

Prayer Call 4-17-2023 - Montana

Clay Nash: Alright. Good day! It's 2:22. It's a Monday and we have now covered 40 states. This week we will cover 5 more. Today our focus is on the state of Montana. Tomorrow night at 9 pm eastern time, Hawaii. Then back at 2:22 eastern time, North Decota will be our Wednesday call. South Decota our Thursday call and then we're going to jump all the way up to Maine on our Friday call. Remember we still have room for you to register and to come to the Josiah Company Convocation in Conway Arkansas. I appreciate all of you that have done so. We won't be streaming this but we are going to make the videos available for a download. You can acquire those at our website, claynash.org.

I want to say here at the beginning of the call, I thank all of you for your faithfulness - those of you that participate for calling in, adding your power of agreement but also making declarations and decrees. Our calls everyday are running well in numbers. But it's amazing every recording that's posted is being listened to by three and four thousand times. So I appreciate those that are working - can't be on the call live but they listen to it later and pray then. That is very significant to our nation.

One last thing. If you are registered and coming to the Josiah Company Convocation, especially on Thursday and you can get there a little bit early, Dawn, my administrator and my oldest daughter is needing some volunteers to help make this thing happen, if you'll contact her at Dawn, dawn@claynash.org, she'll be looking for you email. We just need some help to make everything a little bit smoother. It's going to be a great time. We're excited about it. We're going to be praying. The host are sending in some of their prayer focus for it and we're going to be pressing into that.

Alright, Regina Shank. You have a prophetic word for the state of Montana. So let's hear what's in your heart.

Regina Shank: Ok, thank you Clay. So good to be on with everyone. I'll be in Conway Arkansas. Can't wait! This is for Montana.

Montana you are monumental. You are a state of great importance to the King of Kings. I have called you to bring forth the shift from the pastoral model to the apostolic model. Break out of the traditions of men; break out of the gathering mentality and step into the sending mentality.

My word to you is "Go". You will send teams to nations; some will be in your own state as nations are living in your territory. Reach out to them. Bring down the cultural barriers and you will see people from every tribe, tongue, and nation that inhabit your state standing together as one people, sons and daughters of the King. Come together for worship, strategy, and fresh vision. And then "Go!" You will establish training centers for the new recruits that have been called into the harvest. Accept them, heal them, equip them, and send them out to bring in the sheaves. I kept hearing the old song, "Bringing in the Sheaves." It's about sowing. God gives seed to the sower. Sow the Word, sow money, sow kindness, sow hope, sow and you will reap.

A couple of stanzas to that song are:

1 Sowing in the morning, sowing seeds of kindness,
Sowing in the noontide and the dewy eve;
Waiting for the harvest, and the time of reaping,

We shall come rejoicing, bringing in the sheaves.

And I heard the Lord say, "There will be a rejoicing over the sheaves that are coming."

That was written between 1837 and 1878 by an evangelist named Knowles Shaw.

And then I heard for Montana - it was the 37th state. "It's a state of healing." In 1955

Oral Roberts held a healing crusade in Billings Montana and included a special Native American Healing Crusade on the Crow Indian Reservation. I heard the Lord say He is

opening up the fountain of healing in Montana. It has opened and will flow forth

demonstrating the power and glory of the Lord. Signs, wonders, miracles are on the

horizon Montana. There will those who will get low enough. There will be those who are

humble enough to pray for the sick, see them healed, and give the glory to the Lord.

We know that Montana was the 37th state. Psalms 37:1-6 "Never envy the wicked!

Soon they fade away like grass and disappear. Trust in the Lord instead. Be kind and good to others; then you will live safely here in the land and prosper, feeding in safety.

Be delighted with the Lord. Then he will give you all your heart's desires. Commit

everything you do to the Lord. Trust him to help you do it, and he will. Your innocence

will be clear to everyone. He will vindicate you with the blazing light of justice shining down as from the noonday sun."

