

Prayer Call Wednesday, March 22, 2023 – NEBRASKA

CLAY NASH – Alright greetings, it's 2:22 eastern time, and we're on Victory From God's Promises call, and we're going to be praying into the state of Nebraska. I want to tell you if you didn't catch us last night as we were praying over Iowa, it was a very, very strong call. It wasn't just long, it was strong, and we're so blessed. Remember the Josiah Company Convocation coming up in Conway, Arkansas April 20 through 22. Go to my website, claynash.org, all the information is there. We've got a block of rooms, and were excited about hearing about more people coming, so we're excited about it.

Today we've got some strong intercessors out of Nebraska, people who have just been in the trenches – boots on the ground there for some time, and we're very blessed to have them. We will be introducing them in a moment, but Jacquie Tyre I'm going to call on you first. You've got a prophetic word, so release that which God put on your heart.

JACQUIE TYRE – I will do so. Thank you so much Clay. As I sat down to prepare today, I heard:

There is a rumbling of My Spirit rising across Nebraska, a rumbling to stir up My people out of the religious traditions of man and to break My people into a greater manifestation of Who I have called My Church - My Ekklesia - to be.

The systems and structures that have constrained and contained those I have redeemed from moving into the power and authority I have ordained shall crumble as the rumbling grows and spreads in the days ahead.

Watch for the hidden ones to emerge, even the hidden apostles, prophets, evangelists, shepherds and teachers, the hidden ones who have been faithfully staying the course in passionate pursuit of Me and My Kingdom.

Watch to see these mighty ones emerge from hiddenness with a fiery passion to do all that I have purposed. Listen and you will hear the roar of My mighty ones loosing declarations and decrees to overthrow the enemy and advance My Kingdom on earth as it is in heaven.

So Father, through your mighty ones, through your hidden ones, we decree: Let the voice of the Lord thunder through them. Let the voice of the Lord shake through them. Let the rumbling across Nebraska shake out every remnant voice that you have hidden in the land. Let the systems and structures that constrain and contain and snuff out the sound of the roar of the word, let it be crumbled to nothing, but let it even from the inside out Father through the roar of your passionate, worshipping warriors. Let the roar come out of Nebraska to cause things to shake in every arena of society. Let the roar of the tribe of Judah roar out of Nebraska and bring your kingdom government to bear in their government structures and their education and their business in every arena of life. Let the rumbling continue, and let the mighty ones emerge with the glory of God upon them and the sound of the roar of the Lord coming out of their mouths to cause things that

you have ordained for Nebraska to come forth and be brought into fruition in the mighty name of Jesus amen.

CLAY NASH – Alright, we come into agreement with that Jacquie. Thank you for leading us off. Regina, you also have prophetic words.

REGINA SHANK – I do yes, and I'll just start decreeing it: Nebraska, Nebraska I am chasing you down. I will catch you! You belong to me as an inheritance for my Son. The beauty of your people, the purpose of my heart for you, and the diligence of your intercessors has captured my heart. Arise from the despondency of loss. Arise from hope deferred. You are on the paved road of my plan. Others will join you; others will see your determination and ask, "Where are you going?"

It's like the wagon trains of the past; they got in line, knew their place, and followed the voice of the leader. The hardships were not utmost in their minds; they had their eyes on the promise of desire fulfilled. The shift is here; the destination is in sight, and the promised land is yours.

You will burn the image of my Son into the soil of Nebraska and the false images of religious performance to gain status are falling and failing. Arise, step into your destiny and purpose. Outpouring is in your forecast. I am the weatherman. Don't listen to the amateur prophets who see and decree the problem. Decree the answer and you will see it Nebraska. It's on the horizon.

So Lord we decree this into reality for Nebraska. Let them arise from past despondency and hope deferred, and let them see that they are right in the midst of your will for them, and Lord we thank you that we follow the leader into the promise that you have for Nebraska, in Jesus' name.

CLAY NASH – Alright Regina, thank you for that strong prophetic word. Father, we just declare over Nebraska, let these words activate former words and activate them to a new level of fruition. We declare Father that today on this call are words, declarations and decrees, and prophetic things that you are releasing out of heaven into Nebraska, and they are released on this call. We declare that there is a whole new crop that is going to germinate and is going to bring about a harvest there in Nebraska. Increase, increase, increase, increase over Nebraska. And Father, we thank you for this in Yeshua's name, amen.

