

Prayer Call March 21, 2023 - IOWA

CLAY NASH: Well good evening. It is 9 pm eastern time and we are on our prayer call this Tuesday night. We are going to be praying for Iowa and I want to tell you the calls are getting stronger. The rest of the week the calls will be at 2:22. Tuesday night is the only time we do it at 9 pm eastern time. Tomorrow we will be praying for Nebraska tomorrow at 2:22: Kansas on Thursday; and Missouri on Friday. So, we appreciate all of you being on. We have some good hosts, good guests that are going to be on tonight and we are going to press into this call. The Lord is doing some great things. We are tapping into it by His grace. It is exciting. Let me share with you the call will be recorded tonight and posted by tomorrow on my website claynash.org. And also, this call for Iowa will be transcribed and posted there as well so the intercessors can get the file and war with the declarations and decrees and prophecies that come forth tonight. Remember, coming up April 20-22 in Conway, Arkansas we are hosting the Josiah Company Convocation. It will be April 20-22. It's a gathering those who choose to come but we are reaching out to those who have been on Prayer Call. One of the things we are going to do is connect the people of the states while there. We want to make sure you can connect with others you don't know. We are going to be getting some emails, making those available. We will not be streaming it, but we will have available a video copy for purchase after the conference. You'll need to register if you are going to come to Arkansas for this. Dutch is going to be there, Ken Malone, Jim Hodges, Jacquie Tyre, Tom Schlueter, a lot of the hosts who have been on this call are going to be with us and join there. We will pray over all 50 states during that time. So anyway, I wanted to give you that information. I will mention it again. We are going to begin tonight's call with Regina Shank there in Missouri. Regina's got a prophetic word, so, Regina I'm going to release it to you.

REGINA SHANK: Alright. Thank you so much, Clay. I began to see a trumpet blowing over Iowa and an awakening an awakening across the state. I know that that is happening now, but God says more. God began to say I'm blowing from north toward the south. I began to see that Iowa is rising to attention. They are beginning to see and hear greater than they have before. And I began to see IOWA as some words, and they represented some things. I represents Isaac not Ishmael and I heard the Lord say that covenant relationships in Iowa are going to continue to come together and there will not be factions, will not be denominations fighting denominations but the body of Christ to come together in a covenant relationship for the purposes of God. It will not be Ishmael, the illegitimate of the religious ritual in Iowa anymore. The Lord is moving in that area. The O for Iowa is obedience to the prophetic words. He said obeying is better than sacrifice. The people of Iowa are givers. They lay down their lives for each other. But there is a prophetic word that has been released that needs to be released to be released and obeyed. Then the W is for wake up. Wake up Oh sleeper. I heard two scriptures on that one. So, it is said wake up oh sleeper. Rise from the dead and Christ shall shine on you. There is an awakening in the religious crowd. The Lord is waking

them up on another level. There is a shaking to bring the awakening. The last one is the A the altar. I just heard this scripture out of Leviticus for Iowa, and I heard the Lord say tend the altar, the altar of prayer. I know we have intercessors here from Iowa. I'm not saying this to you because I know you are doing that but there are those who have not tended their own personal altar. The scripture in Leviticus 6 starting with verse 12 It says "The fire on the altar must be kept burning. It must not go out." So there is a wind that is going to blow on that fire to cause it to go higher. Every morning the priests – and we are holy priests - are to add firewood and arrange the burnt offering on the fire and burn the fat of the fellowship offerings on it. So, there is a fellowship with God that needs to come forth on another level. And then it says the fire must be kept burning on the altar continuously. It must not go out. And I heard the Lord say that He is causing his people to rise up, to come together to allow His fire to grow in them personally and then it will grow corporately in the state of Iowa. So, Lord we decree over Iowa that Isaac, the covenant relationship, is going to birth some things in that state, That obedience to previous prophetic words is going to come forth and that waking up is going to happen. The altar will be tended personally and corporately even more than it has before in the state of Iowa. Wake up Iowa.

CLAY NASH: Alright, Regina. We come in agreement with those declarations decree. Father we just declare release those words not only into the soil of Iowa but into the hearts of Your Ekklesia there. Stir it up, Father, and cause the state to step on out in its role in the leadership of the nations. So Father we thank you for that in Yeshua's name. All right we have several to bring up. Luana Stoltenberg, you are a newly elected Representative there. I am going to call on you next. Release somethings that are in your heart.