So Lord, we decree these things over the state of Montana. Lord, I know that it was prophesied they were the "womb state" by Chuck and Dutch back in 2003 or 2004 - one of those dates. And Lord we thank You Father that womb will bring forth the shelves of people needing new and will bring forth healing. And so Lord, we thank You for that God for Montana. Arise Montana! Into your destiny in Jesus name. Amen.

Clay Nash: Alright Regina. Great start. Thank you for that. Anne, I'm going to call on you next but I have a word that I want to release. On Friday, as we were praying into and over the state of Wyoming, the Lord gave me a prophetic word, just a piece of it for Kalispell, Montana. I sure hope I'm pronouncing that right.

I hear the Lord saying that there was a people there at a time that were Covenant people. But the Lord said, "I'm raising up fresh and new a covenant group of people. For even as I visited Kalispell forty-three years ago, says the Lord, I declare over that area of Montana Isaiah 43. For I say unto you Montana, I say unto you Kalispell that when you pass through the waters, I will be with you and through the rivers, they shall not overflow you. When you walk through the fire, you shall not be burnt, nor shall the flames scorch you for I AM the Lord your God. Kalispell, I say unto you there is a remnant people there praying and they have pressed into a place that's about to release a tipping point and that tipping point is going to establish "heaven's gate" there. As that heaven's gate begins to open and the Ekklesia begins to decree and declare out of Kalispell, it's going to bring an outpouring of those signs and wonders, those miracles, those healings that are needed for that area. For I AM about to visit in a new way, a fresh way. The Lord said, I'm going to bring back into Montana descendants that have left there because of the hardness of the area. But I'm going to gather them and I'm going to bring them back. For sons of Montana are going to come from afar and your daughters will return says the Lord. Everyone who is called by My name, says the Lord, I will create a glory upon them and around them. I inform you, Montana, you have My eye, you have My heart. I declare that those that have been blinded in this state will now begin to have eyes and those who have been deaf will now begin to hear. Because

there is an anointing there in Kalispell, Montana to begin to bring the nation together. For there shall come an assembly and gathering there that the nation will take note of. It will be reported, says the Lord and it will release the glory of the Lord, His presence manifested in a very significant and strong way. For I would say unto you Montana, you are a witness for My greatness. You are a witness for My glory and you are a witness of My love. Get ready for this outpouring for I, the Lord God say, truth will come out of Montana and that truth will begin to make people free in this state and the surrounding states and on into the total nation says the Lord.

Alright, Anne Tate, you've got some guests that you've asked on. I'm going to turn it over to you at this point.

Anne Tate: Ok Clay. Diana Lake is on and she leads Generals of Intercession in Montana for Cindy Jacobs. And I really love the way this call came together because Lisa and Matt Weaver were connections that I had and they work with SPAN for Becca Greenwood. But I love the way this state works together because she and Matt were on vacation and she sent me all these numbers that I got for connections which are really awesome in order to have this call. And I love the way the networks are working together. That is really great and any of the states when that happens, I really love it. And so Diana Lake is a skilled leader in Montana. And so Diana we're going to ask you to come on now and give your portion - whatever is on your heart.