It is great to have Linelle Kelly on with us, very familiar that has been a faithful, faithful prayer leader, prayer warrior and watchman on the wall there for some time now. So Linelle, I'm going to call on you now, and when you finish, you've got Bonnie on, so I'm going to let you introduce Bonnie. I spoke to her on the phone, but I'm going to let you do that, and then we'll call on some of our other hosts to follow Bonnie up. So what's in your heart?

LINELLE KELLY – What came to my mind was that the Lord has spoken over Nebraska that we are a unique state. We have a one-house legislature. I think it's the only one in the nation, and so it's different when things are trying to be legislated. And

the things that were on my heart as far as the legislature is concerned, is that we have three bills in the legislature right now which are very key. One of them is regarding abortion. It's a pro-life bill that would stop abortion when a heartbeat is heard, and there is somebody who is trying to make that be later, so that's one area of concern because we need to keep it at the heartbeat, and the other – the next bill is preventing transgender surgery in minors where no surgery could be done until they reached the age of majority, and that's getting a lot of discussion right now. And the bill is called *Let Them Grow*. Then the third one that is connected with God's plan is that there would be money provided from state funds for low-income kids to be able to go to private school. Those are the three big issues. A key thing is that there is a senator from Omaha who has been filibustering, so she was filibustering about this transgender bill, and she quit for a little while, but she has threatened to filibuster again if the bill is going to be passed. So that is a concern on my heart, that filibuster, and I've just been praying that the Lord would close her mouth and that she would not be able to speak in that filibuster.

Another thing that's important for Nebraska is that there are Chinese businesspeople who are buying up land in the sandhills and the cattle area and in the farming area too, and we don't need Chinese ownership of our land. So those are things I would like to decree that the Lord's will would be done, that we would continue to be a strong pro-life state, and I decree that this transgender surgery would not be allowed in our children. And I decree that money would go to private schools for kids who can't afford it otherwise who want to go there. And I decree that our land would continue to be owned by residents of Nebraska. I decree that any land that has been purchased by China or any other nation would be put back into the hands of Nebraska ownership.

We have been called and prophesied over that we are a Joseph state, that we have provision, that we provide to the nation, especially food, cattle – we raise thousands of cattle. And also that's kind of when the (*unintelligible*) thing happens. We have farming and the corn and the soybeans and the other crops. So we do feed the nation, and Lord I thank you that we are a Joseph state, and I thank you that we will continue to be a Joseph state. That our land will be fertile enough to grow the crops and provide the grass and hay that's needed for the cattle. I thank you for the aquifer that you have given us that provides water under most of our state – thank you for that gift Lord.

I am reminded of the fact that the early pioneers came in the wagon trains, and they prayed Isaiah 35 over their journey through Nebraska, and so we pray that now and them for completing. We ask God to continue to fulfill what the pioneers prayed way back there in the 1800s when they came in covered wagons and provided. They proclaimed the highway of holiness, and we claim that for Nebraska. That whoever walks the road shall not go astray, and the redeemed shall walk there, and the ransomed of the Lord shall return and come to Zion with singing with everlasting joy on their heads. They shall obtain joy and gladness, and sorrow and sighing will flee away. Earlier it talked about the wilderness and the wasteland shall be glad, and the desert will rejoice.

At one time, it was said that we were part of the great American desert, and that is not true. Sandhills have abundant grass and hay, and the eastern part of the state has abundant farmland. So, we just nullify that description of being a part of the great American desert, and we say that Nebraska will continue to flourish in its crops and its cattle, and we will continue to feed the world with our exports, with not only what we send to this nation, but also what we send all over the world. So Lord, I thank you for all of the gifts you've given to our unique state, and I thank you that you have used our state as a place for very strong military presence at the Airforce bases. In fact, you have protected our nation by the military people who have been stationed there for many, many years, and so I thank you for that also Lord. So I just decree that all of these things will come to pass, and I decree that these bills in our legislature will go through according to your righteous plan. I thank you Lord in Jesus' name.

And now I will introduce to you my co-laborer in Nebraska, Bonnie Gainstead, so Bonnie, you go ahead and say what the Lord's put on your heart.

