

## **Triumphant Prayer Call for Righteousness**

### **Tuesday Night Prayer Call**

**Date:2021-08-10**

**Topic: Wave of Awakening**

**Clay Nash** [00:00:21] Well, Greetings, it's 9:00 p.m. Eastern Time and we're on our Tuesday night call. Just want to say to everyone that's joined so far, we bless you. We are so thankful for you and we're thankful for your steadfastness, your faithfulness and pressing in. Just got an incredible email from one of our partners that joined the call, just encouraging us and the hosts. I Forwarded it on to all the hosts, We are so blessed that the participants join and are faithful because I love one line in the email I got said...this person said, "I agree very loudly with things that are being declared and decreed". I want to tell you, we hope all of you are in agreement very loudly. It's a great time. We're seeing some great things. I'm telling you that with the governor resigning, even though it's 14 days away in New York, that is a domino. We've not seen on the left anti-christ, socialist people take a hit like this this strong in some time. It's almost like they've been Teflon, but it has begun and it will increase. And so we are so blessed tonight to be on this call and to join with you and have you join with the power of agreement, adding your prayers. You know, this afternoon I pulled away and spent quite a bit of time in prayer and there's some things I've already heard. I'm going to wait to release some of it a little bit later in the call. But I want to open us in prayer and I'm on call my friend Pat up in Illinois. Pat, I'm gone put you at the front of the line. And you know we're pressing in to hear and declare what we're hearing to prophesy tonight, but we're not going to be under any pressure to do so. So, Pat, you feel free to share what's in your heart or what you've heard from the Lord. Father, I thank you for this call. {Cough} Excuse me. I thank you for everyone on the call. I thank you for the hosts. I thank you for the participants. I thank you for every state represented on this call tonight. And Father, I declare what you gave in a dream and what Dutch has laid out, a plan with so clear; the big wave is coming. So Father, let us do what was instructed in that dream. Let us not look back for the wave, but let us stay focused on where the wave is going to take us as a nation. We thank you, Father, for awakening and transformation. We thank you for awakening and reformation. We thank you that you are surely reconstituting this nation at this time. You're reconstituting the church, you're reconstituting the Ekklesia, you're reconstituting this nation. Father, I so believe what you said in Baton Rouge, that you were seeking to set this nation up for a hundred year run of Christianity. I want to tell your Father I come into agreement with what was spoken there in Baton Rouge in 2018. So father tonight we yield to your will and we thank you that as we

move in to listening and declaring tonight, let things be spoken, that the Ekklesia on this call will hear, will recognize the sound of heaven in it and they will begin to war a good warfare. So, Father, we just turn to you now, speak to our hearts, give us words to declare, words to decree, prophecies to release and do so in Yeshua's Name, Amen and Amen. Pat my friend, I hope you had enough time to prepare. What's in your heart, sir?

**Pat McManus** [00:04:37] Thank you Clay, for the opportunity to be with you guys and to pray together and just to hear the heart of the father for our nation, and we so welcome Holy Spirit into this time, into this moment. So, Father, ...Clay, as I was driving home from our prayer meeting at our building and coming in, and the Lord pressed on me, New Jersey. And as I looked into the 50 state tour book and just seeing the picture of the Statue of Liberty. So, Father, I declare over New Jersey that you are coming into a liberty, into the expression of the heart of the father. We declare this day that you're coming into the full right of inheritance that God said is upon your land. So New Jersey, we declare that that which is foundational in the expression of the very root of the state, that that is what needs to be redefined will be a draw the line in and that which needs to be reordered will be reordered. So we declare to New Jersey, come into your original intended purpose, come into your original intended identity, come into your original intended perspective of the kingdom and the functional expression of the authority of the heart of the father. We declare this day that New Jersey is coming into a right order as the wind of Holy Spirit is blowing across this time and this season, that there is awakening being released upon your shores. I declare that there is a movement of God, that's beginning to cause the realigning of the structures of the systems that need to be reordered. The Lord says, I'm bringing about a new clarity of my heart upon the land. The Lord says I'm beginning to release the sound of the awakening structures and awakening strategy to permeate that which needs to be. For the Lord says, get ready for a shaking, a shaking that will realign, a shaking that will reorder, a shaking that will redefine the very core of your being. So, the Lord says get ready for the time and seasons ahead to define the expression of my heart and see the fullness of what I'm about to do. For the Lord says, I will establish my liberty and I will declare my kingdom authority upon your region, upon the territory, and that as you come into the true sense, the Lord says I declared you even as in a book says, I declared you to be a watchman state. And the Lord says, not a watchman for evil, but a watchman for the power and the presence and the glory of my name. So get ready for the purpose of my heart, the expression of my hand to be made known all upon your land. And father, we thank you for New Jersey coming to right order, right alignment in this time to be

able to see the Kingdom of God advance in every way. We thank you, Father. In Jesus name. Amen and Amen.

