**Clay Nash: [00:00:11]** Well, good evening. It's 9:00 p.m. Eastern Time, and we're here tonight to pray. Got a good group of hosts on and we certainly appreciate all of the participants that are on the call and will listen to this call later by recording. Just want to tell you that we're praying over every one of you. We're speaking blessings over you. We're praying protective hedge of the blood of Christ and the word of God around you. And we're just asking God to pour out great grace, mega grace upon each of you at this time. But thank you, the host, and the participants for your faithfulness to this call. This call, along with many others across the nation, is making a difference, and I rejoice in that fact, and we're going to have a great time tonight. We're going to concentrate on the four states that we have been announcing, we emailed out about, but we're also going to blend in tonight, praying over all of the Supreme Court justices. Our prayer is that every one of them will become more yielded, more surrendered and more sensitive to the wooing and leading of Holy Spirit. So join with us tonight as we pray. David Hertle, I think you're on the call. I'm going to ask you to go first, if you will.

**David Hertle: [00:01:47]** Yes, sir. I just open with a reminder that the effectual fervent prayer of a righteous man, the Ekklesia, avails much. And so Lord, we come to you tonight and we make these declarations and decrees knowing that there is an impact occurring. And I want to lift up the justices and then go to a state, the Lord highlighted to me. But Chief Justice John Roberts and Justice Clarence Thomas and Justice Stephen Breyer and Justice Samuel Alito, Justice Sonia Sotomayor, Justice Elena Kagan, Justice Neil Gorsuch, Justice Brett Kavanaugh, Justice

Amy Coney Barrett. I just want to name them all. And I declare that they will respond. We declare they will respond to the conviction of the Holy Spirit with an increase in surrender to him, who Jesus said in John 16:8 will convict the world of sin, of righteousness and of judgment. We pray that every judge do as the occasion demands and rule righteously for life, for the unborn by striking down the unconstitutional law that has sanctioned the genocide for forty-nine years. We declare it's time for Jubilee in our land, and we thank you, Lord God, that these justices will not go untouched by the moving of your spirit upon their lives, and they have a responsibility and a response being demanded of them. And we thank you, Lord God, that it will make a difference as we pray these prayers and declare over them. The demons will flee. Demons will-- the devil flees when we resist. James said. So father, we thank you . And North Dakota was highlighted to me. That in Jesus name, we lift up. We call out North Dakota and in Jesus name, we we declare that you receive a grace to live up to your motto of liberty and union now and forever, one and inseparable through God himself. We declare that the government officials of North Dakota, the business leaders, pastors, teachers and other influencers be set on a course of honoring God as the king's heart is in the hands of the Lord. Like the rivers of water; he turns it wherever he wishes. And as a man's heart plans his way, But the Lord is he who directs his steps. We declare North Dakota will come into alignment with its purpose and destiny in God. We agree with a Chuck Pierce prophecy from years past. That says, North Dakota with South Dakota will say we have life in this ground. Parts of Russia and parts of the eastern nations will say, "no longer will def hold us, shake it, shift it, shift, shake it, shake life loose. The land will move. Hear the land move. Hear the sounds of the land moving. North Dakota, we have claimed you for the Kingdom of God tonight. You shall be shaken into it and we bind every principality and every entity and every force holding you back from it, in Jesus name. And we'll give you the glory, Lord God. Amen.

**Clay Nash: [00:04:47]** Amen. Thank you, David, for that. We stand in agreement. And some of these states seem to be sleeper states that we just declare they're being awakened and they're going to carry the turning points on the election. So, we just declare that in this Senate races over these states tonight. Jill Noble, what do you have tonight in your heart?

**Jill Noble: [00:05:14]** Well, thank you, Clay. There are several things. First of all, I would like to pray for Amy Coney Barrett and for Brett Kavanaugh. Amy Coney Barrett has recently been talking with certain jurists and attorneys in particular about the upcoming DOD case. And she was questioning some things back in December, when they were meeting to hear oral