LUANA STOLTENBERG: Thank you, Clay. I just wanted first of all to tell you of some of the legislation we have passed in the House and are hoping to pass in the Senate. First of all, we passed school choice that has passed in the Senate as well, but we just this past week passed age-appropriate books in the schools and the libraries; No gender identification curriculum in grades K through 6 and then parents have to approve that. We also passed no hormonal therapies or mutilation surgeries will be done on minors, even if the parents consent; and we also just passed a bathroom and locker room bill that says you have to be of the same biological sex that you are going to use that bathroom. And lastly we passed a government realignment bill and it took it down from 37 departments down to 16. So the governor wanted to realign, but it hadn't been done for a very long time to save money. I felt that He is saying it is very prophetic for our state that we are realigning our state. As she is trying to realign the state and the economic part. Also, Iowa means sleepy ones or drowsy ones, so this aligns really well with Regina's word. The Lord said I am awakening you, Iowa. I am aligning you with my word and my righteousness. I saw the letters I. The letter I arose out of the high hill and as it arose it turned into a tall flagpole. I saw blinders come off the state of Iowa. It was ripped off and then it went onto the flagpole. And the flag started flying and on the flag were two wide open eyes. It came off the blinders of the people. The eyes were wide

open on that flag. The Lord was saying I'm watching over your state and this state is to watch over the nation. The Lord said oh Iowa, your name now stands for I O W A which now means I = eyes; O= opened W=wide; A= awakened and aware. For you are first in the nation to lead in righteousness and truth and bring my word and my government into the nation. For you are the heart in the heartland of the nation and your heartbeat will pass and beat throughout the nation bring life back to her. I saw the massive flagpole and the flag started blowing in the brisk wind of the Spirit and as it blew it was as if it banged against state capitols and state courthouses. And it was awakening the eyes of legislator and judges. And as the flag would hit the building so hard as the judges and legislators so hard that their hearts began to beat in the exact rhythm of the Lord. So their decisions coming from the courts and the legislation and the capitols started aligned with God's word and His heart. I just wanted to declare into that. I declare Jeremiah 1. Lord, you know you know each one of us before you formed us in our mother's wombs. Before we were born you set us apart and appointed us as prophets to the nation. So I declare that we go where you send us and that we say what you tell us and today we are appointed as prophets to the nations. We stand up against those nations and kingdoms. We uproot and tear down every high thing that is trying to kill, steal or destroy in our state and in our nation. We declare that you are watching us, Lord. You will certainly carry out all of your plans. And we decree that you will teach all of your children and they will enjoy great shalom peace. We declare that each one of us will be secure under our government that is just and fair. And we will live in a place where our enemies will stay far from us and terror will not come near us. And I declare this in the mighty name of Jesus. Amen

CLAY NASH: Alright. Thank you for that and we appreciate your taking time out of your busy schedule to come on with this call tonight. Tom, there in Texas you've got something in your heart. Release it now and then I'm going to call on Jacquie Tyre from Georgia after that.

TOM SCHLUETER: Amen. I am so thrilled at the words that were just spoken. Iowa is precious to my heart. It's my birthplace state. I was born in Sioux City and ended up living about a total of 10 years there, up through 4th grade and then went back there for seminary in Debuque. Iowa has a very precious place in my heart. I was just asking the Lord. I have been praying about Iowa all day and the Lord kept on saying to me good soil, good soil, good soil. And so, I decree today that the Lord created Iowa to have good soil. It is a foundational soil, a soil that goes deep and is rich and is covered with His grace. It is a soil that is attached to His foundation which is righteousness and justice. It's a soil that will cause a great harvest to come forth, the harvest not only in the natural but in the spiritual. I'm raising up a new generation for the Ekklesia that is going to far surpass what has been done in the past. And even though there have been many governmental, media and other structures of earth that have caused much pollution on the land, I the Lord already established a renewing of the soil underneath and I will bring forth a harvest of righteousness and justice. I will bring forth that which has been spoken by the first two people. The Lord just kept on saying confirm this, confirm this,

confirm this. Everything that has been spoken is already working its way out. Finally, I just saw especially with the Ekklesia that there is going to be a strength released in the state, especially at the apostolic and prophetic level they have never seen before. They always had powerful leaders; they do have powerful leaders, but the Lord is exponentially anointing a new group of leaders in the state, coming out of the roots, the deep roots that the Lord said is there that is going to take Iowa into a place of leadership in the nation. You will no longer be seen as a small state just in the middle. You will be a state that declares the direction of the nation. So come forth, Iowa, come forth out of those good roots and the good soil that the Lord has given you and bring forth the harvest that He has destined for you. In Jesus name.

CLAY NASH: Alright, Tom. Thank you for that for the great word for the state of Iowa. Jacquie, what do you have?

