

Triumphant Prayer Call for Righteousness

Tuesday Night Call

Date:2021-06-08

Topic: Mississippi Abortion Case

Clay Nash [00:00:03] Hey, greetings, everyone. It's 9:00 p.m. Eastern Time, and we're on the call tonight. We've been announcing tonight's focus is going to be over this case that's going before the Supreme Court for Mississippi and the abortion there; late term abortion. We emailed out this morning, in the email, some points. We've got a great group of hosts going to be on with us tonight. The briefs are being filed on both sides right now. We're going to be praying over those. This case will probably come up and be decided in the fall, but right now is when things are being set in motion. I want to remind everyone about a prophetic word that was spoke over the state of Mississippi about it being a small rudder on a large ship able to turn the nation. And it just could be this case, could be that small rudder that's going to turn the nation. So we're going to be praying into it. Tom, there in Texas, you're on with us. I'm gonna ask you to open us in prayer and be the first one to make some declarations and decrees, please.

Tom Shlueter [00:01:23] OK, can you hear me OK Clay?

Clay Nash [00:01:26] Yeah, we got you Tom, sounds good.

Tom Shlueter [00:01:28] All right, good. All right. Well, Father, we open up tonight knowing that we are dealing with a court issue here in the states and in the nation, especially regarding Mississippi. So we present ourselves, dear Lord, to your court. We say tonight that as decrees are made as we read declarations, as we intercede for behalf of our nation on behalf of Mississippi and on behalf of this case, that you, Lord, would receive all that we do as evidence before your court, which is the stronger court, the eternal court of heaven. And we say, Lord, would you hear us tonight? And would you rule accordingly. That you would release life, that you would release hope, that you would release strength into what needs to be carried out in the Supreme Court of our nation? Would you, dear Lord, be the one who renders the judgment? Would you be the one who moves upon all of those who will be not only presenting the case, but those that will be judging on the case; the nine Supreme Court justices? We ask dear lord for your attention tonight. We ask that our ears and our eyes and our hearts would be open, that we would hear and see and perceive what you are saying so that we can pray in accordance with that. We trust all this, dear Lord, to your care in Jesus' name. Amen. Clay, I asked if I could go first, because first off, I've got something following and I need to get off here. But also just we prayed about this on our Texas prayer call this morning and I want to share another prophetic word that was given to Mississippi that's recorded in the prophetic destiny of the states that was done by Chuck and Dutch when they visited there, I think, in February of 2003. And it was shared this morning by one of our coordinators, Darla Ryden. You know Darla, she was at the last few meetings and she read it. And I knew that we needed to begin with this word as well. And not only that word, but the welding together that is taking place between Louisiana and Mississippi and Texas. The Lord has welded us together and we need each other in this hour more than ever before for the Lord to be able to wield this act of justice, this wield this ax which will release life back into the nation and destroy the stronghold of death and all of the demonic structures that are supporting it. And so we come together tonight from Texas and join together with you Mississippi. We will be the head and you can be the handle. And we will put ourselves in a position where God can wield an ax in this hour, which will render correct judgment regarding this case before the Supreme Court. The word that was given. It's at the beginning of the chapter on

