Prophetic over Illinois
By Jacquie Tyre

Illinois, when many look upon your land they see the debris, rubble, and chaos of enemy activity, but I look and see stopped up wells and hidden reservoirs of My glory. What the enemy has fought to stop, I say to you that I am stirring up and sending forth My mighty warriors in response to those across the state who have not given up and that do not relent in calling forth for My glory to be manifested across the state. What the enemy has meant for evil, I shall turn about for good and shall confound those who thought they had gained the victory. For while the enemy has had the upper hand for a season, it has only been so that what has been done in secret would be clearly seen in plain view. Know that more revealing is coming and in many ways shall be shocking for many to see the depth of depravity that has grown under the covers of deception and manipulation. But these shockwaves shall cause many to stir from their slumber and rise up to let their voices be heard with the fervor of a righteous outcry. Hold fast and do not shrink back for I am prepared to do a work that will put many in shock and awe of My mighty outstretched hand across the land. The days of revival of past seasons shall pale in light of what is coming upon this land known as Illinois. Press in, push back, and proclaim the day of the Lord in power is here, says the Lord.

Prophetic over Illinois
By Pat McManus

We decree that the gates that are holding back this state are being removed and righteous and true justice is established in our land. Isa.26:2
We decree that the Caleb's are rising up to take down the giants as in Joshua 14.
We decree that the generations are coming forth to take back territory for the kingdom of God as in Joshua 15.
The false structures are being removed.
The alters of Baal are coming down and Judges 6.

Gods order and the angelic alignment is being activated in fullness of power.
Thrones of iniquity being removed.

Prophetic over Illinois
By Clay Nash

Illinois as you are an apostolic state where I am working to fulfill my words from 1 Cor. 12:28 within your borders. The enemy has sought to abort the destiny I have for you Illinois to be a prototype to the Nation. For I have sent a Thunderbolt forth to stop the evil reign of Lightfoot and those of that spirit. For the fox has burrowed in and gone quiet but I am digging with a righteous shovel to uncover the corrupt burrows beneath Chicago. My digging is growing to a point of exposure. For truly within this state there is a matrix of my spirit that will become a womb of righteousness. From this womb of righteousness will come a shout of Victory that will cause a quantum leap of faith to break forth closing doors to the past but opening a way for the ancient markers of the righteous voices to be reconstituted. Get ready, Ekklesia of Illinois - land of Lincoln, I am about to polish you to the brightness of a new wheat penny and display you to the Nation.
