

**Chuck:** I say this Little Rock will begin to rise up in a new way. I say to you the plates are shifting, so get ready for an unusual shaking from an unusual whirlwind, and I say when the fire breaks out on the river, get ready for you will know fire is rearranging the ports of this land.

**And I say that the great faults that have occurred along this river path. The great faults that have occurred from my people. I say there will be a sweeping move of healing. I say though Wichita resists the healing move, Wichita will fall under the power of My Spirit. And I say that fault that has lied along this river, the faults of My people. I say I Am ready to heal all the way from Pueblo, CO to Fort Smith, AK into Little Rock.**

**Apostle Bigpond:** OK, we're going to ask Chuck to come up and Apostle Pettit and his sister.

**Apostle Pettit:** OK, first of all I want to say, Chuck it is good to be here with you along with my sister here, we are both the full-blood Cherokee Indians from around the Tahlequah area. And first of all, I want to say, What God has done in your ministry it has played a great big part in the Cherokee Nation. You might never know what it has done to me as a full-blood Cherokee Indian. I can honestly say the Blood of Jesus has totally healed me from all the atrocities the Cherokee Nation had to go through. (clapping) You played a great big part in this when you came to Tahlequah years ago.

Tonight, I just want to humble myself down and say to you, "It is such a great honor to be with you here tonight". And I just want to say that as we give you this necklace. This is a homemade necklace that my sister master-minded all that is here. She chose the beads and bars and it has the Seal of the Cherokee nation on the bottom. And every time you look at that necklace I want you to know that you are always welcome at the Cherokee Nation (clapping) and I want you to know that every time you look at that necklace, I know that you minister and prayed for a lot of people I want God to bless your family. I want God to touch your wife and your seed. Every time you look at that necklace I want you to remember that God is standing by your

family. And, I want to say to you WELCOME TO TULSA, OKLAHOMA. (clapping)

They want me to pray in the Cherokee language. (praying) Father we thank you for this gathering. We realize that Father that we are not our very own. But, we are asking Heavenly Father that your Spirit will be here as Chuck comes to minister. Be with him and Heavenly Father, we give you honor, we give you praise in the name of Jesus Christ, Amen.

**Chuck:** WOW, and one of the things that we do at the beginning of each year is create what we feel like the year looks like. This year, and I want to send it back with you and to the Cherokee people. That was in 1994 when we first met National Day of Prayer in Tahlequah. Let's thank God for what he has done for the First people and reconciliation since then. And, this [design] (holding up a scarf) represents the year, we are coming close to the end of the year. So these are actually the last two of these that we had made. It represents a tree flourishing by the water. Now, I know when we are here in the Creek Territory the Tree is huge. But, when you see the Cherokee people...they're a people that have flourished. This one [scarf] is for you.

And when I first met you, the prophetic gift in you ...I knew the Lord was drawing out the prophetic gift for the native people again. And I decree that right now that that prophetic gift in our First People will flourish in the year ahead. Let's thank God that that's going to happen. Now, This [scarf] is for your Tribal Leader of the Cherokee, when you take it back. This is the last one of these.

You decree, I've met with several of the leaders and governors and chiefs of the tribes, but Cherokee has not been one that I've been privileged to meet with. You take that to him and you say...you tell him "The Year ahead will be a year that their branches will spread out, as a matter of fact, they will go into places that they've not gone before. They will be requested of and they will be seen by a nation in a different way this year". (clapping)

**Apostle Bigpond:** I'm going to turn it over to Chuck now. Want to give you all the time...midnight comes early here in Tulsa. (laughter)  
Would you welcome Apostle, Prophet Chuck Pierce. (clapping)

**Chuck:** Wow, wow. Stay standing for a minute...stay standing. Joann thank you for being here. Let's thank Joann. Then also we have on the front row Apostle Sam Matthews. I can't remember how long ago it was when we decreed that Oklahoma would move in as the first state of the

