

Prayer Call April 26, 2023 - West Virginia

**Clay Nash:** Good Day, we are here on the wall again, it is 2:22 Eastern Time and we are praying for the State of West Virginia today. It is, as always, going to be a great call today. We are going to finish strong with all of the states and we are down to two states, after today we lack two more and we will get them finished. Yes the calls will go on. We are going to readjust and get some focus on that. Remember that tomorrow, Rhode Island at 2:22 and Friday, Pennsylvania at 2:22. It is going to be a great time. These calls are recorded and they are transcribing them and if you were not able to attend the Josiah Company Convocation you can go to the website, claynash.org and go to the store, you can purchase them there. The cost of the video downloads will go into a war chest and we will be doing more of the Josiah Company Convocations and that money will be put in a war chest so that we can do so.

Thank you for being on the call today. I thank all of our hosts that are on. We have got some guests from West Virginia that are going to be with us and Regina Shank; you have a prophetic word for West Virginia so I am going to call on you first.

**Regina Shank:** Yes I do. Thank you so much. It has been a privilege and a pleasure to seek the Lord for these words for the different states and this is what I hear for West Virginia. "You are called the Mountain State, I call you to My mountain," says the Lord. Isaiah 2, "In the last days the mountain of the Lord's temple will be established as the highest of the mountains, it will be exalted above the hills: and all nations will stream to it. Many peoples will come and say, come, let us go up to the mountain of the Lord, to the temple of the God of Jacob: he will teach us His ways so that we may walk in His paths. The law will go out from Zion and the word of the Lord from Jerusalem. So I say to you West Virginia, "Pass through the gates, and prepare the way of the Lord. Your paths have been askew for you have made your own way instead of following my leading. It is time for alignment with my governmental tribe; you have governed from an intercessory stance. Arise and speak to the mountains, you can no longer be delayed or rerouted because of those sins that have risen up against you. Move them out of your way by the words of your mouth and the direction of my heart. West Virginia, you have banned abortion in your state, you have chosen life; you have chosen well. Now, you will have a gathering that will bring the tribes together, the warring tribe, the worshipping tribe, the interceding tribe and the governmental tribe. It is time to rise to another level of revelation and wisdom; the time for breakthrough has come. I am reenlisting my watchmen; I am calling all intercessors to the wall and your reluctant leaders to rise. I am speaking to the Gideons in your state; it is time to tear down your father's alters. I will send the warriors; call the troops together for West Virginia's purpose, the Mountain State. Your purpose is to come to the mountain of the Lord."

So Lord, we decree over West Virginia, the Mountain State, that they will hear the call they've already have and the call to come to your governmental mountain to establish your government, your spiritual government in West Virginia. Lord, we thank you Father that there is a move now to come together in that state, for every intercessor, every leader, every watchman to no longer stay apart in their own place but to come together, to bring a corporateness to the intercession and to the government. So Lord, we thank you for that and you are sending warriors and you are bringing people in, even to West Virginia, to bring forth your purpose and your plan for that state. And we say to the Mountain State, rise up and come to the mountain of the Lord. Amen

**Clay Nash:** Alright Regina, thank you for that strong call. (Clay gave instructions to the hosts) Jacquie Tyre, you have a prophetic word. What is in your heart?

**Jacquie Tyre:** I do Clay and I apologize because it will be a little bit noisy because of where I am.

I heard Holy Spirit say, "West Virginia, Appalachian awakening is stirring in your hills, mountains, valleys and fields. The soulful cries born of deep desperation for more of God has attracted my attention and I am moving across you. West Virginia, stirring radical passion for Me and My Kingdom in an immeasurable quest for the lost and scattered sheep who once knew and walked with Me but have wandered astray. I am bringing in a mighty harvest of radically passionate ones who refuse to be held captive by the religious or cultural bondages of the past. These burning ones shall burn a path that crisscrosses across the state, blazing path after path for the hungry, the seeking, the wounded, the forlorn to find Me and join in the company of the burning ones rising out of West Virginia. These shall be sent out of West Virginia into regions beyond as trail blazers to blaze paths of liberation for many. Watch West Virginia, for I am raising up and shall release radical ones who will be a part of the reformation of this nation back to the foundations of my Word in purity, passion and power. No longer shall West Virginia be looked upon as a place of insignificance but shall be seen as a harbinger of things to come from out of the way, hidden and unseen places. Watch for notable signs, wonders and miracles to come out of the hills of West Virginia. I say because you have not sought to be known or to make a name for yourself, I shall shine my light both within and upon you and many shall see and know that it is I the Lord who had done this thing. Watch and see a fresh boldness rise out of you West Virginia, even in political arenas, a sound of boldness to confront and confound the sound of evil, mockery, scoffing and derision. There are those rising up in West Virginia who have had enough and the roar of their sound shall send many scattering and scampering away like scalded dogs, beaten and defeated. I shall have my way in you, West Virginia. Watch and see what I shall do."