BONNIE GAINSTEAD – Okay, I amen everything you said Lynell, it's wonderful. I want to add that, just speaking to the Lord, in His word, "You send in due season the rains; you soften the furrows and cause the earth to rejoice." And our earth rejoices, Lord we thank you for this great earth. This is the treasure of Nebraska that everyone was looking for when they were looking for gold and things considered more important, and it's actually the land. We declare that life in Nebraska, life of the unborn, spiritual life and physical life will be abundant. It will be honored – life will be honored in Nebraska, yes it will. We live out every day that's written in our book. Every day will be bountiful and abundant.

You have said, this is something the Lord told me when I was glued to the floor in Oklahoma City last October, He said, "I will enlarge you." And I was laying on the floor saying, "What does that mean?" And I realized that it wasn't just for me. He is enlarging us and expanding us.

He told me one time when I thought I was retired and could just sit back and relax for a while, he said, "You're not done yet." So I speak over the elderly people, and I'm one of them, God says, "You are not done for I am putting more in you." He is still here in Nebraska and everywhere else. He is still teaching. You're not done yet. You are still alive – you are still moving – you still have a voice.

So as someone said earlier, by the way, you had me in tears here, someone said earlier that our voice will be heard. Nebraskans tend to be quiet for the most part. We are covert. One time I asked the Lord about when you're in a large group and states are being named, for some reason Nebraska and North Dakota and Wyoming get passed over. And I was trying not to be offended by that, and I asked the Lord, "Why is it that Nebraska is so hidden?" and he said, "I have you hidden for a reason." And that was to be because we could do things very covertly, and nobody would notice. Who would think that a couple of old ladies in the mall would be praying their hearts out and

affecting the whole atmosphere in the place? We don't look dangerous, but we are, and I know there's several of you listening to this, and it's for you too.

Now, something was said about dry bones, and I had that written down as well. The dry bones of the church and the intercessors arise. I declare that there's an awakening and a reformation and a reform that was broken, and it is coming. It has started right here in Nebraska. The youth, we're going to touch on the youth here because we declare that the light of the truth of God is being released in the schools, the churches, and in homes. The children will know, and they will have great – the young ones and the young children too – will have great understanding of what's true and what is not. They will spot it. Father we just, we declare that protection for the children from situations where they are used, abused, and trafficked in Nebraska. That's another hidden thing that needs to be uncovered. They are abused by trafficking, they are abused and used in families, sometimes by their own people. Lord, we ask for protection and deliverance from that Lord. Let the peace of God cover them like a blanket. They are protected under your wings Lord. We declare that those who are in bondage to addictions would be set free, that God would set them free. When this great awakening hits Nebraska so strong that it will move from the schools and the colleges into the middle schools and into the young children, the babies. Then it will be transferred to their parents, and there will be great joy, and yes, it will be messy. Young music might be irritating to old ears, but we'll get it. We'll get it, and we will worship, worship, worship to the point that in churches, we won't have time to give a sermon because the glory of God, the presence of God is there, and we don't want to leave.

Now, I want to say that I don't know if I've said this already, maybe I have, but I just want to decree that secular humanism has come to Nebraska to die. Because of that, we will be searching for another voice, and that will be the voice of God. Holy Spirit is welcome to hover over this state and to speak to people who have not heard the voice of God. They will hear the voice of God. They will experience his presence, and there will be a great awakening in the cities, in the towns, in the villages, and in the hidden places in the country.

I had a dream one time where, well, we grow a lot of corn here, and there were corn fields – I was seeing it from above – and there were corn fields that were ripe and ready to be picked, ready to be harvested, and all of a sudden I saw fireballs coming down from the sky. But they didn't burn anything, and I realized, I asked the Lord about it later, and I asked what were those, and he said those were angels that were delivering his awakening, his revival and his word into the hidden places in the country. So we can't forget the hidden places. Yes, we are a hidden people, and I don't remember which one of you said it, but you were talking about that. Yes, we are hidden, but our voices will be heard. In this war that we have been in, probably all our lives, but we just didn't know it, that there will be peace in the war because we know who our general is, Almighty God. We listen to him, and I declare that we listen to him for his tactics and his next moves. Just like Jesus did, he didn't – even King David didn't go to war unless he heard from the Lord. I declare that this is what we are going to do, and this is what will be

happening in Nebraska. We are a war-like people really. It took me a while to figure that out, but that's just kind of the way we were trained through generations. We may not have had people literally going to war, but it was a war to come here and plough the ground for the first time.