**Clay Nash** [00:07:17] Thank you, Pat, we receive that word. Everyone on the call, we will be transcribing this call tonight. We'll be putting it out there on the website. The recording will be put up. I want to read a dream and then I wanna call on you, Tom, there in Texas, based on a recent dream where Charles Finney paddled up on a surfboard to Dutch and talked about the big wave, I dreamed this on June the 19th of 2020, I dreamed that leaders, the generals of the body of Christ were standing, facing an ocean body of water. They were backed by those joined to their leadership roles. Behind them was the cross of Cape Henry. These generals stated one by one that we were to stand steadfast as the cross was backing our stand. Their standing with us, Jane Harman, Franklin Graham, Tony Perkins, Barbara Yoder, Harry Jackson Jr., who's now with Lord, T.D. Jakes, Dutch Sheets, Chuck Pierce, Cindy Jacobs, Billy Brim, Kenneth Copeland, Anthony Evans, Ramiro Peña, Paul Morton and many others whom I know and countless leaders I did not even recognize. Behind them were millions of believers of all walks of life. They were gathered as a result of a prophetic understanding that a Tsunami was coming to our nation. As this tsunami came into sight the command began to come from the leaders to raise our prayerful decrees for the tsunami to pass over those who had eyes to see and ears to hear. as the tsunami came, It came as a total surprise to many, but there was also those who were prepared to release heaven's decree into the tsunami, not in order to stop it, but in order to permeate it with kingdom life and direct it to be as the wind that created a threshing floor effect. We're in that place right now. The decree's carried such a sound of heaven that the tsunami would set some of the people who were crushed in fear back to their stand in fresh hope and completed faith. Others who allowed themselves to be blinded by their fear and relaxed in their relationship with God were overwhelmed by the wave, and were swept out into the deep by dark, unseen undertow. Those that stood steadfast, having eyes of faith to see and ears fine tuned to hear, use the tsunami to lift them {inaudible} of authority and purpose. they were released into a new flow of purpose that was secured by their willingness to trust God in this new level of greater authority. The generals began to give prophetic directives about prayer initiatives that would now secure their inheritances and establish God's original design for the nation. The end of the dream came as a plane came flying over with a banner attached that said: look vertical, not horizontal as answers are on the way. The generals then began a time of praise for God's faithfulness and goodness. Now I just wanted to step back into that dream for just a

moment before Tom goes and say, that tsunami was a tsunami of God's glory. It's a tsunami of awakening. It's a tsunami of reformation. It's a tsunami of evangelism. It's a tsunami of signs and wonders. It's a tsunami of miracles. It's a tsunami that's going to bring the prodigals in. It's a tsunami that's going to prepare the church to a greater place and even release the resources that are needed in this nation. And when these recent dreams that have come forth, one about Finney and Dutch on a surfboard and talking about in that dream, it said, don't look behind, look forward to where the wave is going to take you. I know it ties to this dream, even though this dream came over a year ago, these two dreams are tying in what God is saying, and I just want to say out of what Dutch put out today on GiveHim15 and we put in the e-mail that goes out every Tuesday morning, when I was in the dream and I was with Father Nash and I looked and I saw what looked to be at least a couple hundred thousand people, and I feel most of them, if not all, were the cloud of witnesses, and when he told me they were those who had come through Ellis Island for their Liberty in Christ, I want to tell you, it was so encouraging to me because we have the cloud of witnesses. We have them adding their Yay and Amen. just as you do. The participants on this call, they're adding they're battling with us. And I just wanted to release that because I'm calling out of that dream. I'm calling that big wave. That tsunami of God's glory. That tsunami of God's renewal. That tsunami of God reconstituting this nation. I'm calling it forth at this time in Yeshua's Name. Amen and Amen. Tom, what's in your heart there in Texas?