arguments, the first part of December, she was questioning some things that pertained to not necessarily abortion per se, but some technicalities. And so Alan Parker was the justice found--i believe it's the Justice Foundation. Alan Parker's organization, I'm not sure what the name of it is, but anyway, he's been working with the moral outcry for quite a while. And the moral outcry is he filed the signatures for the abortion. you know, to unfurl the scroll, if you will, to cry out against abortion in the nation. And so Alan Parker put out a newsletter this week regarding Amy Coney Barrett's position and why he feels like we have a very strong opportunity to roll back Roe based on this upcoming decision. So, Father, in the name of Jesus, it is our understanding Lord, that these Supreme Court justices can ebb and flow, and they can change their minds frequently before the actual day where that decision is made. And so, father, we ask, Lord, that now, in the name of Jesus, you would capture the heart of these justices. Father, that you would swing them toward this issue of life and this particular strategy that Amy Coney Barrett has, that will very likely be the sticking point in this case. And so, God, we pray that the spirit of the living God would breathe on that sticking point and that Father, it would undo the 50 years that Roe was argued 50 years ago, December 13th, 1971. And so God, we ask that that be unwound and that the spirit of God would breathe on it. That Lord, our ears would hear the report that this Holocaust would finally come to an end. And Father, I pray that you would do in Amy Coney Barrett's heart the thing that is necessary to bring the argument to the floor so that Lord, she's prepared not only in her mind, which is an exceptionally brilliant mind, but Lord, even in her spirit, as she claims that she is a follower of Yeshua. Lord, I pray the spirit of God rise up in her, leading her, guiding her, giving her wisdom, knowledge and understanding as she considers and prepares for this decision to be passed down. Father, I pray for Brett Kavanaugh. Lord, we know that he stands for life. And so God, I ask that as you do for Amy Coney Barrett, you would do likewise for Brett Kavanaugh. God, That you would turn his heart in such a way that he would receive not just knowledge, but revelation. And the revelation of God's word would break through and he would break through in this court. Father, we pray that the three strand cord would be their portion; Amy Coney Barrett and Brett Kavanaugh. That they would be enveloped by the three strand cord of the Father, Son and Holy Spirit. Father, I know that they feel the pressure of the nation. They feel the eyes and ears of the nation watching and listening. But Father, I pray for grace for them. That they would be able to cocoon themselves with grace so that they can only see and only hear what you are saying and what you were doing. So, Lord, I pray that would become their portion. And father, we bless and we bless all the justices. Father, we speak over those justices who embrace an ideology, who embrace a particular interpretation of the law that does not align with your interpretation. And so, God, I pray that you would come

and do a course correction on those justices who see the law through a crooked lense and God that you would bring alignment not only to their ability to see, but God, you would bring the gift of repentance to them, that they would turn from an evil thing and that they would not pursue a political agenda, but God, they would recognize with fear and trembling that there is a God in Heaven. And He, He is the Supreme Court justice of the universe. and we bless them Father, in the name of Jesus tonight. We bless them. Amen.

**Clay Nash: [00:11:05]** Amen. thank you for that. Strong, strong, we agree. We just declare that all of the justices are going to just feel the conviction of God and Holy Spirit's gonna move them towards life, life, life. Ken Malone, good to have you on. what's in your heart?

**Ken Malone: [00:11:25]** Thank you. I totally agree with what Jill prayed. And I want to pray for Samuel Alito and Justice Sotomayor, Sonia Sotomayor. And I believe in God to visit all of these justices that he would come to them in dreams, come to them in visions that they would receive prophetic words. So father, tonight I bless Samuel Alito, father, with an open heaven over his life and God that he would receive dreams and visions from you. Dreams and visions of life and life abundantly. Father, I thank you God, that you have placed him there as a strong conservative voice. And God, I just ask you to continue to keep him in that vein. Lord, do not let him move to the left Lord, but keep him over to the right in the name of Yeshua and Father, I thank you God that you will prevail in his life, god. You will prevail, father, as a righteous judge. And Lord, I pray for Sonia Sotomayor, God, and ask you stretch both your hands into her life, God. And God, that you would save her to the uttermost and that you would bring her to dreams and visions, father, and that you would visit her, Lord, even in the night, God, in Jesus name. Lord, let her have an encounter with you, father. An encounter that produces life. and father, I pray that you would turn her heart, Lord, from the left to the right, in Jesus name. You said in your word, God, that a wise man's heart leans and inclines to the right. I pray God that you would move Sonja to the right, Sotomayor, to the right, in the name of Yeshua. And I thank you tonight, God, for doing that. There's nothing impossible with you. Lord, I pray also for Chief Justice Roberts, Lord, and I pray God that you would move him, God, to the right, in Jesus name. And father, I thank you God, that every--all nine positions God, will just be filled with the Holy Spirit. That those positions will not be overrun by false ideology or demonic thinking. But you, God, would fill every one of those seats with your presence, lord, in Jesus name. And God, I pray father for North Dakota, Hawaii, Idaho and Oregon tonight, God and pray Lord that you would prevail in all of these states. Pray for the Senate races, God in these states in Jesus

name. And as you God of prevail, father give us strong conservative voices in all four of those states, lord, in Jesus name. And father, I thank you tonight, God, that you're the king who reigns supreme and both the U.S. Supreme Court and the U.S. Senate in Jesus name. And we thank you for it. Amen.

