

## **Prayer Call 3/1/23 – North Carolina**

**Clay Nash:** Well good day and welcome to "Victory from God's Promises" prayer call. We'll be praying today for North Carolina. Our calls up until now have been so strong. Last night was on the State of Tennessee, which was very, very strong and deep call unto deep. I want to thank everyone that is on the call and coming on the call and we bless you. . . . Well today as we press into North Carolina, we've got Donna Wise on with us and we got Mary Medford, both apostolic leaders there in the State of North Carolina. Donna, I'm going to go to you first, you can open with your prayers and decrees if that's what you want to do or if you got a guest that you have invited to be on, and you want to announce them and let them go first . . . I failed on the thread to some of you . . let me ask this – do any of the regular hosts that's on, do you have a prophetic decree to release over North Carolina at the beginning of the call? . . . . I am going to step back to Donna and ask her first to go and if she has someone to introduce let them go, then we will bring in the decrees after that.

**Donna Wise:** Thank you Clay so much, and we so appreciate that you're doing this. We are just excited about our State, we feel that our State really has God's hand on it, there's so much history with our State, a good and bad history. Some we've had to plow up and others we are decreeing and declaring of course. We just appreciate it so much. I do have a special guest - this gentleman is Jim Quick, and he is the Grassroots Director for North Carolina for Faith and Freedom Coalition. Jim is so active in the political structure for what's going on in North Carolina and he's very involved with the Senators of all levels, Lieutenant Governor. . . I just going to ask Jim if he would mind opening up and praying and covering this time.

**Jim Quick:** Thank you Donna. Father, as we gather before You as humble servants, Lord, I just pray your anointing over [us] for this time as we gather to pray for the State of North Carolina, our leaders, those that are making decisions to lead us in this future; those that are in this State Capital at Raleigh, just this very day making decisions all over the governments. It is such a critical time this prayer meeting today - it's so critical for North Carolina, as a state we decide a response on so many critical issues, for we can choose to follow your biblical mandate for your people, or our state can go on a different direction. So Father I pray for wisdom and guidance for our leaders. Lord I pray that you would anoint them, you would protect them, that you would embolden them to stand Father - there's so many men and women of faith that are in our General Assembly, Lord, do not allow them to bend a knee to fear, allow them to stand boldly for the biblical mandate that you have on this nation all the way to its founding. Specifically, on the State of North Carolina as we pray for the decisions that our General Assembly will make, and our Lieutenant Governor will make in these next 30 days that are so critical for our State. Thank you, Father, for your protective hand, thank you for guiding our State. In Your Precious Name.

**Clay Nash:** All right, thank you Jim for that. We appreciate you taking time to come onto this call. We know that North Carolina is very, as all states, but is very significant to the future of our Nation. We appreciate that at that time. Donna, do you want to make some declarations and decrees and pray here at this point, if you do, go ahead.

**Donna Wise:** We decree and we declare that North Carolina is led by godly leaders. We also decree and declare that those that have been operating under the spirit of Baal, under the spirit of Molech, Lord, that that spirit is uprooted in Jesus' mighty Name. We decree and we declare prosperity over this nation, over this state; and this state Father God has Your hand upon it, it was very instrumental in the Great Awakening, the early Great Awakening; it's very instrumental today as the Moravians are up in the Northern part of North Carolina God, and they're bringing forth that presence of Holy Spirit, as they did throughout the rest of the state. So God we decree and declare that Your Spirit, Your Presence is being released across this State even now. We are seeing it in our local churches, we are seeing it in our schools; and Father we declare that we are going to be expectant, that are hearts are prepared for the glory that you're sending forth into this state, Father; and not only for the experience of that Great Revival that's coming, but for the hearts of those prodigals that you're bringing in God, and we know you're drawing the prodigals, and we just declare that the churches will be prepared, getting ready to minister to those Lord who are coming to You, those that maybe do not look like the rest of the Church; they're going to be smelly, they're going to be ugly, and they're not going to talk like we talk; but God our hearts should prepare to receive these precious people; and Lord I believe that these prodigals are going to turn this State - they're going to be used mightily in the days ahead to turn this State back to you, Lord that we would no longer be the abortion center for the states of the surrounding areas because we have chosen to maintain that stand on killing the babies in the womb. Lord we will no longer be known as that State. Father we repent of that already and God we thank you Lord that you're going to bring intervention on the voting on the heartbeat bill in Raleigh, God, that you're going to intervene in situations, and the righteous rule of the righteous government will be in place. So we thank you God for what you're going to do, not only from this prayer but for days ahead as Jim prayed. In the Mighty Name of Jesus we declare it.