**Tom Schlueter** [00:13:10] Oh, man. Clay, Amen. Just a couple of things. It's interesting. Kay and I were just in Hobby Lobby here 45 minutes ago, and there was a painting that I had not seen there before and it caught my eye. I just... I may go back and get it, but it was a large wave. That's all the painting was was a large wave with, like, sparklies at the top on the crest of it. And I just, I was looking at it for a while and just realized, my goodness, that is the wave of awakening. That's the wave of awakening. And so I may have to go back and get it. And then when you were just releasing that, I don't have it in front of me. I wish I could find it quickly, but I don't think I can make. Nate Johnston had actually given a word, I believe, last year as well about the tsunami coming. And it was almost the identical picture that you just painted and how the wave looked as though it was going to be damaging, did not damage, [but] it actually lifted up the Ekklesia up above the mountains that had surrounded it that were those things that were coming against the movement of the awakening. And it lifted us up over that. So these pictures are so strong right now of what God is wanting to do. What I want to share and I'll pray into it is a little bit more of

what I was praying on the call this afternoon, clay. Last night I was on a prayer call with Cindy Jacobs and the Reformation Prayer Network, and we were hearing Cheryl Sacks give us a report on what was going on in Arizona. And for those of you that aren't aware of that, you know, the counting has been all completed, but they really can't take the next step yet. There have been subpoenas that have been issued to the Dominion Systems to give up their passwords so that the rest of the audit can take place and this can move ahead. And actually, the Senate of Arizona is the one that is sending out the subpoenas. They've already refused two subpoenas and they're going to now have a third one in front of them. And at the end of that report, Cindy just simply said, Tom, would you pray? Because this needs keys to lock this and unlock this. Would you pray regarding this? And so I started praying as I did the spirit of the Lord just came on me. And it was a very simple phrase that God said, My dominion overrules every human dominion. And I just kept on proclaiming that and releasing that last night on the call. And the spirit of the Lord just carried it into Arizona. Cheryl was overwhelmed with it. We just said that the power of the keys that God has given us is going to unlock those things which release God's dominion that will dismantle dominion on Earth. And as I kept on praying into that and then all night I was meditating on it. And this morning on our Texas prayer call, the Lord had me revisit it. And then I did a Tom's take, my little video blog this morning and it just kept on coming up and coming up and coming up. And he said, keep on decreeing that my dominion overrules all false dominions on Earth. And I believe that this does tie in clay with your dream because a tsunami is what comes in and it completely overwhelms the natural order of things. And God's Awakening tsunami, His dominion and His glory, has been released in ways that we have never seen before. Well, as we were praying about that and talking about that, even with a group of guys that I meet with on Tuesday morning, we received the word that Cuomo had resigned. And we just rejoiced, we had just finished praying that, Lord, you need to show us in physical ways how your dominion dismantles human dominion. And we saw the news. It came up texting to us and it just was like a confirmation that God is unraveling these things. As you had declared at the beginning of the call. We were barely through that and we had already gotten word, I think, last night, that this judge in Austin had ruled that the Republicans cannot arrest the Democrats if they come back into Texas, which was a blatant disregard for the Constitution of Texas, because the Constitution states it clearly that if a quorum needs to be met, those that are refusing the quorum, regardless of their party, can be rounded up and brought to the state capitol. They don't get physically arrested and thrown in jail. They are simply detained and brought to the Capitol so that the quorum can be met. And we just everyone was kind of in

