

# Triumphant Prayer Call for Righteousness: Tuesday Night Prayer Call

**Topic:** House Races, Continued

**Date:** 8/2/22

**\*\*For errors and corrections, email [HealOurLand@claynash.org](mailto:HealOurLand@claynash.org)\*\***

**Clay Nash: [00:00:10]** Good evening it's 9 p.m. Eastern Time and we're on tonight's call. I want to thank everyone that's been able to join in on the call. We had a great call today. As you know, there are many states that are having preliminary elections today. But one of those states is the state of Kansas. And one of the things that's up to vote for the people-- I'm sure you're aware of this. Dutch has written about it. We've been praying into it for several days now on the call, it is about them standing for life and standing for this reversing of Roe versus Wade. And so I'm trying to get some information. I'm sure the polls will be closing. I don't know whether they close at eight or nine in Kansas. But if we hear anything out of it tonight while we're on the call, we'll be releasing that to you. But I have asked our hosts tonight to just stir up Holy Spirit in them and pray and release anything prophetically. I'm not going to limit you to the House race or the Senate race or a governor race. Although those are things that we are focused on in this call. A lot of talk about title nine. I had someone contact me. You know we've prayed over that several times. Continue to pray about the Department of Education and Title Nine. They're trying to push some things through. Much, much prayer. I've heard from a lot of people. oh, I'm just finding out that the polls closed at seven in Kansas. So that's good to know. So I'm hoping maybe we hear something about it tonight. And on this call, we can release to you. But Title nine, it's not the focus of this call, although it is a very significant and serious agenda that they're trying to bring through to bring into our schools. So you and your prayer group, you and your people that you pray with that are on the call, search out Title Nine. Look at it; Department of Education and be working and praying against it. Make your declarations and decrees strong.

**Clay Nash: [00:02:37]** Will be on here tomorrow at 222 Eastern time and it'll be another great call. We'll finish out this week and we just appreciate it. Remember, coming up this Sunday night, August 7th at 5:55: Releasing the Heart of the Father. It's our first Sunday and we're going to be talking about forgiveness and bringing closure. Forgiveness and bringing closure. So you

don't want to miss that this Sunday night. All right, Regina Shank, good to have you on there in the Missouri. Just reading a very tragic story about a tornado in 1925, actually the greatest tornado ever came in this nation. Just broke my heart for all the lives. But, you know, Missouri is a strong state. They come back. They just keep coming back when they're hit with thing. and they're doing that in the governmental arena. So what's in your heart tonight for this call?

**Regina Shank: [00:03:40]** Well, thank you, Clay. I hope what I have is what you were wanting, but I'll tell you what was going on in my heart. And of course, we recognize that God has said in Isaiah 22, there's going to be a shift in power, a shift from Shebna to Eliakim. And that's what we're all praying for in America. But I started doing some research on Abraham Lincoln and some of the quotes that he had. And of course, God raised him up during a crucial time in America. I mean, this man stood boldly against slavery. He stood boldly in the nation. And I just want to read a few of these quotes and then I want to do some prophetic declaration here. He says, "Nearly all men can stand adversity, but if you want to test a man's character, give him power." And I thought that's very, very good. And we are testing people's character right now in office, and we can see who they really are. And then he said, "those who deny freedom to others deserve it, not for themselves. And under a just God cannot long retain it." And he's basically paraphrasing the word of God that what we sow we reap. And then he said, "I've always found that mercy bears richer fruit than strict justice." And it reminded me of mercy and how we have been decreeing mercy over America. And when we did that prayer journey through America back to the roots, we found the currency of mercy. And so I'm decreeing that mercy is coming forth in America. And he said, "My great concern is not whether you have failed, but whether you are content with your failure." This man had great wisdom. He said "the people will save their government if the government will allow them to do so." And then this last one we're all familiar with, it says, a quote, from the Gettysburg Address and it says that "this nation under God shall have a new birth of freedom. And that government of the people, by the people, for the people will not perish from the earth." The last line of the Gettysburg Address in a very crucial time in America. We are in a different time in America, but it is still a crucial moment. And I believe that God is going to bring forth men and women who have the guts that Abraham Lincoln had. Who have the boldness to be able to say, "this is not right, we're not going to do this." And I believe that he is raising them up. And I began to see these purposes that God has released into the Earth, that even some of our teenagers are getting ready to fulfill some of those purposes, that they have a call from God to be in government, a call from God to begin to decree His will and purposes into the Earth. And so I decree over America that a new breed of