**Clay Nash:** All right Donna. Thank you for that. We appreciate you inviting Jim to be on. We appreciate. Mary, you got some declarations /decrees if you will, make them now.

**Mary Medford:** I also wondered if Norm Sanderson was on the call too. Norm, are you on the line? I wanted him to go before me.

**Senator Norman Sanderson:** Yes

**Clay Nash:** Introduce him when you are ready, Mary.

**Mary Medford:** I'm so honored to have Norm with us. His name is Norman Sanderson Jr., he's the North Carolina Senator from District 1, which is mainly the coast which encompasses the Outer Banks. He is married, he has a wife named Linda Sanderson who is his governmental intercessor, and they've both been interceding for our State and have participated in events with some of my regional leaders on the coast, but as well as on [prayer] calls with us recently. Norm has had 6 terms in the Senate, and 1 in the House, been very active. He says that he wants to fight to stop legalization of medical marijuana, gambling and abortion in North Carolina. He currently serves as chair and co-chair for multiple standing and non-standing senate committees. I want to introduce Norm Sanderson to you.

**Senator Norman Sanderson:** Mary, thank you for that introduction, and I just want to express what an honor it is to be on this call – these are faithful watchers and warriors that are standing and praying for our States, for our Nation; and I am just really humbled that North Carolina is in that group today. So as Mary said, I have been in the General Assembly, this is my 13<sup>th</sup> year, I have seen many people come, and many people go; but I just say that for right now I think that there are more Christians that are seated in our General Assembly than I've seen in my whole 13 years here. My wife and I have been praying every year, every election cycle that God would send more and more Christians, and He has, and it's an honor to stand with them. She also said that we are facing one of the most critical decisions that I've seen since I've been in this General Assembly. Today we vote on the medical marijuana bill in the Senate. We are also in the process of trying to decide about how we handle the abortion issue that the US Supreme Court had given back to us. There are other issues that not only are going to affect us now in the here and now; but it's going to affect us for generations to come. My prayer and my decree over what is going on here, and I'm sure it's going on in other States too, is that God – that the fear of God would just drop on people and not even know what hit them. But that they begin to realize that God has blessed this State. We have so many blessings – they're just even hard to count. I understand that it's because of God's blessings that has come upon our State, what He's allowed to happen. We never need to take that for granted. We never need to just begin to think that what we see happening to our State is happening because of our efforts. It's not our efforts, it's God's efforts. So I appreciate you guys praying for North Carolina today, because I don't think I've been in a segment of any legislative session that there's so many critical, critical, critical decisions that are going to be made, and I just pray that, as you said Mary, that we will make the right decisions, godly decisions. You know there's our way, there's their way, and His way. The only way that we are going to be successful going forward is that we merge our way with His way; and that we listen to Him and gives us the wisdom that we need to do what has been done. This is not the same party it was when I first came in into the General Assembly. There are some folks that have come into our offices, and they don't believe like I believe, so I am just praying, Lord, I ask in the Name of Your Son, Jesus, who His mercy is great, and God that You're willingness to walk with us. Lord I know that the bible in Micah talked about "What do you have to do to please the Lord?" and one of the things that it

says is to walk humbly with Him, not walk humbly ahead of Him or behind Him – to walk humbly with Him. So Lord I just pray that you will allow a humility to come over the members for this General Assembly; Lord, as they make these decisions in the here and now, God that they would be able to see what decisions are going to do to this State in the future; God open our eyes - don't let the enemy pull the wool over our eyes; and smoke the mirrors and make us think that we should go this way; God the only way we are to go is to wait. So Lord as we come today Father, I thank you for these prayer warriors; I thank You Father that you are releasing into North Carolina along with other states Father the ability to stay on the wall, to be watchers on the wall, to guard and safeguard against the enemy - the enemy sneaking and flipping into our camp. Father we want to slay the giant and we want to cut his head off once and for all; so Lord I just thank you that have sent allies, that you have sent friends Lord who stand in agreement in prayer with us; Father there's prayer on the outside of the General Assembly coming in, there's prayer on the inside going out. Lord, when those two collide there the place is miracles. Lord we thank you for miracles that you've allowed in North Carolina. Lord, all we want to do is to stand before You, and hear those words, "Well done, good and faithful servant." We ask these things, not because we deserve it, but because God we love us so much, and we really, really, want to please You in Jesus' Name, Amen.