Diana Lake: Well, thank you Ann. I appreciate being invited. I think I told you when we talked briefly yesterday what's significant in our story right now is that we've been, my husband and I are 4th and 5th Montanians as far as the generations before us and always lived in the Missouri area, the Five Valley area. The Lord directed us very recently to move to Helena, Montana. We were actually looking for a larger portion of land partly because we've had prophecies over the years including from James Goll that we would be a refuge. Not just for those in physical need but even for the Jews at some point. So we didn't have enough acreage to do that and we finally found the one property that we knew was for us. The Lord has been in it all along. So that's one of the words that I want to bring forth. I just know that there's a move of the Spirit to bring forth many in Montana as a refuge. It has been prophesied as a refuge state. And that's one thing. The other thing I want to do is bring in a little bit of background about Montana being a representation of the mountain of the Lord in a prophetic sense. Jon Hamill of Lamplighter ministries in 2016 came through with the Glory Train Tour. He was the first one that prophesied to us that Montana represented the mountain of the Lord. Of course that's from Isaiah 2 or Micah 4. Montana means "mountainous". It comes from the Latin. And Jon also prophesied to us at that time that we were supposed to pray about it and rename our capital city of Helena. After we prayed about it a couple of months we knew we were supposed to name it Zion so we came over to Helena from Missouri and we did that. So all of a sudden we realize we're moving to Zion to the capital. And then we became aware that we're moving to the "gates of the mountains" which was so named by Lewis and Clark in 1805. It's this gateway on the Missouri with these twelve hundred feet cliff that just emerged kind of like - kind of welcomed them in. They thought it was a blockage and they couldn't get through but every time they came to a bend in the river, it would just open up and let them in. So we became aware that

we were moving to the gates of the mountains. So as you follow along in Isaiah 2 or Micah 4, you see how Zion factors prominently and that the people come up to Zion to be taught the word of the Lord. I don't know what all of this means but I do know we have a good friend Kingsley Walker who's also a state and regional leader in RPM as we are. He recently prophesied to us that we were heading into the gates to fling them wide open so that the King of Glory could ride in. So the two words that I would like to bring forth are just that there are many who I believe who are going to be established in Montana as a Goshen or a place of refuge and that our state has a destiny as such. And also that there are those besides us that will be flinging open the gate so the King of Glory could come in. If I could just finish by reading out of Psalm 24 verse 7. "Lift up your heads oh ye gates! Be lifted up you ancient doors that the King of Glory may come in. Who is this King of Glory? The Lord strong and mighty! The Lord mighty in battle! Lift up your heads oh ye gates! Lift them up you ancient doors that the King of Glory may come in. Who is this King of Glory? The Lord Almighty is the King of Glory." So Lord, from Montana, we welcome You in! We welcome in the King of Glory! Let us see a move of Your spirit here in this state like we have never see before in Jesus Name. Amen.

Anne Tate: Well Diana, that is an awesome word. And I appreciate what you said and the Lord spoke to me a word for you in your new location. The Lord says, "I am getting ready to release to you a new governmental anointing in Montana. And you're going to be drawn into what the legislature is doing. You're going to hear, you're going to see, you're going to watch as a Watchman and you will know when to call prayer. And you will know when to assemble the Ekklesia together to begin to make decrees over the prayer. And decrees over your state. And you will stand in the gate and you will say, "This can come in or this cannot." That you will begin to stand in a group that is forming around you in the state using all the gifts that the Lord has sent there. The Lord says that a new anointing and a new mantle is coming to you in this season in the name of Jesus. Amen.

Now the next person we want to call on is Quincy Dabney and he's an apostolic prophetic pastor and the mayor and he's on the Crow land and influential in all the things that go on there. And so Quincy, are you on with us?

Quincy Dabney: Yes, I'm here.

Anne Tate: Good. Quincy, I invite you to speak your heart and the things you want to decree and how you want to position it.

Quincy Dabney: Okay. Alright. Hello everybody. Thanks for having me join you guys. So the night I got the mayorship which I was a write in. I had this vision. It's kind of a small town the last incorporated municipalities in the reservations in Montana and there's seven altogether soon to be eight. The Little Shell is getting there. Their land federally recognized pretty soon and so it's about a quarter mile or a little bit bigger. But anyway on the south end there was - the Lord was showing me principalities and I have never really dove into this and in my faith or in serving the Lord. And so there ended up being three of them and the first one basically was all wrapped up together with idolatry. It was smoking cigarettes, meth, weed and just pride but all of them were basically - this

