

## Prayer call, Monday, April 24, 2023 – New Hampshire

**CLAY NASH** – Well Good day! I'm so excited, it's another 2:22 day, and we are certainly on the wall. We just came out of the Josiah Company Convocation held here in Arkansas. It was a very powerful time. I want to thank all of you who prayed for it, all of those who were able to come and join us. We are making a video available of all the sessions, including the five o'clock session on Saturday where we prayed over all 50 states and read scriptures over them, and if you're interested in seeing what God did, it was a powerful time, go to [claynash.org](http://claynash.org) to the store, and you can acquire the videos there. We will be sending out a link – we're doing some editing – and then we will be sending out a link. Let me tell you, your purchase price will be going into a war chest for the next Josiah Company Convocation as we begin to hold them and move them around the United States.

We're praying for New Hampshire today. It's going to be a great call. This is our last week, we finished out the end of the week with Pennsylvania, but I think today we're on New Hampshire, tomorrow night at 9 pm we will be doing Massachusetts, and then we will go to West Virginia, then Rhode Island, and we will finish up on Friday with Pennsylvania. It's going to be a great week; we're going to come to an incredible finish praying over the states.

On Saturday as we finished praying over all 50 states, it was a very powerful time. We had a lot of people there with us, and the prayer went on for four hours, and we'll be posting that on the website where you can listen to it because we did put it out over the conference call.

Alright, Regina Shank, you have a prophetic word for the state of New Hampshire, so I'm going to call on you first and then Jacquie has one, and I'll call on her next. What's in your heart Regina? And thank you for being at the convocation.

**REGINA SHANK** – I really enjoyed it; it was really awesome, and I gleaned so much from it, so I encourage people to get those videos. I need to unpack more of it, so I'll probably get them myself. I'm familiar with New Hampshire because that is where my dad lived. This is the word that the Lord gave me for New Hampshire today:

*New Hampshire, this is the season for the crushing of the grapes. It is not enough to produce fruit, for I am creating new wine. New Wine requires the crushing of the fruit of the vine; it requires the creation of a new wineskin of the apostolic and the revelation of the ministry of relational alignment. You must throw out the old to embrace the new.*

*You are blessed with fruit, now it is time for the pressing for fresh vision and relational alignment. The fruit will come forth as you are attached to the vine. I am the vine and you are the branches. When the branches are cut off from the vine, they are cast into the fire. The enemy seeks to devour you with strategy to*

*separate you from the vine by living in the religion of performance. You will live, and move, and have your being in me.*

*New Hampshire reattach to the vine. Reattach to the head. Listen to my voice for revelation and wisdom. It is time for war against complacency, against religious duty, against old mindsets and old methods.*

*There is a fresh wind of revelation coming, but you must position yourself to hear it. There is a fresh download of my strategy. Seek my face for my battleplan. Listen with the ears of your heart; see with the eyes of your heart. Let us come together for breakthrough.*

*Don't say, I can't work with that person because they don't have the same belief system. Don't say I have prayed enough; let someone else do it. There is a call to the wall, a call to the wailing wall of intercession and preparation. Travail is coming to the birthing chamber of the warriors. Come together for strategy; come together for corporate worship.*

*I see an old organ, an old sound is coming through it. I hear the dirge of mourning, but a new sound now breaks through. It is a sound of worship, a sound of rejoicing even as you stomp out the grapes. Be encouraged, you prayed for this season; you cried out to me for an outpouring of my Spirit. It is coming; be ready with the new wine; be ready to accept the government I have put in place. Your natural government has failed you, but I am seated on the Throne, and I will not fail you New Hampshire.*

*Deliverers that I have released to be born for such a time as this have been attacked by the spirit of abortion. "I Am the Way, the Truth, and the Life." Ask of me and I will give you new strategy to wipe out this Baal altar. Arise, and shine New Hampshire, let us do this together.*

So, Lord, we decree this over New Hampshire Father, and we thank you that you are bringing new strategy to wipe out the Baal altar of abortion. And Lord, that you are bringing a new sound to New Hampshire. The old organ sound was fine for a season, but there is a new sound of worship coming from the hearts of people, and Lord, I thank you Father for a new coming together for fresh strategy. Lord, thank you for the crushing of the grapes, for the new wine, for the new wineskins you're forming, and that you have people in New Hampshire who won't give up – people who will stand, people who are persevering in prayer, and people who say, "I am going to break through on my watch." So, thank you for the watchmen that are on the wall that are going to come into that place of birthing the new, and Father you are with them, and you will cause New Hampshire to come into her full purpose. In Jesus' name, amen.

