

PRAYER CALL 03/14/2023 - ALASKA

CLAY NASH - Good Evening, we bless you tonight It is going to be a great night. We pray for the state of Alaska. We are getting some feedback from someone's phone. All the host that use your mic, you can stop that. You can do that by pressing *6 then press *6 again to unmute them. Anyway, this is Tuesday 9:00PM ET and we are excited about what God is going to say into and over Alaska. We are also very honored to have some great hosts on from Alaska as we are going to give them a chance in just a moment. Remember every call is recorded and posted on the website ClayNash.org., and also every call is transcribed and put up there. I just appreciate everyone who is helping us to get this done. Also, do not forget that coming up April 20-22 in Conway, Arkansas. We will be there for the Josiah Company Convocation. We are going to be gathering Thursday night, all day Friday, Friday night, and then Saturday during the day. We're going to finish up Saturday night for those who can stay, I understand that some will have to leave. We will finish up by praying over all 50 states again. So key times, great things are happening, the calls have been increasing in strength and we believe that this will be a very, very strong call tonight. It is good to have Mary Glazier on, Robert and Eleanor, and another guest which Mary has asked. Regina Shank you got a prophetic word for the state of Alaska. I will call on you first to release that.

REGINA SHANK - All right, thank you Clay. Father, we thank you for Alaska, and we thank you Father for this word. The Lord began to speak to me about the difference between holy ground and a shrine. Holy Ground is where God is, Exodus 3 and Joshua 5, take off your shoes you are on holy ground, and a shrine is where God was. The Lord told me that Alaska is Holy Ground. He said it will be where God is. Then I got the scriptures Job 37:22 "Out of the north comes golden splendor around God and His awesome majesty". I began to hear the Lord say to the gatekeeper at the northern gate, you will stop the enemy at the gate. I saw the searchlight of the intercessor, the watchman, and it is searching and exposing the evil intent of Haman and his sons and others who would come forth through that gate of Alaska. Then I began to hear this word "I will say to the north, give them up and to the south do not hold back. Bring my sons from afar and my daughters from the ends of the earth. And I began to see a turbin Alaska that was unprecedented like it had never been before. Then I heard the words Fire and Ice, and the Lord said the Fire of my Glory will melt icy hearts of men and I am a consuming fire that will ignite a fire of revival that cannot be quenched. Then I heard the word, Bonanza. It is a sudden increase of wealth and profits with a windfall of purity and healing. We decree over Alaska today that the Fire and Ice are coming together and the fire of the glory of God is going to melt the icy hearts of man and there will be a sudden revival with a sudden increase of wealth and profits and a windfall of purity and healing in that state. So Alaska arise to the glory of God. Arise to the place God has called you into a place of influencing not only your state but other states in America. We will hear reports from the state of Alaska, reports of the revival, reports of the outpouring of the King of Kings and the Lord of Lords. So take your place Alaska. Stand up and be the watchman you are called to be, expose the evil, and come forth in

the glory. I am with you says the Lord. I am not where I was, I am where I am now and I am the great I AM and you know my presence. So stand up and be who you are called to be. Amen

CLAY NASH - All right Regina, great start. I heard the Lord say "I'm about to open up the pipeline of my oil in my spirit in Alaska. You are starting to see the first fruits of healing, miracles, signs and wonders, but the Lord says I am increasing my flow there. The hunger of the people even in the most remote of remote places it is starting to increase. It is not just a slight increase, the Lord says it is full throttle. Watch and see says the Lord, as I pour out my spirit so much upon Alaska that those that become born again, those that become disciples, will leave the great state of Alaska and come down into the mainland of the US as evangelists, and as those that have become Isaiah 8:18 signs and wonders, them and their children. So, get ready Alaska. I've got my hands upon you. I have got a whole new breed of politicians that I got waiting to come forth. They will come forth in strength. Their declarations will be declarations that heaven has said and is saying those declarations will bring a shift. Not only in the state of Alaska but it will be spoken into the US, into the mainland, into Hawaii and it is going to bring about a shifting in change" says the Lord. Jacquie do you have a word to release?