JACQUIE TYRE: Alright, Clay. Great start to the call. And what I heard the Lord say was Iowa, watch and see what I shall do in the days ahead for I am stirring up a fire across the state that will blaze with a fiery heat to purify the land and it will also attract the moths. But know that the heat of My fire burning across Iowa shall burn up the moths and in the aftermath of this fiery burning, you shall see a great and marvelous blooming that shall burst forth across the state as a display of My grace and beauty. The attractiveness of My life across Iowa shall attract the attention of many and the fragrance shall woo many into the Kingdom. And know this that as I burn across Iowa, I shall bring forth a holy representation out of Iowa that will be a voice of reckoning and awakening into the nation. Out of Iowa I am setting a standard and loosing a call to rally others to align with My Word, My Will and My Ways. Watch, listen, and see what I shall do saith the Lord!

Father, we come into alignment with this word and say let the fires of Your glory, the purifying fires, the refining fires, even the fires that will attract the moths. Those things that flit about, that do not produce life. They will be burned up. That which is a distraction, which is an irritation, that which is even something that goes to eat up that which is good will be burned away in the fire of your presence. And that you, Father are burning, cleansing, purifying the land in order for there to be an increased demonstration of your grace and glory, the blooming of your presence, the fragrance of your anointing across the state. And Lord, even as others have decreed tonight, we decree tonight that there is a voice coming out of Iowa that will set a standard that will lead the way, that will cause a rallying of others to come into an alignment with your purposes, not only over Iowa, but out of Iowa into the nation. Even as was testified tonight of the new things they are doing, the new legislation, let it be a standard that is set into this nation with great ripple effect that causes a turning toward you and an acceleration of your kingdom throughout the United States. And we thank you for it, Father in the mighty name of Jesus. Amen.

CLAY NASH: Alright, Jacquie. Thank you for that strong word. Ann Tate, I am going to call upon you next. I know we have a Representative and I think also a Senator, another

Representative and a Senator on and you are aware of who is on so I am going to release it to you to introduce who needs to So we can move forward in the call.

ANNE TATE: Ok, Clay. I want to introduce Representative Brad Sherman next who is a representative in the House in Iowa. So, Brad, are you on with us?

BRAD SHERMAN: Yes, I'm here.

ANNE TATE: Ok, Brad why don't you go ahead and release what is on your heart and what you are hearing God say tonight for Iowa.

BRAD SHERMAN: Ok I thought that word that came earlier about the trumpet was very significant because about I don't know 6-9 months ago as I was reading Numbers 10 it said make trumpets for yourselves and use them for calling the congregation, directing the movement of the camps. And it talked about blowing the trumpets. I felt impressed to buy one of those long straight trumpets. I found one online and bought it. Just in the last week or so, three or four weeks, we have been blowing that trumpet on Sunday mornings. I am a pastor. Have been a pastor for over 40 years here in Iowa and just recently elected to the House of Representatives. So, we are still leading a church there in Iowa City. We have been blowing the trumpet to start our meetings. You know at first something like that it's sort of a novelty and everyone thinks it's cool, but it's gotten past that now. We are so aware that we are directing the angelic hosts. We are calling the armies of God together and I just felt like the trumpet sound you mentioned in that word was connected to that. I just want to declare that tonight that God is calling His army together. And I wanted to share a dream. It just came to me while I was sitting here. I hadn't thought about this dream in years. It was a long time ago I had this dream. I was on a big piece of heavy equipment, a big high lift loader machine, one of those that had the really really big rubber tires. We were going across this field. The field was rough, but it was so big that it didn't even hardly make bumps across the gullies in the field. I was up in the cab. It was an enclosed cab. There was somebody with me. I don't remember who it was, but we felt very safe up there. We looked down on the ground and there was a tiger on the ground. We just felt that the tiger has no way of reaching us. We felt very safe. But then suddenly the tiger grabbed the tire of that machine, and it started bogging down, and as it bogged down, we suddenly realized we were in danger. So, we jumped out of the machine and ran down this little way and climbed up into this structure. It looked like a building that had been under construction and it was just the framework, but it was old wood, really old, old. It had never been completed and we climbed up into these rafters and thought we would get free from the tiger. Then we looked down and suddenly that machine was an antelope and the tiger had it in its jaws and it was climbing up into the structure with us. We just felt like my goodness, we are not safe here at all. And then there was a prophetic guy and I remember I had these nuts and bolts in my hands and I was trying to figure out what to do with them. Suddenly this prophetic person said this is not working. We realized the nuts and bolts that we had been using in this old structure we were in they weren't going to cut it. So, we jumped into a new structure that was made out of steel. And we climbed up in there and