is what people are waking up for. This is what is kind of becoming their identity. Everyday this is what they seek after. This is what they spend most of the time with. So before mayor I had had a dream of angels and I kind of dove into that and so in this vision I ended up partnering with God's Angel army. So the first one - I was on Facebook live and I'm kind of telling people - so we have two mountain ranges right by us. One of the big ones is the Big Horn mountains that belong to the Crow. In the dream I said in ten years we will you even have these mountains? And the identity for the Crow is one. There's a saying, If our women's hearts hit the ground, we have lost kind of like our identity because women are held very high in the culture. And two, the mountains give the way of life - how to become a man. There are certain steps to become a chief, to become a man in that sense. Whether it be hunting, counting coup, catching an enemy without killing him, taking a horse without being caught. There's different steps. So that whole large - a big piece of the identity for the Crow people. So I ended up - I said, God, I partner with Your Angel army. I call upon Michael the archangel to come in. I didn't really know to do this but it was in the vision. So anyway in the vision I see Michael head in going west into the principality and there was a crazy amount of angels follow after him and there's this crazy shaking in the atmosphere. You could feel it. There was like war going on and just like that the principality was completely destroyed like just bones everywhere. And the second one was right in the middle of town and so I'm on Facebook live and I said, "all you've got to do is call upon the name of the Lord you shall be saved." And as I'm saying all of this there's this breaking of principalities that's going on but for the people that are watching the Facebook live they are giving their hearts to the Lord. Because again the atmosphere was kind of like crazy - it was heavy. People knew there was something big was happening and they became spotlights. So I'm up on top of the hill - we're in the valley and all these spotlights start coming on. People are getting saved. People are giving their hearts to the Lord. And so, the second one was "traditionalism". It's always on the left. Religion's always on the right and there's politics, the spirit of politics. These two were highlighted in this and so I was calling upon the people. First Nations people of always kind of had that warrior spirit - I know we all do but we are kind of more identified with the War Bonnet and all of that. So I said, "Come on you warriors." And the warriors in a sense of we need to take back our communities, we need to take back our families, our children, our grandchildren have been lost to addiction and all this other stuff. And we're not really fighting for that. And so that warrior spirit is what we need to establish - that's part of our identity to fight for our people again. So the same thing - traditionalism and religion were completely destroyed. And the one that was over me on the north side, I wasn't able to see it. People were seeing it in the comments. But this particular one I said, "Call it out." And someone did call it out but I wasn't able to see it. And so but that one was getting destroyed. And then I had two zoom-in visions. One was a guy smoking a joint and he threw it down. So everything's cleared, right. The atmosphere is completely changed. There's no longer any principalities above us, above the town and when he throws the joint down, he's like, "Man, I can't believe I wake up every morning going after this. This isn't the person who I wanted to be." The second zoom-in vision was the guy with the meth pipe and he threw that down. Same thing. He was like, "Man, you know this isn't the guy I wanted to be. This isn't the person who I wanted to be growing up. I don't know how I got caught up in this." And he threw it down and it broke and then I said, "If

want to know God more, meet me at city hall.” Then I run down the hill and that was the vision. So, that was my first night of being sworn in or when the elections said that I had won and it was crazy here. There wasn’t a lot of drugs but we cleaned up quite a bit. The Lord told me what to do with the clean up. Then he told me to anoint each street corner in the name of Jesus and claim it back so we did that as we picked up trash. It was a community clean up. This was before I was mayor. And I mean man, it was crazy. There’s not a lot of law enforcement here but God is fully starting to change things for Lodge Grass. And so just some quick history is Lodge Grass is called the Valley of the Chief’s (24:44.1 Ospachacha?) And as the reservation is being shrunk all the chiefs came here and this where they kind of established or brought their council together and they made leadership decisions for the tribe, for the people. And it’s crazy because a lot of leaders do come from here. There’s different communities on the reservation but Lodge Grass has always been highlighted. A lot of our chairmen come from here. We have a lot of Ivy league people that come from here but you wouldn’t think that with the way the town is kind of beat up. So the Lord gave me Ezekiel 11:18-21 so we’ve been cleaning up and just kind of helping to restore the identity of the town. It has been quite the battle. This is my sixth year. I have two more years left in my second term . And so I ask Him for guidance on that but just decreeing that the people are set free by what God has already spoken long before the foundation of the world and the prophecies that He’s spoken for the First Nations people - whether it be Billy Graham, Rick and the Giants but just First Nations people being that - having that authority over the land and people of vision fasting and prayer. And just having them wake up, take their families back and take their land back and for that veil to be removed over their minds and over the way that they think. And that their true identity be restored to who God says they are. So that protection and just spiritual weakening.

