

## **Triumphant Prayer Call for Righteousness**

### **Tuesday Night Call**

**Date: 2021-08-03**

**Topic: State Decrees & Prophetic Flow**

**Clay Nash** [00:00:33] Well, Greetings. It's 9:00 a.m. Tuesday night, and we had an excellent call today on the 222 as well as yesterday, and we're back here tonight. Our plan tonight is to just keep our hearts open and to speak prophetically into states or cities, regions, territories, certain causes that are in the nation. And so we've got a good group of hosts that's joining with us tonight. And I'm really expectant of what God is going to do and say tonight. Paul told Timothy, he said, according to the prophecies which have come forth over your life, war a good warfare. And so prophetic words are weapons of warfare. They are...the word warfare there is the word strategera. It's where we get our current day word: strategy. And when God speaks prophetically, as we pray into it as we debrief about it, as we exercise wise counsel, we will find that there will be a strategy to do warfare. We don't wrestle against flesh and blood, but we do wrestle against principalities and spiritual wickedness and we will see them come down. Father, I thank you for tonight's call. I thank you for the hosts that have made time during a very busy time of responsibility to be on this call tonight, to join with us to release what they hear Holy Spirit saying. We thank you, Lord, for Holy Spirit. We thank you that tonight as we make Holy Spirit Lord, we know there will be prophetic liberty to hear and to speak over cities and states and regions and territories and certain causes. So, Father, give us wisdom tonight, but give us the authority and the clarity of heart and mind that we can speak what you're saying and release it out to such a incredible, faithful group of people that join these calls day in and day out to add their agreement, to learn want to be declaring and decreeing into and from. And so, father, tonight we just yield to our spirits to you, and we move into that place of Holy Spirit moving through us to continue to turn this nation into righteousness in a greater dimension. now we thank you for these things in Yeshua's name, Amen. Regina Shank, I want to ask you to go next. But as I was praying, preparing myself, I heard a word for Mesa, Arizona, and I heard the Lord say: it's dry and it's hot. But know this, the Ekklesia of Mesa, I am calling you to the forefront. I'm calling you to take your stand, not just to be watchman and declare what the enemy is doing all about, but Mesa Ekklesia, I'm calling you to be Watchman that will release the great reports of what God is doing in that area. Get ready for a transition. for it's hot. It's dry. It's a ivery serious time there in that area of the nation. The heat index is through the roof. But the Lord said, I'm about to turn the heat up because I'm going to burn away the chaff of those that say they've called upon my name but live as they choose to live. So watch and see as I bring down fire from heaven and begin to quench those things that are not of me, But yet they boast they are my way. Watch and see, Mesa. Watch And see what I'm about to do there among the Ekklesia and among those that play like their mine, but yet their hearts are not surrendered. So there it is, we've started. Heard that in prayer as I'm sitting here, have to drive out where we live to make sure Ive got a strong signal. I've got a beautiful place here that I always park. I get to watch the deer and the animals. And just as I was praying that word about Mesa came and I'm hearing something else in my spirit. There's somebody out of Mesa named david. You're faithful to these calls. And God said, I'm going to use you. You're going to flip the vic. It's going to start a fire. But that fire is going to be of renewal and awakening. Get ready. All right, Regina, what have you got tonight to release?

**Regina Shank** [00:05:46] Well, I heard the Lord say that we have had wells of salvation in this nation that need to be redug. And there's a scripture that says: Therefore, with joy you will draw water from the wells of salvation. And I see people walking around the old wells of salvation, places where there used to be miracles. There used to be signs of wonders.