sat down and it was safe. On the other side of that wall I saw down on the ground it was the earth and the earth would swell up into a bump on the earth. It would keep rising and morph into a human being. They would march off into a battle. You could hear swords clanking and fighting and these people were coming up out of the earth, new warriors coming up out of the earth. They were going to join a battle that was already taking place. And so, I just felt like the Lord had showed me that this tiger was an antichrist spirit. The lion represents Jesus, but other big cats represent the antichrist, The old structure was the old way of doing things. Nuts and bolts – the mechanics of trying to do church. And that goes along with the word that religious activity is going to cease and there's a new structure God is building. There is just going to be a whole new army being birthed out of the land. And I felt like Iowa being fertile soil as somebody already mentioned. All these things sorta came rushing back in my mind. As I share this dream I just believe that it fits with what is being said tonight. You know I just appreciate everyone praying for Iowa and the things I have already heard. I'm just believing for a manifestation. I'll pray now and I'll stop. Father, I just pray for a manifestation of your kingdom, Lord, I pray that righteousness, peace and joy will fill me and others in the House, Louana and others, Lord, that we would be able to represent You in a way that brings your presence, Lord. Extend your hand to heal. Grant us boldness and extend your hand to heal by performing signs and miracles. Lord, I just pray that revival will break out in the House and that you give us wisdom and favor, Father. In Jesus' name. And actually there is one more thing that I want to mention. This morning when I woke up I had this word running through my mind. It was NAMBA. It's an acronym for –it's so evil that I don't even like to say it. But it stands for the National Man Boy Association. It's a pedophile ring, and I thought, Lord why is that in my mind? I just felt that the Lord was showing me this morning that there is an exposure coming. So if you would agree with me also for that. Lord, I pray for an exposure of all the evil across the land. Lord, we have been praying for this forever that this exposure would come that You would reveal the evil in the land. Lord, that You would bring a cleansing to the land. I speak that over this land. I speak it over Iowa. Lord, I declare that we will see great exposures happen in the near future, Lord to expose the evil. I thank you for the bills that have been brought forward that have been against this kind of movement. Lord I ask you to restore the – I just speak a restoration to the concept of marriage. That it would come back as a foundation of Christ in the church and it would represent that once again in this state. Lord I pray for forgiveness for this state where we have allowed Lord a normalization of homosexual marriage and even called it marriage. Lord, this has become a foundation. I pray You will restore that foundation in truth. That marriage will once again be seen as a model of Christ and the church in this state. Father, I pray these things in the powerful name of Jesus.

ANNE TATE: Thank you so much. We appreciate what you prayed and we do agree with you. So now I want to call on Representative Luana Stoltenberg. Luanna are you on?

LOUANA STOLTENBERG: I am on, but I went already. I was the second person that spoke.

ANNE TATE: Sorry. I thought that was Sandy Salmon. So, Senator Sandy Salmon will be next. Sandy are you on?

SANDY SALMON: Yes, I'm here. Can you hear me?

ANNE TATE: OK good. Yes, we can hear you fine. Please share with us what's on your heart and how you want to move forward in Iowa and pray if it is on your heart to pray.

SANDY SALMON: OK. Well thank you very much for this opportunity to be with you and share. I appreciate all the words that were shared already. They really ministered to me and are really some confirmations to me. That's just a great encouragement. I appreciate everything. What I'm reminded of back when I was considering whether or not to run which is back in about 2008, 2009 in that time frame. I heard a word from Cindy Jacobs. She was praying over Iowa. She said that the population of the state of Iowa would double. Now you've got to understand that the population of Iowa has been around 3 million people for decades. And she gave that word that the state population would double and that word has always stuck with me I've always pondered it and kept it in my heart and in prayer and it hasn't been until things have developed in the past couple of years and with legislation in the state that I could possibly see how that could happen because where we came from was a state that had money going to Planned Parenthood and had full abortion allowed up until the moment of birth. Since then, we have defunded Planned Parenthood, put restrictions on abortion with more to come. We are trying to get it untangled out of the courts. So, what I'm trying to say in the last 10-12 years that I've been in the legislature I've seen Iowa take its faith out from death and put it into life. We've still got a ways to go but our faith in the state is moving from death into life and when you move your faith and put it into life that's putting it in the same place God is putting it into and that is a seed for growth. I'm hearing God say that that will precipitate growth. I'm just looking forward to seeing the outworking of that word that Cindy Jacobs gave many years ago. I think as we continue to make legislation that protects families and protects children that as we are seeing now across the nation, we see people moving out of states that don't protect families, don't protect kids, and don't protect life. They are moving into states that do protect families do protect kids and do protect life. And so that is the direction we are headed in Iowa. When we pass laws we are putting our faith in the things that God wants us to put our faith into. I trust that He will bring forth the fruit from that. Just a little bit on a more personal note, I've seen the Lord say holiness in our individual lives is going to be absolutely foundational to any kind of progress we can make in the capitol. The more people who are walking in that, the more that God can use us or just overturn seats of power that are there because it's His word going forth, and lately we have had more Representatives and Senators praying out of the word of God when we offer the prayer in the morning. So, the word of God is going more and more forth over the Senators and Representatives as we begin the day. So, I'm just really encouraged and would speak that over our state that fruit