**Clay Nash: [00:14:19]** Amen, thank you, Ken. we come in agreement with that and I just lift up the Senate race in Idaho? And father, I thank you that you're going to bring to the front of that race that one that has their heart set upon life. That one that has their heart set upon the kingdom. That one is just not-- thats not just someone who claims to be a Christian, but is truly a follower of Jesus. Father, we lift up that Senate race there in Idaho. And father, we call forth your candidate, Lord, you lay your hand on the one that you choose and we call that one forth. But we are--as we do, we're calling forth life and life more abundant. We're calling for father for kingdom and biblical decisions, and we're calling forth father for there to be such a presence of God on these senators all across the nation. But in Idaho, on this senator that you're choosing, Lord, let them bring something to the table that others will have to recognize. And father, we lift up the justices and we just declare over every one of them. Let them have experiences with their own children or grandchildren or nieces or nephews or friends, babies, whatever it might be, that will cause their heart to become tender. So, father, we just declare these things over them now in Yeshua's. Regina, what do you have tonight?

**Regina Shank: [00:15:59]** Thank you, Clay. So good to be on with everybody. I was praying over the justices and I do have a couple of them on my heart, but I saw a couple of things. First of all, I saw a steering wheel and I was really blessed to hear what Ken said about them turning right. And I saw a steering wheel in the heavenlies turning the wheel to the right over them. And so, Lord, I agree with that. You are turning their hearts toward the right. And I also heard the king's heart is in the hand of the Lord and he turns it, whichever way he wishes. And so, Lord, we decree over the justices that they will turn toward your heart, Lord God. And I decree over them amos 5:24: Let justice roll on like a river and righteousness like a never failing stream. And I pray over Sotomayor and I pray, father, that you would cause her heart to turn the way that you wish it to turn. And so, father, we also decree over Amy Barrett and Brett Kavanaugh, got to be at their hearings, Lord, that they are placed on that court by you and you have chosen them for such a time as this. And I see Amy as one who has the scepter of the Lord. And Father, we thank you God that she is coming forth and saying what you want her to say and give her great wisdom, Lord, we pray in Jesus name. And over the states tonight, as I was praying over North

Dakota, I began to see the lightnings of God strike that state, and it began to expose darkness that things that were hidden in darkness in North Dakota that needed to be exposed. And so, Lord, we decree the lightnings of God are striking North Dakota not to hurt them, but to expose what has been hidden in darkness. And Lord, we decree over Idaho that old structures are being removed and that the Eagles in Idaho --I don't even know if Idaho has eagles, but I began to see eagles are rising. And the eyesight-- the eagle eyesight of the prophetic in Idaho is being restored. It's like I see God doing Lasik surgery on the eagle eyes of Idaho. And so, Lord, we ask you to do that so they can see what they need to see and not be-- have the wool pulled over their eyes, God. They would not have the cataracts of the Earth on their eyes, but God, they would see what you want them to see. And I begin to see an Oregon shofar being blown. It's a sound of awakening, and I felt like the Lord was saying that that sound is now being blown. I can see an angel blowing a shofar over Oregon to awaken them to the sound of revival that's coming to their state. And then with O-ah, with Hawaii. Sorry. The life of the land, that's their motto, is perpetuated in righteousness, which only comes from God. And I heard this. I heard downpour of an outpour. And so, Lord, we ask now for that downpour of your spirit, Lord. Let it rain on Hawaii. Let the rain of your spirit rain down upon them. That would cause an outpouring of your spirit in Hawaii. God, we ask that you would pull down the structures of darkness, the old worship systems that are hindering what you want to do in that state. And Lord, we thank you Father that in each of these states, all four of them, God. You will have your people, those that you have chosen in places of authority in North Dakota, Hawaii, Idaho and Oregon. Father, I thank you that the wheels are turning in Oregon, as well as the shofar blowing. The wheels are turning. And father, you are causing things to come into alignment in that state. And we thank you, father, that you are doing a mighty work in America. And once again, we say, let justice grow on like a river and righteousness like a never failing stream over this nation. Amen.

**Clay Nash: [00:20:14]** Amen. Thank you, Regina. And I just declare over Hawaii and all of the islands there, I heard the Lord say its out of John 1:14, and the word became flesh and moved into the neighborhood. And I just declare that the word will become flesh in those islands.and it will move throughout the islands and it's going to cause a spiritual awakening. We just declare that. And people who have been passive in voting and have not voted their convictions, they're going to vote for life. So we just declare the word become flesh in Hawaii and move throughout the islands. So father, we thank you for that. And we stand on that word now in Yeshua's Name. Betty, what do you have?