**Clay Nash:** Senator Sanderson, thank you for taking time out of all your responsibilities to be on this call. We so appreciate it and value it. And I just declare over you and the others that have a heart toward God as Book of James – it tells us that if we lack in wisdom and God will give it forth in generous manner. So I just declare over those pro-life godly valued leaders in North Carolina that you are pouring out wisdom in generous manner over each and every one of them. I thank You Father, as decisions are being made in the State of North Carolina, we declare that those who have built on the sand You're going to pull them out of that and bring them into sonship. I thank you for all that happening in North Carolina, and I speak blessings over North Carolina – let them continue to turn and rise, and to put on the armor that has been tested – the armor and mantle of the Spirit that cause them to be giant slayers along with all of the 50 States - cause this to happen in Y'Shua's Name. Mary, what is in your heart now to declare?

**Mary Medford:** Ok. What I want to do now, Clay if it's ok, is to share a couple of things or 2 or 3 items that actually happened since 2003 that shifted that would lead into my decree, would that be ok?

**Clay Nash:** Yes

**Mary Medford:** North Carolina, the Shifting State – I want to share a few things that shifted since 2003.

- A shift occurred on November 7, 2012, when the people of North Carolina elected Pat McCrory as Governor and conservatives for the NC General Assembly - - the first time the Republican conservatives have taken control of the government since the early 1800's.
- Another shift happened on April [26-27], 2013, a "Carolina Align with Israel Gathering" was held at [MorningStar @] Fort Mill, SC and representatives from all 100 counties in North Carolina and 38 counties in South Carolina declared their support of Israel through attendance and by signing a written declaration; and at the very end of the conference a heavy downpour started, and for the next 30 to 40 days it rained steadily every day. That summer was not humid for one short month, and both states came out of drought. The colorful blue and pink castle on the premise at MorningStar [leftover from the PTL days] that was there when we started this gathering, was totally down to the ground at the very end if that gathering, an indication that something happened.
- On July 18, 2022, our team went to Wilmington to deal with the defilement of the land caused by the Wilmington Insurrection Act of 1898, where a whole city that was run by the Blacks was overtaken by white supremacists who carried out a plan to displace the Black government leaders and in all 7 mountains of influence; murder Black Business leaders, and murder whole Black neighborhoods, shooting at even women and children. Prophetic decrees with authority were made after repentance on site at the Bladen County Courthouse, as the volatility of the weather came in as bold decrees were being made – i.e., a shift was occurring [meaning of a shift per Dutch Sheets who said [in 2003] that in a shift there is "volatility of weather systems" - so had thunder, lightning, and winds – then when the decrees were done, the rain, winds, lightning and thunder subsided – so we knew that as shift had occurred.
- Lastly another one that we did was in 2020, when our team dealt with the anti-Christ spirit called Baal Mithras – the Lord showed us that in scripture – so we went out and we broke the power of the altars that the Lord had shown to us [that apparently were erected to intimidate Blacks], and then built altars to the Lord. That was sometime in early 2020. That year in the November elections it was the first time we elected the First Black Lieutenant Governor of North Carolina named Mark Robinson.

In closing I want to decree now that as you've heard how we shifted [since 2003] - how we are going to continue to shift [going forward]. This is what the Lord had put on my heart. I decree the following:

- That a shift is coming to the Executive Branch [of government] in North Carolina, and that the power of the altars of the evil one that have had these

seats bound will be broken; along with every illegitimate structure that was built against the knowledge of God;

- That a shift is also coming to the Media Mountain – and that woke ideology and liberalism will come to a halt, along with false narratives and its lies so that the Kingdom of God will invade the culture of every media form in North Carolina and transform it according to God’s original design;
- That a shift is coming to the Medical Mountain in North Carolina, and that the altar of Mammon, Pharmakeia, Molech and witchcraft will be tangibly broken; and that a new medical system will emerge birthed by the Saints of the Kingdom of God which will operate with a healing anointing to demonstrate and share the Gospel of the Kingdom.