would come from where we put our faith. We just are trusting the Lord to Keep His promise and His word to bring forth that fruit. The scripture that came to me earlier in the day was Let God arise and let His enemies be scattered. That would be my declaration that God has arisen and His enemies are being scattered.

ANNE TATE: Well Senator Salmon I would have to agree with you. I work for Chuck Pierce, and we have come to Iowa many times with Kathy, with Katherine Watsie and all of things that all of the leaders, all of the men and women of prayer have brought to pass over the last 20 years in Iowa is encouraging all of us too because they've worked with altars They've done so any amazing feats together in Iowa as they come together to work in Iowa. And I want to say my hat's off to all of you and I congratulate you all. It is encouraging and strengthening for all of us that are on the call to see such a strong, righteous root springing forth and reproducing in the governmental sector who are bold to speak, who know the Spirit of God, who hear the Lord and operate in it. And I am thrilled with things that are going on in Iowa. We have two other prayer leaders here, Karen Bloombrin from RCN. Are you on the call?

KAREN BLOOMBRIN: Yes, I'm on the call.

ANNE TATE: OK. Karen we'd like you to pray and speak what the Lord has given you.

KAREN BLOOMBRIN: Alright This kinda goes along with what Sandy was saying. It's from Psalm 1. I'm Just going to declare it out. God's blessings are going to follow Iowa and await us at every turn. And when we don't follow the advice of those who delight in wicked schemes and avoid wicked highways and when judgement and sarcasm beacon us but we refuse this is when the eternal word over us will bring happiness. It is our focus from dusk to dawn and that is what you were saying, Sandy, about just being in the word and hearing what the Lord is saying individually and decreeing over the different people who are trying to bring Iowa forward that the eternal word is our happiness and our focus from dusk to dawn. That we are like trees planted by flowing pools streams, of water that never run dry. That our fruit ripens in its time and our leaves never fade or curl in the summer sun. No matter what we do it will prosper. At the end of Psalm 1 I'm declaring that the journey of the righteous has been charted by the Eternal. I wanted to read these back and I also wanted to say when you are referring to words from Cindy, one of the ones we've been watching over and now especially what's been happening with the banks and the financial situation even in the world. She had declared that there would be an Issachar bank coming forth from Iowa. So, Lord however that goes and whatever the regulations are to bring a new type of bank forward and however that involves the government. We just align ourselves with those prophetic words. We call forth that Issachar Bank and a way to handle money and this place of Goshen that you have for God's people. And then the third thing I wanted to mention here. This is still the month of Adar and we do listen to Glory of Zion. In the month of Adar this is when Moses was both born and he died, but it came with a promise and an advancement. So we say in Iowa we are pulling forth on the promise the blood of Jesus that speaks of this covenant that has better ways. We are pulling on

that covenant promise and we decree that we advance even in this month of Adar even though it's almost up. We declare that sickness, poverty, or religion won't knock us out. That you are keeping us strengthened that as we are crossing over into our promise you are, I think He said superseding our senses and we are having visits with the angelic to help us. So, we declare all heaven and earth are helping us move forward as a state and that Lord you are releasing your angels to help at every turn. And Lord I would ask too that as a prophetic state you would cause us to have revelation ahead of time. You said you don't do anything without releasing to your servants the prophets and there are things we need to know to stay steps ahead of the enemy. So, we are calling forth those prophetic revelations that we need in the time that we will be able to accomplish their purposes in Iowa. In Jesus name.

ANNE TATE: Great job, Karen. And let me say what came to me as you were speaking that. The Lord said you've been given a new temple in Iowa. That He's built a new temple. He's in the process of constructing a new place of habitation for His Spirit in Iowa. And He said notice the prayers of Solomon when he built the temple. Press into that and it will contain much revelation and much boundaries speaking and calling forth what the Lord has for you in Iowa. And now I want to ask Darlene Martenson who is the government prayer leader there in Iowa. Darlene, are you on?

DARLENE MARTENSON: I am on thank you.

ANNE TATE: OK. Good.

