth, and father it's the governing systems and the governmental structures that are embedded within the earth that Jesus came not to condemn them, not to judge them, but that through him they might be saved. And Father, we speak into those systems tonight. We speak into the worlds that are in this earth and we thank you Father tonight, that the life of the land is perpetuated in Jesus Christ. The governing systems of the earth are going to find their righteousness in Christ Jesus. So, Father, we declare over America. We declare over every individual state and territory. Father, God tonight that you are America. You are coming in to the righteousness of Jesus Christ that is going to perpetuate, bring forth perpetually righteousness in this nation. Father, we thank you, Lord, that as revelation comes and insight begins to come from these motto's and these preambles that Father, we are going to begin to have ammunition, Lord, and courage, valor that we never knew that we could have to come forth and bring this nation into alignment. So I declare over America again, denied that the life of the land is perpetuated in the righteousness of Jesus Christ in his mighty name. Amen.

Clay Nash [00:13:16] Amen. Appreciate that, Greg. I'm gonna read the preamble to Alabama. I just want to keep us stirred up and focused. If you're on the call from Alabama, it says: We, the people of the state of Alabama invoking the favor and guidance of Almighty God do ordain and establish the following constitution. These, as you go through these and look at these, it shows that there was prayer put in to every constitution of the state. Whether we look at the motto, you know, some of the mottos are not as strong kingdom as others but yet there are those. And I'm gone call on Regina here. But Regina, the preamble of Missouri says: we the people of Missouri with profound reverence for the supreme ruler of the universe and grateful for his goodness, do establish this constitution for the better government of the state. As we look through this and we see, we understand why God began to speak to Tim out of the mottos. That very day when that Give Him 15 came out, I felt compelled and looked up all the preambles and read every one of them. I gave, probably close to an hour or so as I read them, took some notes, and then later, it might even have been the next day, I think it was, I was talking to Dutch and he mentioned the preamble. And in that I told him what I had done, it was almost like-- it was,, it wasn't almost, it was like a confirmation, at least to me. All right, Regina Shank, good to have you on with us there. What's in your heart tonight about these mottos and preambles and some fresh--you know, we're not going to get into it tonight, unless someone has a prophetic word, but we're setting up and developing a strategy so that we can put together the right team at the right time, in the right way, in the right venue to release fresh, prophetic words over all 50 states. So what's in your heart?

Regina Shank [00:15:28] Well, thank you, Clay. I have several things on my heart tonight. And, you know, you just read the preamble to the Constitution of Missouri. And our motto is, The welfare of the people is the supreme law. And one of the things that we've already done for our state is we have reworked some of that. And sought the Lord for the prophetic word for our state. And I'm sure there are more. But one of the things that happened when Dutch came into Missouri as he began to prophesy a new identity for our state, which was the glory; the show me your glory state. And not only do we have that motto, but we also have a nickname. And I think some of those nicknames might be important as well. And our nickname in Missouri was the Show Me State because of the skepticisms that many Missourians would pattern in the early days of our state. And so we got rid of that and we said, we want to be the show me your glory state. And then Dutch came and gave us a word about the Show Me the weight of the Glory. And I remember actually sitting at that table with our governor and several other ministers several years ago and just ask him, I