Another thing I just thought of is that we declare that the Native Americans in Nebraska, there are several different nations around Nebraska, and we declare that the Ruach of God will blow into those reservations and over them, from the North and the South and the East and the West, and they will be touched by God, by his hand, and they will be blessed. They will come into his kingdom. They will welcome Holy Spirit into their places, into their homes, into their churches, and that they will have a movement above anything that's happened to them before. I say this in Jesus' name amen.

CLAY NASH – Okay Bonnie thank you. Thank you, Lynell. We appreciate you being boots on the ground there. As both of you were declaring and sharing, I heard the Lord say, "I am laying bare my arm in this nation, and Nebraska is the muscle of my arm." The saying from years ago was, "Where's the beef?" The Lord said it will be said of Nebraska, "There's the beef!" And the Lord said, "Watch the strength in prayer, in worship, in declarations and decrees that goes to another level across the state of Nebraska. Get ready for it because it is coming."

Anne Tate, good to have you on. What's in your heart?

ANNE TATE – Well Clay, I want to follow up on some of the things that you said because I believe it was absolutely correct, and I agree with the words and prayers that have gone forth. So Lord, I'm hearing you say right now that the Native Americans within the state of Nebraska are also carrying the Joseph anointing, and so Lord, I thank you that this is the season that you are elevating the Josephs. They are coming into a new place where their voice will be heard, and their ministry will be evident, and who they are will begin to testify in a new way, and they'll be recognized as carrying part of the portion that it will take to defeat the new pharaoh spirit in Nebraska that has constrained the worship and held back the worship offerings. Lord, we say that your people, your Josephs, will break the power of corruption that has been brought into Nebraska by that spirit that has created a mammon structure. So Lord, we speak over that now in the name of Jesus, and we say, "You will not win! You will not continue!" And we say that a new author is being raised up and that the people of Nebraska are beginning to stand up and be counted. We command the government to follow the Lord and to make laws and decisions based upon righteousness. Now Lord, I ask you to pour out your spirit in a new measure all across Nebraska until the state catches fire with your presence, in the name of Jesus, amen.

CLAY NASH – Alright, thank you Anne for that. As you were making your declarations and decrees, I kept seeing plumb lines being dropped -- hundreds of them across the state of Nebraska, and they would strike the land there, and I asked the Lord, I said, "Lord, what is this about?" He said, "As I drop a new plumb line in Nebraska, I am going to use the point of the plumb bob to break up the hardpan that has come in recent

years. I am ploughing Nebraska deep, and I am using my plumbline to do the ploughing. The hardpan is broken, and the seeds which will be planted from this time forth will be able to take deep root down so that they can bear much fruit up." We just declare this now in Yeshua's name.

Alright my friend Pat, what's in your heart?

PAT MCMANUS – Thank you sir, I come in agreement with all that's been declared, and I kept hearing this word this morning today for Nebraska: Advance! As in Joshua 6:7-8: *...and he said to them, "Advance, proceed around the city, and let he who is armed advance before the ark of the Lord." And so it was that when Joshua had spoken to the people, that the seven priests bearing the seven trumpets of rams' horns before the Lord advanced and blew the trumpets, and the ark of the covenant of the Lord followed them.*

So Father today we declare into Nebraska that you are unlocking a strategy for advancement, that you are aligning the leadership of the state to come into a greater understanding of what it means to advance in the power and the purpose of your hand. Father, we thank you that you are sending the fire of God to burn that which needs to be removed, but Father, you are igniting the hearts of the Ekklesia to march into the order and the purpose of power of your hand, so we thank you Father for the unlocking of revelation that will truly cause a clear sound of reformation that would advance into the order for total transformation and see the fullness of the kingdom of God advance on the land. So we thank you Father for the sound of advancement that you're releasing into Nebraska that they will rise up in queue and take that which needs to be done and see the kingdom of God, the glory of your name, the power of all that you are, to see the angelic host aligns together to march forward in the advancing of your word. We thank you Father, we give you honor and praise in Jesus' name, amen.

CLAY NASH – Alright Pat, we come into agreement with that. Ken Malone, I'm going to call on you in a moment, and I am going to mention that tomorrow at 2:22 eastern time we're going to be praying into and over the state of Kansas, and then on Friday we're going to be praying over and into the state of Missouri. Remember that, the calls are at 2:22 eastern time, and we're going to be pressing into them. We'll start on a new week next Monday, but we're going to finish up strong with Kansas and Missouri.