**CLAY NASH** – Alright Regina, thank you for that great start. We come into agreement with these words we say: *New Hampshire, be awakened to a greater degree, and take your place!*

Jacque Tyre, you have a word as well. What's in your heart?

**JACQUIE TYRE** – I do. Thank you so much. It was great to be with you all in Arkansas, for at least a day anyway. I had a great time there.

So, as I was looking out over New Hampshire today, I heard the Holy Spirit say:

*There is a gentle stirring of hunger going on in the hidden places. A stirring of inquiry and considering the ways of man and the ways of God. And provoking the intellectuals, enticing the wonder-seekers and wooing the romantics, causing their eyes to be opened in new ways to see what has been in plain view yet not recognizable. Eyes are opening to see; hearts are softening to perceive, ears are being tuned to hear. And you will see a harvest rising out of New Hampshire among the intellectuals, the wonder-seekers, and the romantics. And from these, you will hear a fresh surge of life out of the church of New Hampshire. The newly awakened ones shall bring fresh fire to revive those who have known me but have grown lukewarm in their faith walk with me. Watch and see if I will not cause an awakening followed by a revival that results in a stirring of cultural reformation that will be a sign and a wonder to behold. I am brooding over the land of New Hampshire and shall do what I have intended.*

*And then I felt the Holy Spirit take me to Psalm 42, the first couple of verses, and this is what I feel like he is stirring among the intellectuals, the wonder-seekers, and the romantics, so I want to decree this over that state: Father, in the name of Jesus, over New Hampshire, I decree a stirring across New Hampshire that says:*

*As the deer pants for the water brooks, so pants my soul for you oh God. My soul thirsts for God, for the living God. When shall I come and appear before God? My tears have been my food day and night, while they continually say to me, "Where is your God?"*

Father, I declare over New Hampshire, particularly over the intellectuals, the wonder-seekers, and the romantics, that there is a stirring of hunger rising in the depths of their hearts, within the depths of their souls, and even to the depths of their spirits, that cannot be quenched by anything other than seeking and seeing you. And Father, I say let your presence permeate across that state, and cause the awakening that stirs up people who have not known you to know you and to be filled with such purity, passion, and power that the fire they carry within their own being will cause those who have long called upon your name, but have been lukewarm in their pursuit, to suddenly be ignited by the passion of the young ones' spirits. Father, that there is a movement coming to New Hampshire that will awaken them out of the place of complacency and sleepiness, and a place even of escape, out of the hubbub and the movement of places like Boston and other cities, Father, that it is a place of escape and refreshing and moving out of the business in the midst of that, God, I say, let them find you in the hidden places, and let them find you in the rustling of your spirit in the top of the trees. Let them find you in the moving of the water brooks, let them find the satisfaction that their

souls desire, and let that satisfaction move into a passion that burns brightly with the fire of your Spirit to cause awakening and revival that leads to a reformation that sweeps across the land as a sign and a wonder for many to behold. And let it be done for your glory and your honor in the mighty name of Yeshua, amen,

**CLAY NASH** – Alright Jacquie, thank you for that word with decrees and declarations, we stand in agreement.

David Hertel, it was very, very good to have you with us in the Josiah Convocation. It was a powerful time; your contribution was a blessing. What's in your heart today?

**DAVID HERTEL** – Hallelujah! I was just honored to be there with you all, as brother Pat Manases said, linking shields together, it was a great time. I'm appreciative of all the work that goes into that kind of thing that you and your staff, even the guys who did security and everything who are sometimes overlooked, even the ushers and all that took on. It was just a great blessing to be there.