So Father, over West Virginia, we decree that you will have your way, that there is a movement of radical courage in West Virginia, that they those that are coming up, they are rising up, they are moving in the fullness of the power with purity and passion to see the lost saved, to see the prodigals brought home, to see the power of God manifested in their streets, their highways, their byways, in the hills, the mountains, the valley's and the fields. And Father, there is a sound coming up, even out of the political arena. We decree that the roar of the sound of the Lion of the tribe of Judah is rising up out of those in political office that will confound and confront the evil that has been rising in the nation. So Father, we bless West Virginia, we bless them to become and to do all that that you have called them to do in this hour in the mighty name of Jesus. Amen

**Clay Nash:** Alright, thank you Jacquie for that prophetic word and those declarations and decrees. David Hertel, I believe that you have some scriptures to release over West Virginia. What's in your heart?

**David Hertel:** Just a couple scriptures just came to mind as I thought about West Virginia. We declare, in Jesus' name today, an agreement over West Virginia, according to Isaiah 59:19. "So shall they fear the name of the Lord from the west, West Virginia, and His glory from the rising of the sun. When the enemy comes in like a flood the Spirit of the Lord will lift up a standard against him." West Virginia and you will see your salvation in the Lord God. And as Regina said, you are the only state completely land within the Appalachian Mountain regions. West Virginia, you are called the Mountain State, and we declare in Jesus' name, according to Amos 4:13, "For behold, He who forms the mountains, He formed your mountains, He creates the wind and He declares to man what his thought is, and makes the morning darkness, He who treads the high places of the earth, the Lord God of hosts is His name." And He shall have you, West Virginia, as His own, He will be your motive for what you do and He will manifest Himself to you and He will show Himself strong in you and from you, West Virginia, to this nation. In Jesus' name we pray and declare. Amen

**Clay Nash:** Alright David, we thank you for that and we come in agreement with it. I have a prophetic word for West Virginia I'm to release now.

I heard the Lord say, West Virginia, I am dealing with the voice of your senator as I am intensely am dealing with his wife. For he has confessed to be a centrist and conservative in values, while his values have shifted with the center but I am dealing with his heart. I've burdened his wife to a new level of intercession, says the Lord. I say unto West Virginia, do not watch and see but pray and obey. Change is coming West Virginia, but prayer must be used as a sniper, trained and ready to execute a precise strike. For truly you are ready for a breakthrough, but the water has broken and it is time for the Ecclesia to breathe deeply and push hard, says God. For you are about to birth that which I have overshadowed you for; this birthing is not only for you but for

the nation. Be ready, says the Lord, for the lame of West Virginia are about to rise and walk and dance as I, the Lord God, establish you as a gate beautiful in the eastern portion of the nation. Right time, right time, right time is upon you West Virginia and you have embraced my kairos time turn and face the east as your refreshing is rising, says the Lord of Hosts.

Father, we declare over the Ekklesia and the people of West Virginia that they are turning to the east and they will see the rising of a fresh and new sun over the State of West Virginia. Father, we declare that the senator that many times is that one that has a tipping point will turn back to his centrist values, his conservation values. Father, may the prayers of his wife and those that join with her to pray for him and to pray for West Virginia, may they become so intense, Father, that this man's heart will not look at his party, will not look at the other party but he will listen intensely to Your voice and yield to it in the days to come. Father, we release over the State of West Virginia a new sound, a new cadence, a new word and a new tenaciousness, Lord. Father, we know they are small but they have the ability to have great influence. We declare they are in the eastern portion, a gate beautiful, a place where your kairos time and your chromos time will certainly produce a horas time, a gate beautiful for the nation. Father, we declare that you are moving among those people and we declare that the people of West Virginia whose hearts are yielded to you, the Ekklesia, they are stepping up, speaking out and standing strong for change to come there and to the nation. We thank you Father, there are things that pivot and hinge on the voice of the Lord that comes out of West Virginia and we just declare a spirit of prophesy settle in over the whole State of West Virginia and Father let the people shift in their decrees from how hard it is and what this government is doing, into decreeing things that will become established, not only for West Virginia but also for the nation. Do it now Lord in Yeshua's name. Amen

Brother Jim Hodges, our statesman and also from the State of West Virginia, what is in your heart sir?