I decree all these things in Jesus’ Name.

**Clay Nash:** All right, thank you Mary for that. Jacquie there in Georgia, what’s on your heart?

**Jacquie Tyre:** Well Clay, it is an honor to be on again, and to pray for North Carolina. As we begin this call, we remember hearing a story from a friend of mine who had an ancestor who was as part of a meeting, and, I believe, it was a pub somewhere. I know it was in North Carolina, that was a precursor to the Declaration of independence, and the Lord just flooded my spirit with that testimony that had been shared with me probably eight, nine, ten years ago. And out of that I heard the Lord say, “I am returning you to the roots of formation that were I laid within you, even from the days before the Declaration of Independence. The root that was set in place has been plowed and watered by my faithful remnant and are ready to spring forth in a fresh life, to bear fruit for the restoration and even the re-formation to what I have intended from the beginning. I am activating the native root system that had a measure of revelation of my Kingdom, and from the ancient Kingdom root, I shall break through the evil root and religious root that have intertwined to block my movement. A day of breakthrough is breaking up the fallow ground to unlock a mighty harvest and the resetting of the course for the future. So Father, today we come in alignment with the word out of heaven, we decree over North Carolina a resetting of the course, the resetting of the alignment that comes from heaven to earth, and earth into heaven, a resetting of those things that will cause unlocking of a harvest and a moving forth into the Kingdom purposes that you ordained from the very beginning. And we decree a restoration of those things that have been broke, bound, cast by the restoration of things that twisted and gnarled; the restoration of the principles of the Kingdom of God and righteousness, justice, fruit of peace, love and joy. We decree a restoration of things that will bring peace into the land; justice into the operation of the State, and a clear path of righteousness that will be established in and out of North Carolina; and we decree that reformation is coming into the systems and structures of the State so that the display of

Your Kingdom is made with such clarity that people will see it even as the mountain of the Lord to run to it and find the revelation that you have for this hour and time. Father we say let the root systems that are contrary to You, contrary to Your purposes be broken through in the Mighty Name of Jesus; and those root systems God that had been cut down, but that You have life within, let the very scent of water come and cause a springing forth speedily with strength to bear much fruit, fruit that remains to the praise and glory of You, our God and our King. We bless North Carolina to become and to walk in the fullness of everything that was intended from the beginning of time when God wrote the book of North Carolina. From the beginning, let it be manifest now in the Mighty Name of Jesus, Amen.

**Clay Nash:** Amen Jacquie. Thank you for those strong declarations and decrees. Ken Malone in Florida, what's on your heart?

Ken Malone: Good afternoon, I'm honored to be on to pray for North Carolina. I believe the hand of the Lord is sitting and heavy upon that State, and it's going to be a State that sees the Great Harvest of souls. God has really put my heart to begin praying for universities, colleges, all over our Nation; and I want to pray that today for North Carolina – the many different universities - you have Wake Forest, you have University of North Carolina, North Carolina State University, and the list goes on and on; there's so many of them. These are mind-molders, these are places that are molding the minds of the young people today; and I really feel that the Lord wants to reset that (Jacquie used that word) reset these universities where they are molding minds for the Lord Jesus Christ. So Father I pray today that every university, every college in North Carolina, and Lord I decree that Your Kingdom has come to each one of these schools, and Your will is being done there among every university, every college in North Carolina. Father, I say Lord reset now each one of the universities and colleges; Lord reset the students, reset the faculty, reset the administration Lord in each of these places. In the Name of Y'shua. Lord I pray for a harvest of souls out of each one, God I pray for every prodigal to come home to the Father, and begin taking your stand against liberalism, false ideology in the Name of Jesus Christ; and Father I thank You today God that a sweeping move of Holy Spirit will blow through every college and every university there. Lord I just thank You for doing it, I give You the praise and the honor, the glory, God that You would begin molding the minds of the students and God that You would shift them Lord from that false ideology into a biblical mindset; and Lord I thank You for doing that. We say come Lord Jesus – the Spirit and the Bride say come to North Carolina, come to every school in that State. Father thank You Lord for doing that today in Y'Shua's Name, Amen.