Apostolic Authority in our nation. Thank God it is doing that in a whole new way. And then, you know, with all of you so welcoming us so. There are the Swiff's from Ft. Smith. I went and spoke for her I think it was in the late 80's or early 90's...something like that. We were talking about when we spoke...half the church got up and walked out! So, thank you for your warm welcome. Let's thank God for each other. Turn around and bless 2 or 3 people around you. You may be seated. Of course we have our...there's so many here we could recognize cause there are so many leaders here that when you stood up, I began to recognize you. I'll tell you why this gathering is so important. The "Kansas Girls" stand up Sandy Newman and DeeAnn Ward. Let's thank God they're here. It's hard to ever come to Tulsa without thanking God for the movement that stirred up and took so many from Tulsa. I believe Sharon Daugherty is here. Sharon, please stand up. There you are. Wow, she and Billy Joe were so instrumental in stirring up faith and miracles in the body of Christ and continue to be instrumental. So, it is a real blessing to be here. Now, I want to share some things with you.

Just personal...I've been to Tulsa several times as a matter of fact you have one of the best bowling tournaments in the whole southwest. And so, we won that tournament three times. It is well run, and we bring 3 or 4 teams up here. I've also spoken here at this campus and places here. The reason Tulsa is so deep in my heart. I don't think I'd ever shared this in Tulsa before. I've shared it in Houston but not in Tulsa.

The Lord first visited me in 1972 and it was a 3-day visitation and very overwhelming and revolutionized my life. I was in the hospital, under oxygen and God came. The Lord put me in a room with a Pentecostal preacher. He has ways of finding and helping. And yet I was forever changed, and I met my wife the very next week and we've been married ever since then. Since....gosh that's a long time. Since 1972 in December.

The Lord visited me again in 1978 in Houston. It was a powerful, powerful visitation. I was working with the oil companies in downtown Houston. Actually, I worked on a task force to help design the first Human Resource system. It was a new field and the Lord had blessed me abundantly and given me abilities. A better way of saying that is that I am more than a pretty face at times. I had chosen to go into...even though the Lord had powerful met me in 1972.

I can't say that I had fully surrendered to Him and I had chosen to go after the business world and the Lord allowed me to succeed. We were on the top of Shell Plaza in Houston. I was one of the younger executives of the oil company. My wife was there, and she looked at me and said, "You know when I met you at the altar" and that is where we actually met at the Baptist Student Union State Convention in Texas. She said, "When I met you at the altar, I haven't said anything to you over the last 5 years, but this really wasn't what I signed up for". She said, "You've done very well but well isn't what God had planned for you. It wasn't what I signed up for, so I think you're going to have to really ask the Lord what you're doing and where you're going". And I know her. I know she doesn't mince words. She says it and it's over. She never has nagged. She just says it and it's done. I got before the Lord the next week.

It was a Tuesday night and the Lord visited me. Powerfully visited me and overwhelmed me. All of a sudden, He came down and He says to me, "I've chosen you for My Glory!" Then He began to tell me I had surrendered because I was in Pre-Med at the beginning and then I surrendered to the Healing of the Nations in 1972. And He said, "I have called you for the healing of the nations" and all of a sudden, He said to me, "**My Glory is coming from Houston to Tulsa". He said, "I am going to come in a way from Tulsa to Houston." He said it both ways. In a way that people have never seen me come before. I am going to come and display my Glory in a way that will shake loose all of the religious structures that have formed. You are called to the Nations for Healing, but I am coming with a powerful healing move from Tulsa to Houston and it will draw the world to those places.**" Then, all of a sudden, I knew...it was just overwhelming, and the Lord gave me detail after detail. **So, I always knew that Tulsa would be overwhelmed by God's Glory. Now I'm going to say it like I saw it...Tulsa will be overwhelmed by God's Glory.**

But, He showed me eventually, and this did not happen until we were out on a camp meeting on the Navajo Indian Reservation. He reminded me I've been called for the healing of the nations. I said Lord, I will go to every tribe in this nation if that's what you're calling me to; you'll have to pay for it some way, but I will go. Pam and I first went to Gallup and all across the Navajo Reservations in the 70's.