JACQUIE TYRE - Yes sir I do. I had to get unmuted there and I started talking about acceleration. I listened this afternoon and I want to release this over Alaska. The Lord says "I am a wall of fire around you Alaska and I am the glory in your midst. What I have done in days gone by I will accelerate in days to come. Even now, the rumblings of my Spirit building across the state to break through the barrier of resistance and opposition that has kept you from moving fully into all that I have purposed for you. You have moved forward, you have plans first and set certain things in order that were a necessity. And you have established foundation stones for what I have for you yet to do. Know that I am well pleased. And I am even now orchestrating the synergy of the ages to break through in new ways across Alaska and I the Ancient of Days have determined from the beginning. Align your movement in a new way. Position and posture to rapid acceleration. Be careful to not hold on to the way things have been done in the past. And know that rapid movement forward requires greater fluidity and flexibility to move with the wind of my Spirit. You are ready, you are prepared, you are positioned, acceleration is at hand" says the Lord. So Father right now in the name of Jesus I pray an acceleration breaker anointing across Alaska. Across intercessors, the watchmen, the apostles, the prophets, the evangelists, the pastors, the teachers. Align, positioned, and postured with the wave of Heaven. Out of the old, into the new, fully prepared, fully ready, with hand on the throttle. The calibrations are done and acceleration is at hand. Let the winds of the Spirit lift Alaska up into new dimensions of Kingdom reality for breakthrough, breakthrough, breakthrough, breakthrough is at hand, in the mighty name of Yeshua. Amen

CLAY NASH - All right Jacquie. Thank you for that strong word. We are off to a great start for Alaska. It is so good to have a very close friend of Susan and I, Mary Glazier.

We are so honored you would be on with us. You were part of this call back before the 2020 elections and then some. We appreciate your leadership role there and so I am going to let you introduce, you have asked to be on, or make your declarations whatever is in your heart, just go ahead. Mary you will have to unmute, I think.

MARY GLAZIER - I do want to make declarations before I introduce our guest speaker. God has given us a revelation for the attacks that have come against the Body of Christ leadership in Alaska. Eleanor had a dream of a shark attacking her, no, I had the dream of a shark attacking me, Eleanor had a dream of a wolf attacking her, and Laurie, our intercessor, had a dream of a monkey attacking her. Three attacks. Which is leviathan, Ahab and Jezebel. I like to just take authority over that right now and bind these attacks in the name of Jesus Christ. I bind the attacks against the right shoulder where the keys of the kingdom are. The government rests on His shoulder. I loose the keys of the kingdom in government of the kingdom upon Alaska in the name of the Lord, Jesus Christ. I bind the attacks against the right hand. I seize the mischievous attacks that have come in, in Jesus name. In Isaiah 9 it says "there will be no end to the increase of His government or of peace. On the throne of David and over His kingdom to establish it and uphold it with justice and righteousness. Therefore I'd also like to introduce our government officials here who are on the call with us, Edna DeVries. Edna is the honorable mayor of the Matanuska-Susitna Borough. She has been a former a council member and mayor of Palmer for over five years. Ms. DeVries is a former Alaska state senator. I consider it a great honor to be able to introduce her. I know she has to get off the call early because she has another appointment she has to tend to. So Edna I would like to go ahead and turn it over to go at this point.

CLAY NASH - Ok, are you sure she is on. I am getting feedback.

MARY GLAZIER - Yes, I am. Ok, so we have to wait until Edna is connected with us. I will go ahead. God has been showing us not just the attacks that are coming against us, but He has loosed His heavenly armies. I heard of contingency of warplanes going overhead. This was just over a week ago. I was on a call with prophetic war council when I heard a squadron of angels. God said they were warring angels taking off into the atmosphere. It was so loud I actually went to my window to look out thinking it might have been an actual squadron of planes. But it wasn't, it was God's angels. And four minutes later I saw the angels coming back to the Anchorage Bowl. I saw them descending one after another after another carrying with them the purpose of the Lord. I hear that prophecy by Jacquie and Regina and I believe God is doing exactly what they said. Sudden well Alaska is arising with a wall of fire to the grumbling in the Spirit. Are you on now Ms. DeVries. Sorry I do not hear her on.

CLAY NASH - Ok. Why don't we call on Robert and Eleanor right now and then you can maybe check with your guests to see if you can get them on. We will just move to Robert and Eleanor. Are you on the call?

ELEANOR - Yes, we are. Can you hear me?

CLAY NASH - Yes, we can hear you fine.