Mississippi in Dutch and Chuck's book. And this was just a similar to the rudder one. It just amazed me when I when I read it, when I heard it this morning. But the words simply and this was Chuck decreeing this Mississippi, you stand at the valley of decision over this nation. I have gathered you to this place. Even when I determined to gather you, I had determined to turn this land at the crossroads. The nation stands at the crossroads. Decisions are being made to set the course I will determine. agree with me that only my decisions will be made. Even the waters are in turmoil. Even the waters are in turmoil. I have brought you to this city to determine the course of war of waters. I long to be an authority over waves and seas. Even now the water is being churned and conflict is going forth. You have authority to determine what that course will be. And adversity on the waters will not bring defeat to my covenant plan. You know, as I was reading that, Clay, when it speaks of the waters, I don't recall, there was probably a storm. Maybe there was a hurricane brewing. I know it went to bed in February, but there was something that was being seen in the natural with waters. But when I was reading this again just now, I believe it's the waters of birth. We have had so many words here in Texas over the last few weeks that the Lord was about to birth something and it was crowning already. And it was for the establishment of his righteous government into the midst of our government in the land. And we had been praying for this birthing to take place. Well, as we know, when birthing takes place, the waters have to break and the waters have broken. The birthing is coming forth and victory is here now, we agree with this word, Lord, decisions are being made, we are in that valley of decision, especially Mississippi, and it's a decision that will affect the direction and the future, the destiny of this nation, whether it will turn again back to a death structure or whether it will turn to a life structure. And we are decreasing today that Mississippi will take the lead, that Mississippi will be that place of decision. It will be the turning point. It will be the rudder that is down into the waters and will turn the ship of this nation back on a right course. It will turn us back into where we need to go and we will see victory in this. We declare it. We decree it dear, Lord, over Mississippi, over all of those who will be carrying this case as it comes before the courts this fall. But dear Lord, even as the briefs are being filed, even as those that are needing to present are getting ready, you are already churning up your waters in the midst of their waters and bringing them to an understanding of what is right, what is just, you are the one who holds the plumb line. You are the one who holds the measuring line, and you are the one who will shatter the stronghold of death and the stronghold of Sheol. You, O Lord, will accomplish life in the midst of death. And we decree that, we come alongside Mississippi from Texas on this and we say, let it be done, Lord. According to your promise. According to your word. Judge, dear Lord, life, in Jesus name.

Clay Nash [00:08:09] Amen, thank you, Tom, and thank you for the reminder on that, that word there is a witness, God said, let everything be done in the mouth of two or three witnesses and we have the dual witnesses there with those two words. that's powerful. I appreciate that. that added a weapon in my arsenal that I'm going to war with. Regina Shank...

Tom Shlueter [00:08:33] Well...

Clay Nash [00:08:33] I know there's things in your heart... Go ahead, Tom.

Tom Shlueter [00:08:37] I was just going to say you're welcome, my brother. Covenant Relational Covenant is going to destroy this beast. And that's what we need right now. So we are bound together, Mississippi. Amen.

Clay Nash [00:08:49] Yeah. Yeah. The victory is from Covenant. You know, when I shared this on several, but I want to say it again, when Jane Hamon released the word that this would be a year of conflict. My first thought was what was last year? But she said it'd be a year of contending. And the Lord spoke to me that those that contend with the conflict would do so from the victory of covenant or the victory of relational covenant. So thank you for that. Regina, you're on with us. What has Missouri got to add to Mississippi tonight?

Regina Shank [00:09:23] Well, first of all, I wanted to find out what Amoco's Curia (sp?) or how you say that...what that was. I didn't understand what it was. And so I looked it up for those that were ignorant of it, like me. It says that that represents a friend of the court, not a party to the case, who volunteers to offer information on a point of law or some aspect of the case to assist the court in deciding a matter that has come before it. And so that's what that is that's going to be filed and has to be filed by July the 8th. And so that helped me to know how to pray for the Justice Foundation, the Alliance for Defending Freedom and others that are mentioned here, Jay Sekulow and others. And so I just want to go ahead and pray for them as friends of the court. So, Father, I thank you today that we're all friends of the court and God, that we are coming before your court and we're asking Father for justice in this situation, Lord. And as they prepare those briefs, Lord, we thank you, Father, that you are giving them wisdom from heaven, God, that they are not writing it from their own understanding, but they are writing it from the understanding of the spirit of God who leads and guides them into the truth and into great wisdom. And so, Lord, I pray for their protection. I pray for their wisdom, Lord, I pray that God they will be ready when they need to be ready. And I also was feeling about, where it says pray for confusion, frustration and cancelation of satan's plans and the binding of the spiritual forces of wickedness, plead the blood of Jesus against the enemy and his plans. And so Ephesians 6:10 says to us to put on our full armor of God. And so we put that on tonight, Father, as we pray, we know that we can stand against the devil schemes, for we don't struggle with flesh and blood. But we struggle with rulers and authorities, against powers of dark world, against the spiritual forces of evil in the heavenly places. And so, Lord, I thank you that we are struggling against them. We're not struggling without power and that we are wrestling with these things. But Lord, you have given us power to overcome that which is coming forth in Mississippi. I agree with Tom's prayers, Lord, that Missouri stands with Mississippi, that Missouri is the "show me your glory state" and that abortion is not allowed. And so Lord I thank you that you are coming and you are bringing abortion to an end in America. that as the states come together to give their opinion, these states that have already banned abortion. Lord, I pray that that will be a witness to the Supreme Court justices of the United States. And Lord I also remind you of the cries of the 62 million five hundred thousand children crying out for justice. I'm reminded of the blood that was crying out from the ground when Cain killed Abel in Genesis 4: 10, the Lord said, What have you done? Listen, your brother's blood cries out to me from the ground. And even as these aborted children, their blood is crying out in America. Father, we pray for your answer to the blood. And I know your answer to the blood is the blood of Jesus Christ. And so, Lord, I'm asking now Father, for the blood of Jesus to be over those decisions that are made and the blood of Jesus would cover what is happening in that courtroom. And Lord, as those cries are crying out for justice. The only place that justice comes is from you, Lord. Because righteousness and justice is the foundation of your throne and Lord, where you rule and where you reign, justice comes forth. So we decree that you're going to rule and reign over that Supreme Court saying and God that a ruling will be made to ban the killing of our babies. Lord, we cry out About that tonight. even as the blood cries out there for you, God, we cry out as intercessors and we say, no more, no more. Our children will not be sacrificed to those gods of convenience. We say our children will no longer be sacrificed

