

Dream by Clay Nash

September 2, 2022

I dreamed that the Angel that guards the Justice Gate came and began to speak of the 70 Ekklesia ships. The Angel stated that each of the 70 ships had reached their destination on September 1, 2022 and were now positioned to mature and send forth the Ekklesia's assemblies in order to conduct legislative congresses across the nation. The Angel stated that the last year was a time of positioning the ships, transitioning the Ekklesia aligned with each location from making appeals to Heaven into making governmental decrees from Heaven. The Angel said the ships were now connected to significant governmental seats in 7 cities where the Ekklesia's authority is established. The Angel said, "Watch and see as the war intensifies in September now that the 7 cities are launching a resistance through the tribunal of the 70 that will function as one and block the federal overreach." The Angel then said, "Prepare the people for the astonishment that is coming as Justice rains down on the just and unjust. Fear is to be released causing many to fear the circumstances, but the Ekklesia and remnant will fear God."