an uproar. Well, immediately, again, after we were declaring Dominion, we get the word the Texas Supreme Court immediately ruled on it and said, no, I put a stay on that and they can be arrested. So God is demonstrating all through today and he will continue to demonstrate that he has the ultimate dominion. Continue wherever you are listening tonight. God's dominion overrules human dominion, and so whether it be in the national government, whether it be the White House or Congress, whether it be the Supreme Court, whether it be your county commissioners, whether it be your city government or city council, whether it be even media or arts and entertainment, anything that says we have the rule and the dominion in this hour, the Lord says, NO, you don't. I have the ultimate word here. I have the ultimate dominion over all things. The passage that he actually gave me this morning is from Collosians 2. We're very familiar with it, but I'm going to read it from the Passion translation. I'm going to start with 14 because it crescendos up to verse 15. He canceled out every legal violation we had on our record and the old arrest warrant that stood to indict us, he erased it all. our sins, our stained soul. He deleted it all and they can not be retrieved. Everything we once were in Adam has been placed onto his cross and nailed permanently there as a public display of cancelation. I Was thinking. Even as I was reading that, clay, of the dream again about the cross there at Virginia. Then the next verse: then Jesus made a public spectacle of all the powers and principalities ( you could say dominions) of darkness, stripping away from them every weapon and all their spiritual authority and power to accuse us. And by the power of the cross, Jesus led them around as prisoners in a procession of triumph. He was not their prisoner. They were his. So father. I decree tonight over our states. over our local governments. Over our state governments. Over our national government. I decree this, dear Lord, over the state of New York: New York, you are now going to be under the dominion of the Lord Jesus Christ as he has dismantled the dominion that was in place that was contrary to the law of God. We decree that over New York. We decree that over the elections that are going to be taking place in California. We decree that over the counting of ballots and the Dominion systems of Arizona and over Atlanta, Georgia, over Fulton County, we decree it over every Dominion structure that raises up its head in rebellion against God, including the very heart of one man and one woman standing with fists up to him. The Lord will reveal his dominion and his authority. He is doing it in this hour. He is releasing his tsunami and he will bring forth his awakening. And it will be not only an awakening for the righteous, but it will be the death mail of those principalities and dark places that have been raising up their heads in rebellion. I decree this. I declare it tonight in Jesus name. Amen.

**Clay Nash** [00:22:12] Amen Tom. Thank you for that. Tom, real quickly, Mention after this call at nine, you're on another call with Greg Hood. I believe I'm right. Won't you mention that real quick incase we got some callers that's not aware about it.

**Tom Schlueter** [00:22:26] Sure, and they can join in, people just need to go and they probably need to start looking it up while they're on this call, but go to [www.encountertruth.com](http://www.encountertruth.com). Once you get there, you're going to see a little label that says "front room".. Click on that and follow the instructions to sign up at nine o'clock tonight. Apostle Greg Hood will be joining me and we will be talking about what the Lord is showing us in this hour regarding the nation, regarding what the Lord showed us, our leadership with our Texas leadership over this last weekend. So just come and join us. [EncounterTruth.com](http://EncounterTruth.com). Go to the front room and sign up. Thank you, Clay.

**Clay Nash** [00:23:12] Thank you, Tom. Appreciate it very much. Regina, what do you have in your heart?

**Regina Shank** [00:23:17] Well, I think it's really interesting that New York was mentioned. I know it's kind of in the news right now but the Lord began to speak to me about New York. And I want to share just a little bit about the prayer meeting they used to have there. A man named Jeremy Lanphier had a prayer meeting and he invited people from all over the city and he had hoped for more but only six people showed up and he was pretty disappointed but he thought, well, I'll just go ahead and do that. And it started on September 23, 1857, at lunchtime. And so it was a season when America really needed prayer and kind of a season like we are in right now. It is a place of spiritual, political and economic decline. And people were disillusioned with spiritual things because preachers had predicted the end of the world in the 1840s and then slavery was breeding political unrest. Civil war was near, a financial panic hit, banks failed, railroads went bankrupt. Lots of things happened. And so this man rented a hall on Fulton Street and advertised his prayer meetings. And, you know, he was having trouble with that and he wasn't sure if he should go ahead with it. Stock market crashed on October 10th. He'd started this in September. Suddenly, people were flocking to the prayer meetings within six months. Ten thousand people were gathering daily for prayer in New York City alone. He started with six. And I just heard the Lord say to prophesy into New York City. And so, Lord, I prophesy into New York City that you're going to restore those noon prayer meetings. Lord that people are going to gather together and they're going to pray once again. Once this

