Prophetic over Mississippi
By Pat McManus

God is restoring insight for greater clarity and vision coming to impact the culture for increase of his presence, power and purpose. God is restoring Mississippi to its original intent.

Prophetic over Mississippi
By Jacquie Tyre

I am turning things around in Mississippi and you will see in the days ahead things that were beneath to be on top, and things once on top plummet to the bottom, for I am reversing trends and upsetting the apple carts of man's agendas and the misplaced expectations of generations.

Watch and see if I will not take the simple things and use them to confound the wise. For many have said just ignore that little rudder of a state for there is not enough power to move this big ship. But I say it only takes a little rudder to move the ship when My people align with Me and use their tongues to speak what I speak.

Does not My word say, "Mighty ships, though they are massive and driven by fierce winds, are steered by a tiny rudder at the direction of the person at the helm?" (James 3:4 TPT)

So listen, Mississippi, Speak at the direction of My voice. Speak what I speak and watch what I shall do to reverse the course and turn this ship to return to the course that I have set for blessings and abundance to come forth to you and through you.

Prophetic over Mississippi
By Dan Blacksher

I saw barnacles on the top part of the rudder of a ship where it connected. The Lord said I have put this nation and the state of Mississippi into dry dock, not a dry place. The Lord says, not a dry time but a time where the water is dropping and exposing the damage, dirt, and attachments that are hindering this nation and limiting the ability of Mississippi being used to turn this nation. The pressure wash of the Spirit is cleansing and repairing the hidden parts of this nation and also My rudder state Mississippi. The Lord said a ship is designed to be in the water not out of it. You have experienced the pressure in this nation of being in a position that has violated My design for you. The Lord says this pressure in the natural is being overcome by the pressure of my Spirit being poured out. The barnacles were at the top of the rudder and connected to the ship

and they were restricting the freedom of the rudder to turn, and the Lord says you have felt the pressure of the dry dock time but now Mississippi you will feel the pressure of Spirit as those in positions of authority that are connected nationally and restricting the ability for Mississippi to be the rudder to the nation will be convicted to repent or be removed. I will fulfill my purpose in this nation and the overturning of Roe vs Wade was not the end of your season Mississippi as the rudder but only one area. I have called you to be a dual rudder with Arkansas and I will orchestrate the connection. Take heed you who lead in every area you are beginning to experience the pressure of the Spirit of God. Let it have its work in you and repent or you will be knocked out of your position and ones that will help the turning of the rudder will be put in your place. The Lord says I will fulfill my promise and my purpose in this state and no man will stop or derail it.