leaders are alive right now. And another whole generation of leaders and those who will stand for your purposes, God, are being birthed in the earth right now. And so, Father, we thank you that the Holy Seed is in the stump, Lord, you said in Job that the Holy-- I think it's Job or Isaiah, that the Holy Seed is in the stump. When the stump is cut down, the seed is still there. And Father, I thank you that there are holy seeds coming forth in America, that this boldness that Abraham Lincoln had this this sense of rightness that he stood for in spite of opposition, Lord, We're going to have that once again. Lord, I ask your forgiveness for wishy washy political people who will say one thing to one group and one thing to another just to get the votes. Lord, we're saying that season is over. That time is over now, and we're going to have a new breed of leaders that will hear your voice and will do what you told them to do. And I thank you, Father, for this shift that you talked about in Isaiah 22. and father, that you're going to remove those Shebna's and you're going to bring forth those Elakim's, God. And you are going to cause the key of David to be put upon the shoulders of those that you're raising up right now. Lord, I thank you that you're not going to allow America to fail because America is your idea. And father, it was for freedom, that Christ set us free. And we decree that we will not be entangled in the yoke of bondage in this nation. That bondage is not from you, Lord, and you have called us to freedom through Jesus Christ. And so we prophesy over Missouri that you will be one who raises the banner of freedom. We prophesy over Kansas. You will be restored to the victory of life. And we believe it's today. Lord, if it's not worth keeping, we're going to keep fighting because we know that blood altar of bloody Kansas is being removed, in Jesus name. Lord, we decree over these elections that are going to be counted very soon, lord. God, we say over them they will not be fraud anymore and it will be exposed if it tries to happen. And Father, we're going to have honest and open elections in America. So, Lord, I do decree over our next generation, God, that are following us. That they are going to rise up and lift the banner of freedom high, in Jesus name. I had a vision not too long ago and I began to see this whole army, and it was like they were on horses. And of course the Lord said that he wants us to be a proud horse in battle. And this whole army and they didn't know what to do. They were trying to rally around, but they didn't know what to do. And suddenly there was a man on a horse that had a banner of freedom, and he went up on a hillside and he waved the banner and everybody started following him into the battle. And we're in that kind of a battle right now. and we're rallying around the voice of freedom. And we are coming together in the body of Christ and Father, we are taking this land back. And so, Lord, I thank you, Father, that the horses and the riders are ready and we are running free with you. And we are following the banner; Appeal to Heaven. We are following the banner of freedom and that this nation will come back to Jesus

Christ. Lord, I thank you, I see people on their knees. I see them crying out. I see people saying, "We're not going to do this anymore. We're going to have freedom in our states." And so, Lord, we prophesy over the states of the United States of America. I prophesy over California right now And I say, California, your time has come. You are going to shift. You're going to quit being so liberal. There are going to be evangelists and prophets released into California to release the Word of the Lord and to bring that nation, that state to its knees crying out to you. And Lord, I know there's a water shortage there. Lord, you are the water of life. And it's a prophetic picture of what needs to happen in California. that the water of life will be released into that state. Lord, I decree that the fountain of healing is going to open in California and people are going to begin to see signs and wonders and miracles, people that have never seen them in their lives, God. And so, Father, we pray for that state to turn from liberal to knowing you and voting for your purposes in their state. And Lord, I say that instead of Newsom, something new is coming to California, and we praise you for it. Lord, we thank you that you're able to even turn the hardest heart. and we ask you to do that. And Lord, even that forgiveness, that's a message I'm bringing to California Friday, is forgiveness, Lord. And I thank you, Father, that they are going to forgive one another and come together in unity for a holy purpose under the banner of your purpose in America. In Jesus name, Amen.