on the altars of this land. And so, God, we're asking now, Father, you would intervene by the power of your spirit. Lord, send angelic help to {inaudible}. Father everything that's going on, God, we release your angelic help to surround the Supreme Court, to surround those who are bringing those briefings, God. to surround those who make decisions. And God, we know, Father, that you are right now setting things in order in America. That which has been out of alignment is coming into alignment, that which has been evil is being exposed. And father, you are restoring righteousness in this nation. So Lord, we pray. We will Continue to pray for Mississippi, that rudder on a big ship. And God, we also agree that you will cause that ship to turn this entire nation. And I know that you said in this briefing also that we're to pray, Isaiah 28:14-22. And so we're going to continue to pray that with our intercessors. And I just want to encourage everybody on this call to take that that was on this thing that you sent out, Clay, and to pray that every day for the next couple of weeks, at least until this briefing happens. And so Lord, we thank you for Isaiah 28. And we agree with it, Father, that you will make justice the measuring line and righteousness the plumb line. And hail will sweep away, your refuge the lie, water will overflow your hiding place. Your covenant with death in America will be annulled and your agreement with the grave will not stand. And so Lord, we agree with that. Father, you are coming and you are dealing with the mockers. and you are dealing with those who would murder their own children and you are bringing justice to a nation. And we thank you for it father in Jesus name.

Clay Nash [00:15:43] Amen. Thank you, Regina. Appreciate that very much, Pat. there in Illinois, land of Lincoln. What do you have to contribute to this?

Pat McManus [00:15:56] Thank you, Clay. And we link from Illinois, Texas, Missouri, Mississippi. And I know across our state we link our shields and our swords together to come in agreement with what is pursuing forth from Mississippi to the Supreme Court. And as I looked over the prayer thing and I went to Proverbs Chapter one in the Passion translation. I just want to read two verses, I'ma pray the second point for God's strategy, protection, wisdom. And so here it says in this Proverbs verse one and two: here are Kingdom Revelation. Words to live by and words of wisdom given to empower you to reign in life. Wisdom as as proverbs by Israel's King Solomon, David's son and in verse two within these things will be found the revelation of wisdom and the impartation of spiritual understanding used them as keys to unlock the treasures of true knowledge. Father, we thank you that these that are pursuing the Justice Foundation, the Alliance Defending Freedom, the American Civil Center for Law and Justice, Sekulow and others. Father, we pray for their families. We pray for wisdom. We pray for strategy. We pray for protection. Father, we pray for the revelation of what you want to see accomplished as they move forward with the purpose that you placed within their hand. Father, I ask that you give them keys of key kingdom revelation to be able to strategize to nullify the argument of the ungodly. Father, I ask that you give them keys to where they can begin to see the significance of how to you express your word. For you say in the word, when you're confronted, the Holy Spirit will give you wisdom, knowledge and understanding to deal with that which is confronted before you. So, Father, I pray that you would be able to give them insight, give them clarity, give them the words to speak with authority and power that there would not be anything that they can come up with to come against whatever is being said. I ask Father that the strategies that you give them is true, divine aligned strategy that would give them clarity to speak with authority. That father, you would protect their families, that you would protect their businesses. And father, I ask you, unlock financial breakthrough for these that are moving forward and cause the acceleration of income to come upon them to where they're able to stand. And father the donors and those that are aligned with them will stand with such authority and power that come in

