**WORD OF THE LORD  
THROUGH CLAY NASH  
APPEAL TO HEAVEN CONFERENCE – ARKANSAS  
JUNE 28<sup>TH</sup>, 2019**

///

I hear the Lord saying to the sons and daughters of Arkansas:

“As you return to your original intent, your original birthright that I have created you for, you will not allow another man’s armor to be put upon you. An armor that has not been tempered nor tested to you.

But you’ll take up from your inheritance that which I have destined you to have in your hand. And you will go forth in this war, but it will not be a war that will be hard, says the Lord. But you must move away from that which the culture has tried to conform you to be. For in that, it is weapons you are not fitted for and they will not prevail.

So, it’s time to lay down that which you have picked up and that which man has tried to put in your hand. Even that which looked easy. The position and the platform that comes by man is not theirs to give and will only set you on a folly.

But I am about to do that which it will be seen. For even as the flood that just recently came and brought destruction ... there is a flood of My Spirit upon this state. And out of that flood the eyes of the nation turned toward Arkansas and they saw the natural flood that came but it only precedes the flood of the Spirit that is being released, says the Lord.

For watch and see, not only will I return this state back to the Land of Opportunity, I will return it to the Wonder state, the Sign and Wonder state, the name that it was once called.

For watch and see the outbreak of miracles!

And it will not come through a man’s hand alone, it will come through my angels, says the Lord. For the angel armies that have been on reserve are now being released. They have been called up from standby, they are released and they are ready to do my bidding in the earth even as Holy Spirit is.

So, get ready and set your heart for I will pour out upon this state signs, wonders, miracles and healing that will cause the nation to turn and look at Arkansas and speak about it as it is a wonder to the nation.“
