

## Prayer Call 02/21/23 - Oklahoma

**Clay Nash:** Good evening and welcome to the Victory from His promises prayer call. We have begun yesterday on our 2:22 call praying for all 50 states so there's not a call on Tuesdays at 2:22 but there is a call on Tuesday nights at 9pm eastern time and this is the call you're on with us. We got some great hosts on. A powerful call yesterday over the state of New Mexico and our prayers and attention have been focused on Oklahoma all day and we've got some guests out of Oklahoma that are going to be on the call with us and I'll be letting Ann introduce a US Congressman that's going to be on and then we have Ray Garcia an apostle, apostolic house out in Oklahoma. I'll be calling on him and then of course our hosts that are so faithful and so diligent to be on these calls. Remember every day we move to another state. We're doing this in the order that God lead Chuck Pierce and Dutch Sheets to do the 50 state tour back in 2003 or 2004. I felt like God said that they were led of the Spirit in the order they did it so we're following that order. Every call is being recorded, being put on my website, ClayNash.org and my daughter is working, several people called in, willing to transcribe each of these calls so that transcriptions of every call will be placed there. It'll be where you can download it and have it over your state or over a state you want to press into. But tonight we're going to begin over Oklahoma. I spent this afternoon, I got close to 4 hours, in prayer in for tonight's call and the Lord gave me a word for Oklahoma; a prophetic word, and I want to start the call with this and then I'm going to, um, Ann, I'm going to call on you and let you go from there. Introduce the guests you have invited.

This is what the Lord said this afternoon. Oklahoma, in just over 20 years I Your Lord have watched you gain ground and you have given up ground however know that from the start I have imprinted you with the stamp of My Spirit says the Lord. It is a time to turn the fire up in Oklahoma and move the pot from the back burner to the front burner. For I am visiting the places of former outpourings and that flowed with healing. Fresh and new says the Lord. For many seek to sustain old moves and days of glory now gone by. I the Lord say that Oklahoma will experience becoming a new wineskin filled with new wine flowing to the nation. This wine will be put, will put, a glow upon the faces of all that taste and see that I am a good God seeking to redeem the innocent blood shed on your soil. I'm about to reverse My hand in Oklahoma and the last shall become first. The outpouring of My healing will come forth with no significant name shall be attached. It shall not, it shall not be confined to tents but will be found under tents. It will be a new movement of My body being healed as it becomes fitly joined together as the body of Christ stands to its feet. In this new movement it will carry forth healing grace to the lost. It will cause eyes to be placed on Me the Lord by experiencing the movement of My love through My body. The new sound that is being released will result in a new cadence that creates a thrust forth going as one. Oklahoma you will bear forth the a new model to seeing the old out and usher in the new. Oklahoma spit shine your boots. Lace them up tight and get ready for a long march. Oklahoma you are my boots on the ground.

This is what I heard this afternoon. This is what I penned as I listened to Holy Spirit and this will be posted on the website where you can get this and download it. We're going to press in tonight to hear declarations and decrees over the state of Oklahoma and release them and we just declare that Oklahoma is standing to its feet. Its boots are shined. They're laced up tight. They're ready for the long march because they are God's boots in the ground.

Ann Tate, what do you have?

**Anne Tate:** Well Clay the Lord gave me a vision on Sunday morning. And I saw that we were going out with peace when sent. I saw this people and they were moving all together and we were carrying His presence and it was like a new kind of Pentecost that we have not seen before. It was too much to film, going and coming, staying and preaching, reviving and building. It was a giant moving with purpose. It might seem chaotic to some that were looking in but the participants in all this were people, joyful and purposeful in these steps that were being orchestrated and activated by the Spirit of God. From heaven it looked like an army moving in some kind of a divine dance that was unfathomable to the enemies watching underneath where all this was taking place. They were never in an actual advancing army formation on the ground although they came together with others sometimes by two or three or six but you could not discern what they were actually doing or the effect they were having. The enemy has no ability to find an actual strategy to attack because he could not discern who or what was important or what overall was actually being done or who the overall most important leader was or who was directing because it was all happening in the Spirit. The Spirit in each of the people moving was not moving in a path was moving in a power momentum of the Spirit that we have not seen on the earth before. It seemed seamless as I watched and it also seemed to have started overnight. One day we weren't and the next day we were all set in motion. Not one interfered with the other. We came together as needed and moved apart as needed continuing in peace and joy at our joining and our separation. This was planting and harvest, sowing and reaping, warring and overcoming, plucking up and planting and I saw this in connection with Oklahoma which agrees in the word that you just gave Clay, so tonight I want to introduce. Yes Clay?

