**Clay Nash: [00:00:18]** Good evening. It's 9 p.m. It's a Tuesday night and the Ekklesia is on this call. And we've got some great hosts on tonight. We're going to be pressing into several states tonight. We're looking at Arizona, Kansas, Michigan, Missouri, Washington and I think Tom is going to have something about Texas that we need to pray and declare into. Thank you, as always, for being on this call. So blessed for the faithfulness that those that participate so consistently, so faithfully putting their heart into it, adding their power of agreement, making their declaration and making their decree. Really speaks volumes of all those that come on this call. You know you're being heard in heaven. You know God is listening. Angel armies. But not having a place on the call to where you're heard does not in any way diminish what you add to this call. And I want to thank our hosts for their dedication to this call. I know one of the questions I get emailed. Well, not the most. The second most is, you know, people tell me, please don't stop it. We have no consideration of stopping these calls. We are going to continue with them. The Lord has said, do it and we're going to do that. You might want to know what the number one question I get and that is, can you help me find a church where I'm at that's like this call. and I know there's some out there. I don't know them all, but the answer usually is no. But anyway, we're going to have a great call tonight. I'm so blessed that Anne Tates going to open us. We had some conversation. There's some strong stuff. Anne, And just kind of lay out what you now if you would. I'm gonna open us in prayer and then let you go. Father, we thank you for tonight's call. We thank you for the watchmen that are on the wall that are on this call. We thank you that we understand that our declarations come out of what you've given us, what you've said in your word, which speaks today. But, Father, we thank you that our decrees come out of what heaven is saying at the moment. Now Faith is the substance of things hoped for, the evidence of things not seen. So we decree out of what we're hearing heaven speak now. Father, move by your spirit, stir it up. Continue to bring forth an outpouring of your spirit across this nation and keep, Father, even as we see Biden's approval rating fall, fall, fall. Father, we want a

break in of the angels of God and Holy Spirit into decision making for this nation. Father, we ask that you move if there's anything legally can be done about what Biden did sending all of our reserve all to China. Father, let the Republicans have a backbone. Let them man up and let them do something about this Father, because it is very close, at least in my opinion, in my heart and in my understanding, treason. So, Father, we just declare that you can do it and we stand in agreement with that in Yeshua's name. Anne, what's in your heart?

**Anne Tate: [00:03:57]** Well, I consulted several people that I know in these States that are pressing hard for what the will of the Lord is and for the kingdom. And in Michigan, I have someone there that I've known for a number of years, and she has an excellent group. She works with apostles throughout the state that are leaders in the Christian community. And she also works with legislators in both the Senate and the House that are Christians and they're trying to make the right decisions in what they do. And so it's a strong covenant keeping group that she's been working with for some time. And they have launched a 21-day prayer focus over this. And also, she said, I see the group is praying for Michigan tonight. And she said, the biggest issue we are facing is our governor pursues a constitutional amendment giving permission for abortion. It will be the most liberal abortion laws in the nation. Anyone, any time, any provider, any age, any procedural way to get it done. The church is banding together. We've got-- but we've got the biggest fight I've ever seen on this. I have heard God's promises for the state and stand with them. And Clay, as you know, this is a state that is very important in shifting our standing. And so what I'm seeing in all these different states that I'm working with on this is we have got to see the Army rise up in each of the states, in all of our states. But the Army has to rise up in order to move these things forward. So please pray in all of this. The other state that we're looking at is Arizona. And here's what they said. This woman is over several networks in the state. She had her eye on it. This is not the first day they've prayed about it. They've been praying about it. And she said since--I mean she started the same or was already praying when we started this prayer call. And she said one of the biggest things that they want us to pray into is for the right Republican to win in the governor's race primary. There are pros and cons for each candidate. We all need the Lord's guidance. There are still election integrity issues coming to light. Our legislature passed some great election integrity bills. But we need to follow through and pray for the primaries to be fair. We are covered as far as legislation over abortion, but there are some loopholes. And lawsuits are already being filed. We need Arizona to hold the line for pro-life. And she said of the Republican candidates for Governor Kerry Lake, is a former Fox News anchor and Trump endorser out of the box, which is good, but she's a loose cannon. She

