Prophetic over Tennessee
By Jacquie Tyre

Tennessee, you are moving and shaking and things are shifting for My kingdom purposes. A fresh new surge of My people volunteering in the day of My power is rising across the state...

Watch and see if I will not shake off the religious constraints and structures that have held and restrained you from the fullness of My purposes. The faithfulness of My people across the state has cultivated an atmosphere ripe for My glory to break through in a display of My power. And you shall see a movement of youth that carries a fresh new sound... a sound to break through, break in, and break out. Listen for a power sound of strength to burst forth out of Tennessee that shall reverberate across the nation unlocking My kingdom in a fresh wave of grace and glory.

Prophetic over Tennessee
By Regina Shank

In the Choctaw Indian Tribe in Tennessee, the Lord will bring revival. The iniquity in the basket, reference Zach 5, will be removed.

Tennyson the poet who wrote The Charge of the Light Brigade poem told the story of the 600 who went into battle against their enemies. The Lord spoke to me that He is bringing forth another 600 intercessors who will battle for victory for Tennessee. They will build a fence around the state to keep out the enemy, but will also establish a gate for the Lord to more fully enter the state.

A new song is coming forth. Tennessee you will sing against the adversary and will sing salvation for all. Even your enemies will be adopted in Your family. Thank you for giving songs to sing to release your transforming power on the earth. Thank you for Your Presence that surrounds and protects the land. Thank You for teaching us Your warfare worship.

We worship you with the new War Dance and war shout—No spirit of antichrist can stop you. The holy Spirit of Jesus is in your midst. Praise is your war bow and you will shoot Your arrows of glory into the camp of the wicked. Let the sword in Your hand break the chains of slavery. Sound Your war horn, Jesus, and disintegrate any demonic stronghold holding your creation captive, Lord. Help Tennessee to manifest your love and character on the earth as they come fully into Your calling and destiny. Change Tennessee, Father, into your Majestic War Horse. Ride them into the battle as we laugh at fear. Let Your warrior leaders arise, destroy spiritual Babylon and bring heaven to earth. And Lord, let the children see the joy of the battle and dance with the warriors!