And one day I was with Robert Henderson and we were on Highway 50 in Missouri and we stopped at Concordia, Missouri. And that's where Kathryn Kulhman first came to Jesus Christ and miracles began to show up in her life. And so we walked around that place and we said, Lord we redig this well of healing. We redig this well and we decree that that, well, healing is going to continue to flow and grow in this nation. And so I saw people and there's somebody's whose last name is Wells, I heard the Lord say. And you are called to redig the wells that the Philistines would clog up. And we know from scripture that Isaac had wells and the Philistines came and he poured dirt into those wells. They used to have clear, clean, pure water until the Philistines through dirt into those wells. And so he had to redig them. And I remember standing at a well in Israel with Dutch and Jacquie. And we we talked about that well of covenant and how it needed to be redug and reopened. And so I just decree over this nation that the wells of salvation that used to have water in them, but now have lots of dirt in them, are going to be redug in this nation. And Lord, I thank you that you are going to call people to go back to where they new there used to be a revival. There used to be an outpouring of your spirit and they're going to walk around those wells and they're going to decree that that which has clogged them up is going to be removed. The dirt of religion, the dirt of tradition, the dirt of division, all of those things being removed from those wells and the clear, pure water of salvation is going to flow once again. And once again, I hear that Wells, the last name of Wells, and you were called to go redig those. And I decree over persons on this call that you are going to walk around places where miracles and signs and wonders used to happen, and you're going to be directed by the spirit of the living God to go to those places. And I also saw today I saw the plumb line of God being dropped. And there was a division between darkness and light, even in the very beginning, when God created heaven and earth, he separated light from darkness. And I kept seeing that today, just that plumb line being dropped over America, over places where there's confusion, places where there's been demonic infestation, places where there's just a fog. And I saw the plumb line of God being released and dropped over the nation in those places. And the light is being separated from the darkness. And when that happens, we'll be able to understand and see what is darkness and what is light and confusion will begin to lift in this nation. And so I decree that the plumb line of God is dropping over America in various places. I'm seeing it over Wisconsin. I'm seeing it over Indiana, I'm seeing it over Missouri, our state. I'm seeing it even over California. And he's dropping it from north to south and east to west over California. And things are going to begin to be brought to the light that had been hidden. And God is going to separate all of that so that we can see clearly. There's an old song that says, I can see clearly now the rain is gone. And I just want to change that And say, I can see clearly now the fog is lifting. And so, Lord, we thank you for this nation that you're beginning to redig wells. You're beginning to drop that plumb line and we're going to separate light from darkness and we're going to see some things we've not seen before. And I decree that revival is going to break out around those old wells that used to be filled with dirt. And God is going to, even as he did at Cambridge and even as it did even now at Red River Meetinghouse, things like that are happening, but it's going to happen again and again. And I speak over Michigan: Michigan wake up . And I decree over Michigan that that wall of liberalism that is holding back the move of God is going to come down brick by brick by brick. And father, I thank you that you're sending your angels even now to bring that wall down and more {inaudible} are going to come and the mindset ideology's of Michigan that have been very liberal are now going to begin to shift. And I see a wind coming from the east to begin to blow that wall down and to also help the angels in dismantling it. So Lord, we say over Michigan, rise up out of your liberalism, rise up out of your ignorance, rise up out of the spirit of the world and come to know the Lord Jesus Christ, in Jesus name.

**Clay Nash** [00:10:58] Amen. I'm really witnessing all that you said, but that part about Michigan, you just shook and made. So those of you on here listening from Michigan, get ready. That word is going to operate like a spiritual fracking there. There are some oil of the Holy Spirit that's about to be released in that state due to this word and people acting on it in obedience. Greg, you're with us. What's in your heart?

**Greg Hood** [00:11:28] Hey, man, thank you so much for this call tonight. I just really believe God's doing some very special things. Regina, thank you for that prayer. It just really, really begin to stir in me that God was moving across the northern part of our nation from coast to coast. I just begin to see the wind of the Lord blowing across from Maine all the way through Washington. And I just, as I saw it, it was almost like a cold wind that God was beginning to blow. And I just heard the Lord saying that nothing that he has not determined to live is going to begin to die when this cold wind begins to blow across the northern half of our nation. And I felt like the spirit the Lord was saying that, as this does, we've always referred to the to the fire of God in revival. But I heard the Lord say that this cold wind is going to begin to stir a revival or an awakening within the northern half of our nation like we have never seen before. And it's going to go from Maine to Washington. It's going to have a different flavor, a different feel than some of the other revivals that are that are happening in our nation. But the Lord said he will not be identified and his people will not be identified as the cold because just as he owns the night, he owns the cold. And I just heard the Lord say that this is going to be something so very unique. I just hear the Lord saying today, when you feel the cold winds blowing, know that revival and awakening is beginning to come out of the northern half of our nation. So, Father, we just pray into that today. We pray Dear God that from Maine to Washington, Washington to Maine, dear God, even parts of Canada, that Lord even into this fall when the cold winds begin to blow, Lord, we are going to begin to see a sign of revival and awakening taking place, Father, through the northern half of our nation. Father, I thank you, Lord, that many have written that area off But you have not written it off Father. You've not said you're done with that. They're not too far gone for you. They're not too liberal for you. As your breath begins to blow over our nation's northern borders, father, your breath will begin to bring life again. And Father, just as you put your nostrils to Adam's nostrils and you breathed life into him you are breathing kingdom life. You are breathing Heaven life, Father God into the northern half of our nation. So, Father, we just decree it right now: Receive the wind of the Lord! Receive this north wind that God is beginning to blow over the northern half of our nation. So, Father, we thank you for this today. But Lord, we thank you also that what you're doing is not just on the northern borders, but you're doing it {cough}--excuse me--also in the south. And I just had the Lord highlight to me, Shreveport, Louisiana. So, Father, I thank you right now, God, there is something that is bubbling up out of Shreveport, Louisiana that's going to begin to affect our nation. That father you've shown me tonight as I've been praying into this, that God, there is something that has been stewing there. There's something that has been stewed in Shreveport. Father, this is not something that's a whim or happening in just in a moment of time. But, Father, this is something that's been going on. It's been marinating in Shreveport for about--Lord, I hear, 14 years this thing has been marinating and you're bringing it forth. This is the time that you're bringing forth that promise out of Shreveport, Louisiana. And I just hear the Lord saying that in September there's going to be great stirring in Shreveport. In October, there's going to be influx into Shreveport, and in November there's going to be distribution out of Shreveport, into the nations. And there will be a coming in and a going out and a coming in and a going out. So, Father, we just speak to that thing that has been marinating, it's been stewing there, Lord God, in Shreveport, Louisiana, that they are coming up on their threshold Lord, that you're birthing and manifesting this thing that they have had in their heart. So Father, we bless Shreveport tonight. We bless Louisiana