domino has toppled, Lord we thank you that other dominoes are toppling and we also thank you that the spiritual climate of New York City is beginning to change and it will change from liberal to conservative or change from those after money and greed and into those who are seeking the face of the Lord Jesus Christ. And I prophesy noon prayer meetings not only in New York City, but in several cities all across America. And Father, I thank you that you're restoring America's prayer army. It's already there, but you are gathering others to the prayer army across this nation. I prophesy into New York City, come forth, come forth, come out of your cave, come out of your place of hiding, come out of your place of fear, come out of your place of liberal thinking and change your mind and come into the understanding of God's purpose for you. Lord, we thank you for Ellis Island. God, we thank you, Father, that through Ellis Island --I'm prophesying over this dream-- there were many who came in to this nation and some of those were our own relatives. My husband's relatives came through there. They were from Germany and came over to America to find freedom. And my family came over on the boat after the Mayflower to find a new world. And father, we thank you that people came over here to find you and God, they're going to continue to find you, that your name will not be erased from our history, that your name will not be erased from the hearts of the descendants of the Ellis Island people. They came, they saw, they conquered. And Lord, I thank you that even now the people that are here as the descendants will be those who will bring revival to this station. I prophesy to Colorado, Colorado, your time is here. Your time is to rise up. Yes, you have had prayers there. You have had prayer centers there. But the Lord says I am rebuilding what has been removed from you in the past. And I say there will be a revival of prayer in the state of Colorado. I decree over you, Colorado. There is gold in those hills. There is gold within you. And I prefer the gold within you to the gold in the hills. And I say, make the almighty your gold. Make the Almighty your silver and you will decree a thing that will be established for you. I speak to the intercessors of Colorado. Rise up. Come out of your weariness. Come out of your despair and get on the wall again, for the Lord is calling you to be watchmen over the nation. And I speak into Washington, DC and I thank you, God, that you are going to take that area back for your kingdom and you're going to post intercessors on the wall over Washington, D.C. And also the angels are still there. They're still gathering around the Supreme Court, preparing for the reversal of Roe versus Wade. Lord, I thank you that are also bringing people forward to intercede for the Senate, for the representatives. God, that intercessors are crying out day and night for reversal of that which is against your purposes in this nation. And so, Lord, we thank you today for freedom in America. The Lord gave me this scripture for tonight. I want to read it. It's out of

Isaiah 61, verse nine. Awake, Awake America. Clothe yourself with strength o arm of the Lord. awake as in the days gone by, as in the generations of old. So Lord, we just redig those wells in America, the one in New York City, the one in Colorado. And Father, we thank you for prayer meetings all over America that are going to be revived in Jesus name. And I heard the Lord say to ring my bell tonight. I have a little bell. And I know when the priest went into the holy of holies, he had bells around the bottom of his his robe. And those bells meant that there was life still going on in the holy of holies. And I heard the Lord say, if you come into the holy of holies, the bell will ring, life will come forth, that there is life in my presence and life before my throne. So I'm just going to ring this bell of freedom over us and over America right now. {ringing bell} the Liberty Bell still rings in America. The Liberty Bell still hangs in Philadelphia. The Liberty Bell will ring again, America shall be saved and prayer meetings will rise all over this nation. And I see that tsunami wave that was prophesied. Lord, I thank you that we're going to be riding on it as surfers in the name of Jesus. Amen.

**Clay Nash** [00:29:45] Amen. Thank you, Regina, for that, we agree. You know, several things have come out of dreams and these prayer calls. America shall be saved. We declare that a lot. It still works. Speaking about making appeals to heaven and I love the one that was in the recent dream, speaking about the the blood of the mercy see. it never grows old and we just tie into them. But I declare right now over our military that this mandate that's coming forth to force them to go against their own conscious authority and to have these vaccinations, we just declare, father, let there be a legal intervention, let heaven speak and let there be a legal intervention to allow this to be decided by the Supreme Court. I just declare that those in the military that do not in any way want to have to take these vaccinations, we declare that there's going to be a voice, a legal voice is going to come out of this is going to bring a stay, even as what took place in Texas. Let it be done quickly. Let it come forth. We just declare, Father, that you are moving in this situation and those in the military that are in no way wanting to have to be vaccinated, father, give them the right to not have to leave their career, but to be able to stand up for their conscious conviction, their conscience authority, and let this be done in Yeshua's name, Amen. Greg Hood, you're with us. What's in your heart?

**Greg Hood** [00:31:41] Hey Clay, Thank you, man. Powerful, powerful dream, brother. I believe it man. I'm standing with it. We are in the midst of this tsunami. God's been bringing Joel Chapter 2 to my mind today. And we all know that chapter pretty well. It

