Apostle Chuck Pierce**

**The Lord said I am creating a new communication system in Arkansas. I say even now it's being developed in Arkansas and I brought you to this city to announce. For I say at one time I chose this city to communicate to a region but in the midst of that communication structure something was shifted and it was moved. I say I brought you back here to say there is new communication coming out of Arkansas to an entire nation and I announce it tonight in Camden. I say you will be like a reporter who reports the happenings of my glory in days ahead. You will record and you will go from this city. You'll go south and you'll go north and you'll go east and you'll go west and you will record how the spirit of God is building a glory realm around this state . You will record how roots of bitterness and roots of prejudice were uprooted. You will record how healings and miracles began to operate. And I say they won't began in the major cities but they will come and there will be twelve key cities in this state where healings will break out. I say to you get ready for from this state the glory chasers will rise up and like chasing tornadoes, they will chase the glory spirals from this state and begin to see a world wind of my glory overtake this region saith the Lord.**

- 1. From Camden a repairing of the breach will occur. And because the host of heaven is surrounding, God will send and angelic host to stand with you in the breach. From this place I will heal a breach. . He said from this place angelic host will be commissioned and sent out for healing. So from Camden there is a healing anointing that is now stirring in your midst. He is coming to heal the violations and the abuses both spiritually and physically**

The Lord says I'm taking you back to where I've met you in the past and I'm going to renew you what has not come into fullness. Shechem was the place of promise where God met Shechem.

For the Lord would say there has been idolatrous worship in the journey in the past in my church that has produce immorality but I say to you tonight I will overturn that reproach in this state and the church in this state. I say I come to this place called Camden and I recognize this that outside of this city there are treasures that have been hidden and I announce tonight that treasures that have been buried will now begin to be uncover and what has been held back now will begin to come forth. I say I will remove the idolatry of the past in many in the forms of worship in the state and now my worship and my celebration will sweep across this state and what has not been given up in the territory, what has been lost in the past season will now be recovered saith the Lord.

**I say tonight blessings will now fill the atmosphere and you will awake in your homes and you will say God I sense your presence and he will say ask me, I will say to you ask me and I will manifest my blessing for you for I am giving you a window of 24 months to bring the blessings down and it be heard that my glory is manifesting in Arkansas and people will come from around this nation and say all I have to do is come to Arkansas and the glory of God will confront me.**