tonight. We bless father God, what you are doing in that state. And we decree today that the spirit of religion is broken over that state. And Father, God, your kingdom is come and your will is being done, father in the state of Louisiana, father as it is in heaven. So, Father, I thank you tonight, God, as those that are in Shreveport that are hearing this word, father, that they're expectancy level is going up, their preparation has been done. And Father, there is the coming forth of that thing that they have been praying for, asking for, fighting for, Father God and that they've had in their heart for these last 14 years. I just release that. and I hear the Lord saying tonight, that even from Shreveport, there's going to be a scarlet thread that's going to run from Shreveport into New Orleans. From Shreveport into Jackson, Mississippi, from Shreveport into Dallas, Texas, from Shreveport into Little Rock, Arkansas. So Father, Lord, I thank you, even into Birmingham and into Memphis Lord, you're doing this thing from Shreveport. So I speak today God, over the leaders of this city, those that are in the state, Lord God, that are leaders as well, but those in the city. I thank you, Lord that dreams and visions are coming, Father. You're showing them and giving them patterns and strategies of how to steward what you are birthing out of Shreveport concerning your kingdom. So, Lord, we just seal that tonight with the Holy Spirit and we thank you for this in Jesus name. Father. I also pray over our nation tonight. And I hear you say that America has not been forsaken, nor has the Ekklesia been forsaken, lord God. I thank you tonight God, that you, the Lord of hosts Lord, you're moving across our land. And as I was beginning to pray into this, I begin to see and hear the Lord say, even though the land has been filled with sin against God, it is not hindering God from moving. It is actually the prayers of the saints in the midst of the turmoil that has stirred the heart of the father and that has caused father to begin to move across this nation. And I hear the Lord saying to us today, Ekklesia, that there is coming a cup stretched out to our hands. It is the cup of The Baals, it is the cup of Babylon. And the Lord says, do not drink of that cup. For there will be things that will be offered to you. There will be things that will be presented to you that will look like it was the days of old. But it is really a compromise. So, Father, tonight, I thank you that Your Ekklesia is in a place to where we are strong and discerning. We will not drink of the cup of the Baals. We will not drink out of the Cup of Babylon. But Father God, we will drink out of your cup. And you've given us the endurance to do that. You've given us the strength to do that as well. Father, I hear you saying tonight that you are bringing forth our righteousness in this nation. You have come Father. You've been declaring over Your Ekklesia, Lord God, that there is a springing forward of righteousness and Lord, not just knowing about it, but walking in this righteousness that you have given us through the death, burial and resurrection of Jesus. So, Father, I thank you and I praise you tonight for what you're doing in this nation, bringing us into a greater alignment and walking in and out, Father, of our righteousness. So, I bless this nation tonight and I decree over America: America, you are not forsaken. You're being saved and you're coming in to your prophetic destiny in Jesus mighty name. Hallelujah.

**Clay Nash** [00:20:37] Thank you, Greg. Thank you for that. Really, witnessed all of it but that Shreveport word, it just it was strong. I know God's got something he's building there. Dr. Dwain Miller, what do you have?

**Dwain Miller** [00:20:57] Thank you, Clay, great word, Regina, Greg. Honored to be here. The Lord said, remind us all to keep our focus on Zion. The Lord has not forsaking Zion either. The apple of his eye. For the Lord says, keep your eye on Zion in the season. Know the Times and the seasons for we are entering into the days of Noah and Noah released The Dove for the final time this coming Friday, August the 6th, which means the dove is finding a home, she's gathering sticks to make her nest. The Lord said that I have released the Dove on Zion and on America strategic locations, as has already been prophesied in Michigan and Shreveport and Arizona, Mesa specifically. The Lord said, I

