

## Triumphant Prayer Call for Righteousness 2021-07-06: Tuesday Night Prayer Call

**Clay Nash** [00:00:25] Well, good evening, everyone. It is 9:00 p.m. Eastern Time tomorrow on our Tuesday night call, and I'm excited about it. Last week, after about 40 minutes of praying, decreeing, sharing, we tapped into a prophetic vein. And we're not going to make anything happen tonight. But we're petitioning the Lord to release some prophetic words over areas, regions, territories, states, cities for the nation. And if you missed last week, it's not only recorded, but it was transcribed. You can find it on my website: claynash.org I want to thank all the hosts who are on tonight. And I want to thank all the participants who are so faithful to call in to be a part to add your declarations, your degrees, and, of course, your power of agreement. One puts a thousand to flight, two puts ten thousand. And you, the participants that are so faithful to this call are causing the very dynamis of God, the authority and the power of God to be released through these calls. And so I want to open us in prayer and Tom Schueter, I'll call on you first and have you, you know, just start praying what's in your heart to pray. But if you get a prophetic unction release it. Father, I thank you for tonight. Thank you we've moved in July. We've celebrated our independence by placing our dependence upon you. We thank you, Father, for what you're doing this nation. I Thank you, Father for every lawsuit that is being filed against the Biden administration, I declare Lord, along with what I heard heaven say, that these decisions and policies and executive orders that Biden is signing and doing will become a mockery. And so, Father, we stand in agreement with what heaven has spoken and we come into agreement with that and we say, do it, Lord. Now, Father, be with us tonight. Give us insight, give us instruction, but give us father words that we are to declare and see things established. But give us prophetic utterances Father that we are to release. I thank you for everyone on the call. I Pray protective head of the blood of Christ and the word of God around them. And I thank you, Father, for the strength of our nation being shown through the Ekklesia who are battling from your promises and not just for your promises. Father, I ask that you give, not just on this call, but across the nation ears of discernment, to be able to tell the voices that claim to be prophetic, that are just releasing words that cause people...its what people want and even what Heaven wants, but Father, they're not filled with authority. They're not filled with grace. They're not filled with your power. So, Father, we just release our self into your hands this night, and we declare your power will be displayed through the prophetic unction's and words and decrees and declarations that have come forth this night. Do it now, Lord, it is finished. You told us recently through a prophetic word that "it is finished" strikes terror in the heart of the enemy. So, we declare tonight, even at the beginning of this call: It Is Finished. Do so in Yeshua name, Amen and Amen. thanks again for everyone that's on. We just so appreciate your faithfulness. Tom, good to have you on with us tonight. What's in your heart? Just open up with the things you want to pray. Or any prophetic insight that God has given you.

**Tom Schueter** [00:04:35] Amen. Clay it's really good to be on with you all tonight. I really regret that I wasn't able to be on last week when that was being released. But obviously, as all of us need to do, we need to listen. We need to read the transcripts. We need to pull those words down into reality, because those were prophetic words. They weren't just given to us to make us feel good, to make us feel like, well, we can make it now. They were literally meant for us to grab a hold of by faith and to say, OK, this is what we will be doing in this hour and I'm not going to repeat Dutch's word. It is on the transcript, but we have already been beginning to take it very seriously. We've already had at least one tribunal meeting here. We've had people throughout the state that are praying into that