**Betty Love: [00:21:05]** Thank you, Clay. Coming into agreement with the words being released here tonight. I hear the Lord's saying Deuteronomy 30:19 this day. I call heaven and Earth as witnesses against me that I have set before you life and death, blessings and curses. Now choose life so that you and your children may live. That you may love the Lord, your god. Listen to his voice and hold fast to him. For the Lord is your life, and he will give you many years in the land that he swore to give your fathers, Abraham, Isaac and Jacob. Father, tonight we have stepped into the tenth night of our forty-four steps, and in this first 22 father, we recognize even in the number 10, that it is a number of government restoration. It represents your mighty right arm and your hand. It also represents divine order and completeness and a fullness of time. And tonight, father, we stand in agreement with your kingdom plan and purposes for every one of our Supreme Court justices recognizing indeed, as it's already been said that the king heart is in the hand of the Lord to turn wither so ever you will. And tonight, as your governmental authority recognized as Your ekklesia, We call these justices onto righteousness. Father, I thank you for Justice Clarence Thomas. I thank you, Lord God, that you cause his voice to rise and be heard. Lord, that he stands flint faced and Lord, when I see Justice Brett Kavanaugh, I hear lion faced. I thank you, Lord God, that there is a solidarity of righteousness among the justices. I thank you, Lord God, where there has been a wavering in Justice Roberts, father, I thank you that even tonight you are reaching into his heart in such a way that there is an awakening, an awakening that he comes to himself. And Lord God, I thank you that you are visiting these justices even in their dreams. And father, we pray for their protection. We pray Father God, that any ungodly counsel, any ungodly agreements, anything that is holding them in the realm of the spirit. We decree, as your Ekklesia, let them be loosed unto righteousness and truth. And Lord, we decree over those that have been blinded, that have been in darkness, lord, that you would send forth your light and truth and indeed, you would awaken them. And father, we thank you tonight as we take our stand on behalf of your prophetic destiny and the redemptive plan that you have for each one of these states. Father for Hawaii, for Idaho, father for North Dakota. Father, we stand tonight and we stand in agreement with you. And father, we prophesy into the state of Oregon. We say, Lord, let there be a stand for righteousness. We speak strength to the remnant. We speak strength to the Ekklesia that has valued life and is standing for the restoration of this state. Father, may every ungodly decree and law be overturned in the state of Oregon. We know that in the natural, they are a blue state. But Father, we declare tonight that nothing is too hard for you. Father, where they have passed legislation that does not protect the unborn, that does not protect the elderly. Father, we pray that he would begin to move on the hearts of those in governmental authority. Lord, let all ungodly agendas be exposed for what

they are, not only in the state of Oregon, but Lord, in the states of Hawaii. Lord God, in the states of Idaho and also in the states of North Dakota. We thank you, Lord God, that we are in a major shift, Lord God, in our nation and in the Earth in this hour. And Lord, we recognize that it is the time to turn the tables on the enemy. So, Father God, we say, let every ungodly agenda that has been standing in the state of Oregon be overturned. Father, I thank you for the power of the blood of Jesus Christ that speaks a better word. I thank you, Lord, that tonight you hear the cry of your righteous remnant. You hear the cry of the Ekklesia and Lord, we decree into these states. We decree into these states that are not standing for life. We say let the covenant of death be annulled and any agreement that has been made with the graves in the state of Oregon, in the states of Hawaii, even into Idaho and North Dakota. Lord God, we say in the name of Yeshua, let those ungodly agreements be severed. Father, I remind you of your word that the sin of a nation, We can see that it has reached its fullness. But Lord, we agree with you that the bowls of all the prayer movements, as the Ekklesia has risen also in this hour, that the prayer bowls have come into their fullness. And father, we thank you that you will see and hear the outcry of your people. You will hear and respond to the voice of righteousness in the land. And father, we thank you for the tipping of the Prayer Bowls of America. Lord, we say, let healing come into the land. Lord where there has been innocent blood shed, where there is broken covenant, where there has been idolatry, where there has been immorality, Father, we thank you for the power of the blood that covers, the power of the blood that heals. I thank you for the prayers of repentance and every prophetic word that is alive in the realm of the spirit over each one of these states. And Lord, Tonight we pray also, I want to pray into Hawaii. And father, you said, ha ha ha, You said Hawaii was the first state to experience total revival. We decree: do it again, Lord. Do it again in Hawaii, but do it again also in our nation. Lord, we have heard of your fame and we stand in all of your deeds. And we say, Oh Lord, Revive. O lord, renew. O Lord, move in these states. Lord move in the lives of those that are running for the Senate elections and Lord, we pray that those that are ordained by you will be promoted into their place of authority. Those that are to remain, Lord, They will not be unseated. But Lord, we say, let your kingdom come and let your will be done. Hawaii, the life of your land is perpetuated in righteousness. Man might perceive this as one thing, but I hear the Lord say I am looking down and releasing my righteousness upon you and within you now. Change, change, change. The king of righteousness is entering into your gates, Hawaii, so that the life of your land and its people will truly begin to perpetuate righteousness. Father, I thank you that there is an Ekklesia in the state of Hawaii that is formed. And Lord, they've been hidden for a season. But Lord, we thank you for the winds of change that are blowing into the state of Hawaii releasing a fresh