am releasing the dove on Friday. I feel that so strongly in the Holy Ghost. I'm releasing Holy Spirit in strategic locations. In those wells that were spoken of. The dove of my presence is being released and it was in the 600th year of Noah because six is the number of resurrection, the Lord said, this is a time and season when you're coming into Resurrection, for on Monday, August the 9th, you are entering into Teshuvah, the seasons of God. Teshuvah will last from August the 9th until September the 15th, which is the day of atonement. Teshuvah is a time of reflection. Teshuvah is a time of resurrection. Teshuva is an introduction into the feasts of our God, the Mohideen this fall, for the Lord said, I'm coming to you on September the 7th at Rosh Hashanah. I'm coming to you with resurrection of a new year: 5782. But prophetically you're in the year 5781. One being the year of the ox. Watch and see my Ekklesia stand in strength through humility, for the Lord said I'm going to cause egg to be thrown in the face of all of your enemies this fall. The Lord said, watch and see and see if I don't throw egg in the faces of all of those who laughed about a stolen election, who laughed about an illegitimate government. for the Lord says, I'm about to vindicate you, my Ekklesia in America. As I'm releasing the dove on America, I'm also releasing resurrection life to my Ekklesia at Rosh Hashanah. And the Lord said of the day of Atonement, the day of repentance, the seasons of all between resurrection, between Rosh Hashanah and atonement for my people will fall on their face and seek me like they've never sought me before. For when they watch me unfold, what I am about to unfold in America, in the government and in the elections, from Arizona to Nevada to Wisconsin to Michigan to Pennsylvania to New Hampshire to Georgia, the Lord said, "when I unleash my judgment and the exposure of corruption for my people will fall on their face with fear and trembling and in awe of my presence, power and glory". The Lord said, this is not about you. It's not about politics, Democrats or Republicans. This is about my glory. I'm tired of sharing my glory with a false church, with a watered down bride. I'm raising up my ekklesia in the days of all and watch it Tabernacles as God settles the accounts of his books in heaven that he will cause recompense to be made from those who have stolen the covenant establishment of America in the Judeo-Christian Biblical foundations. For the Lord says I am going to cause them to pay and they will pay with their lives, the Lord said. Walk in fear and trembling. Do not gloat, but humble yourself before me and come in to the glory of my presence and watch me release. As Noah walked off that ark on the day of Rosh Hashanah. Watch my Ekklesia walk into a new beginning, a new day where multiplication is the theme, and the transfer of wealth from the wicked to the righteous comes into my people. The Lord said, you've never passed this way before. You've never seen this hour. You think you know what's going to happen. But the Lord's and I am going to blow the mind of all even my prophets and even my ekklesia. But it'll be greater than you ever imagined or hoped for. And my ekklesia will fall on her face and glorify me. And the Lord said, watch as Greg prophesied, this fall and this winter of the north wind. Yes, in Shreveport this fall. And the Lord said there is a word given by apostle Dutch Sheets. A word given in Tennessee as a matter of fact concerning Chattanooga and Dr. Ron Phillips. And as a result of that word, he said, watch January, January the 13th through the 16th when Apostle Sheets, Apostle Nash, Apostle Phillips and myself, when we gather at Abba's House in Chattanooga, that word that was given by apostle sheets in Tennessee will be manifest in Chattanooga and something massive and mighty in my kingdom will come. There will be an outpouring like has never been seen at the very head of the Trail of Tears, and it will cross through the Trail of Tears from Tennessee and into the Mississippi and Arkansas over into Oklahoma. And the Lord said that vision that I gave Dr. Billy Graham of the First Nations, people coming into their season of revival and awakening before the Lord returns, that will be unleashed from this meeting in Chattanooga for the fire of God will be released and the Trail of Tears and will touch the First Nations people of this nation. And they will see the glory of the Lord and the restoration of his glory in their midst. It will be mighty and powerful, and the Lord that I will

set on fire all of those former tribes and they will see my glory. The Crawpaw and the Cherokee, and all of the above, it will move westward into Arizona and New Mexico and the Lord said, you will see my glory among the First Nations people. And it will begin in Chattanooga, Tennessee, in January of 2022. The Lord said, watch and see my glory manifest and my mighty hand of judgment come. For these fall feasts are not like the usual fall feast, but these fall feasts are the day when I will write down in the record books of heaven, the enemies of God. And I will the most of all in the world expose the plot of China, the Red Dragon to steal, kill and destroy from my kingdom and my people. For this, Luciferian system that China is now the head of I will sever it and I will cut it off in the name of Jesus, Amen

**Clay Nash** [00:28:11] Amen. Strong, strong there. Pat, what's in your heart?

**Pat McManus** [00:28:18] Thank you for the opportunity. It's been powerful from what all the words and decrees and prophetic words that have been coming forth. And I was praying earlier today and the Lord put on my heart, Salt Lake City, Utah and Utah itself. But in Psalm 31:2 it says, Rescue me quickly when I cry to you. And at the sound of my prayer, may your ear be turned to me. Be my strong shelter and my hiding place on high. Put me into victory and break through. I declare to Salt Lake City-- I prophetically decree into the Salt Lake City that God is bringing you into a new understanding of what it means to walk and breakthrough and victory. For the Lord says I'm restoring the value of identity of my hand upon your land. For I'm causing things to come into a new order of the whole wholeness of what I'm about to do. For the Lord says I'm going to reposition that which needs to be done, and bringing in a new alignment of the heart in my hand. For the Lord says I'm even going to restore the very foundation of the city of the state and bringing you into a true understanding of what it means to walk in the identity of the Ecclesia, not in any other form. For I'm breaking off the spirit of religion that has permeated across the land and the Lord says, I'm going to restore what it means to walk in a true expression of the ecclesia mindset to where things will shift and change according to the order of my hand. For the Lord says I'm going to uncap the wells that need to be done and I'm going to begin to cause a new order of being able to find that which needs to be found, which has been hidden for years. And the Lord says I'm restoring you into a whole new understanding of the value of identity in me. For the Lord says that which has been a hindrance of yesterday, the Lord says I'm breaking off into a new order unto the day. and even into Montana. I'm going to expand the borders of my heart and causing you to come into a new expression of my hand. For the Lord says, even as you've been one to look at things in a one-dimensional focus, the Lord says, I'm going to reestablish and I'm going to uncap the wells. There's gold in those places. There's a wells of oil that I'm going to spring forth and spring out. There shall be breakthrough upon the land. For the Lord says, I'm going to pull you into victory into whole new ways and to being able to see the greatness of my name upon the land. So the Lord says, get ready for your day of visitation. For I'm going to cause a shaking to take place and a realignment to be revealed and a new order to be established for the purpose of my heart to be made known. For the Lord says, that which has been a blockage of movement, the Lord said, shall not be this day. and I'll cause a wind begin to blow from the mountains and begin to step into a truth in my heart. And you shall see the greatness of my name begin to be your part. So the Lord says, get ready for your day of visitation of transformation. But the Lord says, I'm releasing the sound of awakening in your walls. So the Lord says, be prepared for the purpose of my heart and express image of my glory shall be seen upon the land. And the Lord says even that which I'm going to cause a reviving within. And even in the school system, there's things that Gods going to shift and realign to be able to educate and train and equip those that need to see, hear and know the heart of my hand. So the Lord says get ready for your day of