said, hey, can we change the motto of our state to the Show Me Your Glory State instead of this nickname of the Show Me State? And he just kind of looked at me and smiled. But I do believe that God is doing that. He is changing even our personal identity and changing the identity of some of our states. And I do think some of these models are wonderful. Some of them don't really represent God as much as they could. But I don't want to necessarily prophesy over my own state. But I do want to say out of Exodus 33: 18, Moses said, now show me your glory. And that's a powerful, powerful prayer not only for our state, but all the other states in the United States. The glory of the Lord would come into our territories. And then, you know, I don't know if other people would do this with their states, but I happen to know that Missouri was the 24th state to come into the union. And to me, that was significant. And we looked up Psalms 24 and the Lord spoke to us and told us that this was for us as well. And, you know, we are called the gateway to the West. And I think if we take some of these terms about our states and turn them from perhaps a secular meaning into what God is intending for them we will find more of a purpose for that state and of course in Psalms 24 it is about gates and it says lift up your heads you and be lifted up you doors. So I just want to pray into America from the middle of the nation, some of these things that the Lord has told us about our state as we prayed over Missouri. And so, Lord, I just thank you, God, that you are the one who is going to show America the glory. God, we want to see your glory hover over not only Missouri, but also all of the states in this nation and Lord, even now is on praying, I just see fog over some of the states where they have not broken through that foggy unbelief over it. But Father, we just thank you, God, that your glory is greater. And Father, we ask now for your wind to blow across every state that's kind of foggy, not knowing their identity or knowing who they are, God and Father, you would establish your glory in their land. And Lord, we decree out of Psalms 24 as a gateway state to the nation. We say lift up your heads oh, you gates. We decree that over every state in this nation and we decree that over America: be lifted up, you ancient doors. And Lord, we thank you those ancient doors that have been closed to you are now coming up. And Lord, we thank you for the covenant route. We thank you, God, that the covenant route is what's going to help us open any ancient doors that is holding back the king of glory. And we say lift up your ancient doors that the king of glory may come in. Who is this king of glory? And we decree who he is over every state in this nation. The Lord is strong and mighty. He is able to do what he says he will do. The Lord is mighty in battle. Lift up your heads. Oh you gates and lift them up you ancient doors. The King of Glory is coming in. Who is the King of Glory? The Lord Almighty. He is the King of Glory. Lord, we thank you for that. And I was thinking about how if we can look and I'm so glad you're doing that, Clay, you're going to bring forth a prophetic company to prophesy over these states. And you know, we have that book that happened in 2003 when Dutch and Chuck went across all of the states. And there are so many things in that that kind of give us our identity as well. But I also think that, you know, when we begin to prophesy over these states that those things are collected as well and you know, that it's a book of remembrance, actually, in that book that was written for the 2003 trip across the nation, that's a book of remembrance. And we can remember what was said and we can do to create again and I think what's happening in the future as we prophesy again, that another book of remembrance so that we can go back and remember what has been spoken through the voices of the prophets over our territory. And so I just decree tonight that that's going to happen. It's going to have the fullness of your anointing upon it, Lord. And that those words will be collected in a book of remembrance, God. And we can refer to that and begin to decree again and again what you are saying over every state in this nation. And so, Lord, we thank you those words that are going to be spoken are going to be more powerful than what the enemy has planned for the states of this nation. Those words are going to be more powerful than any negative things are being said even by the occupants of the states. And so Lord, we the Ekklesia, we rise up tonight and we say what you say

over the states of this nation. Lord, we decree your will and your word, and we're going to see those things happen and the states turn from anything negative that have been spoken toward you, Lord. And we thank you, Father, for this harvest that's coming. And even these states, God, they're being prepared for harvest as we decree a new prophecy over them and war with the old ones that are redemptive in Jesus name. Amen.

Clay Nash [00:22:27] Amen. Thank you, Regina. You know, we must realize that because we are a nation that was founded on righteousness, a nation that is established and there is covenant in this nation and so as Regina was talking I just can't get away... You know, we begin to see a lot of things begin to turn back in 2016, not just because of the election, but because the prophetic word that was given to Dutch by Chuck Pierce about going to the places where there were covenant roots or covenant was established. And if you go back through history and you look at it, you know, you mentioned Regina [that] Missouri, was the 24th state. Well, Arkansas followed it as the 25th state. And, you know, Psalms 25:14, one of my favorite scriptures, says: the secret of the Lord is with those who fear God, and he will make his covenant known unto them. And we're in a time that is so important. I believe what Dutch and Chuck did based on a prophetic word, their obedience was so monumental. And God has confirmed that. You know, Arkansas was the first state to fly the appeal to heaven flag over the state capitol. I'm so thankful for my friend, Senator Jason Ripert, state senator, who got that done. But I want to tell you that the day he got it done and to be truthful, he didn't know about the 50 state tour. But the day that flag flew was the exact day that Dutch and Chuck had been in Arkansas in 2004, the same date. And that, you know, in the kingdom due to Providence and men's and women's obedience. They're not any happenchance. It's not a chance that that happened on the same date. I believe that God led him by his spirit for him to fly that flag on that particular day. There had already been a flag down in Warren, Arkansas that had flown for so many days. Chuck actually gave a word, if it was up a year, then Arkansas would be ready to move out in leading the nation. And we ended up very, like three days shy of 365 days. And a lot of disappointment began to sink in. And I heard the Lord say, "be at peace" that's all I heard. And then Chuck contacted me and told me he said it finished a Jewish year. And so we know and we began to see, and then that flag was flown. And so when we look at these mottos where they're grateful to all the preambles and the motto is Ohio "rusting in God", we must understand that this fresh, prophetic being spoken over this nation, even in that, is going to put a new wind in the sails. As I've been praying into this since Tim's encounter and Dutch putting it in Give Him 15, I feel--I know that the Lord spoke to him when we released this 50 state prophetic again, fresh words again with these mottos and with the preambles in that, I heard Holy Spirit say that it's going to cause a release of the four winds from the corner of the earth begin to sweep across this nation. Now, that excites me when God sends the wind, He sends the wind with a purpose. And so that excites me greatly. And we're focusing in on that. And we're just... Pray for us. We're seeking to have the right strategy at the right time about how to accomplish this and how to memorialize it so that we can put it out there. And you, those of you on this call, the thousands that's on the call; when you can go and find these words, just as that book was written so that you can war with them. Because in the recent prophetic word, in which has just captured me, it talked about warring from his promises, not just for promises. And I, I feel in my spirit, Holy Spirit is showing me, there's going to be a tipping point as we do this 50 state, fresh, prophetic, and so pray for us. Pat, there in Illinois, what's in your heart tonight about this subject?