move of your spirit? And Lord, we thank you that in this state, let righteousness and peace kiss, in your land, hawaii. And Lord, I thank you that you caused the people to see the goodness of the Lord in the land of the living. Father, we pray also that we thank you Lord for overturning the ungodly structures within the borders and dealing with human trafficking that is run amok. Raise righteous legislators and senators who will deal with human trafficking within this state, and Lord, there has been a mourning in that land because of bloodshed and defilement. But more and again, we thank you for the voice of the blood speaking a better word. Lord, we thank you that you are mantling and revisioning your people in the state of Hawaii. But Lord, we say also in Oregon and Idaho and North Dakota, where there has been hope deferred, lord, plant your tree of life. I thank you Lord, for bringing change into these governmental mountain and lord awakening your truth and your righteousness to bring reformation and transformation. I thank you, Lord. I heard the Lord say there is a tsunami of Holy Ghost eruption that is coming to Hawaii. So, father, we thank you that you are moving to bring divine order to the governmental structures in this state and in our Supreme Court. We thank you, Lord, that you uphold us with your victorious right hand. And we agree with your testimony, Jesus, the prophetic destiny of our nation And these states and these people, in Jesus name. Amen.

**Clay Nash: [00:31:50]** Amen. Thank you, Betty. As you started out on Oregon, I heard the Lord say: Oregon, I'm about to visit you with a seismic shift and shaking. And as the shaking comes, it's going to operate as a spiritual fracking to release the flow of the oil of Holy Spirit. Watch and see the awakening that will begin to move in the state of Oregon. Watch and see the hearts that will be changed. Watch and see the liberal pro-death candidates that will not be elected. That will experience upsets, says the Lord. The people of Oregon, rise up in your prayers, rise up in your declarations. Rise up in your decrees. For as you rise up, you will be seated in the heavenlies and you will be declaring and decreeing from the heavenlies back into the Earth. And watch and see what will prevail, says the Lord. Pat, your on. What do you got in your heart?

**Pat McManus: [00:32:53]** Thank you, Clay, for the opportunity. Just want to pray for Justice Gorsuch and Keegan. So father, we thank you that you are moving upon Justice Gorsuch and Father, he's standing strong in the power of the purpose of your name. That father, you cause a greater awareness of the visitation of your heart to manifest within him. Where he'll be a strong voice in the courts as they move forward into the purpose of your hand. And father, I ask for Justice Kagan that she would experience a divine encounter with you and that father, she would recognize the significance of your heart as she begins to see the purpose of your word that

empowers and impacts not only her but her family, and would cause a revolution upon her to where she will see the significance of your way upon her life in powerful ways. So, father, we thank you that you are stirring and stirring and stirring and causing a shifting in her life, in her heart, and also for the rest, lord, that they'd experience even in their meetings, where all of a sudden the divine wave of glory will fill the room and they just have to yield their hearts to the power of your hand. So, father, we thank you in Jesus name. And father, I pray for North Dakota, for the First Nations people that are there. I ask father that a revival would begin to move in then the very structure of North Dakota, that there would be a fire of God that would ignite by the lightning strikes as Regina prayed. That father, there would be a shifting in the whole cultural dimension of that state. And from that place that there would be the unlocking of the greatest portions of wealth for the riches to be restored to the First Nations people and the peoples within the land. That father, there would be such a movement of God that would accelerate around North Dakota that they would declare that they are one with you in every way. So Father, let a revival begin to move. Let an awakening begin to be seen in the First Nations people there as they unlock into their true sense of identity and significance and destiny. And father, I pray for Oregon, that you would break the spirit of liberalism and the political structure that's upon their land. That father, you would bring a restoration of righteousness within and that they would see the breaking of the captivity from a fraudulent structure and see the freedoms of liberty that truly rest within your name. And then, father, they would begin to tear down the high places within the region and see the Kingdom of God and restoring the altars, father, that need to be repaired in that land and that father, We would see a greater awareness and the significance of your glory coming into that territory where they'll see true righteousness, and as it's been declared, candidates that would honor you be positioned in places of influence. So father, we thank you that you are reestablishing Oregon into our true righteousness reset to where they'll see the significance of your truth begin to manifest in the land. And we will see in the North Dakota and Oregon righteousness restored and candidate that honor you and yield to the purpose of your heart Be positioned in a place where they'll bring change. We thank you, father, for what you're about to do in Jesus name. Amen and Amen

**Clay Nash: [00:36:19]** Amen. good stuff there, Pat. Appreciate it. Jill, You had something else that you wanted to release. Go ahead.