**All of a sudden the Lord began showing me something about Tulsa. I haven't shared...well, I shared a tiny sentence or two with the Mayor today. It is the first time I've shared it. He showed me how He planned Tulsa as a meeting of Confederations and a meeting of Tribes and He had chosen Tulsa. That is part of its identity where the tribes would come together, and I think when God says tribes He is not just talking about First People or Indians. I think He is talking about a blood structure that He draws together. We are all out of a tribe, but we are also out of the same pot.** That's what Acts says, Chapter 19.

That's why there is really no room for prejudice because we all come from the same pot. We just have a lot of different flavors. Tell the one next to you...I know you have a lot of flavor. And some of us might be too spicy for certain meals. It's ok. There is taste, when God says, Taste and see me. Turn to someone and say, "I know you've got some spice about you".

**He showed me that Tulsa would become like... let me try to explain it so you can see it... the capital of North America for the gathering of the tribes.** Even though we have the Bureau of Indian Affairs, which hasn't always done very well in Washington DC. **Tulsa would become a governing city with national and territorial authority that was beyond anything our nation had ever seen. I want you to clap and thank God. You would become like the capitol of the First Peoples of North America and from that, a first mantel would come upon you because that is what He meant you to be when He drove the Five Key Civilized Tribes to this place and then...they were violated in their covenant.**

**And the Lord says, "I've come tonight to say that this will be restored and when this is restored, you will see an entire nation restored. You will see a move of My Glory that has been held back from this nation for 400 years. You have had moves of My Spirit but you have never had moves of My Glory and the move of My Glory is coming stirring over Tulsa and will settle down go up and down the Arkansas River but it will flow all the way to Houston and out of the nation's reconciliations that go on in Tulsa, I say to you, I will restore the nations and the foreigners that have come to the land of the United States. Now that's a big call to a city. That is who you are...that is who you were meant to be.**

**So, what we are going to do tonight is to initiate that movement of the tribes into this city that will jar a nation. See, eventually you won't be going to DC for All Tribes; you will be coming here for All Tribes and what it is going to then is you are going to see people like Apostle Sharon and movements that have been in the United States ...**

**now I'm speaking this all prophetically... movements that have been in the United States, you are going to see them imparting into the tribes. Then, you are going to see the tribes going out and you are going to see the people coming in and you're going to see reconciliation. And you are going to see a movement that has never been in the United States start stirring. It will have every tribe involved. It will have every person from every nation of Africa involved. It will liberate those that have been brought to this land for one reason and all of a sudden, the Spirit and Glory of God in their blood will get set free in America.**

Now let me show you why this is starting now. Turn with me to Genesis 49. I always go by the Lords calendar. Here in the Word of God, I mean because we have covenant with Him and it is His calendar. So, I learned early on and that was one of the things he told me when I was 18. He showed me, He revealed Himself as the God of Israel and He revealed Himself as His Order and His Time and how Firsts is so important. Why that has been so important is because this year is about first and this meeting we are doing here, I consider it almost a conclusion of a year of firsts.

This meeting has that level of significance in it and every month I always look at the tribe that is associated with that month because it releases an anointing that is very very important to us as we enter a year and a season.

Now hear what I'm saying. You've got tribes, you've got years, you've got seasons and you've got moments. All that is coming together right here in this meeting. On the 60th floor of the tallest building in Tulsa and it is initiating the next movement that is going to heal a land. Not just decreeing and praying that a land will be healed but initiating a movement that will heal a land.

And so it becomes very, very key and why it is so is that this month is linked to the tribe of Gad and you always look at the redemptive quality of that

tribe as they came forth, one of the Twelve Tribes. God revealed this to me when I was 18 because when He came down and visited me He said, "I can restore what you've lost."

That's why my testimony and many many people's testimony I can so relate to them and tribes and peoples and nations because of what they've lost. Because we had a lot and we lost a lot and God knew I was the first son left after my dad had a tragic death when I was 16. He said, "I can restore what you've lost".