**Clay Nash: [00:12:08]** Amen. Great start, Regina. Thank you. Anne Tate, what's in your heart?

**Anne Tate: [00:12:14]** Well, Clay, I'm hearing the Lord say that the turnaround has begun. And that in spite of the beginning results that we are seeing or that are being shown right now, Lord, I believe that the Lord is even now working to bring forth a trap that will trap the enemy in each one of these States. That he is setting a trap so that the people of God will be able to move forward, and that the bloodshed will stop, the unrighteous bloodshed from state to state will stop. And the Lord is saying to me that his arm is not shortened that it cannot save. And we say, Lord, that he is in the process of saving the future generation. And he is in the process of winnowing the wheat. And Lord, we say that in Kansas, the wheat is being divided from the chaff tonight, and they will be able to see where they are and they will begin to look with into reality and see the work that must be done and there will be called to account. And Lord, I thank you that conviction will move over these States between now and the reversal. I thank you, Lord, that no weapon formed against you will prosper. And every tongue that rises against you in judgment in the whole of the United States of America will be shown to be in the wrong. That they have backed the wrong horse. they've Believed the wrong thing, that they've exercised the

wrong authority. And Lord, I thank you that this is a new day is beginning to bloom. And we say that whatever happens at 6:00 tonight begins a new day tomorrow. And we say, Lord, that a new day for Kansas and all of these states is coming; Michigan, California, Arizona and Washington state. Lord, I thank you that you do not wink at sin anymore and you are bringing forth your results for a new season and nothing can stop it. In the name of Jesus. Amen.

**Clay Nash: [00:14:43]** Amen, Anne. Thank you. Strong there, Pat. What's in your heart?

**Pat McManus: [00:14:48]** Thank you, Clay. And as I was thinking about the prayer tonight and you mentioned about prophetically and I kept hearing this word about the sound and just releasing a sound. And I remember the stories that were told to us concerning when they were dealing with the redcoats, umm, the British army coming to America. And they would take the hymnals out and the Black Robe Regiment would put together a strategy, and they would use the hymnals to use it as a wadding for their guns. And the statement that was declared, it says, give them watts, in other words, put the watts in the guns so they can begin to load the pellets to shoot the bullets. And so I kept hearing the word releasing the sound. There's a sound that is released when the guns are fired or shot off. So as I began to think about that, it says when the blast of the trumpet sounded long and became louder and louder, Moses spoke and God answered him: Exodus 19:19 [Exodus] 19:16, says "when they came to pass on the third day. In the morning that there was thundering and lightning, a thick cloud on the mountains, and the sound of the trumpet was very long so that all the people who were in the camp trembled. Father, I decree this day that you're releasing the sound across our nation that will cause a trembling of not just the Ekkeisa, but it will cause a trembling across the nation for even that which even Anne has said and Regina; there's a sound that's causing a true sense that will cause a reverberating expression that will cause a trembling across our land, that Father, righteousness will be restored, and a clear expression and the sound of your glory made known. So, Father, I declare this day that the sound of reformation and revolution is coming forth with authority and power. And Father, I declare that there is a releasing of the expression of your hand that will transform a culture beyond anything we've ever seen. So, Father, I declare that there is a releasing of the expression of your heart. And even as the movement of heaven is revealed, the sound of awakening is made known. So I declare into Kansas, Father, we declare that there is a moving of the walls and the mules that are carrying a false structure will be exposed and dismantled, and there will be a clear, concise and a righteous restored into that place. And that father, that which needs to be done, will be done. And Father, we know that