starts out with a visitation of God in a way that begins to judge things. Then God begins to make promises to the land that there's going to be pasture, there's going to be grain, things are shifting. Things are moving back into the place. After he brings that type of judgment in the land, judges, those that are in power, the wickedness and things in the land. And then verse twenty eight, I believe we're getting ready to see New York City and the state of New York begin to step in to Joel 2:28. It Says: it will come to pass after this. After what? all those things I just mentioned there. That I will pour out my spirit on all mankind and your sons and your daughters will prophesy your old man with dream dreams. Your young men will see visions, even on the male and the female servants I will pour out my spirit in those days. I just hear the Lord saying today that things are being uprooted from the top official in the state of New York. The number one man in New York has been unseated and the Lord says he starting at the top and working his way down. And as he begins to do this in New York and in other states around this nation, we are going to begin to see an outpouring of the Holy Spirit in these states like never before. So Father tonight, I pray over New York. I thank you, God they are primed for the outpouring of Holy Spirit. They are primed for the moving of Holy Spirit. Theyre primed for the receiving Lord of Holy Spirit. And Father, we thank you tonight, God, that is, of those who have given their heart to things that are not of you, that have sat in seats of authority as they are removed Father, that leaves a wide open vacancy for the invasion of Holy Spirit to begin to come in a way in that state that it has never come before. So, Father, I thank you all over New York, all over, father, that whole eastern side of our nation as we begin to hear and remember words that have been prophesied about the wind of Holy Spirit blowing from the east towards the west. That Father, we thank you, New York's ready, New York is Primed. Stir those that are in pulpits. Baptist them afresh with your Holy Spirit, bring them in a place father to where they are hearing you. They know your voice. They are able to recognize what you're saying Father and begin to speak those things Farther from their pulpits. Father, even your sons and daughters, those that may not even be in ministries of kind. Lord I thank you tonight, God, that there is a fresh outpouring of your spirit upon them. There's signs, there's wonders, there's miracles. Acts Chapter One, Father, is taking place. Acts chapter two is being set in motion Father and miracles and signs and wonders we're going to begin to hear our coming from New York. I just hear the Lord saying today that among the Puerto Rican community, there is a revival that has sparked in New York and God is beginning to cause those that are even back in the territory of Puerto Rico that are sensing and catching the fire to begin to come and begin to go back and begin to come and begin to go back. And there is a revival that is being

poured out among them. father, I thank you for this. I thank you Lord even in the Jewish community. God, there's an outpouring of your spirit that is taking place there. They are coming to know Messiah. They are coming to know Jesus as king and as Lord. So Father, all over that Empire State. We thank you that this is the season of revival. This is the season that you have for them. Father, we call them into it. Send in the evangelists full of fire. Raise up the evangelists that are full of fire. Send in the apostolic and prophetic ministries after them Lord God to begin to establish those things dear God, that are being harvested for the kingdom. Father, I thank you. That as we are getting in this move, this outpouring, this tsunami is coming in our nation, especially tonight, God in New York. Father, we thank you, Lord. It will be stewarded well. It will not be lost. It will not be given over to the world. It will not be forfeited or aborted because of false doctrines and things that we have been taught that are untrue concerning eschatology and the end times. Father, we declare tonight your kingdom has come, your kingdom is coming and dear God, your kingdom will always be coming. So, Father, tonight we thank you that this revival fire is sparking in New York. We release it in Jesus mighty name. Amen.

**Clay Nash** [00:37:15] Amen. Greg, appreciate that, Jacquie Tyre, what's in your heart? Jacquie, are you there?

**Jacquie Tyre** [00:37:31] OK, I'm here now. My phone had... Was messing up on me, I'm here, let me see, let me get on. that threw me off a little bit. Can you hear me, Clay?

**Clay Nash** [00:37:43] Yes, you're on.

**Jacquie Tyre** [00:37:45] OK, I wasn't sure I was having some phone trouble there. Well, as I began praying, I'm a little bit different vein from everybody, but I think it all fits together. The Lord began speaking to me over West Virginia, then over Wyoming and then over Waco, Texas. So I'm just simply going to release what the Lord has said since I had the time to write them down. over West Virgini, the Lord would say that the seeds of revival power are breaking forth with the DNA that goes back to the Celtic roots that brought about awakening and reformation to a nation steeped in paganism. Those seeds are breaking open, sprouting forth, and the fruit reserved for this time shall speedily come forth in abundance and know this; What comes out of West Virginia shall impact first the region, then the nation at every level of society, from the most humble to the highest exalted places of power in the land. So, Father, we thank you for West Virginia. And we