The Pentecostal Pastor that was in the room with me said, "You need to read a chapter from the Old Testament every day, a chapter of Proverbs every day and three Psalms every day, then he said a chapter in the New Testament every day. He said if you will do that...you will be alright.

I've done that and gosh that's been 50 years now almost. Now when I started reading this is when the Lord came down and spoke to me out of Proverbs 3 about First Fruits and then while I was reading it I got in here and I saw these Twelve Tribes. My dad had acquired the inheritance of the 12 siblings of his blood line and that is what we had lost. And as I read this about the Twelve Tribes I could almost hear the Spirit of God say to me, "If I can promise things to them, I can promise things to you." It's the same thing.

And so in the midst of it I have learned the tribes. Every tribe is important. Every tribe has a redemptive quality and I'm not just talking about just these twelve. Look at somebody and say He's talking about you now. This month in this year linked with 8 in this season linked with 70 is Gad. Gad, "a troop shall tramp upon him, but he shall triumph at last." Now that has always been the verse I have held on to for the First People. That they would at last triumph. Look at somebody and say at last.

Now what happens starting this month in this new season that you heard Richelle singing about. In this new day is Gad was the gatherer of troops and Gad began to gather together troops so that whatever war was ahead they would triumph.

**I am here to say to you that this gathering begins the triumph of a nation. This gathering causes a Glory Movement to begin that we**

**have not ever seen before. In this month of gathering the tribes, I thank God you have heard Him tell you to come and gather here. You rearranged the order of your time. You came because in the midst of this gathering month beginning. And the way it works in the Hebrew is that it is a linear month it goes now out to the next month and the next month. This is the beginning of the new gathering of tribes and troops throughout all of America. And I say to you that this will cause a triumph to come that has never come and you will begin to see a movement of My kingdom people rising up in this land that will legislate states and nations in days ahead.**

Wow now look at this; where we're at and where we're going. See, I always try to get a picture of what the year ahead looks like. See I am sort of prophetic and I gotta' see into the future. This is what the year ahead looks like. [shows a picture]

*It's a new type of glory coming on structures that have been. But, there's new wine gonna' start flowing and we're gonna' start harvesting the vineyards and the fields in ways that we have never harvested them before. And so, of course, we always gather at the Head of the Year to celebrate this and decree it and I am here to say that beginning is starting now.*

See this is the transition month [August 2018] New wine is starting to flow; new wine and new glory is starting to come down. Old wine skins now...if they don't shift into the new, what's been going on over the last 7 years in your life-in what you're about, is that God's been doing something to get you ready for the new.

It takes 7 years...you can have a wine skin become new in two ways. You can take a new wine skin, or it can be one that has been soaked in oil and really massaged for 7 years. How many can relate to that? Now, look at somebody and say, "I'm just ready to be new so, that is what it looks like. Now where we are ending right now, and this is one of the last meetings that I have before the "Head of the Year".

Where we are ending right now is...18, 8 is linked with new. It's linked with the power of the first. That's why this year if Negiel asks me to do something or Joann asks me to do something; I knew I had to submit because First Israel.

You see now our President, God help him, he's interesting but in the midst of it you see why God chose him because He had to have someone who would decree that Jerusalem would be the capital of Israel. Are you aware of what that did? That set the whole world in line with the word of God. It opened up the harvest, it opened up the nations, it realigned things. It is like Cyrus, I don't know what all else things he will do, but God chose him to do that.

When he did that new prototypes started happening. That is what this year has been about new prototypes, new movements, new going forth.

In the midst of that, you see that you've got to make an effort to overturn the old cycles of the past. If you don't they become the new. And you know what the Lord said about it? Seven times stronger than they were in the last season!! Shout, "Overturn". See that is why I think we have had to say structures had to shift this year. That's why you see people realigning right now. Lots of realigning over the next 3 months going on. Because it is causing the enemy's resistance in the last 7 years...