agreement with them. So father, we thank you that you are positioning them with a greater clarity of insight and understanding and the authority to speak your words with clarity and with power that would truly cause this case that's being brought before to have the resolution, father, that you want to see done. So, Father, we thank you that life is important to you, Father. Life is important to us. So father, we declare this day, let the children be born in our land. And father, we say let the light be released according to the purpose of your word and father, give these men and women to stand with authority and with significance, with determination and a backbone to speak with power in this hour. So, Father, we thank you for the wisdom, the words of wisdom that you give, the words of revelation, you impart, and the spiritual understanding to unlock everything that needs to be unlocked. Thank you for the treasures that you are unlocking for them to be able to move forward in the purpose of what you want to do with them and through them. Father, I agree with what Tom declared. I agree with what Regina declared. Father, let your kingdom come. Let your will be done on Earth as it is in heaven. And Father, we give you praise. In Jesus name. Amen. and Amen. Amen.

Clay Nash [00:20:07] Thank you, Pat, for that, and I just declare over everyone of the Supreme Court justices is these briefs are being filed as the conservative pro-life lawyers are bringing forth legal structure to this thing, that they be reminded of their children, they be reminded of their grandchildren. They be reminded of their friends, children. They be reminded of life in the womb. father let testimonies of their children when they were having a child, let testimonies of things that happened while that child was in the womb, let it rise up within every one of these justices, let it rise up in them. Let it bring a holy conviction to their heart. Let them dream about babies being born healthy. Let them have dreams about babies crying out and praying to live. you can use the dream life of people who have hardened their heart against you, Lord, to bring an awakening. And so I declare godly dreams over every one of the Supreme Court justices. I declare holy fear and conviction coming up on every one of them. I declare memories of even when they were children, good things that happened to them, father, that shows the value of their lives, which is the same value of every life conceived in a womb. So, Father, we lift that up and we declare it to be so and we declare there's a changing on this court. We declare there's a changing on this court, even as they rule about those that have entered our country illegally cannot obtain a green card. And all nine justices were in unity on it. We declare there's breakthrough coming from this nation and out of the Supreme Court. Let us keep praying, lifting them up, declaring and decreeing over them and see this turnaround take place in Yeshua's name, Amen.

Jacque Tyre, there in Georgia, a governmental state. What are you going to add into this for Mississippi?

jacque Tyre [00:22:22] Amen. I was actually opening up Clay that we are governmental gates state and many will or will not know that Doe versus Bolton, that was the companion case to Roe v. Wade, came through Atlanta, through Georgia. And so we have done much repentance here over that. Many prayer initiatives and strikes by countless numbers of people dealing with that issue. And I believe that part of our governmental gate state authority at times has been hijacked by the enemy because we were not even aware, but the enemy was aware. But now we are aware. We have repented. We have pled the blood of Jesus over that. And I believe God has given--has granted that forgiveness. And so now we stand in the governmental Gates state to declare what the will of the father is. And the second piece of that in the 50-state tour here in 2003, one of the phrases that was prophesied by Dutch sheets was that, speaking of Georgia, said where the womb will no longer be hostile to new life. And so, father, out of this governmental gate state, we