Pat McManus [00:27:20] Thanks Clay for the opportunity to be with you guys and share. And as you mentioned earlier, to come back into and look at the models and just the different things connected to the state. And I know Illinois is a mess, but it was the 21st

state. And I went to Psalm 21 and then the third verse, it says, Rich blessings overflow with every encounter with you as you place a royal crown of gold upon its head. And that one thing that I keep on thinking about is that the generational opportunities that have been established by the models that were founded from the very beginning of our land, it's an opportunity to reconnect the synergy of why this was established, to be able to see the fulfillment of what that word was declared when the foundation was laid to see each state come into its right order. And as I was looking back in the book and there's on page 54, it says the call to fulfillment and really the reality that they were talking --his is Pat --but I'm looking when they began to decree the call to fulfillment of what that model represented for that state. And I'll just read for these statements. It says: Working to restore our lives personally, working corporately to mature us, working territorially to release his glory and break hindering spirits and working generationally to connect us. And the models were established in foundation. But it's a place for the generations to implement the strategies of what that meant. And I really believe what the opportunity for us today is to bring the decree back into, as like it was said, that Dutch spoke about and others, bring to remembrance what God said in the past and bring it to fulfillment and bring it into the place of where we're at today by remembering what God did yesterday to see it manifest in our today. So as I was looking at that and I'll close with this, I looked at Iowa and this thing just really is messing with me. Iowa, a beautiful land. Our liberties we prize and our rights we will maintain. That should be a model across every state . Our liberties we prize and our rights will maintain the rights of the glory of God, the power of God, the plan of God, the purpose of God, all of that beginning to be reestablished within our land. So the thought that I have is this Clay, is that reconnecting the synergy to see the fulfillment of what was declared come to pass and to see it manifest as we enter into agreement with what was declared for our states to come into alignment with the heart of God. That's all I have Clay. Thank you for the opportunity.

Clay Nash [00:30:14] Amen. And I want to say again to those on the call, I so appreciate everyone, the hosts that are that are on. You know, we're in busy times. I've never been busier in my life, even when I had multiple corporations. And I understand some of our hosts couldn't be on with us tonight. But we're asking those of you that participate by praying, the Ekklesia that's on this call, and by warring with us to pray. I know back in January, I heard God. It was confirmed through Tim's encounter. It was even further confirmed to me was a conversation I had with others. And but we don't want to just do this. We want it to be Holy Spirit led and we want it to be Holy Spirit empowered. So we ask you for your prayers. We are working to seek to do this. You know, this coming Sunday is July the 4th. And one of the things I'm seeing shifting in many lives as I travel is there is more ...we call that Independence Day. But there's more of a surrender becoming our strength and there's more of an open dependence upon God. We know on this call, we know in this nation that without God's suddenly coming and it's coming. But without it, there's no turning off some of this that is being done, but God is working with this nation and a suddenly is coming and they're going to be a major, major turn and we must battle until that time. Well, I'm honored to say that Dutch is on with us tonight and Dutch I know that you putting your brother's encounter experience he had about those mottos has as triggered something. I've had probably over 100 e-mails as we've mentioned it. What do you have to add in to this tonight about what we're believing that God wants to release; some fresh prophetic promises over our 50 states that we can war from.