movement, your day of shifting and your day of realigning. It truly is at hand. So the Lord says now is the time to step into the identity of my heart and my hand and begin to move with power throughout the land. Father, we thank you for these places. We give you honor in Jesus name. Amen. Amen.

**Clay Nash** [00:32:07] Amen. Brother Jim Hodges, I want you to go next. But Pat, as you were prophesying, I heard the Lord speak and say that Chicago in its corruption, has tried to be a basket that would cover up the light of Illinois. But the Lord said, I'm about to remove that basket. I'm about to remove the unrighteousness. I'm about to release something that will shake Chicago. Watch as the corruption is exposed. For even as I'm working in New York to deal with the corruption, I'm going to work in Chicago to release an exposure that's going to shake the state, says the Lord. And I also heard him say that wind is going to blow across from Maine to Washington State. After that wind blows for a while, it's going to begin to blow over into Canada. And it's going to cause an awakening in Canada, and it's going to cause the very structure of control they're seeking to put in place. It's going to shake. It's going to implode. There will be those removed from office in Canada because of their corruption and because of their control. Watch and see, says the Lord. I'm about to release my wind into Canada. And it shall look like a wind of destruction. But it shall be a whirlwind of things coming together for the kingdom's sake. In Jesus name. Amen. Brother Jim Hodges, we've got you here and always love to hear from you. What are you hearing tonight?

**Jim Hodges** [00:33:56] Thank you, Clay and team. So powerful, and I say this very reverently, I'm blown away tonight, the wind is blowing and before I came on the call, I just had a few scriptures in front of me. But then all of a sudden I just saw this wind and heard this wind blow from Florida to California along all the southern states there. And of course, I thought, well wow, then Greg comes with the northern wind from Maine to Washington. And then I recall, as you guys recall and ladies recall, our nation's founding movement was from east to west, not west to east. We used to have this saying when I was growing up. Well, things start in California before they get here. well, there may be culturally some application of that, but spiritually, the Lord comes from the east. The eastern wind he arrived in the eastern gate, is that right? On Palm Sunday arrived in the eastern gate at his return. In other words, this eastern wind is blowing. And I thought-- just think about this, the strong stance that Florida has taken for the Lord. Alabama, Mississippi, Louisiana and Texas. Now, we have to pause just a moment, because New Mexico and Arizona need to catch up some. And California really needs to be blown upon. Its had winds in the natural. Fires in the natural. But Holy Spirit is blowing across both the northern landscape and the southern landscape of our nation to blow us into divine kingdom order. when the wind came at Pentacost, when the fire set upon each of them, that was the move from heaven to earth. Thank you. But it's entrance, geographically speaking and even cosmologically speaking is from east to west. And I'm excited about this. I've got some friends in California I know they're there by the grace of God. I don't know if I have grace to live there. Well I wanna tell you right now, I'm stirred tonight. And then I just felt this Shreveport. That was so strong too when that came tonight. And just as a footnote, for those that may not remember the significance of Shreveport in digging historic wells. It was in Shreveport, Louisiana. Apostle Tim could tell us all about this better than I could, of course, which was the birthplace of the voice of healing, which, of course, became Christ for the Nations. it began in Daddy Jack Moore's garage with Gordon Lindsay and Jack Moore. And then several years later, they shifted to the location and office into Dallas. So father we thank you tonight that the wind is blowing from east to west and no state is being left out. But you're coming with a strong northern wind, strong southern wind to impact every state in between the northern border and the southern border, in the name of Jesus.