ELEANOR - OK, great. Thank you so much Clay. This is truly an honor for us to be on tonight. As you know, Alaska's motto is North to the future. We are the Alpha and Omega state. It is where things begin and where things end. Because Alaska has land on both sides of the International Date Line we are a land that has yesterday, today, and tomorrow happening all at the same time. During the 50 State tour with Chuck Pierce and Dutch Sheets they prophesied that Alaska is a gateway of the nations to the Ancient of Days. God has assigned Alaska as a sentinel and a vanguard for North America. Alaska will open the doors for the glory of the Lord will sweep through North America. From Alaska the Spirit of God will fall and their people will be set to train prophets and intercessors according to Chuck and Dutch word. So I want to declare and decree into that. I declare and decree that Alaska is the Alpha and Omega state knows how to begin things and how to end things well. That Alaska is an Issachar state who knows times and seasons in the natural and knows how to flow in times and seasons in the spiritual. I further decree that Alaska being the vanguard state to the nation. That our military is ready, equipped, and well able to perform and take down any and all the encroachments of the enemy of our state and nation. I also decree Alaska welcomes the Ancient of Days to make visible with us over every mountain, over every valley, over the waters, wilderness, and over and in every heart of this great land. I also want to share that just yesterday President Biden approved the Willows Project on the North slope of Alaska. At the beginning of this year I also prophesied that Alaska would be open for the harvesting of oil and minerals. The Willows Project can produce up to 180 thousand barrels of oil a day. It can create up to 2,500 jobs during construction and 300 long term jobs and generate billions of dollars in royal and tax revenue for the federal, state and global government. This project was opened by the most unrighteous president to say yes. But I believe that it is because of the strong prophetic word hitting the mark over this great land of Alaska and it is happening for such a time as this. Therefore I would like to decree into that. Therefore as a daughter of the Most High God and as a first nation gatekeeper in Alaska and as my ___name Dunakis, meaning the great land, the real land, full of plenty. I declare and decree that the land of Alaska is a fruitful land flowing with oil, gas, gold, mineral, precious stones and diamonds that will develop and harvested safely. That is what is happening record breaking harvest of salmon, halibut, crab, whales, walrus, seals, caribou, moose, deer, plants, vegetables, fruits, and berries. That will have even a greater harvest of souls. That is already taking place in many remote villages of Alaska in towns and even the city of Anchorage. I further declare that Alaska is a Joseph state to the nations. That will divide and generate to steward our resources well when leaders and our native corporations, and our municipalities, our tribal governments, state governments, and Ekklesia who are full of integrity wisdom and understanding to advance the kingdom of God in every sphere of influence. I would like to end with Psalm 85:10-13 from the Passion Translation. "Your mercy and your truth have married each other. Your righteousness and peace have kissed. Flowers of your faithfulness are blooming on the earth. Righteousness shines down from the sky. Yes, the Lord keeps raining down blessing after blessing,

and prosperity will drench the land with a bountiful harvest. For deliverance goes before him, preparing a path for his steps." Thank you so much Clay.

CLAY NASH - Thank you Eleanor. We appreciate you being on. I know you got someone lined up at the end to close us out in prayer. We look forward to that. Mary is telling that me her guest is now on. Mary I am going to call on you to introduce who you have asked to be on the call. We are excited to hear from them. Mary, I think you have muted your mic. Well we bind up everything that is trying to keep this call from going forward. It is not going to stand. We are going to move on. Mary did you get unmuted there where we can hear you? Eleanor, do you know the person that she has asked? Can you introduce this guest on, Edna?

ELEANOR - I can. Edna our mayor of Wasilla, are you on the call tonight? Are you able to hear us and unmute yourself?

CLAY NASH - We can come back. Don't worry. Robert work with Mary if you can to get this going. I am going to call on Pat in Illinois and we will come back to it. I do not know what is keeping us from hearing. I am looking at the hosts that are on. Even Mary's phone is not showing to be muted. It shows on the computer screen.

(Mary Glazier and Edna Devries are very faint and difficult to to hear)

CLAY NASH - Mary both of you are very, very low for some reason. We are not hearing you as well as we could a while ago. Does anyone else have a hard time hearing them? Any of the hosts? (Some of the hosts said that it was a little soft, and yes we are.) Ok, all right. I do not know what it is. Something changed about the connection. We are not getting it up, great to have the mayor on. Thank you, Mary for getting on. We are going to ask you to speak as loud as you can right into the speaker of your phone because we certainly want to hear from you. So go ahead. We can hear you very weak. Amplify as much as you can. Mary if you and Edna I believe it was will hang up and call back in we will bring you on in just a little bit to work with her schedule. Pat go ahead and declare the things in your heart.