say shake and cause those seeds, those ancient seeds of awakening and revival to come forth, to come forth speedily, to come forth in power, break out of the shells of resistance, break out of the hard pan of that land and cause the mightyness of your revival power to come out of that land, release the word the Lord out of those in West Virginia that will speak a word and it shall be established, even those in governmental positions of authority, that they will rise up with the power of the saints of old that will stand and speak to kings, will speak to rulers, and will see the power of the demonstration of the Kingdom of God in Jesus name. Then I saw the state of Wyoming and I saw winds beginning to blow. Sometimes the winds that I saw were gentle winds. Then suddenly there would be gust that would uncover things that have long time been hidden, hidden dangers and systems of evil that must be expunged from the land. But then another gust would reveal great treasures and hidden pockets of passionate remnant saints that God says: now, is their time for the treasures of my deposit to come forth out of Wyoming? So, Lord, I just decree over Wyoming, let the winds blow, let those hidden works of darkness, let those caves that are hiding the evil in the trenches. It's kind of what I see that those things will be expunged out of the land in the name of Jesus and father, I speak that refreshing wind, even that gust of wind over the hidden remnant all across the state of Wyoming, that they would begin to come up out of their caves. They would begin to come out and connect one to another. They would begin to come up out of those hidden places. And the depth of the treasure of God that has been worked into them will become a mighty force to contend with out of Wyoming. And Lord even those hidden treasures, those hidden treasures of wealth that are needed for the days ahead, I see even new mines being uncovered and discovered in Wyoming. Treasures they didn't know they had. Treasures they didn't think they had that they're going to come forth and be seen suddenly because the blowing of the wind is going to uncover that which has been hidden. And then this last one over Waco, Texas. I heard: shaking is coming to shake off the constraints of false altar's, false systems and false movements and to lose the restoration of God's original intent for Waco. Waco shall shift quickly. And the wake that comes out of this shaking will cause many to be swept into the kingdom movement that I am releasing. So, Lord, we say let the wake come out of Waco, let the shaking break off all of those things that would hold back and resist the move of God coming forth out of Waco and that wake will go and cut across the land, sweeping many into the kingdom. And then I keep hearing the word Rochester. And I don't have the fullness of this yet. But I know that in Rochester, Charles Finney, there's actually a monument there to Charleston in Rochester and with the dreams about Charles Finney and Father Nash, I just want to decree that once more out of Rochester, the sound of

reviving power, the sound of one who, like a Charles Finney, would come forth that if he hadn't felt like he didn't have the anointing to go into a meeting, would go out into the woods and stay alone until he reconnected with you God in such a way that he would walk into the meetings to declare your word without fear of man and in the full assurance that you had sent him in to bring forth the word of the Lord that would unlock the people and sweep them in to salvation. Father, let Rochester once again be moved by the power of revival and let the anointing of a Charles Finney be released across this land to awaken and to revive your people and the people of this land. A sweeping revival that will not be able to be denied, but will see your glory manifested for your namesake in Jesus name. Amen.

**Clay Nash** [00:44:21] Amen. Thank you, Jacquie for that. And we want to remind everybody we will be transcribing this, will be getting it on the website. Recording will be put up tomorrow. Dutch, you're with us. What's in your heart tonight?

**Dutch Sheets** [00:44:38] Thank you, Clay. I wasn't going to share. I was just enjoying listening and agreeing with everyone. But when the focus turned somewhat to New York, I thought maybe I should share. {inaudible} what Jacquie said, which wasn't about New York. But I found it interesting that Greg Hood had a dream a few weeks ago and tried to send it to me and I didn't get it. He asked me yesterday, I think it was in a text, "Did you did receive the dream?" And I said, "no, I didn't". So he sent it last night and I was able to finally look at it this morning and decided this dream is so relevant for now, that I wanted to start using it on post. So I'm breaking it up into pieces. And the one I recorded today that will be on the post tomorrow is about {inaudible}. And in this dream, Greg and I were walking through a field and we saw several oil wells. But as it turns out, the wells were not working and they were what are called orphaned wells, I guess this means they are inoperable. And I said to him, I understand these wells, I learned all about them. These wells, by the way, it turns out were all symbolized. Different wells of revival that were no longer flowing the way they need to flow. I said, I understand these wells, they're supposed to be gushing forever. And so I walked over to one and began to look at it. And I said, someone has tampered with the dunamis seal. Well, of course, you all know dunamis is the word for power of the Holy Spirit. And the dunamis seal was no longer operating. So the power of the Holy Spirit with which we've been sealed, was no longer working and this well was no longer pumping. This well of revival. And so there were four of them, and I'm only going to mention one because I haven't done the others on the post yet, Greg doesn't