**and I told the Mayor today that in the last 16 years... and I don't know why God said that so clearly...over Tulsa the resistance that has been here, it's going to break. Whatever you have been going through it's a new expectation, a new capacity has been created in you. Your tests have produced a new capacity for faith. I mean all those tests you've gone through. All those, and you might not think you are moving by faith. For you to be here: you are moving by faith. All you had to do was press through and show up tonight like the rest of us. And something is being activated.** Look at somebody and say, that thing you've been going through, the faith of it is now being activated.

So, what's happening because we are coming, we are in a new season. A new season. We are coming into the flow of that new season. That's the way you want to think about next year. What has been coming into a new place NOW will start flowing. And so, in the midst of it with that a whole new day is breaking. The church will shift because all of a sudden there is this kingdom expression.... this is a kingdom meeting not a church meeting.

The kingdom expression that is grabbing hold of all you leaders that stood up. All of a sudden that is going to overtake the way you are ministering in the fellowship you are a part of. You won't be able to stay in that protected structure you have been in. Because you are going to have to know it will have a kingdom expression if it is to move on into the season ahead.

Whatever structure you have been in will have to have a new dimension of kingdom expression. I will teach on that as the year goes in the days ahead, but you will feel it stirring in you. You won't have to strive in it. It is going to stir up and you will say, "We're going to have to do this differently or this is shifting the way it is or changing. So, kingdom is going to start being expressed.

Now another thing that is very important is breakthrough. See meetings like this produce breakthrough. Things just start breaking. **I mean all you gotta' do is start to think about it...we are sitting on top of Tulsa, worshiping with this incredible worship. All of a sudden, we are higher than anything else going on in Tulsa and it causes the atmosphere to realign. And when you walk out of here, you are going to carry that wherever you go. Garland will take it back to Tahlequah. You will carry it wherever you go. You will wear it and all of a sudden you are wearing this new identity and the manifestation...see, God all of a sudden when we are in meetings like this...it causes Him to start intervening in the moment.**

I've written lots of books on time. They are back there. A Time to Prosper, A Time to Triumph which takes us into the future, Redeeming the Time, Interpreting the Time, Time to Defeat the Devil. Get whatever you need back there.

But, in the moment of time, God intervenes. **He says, "Because they gathered, now I can start moving in a certain way. Because they laid down their agenda and gathered together, Kay, Negiel and all those who were a part of drawing us here. Now, I can intervene. I can intervene in your life. I can intervene in your city. I can intervene in your territory. I can intervene in your blood line. I can intervene now, and I can reveal myself in a way that I could not reveal myself in the past."**

**Because when we're in the right moment like this, we're a troop. The opposite of revelation is occult. See occult keeps things hidden where revelation pulls the veil off. So, all of a sudden, just by gathering here we are above the occult of the city. We are above that which is ruling the city. It produces confrontations, visitations, and inhabitations. All of a sudden, we are going to start seeing God not just visit but come in.**

See a visit is like an audit. That means He will visit. Let me tell you because I've never heard anybody interpret from the Hebrew and the Greek right. Visitation come...He will visit until you have reconciled things. He will visit and oversee the reconciliation and that's what visitation means. I will visit and oversee the reconciliation that is necessary for a time and a place. See that is what Jerusalem did not allow Him to do. Therefore, He wept over it. **When you are in that visitation, once it is reconciled all of a sudden, He comes in and He rests.** It is like the Ark resting. It is like David finally getting the Ark to the top of where the Jebusites were.

**I decree now that next year we are going to see stronghold after stronghold toppled over and the Ark of His Presence taking over. Now, this manifestation of the new really looks like this. All of a sudden you get this new identity.**

You think... Negiel ...you have known him, but you have to step back for a moment because in this moment Sharon is not going to be the same as she was 10 years ago. And if we don't back off, look at somebody and say, "Back off - back it up", I you don't back it up you are going to miss what God's doing new in somebody. Joann isn't the same since Jay went to be with the Lord. All of a sudden what He is doing is that He is giving us all new identities. He is saying this is who you will display yourself as in days ahead. This is what you will be. With that new identity you have got to have some new provision.