word. And I just want to encourage people that you need to do that. You've got to grab a hold of these words and begin to speak them out and begin to grab them by faith and let them be released. A couple of things, Clay, that just really stirring in me. First off, if people, they need to make sure that they listen to the recording from the 222 call today, just amazing revelations regarding the altars and that is still swirling in me. It has been with me all afternoon. It's just one of those words that you can't let go of. And so, I know that that's extremely important. And I wouldn't be surprised if there's not more that the Lord's going to be revealing regarding altars in the nation. But what is really on my heart is I was listening to the gathering that was held there at the Grand Ole Opry in Nashville, and especially when Dutch was speaking. I want to share into something that was going on when he was sharing that with the crowd, because he was obviously talking about Pharaoh, he was talking about the wheels of the chariot are coming off. He then started proclaiming that this spirit of pharaoh, the pharaoh spirit, is dealt with. It is finished, as you've already decreed, Clay, it is finished. The wheels are coming off. And I was just exploding in my spirit when he was sharing that. And therefore, right after that, I just want to read what I wrote to him. And I don't know if Dutch is on tonight, but this is what I wrote to him: Just finished listening to the prophetic words from the Grand Ole Opry. As you were speaking, the Lord reminded me of the word that he gave regarding the assignment for Texas and the dismantling of the pharaoh's spirit. Here's a couple of paragraphs from my newest book which spoke of that. I'm sensing in my spirit that this is one of the main things that we need to do and deal with right now in Texas. And here is the two paragraphs. The Lord, through his prophetic revelations to us, has given us the ability to dismantle strong powers and principalities of darkness. I share next an experience that I had in the state capital of Texas when the Lord literally took me into a third heaven location. In the spring of 2016, we were praying our normal prayers of blessing and wisdom over the leaders of our state and nation. In the midst of our prayers, I was lifted up above the gathering of intercessors, and I was told in no uncertain terms that we were not to pray that way over those leaders. The Lord revealed to me the Pharaoh's spirit or structure behind the governmental leadership of our state and nation. He commanded us to go to a new level of apostolic and authoritative prayer to dismantle this structure. as we did other over the next several months, we witnessed the shifting of our national government via President Trump and the eventual announcement of resignation by two key leaders of the Texas House that have been taking the state in the wrong direction. But God made it clear that we are a significant part of the ongoing dismantling of this false structure in our nation. So, the Lord would say tonight, I am indeed finishing the task. I am indeed taking the wheels off of Pharaoh's chariots and off of all the other chariots. But the Lord says do not think that this is limited only to one certain aspect of government. Don't limit it, the Lord says, to national government. This is the Lord saying, I am dealing with this pharaoh spirit across the nation. I am releasing my power against him. I have loosened a hard heart into each of those that are leaders that I am dismantling in this hour. I am sensing this specifically. I am seeing Wisconsin in my spirit. I'm seeing Illinois in my spirit. I am seeing other states. {Praying in tongues} California is in his sights. They are strongholds of Pharaoh that have dwelled long enough in capturing the intents and purposes of the destiny that I have for my Ekklesia and for this nation. It is finished tonight, says the Lord. I have decreed, and I have heard your decrees of dependence upon me as you gathered for the Fourth of July. I am bringing forth the end of that which I have promised you from the beginning would come to an end. It is finished. Watch as the wheels of these false governments begin to come off of their chariots. They think that they are chasing you into an unknown place where they will be able to destroy you, but they will be covered up by the very waters of Almighty God and you will see them no more. I am releasing my power against Pharaoh. I decree that tonight from Texas. I decree it from the authority that he has granted us that he says, I don't want you praying any more like you used to pray. I don't want you just asking for peace. I don't

want you just asking for good things to happen to bad leaders. I am asking you to authoritatively say: Now, this is the end of your reign. This is the time when I am closing the waters over you. Pharaoh is coming to the moment of demise, says the Lord in Jesus name.

**Clay Nash** [00:11:18] Amen, Tom. Thank you. Thank you for that. Pat, you're with us there in Illinois and there's just something strong on Illinois for such a time as this. What's in your heart tonight? you don't have to prophesy over Illinois, but just what's in your heart? I believe Illinois is carrying, as all of the states, a strong governmental authority. So I'd like to call on you now.

**Pat McManus** [00:11:46] Thank you, Clay, for the opportunity to just share and as you started out releasing the finishing and then Tom began to decree it and prophesy into it, and I wrote down as I was starting out, I said, Father, we come into agreement and alignment with the heart of a finishing anointing. And I looked up the word finished and it says to terminate and so to be able to terminate what needs to be done, but to come to an end, course, task or undertaking or to end. To end. Just bring to end. And so I look at Illinois, that Illinois is coming into a clear understanding of its identity significance because there's a resetting that truly is beginning to take place and the fault structures are beginning to crumble. And as I began to look at that, I look at Malachi in chapter one, verse 11. It says: to the rising of the sun to it's going down. My name shall be great among the nations and every place increase shall be offered to my name. A pure offering, for my name shall be great among the nations, says the Lord. So, Father, we declare this day in Illinois that the nations that are represented from this state, that father, they will come into a clear understanding of what it means to have the finishing expression be released upon our land. That Father, there will be that finishing or the terminating of the false government that functions from the border of Wisconsin to the Ohio River and from the Indiana border to the Mississippi, that the true undertaking of the values of what you want to see established within our land that that is going to be ignited because of this word. There's a sound coming from the south going to come up through the state and enter in and penetrate Chicago. And from that place the expression and the power of your glory will be seen. And Father, you said back about eight years ago, Aurora is where I live –draw a 50-mile radius and I'll release an explosion of my glory. So, Father, we declare this day that that has been established because father, when that prophetic word was declared, no one knew that we actually staked the center of the city. So, Father, we declare that that prophetic promise that you have declared over the state of Illinois, the explosion of glory, the sound of awakening coming from the south and the north and truly bringing in that which needs to be done. And we declare this day that the false government, ungodly government in Illinois, we declare this day, you're terminated, you are done, you are finished. So, Father, we release the finishing anointing of the church coming into its true order. And we decree the alignment of heaven to be established in our land. And that, father, there will be the purpose of your word to be fulfilled as we move forward in the fullness of what you're about ready to do. So, we say, father, and the word that was declared when Clay came, when we were down to southern Illinois and began to move up through, father, we declare this day, let the sound of awakening begin to move with a power, with authority and with purpose, to truly dismantle the false government. Truly to Order of your heart will be seen upon our land. So, Father, we thank you. And we give you praise in Jesus name. Amen and Amen. Thank you, Clay