Anne Tate: Quincy, thank you so much. And what I’m seeing is that the Lord is returning full authority to see and to discern and to arise and to awaken and awaken to the fullness of the giftings that the Lord put in you. And Lord, we want to bless the evangelism. We want to bless the apostle. We want to bless the prophet. We want to bless the pastors. We want to bless the teachers. We want to bless all of those reservations that reside in Montana and the gifts that have been on them. And Lord, we ask You to rebuild this people so that they are numberless Lord. We ask You Lord to bring forth all the giftings that are on them and Lord we see them standing up and maintaining the right openings over our land and bringing forth Your portion in this hour in the name of Jesus. Amen.

We bless you Quincy and thank you for being on the call. I want to call now on Charmel Gillin who’s at the Flat Head Indian reservation. And she is an intercessor, a board member of Montana Intercessors and working in a lot of different ways for Montana. So Charmel if you will come forth now and speak.

Charmel Gillin: Yes mam, thank you very much. First yes, my name is Charmel Gillin and I am so honored to be asked to come to this table before the Lord today. I already feel blessed. Thank You Lord that I’m speaking. But I’d like to start by receiving that word Mr. Nash that you prayed out. Wyoming is our sister state. The Lord showed me and a group of us that were praying how important it is to pray over our sister state

Wyoming and the people there. The northern Arapaho, the Shoshone, Shoshone Bannock and so they are really dear to my heart as well. As you were praying that out it struck me deeply because the prophecy over Montana and over the First Nations people of Montana and specifically over the people whom I'm a member and group of is really one that has been very powerful in prophesying that we would stand up and that we would take our place and that we would lead a mighty work of the Lord and that we would be work in our redemptive gifting of being the host people of the land. And so my people are the (30:17.0 her tribe name Acoolespeck?) and that has been translated to be said as "Kalispel". The city of Kalispel Montana is actually called by the name of our people the Koolespe (?). So I repeat that blessing over the covenant people of whom I am a member of. We are the Kalaspel (?) people. We are the Koolespe (?). And the Lord is raising up our covenant people as well as the Crow and the Cheyenne and the (?) Cimacoi and the Blackfeet, the Kootni (?). Lord forgive me if I'm not mentioning but this is just such an important time and I'm just privileged to come to the table with you all. I would like to share just specifically I guess just the things the Lord is showing me right now to pray over the state of Montana - the covenant people of the land of Montana. This morning He was just saying "see how I've channeled my people throughout the land to be secured with hope and joy and love and He's saying "be blessed in the land of your inheritance. The redeeming gifts of the state of Montana will explode in an Old Faithful fashion sending waves of righteousness magnificence." So I just call on the state of Montana right now in the name of the Lord. I just want to pray this out.