has a mouth. No experience in government. Not sure She is a very committed Christian. The other candidate, Mrs. Robertson, is a Republican insider, has lots of money, was on the board of ASU at Arizona State University and probably owes a lot of people favors, which you know, that's important. And the other state that we need to pay attention to is Kansas. And Kansas has been called a bellwether state. And a bellwether state means, in a metaphorical sense, to characterize it, a geographic region where political tendencies match those of a wider area such that the result of an election in the former region might predict the eventual result in the latter. I'm calling them a first fruit state. And they have had--They were really quite deceived in the Supreme Court in Kansas made it a part of the Constitution, which is questionable in the legality of all of that. It's a case of the Supreme Court legislating. And so, they have to-- this is a first fruits state because the first statewide vote on abortion rights after the Supreme Court reversal could help shed light. This is what a bellwether state does. It says, "sheds light on how successful Democrats can be nationally in using abortion to try to energize supporters for the November elections." So, in other words, the outcome in all three states is very important across the United States. Missouri already had in place a trigger law, and it's a done deal. And Washington state is much like California. And Michigan wants to be. You can have an abortion, you can do whatever you want to whenever you want it, and have whatever you want to, any age, all those things. And that's where Bill Gates' organization is. That's where a lot of those things are centered up. And so, you know there's great influence in that state not to shift. And so tonight, as we pray, I want to pray with the wisdom of God and decree that the Lord is able to shift this in His favor. I want to speak into Kansas and say that you will be a plumb line state and you will stand and deliver by the plumb line. We say that there are many great people that have come out of Kansas that have done amazing things. But Lord, we say today the dividing line is being applied. And we say that those who follow after the Lord, who hear his voice, who move with his spirit, will do what a plumb line does when it's been released out of the hand of the Lord. And we say that no weapon formed against this vote will prosper. And there have been words spoken by Clay, by Chuck, by Dutch, by others and we say they will stand up and be the beacon of hope and a trendsetter for the whole nation, in the name of Jesus, Amen.

**Clay Nash: [00:11:38]** Amen, Anne. Thank you. Great start. Great start today into this. I'm trying to look. I got off track there. Someone contacted me--who'd I say goes next? Pat, you're to follow her. What's in your heart, my friend?

**Pat McManus: [00:11:55]** Thank you, sir. As I was praying about tonight. I have the three states: Arizona, Michigan and then Washington. But-- and I got to looking at some things on each state. Some I'm going to decree based upon what I read. A little bit and then Go from there. So in Arizona, I know the motto is "God enriches." But there's a statement within there that said this: God enriches more effectively fulfilling God's purpose in the Earth. So, Father, we declare to Arizona that you receive God's. Fulfilled purpose and realigning To a righteous order to be established on the foundations of God's word. We declare that God will enrich you as you reset according to the order of the heart of the Father. And there will be the re-adjusting according to the purpose of His hand, and there will be, from that place a reestablishing of the covenant Promise of what the foundation of the state was functional In To fulfill the purpose of what God said that will be. To Michigan, you will begin to realize that your. Fruit needs to remain according to the principles of God's Word. That you are a fruit--a state that produces 75% Of the nation's crop. We declare this day that your Fruit needs to Come into alignment with the heart of the Father and send a clear Awakened order to be Reestablished in that state. We declare to Michigan, that from this day forward, no longer will false Fruit Be established and righteous order will be seen in that state. And father, into Washington, Father that motto is the Evergreen State. Father, we declare that Evergreen and Everlast Is going to war in that state. And there is a clear sound of reformation, but a clear sound, a revolution arising from the state of Washington that will truly see the everlasting and the evergreen begin to work and war together to dismantle the strongholds of that state and bring it into righteous order according to the purpose of your word. And Father, we declare over these places, Father, pull back the veil, pull back the curtain, pull back the corrupt structures, and allow everything to be seen for truly what it is and bring righteous order to those state. Father, just one last thing, I know Tom's going to say, but Father, when I was in the Air Force down in San Antonio, Father I remember going to the Alamo and Father, I declare: Texas, remember the war that was fought for the preservation of a state. Father, we declared that the Alamo, that fighting spirit will arise again and neutralize and nullify This corrupt structure that's trying to take over the state. So, Father, we declare the war of the glorious Expression Of the father's heart will be seen upon Each state according to the purpose of your word. And we thank You, Father for it and we give you praise in Jesus name, Amen and Amen.