**Clay Nash** [00:15:16] Thank you for that very, very strong. Regina, I think you...You're on here. You've got something. for Illinois. Go ahead with it.

**Regina Shank** [00:15:27] Yes, I do. And I hope Pat's still on. What I heard was the praying mantis is going to destroy the preying menace P, R, E, Y, I, N, G. And I heard the Lord say that because of the prayers of Pat McManus and those with him and the decrees that have been made over Illinois, that which has been preying as a menace in that state is being removed by the power of those prayers. And the Lord says what has been harassing you will no longer be harassing you for I am moving in a mighty way and I'm toppling the altars of man's desire, and I am causing the altar of those who have placed their lives on my altar. And it will altar that entire state. For the Lord says Illinois is on my radar. Illinois is being visited even now in some places that are unlikely. But the Lord says, I will not only visit those places where I want to pour out my spirit, but I will also tear down that was just built in the name of man, for I will be exalted in the state of Illinois in Jesus name. And then I have a prophecy actually for those states along the Missouri river. I heard the Lord say that the Missouri River has had trappers along her shores for years and they really were the first ones to come in and explore the Missouri River. But the Lord said the states along the Missouri River, I am sending new trappers and they will trap the enemy in his own traps, for I am coming to those states along the Missouri River and I am causing my spiritual trappers to begin to trap the enemy that has set up sabotages along that river. And the Lord says that river will flow with my river, for I am with you, says the Lord. And those states along that river will have a visitation of God and the enemy will be trapped in that place in Jesus name. I also felt like the Lord was wanting to encourage everyone on this call to not only prophesy what you're hearing from heaven, but the decree and I know we're talking about that, begin to decree the redemptive side of your state for the enemy is trying to hook onto the other side, the dark side of the things that that state has been involved in and bring those forth. But the Lord says, if you will, pull the redemptive prophecies from that state and the purposes of that state and you would pull them forth and begin to decree them, it will give them more power to overcome the enemy's plans for your state. And I wanted to decree into my own state. I decree to you, Missouri, that you are the show me your glory state. That no weapon formed against this state will prosper. And even though the enemy has been looking at it to try to destroy it and set up that which he wants to do, the Lord says, no way. No way can that happen in the state of Missouri. And Lord, we thank you that the people are rising up and they are saying, no way. That will not happen on our watch. And Father, I thank you that the intercessors are praying for this state. And the intercessors are rising up and they are saying it is time, it is time for the outpouring and for the prophecies that have been put over the state to come forth. The glory will rest on this state and the enemy will not be able to blow it away with his devices in the name of Jesus.

**Clay Nash** [00:19:15] Amen. Thank you for that, Regina. Appreciate it very, very, very much. And, you know, Montana is one of those states that the Missouri territory; drainage territory, is part of. And I heard as you were speaking to the state of Montana: I have positioned you at this time to become a loud voice. For many think of Montana as a place that is barren across the state, but the Lord said it's not about many, but it's about the clarity of the voice that will be released from Montana. The Lord said, people of Montana, press in, Ekklesia, press in, praying church, press. For I'm about to release a new sound out of Montana and that sound will be heard across the nation. It will be even as the water flows down the Missouri into the Mississippi and even into that which the French call the Bay of Holy Spirit. I'm about to release a sound that will do the same, says the Lord. Get ready and understand that I am about to reveal a strength out of Montana that will cause the nation to become stronger, says the Lord. Amen, thank you, Lord. Thank you, Father for that. I'm trying to... David Hertel, are you with us?