Repent nations of Montana. Prepare for what the Lord is doing. Restore a renewed ratified covenant with the Lord. Respond with obedience. Now is the time. Just as Joshua led Israel into the Promised Land and they start to circumcise themselves cutting away the past, the excess and humbling themselves in obedience, I just call for the people of Montana to pause and to just take a moment to repent and restore and renew these covenants - these ratified covenants the Lord recognizes and sees. And be obedient and respond now quickly, activating, coming into militias. We are coming upon a tipping point and many of us are preparing. And our people the Koolespan (?) the other indigenous, the people of the state of Montana, we love the people of Montana, we love the land. We are gifted and commissioned with an anointing as host people just as our sister Diana prayed out about the refuge. I believe that we are anointed as host people. So I just pray that commissioning over Montana that we would rise up as administrators that we should control over this network of preparations to support, to supply, to train, to begin recover operations sending and that we would be actively managing finances and resources given to us by the Lord. I just pray that anointing would be activated across this land. I also want to pray that the covenant over Montana will be reclaimed by those who are called as Nehemiah was called. We just call forth the government, the government that we're calling selfless laboring government that God will provide to declare that Jesus is Lord over Montana. That we'll recognize that call and recognize and respond to those broken treaties and covenants that the Lord sees. And all of this will come in love as we embrace one another as we truly believe that the Lord is leading us in His love for one another to do this - His love for Him. His call is upon us. I also want to pray - the Lord is calling forth an indigenous brigade of Montana which will birth nations for the Lord God Almighty. And this is in line with what I believe

you prophesied Mr. Nash. He's calling for this indigenous brigade that we would go knowing and that our eyes would see the unseen just as in Acts 1 and 2 and Joel 2:28-32. This is how we'll move forward, seeing the things that have been unseen and knowing that the Lord is moving mightily. It's on the basis of faith in His name and the name of Jesus - that we would come into a common faith and unity contending for the truth of the Word, standing together and contending for the truth of the Word. And the last thing I want to pray out is that Montana is a state of cowboys and indians and the Lord has been speaking this over us for some time and I'm just going to pray this out that the cowboys and indians of Montana will follow the Spirit of the living God, releasing power and manifesting authority, healing sickness, reviving the dead, reclaiming the land and resources. These are the old faithful ones who will rise up and raise up the next generation of Montanaians to walk in the identity given to us by our Almighty Father. So all these things I just want to lay before Your Throne, Lord Jesus, King of Kings and Lord of Lords, our greatest chief. I just lay these things before You and pray Lord that You would put Your feel upon that all of these words that are of You would rise up and just manifest great, greatness that You have divined, that You would be glorified in the state of Montana. I just give You thanks and praise Almighty Father in Jesus name. Amen.

Anne Tate: Thank you Charmel. That was amazing. I know that Clay has something to speak to you. So Clay go ahead. I'm turning it back over to you.

Clay Nash: Okay. Alright. I'm just trying to pull my emotions in check. Number one, I want to say to Charmel, I'm Clay, not Mr. Nash. But I just hear the Lord saying, "In your family, in your ancestry, there's been many many many sacrifices. And the sacrifices most of the time were certainly for others and not just for them. But the Lord said, you've come to a place of reward for you have stood righteous, you have stood strong, you've stood unwavering. And the Lord said, you will become the firing pin that will set off the explosion of My glory among a people who have been trodden down, tried to be forgotten, pushed to the side and pushed away. For I have kept your tears over the years and I have bottled them and I will now take the tears that you cried out and cried forth in sorrow, and I will begin to anoint you with them for they are now tears of joy, tears of strength, tears of a moving forth. For your faithfulness shall redeem those that have strayed from the call of God that's on their life. And I say unto you, you will see the prodigal, the prodigal, the prodigal return and turn to the Lord and be totally redeemed." And the last I want to say is a Seer, - the reason I said the prodigal three times, I see three prodigals that God is dealing with because of your prayers. And I see God being able to take out of them that hardened heart. Some of it came because of things that religion did. Some of it came because of what cultural ways did. But the Lord is working to take out of them that stony heart and to put back in them a heart of flesh. Father, let these words be a witness to Charmel and we thank You Father for You doing it exceedingly, abundantly above anything that she can think or ask. And Father, we thank You for the strong stand that she has taken there to see the land of Montana healed. And we call that land healed now in Yeshua's name. Alright, my friend Pat, there in Illinois, what's in your heart.