declare and decree coming alongside Mississippi, coming alongside Texas, coming alongside the pro-life states in this nation, the pro-life voices in this nation, we declare and decree that the curse of death through Doe versus Bolton and Roe v. Wade is reversed in the name of Jesus. And there is a movement of the wind of Holy Spirit blowing into the Supreme Court to cause a reversing of that which has produced death to produce life. I declare and decree that over these filing the amicus briefs and I would specifically pray over Jay Sekulow reminding the court of Heaven that Jay's first Supreme Court victory was out of Georgia. He was coming out of Georgia. He lived here and he filed that case and fought it out of Georgia for Jews for Jesus to be able to testify and to begin to be able to share their faith in the airports and in other public arenas. So Lord I remind you of the victory that was brought forth out of this lawyer from Georgia. That as he files this and as these other groups file their amicus briefs, as they stand to defend life, as those things that are coming forth, that they will have a clear sound, there will not be a divided sound, but they will have a clear sound that is rooted in the fullness of the law, that will stand the test of law, and that even as Clay decreed over all of the Supreme Court justices that the Holy Spirit moves them according to the will of the Father, but also in alignment with the law of the land, that they will see how things line up and they will make a decision that is for life in Jesus name. And out of this state Father, I declare and decree that out of Georgia, but also across these United States, that the womb will no longer be violent to life, but it will receive life and bring life forth into full term maturity. We declare and decree father in the name of Jesus that life is coming forth. That there is a pursuit to protect the most vulnerable among our society, the baby in the womb. God, that there would be a birthing across this nation of compassion for children and for the infants. A valuing of life, Lord, that there would be a movement that comes by the birthing of Holy Spirit in this land that would cause children to be valued and honored, and that men and women, young and old, would stand up and defend the purposes of God and each and every life. Father, I pray over those even out of Mississippi that are bringing forth this case into the Supreme Court, that they would have a clear sound to defend their case and Lord, that the ears of those hearing the case in the Supreme Court would be open to hear truth that their hearts, where they have been hardened, some of them in been hardened in years, gone by by the God of this age, that has propagated that abortion is a right and it is a woman's choice, Lord, that their hearts would be strangely warmed inside of them, that they would be pricked with the power of Holy Spirit. I plead the blood of Jesus over the eyes of each of the Supreme Court justices, that where they've been blinded, they will no longer be blinded, but they would see and it would come into an agreement with truth. Father, we do pray that you would move in such a way in the Supreme Court that it would silence the voice of the opposers, of the accusers and the naysayers and those that have their heart set on death that you would so move God that they would be silenced in the name of Jesus and father I pray finally that you would shield all of those that are involved with this case, those that are filing briefs, those that are making their appeals and writing out their cases, Lord, even over the Supreme Court and all of the supporters, even those that will sign the moral outcry documents, God, that you would shield us all around, with a shield of Holy Spirit to not be turned to the left or to the right by the sounds in the world. But we would only be moved by the sound of Holy Spirit. God, release your wind into this nation and let it be said that by the beginning of the new Hebraic year, when this case will be heard in the fall of 2021, in the birthing of the year of the year of 57..., I've lost the count of year...82...of 83..., Lord, that there would be a birthing of a new wind of life in this nation. In Jesus name. Amen.

Clay Nash [00:29:35] Amen thank you, Jacquie, thank you for adding that to Mississippi's case there.

Brother Jim Hodges, so good to have you on with us tonight. What's in your heart sir.?

Jim Hodges [00:29:49] Thank you, Clay and team. I want to share briefly from Proverbs Chapter eight, verses 32 through 36. It's the last line that grabs me, but I just feel that the context is so important. The word says now, therefore, oh sons listen to me. Blessed are they who keep my ways. Heed instruction and be wise. Do not neglect it. Blessed is a man who listens to me watching daily at my gates, waiting at my door posts. He who finds me, finds life and obtains favor from the Lord, but he whose sins against me injures himself. All those who hate me love death. And I want to just say the encouragement in my heart concerning this issue being brought forth again in our nation, because to me it's the core evil. That's got to be dealt with before all that we've been praying for the Lord to release in our nation and the Earth is fully released, and I'm excited because I believe we're seeing the Lord rally a team, not only for those who are praying; "Ekklesiars", legislating and adjudicating, covenantally based on the word of God and revelation, but also men like Jay Sekulow and others who are not only pro-life, but they are pro- Christ and they're at the forefront of this battle. And I don't know historically if we've ever seen the convergence of this spiritual government and if you will, lawyers representing civil government come together to deal with this. And to me, it's interesting and just worthy of a note here. We've been reminded and I basically was ignorant of this fact because I'm not an expert in political science by any means. But I heard through people who know and who teach law that if we had to take the most drastic step in dealing with this hideous tragedy of abortion, we could impeach the judges and the impeachment of judges, even Supreme Court justices is a much lower threshold than impeaching a president. Even if it's just a behavioral thing, these are matters that are being considered and prayed over, if we have to go to something of that magnitude to deal with this murder of preborn babies. And some of you may know Dr. Cynthia Dunbar, she worked in Texas. She's from Texas with David Barton on the textbooks, which, of course, textbooks in Texas influenced America greatly. Tom can tell you more about than I. But I just want to say that Cynthia has already begun a ministry and has launched it at Cape Henry, Virginia. By the way, she taught law for several years at Liberty University in Virginia, the evangelical school. But she had many students receive Holy Spirit under her ministry. So she's a go-getter. She knows her law. She knows her history. So I'm just throwing that up to say this battle is going to be ongoing, but we are going to prevail. The core evil is going to be conquered in our nation. So, Father, tonight we are asking you, as you brought Moses out from the bulrushes of the Nile River, as you brought the life of this leader out of the river, we ask you to bring life out of Mississippi and the Mississippi River, that is represented by the name of the state, this most prominent river in America that has all these tributaries, we're saying out of this river is coming life. Out of this whole case presented by the state of Mississippi. The rudder of state is coming life. And tonight, in Jesus name as Ekklesia, we say to the rudder: turn. Turn now, so America is turned toward life and the God haters will be defeated on the grace of God and the lovers of life shall stand and glorify the Lord of life and release the greatest awakening our nation has ever seen in the name of Yeshua Jesus. Amen.