**Jill Noble: [00:36:28]** Well, thank you, Clay, for the grace to do this. I went back through... I wanted to... I was not... I didn't have my hands on the information at the time a while ago, so I

feel like I need to bring it to the call because it has so much bearing on our nation. It was Valentine's Day and the New Yorker magazine printed a piece called Amy Coney Barrett's Long Game, and it discusses the safe haven argument. The subtitle of that article is "The newest Supreme Court Justice isn't just another conservative, she is the product of a Christian legal movement that is intent on remaking America." Can we get an amen? Can we get a shout that, yes, this Supreme Court Justice is a product of a Christian legal movement, and that movement is called the Ekklesia and we are loud and we are here and we are on the move and we are intent on remaking America. The Lord reminded me of Psalm 68:11 that says great is the company of them who publish the good news. And this article mentions that one of the most striking aspects of the oral argument on December 1st in the Dobbs case, of course, which is the Missouri ban or sorry, the Mississippi ban on late term abortion. When Justice Barrett questioned both attorneys about the safe haven argument, she devoted more of her time to a line of questioning that was not especially jurisprudential and not one which any other justice would have pursued. But she was speaking politely in her youthful sounding voice. She began asking about safe haven laws, which allow a person who has just given birth to leave the baby anonymously with no questions asked at a fire station or some other designated spot. States began passing legislation in 1999, and Justice Barrett has noted that safe haven laws exist in all 50 states. So she asks quite simply, why don't the safe haven law take care of this problem? Pregnancy itself, Barrett said, might impose a temporary burden on the mother. But if you could relinquish the baby, you could avoid the burden of parenthood. Two briefs were filed for the DOBs case on December 1st. Both of those briefs mentioned the safe haven laws. Now, this point may appear small and perhaps inconsequential, but Justice Barrett has made it a focal point. And so we stand in agreement with her tonight and we make a petition of our own before the very courts of heaven. And we say, Lord, that you are the author of Safe Haven. Father, you set the righteous in their dwelling places. And so God, we ask that you would set these unborn babies who are about to be born in their dwelling places in a safe haven. Father, we pray that the the justices would see the value of this seemingly inconsequential point, but Lord, that they would have their hearts turned toward it and they would come into agreement with it, and that many babies, in fact all babies would be saved as a matter of point on this small thing called the safe haven laws. Lord, we thank you in advance for Justice Barrett laying hold of this piece, and we ask God that it would be successful and that it would be the piece that pushes the entire decision over and renders a verdict in favor of the saints of the most high God in the name of Jesus. Amen.

**Clay Nash: [00:40:34]** Amen. Thank you, Jill, for bringing that great, great stuff. Great merit. And there are so many things that can be done. We need to work on our adoption laws to make adoptions easier. And we, as Christians, need to help raise money for families to help them be able to adopt. The price should come down greatly. So there's a lot that can be done to preserve the lives of these children that have destiny and purpose. And we just declare they're going to get the chance to come forth. They're going to get the chance to live and become the apostles, prophets, evangelists, shepherds and teachers that God had called. But not only that doctors, research scientists... We just declare they're going to come forth in power and demonstration, and we thank you for Roe versus Wade being repealed. We thank you that it's going to be handed back to the individual states, and we thank you for that now, Lord. Becca Greenwood, What do you have in your heart?

**Becca Greenwood: [00:41:48]** It's great to be with you guys tonight, and thank you, Clay, for the invitation to be a part of the group and just really would love to pray for Gorsuch right now and start there by praying, by praying for him. And as he's from the state of Colorado and then actually going in to pray for, I just felt like impressed to pray for Samuel Justice Alito as well. So, Lord, right now we pray for Neil Gorsuch, Lord, and we just thank you Lord, for --that You are moving in his heart. While people were praying earlier, I kept seeing a vision of him and I felt like the Lord just really wanted me to highlight that the entanglement that can come from the state of Colorado because of the financing that even comes into state issues and national issues from the governmental offices of Colorado, even with a gang of four. Lord, I pray that any entanglements that are trying to come from the state of Colorado to Justice Gorsuch now. Lord, that those be broken. Lord, I pray that you would touch his heart. I just see prophetically that he's in some sort of a battle or valley of decision where there's warfare raging around it. So Lord, even now, Lord, where they are, they are voting Lord and they are passing legislation at the national level for abortion legislation to to be overturned. Lord, I pray that any entanglement that is coming from the state of Colorado will be unraveled now in Jesus name. Lord, that he will hear your voice, that he will hear the nudging in his spirit and Lord, that he will feel your spirit touching to him and that his heart will continue to beat for life, for life for the unborn, for justice for the underprivileged. Lord, I just see that these two things are weighing heavily on him right now in the valley of Decisions. So, Lord let your voice, Lord, resound out in the spirit that will penetrate through the darkness of the voices that are trying to come in influence. And we take authority of those demonic voices of influence right now from Colorado. And Lord let him stand on the truth that he knows to be true. Where he has wavered in the past, Lord, we thank you