PAT McMANUS - Thank you Clay. I agree with all that has been prophesized and declared over the state of Alaska. I have this word from Isaiah 14:26-27. " For this is the purpose that I have purposed against the whole earth. And this is the hand that is stretched out over the nation. For the Lord of Hosts has purposed his hand is stretched out who can turn it back"? Father, we thank you that your hand is extended to express the fullness of kingdom authority over the state of Alaska. Father we thank you that there will arise an expression of the glory of your name to permeate the very core of that state. Father the revolution of revelation is being released on the land. And Father I declare to the outer banks of the region that they will come into a greater understanding of the purpose that the Lord has for that land. We thank you father that you are resetting the structure to be able to be empowered and express the very nature and glory and power of your name. We declare Father that the light of your glory will radiate with a clear sound of revelation that will cause the birthing of a transitional opportunity

that accelerate the promise of what you said from the very beginning. We thank you father that Alaska will position to the full position of identity to influence that which needs to be and stand strong as a warrior to wield the sword of the Lord and cause the glory expression of your hand to be known upon the land. We thank you Father that there is the releasing of the sound of healing in the land. A sound of restoring and reformation in the land. We thank you Father that you are causing a birthing process to accelerate to the promise to see the plans of your hands prevail. So Father we thank you that the purpose of what you declared from the very beginning of what Alaska will be. It will fulfill the original intent of what you called it to come into and operate from and demonstrate in your glory. So we thank you Father for the outer bank to come into the full identity and walking fuller in the promise of what you say, to see the kingdom of God advance, the glory of your name be known and the power of your hand revealed. We thank you Father for it in Jesus name. Amen and Amen.

CLAY NASH - All right thank you Pat strong declarations and decrees. Mary let us see if we can hear you properly now. I got you now. See if your friend is on see if we can move forward.

MARY GLAZIER - Mrs. DeVries had to go to another meeting to attend to. Before she got off she made a powerful declaration over the state of Alaska and decreed that the revival that was already begun will affect all segments of Alaska, no stopping it. She was able to make that decree even though I do not think others were able to hear it, for some reason we got muted.

CLAY NASH - OK, well I hate it. I do not know if you can get it from her. We will add it to the website. I just hate that we have trouble tonight, it is beyond my control to try to make it work. We are going to call on Ken Malone now and Ken release those things on your heart. I think David Hertel you are on with us too. I will call on you after Ken.

KEN MALONE - Thank you Clay. So awesome to be on tonight praying for the great state of Alaska. That place has always bonded my heart. I believe that God is moving in that region and territory. I am just going to pray a little bit out of the 50 state tour book but also pray for the prodigals and the harvest of souls to come out of that state. Father, I decree today that Alaska begin to move forward and not back into yesterday. I decree Lord that no abortion of the movement of God will take place any longer. I say the old pattern has been cut off and now newness is breaking forth into Alaska. We say that spring is springing forth in that state. Father, I decree in Jesus name a great outpouring of Holy Spirit with signs, and wonders, and miracles among all those that live within that state. Father, I pray for the harvest of souls. I pray God for an incredible outpouring of the Spirit that brings Father supernatural transformation to the hearts of men, and women, and boys and girls. And Father, I pray for every prodigal. Those who have known you that have gone back the wrong way. Lord, I decree this is their homecoming. So we say to every prodigal in Alaska, come on home to the Father, come on home to the Son, come home to Holy Spirit. He is waiting on you. And Father

I thank you tonight Lord as Alaska reaches up into the heaven that the kingdom of God is coming down into that state. And Lord I thank you for it, in Yeshua's name. Amen

CLAY NASH - All right Ken. Thank you for that strong declaration and decrees. Father we just thank you for the angel armies that are located there in Alaska. They are a buffer for anything that would try to come into our nation from there. Father we just declare that you are increasing them now in Yeshua's name. David Hertel good to have you on there in Mississippi what is in your heart.