**Jim Hodges:** Thank you Apostle Clay. Let me give a shout out to all that we saw, the Ekklesia team in Conway. It was amazing, it was encouraging for me and I told Apostle Clay this morning that we gather as an army but it seems like family, and so the family is strengthened and therefore will be more effective as an army. Let me just begin and say Arkansas and West Virginia have a lot of similarities, if you haven't thought about that. Obviously part of Appalachia and some Appalachian thinking and there are a lot of ways they overlap so I felt at home in Arkansas because I am from West Virginia, For those that don't know that, that makes me a hillbilly. Hope that is alright to say with you guys, you have intimate knowledge about me. Let me say this, West Virginia was born in 1863 and I think it is important that I add some hill history, somebody said today on Give Him 15. In 1863 West Virginia broke apart from Richmond, the capital, not just of

Virginia but the Confederacy; they broke away from the South which at that time was endorsing institutional slavery. West Virginia simply would have no part of that. And so to me that is important to know how we actually got birthed. Our motto is "Mountaineers are always free." You know this is amazing, West Virginia historically was voting democratic, of course in those days democratic did not mean far left as the Marxist., but at least they had a record. It was under President George Bush that they flipped over, I'm sorry, they voted for Regan, they voted for Bush and they voted Republican ever since. They voted for Trump. One of the main reasons it turned, historically, for our state there was a phenomenon in the country called hunting. Hunting requires guns, of course, and so they are big on gun rights.

Thank you Clay, for pointing out about Senator Manchin, Governor Manchin at one time and now Senator Manchin, has waffled some; I believe he is trying to find his legs again. He is still strategic, he is endorsing less of the president's agenda today but he bought into some lies that Schumer and Biden told him about energy. That is a little bit naive to believe what they would say. I am not giving up on Senator Manchin. I'm so glad this word has clarified that. And then of course, I pastured a couple of churches in West Virginia. It was there near Charleston, the capital called Belle with 3,000 people that I received Holy Spirit in my office as a Baptist pastor.

So, I just declare today and decree agreement with all that has been said and I am just thanking Regina especially, for the reference she made to the mountain of the Lord, Zion, God's governmental mountain, because the state that is known as the Mountain State must line up with the Word of the Lord. As Jacquie prayed, Appalachia is awakening now, and as David prayed the Spirit of the Lord is lifting up a standard there, a strong standard. It appears we are not one of the strongest states but we will say, in the name of Jesus, that Senator Manchin is turning, we are going to say that West Virginia will have increasing favor not only a beautiful state in the natural but a mountainous state in the spirit facing that eastward gate called Beautiful as we have heard today. There are young leaders in the state that are rising up and going past their mentors and their fathers. And that is intention; I know that first hand, I rejoice in that. And I decree that the generational synergy and connection that has built there now and is growing will absolutely turn things right side up in that state that was born to oppose slavery. And as Regina brought up is opposing taking the life of preborn children. And it will come forth as a place of prominence, not superiority not arrogance but prominence to say it will be included in the overall comprehensive turnaround of a nation that was born to free a the shout is given from the mountaintop in the name of Yeshua. Amen

**Clay Nash:** Alright, Brother Jim, thank you for that, thank you for your declarations and decrees. Jacquie, I'm going to call on you now. You know the guests you have arranged for this and maybe Ann too. I'm going to call on you know to run with the guests and I will have Pat McManus follow them.

**Jacquie Tyre:** Alright Clay, it is an honor to introduce Jay Morgan of Appalachian House of Prayer and I believe that he is one of them that Brother Jim was speaking about that is of a younger portion of this generation that is rising up and leading the charge across West Virginia and is rallying the people of God to get out into the streets and do the work. We have only met by phone but we have a dear mutual friend that I honor and respect this man of God. So Jim, if you would come on and then introduce your other guests that are coming on and then you all just have your liberty to pray and to release your declarations and decrees as the Lord has given you.