Somebody throw that hand up and say, "I know that one is for me". Joann. **Provision comes when you are wearing this new identity with favor. All of a sudden, we start breaking through over what we need over what we need to do ahead.** And then you are wearing that new Glory.

See a lot of people don't understand that you go from glory to glory and it is not that the other glory was not incredible. It was. But, God is ready to

change that garment and put a new one on. If you keep wearing that glory you are not going to have the impact nor the favor necessary in this season. Then, all of a sudden you start hearing differently.

You say well does the Bible change? No, the Bible doesn't change. It comes alive in a new way to you. I read my Bible every year based upon the time we are in not based upon the history of it. If you just read it as a history book that is called 'graffe' understanding. You understand it like a history book.

We do not want to read Acts and say, "Gosh, that was an awesome story". You want to read Acts based upon today! And how God and what He's doing...and I'll give you an example before we leave here and decree it over Tulsa.

Here's what a lot of people and I think Sam will be better to share this as well as I. Even though it's first apostles, without that new prophetic release...Apostles don't know how to function, govern, finish, set things in order right. So there has got to be a new release that the intercessors unlock and as the intercessors unlock them - this Heavenly Realm-all of a sudden, this new release comes down and we begin to prophesy it. As we begin to prophesy it, the apostolic leadership that God has set in order begin to move into place like a puzzle. It produces the vision for the future. So that becomes very important as we move forward.

But there is another new anointing that comes at every Tabernacle God calls us to awaken to it. It is called the "Ingathering". Every Tabernacle He tries to remind us that there is an ingathering for us to celebrate. There's an ingathering I don't want you to forget. There's a way that I want you to start seeing harvest in a way that you have never seen harvest before now, let me show you some things for Tulsa specifically that I heard the Lord say. We will just leave that up there because...Lord...you've got to be saying Lord, I have got to think new. You may say, "What in the world does new mean"? It means think in a way either that you have never thought before or ...the word has two meanings biblically... you've never thought this way before and recognize that it is new thoughts coming in from Him by the Spirit. See the mind thinketh.

The mind and the heart are interchangeable, and they are interchangeable with the spirit of man where the Spirit of God lives. All of a sudden, His thoughts start stirring up through your heart. That is why if you don't get your heart right you are not going to hear anything that you need to be hearing. I try to keep my heart right.

I try not to do things that I am not supposed to do. I told Pam the other day, "I've got such a burden. I've asked the Lord if I've done something wrong and He said no." She said, "Well I could give you a list but its ok.". I told her well, but He is not looking at all that you think I've done wrong. I told her that one time over my driving. She was screaming like a mad woman while I was driving, and she said, "How in the world can you get anywhere without getting killed?" Well, the Lord helps me, but He sure doesn't scream like you do. You really have no idea.

Now let's look at a couple things. The Lord says this to me, we've got to remember that we are like Elijah. The bible says that over in James. He says you are like Elijah. That mean you have the same capabilities as Elijah had. You've got the same type of emotions that he had. Now this becomes important right now. I know all of you have probably taught all that but that is not what we're doing. This is important right now!

Because see Elijah knew how to look up in the heavens and decree from heaven what would happen in Earth. He also flowed in School of the Prophets all through Israel and he taught people how to do that. If I had a desire, it would be to teach people how to do this. He reached up and spoke and said, "It won't rain for 3 1/2 years". Then he had to go through the process like everybody else. This is what made him different. He watched that word until the end of that 3 1/2 years and thought...I put that word up in heaven and now I've got to pull that word down.

He went into a type of intercession. **See this is the type prophet that God is raising up right now A Shamar Prophet that intercedes, watches after and knows how to pull that word down.** It took him 7 times of pressing through to get that word back in this atmosphere.