**Tom Schlueter** [00:20:49] Hey, Clay, can I jump in for just a second real quick again?

**Clay Nash** [00:20:53] Yeah, sure, Tom. Come on.

**Tom Schlueter** [00:20:54] Yeah, I just, I don't want to miss this, especially after what Pat was sharing when we did our Golden Thread Journey around the state of Texas. Obviously, we were up in the panhandle area. We've done a lot of assignments in that area up there. A lot of people don't realize that a lot of corrupt Chicago financiers and businessmen back in the 1800's came into the panhandle to buy up the land for cattle, for oil and all for those purposes. And it was very corrupt. Matter of fact, one of the deals that was made was that about a million acres was given to certain Chicago financiers in return for them helping to build the state capital. There's a small town in the southern portion of the panhandle called Lamesa. And just right outside of it is a little town that used to be called Little Chicago. It has always been, that area has always been infiltrated by drugs and craft and all sorts of evil that has taken place. Well, as we were going through our thing, I just wanted to speak this back in Illinois and especially into Chicago. And I hope that Pat is still on too-- is that we broke the curse of that which took place. The Lord broke that curse, and the Lord commanded us to send back to Chicago. Not a curse, but the blessing. So, we send back a blessing to Chicago. We send back a blessing from the panhandle, which is called the crown of this state, and from the Lubbock area, which is the voice of this state. We send that back to Illinois because the Lord says, I'm not through with Illinois, I'm not through with Chicago. People have given it over to the enemy. They say there's nothing can save it. But the Lord says, you watch what I do with Chicago, I will cause it to be a very windy city. It's going to have winds that are beyond the record in the coming days. And it will be a sign unto you that I am bringing fresh awakening and revival to that city along Michigan, the Lake Michigan. I am bringing revival, says the Lord. I'm going to blow away the corruption. I'm going to blow away false leadership, and I'm going to restore my city that I have called after my name.

**Clay Nash** [00:23:23] Amen. Thank you, Tom. Strong there. Before you even said it, I heard the Lord say, Lubbock, Texas, I have bobbed you. I've staked you and you now are staked for the state of Texas, but also for the nation. For there is a governmental release that's been building, building, building, building. But the Lord said you shall be known as Old Faithful, for there is about to be a geyser of prophetic words come out of the Lubbock region that's going to cause things to come to critical mass. So those there in Lubbock stay on the wall. Be faithful to be watchmen, but also be faithful to make the decrees and declarations that I'm placing in your heart. Get them out to the right people, not just out to people. And I will cause the fate that those that hear, in faith, to rise up to a new level, says the Lord. David Hertel, you're with us on here. What's in your heart?

**David Hertel** [00:24:27] Yes, sir. I just appreciate getting to listen and agree with the decrees and the prophetic. But no, no prophecy. I'm not carrying one right now or no one over a city, particular region or place. But when Tom was prophesying the end coming to Pharaoh's control, I just had a couple of scriptures that are more relevant now than ever. Many, many, most people are very familiar with them, but they just have even a greater meaning. Mark 11:22-24 Jesus said to them, "have faith in God for assuredly I say to you whoever says to this mountain...". And now we're seeing the mountain more clearly than ever as that that kingdom, a kingdom of some kind of man or something. Jesus would probably be addressing the Jewish religious system at that time. And there are so many systems now that are being addressed by the Ekklesia. And he says, if you'll say to the mountain, be removed and be cast into the sea and don't doubt and does not doubt in his heart, but believe that those things he said will be done, he will have whatever he says. And therefore, I say to you, whatever things you ask when you pray, believe that you

receive them, and you will have them. And I just want to link that to Isaiah 2:2: Now, it shall come to pass in the latter days that the mountain of the Lord's House shall be established on top of the mountains and shall be exalted above the hills and all nations will flow to it. And so, someone mentioned this, but God has motivated us like never before to prophesy and decree over regions, areas, cities, our government, different things going on and like never before. And there is a new level of authority that most of us sense coming with that and coming with the perseverance of doing that, of the ongoing prayer and decree efforts, even when sometimes we don't see the answer that we wanted, we're still sensing--I'm still sensing a greater authority. In fact, we've turned that authority on natural storms that were Prognosticated, predicted to come in over our city. In fact, in May, there was one at... The Doppler radar showed it like a concentric rings of intensity in the center of it was like a target. It looked like a target right on our county. And I and several other, about twenty, key leaders stood against it and declared it would not touch us, would not bring damage. And that thing so dissipated that they interviewed the sheriff at nine o'clock at night on the news. And he was in the Rankin County safe room with 275 other people. It was so bad people were just taking shelter in places that they thought would be safe in there. And the reporter said, Sheriff, can you give us an update on the storm damage? And these are his words. He said, I just got off the phone with a dispatcher. And here's the miracle. There is no damage, no wind damage, no flash flooding damage. There is no damage. And this happened so many times, two or three times again, after this time it happened. I'm talking about natural here. We're talking having faith testimonies to stand on, to carry over into things that are other than the weather. But it happened again so often that one of our key weathermen began to get accused of not knowing what he was doing because he was putting out the warnings and then it wouldn't happen. And so, we actually wrote him and said, please keep warning about us but what we're doing, is praying that stuff away, you know? And so I just hear tonight that we're standing as the Ekklesia against the gates of hell, as Jesus said, they will not prevail if the Ekklesia continues and perseveres in assailing them with decrees and declarations. My friends Pat and Regina and several that have already heard that just the authority in your voices, the Job 22:28, you shall declare a thing and it will be established for you so light will shine on your ways. I know that's happening. I know that things are being established and driven down to where there shall not be an ability of the enemy to prevail in things that we are addressing. And two or three are agreeing and touching that thing on earth and it will be done by our father in heaven. I just hear the Kingdom of God suffers violence, but the violent or the forceful, the violently forceful are taking the kingdom into these regions, into these nations, into these mountains. And they're taking it in by force, advancing it, increasing it through the decree's and the declarations. It's an honor to run with you all tonight, God bless you. Amen.