DAVID HERTEL - Thank you sir. Just agreeing with every prayer and declaration. Just remembering the first of the year where the Lord came to me and said that the wells would be redug. I took that as spiritual blessing, a lot of natural redigging of wells going on to. So I just declare in the name of Jesus that the oil wells are open in the natural and drilling is permitted to begin again in Alaska. The spiritual wells are open and will begin to flow. Revival, renewal, and reformation. I thank you Lord according to Isaiah 10:27 It shall come to pass in that day that the enemy's burden will be taken away from your shoulder Alaska and your yoke from your neck and your yoke will be destroyed because of the anointing oil. We claim Alaska, its peoples and its resources for the kingdom of God that it will be done their honor as it is in heaven. We bind the wiles of the devil, the principalities and powers and rulers of darkness of this age and the spiritual wickedness in heavenly places. We declare Alaska shall be saved unto its destiny that it was created for by our creator God. We thank you Lord Jesus in your name as we pray tonight as we pray together that your Ekklesia is saying to the mountain be thou removed and be cast into the sea. We expect what we say come to pass and we know we are going to see it. And we give you all the glory for it in Jesus name. Amen

CLAY NASH - Amen David, we are in agreement with that. Jacquie Tyre there in Georgia you have already released a word but I want you to come back on to see if there is any declaration or anything you need to release.

JACQUIE TYRE - Well Father I thank you for Alaska. I thank you for Mary, for Eleanor and Robert. I thank you the way they have lead in strength as forerunners in the apostolic/prophetic movement even for this nation. Father strengthen them in their inner most being. Strengthen the Ekklesia that is rising in Alaska. Accelerate them Father by the power of your Spirit. Bring them into a greater and greater alignment. Let the oil of your Spirit rush across Alaska. Let the things that need to be unlocked and unstopped be unlocked and unstopped in a speedy fashion in the mighty name of Jesus. Father we call things from the north, south, east, and west to align under your glory, to align with your purposes, to align with your intentions that there would be such a surge of Holy Spirit movement in Alaska that there are those that return and say what is this that is blowing out of the north, what is this sound that is coming out of the north gate? what is the surge of power that is coming out of Alaska? that is shall be known and it shall be heard across this nation that there is a release of revival, a release of reformation, a release of an increase of greater governmental glory coming out of

Alaska. Father we stand together as one over Alaska. Those things that are tender, those things that are blocked, those things that are even out of Ephesians 6 and 9 kairos challenges that are at the gate that the intercessors, the leaders, the Ekklesia will have the strategy out of heaven to break through the challenges that are facing them in this moment and they will breakthrough into a new season of greater anointing, greater authority, greater impact for your glory and your honor. I decree over Alaska again as the Lord said to me earlier today "I the Lord am a wall of fire around you Alaska and I AM the glory in your midst, and I the Ancient of Days am causing the synergy to come together to cause a greatness of my purposes to come forth". So Father I decree it and I say let it be done and let it be established in the mighty name of Jesus. Amen

CLAY NASH - All right Jacquie I appreciate that. Eleanor you have invited an intercessor to close us out in prayer on this call. I apologize for the challenges with the call. The declarations the decrees and prophesies have been strong. I want to remind everyone before we have this intercessor close us out. Tomorrow we will be on Wisconsin, then Illinois, then Ohio. We will finish on Friday. All the calls this week, the rest of the calls this week will be at 2:22ET plan to join us. I appreciate the people from Alaska that are on the call tonight, but I also appreciate all the other 50 states that are represented on this call. Eleanor why don't you introduce your guest so we can allow them to finish this call with a closing prayer.

ELEANOR - Yes, sir. Thank you so much Clay again for having us on. This is Deb Rubey who will be closing us out. She is part of the Alaska prophetic war council here in our state. She is also an author. She wrote "Seeing and Proclaiming Alaska's Destiny". Where she has scribed many, many, many of the prophetic words that were given to statewide prophetic people in office and also national and international leaders. We are honored to have Deb Rubey to close us out in prayer for the state. Go ahead and unmute.