DARLENE MARLENSON: I do want to just bring up I've seen a lot of change since I first got involved and interested in the government here in Iowa, in particular in all three branches of government. It's been really exciting to see how God has moved, especially in the realm of moving people out that were not following and working toward the ways of the Lord. For example, one thing our Supreme Court judges, everyone has changed. They were all very – all of them had voted for same sex marriages for example and every one of those have changed and appear to be very, I'm going to say conservative, standing firm. So that's been interesting. I've seen a lot of changes in the House, the Senate, the Representatives. I feel like this year in particular has been so exciting because there's a lot of new freshmen. The new freshmen are really taking a stand. They are very very active in the things that, particularly like the life bill, opposing abortion of course. Marriage. We are just seeing lots of concerned legislators. Also, I'm hearing more and more people say that there is a lot of prayer. I think Senator Salmon said that as well right there at the State House. I just want to thank the Lord for all He has done and the multiplication that has already happened, but Lord we thank you that You are waking up Iowa, that You are waking up even the citizens to take and interest into their portion of Iowa's government. And I thank you God that even though the enemy is out to rob, kill, and destroy that we are a people who stand on faith in You and the fullness of what you have for the state of Iowa. We will fulfill the very destiny you have called us to be as a whole in all areas. But I decree that Iowa will, the government in particular, take its stand to do that as the legislators, as judges, and the executive

branch to take their place to fulfill what God has purposed for this now time in our state government. In the name of Jesus.

ANNE TATE: Thank you. I see and I hear such a testimony in Iowa and I thank God that you have become a standard bearer in the nation. So Lord I bless them and thank you for them and let them prosper in every direction in this new season. Clay, I'm going to turn it back over to you.

CLAY NASH: OK and I want to thank everybody that has been on so far. We value your coming into this call. We are going through all 50 states from February the 20th to April 28th and you have made this call for Iowa very rich. Ken Malone there in Florida, what's in your heart?

KEN MALONE: Good evening, Clay. It's so good to be on here. I am very encouraged about what the Lord is saying and doing there in Iowa. It's just a breath of fresh air, not only for Iowa but for the rest of the nation as well. Tonight, before the call I was meditating with the Lord about Iowa and He said that Iowa is a Gideon. That it is a Gideon that is going to cause the nation to begin to move forward. That Iowa is partnering with the angels of the Lord and tearing down the structures of Baal. I also heard the Lord say that Iowa is to capture the cities of that state. These are watering places that have been called to be cities of revival. And the Lord is going to show Iowa those places and the cities of revival in that region, in that state and in that region. The fourth thing the Lord showed me has already been spoken twice. I heard Him say, "Blow the trumpet." Jacquie spoke of this, and Brad spoke of this. I really want to encourage the Ekklesia of Iowa to celebrate the Feast of Trumpets this year which is in September I think around the 15th. I believe God is going to use this state to catapult the entire nation into revival in Jesus' name. And Father I pray for this state right now. I pray for the Ekklesia of this state, all those that are on this call from Iowa and Lord I decree that the mantle of Gideon is resting upon them in Yeshua's name That even though they may be a small state as Gideon thought that his tribe was a small tribe. Father out of this state God will become an army that will defeat the structures of darkness in America that will release the cities to become watering holes of revival. Father, I say this is a state that will blow the trumpet in Zion and sound the alarm from the holy mountain of the Lord. And Father, I thank you tonight God that even Iowa will call for a national fast and prayer between the porch and the altar. Lord, I thank you, God, for what you are doing in that state. Lord I'm excited about revival breaking out and that entire state becoming a plain of revival fire in Yeshua's name. Lord bless every person on this call from Iowa tonight. Anoint them with great power and great grace in Yeshua's name. Amen

CLAY NASH: Alright, Ken. Thank you for that declaration and decrees. We come in agreement with every word that has been spoken and we just release them to do their work in Iowa. Timothy there in Shreveport, Louisiana what is in your heart?