**Clay Nash:** Amen, Ken. Thank you for that. You know as you were speaking, I heard the Lord speak to me for North Carolina. And He said, "North Carolina, I'm about to send a straight wind to North Carolina and the name of the wind will be Kingdom Order... Kingdom Order." And the Lord said "As the straight wind blows throughout the total state of North Carolina, then I'm going to bring North Carolina to a place that they

will release a TKO to the Nation, a Total Knockout. So, in this recommissioning, in this reordering of the State, there is a great breakthrough coming to the Nation.” That’s what I heard the Lord say. Anne Tate, what’s on your heart?

**Anne Tate:** I’m hearing the Lord say that this is the season when once again, North Carolina is going to stand up as a standard bearer and as they stand up and they shift, they will be a model for the shift in the nation. Their legislators will stand and decree what the Lord is requiring of them. They will not be silent. They will stand and decree that the Lord has them, and they will set a new model in place, and they will begin the part of the shift of the United States of America as they stand and deliver where they are. They stand and back off the darkness and decree they are not going that way and cut off the escape of the unrighteous. And Lord we say, once again North Carolina will be at the forefront of running forward, and doing what is right, and bringing forth righteousness, and allowing new things to come up and forbidding old things to take over. And Lord we say this is a new day for North Carolina, and they will shift the shifters, in the Name of Jesus, Amen.

**Clay Nash:** All right, thank you Anne for that, we come into agreement with it. It’s strong, and these declarations and decrees are becoming stronger with each person. David, there in Mississippi, what’s in your heart?

**David:** [no response]

**Clay Nash:** David are you there?

**David:** Okay, can you hear me? Ok. Just a phrase on my heart that I’m going to declare, and I think it’s related back to some things – [I] declare The Biltmore \_\_\_\_\_ - it’s the largest house in America . . .

**Clay Nash:** David you’re going in and out on us, we’re not hearing you. Well, we’re not hearing David, I’m calling on you now, Regina.

**Regina Shank:** So good to be on with everyone. The Lord gave me 7 declarations to make over North Carolina, and then I have a scripture, and I am just going to decree them right now. I decree right now over North Carolina: Hospitality will replace hostility. Amity (peaceful harmony) will replace Antagonism. Freedom in Christ will replace the false apostolic of Free Masonry. Apostolic leaders will arise to sit in seats of authority vacated by the old guard. Gatekeepers will stand at their post forbidding or permitting entrance into the government of North Carolina. Perverted ideologies’ helmet will be replaced by the helmet of salvation. Unity will replace uniformity. I heard Psalm 133 will become a reality in North Carolina.” Then I heard Ephesians 2: 14-15: “For He Himself is our peace and our bond of unity. He who made both groups (the division is leaving) - into one body and broke down the barrier, the dividing wall [of spiritual antagonism between us], by abolishing in His [own crucified] flesh the hostility caused

by the Law with its commandments contained in ordinances [which He satisfied]; so that in He Himself might make the two into one new man, thereby establishing peace." So Lord I decree these things over the State of North Carolina. Father I thank you that a shift is coming - I heard someone prophesy the wind (I think that was you Clay) – and I heard the Lord say that there is a shift in the direction of the wind, and these things that I decree to you will replace the old things, and especially the old guard that thinks they rule the State of North Carolina. They're going to vacate their seat and new apostolic leaders will sit in those seats of authority. So we thank you for North Carolina, thank you Father for her purpose that will no longer be delayed, it's never been denied, but it will no longer be delayed, and it will come forth even now in the Name of Jesus, Amen.

**Clay Nash:** All right, thank you Regina. Pat, what's in your heart?

**Pat McManus:** Thank you sir for the opportunity just to come into agreement with all that's been declared already. I have this short box here that as I was preparing for today, "A shaking is coming for an awakening to be repositioned into a new way. The old mantels are being removed, and a new order of my glory is being revealed. A realigning is coming in many ways that will ignite and set a fire within the region. Father we thank You that You are igniting the atmosphere for greater awareness of an awakening moment in that land. That Father that there is a true sound of awakening reverberating as Ken said in the colleges and universities to grade schools and the schools. . . Father that there is an awakening establishing a very foundational dimension of your glory, power and purpose. We thank you Father that there's the reordering that's truly causing a new wave of glory to come as the old mantels of structures, concepts and strategies of man is being removed. So we thank You Father that You are igniting anew and afresh within the territory within the region to see the glory, the power and the purpose of Your hand to prevail upon that land. So we say Father let the awakening come, let the repositioning come, let the old mantles fall, let the old systems and structures even of religion and tradition and doctrines of man to crumble and fall. Lord we thank you that there's a new wave of glory that's accelerating upon the land that will cause the fire to burn and ignite the heart to see the Kingdom of God manifest in powerful ways. So we thank you Father for the reordering, the repositioning, realigning, and Father even as it's been said in the past, reconstituting that State into a true expression of Kingdom authority, we thank you Father for it and we give you praise in Jesus' Name, amen and amen.