**Jay Morgan:** Absolutely Jacquie. Thank you so much for the opportunity to be on this call, we are really encouraged by all the words that we heard released today, the confirmations of so many things the Lord has spoken to us over the last six years, not just words spoken over us but realities that we have seen begin to spring up all over West Virginia; particularly that about the mountain of the Lord and the word about an Appalachian awakening. Quickly, I'm going to share a couple of prophetic words that we have been operating off of and then I am going to invite an intercessor from the State of West Virginia to release some prayers and decrees, her name is Jackie Smith.

In 2017 the word of the Lord came to us and said that the Spirit of the Lord was blown out of the Appalachian Mountains and that the River of Revival was beginning to rise from Alabama to New York. So we began to pray into that, the Lord told us to establish a center of prayer which we did. We are deep in the southern coal fields of southern West Virginia, and people ask us what we are near and as a matter of fact we are near nothing. You can't even get lost up where we are at; you have to be very intentional. But yet there we established a center of prayer and revival; through various things that we have done we have seen people from 17 states, thousands of people find their way through various prayer gatherings, summits and things like that that we have hosted. That is not the main thing, we established the center of prayer but then He began to send us and connect us with different people of prayer throughout the south Appalachia region. And then in 2018 we began to organize the State of West Virginia into what we call the West Virginia Prayer Alliance and organized the state into ten prayer regions and we have nearly every county in West Virginia connected. We do various activities both regionally and statewide. We have gathered the state, hundreds from across the state to pray in Charleston multiple times. Even now as we speak, every month there is a gathering in every region of West Virginia of multiple churches who are contending for awakening. Last year, at the beginning of the year we began to see that a lot of the ground that had been taken in 2017, 18 and 19 and even into 2020 was really lost

during to this covid disruption. So last year the Word of the Lord we began to share with the intercessors in our state was to shake off all of the debris; this was a vision shared with us several years before by an intercessor from Kentucky and we knew we were living in that time in coming into 2022. We were living in that time, we were covered by debris, the eagles coming into the State of West Virginia were mostly in a state of hibernation and the Word of the Lord that came to us said to awaken, to arise, to soar to wake up, then you have to get up, sometimes you can wake up and still stay in bed. So the Lord said to wake up, awaken, a wake, to arise and then to soar so we just began to call the intercessors to get back in the heavenlies again and to sense, to hear and to see and then begin to decree what the Holy Spirit was showing them. We saw tremendous movement across West Virginia, because we feel like this mountain state which is right in the middle of this Appalachian region is key to an Appalachian awakening. We have seen revival coming down this mountain region like a lightning bolt, which the Lord said was to shock the heart of this nation back to life and then when this nation is shocked back to life it will rise up and help bring one of the greatest awakenings the world has ever seen.

So that is the word we have been operating off of and specifically, we've been telling our intercessors to team up with evangelists, and to cover, particularly younger evangelists, in prayer. Top provide that air support for the ground troops, kind of like the Air Force and the ground troops working together. So that over the last year we have been mobilizing our intercessors to connect with younger evangelists. Right now, specifically, two areas where we are developing evangelists in is one we call Firebrand, these are the younger, 25 and under. We are seeing several Firebrands all over West Virginia. One in particular, a young man that I mentored for several years, he wasn't even part of my church, he is 26 now, he has seen over 3000 baptisms in the last two years. And that is just one story, multiple healings, awakening coming to towns and cities and churches. It truly is a calling to serve. We are really are calling the intercessors to cover these younger evangelists in what we call Firebrands with prayer.

And then there is a type of evangelist that we are cultivating all over our state, we call them Night Walkers. This came from a prophetic word given at our last Charleston gathering. The Night Walkers are those who have been in bondage and were raised in the night; they were raised in darkness. You will find many of them in prison, on the streets or addicted or with mental health issues. And the Lord is delivering these people; He is not just delivering them but He is turning them into deliverers. So, we are seeing an army of Firebrands and an army of Night Walkers walking out this vision for West Virginia. Someone mentioned that what God is doing in West Virginia is not just for our state but they saw a sending, this is what we have been speaking of for several years. So I am so thankful for the confirmation that was released today with what God has truly been doing in our State.

So right now, I'm going to introduce Jackie Smith. She and her husband, Bill, help us coordinate the West Virginia Prayer Alliance, here in the State of West Virginia. She keeps in contact with regional leaders which helps keep a lot of things going. Jackie, go ahead and release whatever the Lord has given you to pray and decree.