Clay Nash [00:35:02] Amen. thank you, Jim. Appreciate that very much. You know, if you look at a map of all the tributaries that make up the Mississippi, it looks like two different things. you look at, looks like the tree of life. But you look at it, it also looks like the placenta in a woman's womb. And I have a painting of it on my office wall. And so there is life there on what you just declared. And we stand with that. Timothy, there in Louisiana. What do you have in your heart to contribute tonight?

Tim Cascadden [00:35:36] Thank you, Clay, it's good to be with you guys tonight, and for all the callers and all the listeners in tonight, we honor you for standing with us on this

issue. It's been a cry of my heart for many years. I'm on the local crisis pregnancy center board here and have been for many years. And we fight in our region for that. And I just want to give a quick testimony and then declare scripture and then pray. But, you know, Louisiana, the sister state to Mississippi, and we've been fighting with them on this issue with them for a long time. But, you know, Louisiana at one time was not a very pro-life state. And we just began to contend like what we're doing tonight. And we have seen some major shifts within our legislative branches where it moved them in the spirit through our prayer and intercession and crying out like we're doing tonight. And I remember years ago when we were having some legislation in the Senate and we were, we really needed the vote-- pro-life vote. And I remember the key senator stood up and he made an announcement that, you know, if you vote for life, when you put that green light up on the board there, you're voting for life. But if you put red, which is against he said you're voting for death. And the chamber voted and we only had one person vote against it. And as they were leaving the chamber, we had lobbyists there, people that were fighting for us. They heard senators walking off the chamber floors and they were saying, I don't know why I voted that way. I didn't mean to. And the Holy Spirit really literally directed them and made them vote for life. The fear of God came in the chambers and they voted properly. And that's what I'd love to decree over the Supreme Court that the same fear would come upon them and that they would have the fear of God and to see that they're voting against what God is created in the earth. And that is our cry. You know, we stood out in front of that Supreme Court. I've been with Lou Engle many years ago, where we stood in front of that court and I remember we had that red tape over our mouths. And he said that Judge Thomas met him one time and said that please know that you guys out there with that red tape, it does make a difference and it's made us think, its made this whole court think about what we're doing when we make our decisions. So I know it is affecting-- I know James Dobson has said of all the cultural issues in America, he says this is the one issue we had the most likely chance to overturn in court. He's been saying that for many years. And so we want to come in agreement with that. And the Psalm I have is in Psalm 82 out of the passion; the decree of true judgment and is says this. It says, all rise for God now comes to judge and he convenes heaven's courtroom. He judges every judge and rules in the midst to God, saying, how long will you judges refuse to listen to the voice of true justice and continue to corrupt what is right by judging in the favor of the wrong. Pause in his presence, defend the defenseless, the fatherless, the forgotten, the disenfranchized and the destitute. Your duty is to deliver the poor and the powerless, liberate them from the grasp of the wicked. But you continue in your darkness and ignorance while the foundations of society are shaken to the core. Didn't I commission you as judges saying you are all like gods. Since you judge on my behalf, you are all like sons of the most high and my representatives? Nevertheless in death you are nothing but mere men. You will be laid to the ground like a like a prince and you will die. All rise for God now takes his place as judge of all the Earth. Don't you know that everything and everyone belongs to him and nations will be sifted in his hands. and that's a Strong Psalm but I want to decree that God has commissioned these judges to defend the defenseless, the fatherless, the forgotten, the disenfranchized and the destitute. And that speaks of the unborn very clearly. So Lord, we decree that tonight as we all come together to pray, and I pray for that fear of the Lord that we experienced herein Louisiana or in our legislative branches. And Lord, they have voted properly and shifted this state, become a very pro-life state and we honor that. But Lord we just say what you did here is a first fruit, let it be done in the nine Supreme Court justices. Father, I pray that there not be one among the nine that is not touched by the fear of the Lord. Lord I am not satisfied that five would be touched. May they all nine be touched by the very fear of the Lord. Let them understand that they are mere men in your eyes and you are the judge of all the Earth, and you will judge them accordingly. Let them have that revelation that they are being judged from the highest court, the courts of