**Clay Nash** [00:29:32] Amen. Thank you, David, for that. That's strong. I heard, as David was speaking that... and Regina I feel like this is also to you. But I heard the Lord saying: coming up across the state of Missouri, there will be many trips from the west to the east. But the Lord is saying, even as Moses helped in the establishing of Hannibal, Missouri, I'm going to send you Regina Shank into Hannibal as a deliver. get ready for their are ancient pathways in Hannibal that must be reopened so that the spiritual traffic of Missouri might come in there. The Lord said watch and see what will cross over into Hannibal from across the Mississippi River, but watch the awakening that will be triggered, says the Lord. All right, Jacquie Tyre, you're with us. What's in your heart?

**Jacquie Tyre** [00:30:31] I am, and quite to a surprise, as I sat down when I got home a minute ago, the Lord just began releasing some words over some states. So, I'm just going to begin to read. And then, of course, if it takes me beyond what I have written I will go there. the first, and this has been brewing in me for a couple of days. But it came into

clarity this evening over Virginia, lord says: the seeds of covenant that dead even as if twice dead or springing forth speedily. For I shall fulfill every purpose for which I intended over Virginia. a voice is rising, a voice hidden in a place of preparation, testing and proving that shall begin to press out as through a sieve to separate out that which is pure from that which is defiled and impure. The separation shall be seen not only to see the evil, but to clearly reveal the righteous, the just and the true. And once again, the University of Virginia Law School shall be a place of true constitutional integrity that shall produce lawyers, judges and justices to return the nation to its original intent. And then over Pennsylvania, I heard the Lords say: the root of covenant is springing up and shall not be denied. Even I began to see William... That William Penn Park that we went to in 2016 on the Seven City Re-Covenanting tour. I saw a tree in that park begin to sprout forth in new growth. And even that which has been as though it's been cut off, shall spring forth at the very scent of water, at the scent of rain, that there is a fresh rain of the Holy Spirit coming over Pennsylvania, and specifically over the Philadelphia region that is going to cause life to spring forth out of the dry land and even out of the places of discouragement and disillusionment. But there is a springing forth of new life, the new life of covenant coming out of Pennsylvania that shall ring once again with the sounds of liberty. And then the third thing I saw was certain key states in regions across this nation. And I saw several, they didn't all come into clarity. But I see clusters of states very similar to Clay, what ya'll have been doing with Arkansas, Tennessee and Mississippi coming together, that there are groupings of states all over this nation that will begin to align their purposes and their intentions, what God has intended in their original intent. And they will become instruments to cause breakthrough not just in states, but in regions. But there is a swift coming together of the aligning of states. And I was seeing like clusters of three, four, maybe even five states connecting together to cause an unlocking. And I know I heard the Lord say: And for Florida, Georgia and Alabama, the forerunner state, the governmental gate state and the justice gate will link shields together to unlock the nation for the future. So, Father, I just decree over Virginia that it's a new day. The seeds of covenant are coming forth over Pennsylvania, that the scent of rain, the pouring down of a fresh rain of your Holy Spirit is coming over Pennsylvania to cause those things that have been dry and dead, both in Virginia and Pennsylvania, to spring up speedily and to bring forth life and over these key states across the nation, Arkansas, Tennessee, Mississippi, Georgia, Alabama and Florida and other groupings of states across the region are going to link together speedily. And I decree that they will do this. They will come together in alignment with prophetic destiny, with prophetic purpose and with apostolic authority to link arms and shift this nation back into proper alignment with heaven according to the original intent. America shall be saved and we shall fulfill everything that the Lord has spoken over us, in Jesus name.