**Jackie Smith:** Ok, I just want, first of all to thank you for inviting us to be a part of this prayer, we are very thankful to be a part of it and we appreciate your vision, Clay. I want to give a word that was spoken over us and I'm going to pray into it. Also, I want to say that I appreciate Jim Hodges, I am so thankful to hear your voice and to hear what the Lord is speaking through you.

"There is a shifting and an unlocking of the heavenlies over this region. There is an unlocking of mantles that I have longed to give, even key strategic leaders in this region. There is a prophetic intercessor mantle, so that the voice of the Lord, so that the fire of the Lord, so that the Lion of the Lord would roar in this region as never before." And the Lord says, "Make no mistake about it the Lion of the tribe of Judah will roar in this region as never before."

I see this picture and it is like a mountain, the Lion has been like he has been tangled up on this mountain, but the Lord says, "In this season the Lion is coming unbroken from the restrictions." The Lord says, "It has been the restrictions of understanding, it's been the restrictions of being in the ways of man, where some started in the spirit and then strayed into false philosophies of men." The Lord says, "There is a purity coming to what I am doing in this region and in this State as never before so that the Lion of the Tribe of Judah will roar, because the voice of God has been silenced in this region." But the Lord says, "The church in this region will be like a sound of many waters as never before. It will not just be one sound, it will be many sounds coming together, it will be one sound, shifting the land like never before." Because the Lord says, "There will be a shifting and a healing of the land in the State of West Virginia; where poverty begins to shift, where mindsets begin to shift and even a new wineskin comes to the body of Christ in this region." The Lord says, "I see this ladder into Heaven and it is an invitation to see as God sees and to hear as God hears, to shift into the purposes of the Lord.

We declare today as we have gathered here from our state and from others, we declare that today the shifting has begun. We believe that You have begun a new work, we believe that as in Isaiah 43, You have begun that work. We see it Lord, we see the shifting, we feel the shifting. Lord, we thank You that You have gathered Your people together all across West Virginia to be one voice, to be many strands coming together as one. Thank You Lord. Thank You that You are shifting the mindsets; You are bringing the healing into our Land O God. We thank You for it. We thank You that the Lion of the Tribe of Judah roars across our land. We thank You that You are raising up, not only Firebrands and Night Walkers but You are also raising up the warriors that will

release the voice of the Lion of Judah; Judah goes first and we thank You Lord that You are moving it in our land. We thank You God that You are moving in West Virginia like never before. Father, I thank You that there is more unity and oneness across this state than has ever been. And we thank You for the leadership that You have raised up in our state. We ask You, Lord, to raise up more, to raise up more intercessors and warriors as it has been spoken today.

Father, may we hear the call, may we hear the call to come to the mountain as we have heard the prophetic word today. May we come to the mountain of the Lord and may we release the sound, Your sound Lord, that You have put in us. May the sound of the Lion of the Tribe of Judah roar out of the people of West Virginia, Lord, and may it be a part of shaking of Your people of this nation, Lord, for Your glory and Your honor, Lord, that we will see West Virginia saved, we will see America saved. Father, in Your name.  
Amen

**Clay Nash:** Alright, thank you, the guest for being on, for your honor to pray, decree and declare over West Virginia. It has been a very strong call. I'm going to call on Anne Tate now. Anne, what is in your heart?

**Anne Tate:** Clay, I have a word. "I'm raising a wind of deliverance to blow across West Virginia. I will blow through the church and I will blow through the State House. I am blowing through all preconceived ideas and notions. I am raising up a new level of leaders full of Kingdom building fire. I'm blowing through prayer in the intercessors to bring forth decrees and the authority of God. I have heard your prayers, I am blowing and removing resistance and causing the army to stand. West Virginia, the new is on the horizon as a new day is being formed as a weapon to take out to the enemy. I am with you in your midst. West Virginia, I have heard your prayer."

**Clay Nash:** Alright Anne, thank you for that. We receive that, we come in agreement with it and we are going to be warring with it in the future. Pat McManus, there in Illinois, what is in your heart?

**Pat McManus:** Thank you sir, for the opportunity, I come into agreement with all that has been declared over the State of West Virginia. And as I looked into the book of the fifty states it talked about the Mountain State, which has already been mentioned, but it also talked about the breakthrough state. So I got to thinking of two scripture verses Zachariah chapter 4 verses 6 and 7. This is a word to Zerubbabel, "Not by might, nor by power but by My Spirit, says the Lord of Hosts. Who are you, O Great Mountain? Before Zerubbabel you shall become a plain! And He shall bring forth a capstone with shouts of "Grace, grace to it!" And in 2 Samuel chapter 5 verse 20, David came to Baal-perazim, David defeated them there, and said, "The Lord has broken through my

enemies before me, like a breakthrough of water. Therefore, he called the place Baal-perazim.”