Pat McManus: Thank you sir for the opportunity and I come in agreement for all that's been declared. And I will tell you while she was sharing her heart about Montana my emotions just began to hit me as well. I have four statements that I wrote down before we started the call as I was preparing. And I'm going to read Isaiah chapter 14, verse 24 first. And then I'm going to read these four statements. Isaiah 14:24 NKJV The LORD of hosts has sworn, saying, "Surely, as I have thought, so it shall come to pass, And as I have purposed, so it shall stand:

And these four statements that I want to declare over Montana.

"I'm declaring a new set of watchmen to be positioned in the land.

I'm unlocking a new provision that will cause breakthroughs in many ways.

I'm unlocking a new level of resources that will expand and increase and removing the restrictions that have minimized the ability to recover.

And the last thing that just is so strong. Majestic expression of the hand of God is coming to your land."

So Father, we thank You that You are purposed for Montana to be an expression, a majestic expression of Your hand. Father, cause Your glory to radiate upon that community, that state, the tribes, the different levels of connecting, Father. Let there be a moment that would excite Your expression of Your heart upon the land. You have purposed for Montana to be a resource center for the nation. You have purposed for Montana to be a place of resource and a place of shelter and provision, Father, but also a place of rest and refreshing. Let there be the sound of revival awakened in the land. Let the wells begin to gush forth with authority and purpose and determination. Father, I declare this day the healing hand of the Lord is being released to the hearts of those that will stand with You. That Father, breakthrough moments that will neutralize the effect of drug cultures, the alcoholism and all the things that are minimizing the ability to be able to walk fully in Your identity. So Father, we thank You that You are releasing a healing of the cancer that's on the land and that Father, a refreshing will come forth with authority that will restore and the word was a "renewal" of what You are about to do. So Father, we thank You that You have purposed for Montana to be a majestic expression of the fullness of all that You are that will truly be a beacon of light, a beacon of hope, a beacon of love to the nation and the nations of the earth. Father, we thank You for it in Jesus name. Amen and Amen.

Clay Nash: Alright Pat. We come in agreement with those declarations and decrees and we call Montana blessed. We call Montana stepping out and leading in the nation and we call the people of Montana blessed, blessed, blessed in Yeshua's name. Anne, do you have anything else in your heart?

Anne Tate: No Clay. That's it. Thank you.

Clay Nash: Okay, alright, thank you. I'll let everybody know today's call is recorded. It will be put up on the website claynash.org this afternoon and we will get someone to transcribe it. Please remember the Josiah Company Convocation. It's April 20th through 22nd. If you can't be there, we're not live streaming but you can purchase the videos of it. But also if you can't be there, you can pray for us while we're there. We're going to be

focusing in on key prayer points across the nation. We're going to pray for all 50 states while we're there and it's going to be a key time. We appreciate you being a part of it. I want to thank all of the guests that came on from Montana today. Thank you Ann for getting this lined up for us. We will do four more this week. As you remember tomorrow night at 9 pm, we will be praying for the state of Hawaii. Then on Wednesday North Dakota at 2:22 eastern time, then the state of South Dakota Thursday at 2:22 eastern time. Then we'll finish up with Maine on 2:22 on Friday. The end of this week, we will complete 45 states. We only have 5 more next week.

And remember if you're on the call and you plan to come to the Josiah Company Convocation, if you would be willing to volunteer and help us especially on Thursday night when we have all the people coming in and everything, contact Dawn@claynash.org. We need some volunteers. We're running a little bit short right now. And also remember that we will be praying for people - connecting states together - people from states together. It's going to be a real key time. And we hope maybe you'll come. We do have room for more people to register.

God bless you and we will be here tomorrow night. Blessing everyone.