Now, two weeks ago the Lord says something to me. I was noticing things with people. I like to listen to people. I don't watch a lot of TV. I don't have a lot of time to watch TV. So....you're the best show in town. (laughter) I've not seen anything on TV as good as the Body of Christ. I mean it's got it all. Even the spice. **I was listening to people and I was hearing how they were breaking through, but I was also hearing how they were not pulling down. Now, this is where we are that we have to be careful from the last movements. Because we've had a lot of breakthrough, but we are not pulling into reality what God has**

**said. What He said in Tulsa. What He said about Tulsa. And so the Lord said, "Your gonna' have to pull it down". So I see the next 7 months as a pulling down time. Your to look back at what God has said to you and start pulling it down. Pull it down, whatever it takes to get it moving, do it. So, Elijah pulled it down and remember this year is about **NEW** and about **STANDING IN THE GATE AND DECLARING THE NEW.****

So, once he pulled it down he ran more quickly than Ahab and got positioned in the gate. It's what this year looks like. But remember he had killed all of Jezebel's prophets off, 400 of them. All of a sudden, she spoke one word that you are going to see tomorrow what you did to them...you are going to see it happen to you. Freaked him out. I mean it knocked him out of the gate.

Now, hear what I am saying to you. **The danger this month is to get knocked out of the gate. Knocked him out of the gate.** He said Oh my and ran to one of those caves and said, "Oh Lord, I wish that I would die". If I had been the Lord I would have said well why didn't you let Jezebel kill you if you wanted to die that bad? He ran from dying.

That has never made sense to me. But it says we are like him. The minute fear of death starts hitting us it starts pushing us. Let me put it this way...the fear of an old season starts pushing us out of our place. And he ran.

We are emotional like this. We have emotions like the bible says. We shift when we shouldn't shift out of our abiding place. We all can do it. **And right now I am here to say to Tulsa, "Don't let anything knock you out of the Gate of Glory that is over you. Don't let anything escape. Over the next 7 months pull down, pull down until you are moving it through the gate.**

**Very important, the promises...circulate the list of them. Even the one about the Confederation of Nations coming to Tulsa. Start pulling it down. You know the story- that got postponed 7 years. What God was trying to do. Took 7 years for that one shifting out of place before God could move again. Elijah had to train Elisha. He had to, to see if Elisha would be able to carry and wear the mantle.**

**Now I believe we have all gone through enough over the last 7 years that we don't want to go through another 7 years like the last one. All of a sudden, the Lord says stand still and watch.**

**One more thing, see this postponement and that is what I've always seen over Tulsa, it's a place that has seeded the heavens. It's a place that the world has looked at as you worship. But it is like that has been a postponement of the fullness that God has planned for you. Tonight, we are going to shift that, so we start new and fresh tonight into this New Season.**

**There are two ways we are going to shift. We are going to break off complacency over the promise. The Lord says we are going to break that over us. Once we break complacency we are going to break postponement.** There is one more instant I want to show you. It is from Acts. It is for today, not the history of Acts. It is where the disciples had to move into the new.

Are you aware that it comes a time where you just have to move into the new? You don't have a choice. Even if you chose not to...the NEW is going to affect you. The disciples had to make this shift.

They went through a wild 120 days from the crucifixion to Ascension to Pentecost. When the Lord ascended see that is the whole principle of ascension. He ascended and therefore; we ascend. You ascend in worship and you descend in war. I always wondered about that.

When we got into that thing that says we are not supposed to do warfare. We ascend in worship, but you don't go to war until you have been in the Throne Room. I wrote a whole book on that to try and help us. We go there and get our marching orders and then we go forth with strategy. Not yelling at some demon and trust me there's plenty out there. But they had to make this shift and the Lord told them, "You are going to do thing greater than I ever thought about doing".

I believe that this was in the same time and the same season where God was watching. That's what this 10 year is about at the gate. They get to the gate of the synagogue "The Beautiful Gate" and all of a sudden something shifts in them that causes the future to open up. See why am I telling you this? There is going to be a moment when something shifts in you. Put your hand on someone and tell them he's talking about you.

We are not looking at this big cataclysmic shift. That's what got them all in that big rapture, tribulation mentality. It is this big moment where everything...that is not what we are looking at. We are looking at a moment where something shifts in you as you have been following Him over all of your trials over the last 7 years.

