Now this is how I've tried to create the picture of how God showed me a state. Because it was so key. **This state was an ancient gate.** Now let me just describe it; I don't have to understand it. You don't have to get it right off. But you can get it. This land for some reason becomes an ancient gate to this nation. **It was one of the most ancient gates in this nation.** That took me to the Ancient of Days as I have prayed for you. **That means in this ancient gate here, the Ancient of Days is waiting to reseal the government of this state.** Now hear me. Waiting to reseal the government of this state, this state will be if you go to the places God gives you... Now see if we can show those freedom outposts the way they were positioned. John see if you can bring them up there come up and begin to be seen. There were freedom outposts in various places in this state. *(Power point map of CT was displayed on the overhead. The following cities had circle of white around red on map indicating that these cities were freedom outposts: Bridgeport, New Haven, New London, Middletown, Hartford, Waterbury, Torrington and Vernon.)* They were key. **I don't know anything much about your state, but I do know what I saw. And it was a good network of freedom outposts in this state.** One like OK had the greatest amount of freedom outposts of any state that I saw, but in the midst of it, this had a great concentration. Now those places are also key places where you want to see God's Presence established. **YALE is an important place;** I mean a very important place (presidents, leaders come out of Yale) for the future of this nation. **KEY place for the future of this nation.**

And, so what you begin to see here is there's a way now that **God says how the gates of this state have been ruled in one way I am going to shift that.** That means there is a, next time we come we will do a whole things on gates, so you understand it. A gate place is important for the whole. It's an entry way in, it's an entry way of moving. **Therefore there is, it's almost like above CT the gate of heaven someway is aligning** ... get ready for there is a divine alignment going on above this state. It's causing a seat of judgment of God to where he's seating. **He is getting His rule seated above you** and all of a sudden when you come into agreement with that rule it begins to manifest here in this state. **This state will be one who casts a deciding vote on the way this nation goes and it will cast a deciding vote for good.** Now hear me. Therefore our role is not to just protect freedom outposts but to encourage them that they will rise up. That they will become fiery. That they will form the way God wants them formed for this season ahead. So that in this case **a whole nation will be affected by the way CT makes a shift.** **So it becomes very, very important that we continue to transition, continue the transition, and continue transitioning into the glory here.**

Connecticut - . I was looking up the definition of connect, and the Lord said to look at the name "Connecticut". It has both connect and disconnect (cut) in it.

The definition of connect is to fasten together, to link, **to provide with a circuit for communication,** and **to plug into a power flow.** A connection is what is formed when the parts become whole. Connections, in travel, is the transferring from one to another, at points along a route.

I hear God saying that Connecticut is a key state for connecting the circuits of God's communication and power, and for disconnecting the empowerment of darkness!!

And I would say to you watch for I have come on your calling and beckoning this night. **And I will open up an unusual path from Connecticut that will awaken uh the New England states that have fallen asleep.** I say to you I've been waiting for this alignment this night so that I could

awaken and restore and cause a root that had fallen asleep and been corrupted to come alive again. So I say to you I will come through Connecticut and with my thundering feet I will open up an unusual path. **I say watch as the heavens come down and create a path throughout the state that opens up eight ways from this state.** And I say to you this night you have created rumbling in the heavens, now **watch as I run through this state and create the path that will awaken the root of this nation saith the Lord.** (1:34 – B.mp3)
