

Declaration Over the United States of America

By Clay Nash

We declare that the USA is entering into its pre-eminent days of its existence. Days of God's bountiful blessings, walking in His providence and opposing darkness through His unquenchable light. We declare that the USA is shifting into a new and golden era, during which God's friendship will grace every home. It rains on the just and the unjust. May the mighty one who stands at her side be known by all. And may the children of the USA be abundantly blessed. O Lord, let Your will be done. For nothing is too great for You. We trust in Your wisdom. May Your righteousness be known among the people. From Washington state and Alaska to Key West, Florida remain all the way to the Baja of California. We declare that the young and old alike will honor the righteous. May Your presence be welcomed and revered by all. When righteous leaders speak may the people of the USA cherish every word that comes forth from God. We declare that the USA shall be held in high regard, leading in paths of righteousness. We declare that the USA shall be known for charity, caring for the least to the greatest, aiding the poor and encouraging the prosperous in generosity. We declare the elderly of the USA shall live in peace. Their souls deep rooted and refreshed, grateful for fulfilled life, remaining resilient and robust until the day they are blessed into God's glorious presence. We declare the bereaved shall receive encouragement through God's touch during their sojourn here. The USA's dealings with others will be open, upright, and loving. The USA shall stand for justice, fairness, and mercy. The USA shall be eyes to the blind and legs to the lame, a father to the fatherless and a champion to the abused and downcast. The thief shall steal no more, arrested by righteousness and converted by mercy, he shall return what he has stolen. As righteousness is declared in this nation the unrighteous shall express their agreement strongly, drinking in Godly counsel like spring rain and growing in the ways of the creator of the universe. We declare that God is smiling over the USA. Where darkness is found the people shall rise with the glory of God shining through their faces. Trouble will flee on wings of light. May God lead the USA. May she be proven by His truth. May all who dwell under her benevolence rejoice in the heart of God. God bless the USA. Lord, grant Your favor as we glorify Your holy name. We come into agreement with these words. We declare them over every state. We declare them over every providence. We declare it over all the people. Father, we declare the innocent, the young, the children, a special hedge of protection that will cause them to be blessed coming in and blessed going out. Now Father we declare over our nation, do Your work, release Holy Spirit to do a mighty, mighty work in Your people. Father, let hearts be turned toward You. Let people glow with the light of Your presence and let that light fill the dark places in this nation. Father, let the strong rise up, the strong judges, strong governmental people rise up and stand against all these unrighteous decisions that are being made by the Biden administration. Father, remove those who stand against the Church, remove those who stand against life in the womb, remove those who stand against Your peace and healing and health coming across this nation. Increase the awakening. Bring about reformation. Bring about transformation. Do Your work, Father, and release over this nation exceedingly, abundantly above everything we're thinking and asking and do so in Yeshua's name. Amen and Amen.