**Clay:** Go ahead

**Anne:** Tonight I want to introduce Ray Garcia who, he and his wife Rachelle work with the Native Americans all the time. Rachelle is also Native and they work with the Natives, the Natives First People in the United States. They're working on reservations. They're modeling a freedom outpost in Laughton, Oklahoma and others are being attracted there to see how they can build. But Ray has been, uh, developing these things and the Lord is using he and Rachelle mightily and so I want to introduce Ray Garcia. He will come on and then we will have, uh, US State Representative Josh Brecheen, who is from Oklahoma, has served in the Oklahoma Legislature and is now a Representative in Washington D.C. and he was one of the 21 that resisted voting in Kevin McCarthy until new boundary lines were drawn for the execution of better laws for the United States of America and we appreciate his ministry very much. So Clay I want to call on...

**Clay:** Okay, uh, Ray, go ahead and go now and then we'll switch over to Rep Josh, uh, there after you and then Timothy you'll follow that we'll get our order straightened out here. So Ray, what's God put in your heart for Oklahoma tonight?

**Ray Garcia:** Thank you again for having me on here. It's an honor and a pleasure to be with you all. Thank you apostle Ann and apostle Clay. What the Lord has been showing me with prophetic word released by apostle Chuck and it's pertaining to the First Nation People and their voices being restored, there, there's I believe that one of the things that he said was that the tribes were going to be evaluated and even they were going to be we were going to be visited singularly and there was going to be evaluating of the strengths and longevity and yes we were going to be in great confrontation but it's going to be a confrontation between the Spirit of the Lord and those spirits that are among the tribes because God's getting ready to shift the tribes

because He's wanting the voice of the First Nation People to arise again and begin to speak over the land and Oklahoma having 39 tribes we're believing that it's going to start with an explosion here and he specifically said that entering into a new time we must have boldness and this is what I am decreeing over the State of Oklahoma and I'm decreeing over the 39 tribes of Oklahoma. We're entering into a new time that we must have boldness to enter this new season. There is a boldness that is coming upon us and the and the explosion that is coming with this boldness is of the gifts that were once held back and an explosion of expression that God is going to begin to use to sweep His hand over the tribes of the land and it's going to manifest and what we have never seen before and it's going to cause the weak to stand up and begin to release the sound into the ground. And the ground is going to be activated because it's been calling out for the voice of the First Nations. I'm also going to be decreeing that Governor Stitt, Native American, will begin to operate in everything that he does, every decision that he makes with the tribes and with the state based upon the fear of the Lord, that the fear of the Lord will grip him and everything that he says and does will be so that the land and the people of the land will begin to prosper and as well incredible movements that are about to happen within the tribes. Turtle Island is going to be invaded by the Holy Spirit. There's going to be a shaking that's going to happen and when the First People come alive to the Lord the land will come alive. So I decree that the people, the First People of the land there is an awakening that's happening for the revival to break out that's going to bring transformation. It's going to bring reformation. It's going to bring salvation. It's going to manifest the ministry of Jesus Christ and so we thank You Father God for that and I thank You that You are going to visit the tribal government headquarters with the Holy Spirit. There's going to be a move of the Holy Spirit within the tribal government and they're going to operate under the fear of the Lord. Lord, Lord and You're going to begin to remove those that are refusing to operate according to Your direction, Your purpose and Your declaration Lord. And You're going to bring in the Joshua's. You're going to bring in the Caleb's. You're going to bring in the Elisha's and the Elijah's. Lord I thank You and there's going to be a Spirit of of prophetic that's going to be released. There's going to be a rising of the prophetic and the apostolic prototypes for the First Nations people and that they will begin to see the promises that have been held up. They're going to begin to see it now. There's going to be a great release from every perspective. There's going to be healing that even in the 83 boarding schools that when we begin to go onto those boarding schools that there's going to be healing that's going to manifest with all those that were involved to include the students that were there, the religious, uh, entities that were there, the governmental entities that were there. There's going to be a moving of the Holy Spirit and the tribal chiefs will be able to go to the state capitol and be heard because of the voice that's being awakened. God is waiting and has been waiting for the First Nation people to be recognized and they, they carry a mantle like a regalia and it's falling upon the First nation people and they will be able to wear and demonstrate the Kingdom and all nations will be able to come together, the African American nation, the White nation, Hispanic, all of them will be able to come together like the banqueting table of the Lord and they're going to become like, like you had said, a army that their boots are spit shined, their uniforms are starched, everything is dress right dress and they're moving on the cadence of the Lord. So, I thank You Father God that You're moving Your people forward. Lord that we know that we have 14 months left for this to be manifested Father and we're stepping in and we're following the directions of the Holy Spirit. We're watching the hand of the Lord. We're watching the steps. We're listening for the cadence and I thank You Father God that Oklahoma will be the boots on the ground in Jesus Name Amen.