We say this land is your land, Lord Jesus, your glory is shining forth. we move into Rosh Hashanah, we move into at all the things that Apostle Dwain explained. We say this is a comprehensive, thorough, explosive, dynamic, unprecedented, blowing of the Ruah of our God, the Pneuma of our God across the landscape of our nation. None will escape the wind. Those who turn their face toward it will be caught up in it and assigned to places of ministry that they hadn't thought of heretofore. Because, Lord, you're connecting and moving things across our nation. Even as they meet in Texas tonight. Where Dutch shared at the convention there with Kenneth Copen and the others. We just say, Lord, that you are putting things together. And How they'd get together, we can't explain it. The wind just blew us forward and blew us into the places where we are now assigned to declare a kingdom of God and declare America is being and shall be delivered to its destiny and purpose. And every well of revival will be dug afresh again. And the move will be coming so magnanimous and comprehensive that historians and scribes will almost be frustrated to record it all in Jesus name.

**Clay Nash** [00:39:03] Amen. thank you, Brother Jim, for that. strong. I agree with you. The weight of God is on this call on the prophetic here tonight, Timothy there in Shreveport. You're with us. Glad you could come in on the call. What are you hearing?

**Tim Cascaddan** [00:39:21] Thank you, Clay. Bless all of you and thank you, Jim, for your point. And Greg was able to write me the word he had for our city, and I'm thankful for that. It's very accurate of what God's been speaking on Yom Kippur, our day of atonement. Last year, the Lord gave me a word and said: Watch the number 14 for the entire year. It'd be a number of significances, but broad and sweeping effects and that the world will see the Lord with us day and night, Numbers 14:14 and the cloud of witnesses would surround us like never before as timeline's called them forward from their places of waiting. And when I heard that word, that's what I kept seeing in the spirit. The cloud has been waiting for a tipping and the Lord spoke to me today and said a bowl was tipped today and there was a movement in the spirit. The prayers of the Saints have filled the bowls and the Lord has poured them out on the earth. So we will see in the days ahead a rapid acceleration of the prayers of the Saints. I declare that over this 222 call that the prayers that have been accumulating for months and months are being released with a declaration and the understanding that the Lord is moving upon it right now. I just want to add that to what God gave us back when he was in the city. And Clay and I talked a little bit yesterday texting, but Clay had given us a word to go to the last place in Louisiana where a buffalo was killed. And I had to do a whole bunch of research to find it. Called the ranger stations and they had no memory, hardly. They had to search and kept passing it along till finally somebody knew something a little bit. But we went there and prayed and we activated it. it was right on the Texas-Louisiana line. And that's what Dutch had--that here would be a wind that would come from that line and that axe be swung and it would go all the way up to the Midwest and release the revival fire as well. Yesterday a local station did a whole story on the last Buffalo in Louisiana. And that is like out of nowhere the story comes out and now more people know about it. And I really felt it was a sign that that word, that Dutch released is active. And so we want to declare that today and on this call. And I want to agree with a whole sweeping move. And we thank the Lord that if we have such a great cloud of witnesses, let us run our race and encourage all the prayer warriors on this call, even the hosts. Your prayers are not in vain. The bowls have been tipped tonight and we release that fire from here and Louisiana, Texas, we release it all the way to the Midwest and let those revival fires go. The Red River fires. All the things that God has been prophesying. Lord, we thank you. And tonight we come into agreement with all the other prophetic words and we say it is living and active. And the Lord said one more thing to me. He said, fear not the activation of the demonic. for It is activating because the spirit of the

living God is so heightened right now. It's a last ditch effort by the enemy to squelch what God is trying to do. We will be victorious. I decree that right now, tonight in the name of Jesus, Amen and Amen. Thank you, Clay.

**Clay Nash** [00:42:58] Thank you, Timothy. Appreciate that. And standing in agreement. I'm amazed when you sent me that article, that video about the last Buffalo Hunter-- the killing of the last buffalo and even the man's grave, it just really tied some things together with that word that Dutch brought. I brought a similar word in Texas about the last Buffalo. And they did some research and great prophetic understanding is coming out of it. Greg Hood, you've got something else in your heart. What is it?

**Greg Hood** [00:43:33] I do, Clay. Sometimes when we're praying and ministering prophetic like this, you know, we can go on and on and on. And I didn't want to just go on and on, but I really felt this strong when I ended a while ago that I had a vision when I stopped praying and I saw arrows, arrows that were flamed that were on fire being shot out of Miami into Kingston, Jamaica, and out of Orlando into the Bahamas, into Nassau, Bahamas. And I just wanted to pray into that for just a minute. So, Father, tonight, I thank you that in order for there to be fire on the arrow, there has to be fire in the land. So, Lord, we just speak today into Orlando and into Miami, and we thank you, Lord, that the fires of revival are beginning to burn like never before. And Father, the many gatherings of cultures that are there in those two cities, you're catching each of them aflame. You're causing them to begin to be consumed by you, father, who is the ultimate consuming fire. And I thank you, Lord God, that out of Florida, they're going to be many arrows shot into the Bahamas, into the Caribbean, Lord God, even all over that region, Lord. But especially in Jamaica, there's a redemptive arrow of fire that you're bringing out Father God of Florida to redeem Jamaica. And so, Lord, whoever those are, whoever the people are that you've called father to be those fire starters in these two cities, we're praying over today that father, they are playing a major role in the redemption of the islands. Father, your word says in Psalms 97 and verse one, let the many islands rejoice. Lord, that's the scripture we hung on to when we served in Hawaii. But Lord, I know tonight, that's also for these islands throughout the Caribbean. So Father tonight, stir Florida, cause the fires to begin to burn from culture to culture to culture, Lord God. And calls from these two cities to be many arrows shot in the Caribbeans, Lord God, that these islands begin to literally rejoice and let the sound of rejoicing begin to be heard from island to island to island, Lord and I thank you, Father, for this in the mighty name of Jesus.