**Clay Nash** [00:35:28] Amen. Thank you for that. Jacquie, when you mentioned Alabama and I think you said the justice state, is that right

**Jacquie Tyre** [00:35:37] The justice. Gate.

**Clay Nash** [00:35:38] Yes, of justice gate. I heard the Lord say, to Justice Tom Parker from the state of Alabama: Man of God. Man of God. Man of God. I have bigger plans for you, says the Lord. Get ready. You will prevail. The righteousness and the constitution you stand for, they not only back you, but you back them in your stand. Get ready, man of God. For I shall bring that which I have placed in your heart to the forefront. Watch as the justice gate in Alabama begins to speak to the nation for that that it thought was coming and did not come in that timing will now come, says the Lord. I will do it through the Justice Gate of Alabama, and I will do it through Justice Tom Parker, says the Lord. Greg Hood, you're

with us there. I assume you're in state of Mississippi, but from Mississippi, what's in your heart tonight to release?

**Greg Hood** [00:36:53] Thank you Clay. Man, this has just been powerful. as the call just opened up and you begin to speak. The Lord gave me a vision and the vision that I had was of the Erie Canal. And I saw angels flying from end to end of the Erie Canal. And as they were beginning to fly, they were releasing the fires of revival and they were releasing, it was like a large disks that were that were going to plow to break up a ground. They had these large disks. They were releasing those and they were hitting the ground around the canal. And I just heard the Lord say that through the length of where this canal has been I am breaking up the fallow ground. I'm bringing New York State into a place of awakening and revival. So, Father, today I just pray into New York. Father, I thank you, Lord, that you have cities of revival there. Father, you have cities that you are uncovering, you're unearthing dear God and re-digging wells in those cities, Father. Father, as you showed me about this canal and these angels, Lord, that is flying across this state, awakening the state. Father, I thank you, dear God, that Buffalo, New York, and Albany, New York, Father God are coming into a place to host your fire. That the revival fire, father God, the awakening fire of Heaven is coming in to these two cities in a great way. Father, I thank you that things that have been obstacles there, they're falling down. They're being broken up. The plows that are released from your angelic hosts, Father are beginning to break up the ground around Albany, New York, and around Buffalo, New York. Father, I thank you that they're going to be instrumental, Father, in setting this state on fire. Father, I decree into New York today that your ground is ready for the seeds of revival and you are ready to produce the heart of God in a way that you did in the founding of this nation. And I call you, New York, back into your original assignment. Into the original intent that father had in his heart and has in his heart, even to this day for you. I speak over you, New York state, that you had been lost, but now you have been reclaimed again, just as Washington had to leave you in the Revolutionary War. But at the breaking of independence, at the coming forth of this nation in it's birth, you were reclaimed again, New York and we reclaim you tonight in the name of the King of Kings and the Lord of Lords. And we declare over you tonight that you have been recaptured by the kingdom. You are coming in to your purpose. You are a releaser of the presence of God. You carry an anointing New York State for the commerce of God. You are the Empire State. You carry a kingly anointing and we release that in you and we pull that from you for this nation in the name of Jesus. there have been those that have held on to you, but they've been holding onto you by a thread. The thread has been cut tonight in the name of the King, Jesus, the Christ. And I decree into you tonight New York that you are awakening from end to end. You are seeing your capital state of Albany come in to the places of hosting the fire. Buffalo is coming into a place where I decree tonight as I've seen it, the fire of God is already been ignited in Buffalo, New York. And Father, I thank you, God, in the days ahead, we are going to begin to hear of signs and wonders and miracles. We are going to begin to hear father of Revival springing out of Buffalo, New York. And Father, you are going to begin the cause even Lord those that have set their hand to things that have to do with sports in the city of Buffalo begin to come back into prominent positions for the glory of the kingdom of God. Father, I thank you tonight that even over Rochester, you said there are rich seeds in the ground. There are rich seeds in the ground. And I saw tonight as those angels flew over Rochester, New York, that those plows hit that ground, that shook up the ground that the seed had been in and the seed was going to begin to spring forward as well as in Rochester, New York, Father, you spoke tonight also about Syracuse, New York. Father, there is a pulling down in that city of demonic strongholds of witchcraft, of false learning, actually, where light has been called darkness and darkness has been called light over Syracuse. I decree today, Father God that the kingdom of light is springing for in Syracuse,