Dutch Sheets [00:32:31] Well, thanks, Clay, I felt such a weight on that word when Tim sent it to me. I knew it was the Lord. And then, as you recall, you and I talked a few days after that and I said, you know, I think there's something on this preambles also. and you said, can I give you a confirmation? I've been reading them and I've been feeling like I

need to do something with them. So, you know, the Lord has obviously said, do this. And what I want to bring to peoples-- to the forefront of their thinking, as has been alluded to already. These are legal documents. They're contracts. They carry a lot of weight in the spirit. The motto's, the preambles. Constitution is a legal thing. And so regardless of what the left and others have done and are doing to try to steer us in a different direction, I just want to say to everybody, it is very significant when we take these things and make these decrees and when you know, when David and I'm sure everybody knows this because I've mentioned it several times in my writings and blogs, but when David faced Goliath, he went on the strength of covenant. And, you know, that's why he wouldn't call Goliath by name, he only referred to him as the uncircumcised philistine, circumcision being the sign of covenant. He was saying, I'm in covenant with God and you're not. doesn't make a difference how big you are. Doesn't make a difference how entrenched you are. Doesn't make a difference how experienced you or how inexperienced I am. None of that matters. The only thing that matters is when I'm in covenant with God, He fights for me and my battles become his battles. So, you know, when a group of people I don't care if it's a small group when a few people or a large number in a state begin to call out to God and say, this is who we are, God listens to us, not the enemy. And so I know that this is making a difference. When I was in Florida this past weekend with Ken Malone and Tim was there and I did some messages, some of the dreams that Gina has had about the wells of revival from Wales, from Cambridge, from Azusa and Red River. I spoke on those. I've spoken on them before, but there was a different weight on it this time. And then I spoke on some of the words that Greg has had about the lions and what God is doing to refresh and restore and bring us into the season where we roar. So, you know, I been trying to encourage people by saying there was a different weight on it this time. we have moved forward and never been more convinced that God is just allowing the enemy to fill these bowls of iniquity. He's about to rule in favor of we the saints of us. And we're going to see everything we've been asking for and it's coming quickly. So I just want to encourage people that and I'm just going to decree over all of us now over the nation and ask the lord to to really bring a revelation to people as they do this. You know, as you begin to make these decrees over your state, the way the prophetic anointing works is that, you know, other things start rising up in your spirit, it's like Regina was talking about the beginning, how God showed them well, we're a show me state and we're the show me His Glory state. And the more you do it, the more rises up. So Lord we just decree over America and we decree over all the states right now that this is the season of roaring. You're about to roar out of Zion and bring this outpouring of your spirit, not just any revival, but the single greatest outpouring of your spirit and Lord, you're healing our nation. You're going to expose these evil doers fully. You're allowing them to fill their cups of iniquity to the fullest. And you're about to sound forth from Zion a roar of victory, a shout of triumph. The gates are going to open. We are going to see the fullness of revival. We say it is a right time. It is a horaios moment in America. And you are coming to say: America shall be saved. I'm reminded of the dream where Gina was caught up into heaven and saw the one hundred eagles again with the three hundred arrows and saw them dropping all across this nation in the flames of fire shot up everywhere and by the time it was over, said all of America was ablaze with revival. And the man from the cloud of witnesses, Duncan Campbell, who was one of the leaders of the Hebrides revival, looked at her and said, this is how America is going to be saved. It's going to be saved by the fire revival. And then he looked at her twice and said, do not doubt it. Lord, we just say: we don't doubt this at all. We measure the enemy, not by who how big we are. We don't measure by numbers, even though I think we are the majority, but Lord, we don't measure by that. We measure by you. We say you are well able, more than able to do this. You are jealous for this harvest. You're coming to do it. You said, I must have America and I will have America. And we agree with you. You will have America. You will have this nation on fire with a revival from coast to

coast, north to the south, east to west, for all the way to the Canadian border, to the Gulf of Mexico and the Mexican border, all the way the Pacific to the Atlantic. The fires of revival are going to burn. So, Lord even as people listening right now and joining with us as they begin to decree the motto of their state, as they begin to declare the preamble words to their state, we say, Lord, You Are God over America, You Are God over all of America. You've chosen to use this nation to be your trumpet to the ends of the earth. And we will not relinquish that. We say the reset has occurred. The rebuilding has begun. And Lord, we call for now the fires of revival all over this nation. I call forth a revelation I need. Lord, you said to me in that dream, don't be late, do not be late. And I say, we won't be late. We will not be late getting the lions roaring. We won't be late getting the planes flying to different parts of the nation. We won't be late with the arrows. We won't be late lord, with the decrees. we say everything is on time. Everything is on target. It is the right time. It's it's the Kairos time, but it's the Horaiois time. And we say, Lord, the wind of your spirit is coming. It's not going to be stopped. We call it forth. Now, we agree on this. I say the synergy of agreement is blasting across this nation. Even now, as we decree and pray, these things come into agreement with my brothers and sisters. And I say, so be it. So be it. So be it. In Jesus name. Amen.