**Clay Nash: [00:15:05]** Amen. Thank you for that, Pat. Tom, what's in your heart?

**Tom Schlueter: [00:15:10]** Amen. Well, first off, thank you, Pat, so much for that encouragement, that is much our battle cry here in the state of Texas. There's something that I want to share, just that the Lord revealed to me today, just that came out in my daily Bible readings today as kind of a flow from what Pat just said. And then I've got a couple of very simple words over two of the States, and then I want to say something over Texas. Today, just in my daily Bible readings, I just am reading through the Bible every year. And my daily Bible reading today was in Numbers 13. These names are not very familiar to us, but the Lord just had me highlight them in my spirit today. But Shambala, Shuafat, Yigal Pulte, Gadi el, Gadi, ami El, Seifer, Nabi and Jewel. We don't really pay attention to those names very much because those are the ten not heads. Those are the ten spies that determined, "no, we're not going to go into the land." And they caused all of the people of Israel to spend the next 40 years in the wilderness. And even after they had been judged and told that, they said, well, let's go ahead and fight. And now it was too late. And the Lord just kept on impressing me through all day. I heard Dutch's Give Him 15 this morning about 'This is not finished'. And I just--there was just a, just a well swelling up in my soul and my spirit of saying, 'no, we are not finished. We are not going to be like these ten spies. We are going to be with the spirit of Joshua and Caleb. We are going to rise up. We are not even going to let the ten spies lead the church into a vote. We're just going to go ahead. We're going to go with the Lord in this season.' And so the Lord had me on ten spies all day. And then I realized ten days from now is the ninth of Av. And you can't make that stuff up. The ninth of Av is the day on the Jewish calendar where they recognize what happened with these ten spies and the decision that they had made. And I just want to encourage everyone on the call. This is not finished. It's going to get fierce. We know it's going to get harder and harder, but we are going to go into what God has promised us to go into. We are going to see this happen. We are going to see these states that we are praying for. They're going to switch. They're going to go into righteousness and holiness and justice. They are going to go where God desires, and has always destined them to be as states. He does not want states going in the direction of following after Satan's plan or after the structures of Babylon. So, Lord, we just continue to pray into that. We continue to say, "we are moving forward." Now, there were two states that just really came to me quickly today as I was preparing: one, Anne, you've already said it. And it is so much along the same line. I didn't get the word plumb line, but the Lord simply said, You need to pray for Kansas because they hold my heart. Kansas is the heart of the nation. Many, many gatherings have taken place there in Kansas, at the heart of the geographical center of the nation. And so, Lord, I just speak to the heart of Kansas, that you need to beat again with the heart of the Lord, and you will bring forth the blood of Jesus over all

of the nation. You will make sure that the circulation of the blood of Jesus is proceeding from the heart into every one of the other 49 states, up to Maine, down to Florida, from California, up to Alaska and over to Hawaii. All of the states, dear Lord. And we say, Let the blood of Jesus flow strongly from the heart. They will now be turned into a heart, heart of the Lord's state during this election. And they will once again proclaim righteousness and they will once again say, we will not tolerate the spirit of death in our land. Arizona, just very quickly, my dad took a pastor at their amMission church in Scottsdale. The very first two years of my life were in Scottsdale. I had been born in Iowa and we moved to Scottsdale. And the Lord just has always had a special place in Arizona in my heart, and especially because the church there was called Ascension Church. And so, Lord, I am decreeing today that Arizona will ascend. They will ascend into righteousness. They will ascend into glory. They will ascend, dear Lord, because the presence of the Lord will overwhelm that state. And they will shift. They will shift into that place where they are in alignment with God's purposes in this hour. Now, Clay, I had shared this with you all. Just asked that everyone around the nation would pray for us at this time. One of my friends here a couple of days ago actually was on a Monday morning, said that, hey, Beto O'Rourke is going to be in our small town up here. And I discovered that over the next 50 days he is going to go to 50 small towns all throughout Texas and appeal for his vote. And Beto is not Latino, even though he uses a Spanish name. He's Irish, he's a socialist. He is pro-abortion. He wants to destroy the Second Amendment. He is everything we do not want anywhere near our capital, nowhere near the state. Nowhere near the nation. He just doesn't need to be anywhere. And so I would ask that all of you, I'm so thrilled about the people in Texas because they are really a grassroots army. We sent this list out all across the state and just within hours I was getting replies, "We've got this town covered, we've got this town covered, we've got this town covered." And they're going to be out there when he's campaigning and they're going to be praying. And the most-- the thing that we are decreeing the most is every single one of his words will fall to the ground and be trampled underfoot. So we would appreciate that you would pray for us. This is a key, key election with our governor. We don't think he has a chance, but we're not taking any chances. We are drawing the line in the sand again, Pat, and saying, we're crossing over. We're not going to look back. We're going to see God reign and flourish in the state of Texas and from the state of Texas into all the rest of the nation. We decree that tonight in Jesus' name. Amen. Thank you, Clay.