Father, we thank You that we are shouting Grace, Grace to West Virginia; we are shouting Grace to the mountains, to structures, systems and the plans of man. We shout, Grace, Grace to the strategies to release a fire and to release the expression of Your heart upon the land. We thank You Father, that You are moving fully and powerfully in the State of West Virginia, to unlock that resource, Father, that would truly bring a clear sound of breakthrough. We thank You Father, for the opportunities to see the Kingdom of God advance in powerful ways as there is truly a move of God accelerating upon the land. We thank You Father, that there is breakthrough coming in the hearts of the people there's breakthrough coming in the governing structures, there is breakthrough coming in the education system, there is breakthrough coming within every aspect within the region, within the communities, within territories. So Father, we declare, breakthrough is in the midst of West Virginia, like a breakthrough of water that is releasing revival fires and releasing the expression and the power and the glory of your name upon the land. So Father, we shout Grace, Grace, Grace to the State of West Virginia and see the purpose of God prevail upon the land. We thank you Father, in Jesus' name. Amen and Amen

**Clay Nash:** Alright Pat, strong declarations and decrees. We come in total agreement with it. It is great to have a friend, a powerful intercessor filled with apostolic virtue on to close today's call out, Kelita Deems, what is in your heart? And thank you for being on today's call.

**Kelita Deems:** Thank you Clay, I am sitting here just overwhelmed with emotion, I feel the presence of God so strong about these prayers. And as Jackie was praying and she said the Lion, I felt the presence of the Lion come up on our mountain and He began to roar and as He roared the power of God and fire come out of His mouth, and it began to light on every prayer and every decree . I decree, right now, that that is happening, in Jesus' name. And I want to say - AS A CITIZEN OF West Virginia – I agree with all that has been prayed and decreed today! Let it be so and we welcome every result of the prayers and decrees into West Virginia in Jesus' Name.

I am going to share and pray what the Lord has given me for this call today - *West Virginia is one of two states that formed during the Civil War, splitting from Virginia because we were anti-slavery. We were also the first state below the Mason Dixon line to have a free school for black Americans in 1862 and this was two years before West Virginia had a public school system and a year before we became a state. WE put FREEDOM before government from the beginning! This was birthed out of the Wesleyan Methodist Church. Which can be attributed to Francis Asbury, who was*

*commissioned by John Wesley and started many churches here during the second great awakening. He also traveled with a freed black man named Harry Hosier, who became the first black man to preach directly to a white congregation. West Virginia was birthed out of a desire for all men to be free, thus our motto is Mountaineers are always free and we add, under God.*

***Because of this, I believe we are a warrior state against racism.***

*Our unofficial motto is Almost Heaven – so I want to declare that Heaven has come to West Virginia in its fullness and we submit fully and completely to the will of heaven, In Jesus Name.*

*Our Governor is Jim Justice. James means “one who wrongfully or illegally seizes and holds the place of another” and when I was preparing for this call, I felt like the Lord said to declare that all that has been wrongfully or illegally seized from West Virginia is being brought to JUSTICE in Jesus’ Name.*

*Two of our biggest enemies is Poverty and Addiction. We have also had much corruption in our State government and Supreme Court and much has been taken from us, and we have been lied to. **I decree this stops today.***

*Lastly, I talked to my local State Senator and asked what he felt were the big issues facing West Virginia and he asked us to pray Protection for our children against transgenderism. The overall demonic assault on our kids from the trans movement, drag queens, and pornography in our schools and libraries. He said the senate utterly failed on this due to fear, ignorance and lies being told that suicide was the greater risk. **SO We call this deception into the light, now, in the name of Jesus and decree that the senate will be enlightened to TRUTH and move forward and succeed against this demonic assault in the next session! In Jesus’ name.***