TIMOTHY CARSCADDEN: Thank you, Clay, and everybody on the call and especially to all prayer warriors in Iowa and all the legislators that are on tonight. I'm like Ken I'm very encouraged by what I've heard. I will say this working with legislators, their testimony tonight what they're saying is a manifestation. When they start seeing that at the legislative level that means the Ekklesia is doing its work and now has begun to influence legislation within that state. All the moral laws, the biblical world view laws that are coming into place there they don't just happen from legislators that's the Ekklesia doing the groundwork and pushing the state in prayer as well as activation, just being active in the state. I want to honor the Ekklesia and bless them tonight that God would strengthen their arms as they continue to lift up the Lord. I also as the prophecy that the Senator shared about population doubling there. I am reminded of the word Mike Bickle released this year powerful prophetic word out of Kansas City that there is going to be some major events on the west and east coast that will cause a major shift in population and the Midwest will absorb that population. And it's going to be because of their roots, what they believe, their standards will be one of the reason people migrate there. I can see another path for that to occur. It won't be a beautiful path as far as why it's happening, but it will be a path, none the less. The Midwest will be a basket for what God is going to do, and be catching many things that happen in our nation. And from that the prophecy said to go what Ken said they will go out as missionaries from the Midwest back to the east and west coast for revival, an outpour. What man meant for evil God will turn for good. I just want to add that to what they are saying and let the Ekklesia there. I did write this word down before we went on the call tonight. Most may not believe that because it's all been confirmed tonight. I will declare it because I think it needs to be declared, decreed I should say because this is what God is saying, what I heard. The Lord said Iowa you are shifting and you will be a first fruit state for transformation for the next season in this nation. The Lord showed me your hearts are turning back to your first love. Your love for the kingdom principles and kingdom stance will become your vision for the needed change that's going to occur. The Lord said the wheels of change are moving and old structures are falling. I think the pastor said that. Then I heard press, press in for your moment of destiny is at hand, and I saw the influence of Iowa begin to be magnified to all directions of the state. The last thing I heard was Des Moines as your voice for the left is going to be challenged as the hearts of the people for righteousness will be heard from and there is going to be a new heart challenge that is going to begin and is already underway. So as Des Moines has been the voice of the left for so long, I saw its moment of being elevated in the state is about to fall and the hearts of the people will begin to move forward. So Father I want to decree these words tonight and come in agreement. Lord I honor the Ekklesia who is plowing and praying and planting seed and watering. And Father they are seeing the manifestation of that on the legislative level. We thank you, Father, for this refreshing word tonight out of Iowa. We do decree that You will have a voice in this nation and the first fruit purpose of Iowa come forth now in the name of Jesus we pray that. Amen and amen. Thank you, Clay.

CLAY NASH: Alright. Thank you, Timothy. We come in agreement with that. Pat, I want you to release what is in your heart. Then I am going to call on Cathy Townsend who is out of Iowa. I am going to let her, ask her to close out this call on prayer. Let me just say again from my heart thank you Senators, Representatives, prayer warriors, the hosts that are a faithful part of this call. We are seeing something accomplished. When you go through a call like tonight there have been so much godly words spoken here and we just encourage the people of Iowa. Things are turning. Things are coming into place and are moving forward. Pat, what have you got?

PAT MCMANUS: Thank you, Clay. I just agree with all that has been declared and prophetically decreed over the state of Iowa. I have this just an acronym. All of a sudden earlier today I got this thing. It talks about seed, the seed. Because Iowa is a corn state. We have seeds everywhere. S stands for strategy and strength; E stands for being empowered; the other E stands for encourage and to endure; the D stands for direction and destiny. So, Father, we thank you that You are releasing a strategy to the Ekklesia because the strength of your Heart is being empowered in the hand those that position themselves as the place of influence. That Father You are empowering the Ekklesia to stand with an authority and power to dismantle the strongholds and be able to see the fulfillment of the word come to pass upon the land. Father, You are releasing a place of encouraging to endure to the end. There is a power coming that will ignite a revolution in that state that they will see the fulfillment of Your word come to pass as You direct their steps and walk fully in the destiny that You have called the state to function forward in. So, we thank you, Father, for the strategy to be empowered to walk fully and endure to the end to see the destinies and the directions of Your hand prevail upon Iowa. We thank you, Father, for it and we give you praise in Jesus' name. Amen and amen.

CLAY NASH: Alright. Thank you, Pat. And just before Cathy goes, Regina you've got something else. Go ahead and release it.

REGINA SHANK: Yes, I began to see a vision while the intercessors were praying some of them and the legislators and I began to see that the Lord is changing and upping the ability to remove from the soil the iniquities that have been in Iowa. What I saw was they had been using, and this is not anything negative. We all start with one thing and God increases our strength. But I began to see a shovel and a wheelbarrow and it was turned in to and excavator. And I heard the Lord say you have been faithful, and faithful and faithful removing the things that have been iniquitous in the soil and the Lord said I am upping your power and you will now be like an excavator rather than a wheelbarrow and a shovel. So I decree over them a great power shift is happening in Iowa and things are going to move quickly as they use this new excavator power in their prayers and decrees in Jesus' name.

CLAY NASH: Alright, thank you for that Regina. Cathy, thank you for being on the call with us. We are going to ask you to just close us out in prayer. Make those declarations and decrees that are in your heart.