**Clay Nash: [00:22:24]** Amen. Thank you, Tom. You know, Tom, you made me think of it, but the Lord has had me declaring and decreeing that and I'm gone make an\ observation. But the body

of Christ, sadly, in this nation are full of giant talkers and, as the spies, ten spies did. But the Ekklesia is made up of grape tasters. And I'm just telling you, the battle is fierce. There's much going on. Let me give you a scripture for those who out there that might be a little bit weary. But in the Book of Judges, chapter eight and verse four, when Gideon came to the Jordan, and that was a significant crossing, because if you remember, the priest stepped into the Jordan and the water began to dry up. And I think it's exactly 11 and a third miles upstream at the city of Adam. So they had to wait for the old flow to dry up and a new flow to come. So when Gideon came to the Jordan, he and the 300 men who were with him crossed over, exhausted, but still in pursuit. I'm telling you, the grapes that are on the other side of this battle that we're in, they're going to be refreshing. You know, as I say it down here in Arkansas, they're going to be so big, we're gonna have to get a sapling pole to be able to carry one cluster of grapes. There's some great rewards ahead. We got to shake off our weariness, we gotta shake-- We cannot begin to talk about the giants. There are major, major giants. The media is one. But we're not giving into them. We're going to take them out. We've all been given weapons of warfare. We've even been given new weapons for this new era that we're in. And I just encourage you. Father, I declare, let the giants reveal themselves, let them be exposed. And I thank you, Father, that you have given us the exact weapons for such a time as this. I declare that we are stirred and we are, even as David was, with the uncircumcised philistine, we are those that know how to hurl a stone. We know how to raise our hand in worship. But we also know how to hurl that stone. And we know how to knock a giant off his feet, then take his sword and cut his head off so that he can never rise up again. So, Father, we just declare we are focused on the grapes in the land that are filled with milk and honey. And we declare that we are turning this nation because we're working with you and for you. And it is your spirit doing it, not a work of flesh. Bless us with wisdom, give us greater revelation, and give us spirit understanding, and let our words become a sound and not an echo. And as that sound goes out throughout the earth we declare that that sound is going to strike fear in the hearts of those that oppose the God of Heaven, the God of Earth, the God of the universe. We declare that now in Yeshua's name. Regina, what's in your heart?

**Regina Shank: [00:26:13]** So good to be on with everybody tonight. Just several things. I want to start with Washington State, because I began to pray over Washington. And I began to see apples. I know that they are native to Washington. And what I saw was what God wanted in that state. Apples of gold in settings of silver is a word that we've spoken, and that's out of Proverbs 25:11. But I saw the iniquitous roots that were growing in the midst of what God wanted to come forth in that state. And so I decree over Washington State the iniquitous roots that are within you