New York, dear God and it is going to be a beacon into to this state. father I release over Syracuse today. There is a rearranging of the chessboard. Father, the enemy set to play one game, but you have declared another one. And Father, there is a revival, a salvation that is sweeping through universities and higher education in Syracuse, New York. And Father God, those that have been considered elite in education are beginning to be saved, Born again, they're being filled with your spirit. They're speaking with tongues and they're beginning to prophesy the kingdom of God. They're shifting out. They're unlearning things that they've learned to have impartation of life, to bring them into the life of the gospel of the kingdom. So father i decree that over Syracuse, New York tonight. And I hear the Lord saying tonight that as these angels were flying from end to end on this Erie Canal, that from the state of New York, the revival fires of heaven, were going to leap from the state of New York and begin to consume the city of Detroit, Michigan. So, Father, we declare today that as that junk begins to take place, that there will be hundreds of thousands of Muslims coming into the kingdom of God being born again in the city of Detroit. I declare, Father, that you're not done with Detroit. Father Lord, you are reviving the industrial anointing and mantle upon that city. And I thank you, Lord, that as the nations have gathered there, Father, God, the nations will experience the Kingdom of God from Detroit, Michigan. There have been many that have written it off. But Father, you have written it down. So, Father, tonight in the name of Jesus, I thank you. It is in the book of Detroit, Michigan, to receive the revival fires of the state of New York and that the nations that gather in that industrial city begin to catch that fire and distribute it to the four corners of the earth. So, Father, tonight we thank you, Lord. That here is traffic again on the Erie Canal as angelic traffic is the traffic that's bringing revival, is traffic, this breaking up the fallow ground and is traffic that releasing the fire and the awakening of Holy Spirit in the New England states, in Jesus name.

**Clay Nash** [00:45:14] Go ahead, Jacquie, you have something else?

**Jacquie Tyre** [00:45:17] Yeah, I just had something all of a sudden on Des Moines, Iowa. So, I heard the Lord say, I have a voice, I have a sound, I have a trumpet coming out of Des Moines, Iowa, that over the years that has been shrouded and cloaked over by a spirit of religion and complacency. But I am shaking and I am breaking it out of the silence. And I am going to release a sound out of Des Moines that will cause the shaking across this nation. So, listen, tune your ears and hear the sound rising up out of the city of Des Moines, says the Lord.

**Greg Hood** [00:45:57] Clay, as she was speaking over Des Moines, this is Greg again, if you don't mind...as she was speaking over Des Moines, I saw arrows being shot out of Nebraska over into Iowa. And these, these arrows were arrows of righteousness that were coming out of Nebraska and it was beginning to hit false gods that had been set up in the state of Iowa. And I just heard the Lord say that these arrows out of Nebraska are pulling down idols that have been set up politically around the state of Iowa and was bringing a purging of all things, ungodly. Things that had set itself up to be a...and I heard... This is the way I heard it. They had set themselves up to be a tower to be reckoned with, that their tower reached higher than any other tower in the nation. And this tower was a beacon for direction in the nation and God said, I've shot that thing with arrows from Nebraska. And I'm bringing that thing down low. All things unrighteous have been struck. Righteousness begins to spring forth in Iowa. Releasing a new sound. It's releasing a new rhythm. It's releasing a new momentum. And it's also releasing a new track for the nation.

**Clay Nash** [00:47:31] Amen. Amen. Anybody that's on the call have something else further to release.

**Regina Shank** [00:47:39] I do. Clay, this is Regina.

**Clay Nash** [00:47:43] Go ahead.

**Regina Shank** [00:47:43] We've been decreeing Psalm 24 for years: Lift up your head You gates and be lifted up, you ancient doors, the King of glory is coming in here. And I begin to see the Lord give the intercessors, fresh oil, fresh oil to pour on those rusty gates, those gates that haven't been opened yet. And the Lord says, I am giving you fresh oil intercessors that are praying for this nation and that fresh oil will be pulled upon the hinges of those gates. And I say to you, it hinges on your prayers and your prayers have been lifted before me. And as you pour this fresh oil on those hinges, you will see your prayers come into culmination, says the Lord. And he says, do not be discouraged for you're not seeing what you wanted to see yet. But I am releasing that fresh oil from heaven. And as you begin to pray again and you begin to decree again for the second, the third, the fourth, however many times it takes. God says those gates are going to open and I will bring forth what you have decreed and the gates will open and Jesus Christ will be Lord and reign over your state.

**Clay Nash** [00:48:55] Amen. Amen. Any of the other hosts have something additional that you need to release.

**Jacque Tyre** [00:49:01] Clay?

**Clay Nash** [00:49:01] Yes?

**Jacque Tyre** [00:49:01] Clay, this is Jacque. I just heard the Lord very simply say: pay attention, pay attention, pay attention to where you see the earth begin to shake, where you see the reports of even minor earthquakes. Pay attention and know that I am shifting and I am moving things. Pay attention and watch where I am moving, says the Lord.