Heaven, and that Lord, their decision has eternal consequences upon their own lives. And I pray that God as they do, and they will do what is right. Lord, we thank you in advance of your love for these unborn and for the children that will be saved, for the leaders that will come forth, the delivers that will be born, lord that will be saved from these precious women's wombs and the seasons ahead. Lord, we thank you for that. We honor your father and we decree that you are going to move on our behalf. And we ask that Lord it moves in those chambers in the name of Yeshua, amen, and amen.

Clay Nash [00:41:23] Amen. Thank you, Timothy, appreciate that. I know Louisiana has been battling this very strong, as many states have, and we appreciate the strength you just brought into this. Greg Hood, there in Mississippi. What in your heart?

Greg hood [00:41:38] Hey, Clay, man, thank you so much for having this call tonight. you know, I was just praying over this and I just came to the realization, you know, there's a time to teach and then there's a time to pray. And this is one of those times that we dig our heels in and pray and i was asking the Lord for a scripture. i went to one that i never really paid a lot of attention to. But its Deuteronomy 27:25. And he says, first be anyone who takes a bride to shed innocent blood. And all the people shall say amen. So when I saw that, the lord just dealt with me, there are so many that are just there doing their thing that man and wife do together, and they have no conscience about shedding the innocent blood. And as you were giving us these prayer points today, I just felt the Lord all over this in the aspect that God is moving and God is shifting our nation because of the prayers of the Ekklesia, the decrees of the Ekklesia. And we're on the threshold of one of the greatest overturns of a court decision in the history of our nation. And I just want to stand and agree with that tonight and pray into this tonight. And I want to just do what you've written in some of these prayer points, Clay, and remind the Lord of the 62 and a half million aborted children who are crying out for justice. God is a god of justice, and he can show mercy to our nation by bringing justice for those the blood of those children that are crying out. So, Father, tonight, I just thank you. I thank you, Father, that you are a god of justice and that a righteous judgment in the direction of pro-life would be a blessing over this nation. It would be an answer to the cry of the blood of those innocent ones that has been shed over the many decades in this nation. And Father, I know, dear God, that as America goes, so will go the other nations of the world. Father, I thank you tonight, God, that you are bringing this confusion and this frustration, this cancelation, Father, concerning Satan's plans that he has, Lord, to keep the flow of innocent blood flowing in this nation. Father, I thank you. Today, confusion is sent to the camp. The enemy confusion and frustration is sent there. And father, they will begin to even wander around in circles wondering what they should do. And we just decree today, Father, that those that are making these briefs and writing these briefs that are contrary to life, Father, they will write out of confusion and they will sound like a mad man when they are read to the court and the court will the court will begin to decide. Father, on behalf of life. Father, we thank you tonight. That Dear God, as we come together that the ones are putting a thousand to flight, two are putting Ten thousand to flight, father. And we thank you for that tonight in the name of Jesus and the thousands that are on this call are putting an innumerable amount to flight tonight in the name of Jesus. Father, I thank you for all of these nonprofits and these organizations that are involved in this fight for life. I thank you for blessing them. I pray that you give laborers to them for the harvest of the victory of this fight for life. I pray, Father, that you bring the supernatural resources that they need to continue this fight at the highest level in the highest court of our land. I thank you, God, that you are giving them open doors in the hearts of the judges as they argue these cases father from the Mississippi court levels. Father god all the way up to the Supreme Court levels. Father, I thank you Lord. That favor is filling the hearts of these judges for life. Father, I thank you that you are not only just