**Clay Nash** [00:46:09] Amen. we come in agreement with that, and as you were prophesying over Florida, the place that I heard the Lord say that the people of Florida need to pray for Key West. Redemption is coming to Key West, Florida. The Lord said, I'm going to deal with the unclean and perverted spirit that has had a take over in Key West. Watch and see, As I begin to redeem, I shall redeem a significant voice in the lifestyle that is not of me, and I shall bring them out and they shall become a trumpet to the nation, says the Lord. Dr. Miller, you've got something else...

**Dwain Miller** [00:46:57] Yes Clay. I have had this vision of you on your land there at the Ark and the Lord kept reiterating to me that now that your feet are on the land, every word prophesied by Cori Ten Boom is now beginning to unfold and I saw a great transfer of wealth. And the Lord, said everything that you need in your hand to accomplish the work set before you will be there at the moment you need it. That gold and silver; I saw gold and silver coming into that land, coming into your possession to fulfill the kingdom's mandate that Corrie ten boom prophesied. God said now that your feet are established and settled

in the land, the Lord said you will see the fulfillment of her prophetic word for that region and for Arkansas. Amen.

**Clay Nash** [00:47:56] Amen. We receive that. And I just want to say to everybody this coming Saturday. August the 7th, we have dedicated this land, we had close to 300 people, Dutch Sheets was here, my friend Ellson Binon (sp), a Navaho Minister came back on October the 6th, 2018 I think it was the very day Kevin Hall was confirmed to the Supreme Court justice. But this coming Saturday, my son and a wonderful woman that he's fallen in love with are going to make covenant. Their marriage is going to be here on the land just out on an open piece of the land here. And the Lord spoke to me today as I was preparing my heart to officiate this wedding, that it was a further coveting of this of this land. It's going to seal what we did in the dedication for God's plan to come forth. And I heard that in that word, Dwain. I know this Saturday, you know, we're in the 8th month, new beginnings, 7th day, the number of covenant --it's going to be a major day. Today for the first time, everything's coming together, you know, with this quick move we did and Susan and I both spoke and said, "It's starting to feel like home here." Not just a bunch of boxes to be unpacked, but it's starting to feel like home. So I heard some of that in your word, and I believe that that is so important. Anyone else here on the call got a stirring of something you need to release?

**Regina Shank** [00:49:42] Yes, Clay. this is Regina. Branson is not very far from you, but I heard the Lord say I am releasing a new sound from Branson, Missouri. There will no longer be the channel of entertainment. It will no longer sing songs that will entertain the people's ears. But I will bring forth the sound of worship. I will bring forth the incense of worship from my people, from Mt. Branson. And from that mountain that incense will reach the mountain of the Lord and there will be changes in that whole area, including Branson, including Forsyth, including Hollister, including Arkansas area as well. And so, Lord, I just decree into Branson --A new sound is coming and you are going to bring it forth from your people. And that sound will change the atmosphere in that entire area of Missouri, Arkansas and Oklahoma. Thank you, Father.

**Clay Nash** [00:50:43] Thank you, Regina. And I just heard the Lord say that in the very place that Dutch is tonight in the very gathering of multiple streams coming together, the Lord said, where two come together agreeing as touching whatever they ask, the Lord said, I'm bringing together the streams that are going to make the city; the authority of God glad. the Lord said watch and see for this day a significant flow together. Things that I have been waiting to see, says the Lord, are coming this night to a critical mass. They are coming to a critical mass. They are coming to a place that they will not only release dunamis, but the Dunamis will be filled with so much synergy that it's going to accomplish more quicker. Get ready, said the Lord. Get ready because the plowman is about to overtake the Reaper, even as the reaper overtakes the plowmen. Watch and see the harvest that will come quickly, but the planning will go as well. Watch and See the harvest that's coming, says the Lord.

Anyone else got a stirring? We don't want to cut it off, but if God is through, we will end the call.

**Hosts** [00:52:22] Thank you, Lord.

**Clay Nash** [00:52:23] Thank you, Lord. I just really feel-- I want to ask the host, if you will, and those of you at home, I want us to just pray in the spirit, pray in your heavenly language for just a moment. I just feel an unction of God. I Hear the Lord saying to do this.

{praying in heavenly language}.

I heard the Lord saying, watch, watch, watch for the sign shall be seen in the sky, for I am releasing a new wind and the new wind will cause signs to be seen in the sky. Watch. You'll read these in the papers, says the Lord. You'll hear of these signs seen in the sky. You'll hear them reporting on the news and know when you hear this it is I that put them there because I am releasing winds. The four winds of the earth are coming and blowing, says the Lord. They're blowing in this nation, but they're blowing in many other nations of the Earth. Watch the Muslim nation. My wind is blowing in them and it is about to increase, says the Lord.