that he will stand firm in this valley of decision and he will hear in a place of surrender to you. And Lord, even for Justice Alito. Lord, I pray for that as we are praying tonight, Lord, that you will touch him and impact him, Lord in a great way. Lord, that there will be that sound of justice, of true justice that he has seen. I'm just seeing these things prophetically, that he has seen in the past that he will begin to rise up in that place and stand in that place that he knows to be true to the convictions that he even saw as a young man and those that influenced him. Lord, where they get into the Supreme Court and Lord, they're these battles that begin to go on spiritually as they succumb to the battle over the Supreme Court. With those principalities that are ruling and reigning that want to take the life of the unborn. Lord, I pray that he will come out of that darkness into the light that he himself will hear clearly as well in these days. Lord, that the truth and justice that he saw as a young man that so impacted him to want to stand for justice, breathe your breath of life on him, now, in those places that he will stand for righteousness, for your truth, for your righteousness, for life of the unborn, for even justice and those that have suffered injustices that he will think clearly according to the influences from his youth in his beginning days in the practice of law. and Lord, just as Pat was praying even for the state of North Dakota, I was seeing the same things swirling over the First Nations people of North Dakota, and I saw this prophetic vision and there are going to be First Nations leaders in the in the state of North Dakota that begin to rise up in a new way where they come out of a place where there has been all of this discouragement that has tried to come because of what's happened with the pipeline and everything that has come down, that there is going to be a meeting of--I'm just seeing this prophetically--of three key leaders of the First Nations people. That they are going to come together and they are going to hear clearly a strategy from heaven that is going to come that will carry great significance in weight, even in Washington, D.C., at a national level in the days ahead. Right now, I speak stable to the strategies of heaven that are coming to these First Nations leaders, these three men. But I see nation leaders of North Dakota that are going to gather. The strategies will come from heaven, that they will be able to present things in such a clear way that even legislation on the law books, according to First Nations people that are antiquated will begin to be removed and changed and transformed in the days ahead. And so, Lord, I thank you for the strategies from heaven that are being birthed in the state of North Dakota with these three leaders, these three men, now in Jesus name. Amen. Amen.

**Clay Nash: [00:48:47]** Amen. Thank you, Becca. Strong. We come in agreement with those words. We stand with them and we declare they will come to pass. Timothy, what's in your heart tonight?

**Timothy Carscadden: [00:49:02]** Thank you, Clay. And along with Becca, I thank you for this opportunity for all those that are praying with us. Thank you for staying on the wall. Clay asked me to say a little bit about Ukraine and what's going on as far as what we're seeing in the spirit, especially, we've ministered there many years and we have a lot of contacts, and I would ask all the intercessors to please pray. I'm getting daily requests from the people that are stuck in the land. They're desperate for prophetic words from the Lord, and they're asking us for what the Lord is saying. You know, they're standing strong, but they need a word from the Lord. And yes, we can get it from America. But I'm just praying that they have encounters tonight and the days ahead that the Lord would speak to them directly. They need prophetic words on whether to go outside, whether to go to the store, whether to go down the street. That may sound real simple to all of us, but if they don't hear the Lord, sometimes it can cost them their lives and they're just at that place right now where they're desperate for what's going on in the land. On the good side, some of the things that are happening there, many testimonies of the miracles of the battle, but also there's a great outreach of salvation. And I've heard many testimonies. Randy Strongback the other day talked about soldiers coming to the Lord, Ukrainian, both Russian soldiers coming to salvation, sometimes up to 50 to 70 of them a day are giving their lives to the Lord. And so God is turning this crisis in to a positive thing. What was meant for evil, God is turning for good in that sense. So continue to pray for them. We also heard that the Lord is measuring the nations, including America, on its response to this war. And we want to make sure that we posture ourselves as a nation. That we do what is right. And I had a dream a couple of weeks ago and I saw the Prince of Persia appeared to me in the dream. And the Prince of Persia had been dormant in the past few years. But this crisis has awakened that Prince and he is fully now looking for somebody and something to devour. And so we got to recognize that that Persian spirit obviously is tied to Russia that is tied to Iran and the Persian people, but it's very active right now. And today I just got off a briefing just a few minutes ago and they're going to begin to reinstitute looks like the Iran nuclear deal. And so Persia and Russia will be partnering. Matter of fact, they're going to allow the Russia to oversee this program basically, and enrich the uranium in Russia for Iran. So you're seeing the two married together even right now, so we must contend for that. America must contend in the spirit what it has seen is the weakness of America. It's pouncing on that weakness right now. But we must rise up in America and become strong, even though our leaders are not strong. We must, as the