will be uprooted. You will no longer have a death structure in your state but you will come into your purpose, which is Proverbs 25:11, that you would walk in pleasant, desirable words full of wisdom. And so, Lord, we decree over the state of Washington that they will come into that purpose of apples of gold and settings of silver, and those iniquitous roots that have held back their purpose will be uprooted in Jesus name. I began to see Michigan and I saw the iniquitous roots there as well. And what I saw was, I saw like a sickle, and the grim reaper had a sickle, but the harvester had a sickle. And I saw the battle over the harvest. And of course, the Grim Reaper was wanting to kill part of the harvest, which is the new life, the babies. And God wanted to bring in the harvest of souls. And so I decree over the state of Michigan that the Grim Reaper will no longer be allowed in that state. He will no longer be allowed to kill the babies that are to be born in Michigan and that the Harvester of the Harvest of Souls is released in the state of Michigan. And I decree over Michigan that that wall of liberalism is coming down. I began to see that the cornerstone of that has been some teaching that was sewn into that state. It is not the cornerstone of Jesus. And so Lord, we say right now that the cornerstone of the wall of liberalism is coming down, in Jesus name. And that the real cornerstone of Jesus Christ will come and be set up in the state of Michigan. And I decree over Kansas that abortion will be aborted. I heard that today as I was praying for Kansas. I was on the phone with Sandy and I'm going to be there with a group from Missouri to support Kansas. And I just decree over Kansas that abortion will be aborted from that state and Kansas will come into her purpose as well, in the middle of the nation. And over Arizona, I began to see that iniquitous root there as well. And I know people probably don't remember when we used to play tetherball. And it's like a ball on a pole and one team will hit it one way and the other team will hit it the other way. And I just heard the Lord say it's going to be like a tetherball battle. It's going to go one way and then it's going to go the other, then it's going to go one way and then the other. But the Lord said that He is going to step in the midst of that and stop the fight, and he is going to cause them to come into a new place of holding the line for the Lord Jesus Christ. And then also that Governor that's there, I pray for the right governor, as Anne said, to be elected in Arizona. And last but not least in my heart, because I live in Missouri, I began to hear that same scripture that Missouri is known for because we were the 24th state to come into the union, and I just decree Psalms 24 to Missouri: lift up your head, you gates and be lifted up you ancient doors. The King of glory is coming in here. And I begin to see the gates of the state. And there was a gate not only in Missouri, but it went on over into Kansas, and that the gates of the glory are opening in the center of America with Kansas, Missouri, Oklahoma. And Father, we thank you, Father, that your heart is in the heartland and you're going to begin to see your people rise up in worship. And your goodness is

going to pass before us. And I decree over Kansas, even on Friday night, that your goodness is going to show up in that meeting. And Lord, whenever Moses cried out to see the glory, you said, I will show you my goodness. And so, Lord, we thank you that your glory and your goodness are one in the same. And we're going to see the goodness of the Lord in the land of the living. Lord, We say we would have despaired unless we believed we'd see the goodness of the Lord in the land of the living. And we pray for the goodness of the Lord to be in every one of these states: Arizona, Kansas, Missouri, Michigan and Washington. And Father, we thank you for that, that there is a shift going on and you are going to have your way. Father, we decree it and we shall see it, in Jesus name. Amen.

**Clay Nash: [00:31:32]** Amen. Thank you, Regina, for that. David Hertle. What's in your heart?

**David Hertle: [00:31:39]** Hallelujah. Just agreeing with Regina. Just had Kansas come on My heart today During the prayer time. And you said we're going to pray for the states. And that's just what has been burning in my heart. I was born there, grew up there. Have family there, have church members that have moved. They recommended your service in a couple of weeks, too them. They said they would be anxious to go. So we just declare Kansas is the birth--state of the meadowlark. And the state of the sunflower from the dry western windy plains across to the eastern green hills, the flint hills. We just declare in Jesus name that you're going to be a Kingdom State. We claim you for the Kingdom of God, and we thank you Lord that life comes into Kansas even as it has in the past. Even more so, I Thank you, Lord, that Kansas was drier Spiritually than ever before and it has increased in life and it shall continue to increase. And I thank you, Lord, that your convicting spirit will hover over Kansas, and it will pull people's hearts into a place of voting in the direction of life, and going after those things that produce life. I thank you, Lord, that Kansas is coming to a place of fruition for the kingdom and in Jesus name, as we declare tonight over Kansas, that it belongs to the Lord Jesus Christ. He's the strong man over Kansas, Wichita, Topeka, Kansas City, even, I thank you Lord, that all the small cities and towns out across Kansas, in Jesus name. Jesus waltzes in, he takes over and he takes his state back. And I thank you, Lord God, that once again the stark blue skies will declare His glory. And we'll give you the glory for it, Lord Jesus as Kansas comes into alignment in its government, as it comes into alignment in its choices for government, and in lining up with the national government to bring it greater strength in pursuing you, Lord. And we just give you praise and honor and declare in Jesus name that as Kansas is saved and it shall be saved, and

it shall be saved quickly, more quickly and suddenly than what we ever imagined Even as Roe was overturned, so shall our nation be saved in Jesus name for your glory. Amen.