So, I will pray –

Father, in the name of Yeshua, I come before You today, as a citizen of West Virginia and the United States of America, and I agree with all that has been spoken and decreed on this call. I call upon the Host of Heaven to come forth and hearken to the voices of Your word this day according to Psalm 103:20 and to carry out each and every decree and prayer according to Your will, purposes and plans for our state. Father, as You began a good work in us from the very beginning – a work of unity, freedom and restoration between brothers, between races, as You gave our forefathers courage and strength to secede from a state that enslaved people, I call forth a remembrance of the prayers and decrees they made and we join with them – with every godly prayer and declaration that was established from 1862 until now. As members of Your Ekklesia, we agree with unity, and call forth the courage and strength to stand up and do the will of God, not only in this state, but let this flow throughout the United States and beyond. We bless our border states of Kentucky, Ohio, Pennsylvania, Maryland, and Virginia that we might work in unity with them as well, shield to shield and hand in hand for the salvation of this great nation. We repent of any bad blood

between West Virginia and Virginia and plead the blood of Jesus over any and every old conflict that the enemy would try to use against us from our secession In Jesus name. May our education system be overhauled and repaired as we re-dig the wells of revival and of the second great awakening that helped to birth our public school system for all races. We decree Your kingdom come and Your will be done in our educational system. We call forth a moral back bone in teachers, school administration and parents to stand up and to not stop until immoral filth and demonic agenda is removed from our schools and libraries. We also call for the exposure, cleansing and reformation of our government. Expose every wolf in sheep's clothing and replace with godly men and women who will legislate with integrity and biblical morality. We say to every spineless senator and delegate get a backbone and be righteously reformed or be removed in Jesus' name. We ask You to give these men and women in authority in our state and in our schools, dreams and visions according to Job 33:14-18 so that they will have no choice but to do Your will in order to stay in position. From the Governor, to the local government, to school board members. We say Be Righteous or be removed, in the name of Jesus.

We speak to and decree the spirit of addiction is broken this day, that Hope has come to this state. We decree our citizens are high on hope! The hope of Jesus Christ! Father, release Your overwhelming love to the broken, hurting and hopeless. We decree that instead of a vape shop on every corner, there are revival fires! And that no plan of the enemy will stand as the love of God and the fire of revival burns throughout our state! And as the largest fentanyl bust came forth last month through a prophetic word, we decree this is only the beginning. That every time drugs are brought into our state, they are found and confiscated as angels are on guard at every border and town and hearken to these words.

We cry out for the wind of Holy Spirit to blow on the embers of the Ekklesia in West Virginia - to fan the flames of revival and burn brightly once again in our great state! Until now, it has been almost heaven, but we cry out from our hearts for heaven to come down! Heaven, You have full authority in this state! Angels of God come and move in and among the people here, awakening them to the light of Jesus Christ! We break the power of racism, we bind up the power of addiction and hopelessness and we say Mountaineers be FREE in Jesus Name! West Virginia arise! Shine! for Your light has come and the glory of the Lord has risen upon You!

Lord, we decree right now, that everything that has been wrongfully or illegally seized from West Virginia will be brought to JUSTICE. Every back room deal, every crooked handshake, every political bribe, and every bit of thievery, all the way back to 1862, will be brought to Justice in the name of Jesus. We call for exposure and the restoration of what has been stolen, and let it begin even today, because today is the day of salvation, deliverance and freedom.

And we thank You Father, that You are raising up Ekklesia hubs that will be about KINGDOM work and allow the Spirit of God to move and do whatever You desire. We decree that the Ekklesia is alive and well, in wild, wonderful, West Virginia. Father, we thank You, we praise You and we are grateful to You for the purposes and plans written in West Virginia's book. We decree and declare that she shall fulfill every single one. We decree the enemy will not write our last chapter, but the Ekklesia will. We praise You now for what You are doing, and what is coming and that the best days are yet to come for West Virginia and for the United States of America. West Virginia and America SHALL BE SAVED in Yeshua's Name! AMEN!

**Clay Nash:** Alright! Thank you! What a great end to a very awesome call. We come in agreement with that prayer and declaration; we come in agreement with every word. I want to thank your guests again for being on and I certainly want to thank the hosts for being on with us. God bless you all. Remember the call is recorded, it will be posted this afternoon to Claynash.org and also we are working on getting it transcribed. For the guest you can get it out to the intercessors there and have these words to war with. Tomorrow at 2:22 we will be praying for the state of Rhode Island and we will finish on Friday with the state of Virginia. And yes, the prayer call goes on next week, we are going to take next week to pray and then following that I will be speaking to the hosts and then the week following that we will be talking and bringing some downloads out of the Josiah Company Convocation that we just hosted here in Arkansas. God bless you all. We will be here tomorrow.