Ecclesia, be strong right now, so much more. But that's just basic what we're getting pathetically for the people there and covering them and what's happening in the land. And in the midst of all that, the Lord told me he's going to bless Poland, unbelievably, because their hearts are so open to what God's doing there, and they're receiving so many people. The Lord said, watch, watch, watch Poland. for the Lord is about to do something mighty in that land for their heart what God is measuring them in this hour. So I want to decree that as well. The two states that I'm really burdened for tonight was Oregon, and Clay gave a word. I already saw before he said it, so I just don't need to repeat that. But Oregon and Hawaii. And these are the two words I heard. the Lord said, You two states, you are very vulnerable right now. And I saw the darkness that felt they had an unmovable stronghold in those two states. The Lord show me that the structures of its foundations are beginning to wobble and they are beginning to crumble. The Lord says the people of these states will actually move away from their unmovable stances of the past seasons. To the Ecclesia, the Lord says, it's a calling. He's calling the Ecclesia to your midwife ministry to help those two states birth change that will shock the nation as they move toward justice and righteousness. So, Lord, we lift up, Lord, first of all, what's going on in Ukraine. We thank you for the salvation. We thank you for the move of God. We pray that Father, America would respond properly, and we pray, father, that the true leadership father, even when they have poor leadership, that there would be good leadership. We pray for the Alakhems that would rise up, father, even though the Shebnahs are not-- are huning out something for themselves, but we pray for the Alakhems to rise up in this hour, father to have true authority to break this. We lift up, especially, Oregon and Hawaii right now, and we say, Lord, for these two states, we thank you, father, that they're going to be used to shock the nation as Lord, they move toward righteousness and justice. We pray right now for the Ecclesia to help them to birth the change, the transformation, and we release the winds of change upon those two states, especially right now. We thank you for what you're doing in Idaho and North Dakota as well, but Lord especially in Oregon and Hawaii. We say rise up right now, you two mighty states and lord for the revival. I know Betty prayed for that. That the move of God in Hawaii, we've ministered there many times. I just think about there were cities there that had 90 percent salvations after the Welsh revival and things like that. And we just decree that Father, they once again have Lord whole islands move under the spirit of God, so much so that they would lead the nation in moves. I just decree that right now in the name of Jesus, we thank you tonight. Amen and Amen.

**Clay Nash: [00:55:18]** Amen, Timothy. And when you spoke about Poland, I was reminded... I can't remember if it was 94 or 95, I was there in Poland and I prophesied a word and it came to me when you begin to speak. and I prophesied over Poland the day would come when they would become a deciding factor on what God would do in Europe. And so I believe that their graciousness is-- not playing, that's the wrong word. But stepping into that. And, you know, I pray that they continue to do that. But I just release supplies into Poland from all over that they'll be able to be the gracious people that they are. Some of the greatest meetings I saw in the 90's was there in Poland. The people were hungry. They were open to the prophetic and it was just a tremendous, tremendous time and move of God there. Well, father, we lift up these four states. And we lift up these nine Supreme Court justices and father, we know you've heard us tonight and we know that you are a God of life. And we know the only thing that life kills is death. And so, father, we just ask for a release of life over each one of the justices, over all 50 states and over the nations of the world and Father even those in the Ukraine and Russia. Those in the Ukraine that are trying; the women and children that are trying to transition out of there for their safety. Father put a protective hedge of the blood of Chris and the word of God around them. Give them strategies, give them wisdom. Give them discernment. Do your work, Lord and father, those--We supernaturally feed those that are enclosed in where there's lacks of food or water. Father, we ask that you, you send the angels and you bring provisions to them. Lord, You are the God of creation and your creative ability is not diminished one bit. And the same God that sent manna down, the same God that raised his son from the dead, the same God that parted the sea, lord, we ask you, Father, release the angels of provision and let them do it. And father, we lift up the Christians and people of Russia, that see through this and are not in agreement. Give them a voice to protest, but give them safety and give them provision, Lord God. And father, we just thank you that the word you gave me on January the 20th last year about the left; the pro-death people, that you were about to give them enough rope to hang their self. I declare that word over Vladimir Putin. I declare that he's been given enough rope to hang himself. And I declare that what is coming is going to be a wake up call not only to him, but to that whole nation. So father, we just thank you tonight. We thank you for every person on this call, all of the hosts and father. We bless those that will be listening to the recording and even those that will read this transcript once this is put up on the website. We declare Father, its going to supernaturally energize their prayer life to a place as We pray for all these things we've lifted up tonight. do this now, in Yeshua's name, Amen. Well, it's another Tuesday night. And we've had a good call. Great call, things have been declared and decreed. I Bless all of you. I thank you for participating, adding your declarations, your decrees, your power of agreement. And I thank

all the hosts too for taking time out of their busy, busy, busy times of responsibility to be on with us tonight. Tomorrow at 2:22 We're going to finish the week out strong and we just bless everyone and say to you, have a great night's rest.