even know, by the way, if he's still on here, that I'm doing this tomorrow. But the first well, when I went to it and wiped off the seal that had the name on it said Fulton Street's Well. Well, Fulton Street is the is the prayer revival that Regina mentioned that took place in 1857 through the leadership of Jeremiah Landseer. And even though as she said, only five people showed up, six counting him, he was the sixth. He was a little discouraged. But as she said, within a short time, God so breathed on this that there were 10000 people every day showing up for prayer from noon to one in New York. It swept the nation and it eventually turned into a revival where at least a million people were saved. So in the dream, as I was looking at this first well with the name on it that said Fulton Street Well, under that was written: Dutch, don't throw in the towel, prime Me with Mayim, M-A-Y-I-M. Well I knew that must be a Hebrew word. Well that's interesting. On the well it said: Dutch don't give up. Prime me with my Mayim. Well, my name is the Hebrew word for water, and it's the... It's the river of life. It's the water of Holy Spirit Jesus spoke of: you believe on me out of your inner being will flow rivers of living water. And by this, he spoke of the Spirit. So, the more I prayed into this and thought about it, I realized that God was saying that he's about to open these four wells and the first one he led us to was the well of prayer. And I talk about the fact in the post that that well has been opened. Start opening that, well reopening that well 25 years ago and a great prayer revival was birthed around the world. And that is what is releasing now us to move on and allowing him to open the other wells. But I looked at Greg and I said, give it to me, it's time. And he reached into a bag he had, pulled out a bottle and on it it said: Mayim for priming. He gave it to me and I began to pour it on the dry rotted seal. And Greg says, this is not the way you prime a pump. You have to pour it in the primer, and I looked at him and said, you don't prime of well of revival, the same way you try to maintain religion. revival is in the seal. In other words, you don't prime the pump through hype and programs and methods. We have to have The Seal, which is Holy Spirit. We are sealed by Holy Spirit; the Dunamis Seal. And I said, when we prime... when that happens, then it creates the natural pressure that causes a geiser. And so we did that. And then instantly we heard this rumble from deep in the ground in the dream. And I looked at Greg and I said, this is it. It is happening. And I'm going to stop right there and say I share, on Thursday and Friday, I'll be sharing on the other three wells. But I just want to say to people without any knowledge of what was coming down today in New York. And what God was going to be doing on this call before I knew about Cuomo, I started processing this dream this morning and I felt--break this dream up and focus on the first well, which is the prayer revival that hit New York in 1857. Now, listen, if that is not God saying to us, Look. Look what I'm doing. I focused you on

this state and I'm showing you through this state. Tom started talking about it. Regina talked about. "I'm showing you that I'm answering your prayers and your prayers are working. They still work. And I and I'm doing this to show you that well, it has been reopened. It's going to continue to flow and get greater, and that's going to allow me to release these other wells." So an amazing confirmation. And I just want to pray into that. And you read all that in tomorrow's post, but I just like to pray into that with everyone else. Father, thank you for this dream. I Thank you for what you're saying through these hosts tonight and what you're showing us in this nation that you have you have already begun the process of exposing the enemy. You are showing us that we have dominion. The enemy does not have dominion. We have authority to deal with these issues. And though it is, though it is a a true war and we are having to persevere, you are showing us that you have, you have heard our prayers, You are answering them, and you are going to bring the outpouring of your spirit that you promised. And I agree with every word spoken tonight. You're going to move in New York, you're going to move in that entire state and in other... And in the rest of this nation. So we thank you for this confirmation. We thank you that your water, your revival water of Holy Spirit is being poured on the pump and the seal will work once again. And we will see the great outpouring of your spirit that you have promised us. We decree this. We are in agreement for it. We just say this will come to past and nothing is going to stop it. America shall be saved in Jesus name.

**Clay Nash** [00:53:00] Amen Dutch. We come in agreement. you know, just a, I don't know, two or three Tuesday nights ago, there were several other prophetic words about New York and places in New York. I don't remember which one it is. I'll go back and try to look it up. But it's been transcribed. It's there on the website if people who are on the Call tonight from New York or others. The other states need to join in with New York. We need to pray this and into being and battle for it. Anybody, any other host on here got a stirring? You've got something else to release? OK, well, it's been a great call, appreciate all the hosts for being on, appreciate all of those that participate by adding their declarations, decrees and power of agreement. And we'll be back here tomorrow at 222. And it'll be a great call because we'll take what Dutch releases tomorrow in GiveHim15 and we'll be praying into that, making that part of the call tomorrow. Bless everyone. Thank you for your faithfulness. And we look forward to tomorrow's call.