**Clay:** Amen. Thank you Ray for that great declarations and decrees. Rep Josh Brecheen thank you for your stand for this nation and thank you also for being on this call tonight with us. We're honored that you would give of your valuable time to join with us and, uh, just know that we are praying for you. We appreciate you. We know God's got His hand on Oklahoma and got His hand on you and what He has you doing there in D.C. But sir, what's in your heart? What would you like to release on this call?

**Rep Josh:** Well thank you first of all for asking me to join and to make sure I hit the correct digits. Can you hear me Clay?

**Clay:** Yes, I can hear you well. I can hear you well.

**Rep Josh:** Okay and I live in the country. I actually live in an Amish community and my wife and I are almost home and if I lose you in the midst of this I will call you right back and I apologize for that, the timing just kind of hit us wrong. I'm tra, we're traveling from Dallas, I'm, I'm a , first of all, thank you to everyone who's taking the time to intercede not just for Oklahoma but across the nation. Um, to hear you say you spent 4 hours in prayer, uh, that, that is, that's grosh walking with the Lord so I take my hat off to you man, um, I, I've got to develop my prayer time to a greater level. Um, I'm stirred by what Ray just talked about. I'm actually Choctaw. I know Ray knows my mother Teri. I think I know Ann knows my mother Teri so I'm actually Choctaw. I uh, um, understand prayerfully that I do believe the Lord is greatly concerned about the division that's happened in Oklahoma and resort what we have in Oklahoma and I prayerfully know that one of the things that the Lord spoke my heart was that He wanted a healing in Oklahoma to occur when I was praying about running for office and which is I thought I always agreed with my own tribe. I know that in state government, federal government, tribal government there's mixture in all areas of government and, um, but I also know that, uh, just as much as governments aren't perfect, neither are people and the Lord wants to bring a healing, um, within Oklahoma because of the divisiveness. What I can just share is I know the assignment that was birthed in my heart when my wife and I spent months praying. It was why 20 of us stood firm for those 3 or 4 days is I feel such a, an, understanding that because of our immorality and because of woe to the nation who calls evil good and good evil, the Isaiah 5 scriptures, that we are a nation that's headed towards, uh, what was is not uncommon I Kings and II Kings, I Chronicles and II Chronicles. That's where our nation is headed if we don't turn and if we don't have a great awakening. And the thing that's highlighted in my heart is a symptom of our rot, of our immorality is our debt loading and so much of what occurred that 3 or 4 days of standing and saying we're not going to move until we get some guardrails in place to turn the trajectory of this nation. The concessions we've taken the speaker's were much on the front, turning our spending trajectory around. Most people don't understand. They hear the 31 trillion. They don't understand the gravity that even in the national US treasury report that came out this last summer said that we're 120 trillion dollars sum total debt load and if you put that against every household that's a million dollars that's due against every household to get this total gross national debt of 31 trillion dollars and the unfunded liabilities of Medicare and Social Security and what we owe Veterans and federal employees. We are a nation that's headed toward a fiscal cliff and everyone who spent \$7,000 more last year in Oklahoma and did the year prior because of inflation, they're just seeing the tip of the iceberg. It's the unfunded liabilities that are that's under the water and if we don't direct the ship, give a history and you know our founders warned us about it. Thomas Jefferson said that we're not to allow our leaders, our rulers, to let us