Clay Nash [00:40:16] Thank you Duch. Thank you for being on. I want to thank all the hosts for being on. We're going to continue to work this. We're going to get the strategy. We're going to go forth this. As Dutch was praying I heard the Lord give me a word. And it's for Albany, New York. I heard the Lord say this, "Albany, because of your longevity, you are a peg in the state of New York that God has driven, that he's going to hang his change on. Albany, God said you are where he is going to begin to bring a change that will astound this nation, so if there are intercessors that are on this, I want to tell you, you need to take this word. I heard it clearly, but you're the peg out of Isaiah 22. God's going to hang some things on you. You're going to stand up. You've got longevity there in Albany, New York, and God's going to use that to build in the state. Change is coming to New York and Albany, you carry a significant role of responsibility in this says the Lord.

Clay Nash [00:41:32] Awesome, Clay. Awesome.

[00:41:33] Amen.

Regina Shank [00:41:34] Hey Clay?

Clay Nash [00:41:36] Yes.

Regina Shank [00:41:38] Hey, I just saw something for Kansas. Can I just say that?

Clay Nash [00:41:42] Sure.

Regina Shank [00:41:44] What I saw... I saw Kansas. I see you with your wheat, but I also see some tears among the wheat. And I heard the Lord say I'm going to uproot some tears of liberalism in Kansas and that Kansas has been a state that has reached for the glory and reached for the kingdom of God in many ways. But there has been some liberalism, some tears that has tried to invade the wheat fields of Kansas. And I hear the Lord say, I am getting ready to uproot those. I'm going to send fresh wind into that state, and I'm going to cause the liberal thinking in those colleges to begin to come down for it has been a hierarchical thing and it has tried to rule in Kansas. And so we decree over to Kansas Lord, that you are going to uproot any tears of liberalism thats in that state and

their purpose is going to come forth as a wheat state that brings in much, much harvest for the kingdom. We decree that over the state of Kansas,

Dutch Sheets [00:42:47] Amen.

Clay Nash [00:42:47] Clay, I just heard while she was prophesying, I was hearing over Texas. Texas, I'm going to pull you up even higher into your prophetic and governmental mantle for this nation decreed not only for Texas, begin to decree for the rest of the nation, God is going to increase your voice in this season. He's going to cause your government to make strategic decisions that are right, that will resound, will echo all across this nation from Texas all the way to Washington, D.C., and then back all the way to the West Coast, I decree over Texas. You come forth now into the fullness of everything God has destined you to be Texas, in Jesus name,

Clay Nash [00:43:28] Amen. And as Dutch was prophesying I heard the Lord say to the First Nations people, it is your time. It's not a time for those of other ethnicities to come and repent to you for the tragic things that have taken place in our history. But it's time for you to be invited to the table of authority. The Lord said, I'm going to bring the First Nations people to the table of authority and out of that there's going to be a synergy release over healing the land. Watch and See, says the Lord, as I invite and bring in the First Nations people. But it will not be those that feel like an injustice had been done against them. It will be those who have forgiven and know that the future lies when we come together is the one new man, says the Lord. First Nations and other ethnicities get ready to come together because there is synergy, strength and wisdom and spiritual understanding at the table where you sit together and come up with strategy; how to move together in covenant for this nation, says the Lord.

Dutch Sheets [00:44:36] And I hear the Lord saying, Clay, that the streams that he's been giving dreams about; the streams coming together. This is the hour, I call forth the different streams of the body of Christ to begin to think alike, to begin to function together, to begin to prophesy together. I call forth the revelation we need to bring forth a gathering of the streams in this nation. I say thousands of people from different streams of the body of Christ will come together and it will release the greatest synergy of the River of God into this nation we've ever seen, in Jesus name.