All of a sudden something shifts, and everything starts happening. Your whole future starts unfolding. That is what has happened here. They walked by the same gate that the Lord taught in, the same gate where Pentecost blew the doors off. But that was not the shift for them. All of a sudden, they walked by and even Pentecost couldn't touch this man who had sat there for 38 years begging.

Now hear what I am saying to you. Lots of moves of God cannot touch certain things. But YOU at a moment, God can use you to shift it all!! That's what is so crazy. Some people don't get healed in certain moves of God. Some people don't get set free in certain moves of God. This guy didn't even get affected during Pentecost.

And then all of a sudden, he's got his cup out like he did to the Lord for three straight years. Probably more than that. He was probably sitting there when the Lord was 12 years old and he had his cup out and all of a sudden something shifts internally in Peter and John.

When this happens all of a sudden, they say we have not got one thing to offer you except what have now broken through into and in the name of the Lord Jesus of Nazareth RISE UP AND WALK. (cheers) All of a sudden, the whole gate shifted, the whole Synagogue shifted, the whole city shifted. That one internal shift in them, shifted the whole region.

I am here to tell you there is something God is waiting to do in each one of us. Look at someone and tell them "this is not a teaching - this is an activation". Let's stand up. He is waiting to do things in us that all of a sudden accelerates what needs to happen in the days ahead. He is waiting to cause that which has been stirring and you've been going through. All of a sudden to come alive in a moment. This is where God's kingdom people are going to start moving.

There is something in you that even all of a sudden at the grocery store you'll say I've been by that cashier for 20 years and it is going to shift, and you are going to shift, and you are going to look at that cashier and say the

Spirit of God just told me this and this is going to happen. And that cashier is going to fall just like that.

**It is like we have grown complacent because of the incredible past moves of the Spirit. And there is no city in America that has had more upheaval and more glory on it than Tulsa. Worst race riot in all of America. The most incredible center of a movement that caused the Word to come alive again. We are in a new day and see yourself.**

**Shut your eyes for a moment and see yourself at a new gate. That's where these people showed up. At a new gate. Now, hear me carefully ...A new gate that had been there all along. All of their lives but they had never seen it through the new movement that was now stirring in them. See that is why you've got to be cautious about staying in the older structure. You might have been seeing this new gate all along but all of a sudden something new is stirring in you and you see it differently and now all of a sudden you have a power.**

**You say, "Wait a minute. Things are about to straighten out here. Things are about to manifest here. Things are about to happen here that have never happened before that we have been waiting to happen.**

**I can't give you money to help you make it through this. I've got to give you some impartation of the One who lives in me. It's the only way you can break through. It's the only way the gate can change. It's the only way things can shift. It was time for Tulsa. It's the moment.**

**Prayer: Chuck**

**not Now Lord we lift our hands before You. We ask you to break the complacency off the way we are seeing what you are trying to do. Now hear me careful! Lord, we speak to every religious force that is trying to hold us in complacency over things you are attempting to do that we are seeing the fullness of those things happen. Lord, we say break that spirit of complacency off of us. Break it off of Tulsa. Lord, we say let a new fire of Faith come through the gates.**

**And then Father you said you wanted to do something 16 years ago here that the warfare stirred up and stopped. And it has been postponed. That is your place. You know those things. Lord I decree right now that that power of postponement because of fear is now lifting off of this city in Jesus name.**

**So, Father we say complacency let go of postponement. Break that handshake. Break that handshake. Turn and grab hold of somebody and say, "We're breaking the handshake of complacency and postponement tonight!" Shout NOW! NOW! NOW!**

**Father we say, "Now open the gate called Tulsa and let the New Wine flow. Give a shout! Now bless two or three people around you and say, "We are just beginning the New Beginning"! Let's worship...let's worship Him. Lord we thank you that your Atmosphere of Heaven is now being pulled down. Lord we are going to take it from this 60th story and bring it down to the ground in Tulsa. Lord, I commission everyone in this room to pull down the promises of God until they are manifested.**