giving the open doors, but father, you are causing like Tim said, people to begin to side for life and don't even know why they're doing it. So Father, we give you praise for that. and father I pray tonight that you would give America as we are praying for life and we're praying for the fruit father of these bills, or of these arguments rather, and these briefs to come to the place that they produce fruit for life. I thank you, Lord, you're giving America lasting fruit. Father, as this is overturned in our nation. Father, you're giving us victory after victory after victory. I decree tonight it will never be turned back to death, but life and life will shine forth from this forevermore throughout dear God, the history of this nation. And Father, I just agree tonight Lord with Isaiah 28:14 to 22, for the next 30 or 40 days all over the state of Mississippi. Lord it is fulfilled, it is filled its brief's, dear God, with power of the Holy Spirit, Father, all of these things that are being written on the side of life will be filled with the power of Holy Spirit, Father, there will be an anointing on those that are reading it and father an anointing on those that it is read by. and father, i thank you, Lord, that these words are going to capture their heart and the power of your spirit is going to turn their heart. And father, you will swing a quick battle ax to cut the route of abortion out of this nation. So, Father, tonight we agree with the thousands on this call and we agree, Father God with those that are working and laboring for it--life comes to America. Jesus, you are the resurrection and you are the life. You are the king Over this nation, we have declared from the foundation of our country there will be no king for America but Jesus the Christ. So we stand in that tonight. We agree on that tonight. And we thank you tonight, Jesus, that you are taking your rightful position in this battle for life, for your blood has brought restitution and it is brought reformation and restoration to this nation from these evils that have been here. So Father thank you for this tonight. Thank you. Thank you. Thank you, Father, for the overturning of death and life springing forward in this nation forevermore in Jesus name. Amen.

Clay Nash [00:49:01] amen. Thank you, Greg, strong declarations there, I just want to say that I want to thank Marion Neal. She's a governmental leader in the state of Mississippi, a strong leader for her contribution of these points and things. With that, she sent out an email and they were spot on, as always. And so, I just want to Honor her, actually had invited her to be on the call tonight, but she was busy, it's election day in Mississippi and she was busy down in the Delta, but we bless her and bless what she's doing and how she's standing. Father we thank you for tonight's call and we seal it. Father, we take the words that have been declared. Heavens, will, that has been decreed and we come into agreement with it and we thank you, Father, that the turning, the tipping point is here about abortion in this nation. We thank you, Father, that has been prayed over to the Supreme Court, just let your conviction be upon them as a weight that they can't even lift their feet off the floor until they yield and surrender to your will. Now Father, I bless every person on this call, I bless the hosts for their contributions. And we stand in agreement with the state of Mississippi. We stand in agreement with the pro-life lawyers, that are battling from the Constitution about this. We stand in agreement. We bless them, give them words of knowledge, give them words of wisdom, give them supernatural insight and understanding as they file these briefs, let these briefs stand, let it bring conviction and let them bring a turnaround in the state of Mississippi and let that be the rudder. But also let it be the domino that will cause many others to fall. We bless you tonight, Lord, and we ask that you bless everyone on this call and those that will listen to it later by recording in Yeshua's name. Amen. Let me say this. We're going to transcribe tonight's prayers and declarations; decrees and it'll be posted on the website. There was a lot of strength in these and maybe you're on the call tonight, you heard them, but you've got friends that might want to just read this and begin to pray and come in agreement with us, help us get those circulated out. I'll see that Lakeshia is on it as quick as she can and get them posted. The recording will be posted tomorrow where you can... We'll be back on the wall

tomorrow at 2:22, ask you to...I thank you for your faithfulness. I ask you to join us again. We're going to be declaring and decreeing and warring from the victory of covenant and out of the promises of God. God bless you. Thank everyone for being on. And look forward to being with you tomorrow. God bless you.