**Clay Nash: [00:34:10]** Amen. David, we come in agreement. And I just want to reiterate, there has been dreams about Kansas. I know Tim Sheets has had one. Chuck has-- I can't remember if it was a dream or a word. I've had some words about it. And so, it plays a key factor. Brother Jim Hodges, There's something in your heart, we need to hear. What have you got?

**Jim Hodges.: [00:34:42]** ... Just getting unmuted here. In the flow of the call tonight, I felt like a little simple word came, but I felt like it was important. I'll submit it to you. And there were actually three words. The word founders, forerunners and frontiersmen, but also frontier women. So make sure that last one is not gender limited at all. And this is simple. But it hit me real hard because in a lot of all these states were praying for and we could probably say it about all 50 in some way in the unfolding of our nation's history. But our founder's vision that we know, we've talked about. We've talked about the Cape Henry Monument and Robert Hunt and all of that, Plymouth Rock, the Mayflower Compact, all those important historical incidents. But our Founder's vision would never have ever come to pass without forerunners and frontiersmen. Frontiers women. As I mentioned on a previous call, Daniel Boone's Westward Move from North Carolina into Kentucky, corresponded to Washington's being our Continental Army commander. And somehow their actions were connected. One was this educated man, George Washington, and he was our first president, of course. And then Daniel Boone is out there, founding Boonesborough in Kentucky. And I believe the spirit and we've had teaching on this, but it just kind of got re-emphasized again to me. We know and we're believing that our nation is turning toward our founder's visions. And that's why we've been motivated to study history and to do these strategic prayer calls and these strategic places. But now the forerunners--Josh and Caleb were forerunners, right? The ten that, you know, Tom called out. I didn't remember all those names. I knew they're in the wrong group. Okay. So it takes a few forerunners at least to overcome the failure and the lack of either vision, vigor or whatever strength to pursue what God wants. But the forerunners are a remnant representative group. And I believe that Spirit is just rising up again among God's people, and we're going to have to be frontiersmen. You know, you want to be careful how you quote Davy Crockett. So I'll paraphrase when you told him back in Tennessee, "y'all can go to Hades, I'm going to Texas." And it's that attitude--excuse me. But that's what he said. And but he is a frontiersman. And this nation was conquered by western move. Isn't that interesting? Because the gospel initially in the Middle East in Israel... Hello?

headed westward and contest head west and and it circled the globe and of course, back to Jerusalem. The move of God in the church in China years ago underground church was back to Jerusalem. So, the westward flow was prophetic, of course. And so early states got to come under the dominion of Jesus, go back and read their original charters, and you'll see the reference to the Lord Jesus Christ. you know, some generic term God in them, you know that. So I just decree and declare what the spirit of the forerunners and the spirit of the frontiersmen and frontiers women is going to be the instruments to implement the founder's vision. And so, I'm saying prophetic apostolic visionaries, I'm saying five-fold evangelists, pastors and teachers, the intercessors, the Ecclesia Army, made up of all the following and even more is going to advance somehow by reconnecting with that spirit that was so strong in the Western movement of our nation, its growth and simultaneously the Western movement of the Gospel. was the movement perfect? Of course not. I've been reading a book by Arvin Doxitar that, you know, that documents well. Our failure in keeping covenant with the Native people, we understand that. there's been repentance, there'll be more. But we know that our founders vision, Jesus, is the founder and author of Our Faith, His Vision, and now the American founders, who based their vision of founding a nation on the foundation of the Word of God, is advancing and is really, I believe, happening because of the strength and anointing God is releasing to be forerunners, like John the baptizer, of course, and the frontiersman in our nation's history. And now that spirit is taking hold and we declare that spirit will not die. That those anointings will not die because they're given by God. They're called boldness. They're called courage, they're called perseverance, they're called endurance. So we thank you, Lord, for working all that in us that we need to move by your anointing to accomplish what we're all seeking. I know that the battle is going to rage. That's what Dutch said again today, especially till the midterms. So we expect the heat to rise. Pardon the expression, but we're going to see the body of Christ as the Ekklesia prevail and the Lord's coming to every state. It's coming in a fresh, new, powerful way. And we declare it and decree it so, in the name of Yeshua , Amen.