Regina Shank [00:45:11] and while you were saying that, Dutch, I saw tables and the different streams were sitting at different tables and all of a sudden the tables came together into one huge table. And on that table was the bread of life. On that table was fresh wine. On that table was fresh strategy. It was like the restaurant of the Lord, but the tables were all separated. And suddenly when you prophesied that I saw all those tables come together like a really long table and everybody sitting around it and strategizing. And so what I decree into that, Father, I thank you that the tables of the Lord are coming together in unity. And we're going to sit down together and break the bread of life and drink of new wine that you're getting ready to pour out. For the old wine is no longer good. The Lord says, at that table I'm going to pour out new wine and give fresh vision for this nation, in Jesus name.

Regina Shank [00:46:07] Yeah!

Clay Nash [00:46:07] Amen.

Dutch Sheets [00:46:07] Wow.

Clay Nash [00:46:07] Greg or Pat, if you're still on, you got anything?

Greg Hood [00:46:15] I'm just in agreement with all that you guys are praying and doing. confirmation of what I was feeling in my spirit as well.

Pat McManus [00:46:23] Same here. The only thing that I heard was the wells of revival are about ready to explode across our land as the sword of the Lord goes into the ground unlocking the wells of the ground...

Dutch Sheets [00:46:34] Pat, I really felt like you, from the government state of Illinois were to prophesy into what we've just been saying. If you'd just do that.

Pat McManus [00:46:44] Yes, I can do that. We just declare farther into Illinois that there is unlocking of the networking together and that father, we declare that the streams are coming into order and the streams are coming into alignment with your word. We declare father, that there will be those that sit at the table and they will link arms and they will link their shield and they will move Forward with the order of your heart. We declare that the aligning of your grace and glory will begin to move on our land, that we declare that the bread that they will nourish each other, they will begin to partner with the purpose of your glory, and there will be the realigning of that which needs to be realigned. And that father, as they move forward they'll wield the sword of the Lord to dismantle the fraudulent structures and the right order will be established. And there will be glory. There will be power. There will be the grace. There will be the miracles. And the laws of opposition will be neutralized, nullified and torn down as the aligning of that which needs to be aligned. And the bread of authority of power will be nourished within the hearts of the people. And they'll begin to move with the order of Your hand. Father, we thank you. We declare it. We decree it. And we say it's so, in Jesus name. Amen. Amen.

Dutch Sheets [00:47:59] Thank you, Lord. Thank you, Lord.

Clay Nash [00:48:03] Thank you.

Pat McManus [00:48:08] Clay, there's one other thing that I heard, if I can say, I see the angel of the sword with a sword going through the nations and thrusting the sword into the ground, unlocking the wells that were {inaudible} from generations, and unlocking the wells of revival across the land and retapping into the wells that were established from the generations of past and all of a sudden the reordering and rejigging of those wells, will begin to see the manifestation and the flow of the Holy Spirit across their land.

Dutch Sheets [00:48:40] Awesome.

Clay Nash [00:48:40] As Pat was releasing that, I heard this for Abbeyville, Louisiana. I know I had a word recently, but I heard the Lord say, I'm about to uncap that which religion has capped off. there is a well there of revival. The Lord said there have been those who have been hidden away, diligent, and they've become weary in well doing. But the Lord said I'm about to blow a fresh wind into that part of Louisiana and the Lord said, Abbeyville, you have a significant role to play. You've not been passed over. Your time has not been, but your time is almost. And the Lord said, Abbeyville, when this cap that religion has put on the flow of God there is removed, it's going to be a gusher. It will be seen and it will be heard for states around, says the Lord.

Greg Hood [00:49:41] Clay, I got something. As you were praying. I've got something the Lord just wanted me to prophesy over Idaho. I just heard the Lord saying for those who are here on the call from Idaho that Idaho is gaining ground, you're gaining ground, you're gaining ground. God, is bringing you into a place to where he's turning the soil. But as he turns the soil in your state, you're gaining ground. This is very significant. You're gaining ground. And God is going to cause as he turns the soil in your state through your prayer and your decrees, there's wells of revival that are going to begin to spring forth like rivers of rushing water out of the state of Idaho. It's going to begin to sweep across to the west, down through the West Coast and only into Mexico. Father, there is historical revival in Idaho and we call on that today, Father God. And we pull on that father in the name of Jesus. And we just decree that Idaho is gaining much ground, in Jesus name.

Clay Nash [00:50:48] Amen. And in light of that, Greg, the preamble for Idaho is we, the people of the state of Idaho, grateful to almighty God for our freedom. And I believe that flow, that what you saw is liberty. A flow of liberty that's going to flow out of Idaho into the West Coast and down into Mexico. We just declare that now.