I just looked at the name "New Hampshire" and let that stir up some scriptures according to some news stands out, and I say in the name of Jesus we call forth the new life in the Spirit for New Hampshire, that vast swaths of its people will become, according to 2 Corinthians 5:17, a new creation in Christ, where old things are passed away, and, behold, all things become new. We come into agreement with he who sits on the throne in Revelation 21:5, and he said, "Behold, I make all things new." He said to the apostle John, "Write, for these words are faithful and true." And New Hampshire, we declare in Jesus' name your state motto "Live free or die." we declare that over you – a phrase made famous by the revolutionary war hero, General John Stark, but more importantly, made possible in all life by King Jesus, who conquered sin, death, hell, and the grave, and said, "You shall know the truth, and the truth shall make you free." So, we thank you Lord God, and I twist this a little bit, but we often declare "As America goes, so goes New Hampshire." So we declare, you are saved through the fulfilling of your God-given destiny, even as America is being saved. And we will give you the glory for it, Lord Jesus, in your name, amen.

**CLAY NASH** – Alright David, strong. We come into agreement with and stand with these words. Heaven backed New Hampshire, and called these words that are settled in heaven to bring a holy, divine shift there.

Alright, brother Jim Hodges, I think you're on there with us, what's in your heart sir?

**JIM HODGES** – Thank you sir. I just want to first respond, before we get into New Hampshire, to the Josiah Company Convocation, it was excellent, and I appreciate all the labor that Apostle Clay and the team did to put it together and make us feel at home there in Conway.

But I think the significance of it and what really captured my heart was in the sense that I am comparing the spiritual government of the Ekklesia to our Constitution as

Americans, which of course, gives way to the rights and authority of states, 50 of them of course in number, and this is the way the Lord works his kingdom, he distributes power and authority to his Ekklesia.

I love what bible teacher M.G. Wright says, that there are two kinds of meters in the world and two kinds of governments: number one, those who love power and number two, those who have the power to love. The reason why I am excited about going nationwide with the Josiah Company Convocation team is because this is stirring it up on the state level, I understand there were 34 states in Conway which was great, but going to different places across America is going to help mobilize not only the Ekklesia, but mobilize the civil government people or those aspiring to serve in that sphere which God, of course, ordained, so we're going to be contributing to something that's got to happen in our day. We, as the Ekklesia, are wielding the sword of the Spirit with our mouths in agreement with synergy and prayer with one another through the ages, and that's talking about today. But now we're going to be a force to release, as it were, in the civil realm the courage to go to 50 state conventions. That's constitutional, but I don't understand it all, but since I don't, just check with some folks that do understand all of that.

So, we just pray and declare today Lord that New Hampshire will be new, but also, that it will live up to its motto "Live Free or Die." And we say let that spirit of William Wallace in the movie Braveheart not only captivates Ekklesia hearts, but those in the civil realm, be they local government, be they in the county, statewide, or whatever it is, to see the civil governments' sword do its job, to administer justice and avenge evil, so that the nation experiences a full blown, comprehensive kingdom turn as we turn to King Jesus. And we will be free as we serve King Jesus and steward his will in the earth. We pray in the name of Yeshua, amen.

**CLAY NASH** – Amen Brother Jim, thank you for that, and we come into agreement with it.

During the Convocation, Dutch made a comment, a quote, about being made for the storm, and then a prophetic word came forth about the storm being made for us. I just want to declare that God, in his ability, knew that the Ekklesia would mature, he knew that the apostolic and prophetic would begin to function on a higher level, and he knew that we would be at this place in this nation and in the earth. He also knew that the people here now, for such a time as this, were going to be well able to stand up into that level of authority, that level of dunamis, and we were going to step into that place. He knew when this storm came over our nation – I've heard all kinds of reports, but I haven't heard the news or anything, but Tucker Carlson is leaving Fox News. They're nailing the nail into their coffin. I hardly ever listen to them anymore. I don't know what it is, I don't know what it's about, but whether you like him or not, he still was a voice of truth, and he was a voice that didn't compromise, There is so much shifting, but I'm going to get off my soapbox and call on Pat, but I'm just telling you that this storm in this nation, we are prepared for it. I'm more confident today, after joining with the hundreds of people that came and joined in Conway, Arkansas. We did on Saturday afternoon,