**Clay Nash: [00:40:50]** Amen. Thank you, brother Jim. Susan and I are doing a lot of reading and listening to audio books about some of the frontiersmen, The Mountain Man. Some of that right now got a lot of good history, true history in it. And one of the statements that one of the mountain men said in one of the books that we've devoured, he said, "There's time that you circle the wagons and there's times you press through." Do you press it? We're in a time of pressing through.

**Jim Hodges.: [00:41:25]** Amen. Amen.

**Clay Nash: [00:41:27]** It's not a time to look behind us. It's not a time to look who's after us. It's not a time to be concerned about what's ahead. We have e a word from heaven, from our captain of the hosts. And he said, I go before you. And so it's you know, my prayer is...my prayer is that tenacious, fervent, Forerunner Spirit, that frontiersman spirit. And I just want to say on this call, I have the privilege of running with some of the most--I want to be flattering, but truthful. But some of the women that we are commissioning and ordaining into ministry that we get--some on this call. It took those type of women to settle this nation. You know, they knew how one of the books we're doing, the guy taught his wife how to shoot. And she is just incredible with that. And it's not about flesh and blood. So hear me on the call. But it is about the the women of this nation that are in the apostolic prophetic movement that know how to do spiritual warfare. Some of them are so accurate. Some of them are sharpshooters. I'm telling you what is coming. Listen to me. What's coming-- there will be in the very near future of this nation a shot and I'm not talking about a gun going off, but there's going to be a shot that will be heard around the world. God is working far greater than we even realize. He has given us a promise that says all things work together for the good of those who love God and are called according to Christ's purpose. I want to end with one other Scripture I want to quote. I think it's in the Book of Acts. I can't remember right now, but it says, "Jesus, I know and Paul, I know. But who are you?" remember the sons of Sceva. you know, where their clothes were tore off. look it up in your Strong's concordance. He said, Jesus , I know. that is one Greek word. "Paul, I know" , that's a different Greek word. Those are two different Greek words. and what it could have and should have been translated into "Jesus, I know and And Paul, I'm getting to know." I'm telling you, I'm telling you that the ecclesia is becoming known in the cosmos and in that place, that darkness and light are in conflict. And our words and declarations and decrees are becoming stronger. And let me just tell you, answers are coming faster. Answers are coming. We're getting suddenlies. The more we put the enemy under siege, the more we break out of the sieged mindset we're going to see suddenlies build on top of suddenlies and blessings-- and everything from God is a blessing. But it's more than that. Resources we need to win are being released out of heaven, into the earth. the storehouses of heaven are filled with everything we need for what's ahead. I hope I'm encouraging you. I'm encouraged. You know, I was-- my wife, if she was on here, she would say I was born for battlefield, blood and guts and this spiritual warfare stirs me. It makes my prayer life stronger. But I am not praying pity prayers. I'm not playing God, you got to do something. I'm saying God, "What can I do? What fo you have for me? And those that you given me the privilege to lead. What can we do?" You know, I'm not going to sit around

one day with a great, great grandkid and say, I sang hymns. I'm going to sit around and say, "we attacked hell with a squirt gun if necessary." And I believe those on the call tonight, you're carrying that frontier spirit. It's really, it's a frontier. It's a forerunner. It's definitely that. But look up this word, Vanguard. The vanguard is being commissioned. The vanguard is being sent from. You want to know about the vanguard? Look at the old movie, Dirty Dozen. They were a vanguard forerunners that were sent in to do a job, and they had the grit to do it. Okay, soap box, dust it off. I'm going to get off of that. We bless you tonight. We'll be here tomorrow at 222 and we're going to continue this week, keep pressing in. Please pray for the meeting on Friday night out in Wichita. Who has something? Anybody else have something to say?

**David Hertle: [00:46:48]** Nothing here. Just, we're not finished. Let's get going.

**Clay Nash: [00:46:56]** Amen. Amen No, no turning back. No turning back. We got--Got to go. I think it's the French Foreign Legion that had a motto, and it said, "If they falter, pick them up. if they do something else, do something else, but if they turn to retreat, shoot em'. And, you know, I'm not saying we're going that far, but there's no turning back. No, turn it back. God bless everyone. Thank you for listening to me. I feel better and I hope something I said made you feel better. We'll be here tomorrow at 2:22.