[00:51:11] Yes. Yes. Wow. Amen.

Clay Nash [00:51:18] Amen.

Dutch Sheets [00:51:18] I love this prophetic flow, Clay.

Clay Nash [00:51:21] Yes, this is this is where we're headed with this call, I believe God showing us something tonight. I know we've been in a place of transition, but, you know, when I got that word about Albany while ago and not because of me, but obedience tipped something while ago on this call and we've reached into the heart of the Father for our nation and for these states, and for these cities and towns. And so for those of you on the call, we're going to be praying. We're going to put...we're going to shift some things. I'm going to be seeking the Lord. the other hosts will. we're going to get input from wise people, but we're going to shift this thing because we need these words coming forth out of Heaven over these states, over these cities, over these towns. we are a covenant nation. We ARE a covenant nation. And these words are spoken out of covenant with God. And they're going to have a huge impact on the turning of this nation and on the tipping of the bowl. We declare that now

Greg Hood [00:52:30] Clay, if we've got time I'd like to release one more word.

Clay Nash [00:52:34] OK.

[00:52:35] I heard the Lord say over Vermont, there's a changing of the guard. The old guard is done. They've run their course. They've had opportunity to come back into alignment with what heaven desires. And the Lord is saying tonight there's a changing of the guard politically in the state of Vermont. There's a changing of the guard concerning the voices of the Ekklesia in Vermont. So, father tonight, we thank you, God, that you open mouths and you fill mouths Father with the word of your heart, your will and your intent and father in this shifting and changing of the guard in Vermont. I thank you, Father that you've laid in my heart, it' a swift thing, it's coming even this year. Their voices that rise up out of Vermont that have had the word of the Lord, but have not had a platform. And Lord, you're moving platforms around. you're shifting, you are shifting them around, Father like musical chairs and you're bringing people into places that they have platform. They have voice. father, they have influence in the state of Vermont. Father I speak to the

revival residue that has been in the soil of Vermont for centuries. Lord, and I declare it. It is your time to grab the light and the light is hitting the seed and the seed is pushing through the ground and the seed is going up into that tree of revival in Vermont. Vermont and the north east New England states, you are coming back to your season, you are cycling around in revival and it is coming out of Vermont. Father, we release that tonight. We declare even on the political scene, God, that as the old guard is changing you're raising up kingdom voices. People with a kingdom mind set, father to begin to occupy chairs in this musical chair that you are creating there now. And Father, those that have been there for years, who feel like dear God, that they are owed a chair and they have a right to a chair, will not have a chair any longer from mayors to city councils to state level and even the national level. I decree into Vermont today the Guard is changing, in Jesus name.

Dutch Sheets [00:54:55] Even while you were prophesying that, Greg, I saw before you said it, spreading from there to all of New England. I heard the Lord say the revival fires that haven't burned as fully since the first Great Awakening as they burned then are about to start burning again. Lord, We call forth the fires of of awakening into New England. We say they will burn brighter than the first Great Awakening, second Great Awakening. All of New England will burn with the fires of revival in Jesus name.

Greg Hood [00:55:24] Yeah, yeah, yeah, yes,

Regina Shank [00:55:25] yes, yes, yes. And I decree over Utah...I just decree over Utah. I saw the Lord walk into Utah and overthrow the tables over divination overthrow the tables of Mormonism, overthrow that that mixture in that state that has kept people from the truth. And I saw not only him overthrow those tables, but I began to see a fresh wind blow into Utah, a fresh wind of the spirit of truth coming in to all those people that are working and slaving over Mormonism and trying to get to heaven by their works. And I just decree over them that the tables are being overturned and a fresh wind of the spirit of God and that spirit of divination that's been lying to them for generations in the name of Jesus. I say, your time is up, your time is up, your time is up. And the spirit of the living God is going to come and there's going to be a root canal done in the mouth of Mormonism. He's going to uproot and get rid of that false root of divination in that place. And people are going to come out of that falseness and come into the true knowledge of the living God and into true salvation, through the grace of Jesus Christ. We decree over that state, no longer will works be that which they are working toward, but they will come into the grace of Jesus Christ. Father, we thank you for your zeal for Utah. I just sense this zeal for Utah and zeal for the Mormon people and that God's zeal is going to overthrow what they have set up for the people to eat because it is poison. And the Lord says, I'm going to give them fresh bread from my heart. And we thank you for it, Lord, for Utah.