**Clay Nash:** All right Pat, we stand in agreement with that. Tom, there in Texas, good to have you on, what's in your heart?

**Tom Schlueter:** Amen. It's good to be with you all. I've been getting a lot of confirmation in my spirit with the words about shifting and the wind and everything else; and as you were praying Clay earlier, I don't know if the Lord was giving you a direction of the wind, but I saw it coming in from the East, and I was actually looking at

a map of the States, and as I was looking at North Carolina, I saw basically the hand of God or the breath of God blowing North Carolina into position in the States, and He said, "North Carolina, you need to understand. You are the key for the future season of our nation. You are going to be used as a key. You actually even kind of look like a key. But the Lord was pushing you in, and I noticed that the furthest tip of it was going into the heart of the nation, like Tennessee and all in that area. And the Lord is saying, "I'm going to blow on you. I'm going to release you. Get ready, because the alignment that I have placed in you for this season is the alignment that I need to release into all of the nation. So, get ready, I'm pushing North Carolina, the key, into position."

**Clay Nash:** All right, we come into agreement with that. David, I don't know if you're on, I knew you were having some trouble, do you want to try to release what you got? I think he got off the call again. Looks like it here. All right, we'll find out what David had in his heart for North Carolina, and we will post it with the transcription. Make sure that it's up for that. I am going to ask an intercessor from North Carolina, friend of Mary Medford's, a Donna Gerlach. Donna would you come on and just take and close us out in prayer today? Thank you for being willing to do this, and just release your heart through your prayer.

**Donna Gerlach:** Thank you Clay. My prayer is very short and very simple. North Carolina, Father, does have a past, we have a past of piracy, thievery, white supremacy, inequity with the Blacks and the tribes, but I am very thankful Father, that You never gave up on us. We have in the present the ungodly leaders who are not leading us in the direction of Your path dear Father; we have colleges that do not teach the truth of Your word; but I am thankful God that there are chosen leaders in our government that are trained for North Carolina and the change of leadership soon to come. We have set our future now. We are currently sending out dear Father undercover stealth terrorists to weed out, dig out, plow out those altars of Baal, the altars of the small gods, the witchcraft, the satanic worship – anything that is not of You, dear God, and we are currently replacing that with a Beacon of Light that once that light of Your love comes through after we have destroyed the old altars, will only shine through, and the people in those areas will know that there was a change by the wind, by the light, knowing that they will come forth and learn to break the spirit of religion, and to actually get to know You; and Father, have a relationship with You, that they can go forth and teach others. Dear God, I just thank You for all that You are bringing us – my prayer is simple, that we bring people to God, that people know the true meaning of trusting God, and that we obey the word that we hear, when He speaks to us. Thank You dear Lord for everybody on this call and for the blessings You have given us, Amen.

**Clay Nash:** All right Donna, thank you for that. We appreciate everyone that's on. We thank our hosts for being on, the hosts that we called in from North Carolina today, but our regular hosts that are in day in and day out with us. Thank you for your faithfulness, continue to hold up in prayer. Tomorrow we will be on Michigan at 2:22

eastern time, and then we will finish up on Friday with a great, great week with New Jersey. And so, every call is recorded, and every all is posted on my website, ClayNash.org and also, we are transcribing every one of these so that not only will you be able to listen to it, but you will be able to get a transcription. Paul said, that “according to the prophetic words, declarations and decrees that have come forth over your life, war a good warfare [word in Greek, *strategeia*, where we get our current day word *strategy*].” God is giving the 50 States a furthering and refreshing of strategy through these calls, and its happening because of all the hosts – but not just the hosts, – we literally have hundreds on this call today that are adding their power of agreement making their declarations and decrees – and strengthening this call and not only this, there will be 1000’s listening to the recording once it is posted. It’s a great time, a very significant time, and things are being accomplished. I bless all of you, and I look forward to being back on this call tomorrow at 2:22.