**Clay Nash** [00:49:24] Amen. Amen. Strong. Well, I hear the Lord saying that I'm releasing a mantle of Lewis and Clark upon many in this nation, the Lord said, get ready for those of you that will receive this mantle, says the Lord, I'm going to send you on a discovery expedition. For it will not survey just the land, but you will spiritually survey the condition of the land. The Lord said watch and see as the Lewis' and Clark's begin to come to the forefront for that pioneering anointing. That surveying anointing. And even as they traveled, there were many witness trees that were marked in their surveying as they traveled the Louisiana Purchase to see what it was about. But the Lord said it will not be-- these spiritual Lewis' and Clark's will not be marking the witness trees. They will be marking the witnesses says, of the goodness of God. watch and see, as many receive a mark from these Lewis' and Clark's that go on this discovery expedition across this nation, for there is an awakening that will come out of this. And even as Lewis and Clark's time was very, very short, says the Lord, the timing for the spiritual Lewis' and Clark's will be short as well. But the impact will be intense. The impact will be great. The impact will be significant, says the Lord.

**Pat McManus** [00:51:11] Clay, can I add on to that?

**Clay Nash** [00:51:14] Yes.

**Pat McManus [00:51:16]** I hear the Lord saying that I'm reestablishing a highway holiness across the nation. For even as I establish the highway of holiness, I'm tearing down the altars of Baal that truly have been erected from east to west and north to south. I'm reestablishing a highway of holiness. I'm raising up the valleys and I'm bringing down that which is high and lofty and I'm reestablishing that which needs to be for the purpose of seeing the igniting of my fire across the land. For I had this vision when Jacquie was praying of like a chariot with wheels of fire moving in the angelic host like a wedge just moving across the nation, releasing fires across the land. So, Father, we declare that you're releasing the fires of God as you're reestablishing the highway of holiness across the nation, the reestablishing of foundations of truth and the fire igniting within the land. So, Father, we declare and prophetically decree the highway of holiness come in the power and the greatness and that which is high begin to be torn down and that which is low begin to be raised up for that which is holy and right may soar on it for movement forward. Father, we thank you in Jesus name, Amen.

**Clay Nash [00:52:30]** Amen. And as Pat was prophesying there, I heard the Lord say, I'm about to take Highway 66; man's highway and I'm about to flip it over and make it Highway 99. The Lord said, get ready. I'm going to flow from the west, back up to the east, back up to the north. I'm going to flow back into Chicago with a double nine; double fruit of the spirit will come to Chicago because I'm flipping 66 over to make it 99. Get ready and watch. Get ready and watch for the fox hid in the hole has not been heard of but the fox will be heard in the next three months. But then the fox will be removed from the hole and be removed from her office, be removed from any kind of authority. Watch and see what I'm about to do as I flip over the 66 and make it become 99, says the Lord...

**Clay Nash [00:53:25]** All right, anyone else got something burning in your spirit? Alright, everyone quiet. well, it's been an intense call. It's been a great call. As always, we'll be getting the recording up very soon tomorrow. And Lakeshia will be getting on transcribing this and we'll be posting it up. The call will be tomorrow at 2:22 Eastern Time. Please join us. Please help us get word back out. We're not trying to grow by numbers. But I believe the Lord has showed me that this Tuesday night is casting a fresh net. I believe that our faithfulness over the recent months we've been mending the net. We've been Katatiso, and I believe that that new alignment has now thrust us in to a whole new platform, which is going to be even more prophetic than it has been in the past. I believe that's what we experienced last Tuesday night, a tipping point. And I believe we've experienced again tonight. So, I want to thank everyone for being on the call, those that are participating on the call by adding your power of agreement. We're going to get this thing transcribed, get it in your hands. If we spoke over one of your states or, you know someone in that state, make sure they know about these words. Make sure they know about these prophetic utterances. Paul, in God's word said to Timothy. He said, according to what's been prophesied over you war a good warfare. And we take these words and war with them because these words are the promises and this is how we war from the promises rather than war for the promises. So, I bless everyone tonight. Incredible call. Thank all of you for being on. But I want to thank the participants because for this type of prophetic to release to the level that we've experienced tonight, there has to be a hunger, there has to be preparation, prayer and you as the Ekklesia and the praying church that are so faithful to this call. You're creating that environment. You're creating that atmosphere that is just rich, rich with faith. And we were able to tap into this and move into this. And I believe more and more will come. God bless you. The call will be tomorrow at 2:22. The transcript to get up as quick as we can. Recording should be up tomorrow on it. And we will look forward to the 2:22 call. I've got about six hours driving tomorrow, anyone that doesn't have other things to pray for you can sure pray for Susan and I. we're going to be a two different

vehicle pulling trailers. And we would just really, really value your prayer for us tomorrow. God bless you and thank all the hosts for all of your contribution tonight.