**Regina Shank** [00:54:13] And I began to see old furnaces in basements filled with revival fire. I heard the Lord say that some of the furnaces no longer have fire in them. But I'm going to start a fire revival in the basement. I'm going to start a fire revival in the upper room. I'm going to start a fire of revival. There were old furnaces that remain cold, but the Lord said, I'm putting fresh fire in those furnaces. I'm putting fresh fire. That revival is going to even break out of small places. We've never heard of that place, but that there's going to be that fresh fire coming forth from it. And people are going to hear about that even as they heard about Azuza, even as they heard about other small revivals that began to grow. And I saw those furnaces in basements. Some people on this call, you have a meeting in your basement. The Lord says fire is going to break out. Revival fire in that place. You have a meeting in your living room; Fire is going to break out there. God says I am going to bring revival fire to my people. And furnaces are going to once again have a heap and a burning. And people are going to come in and see that and say what is going on in that place? And the Lord says revival is breaking out in un-etermined places that we have not seen before and is going to come and is going to cause other fires to come as well.

**Greg Hood** [00:55:35] Clay, Im hearing the Lord say tonight there's a rebirthing of Beaumont, a rebirthing of Beaumont. And I just hear the Lord saying that a city that has lost its glow, has lost its life just gonna begin to get the light back and God's rebirthing Beaumont. I see that Beaumont is going to begin to grow again. It's going to begin to come into a place of being one of the great lights of Texas, one of the fair cities of Texas. And it's going to do this because of the awakening and the revival that God is beginning to release in Beaumont, Texas. I even see as these fires of revival beginning to catch all over that city that it's going to go from denomination to denomination in these church buildings. I even see there's a place there that's called a cathedral that revival is going to begin to break out in as well. And I see people taking the signs off their buildings and laying them on the street corners. And as they lay them on the curb, as they lay them on the curb, they're saying we no longer identify with this group. We're going to start identifying with the body. And as this begins to happen, they're going to be people that are going to begin to move into Beaumont and things that have been "capped over" -- I just hear it said that way, things that have been capped over, they're going to begin to be uncapped again and they're going to begin to bring about great wealth in that city of Beaumont. Again, I even see you see these fires of revival begin to burn across that city that they're going to be people beginning to move out of Houston into Beaumont and out of Louisiana, back into Beaumont just because of the fires of revival that's rebirthing Beaumont. So, Father, we pray into Beaumont today and we declare: Beaumont be rebirthed in Jesus name! Come in to what God has said that you would be. Even over Beaumont, the prophetic words that had been there, over you and spoken into you and for those that have been contending for Beaumont's resurrection, I decree, Beaumont, you are coming out of the grave. You're coming out of the place of death. You're coming out of the place of being driven by crime.

You're coming out of a place that people are wanting to exit you, to a place that people are going to want to enter you. So, Father, we just decree fires of revival burn in and out of Beaumont, Texas, to bring that city into its prophetic destiny, in Jesus name, Amen.

**Clay Nash** [00:58:34] Amen. And I heard the Lord say that the religious are going to come to Beaumont and try to stomp the fire out. But if they stomp, it's only going to spread it. It will spread to Beaumont, Ohio. It will spread to Beaumont, Virginia. It will spread to Beaumont, Philadelphia. It will spread to Beaumont, Mississippi. It will spread to Beaumont, Kentucky. It will spread to Beaumont, Kansas, and it will spread to Beaumont. For I shall cause the sparks to hit these seven other places and I shall cause fire to burn in those places because of the fire that will burn in Beaumont, Texas, says the Lord.

**Greg Hood** [00:59:16] Yes, Lord, we agree.

**Host** [00:59:20] Thank you, Lord.

**Clay Nash** [00:59:26] Somebody either say "Wow" or "Oh, Me", Been a pretty good night, don't you think?

**Regina Shank** [00:59:34] I just looked up the word in Beaumont and it means the beautiful mountain.

**Clay Nash** [00:59:40] The mountain of the Lord.

**Regina Shank** [00:59:42] Yes, Amen.

**Clay Nash** [00:59:46] Amen.

**Greg Hood** [00:59:47] Amen.

**Clay Nash** [00:59:49] Anybody else got something? Well, I bless everyone and let me just tell you, Lakeshia and Clayborn, who are spiritual son and daughter to us and she's the one that does the transcribing Clayborn has covid and he actually has a light dose of pneumonia, but went in today and got treated for that and is back home. So lift them up. But we will get this transcribed just as quick as we can and we will get the recording posted tomorrow as early as we can. So I bless everyone on the call. We will be back here tomorrow at 2:22 and expect great things. Those of you that are out there when this transcription out-- whatever state or whatever we spoke about, get this transcription and get that, get it out the intercessors so we can war with it. So I bless everyone. Have a great night. Keep looking unto the hill from where your strength comes because God is moving and he's moving through the Ekklesia and he's moving through the praying church. God bless you all.