CATHY TOWNSEND: Clay, I just want to say to you, thank you! God only knows the time, energy you team has put together and I just know this past week you are in the heartland. So, as one from the heartland, I want to thank you for what you've done for this nation, what you have done in the past and what you are doing. I believe that shift is on now and especially from Iowa. By the way, my husband and I moved into Iowa, so for the one that says the population is increased, two years ago, add two. But I want to declare something that is a sign and a wonder. At the most eastern nodes of Iowa there is a town called Sabula, Iowa. It's right on the Mississippi River and we live right on Clinton which again is the very eastern node of Iowa if you will because it is the land between two rivers. People who have lived in Sabula, Iowa have never seen this before. I mean it is a phenomena. My husband and I went up there and we watched right on the river on the Iowa side over 70 American eagles. There's probably 70-100 but we counted 70 and of course they are moving. There are the young eagles that are mottled. You know they don't have their white heads and their white tails yet and then there's the mature. They have been there since the river was frozen and the amazing thing is they are still there as the water has thawed in Iowa. I put that out there and I've been asking God what does this mean. I want to pray into what so far I feel the Lord has showed me about this sign and a wonder. I believe it is on the most eastern gate which is the East Gate. It's the Judah, Issachar, Zebulon gate. asking It's that east gate that has opened up. I believe eagles of course represent the prophets. I'm asking God to reveal God that the prophets are now welcome into Iowa. That they are coming in, Judah, Issachar, Zebulon they are coming through that gate and are bringing with them the praise. They are bringing those who know the signs and wonders and the times. We know the times are changing and we are shifting in Iowa. And also the money that will be unlocked to bless the nation. Corn producing states are Iowa and actually Illinois which is our home state, me and my husband. And I also want to declare this. This is true in the natural. Iowa had a drought, especially on the west end. I want to declare and decree not only the prophets are welcome now and they are going to come from near and far and even out of the ground of people who are here. But also the drought is over. I want to declare that now in Iowa in Jesus Christ's name. The rain has come and the water is softening now and the ground is fine. As I prayed over Iowa I want to declare and decree from Cindy Jacobs that she also said Highway 35 goes right through Des Moines and 80 crosses, both interstates, there's a cross. There is like a crossbow over Des Moines. It is the crossroads of the nation. And I feel like God is doing such a new thing and a wonderful thing with Governor Ken Reynolds. Such a shift in the republican party that Iowa is going to prophecy even into the next president. That Iowans will know who to vote for and we will just declare it across the nation. I believe we are a Joseph state. And the last thing is this as I prayed, I felt like someone said some cities that are wells of revival. So, I want to declare what I feel like the Lord showed me. Debuque, Davenport, Sioux City, and Council Bluff. Father, I declare that those cities are going to be wells of revival and I thank you Father for the prophetic revelation and Father, please if anybody has got anything more about all these eagles on the eastern nodes of Iowa, God I'm asking for revelation revelation that unlocks our nation. In Jesus Christ's name.

CLAY NASH: Alright, Cathy, thank you for that. And I believe I have the revelation. Eagles do not gather in flocks. A group of eagles as you spoke about when they gather together it is called a convocation. The word convocation in the English language is actually a transliterated word for Ekklesia. So, I believe God is saying for them gathering on the eastern bank, that's where the sun comes up. That's where a new day begins. That surely out of all these words tonight that the legislative branch of God's church, the Ekklesia, are gathering there in Iowa because Iowa is going to make some godly, heavenly decrees into the nation in the next two years that's going to cause a turning point. Just to tell you, I have a picture from several years ago of that same thing in the same spot. The picture I have, I'll have to look for it, it's close to 200 bald eagles. So, Father, let the Ekklesia, the legislative branch of Your work in the earth, Lord, let them rise up there with newness of day there in Iowa. And Father, just as Iowa has been the heartland, just as Waterloo and Charles City produced much farm equipment, tractors, John Deere, Oliver's, Minneapolis Moley, and they released it to the farm. Father they were pieces of equipment that plowed deep and prepared the soil for harvest. Father we declare even as these eagles are gathering there on the east coast, we declare a great and powerful and mighty harvest of souls coming out of Iowa and evangelists coming out of Iowa to all other 49 other states for this harvest and awakening that we have moved into. Father, bless everybody on this call. We thank you for all that have called in tonight that are listening, adding their power of agreement, making their declarations and decrees there in their homes and we come in agreement, Father, that Your will is being done in Iowa. In Yeshua's name amen. God bless everyone. Please don't forget the Josiah Company Convention coming up. The eagles are going to gather in Conway, Arkansas. That's 30 minutes from Little Rock. You can fly into there. It's going to be an incredible time and we surely hope you join with us. We will be back tomorrow at 2:22 and we are going to, I'm looking for my notes here, we are going to be pressing in tomorrow for Nebraska and it's going to be a great call. God bless you all.