perpetuate debt and so as Proverbs 22 says, that the, that the debtor is a slave to the lender and so we're, we have become mastered because of our immorality and it's been manifested in our "debt is well" mentality. You know it's been compounded in the last 40 years, um, know I'm speaking to some Biblically minded individuals. You know a generation is 20 years right and they wandered in the desert for 40, exactly 40. I'm on the budget committee. Exactly 40 years ago our total national gross national debt was 1.4 trillion. The CVO number, the congressional bookshops number that came out last year, we owe, we are over spending in one year 4 trillion. And so what I know what the Lord has put in my heart and my assignment in Washington D.C. is to stand up for Biblical morality and it's also to address that this nation is headed for a fiscal collapse if we don't get our house in order. So I'll end by saying this to encourage all of you on this call. Thank you for praying. I truly believe, um, that prayer is the job, it's not job preparation. I learned this at a Christian camp called Kennecott 20 years ago, um, and you said something on the onset of this call that there was a movement of the Lord. I, I saw a movement of the Lord in Oklahoma 20 years ago in Oklahoma among the youth and with what is happening in Kentucky, I'm believing for that to spread across our nation, convinced that politics is not culture. If we don't have a great awakening the sacrifices to get ourselves out of this financial hole we're in. It's going to take sacrifices by every American and our heart is not going to go there if we're not beholden to Philippians which said, It's common to look after for your own interests and not those Jesus said to look out for the interests of others. And if we don't start sacrificing, making the hard choices from the government level and that is men and women who have the courage to say just like men and women in the pulpit, not trying to please man, making the hard choices to speak the truth, say, here's the facts. Say, here's the facts; if we don't start cutting, we're not going to have a nation left, uh, it's time for men and women of truth to be in positions of influence. So, I'll, I'll end there.

**Clay:** Well thank you sir for that and uh we certainly will make our own part on the prayers we've been doing but we will certainly press into these and uh we just appreciate it. Timothy I'm going to call on you next and uh I would like to ask you if you would because of some of the work you do across the nation and in D.C. Would you pray over Rep Josh, uh, for him and just whatever God puts in your heart.

**Timothy Carscadden:** I'd be glad to. I have a prophetic word for Oklahoma first and then I'll pray over him. And, uh, before we came on I had written down this before you gave your word Clay so I just want to share the confirmation. I think some of it is but anyway, as I was praying I saw Oklahoma step into a greater authority in the nation and the Lord's called them to lead on issues of righteousness and I heard this. Like Gideon who declared he was he least of his tribe, Oklahoma will be used as a valiant warrior and their voice will roll down on the camp of injustice. Then I saw the Eklesia and their love for righteousness and justice in Oklahoma will be heard from in the season ahead. And then I saw their movement will be a template that other states will be using to follow to bring about the needed change in this nation. The last thing I heard was Oklahoma your boom time will be greater now than it ever was in the past and so I just want to declare and decree a boom over Oklahoma and that they would be heard from like a boom across this land and what they've started there will begin to move. I know key people in Oklahoma that are doing some amazing, I have a personal friend in the Supreme Court there and they are just moving mightily and their voice is being heard in more places than they've ever seen it heard before. I just want to declare that and we pray over the Congressman. As somebody who lobby's Congress a lot, I know what you guys go through and we just want to bless you and