there are elections across our land to reset and reorder. And Father, even as the dominoes have been positioned, we declare that they are coming down. And Father, so we say this day let righteousness prevail, let the purpose of your word be made known and let the glory of God be seen in powerful ways. We thank you, Father, for the clear sound of reformation that's being released. And Father, as your word says, when the sound is---when the trumpet's sound is released, a voice of the trumpet, the voice of the Lord fully repays his enemies. So Father, let the voice of the Lord, the sound of the trumpet voice of our King, repay fully the enemies that are trying to distort, steal and destroy father, the very framework and foundation of our nation. So, Father, I declare life and health, hope and wholeness to be restored upon our land. And we give you praise in Jesus name. Amen.

**Clay Nash: [00:18:35]** Amen. Thank you, Pat. I'm getting some reports here. Definitely out of Kansas. Looks like the prolife is coming out ahead. I was trying to find something that would just sent to me. But anyway, it's, Let me see. Anyway, it looks like it's-- the votes are about double for the life side of it. It will stop that. I'm trying to read all this as it's coming to me. Gay David, you're next. You're from Kansas. Excited to see that. There are other reports coming in from some of the other states. And we'll try to give them in just a minute. But, David, what's in your heart?

**David Hertle [00:19:20]** Yes, I got my hand laying on a map of Kansas right now. And I just declare Jeremiah 32:17: Lord God, behold, you make the heavens and the earth by Your great outstretched arm. There's nothing too hard for you. In Jesus name, we decree that this scourge of abortion is going to be removed from our land completely, and it's practiced, not just voted against or ruled as illegal, but abhorred as evil by a resurrected culture of life in the United States of America so that the genocide of the unborn stops with or without laws. And so, Lord, we thank you that only you can do this. We're calling on your name tonight, Lord, and we agree with what you said in Jeremiah 42:27: behold, I am the Lord. The God of all flesh. Is there anything too hard for Me? We say, "No, there's nothing too hard for You, Lord Jesus. In your name, we can pull a miracle breakthrough in the voting account in Kansas in support of this values and {inaudible} amendment, in Jesus name. We declare. We say that the miracle maker makes a way where there is no way, a turnaround, a reversal, a miracle for a support of this amendment coming out of the vote count. Lord, we say a way maker, a miracle worker, promise keeper, light in the darkness. My God, that is who you are. You're the way maker, the miracle worker, the promise of the light in the darkness. That is who you are. And even when we don't

see that you're working you never stop and you never stop working. And so, Lord, we stir up ourselves tonight in faith to Believe this mountain will move, be cast into the sea and we agree together as to touching it on Earth that it'll be done by our father in heaven. And we say, no longer will Kansas turn around, but in Jesus name, we are encouraged by those who are voting in support of this amendment. We stand with the thousands That say We want to see this thing stop and Lord God, and we know you've never won with the majority. You've won with the remnant and we bless this remnant in Kansas. We ask that the numbers will increase so that this wicked law can be changed. The Constitution of Kansas, Lord, can be ruled in a way, can be adjusted in a way that there's some regulation and there's a stop brought to abortion in Jesus name we pray. Amen.

**Clay Nash [00:21:34]** Amen David. Something happened with our recordings on that, but it'll be okay. Well, things are happening. Anne Tate, Are you able to come back on? I know you're getting some real pertinent updates, and I'm trying to multitask, but what are you hearing and seeing?

**Anne Tate: [00:21:52]** In Kansas, The yes vote, which is yes to taking it out of the Constitution and given a good abortion law. And a no vote is to keep it in the Constitution. And in that constitution, anything goes. And so the vote that you want is the yes vote. And right now, the yes vote, there are twice as many no votes as there are yes votes. And so, we want the yeses to increase. They have a name, they're calling them "Love them both". Meaning, love the mother and the child. And it's a good law, if they will, if they will vote for it.