DEB RUBEY - Thank you so much. I am so honored. There are so many mighty warriors in Alaska, and I am honored to have this opportunity. Lord, you have placed Alaska on the globe strategically. We recognize that Alaska is the northern gateway for the Alpha and Omega to come into this state and the nation. We thank you for the plans and purposes you set for this state long ago. We are watching them unfold and we are looking forward to what is yet to unfold. Father we thank you that we have seen alignment in this state and we call in the governments of Alaska to come into kingdom alignment. As the century old strongholds are broken in the name of Jesus let the alignment snap into place in Alaska in the spirit realm. Where we are snapped in one season for yesterday we ask you to snap us into tomorrow, Lord. We have been moving into the future into tomorrow. The past and yesterday we are strong because of yesterday. Lord, I ask that your jewels in this land, your people, shine with your glory, that even as this year has been said to be the year of light may this state shine brighter and brighter. Even as those that have been praying about the light coming out of

Alaska. I say according to Isaiah 60, Alaska rise up in splendor and be radiant in your light. For your light has dawned and Yahweh's glory now streams from you. Lord we say let your light shine, let your people in this land shine your light so that nations will be attracted to the radiant light in this land. And many will lift their eyes and look and see and believe because your light the light of your Spirit and your glory is on this state. We call forth the revival that is hitting the villages. We call it into the universities and colleges that was prophesied in 2004 by Dutch and Chuck over this state. According to that prophetic word we ask for it Lord we call it forth and let us be in sync with your timing, Lord. Let us be at the right time gate and be a people ready prepared for this. We thank you for the release of the angelic hosts of warring angels on assignment in this land. That people recognize and work of the angelic sent from heaven we your kingdom people occupy the land in a greater measure. We thank you for this, Lord. We move forward. We say let your glory arise. Let your glory shine. We ask that your glory be like a dome of protection over this state. All around the mass border. May waves of your glory fled to the borders and the borders not be able to contain it so it floods into Canada and to the lower 48 affecting this nation and the nations. We are so aware of the word spoken of the invasion of Russia into this land with the intent to take what is not theirs. We also know it says that when this invasion happens it will hit the glory. So we thank you Lord for the glory of the dome over this state. We say Lord that as there are new drilling opening right now we say open up Alaska, open up Alaska, open up the resources that Alaska full of resources will be a provision for this state, the nation, and the nations of the earth that even as it was prophetically spoken that Alaska is a redemptive gift from you God to the nation of America and the nations of the earth. We ask for an uncovering of hidden agendas and agreements made by people in this country, in this state that have the intent with corrupt purposes in mind for taking Alaska's resources. We ask you to uncover them, Father. Even as the snow melts this spring let there be an uncovering of hidden agendas in the natural. Let those misusing their authority we ask Lord let this be the time that the Shebnas be removed and taken out in Jesus name. We say we in Alaska have __?__ over the air, atmosphere, and land in Alaska. We say No Trespassing to the invasion by air, water, or land. We ask you Father for tipping us off that we remain alert. For as the watchman have remained alert the borders are lined with watchman and cover the intercessors over this land, water, and inroads. We ask today, I ask today for a great level of discernment to come upon this state on the watchman, the intercessors, the seers, the apostles, prophets, teachers and evangelists that there be a discernment at a higher level that we want to pray and see what you doing, hear what you are saying now. that even as it was spoken in 2004 at that time intercessors were dropped to a new level. We ask for new levels now, Lord we say bump us up on that ladder. We want to climb that ladder that touches earth and going into heaven in Alaska right now where the revelation of ascend and descend with the revelatory word from your throne room of declarations and decrees over this land in accordance to your will. So Lord even as it talks about in Isaiah 59 "may Alaska put on righteousness as the body armor, and salvation as a helmet, the garment of warring vengeance be our uniform and passion be our cape. We are

looking ahead with eyes into the eyes of the mighty one who follow your gaze at you have our eyes and our ears to hear. Lord may we be faithful in your plans as you direct us pressing on toward the mark you set for us for this great land , Alaska. Let your kingdom come, and your will be done, in the name of Jesus. Amen

CLAY NASH – All right, thank you Deb for that powerful closure and wrapping everything together. Powerful declarations and decrees. Well, we have covered our Tuesday night. We will be on Wisconsin tomorrow at 2:22ET. Please join with us. Remember everyone on the call you will be able to tomorrow the recording will be posted. We will get the transcriptions done as quickly as we can. All the intercessors in Alaska you will be able to go to ClayNash.org and pull the transcription down so you can pull out the prophetic words and certain things and war with them. Thank you Mary, thank you Robert and Eleanor. Thank you all of the hosts that are on, and certainly all the callers, all the participants that are so faithful to join with us and add their power of agreement and make their declarations and decrees at home.

Please join us tomorrow at 2:22. God Bless you all.