honor you for your service and what you do for our nation and in fighting and standing to fight when sometimes it seems like you're alone and my Congressman has told me before that he just feels alone at times. Sometimes when you are standing up for these for these issues that you're standing up for and so we want to say you're not alone. The Lord is with you obviously but we are too. We have many intercessors that are standing for our nation and for our Congressmen, like you. So Father I just lift up Congressman and I, I thank You Father for his purpose in Oklahoma and what he carries in his voice. Lord I thank You that his voice will go way beyond the borders of Oklahoma and that his voice Lord will begin to uh permeate even other states and other reps who are in the House. I pray Father for appointments that he would need to be in right places Lord, to have the right voice to begin to declare what You desire and Lord that is that righteousness and justice would prevail in America. Lord let him be known as a man that brings forth those truths in everything that he does. I pray for favor Lord as he sits in those chairs of those committees as he sits in his chair and pushes that vote. Lord I pray that favor would just emanate from him upon all those around him. I just kept hearing this over him as well the leadership that has fought in the past will You favor in the future. So Lord, I thank You Father that You're going to move on behalf of the leadership and honor his heart to bring about fiscal reform, to bring about the needed changes we need as a nation to arrive Father. You hate unjust balances and unjust scales Lord and this man wants to bring justice to the scales Father of the fiscal reform that our nation needs and I just pray that Father not only will he stand up for but he will have strategies and he will be like Joseph of old who will know how to implement a dream and how to implement righteousness and to bring about transformation within a nation. Father, not only that's he's a dreamer and Lord but he's also an implementer and I pray for the administrator anointing upon him, strategy upon his staff, Lord, those who would write policy with him that they would write policy that would bring forth righteous laws in America and Lord I thank You for Oklahoma tonight and we say Oklahoma boom again like never before in the Name of Jesus. Amen and Amen. Thank you Clay.

**Clay:** Alright. Thank you Timothy. And Rep Josh as he was he was uh praying over you I saw something I want to release. A dream will be presented to your wife. This dream will come forth from what I would call a child, someone very young. She will share the dream with you and it's going to bring a 360 degree turn. Now as I thought into the 360 degree if you know if you start turning going 360 you're going back the same way but the Lord said He's going to return you to the point you're at but you're going to have a new insight based on the dream. So politely instruct your wife to be very sensitive to dreams that might be shared with her and especially dreams that would come from a child because they're going to have a word of turning in it that's going to give you strategy that not only will you make a 360 degree turn but it will bring a 360 degree turn in that which you are sent to accomplish. That's what I heard for you in this will be recorded. I will get this typed out and sent to you sir. Ken Malone there in Florida, what's in your heart my friend?

**Ken Malone:** Good evening. Ah, so thankful to be on the call and praying for all these states especially Oklahoma tonight. Oklahoma has known many, ah, moves of God in the past. It has been a state that has flowed with milk and honey from heaven ah but has not only just been there in Oklahoma but also has impacted our nation. And several things that you said Clay about the new sound, the new cadence, the new model, I really believe that the intercessors are going to begin to come forth with a new sound of heaven, that the worshippers will come forth with a new sound of heaven and the pulpits will begin to sound forth with this new sound of heaven. And

Father tonight I pray over Oklahoma. I pray Lord for a massive outpouring of Holy Spirit upon that state. Lord I pray that the signs and wonders of heaven will begin to manifest across Oklahoma and God that You would begin raising up Lord the worshippers, raising up the intercessors Lord with a new sound, a new cadence Father in Yeshua's Name. Father I pray for the pulpits of Oklahoma it doesn't matter their denomination. Father I pray for every pulpit God that it would be ignited with the fire of Holy Spirit. Lord I pray for the oil of Holy Spirit to begin to flow through that state. Flow through the church of Oklahoma in Yeshua's name. And Father I thank You God that Oklahoma will see the goodness of the Lord and I decree that goodness over that state in Yeshua's Name. That goodness of the Lord shall prevail in that state and God I thank You tonight God for great victory for that state, for great victory of the Eklesia of Oklahoma. God I give You praise for it in Yeshua's Name Amen.

**Clay:** Alright thank you Ken very much for that. Remember tomorrow at 2:22 we're going to be pressing in on the state of Arizona and then Thursday we'll be going to Florida and we're going to finish this week strong and then we'll start into 5 more states next week. Pat there in Illinois, what's in your heart?