Dutch Sheets [00:57:09] Yes, yes, yes, yes, yes, yes.

Greg Hood [00:57:11] Yes, we agree.

Pat McManus [00:57:13] Clay, I have a thought for California. I hear the Lord saying, I am releasing a great a shaking again, that that which needs to be shaken will begin to be exposed. As the shaking begins, the root of structures of corruption will become clear and clean. And he says that even as the shaking comes forth, it'll reignite the gold that was dug back many years ago and the expression of the Azusa Revival will explode across the land, and even as the shaking begins, that they'll decree, as the model says, "I have found it" will begin to be declared. So, Father, we declare into California, let the shaking begin and let the soaring tsunami of glory begin to be moved across the land and the nuggets of

gold, the harvest of gold, the lives that will be uncapped, undug will begin to be seen and the full expression of the glory of your name begin to be revealed. So, Father, let the shaking of California begin to neutralize the root, to chop the root, the axe of structures of corruption, but exposed for the purpose of igniting the fires of revival again out of Azouza and across the land. So, Father, ignite the atmosphere with your glory, that there would be the declaration to say, "I have found it this day". Father, we thank you in Jesus name. Amen and Amen.

Clay Nash [00:58:42] Amen. I want to step back into Greg's word over Vermont a while ago. Vermont is one of the, I think it is the only, but one of the, I think it's the only state that does not have a preamble. And I believe that's what you were addressing. Those that have the voice in Vermont are going to become the preamble for that state. But Vermont does not have-- over there, when the calls were majorly, when we were running four and five and six thousand on them, Vermont is one of the states that was not on the call some. Now, today we had all fifty states in our 222 call. Vermont was on. I think we had three or five people that were on from there. But I believe that God is going to bring a preamble forth out of Vermont with this new voices that Greg prophesied while ago.

Dutch Sheets [00:59:42] Amen, Amen. Amen.

Regina Shank [00:59:43] Amen.

Pat McManus [00:59:43] Yes, Lord.

Clay Nash [00:59:46] Anybody else got anything before we close er' out?

Dutch Sheets [00:59:52] Good stuff.

Greg Hood [00:59:53] Good man, good. This could go on all night.

Dutch Sheets [01:00:00] Well, I'm hoping that people are just prophesying over their states and decreeing along with us. Because there is a spirit of prophecy that is awakened on this call and just speak over your state and decree into the word of the Lord. If you don't know what else to say just decree the fire of revival into your state.

Clay Nash [01:00:20] Yes. Yes. Amen. Well, everyone that's on the call, we will be transcribing... The recording will be put up tomorrow. Transcription will come forth by Thursday and you'll be able to read these words. They'll be typed out. Help-- if you know... Listen to me, if you know people in these states or town or cities where prophetic words...get in touch with them. They might not be on the call. I heard from a pastor recently in Louisiana. Actually, Abbeville, And they were not on the call. They didn't know about the call, but someone got in touch with them about a month after I released a prophetic word. And boy, they're warring with that word. They're hungry. They've transcribed it. They're giving it out. They're doing what we're supposed to be doing. They didn't treat the prophetic like a trophy to put on the mantle and talk about you got a word. They're warring with the promises of God. And so I believe there's more to come after hearing that word tonight. So it'll be transcribed. It will be put on the website. The recording will be there and the call will be tomorrow to at 222 again Eastern Time. So make plans to be with us and be praying that this vein of the prophetic that God released and we tapped into tonight, I believe it's going to grow on all the calls. I believe it's going to grow on Tuesday nights. I don't know what's ahead, but I know I've been sensing in my spirit, that there was a transition coming and we needed it. And so we were modeling it tonight. More

to come. Be with us on these calls. Thank you for your faithfulness and thank all of you hosts for being with us. We're going to battle this thing through. We're going to battle this thing through. This nation is turning. The tipping point is here. We are a covenant nation. I am not in doubt. And I have to say it. It's been my spirit all night. I'm trying to be nice. quit listening to the so-called prophetic voices that are simply saying what you want to hear. You need to judge them. Is there any authority on what they're saying? There's so many voices out there that are saying things and people are flocking. Listen, we've got to discern the prophetic. You can only war with a prophetic promise that comes out of the heart of God. So that's all I'm going to say on that tonight. tomorrow at 222. God bless every one of you. Get this recording and get this transcription. Let's battle.