**Clay Nash: [00:22:50]** Okay. I misunderstood. So, the vote is not going, at least at the present counting as we need it to in Kansas. Is that what I'm hearing you say, Anne?

**Anne Tate: [00:23:02]** That is correct.

**Clay Nash: [00:23:04]** Okay. Well, Father, we just thank you that as they continue to count there in Kansas that those that choose life, those that honor their relationship with You, Father, that they got out today and voted. And we thank you, Father, as these precincts will come in and the count will be tallied, that there's going to be a reversal of this. Father, we need a miracle. with you nothing is impossible. And we call on you, Father God, for a miracle tonight there in Kansas. And we just declare: Let It Happen, Lord. Do this work. Let it be and let it turn this

nation, Father, so let it come forth now. In Yeshua's name, Amen. Anne, any other updates of anything that we might need to release before we go off the call so that people listening can be praying tonight?

**Anne Tate: [00:24:06]** Right now, Michigan is doing some things that are-- they're getting some good, good votes in for some good people. But it's not across the board. And they're moving. They're moving forward. But they do have some good votes. And I know that they have prayed and worked with the people in Michigan to replace this Republican governor. And they've got a strong front runner that in the early polling is doing well. So that's about all I know right now.

**Clay Nash: [00:24:50]** Okay.

**David Hertle [00:24:51]** Clay?

**Clay Nash [00:24:52]** Father--

**David Hertle [00:24:52]** I've got an update on Kansas. The map I'm looking at. 24% of the votes have been counted. 60,477, they say, are saying, yes. 107,343: No. So that-- the percentage of yes votes is increasing against the no votes. But it's still got a lot of--a long way to go. But that's just 24% of the votes have been counted.

**Clay Nash [00:25:22]** Okay. Well, we're agreeing that the pro-life people got out today. And we're agreeing as they continue to count, 76%, which has not been tallied yet. We declare that there's going to be a turning of this in Kansas, Father. And Father, bring Michigan in. Get those pro-life, conservative, constitutional valueing people in there in Michigan. And Father, do your work in California. We declare that that anti-Christ liberal spirit is cracking and we declare that you are going to continue to work in California to redeem that state and redeem people there. Now, do this in Yeshua's name. Anyone else have on the c-- go ahead.

**Anne Tate: [00:26:23]** Clay, I just want to say to the people that are on this call tonight to continue to watch and pray and also be aware of what percentage of the votes come in. Christians have been epic in not voting. And so I-- your vote counts. Wherever you are, be sure and go to the polls when it's time to vote. We can change this thing if we will vote.

**Clay Nash: [00:26:58]** Yes. Yeah. We, you know, its just sad. You know, its just sad. The compromise. Um, the, the passivity, thats the word I am looking for, that is the among churchgoing people that confess to be Christians. But yet we do not see a Christ Like nature.

You know, God is raising up in this remnant. I can't remember who mentioned the remnant while ago, but he's raising up in this remnant those that are are, you know, please hear what I'm saying, but greater than just Christlike, their followers of Jesus. And we just declare, Lord, let there be a holy stirring, Father, before November, that the God-fearing will get out and vote Father. not just pray, not just sit at home, but will get out and vote and vote for conservative candidates that that will honor the Constitution, that will honor life, that will stop this nonsense and all of these death agendas and this agenda to break our nation and to break the people and cause this entitlement mindset and to come into a place that they want us to be totally dependent upon them. We say, NO, and we say it will not stand. Let Prophetic voices rise up across this nation and let prayers of declaration and decrees be heard, Lord, but let the people of God, let the people move out from their passivity and put passivity behind them and stand strong in the days to come. Amen and Amen. Anyone else?