**Pat McMannus:** Thank you sir for the opportunity to be with everyone and I come in agreement with all that's been declared and while I was waiting on the call to get on I started writing some thoughts down and I'm going to just read what I wrote and I am releasing an unlocking of strategy to see the advancement for impact where the veil is being removed. I'm releasing a shifting that will cause a sifting and will shift the structures for the glory of God. But I'm also releasing a healing movement that will spark a new order across the land. So Father we thank You that we are standing and seeing an unlocking of strategies to advance Your purpose and Your plan in the land. And Father You are releasing a shifting that will sift what needs to be sifted out and there will be the moments of a of a great awareness of Your glory, Your power and Your presence to be revealed on the land. We thank You Father the prophetic words that were declared back a while back where the rivers will begin to flow again, where the rocks, the things, the resistance will be removed and a greater awareness of a tsunami wave of glory to start across our land Father let that, let the, the healing revivals of yesterday be stirred into this region and seeing the glory of God made known. Father the presence of Your power, the presence of Your purpose and the presence of Your way to be ignited in Oklahoma like never before. Father break the barriers, break shackles and break the chain and cause a clear sound of revolution and reformation begin to be seen and there will be a movement afoot as You're advancing the strategies to those that have an ear to hear and a heart to understand and seeing the fullness of Your way come about on the land. We thank You Father for it in Jesus Name Amen.

**Clay:** Amen. Thank you Pat for that. As he was making some of his declarations and prayers, I heard the Lord say that the First Nation People carry the ability to get the poison out of the pot but that would begin in Oklahoma. It would begin in Oklahoma so that's a very strong word to us because of what Chuck prophesied about the poison being in the pot. Do any of the hosts maybe you've already said something stirring anything else you want to add at this time. If not, I've got someone who's going to close us out in prayer next. Anyone else have a stirring? Okay. Got a Pastor in Norman, Oklahoma, Eddie Thompson, uh Eddie I want you to come on, just make the declarations that's in your heart and close us out in prayer on this call if you would.

**Eddie Thompson:** Okay. Thank you Clay very much. It's an honor to be on here with you. And I just to uh agree with everybody on the declarations and all the prophetic words that were

spoken. Father I just thank You that every one of the prophetic words that were spoken will come to pass just as they were spoken. Father, we thank You for the unity that we decree unity for the state of Oklahoma and I thank You with all my heart for what You're doing in our state. I, I just praise You and give You glory for it. I thank You Father for what You're doing in the University of Oklahoma. We've got an event coming up in the 29<sup>th</sup> of April. It's going to be called Fill the Stadium. It's an organization, they're going, uh, fill, we're going to fill the stadium on that day in worship and praise Jesus. That's all we're going to do all day for the whole day. And we're just believing that the anointing of God will flow and the presence of God will just fill the stadium and the whole campus at O.U. And Father I just thank You for, for a, that that the boots are on the ground and that You are moving in our state. And I thank You Father God that Jesus rules in the state of Oklahoma and that Satan would not have any more rule or say in our state, in Jesus Name, Amen.

**Clay:** Thank you Eddie very much for coming on with us tonight. I want to thank all of the hosts and Ray Garcia, leader there in the state of Oklahoma. Thank you for coming on, making declarations and decrees. Certainly Rep Josh, we thank you and your wife for being on as you travel. We appreciate it very much but I also want to thank, we're showing over a thousand people on the call tonight and uh we want to thank every one of you that is come on. You've added your power of agreement. You're making your declarations and decrees over the state of Oklahoma there and we thank you. We could not accomplish on these calls. I think most of you we're getting some new people on the call but this call with me began in 2018 when the Supreme Court justice died. Before we even knew Cavanaugh's name would be put in, the Lord spoke to me. I thought we'd get when Cavanaugh's name in, I thought we'd get him in, we'd get it done quickly and it would be over so I've been doing this for 5 years. It'll be 5 years in June and almost 5 years now and the calls have built uh I will say we've been talking about a gathering of everyone that's been on these calls over the years uh called the Josiah Company and I have found a place. I'm not going to announce it yet but I'm working to secure it, to hold that meeting this year to where we can all gather in one place and pray and get to know each other. But I bless everyone on this call. I declare that by knowing who you are in Christ is establishing your priestly anointing but I also declare by knowing who Christ is in you establishes your kingly authority and I thank You Lord tonight there were declarations and decrees made out of kingly authority and we declared and decreed what heaven is saying so let it be done here on earth and we thank You for that in Yeshua's Name this night. I bless you all. Have a great night's rest. Be on with us tomorrow at 2:22 eastern time as we press into the state of Arizona. God Bless You.