I've already mentioned it, but for four hours we prayed over all 50 states. The people who were in that room stayed in that room, and we had over 700 people who came on the conference call, on this number, and endured all the way through that four hours and added their power of agreement. You know, I'm not a great enough leader to put this stuff together, but I hear God, and as I said before, I just jump off a cliff, and God helps us build the wings on the way down. But I just want to say that we are in uncharted waters, but the Captain of the Hosts is Jesus.

Alright Pat, what's in your heart?

**PAT MCMANUS** – Thank you sir, and I come into agreement with all that's been declared already. And it was an awesome opportunity to be with everyone as we all linked our shields together in Conway, Arkansas.

When I looked up New Hampshire today, I read that it's the granite state, and what came to my mind was "backbone". I was looking in the word, and Isaiah 41:10 says, "Fear not, for I am with you, be not dismayed, for I am your God. I will strengthen you." In other words, put a backbone in you, and "Yes, I will help you and I will hold you with my righteous right hand."

So, Father, we thank you for restoring a backbone and establishing strength for movement in New Hampshire. That, Father, you are realigning the state to reveal your hand in new ways, and that Father, you are igniting the true sound of an Ekklesia that's rising that's truly beginning to move forward in and having understanding of what you are revealing. Father, let there be a true essence of your glory, grace, and power manifest in New Hampshire like never before. Father, let there be the strengthening of the Ekklesia in that state that will be expandable and expand in many different ways. They will expand to the north, south, east, and west and be effectively functional in the authority of your name. So, Father, we thank you that you are rising up in New Hampshire, and you are empowering for the purpose of movement, and you are igniting the hearts to see the expansion and expression of your glory, your grace, your power, and your love on the land. So, we thank you Father, for the reestablishing of a backbone that is strengthening the heart for the purpose of movement and movement forward. We honor you Father, and we give you praise in the name of Jesus, amen and amen.

**CLAY NASH** – Alright Pat, strong, strong. I'm just telling you it is a strong declaration and decree that is in the air.

Tomorrow night at 9 pm, we are going to be praying for and decreeing into the state of Massachusetts, then on Wednesday at 2:22 pm West Virginia, Thursday at 2:22 Rhode Island, and we're going to finish up with Pennsylvania at 2:22 on Friday. And let me just share with you that we're going to take the following week, and we will be praying just like we have been.

I'm calling on the hosts who were in Conway in the Josiah Company Convocation, and the week after that, we're going to pull out bullet-point words, truths, revelation, and

wisdom that was released there, and we're going to take a week of praying and decreeing over them for the nation.

I'm just trying to give you a "heads up" of where we are headed with this call. Several people have written to me even today asking if we were stopping the call after Friday, and the answer is no, we are not stopping. And, Conway was the first of, what I believe will become many, Josiah Company Convocation gatherings around the nation. I am already praying into the strategy of how to do this and how to push it out more and more to the Ekklesia that assembled when we came together. This is a movement that God will grow as we surrender to his will. I want to thank everyone that was there and everyone who prayed. I'll mention again, if you want to be a part of it, you can purchase the videos at my website, and one hundred percent of the money is going to go into the war chest to help do additional convocations as God directs us and directs us where to host these at. So, we're coming to a place near you, so begin to pray. Please don't send me emails of where we need to be; I don't need that yet. Just pray that God will direct this team to where we need to host the next one and the one after that and on and on. I bless everyone, and I thank you for being on the call and praying for us.

I want to say again that my sister has now received something close to 1,400 cards, letters, and other things. Flowers have even been sent to her house. Thank you. It was very encouraging. Her word to me is that several times, when she didn't think she could take any more chemo or radiation, she was ready to throw the towel in, but your cards, your encouragement, your words, and your prayers picked her up and gave her the strength to move forward. God bless you, and we'll be here tomorrow night.