**Regina Shank: [00:28:58]** Hey, Clay?

**Clay Nash: [00:28:58]** I'm trying to see... Go ahead.

**Anne Tate: [00:29:00]** Yeah, I. I have something, Clay. This is Regina.

**Clay Nash: [00:29:02]** All right?

**Regina Shank: [00:29:05]** I know I stood with people, um, in the last years in front of abortion clinics, and we had tape on our mouths that said "life". And I heard the Lord say, it's time to get the tape off your mouth and begin to speak life. And that season was right. It was a good season. It was a season, I believe, led by the spirit of God. But now is the time to take the tape off of our mouths and begin to decree life with a loud voice in every state of the United States of America. And so I just pray right now that our voices will be heard. We will not be those that are muted. We will not be those who will hold back, but we will be that voice crying in the wilderness, prepare the way of the Lord. Let life come back into America. Let our babies be saved from slaughter to a false god. Let people recognize and realize what this battle is all about. So, Lord, we pray for fresh revelation that we must begin to speak and we must begin to speak with our vote. And we must begin to speak with boldness into the atmosphere of our States, in Jesus name.

**Clay Nash: [00:30:27]** Yes and Amen. And Father, I just declare over the passivity that's in the pulpits over the fear of man that's in the pulpits. Over the hirelings that value the paychecks that come in weekly over their relationship with the Lord Jesus Christ. Father, let a holy fear and a

holy boldness come. Father, let the Leaders of congregations across this nation, Let them become firebrands in the pulpit, Father. Let them... Father, let, as leaders of congregations begin to preach uncompromising truth from God's Word, let it be the fire like cloven tongues of fire that will come upon your people and do your people with power, Father. But, Father, let a boldness and a courage and a courageousness and let us love not our life under death, Lord God, but let our testimony, the words not of our testimony, but in our testimony, Let them become that dividing line and let them become that which will produce life, life, life across the nation. Amen. Amen. Anyone else have something you need to release tonight?

**Regina Shank: [00:31:57]** Clay, I just call for a strong prevailing wind because Chuck prophesied that a strong wind was going to sweep across the United States of America. And right now, I call for a strong prevailing wind to blow across America and blow the will of God into every state in the United States of America.

**Clay Nash: [00:32:26]** Yes! And, you know, Anne, in the dream I had about Kansas, It spoke of once Chuck-- once the door was closed and locked, that there would be a wind that would come from the four corners of the earth. And I'm always reminded of the lake of 37 when I hear that. And we just declare, we declare across this nation that that wind is going to cause the people of this nation, those that are lukewarm, those that are not even born again, those that are pre-believers, let that wind thats coming cause them to awaken. But Father, we prophesy to them, hear the Word of the Lord, even as the Prophet did to the bones in the valley, hear the Word of the Lord, hear the Word of the Lord and God is saying, Wake up. God is saying Don't compromise. God is saying, get out of the valley of decision and let your yay be yay and your no, be no. But stand for life, stand for biblical principle. The Bible does not change with culture. It does not change with culture. It changes...listen, we're allowing culture to trump truth. And we've got to pull it back into truth. And we've got to become very resolute about the truths of God and what sin is. And so, Father, we just ask for an outpouring of your conviction as we've never seen it before. Let holy fear fill the hearts of men and women, young and old, across this nation, and let it intensify, intensify, intensify, and let that conviction cause them to have a heart change and to say the very words that Jesus, the Son of God, say, "not my will, but your will be done." We declare this tonight in Yeshua's name, Amen. All right. That's going to finish tonight. We'll be on here tomorrow. Do not quit praying for these states. Stay in there. They're still--- I don't know what it's up to now, but there's still a lot of precincts to be tallied in Kansas. We need this abortion bill, this thing that will only bolster abortion there in Kansas. The word of the

Lord, The dream, things that's been spoke over Kansas--It can stop there. That in Kansas, God can posture the nation for life. So, I stand on that tonight and ask you to continue to pray. We'll be here tomorrow at 2:22. Thank everyone for being on. Don't forget, Sunday night, 5:55 Central Time, going to be talking about forgiveness and closure. God bless you all.