Alright Ken, what's in your heart?

KEN MALONE -- Hey Clay, so glad to be on here. I'm just in total agreement with all that has been decreed and prayed today. Just before the call I started talking to the Lord about Nebraska, and he began sharing with me about the breadbasket of America. It's amazing that we were on Iowa last night and Nebraska today and on Kansas tomorrow. The Lord's got a word for this breadbasket, and I heard today that from Nebraska, we will hear the sound of abundance for America. I also began to hear a dinner bell being rung, and the Lord is inviting the nation, through Nebraska, to come to the feast of the Lord. And as I was meditating on all of this, the Lord took me to Joel 2:18, and it says, *Then the Lord will be zealous for His land...*, and I want to decree it like this: The Lord

will be zealous for Nebraska. Then he took me over to verse 23, and he said, *Be glad then you children of Nebraska, and rejoice in the Lord your God, for He has given you the former rain faithfully, and He will cause the rain to come down for you – the former rain, and the latter rain in the first month.* I say that Nebraska's threshing floors will be full of wheat, and the vats shall overflow with new wine and oil. And the Lord says over Nebraska, *I will restore to you the years that the locusts have eaten.* So Father, I thank you today God that out of the breadbasket of America will come the sound of an abundance, and Lord, I decree that out of heaven the dinner bell is beginning to ring within this nation through Nebraska, and Father I proclaim a fullness, I proclaim that Nebraska's vats are full, threshing floors are full, and Lord in Jesus' name a great harvest of souls will come out of Nebraska, and Lord I thank you for doing it in Yeshua's name amen.

CLAY NASH – Alright Ken, we come into agreement with that. Father, we just thank you that you are doing something in the breadbasket of this nation, and it's going to have an eternal effect upon the purpose and destiny of this nation.

Well it's good to have Catherine Gotto on with us from Nebraska, and Catherine, I'm going to call upon you now to just close this powerful time out in prayers and declarations, so what's in your heart?

CATHERINE GOTTO – Thank you Clay, it's an honor to just be able to join with everyone on the call and with everyone that is listening and agreeing with us.

Clay, the Lord has given me a word for you, he kept telling me that mountains melt like wax. I believe what he is saying is that through these prayer calls, the evil agenda, those mountains of the evil agenda will melt like wax. So be encouraged.

We just thank you father for that word. I was excited as always listening to the words and Jacquie talking about the roar. A common denominator in my church is that we roar, we literally roar. Singing and praising and roaring and shouting the praise to our heavenly father. I was excited to hear her talk about that, but then also, when Regina began to talk about "arise", that was the word that the Lord had given me to share and to declare over Nebraska as in Isaiah 61. I want to speak that over Nebraska specifically:

Nebraska, I decree to you in Jesus' name:

Arise, shine, for your light has come, and the glory of the Lord is risen upon you. For behold, the darkness covered you, and deep darkness the people, but You, Lord, will arise over us, and Your glory will be seen upon you Nebraska. So, I decree that in the name of Jesus, and I thank you Father that your glory will be seen here in Nebraska.

When Dutch Sheets and Chuck Pierce were in Nebraska a few years ago, they said that there will be a surprise that will bring Nebraska to the attention of the nation, so Father I ask for that surprise, and I believe that it's the glory of you Father, and I ask that you let that rain down now even as we speak. As we actually are speaking, and as Lynell talked

about a few of the bills going through, there are also other bills regarding the election integrity, fraud, the election machines, and hand counts, so Lord we lift them up to you right now Father in Jesus' name, and we ask that righteousness reign throughout these bills and that the enemy's mouth is shut and he cannot speak. We just decree in Jesus' name that we will have fair elections in Jesus' name.

Also, I just wanted to speak out and decree over Nebraska as well. When you come into Nebraska from some directions, there are signs that say that Nebraska is a good life, but I decree that it is a great life. Just as Lynell was talking about all the lands and the cattle and the crops, Father, we thank you that Nebraska is a great life, and the soil is golden Father. We thank you that it is a good land to prosper and that we will be the supply chain for the nation, and I thank you for it Father. In all of this I am asking that you vindicate Nebraska and bring a reset. Set us back to your plan and to your greatness and reverse the corruption, Father. We desire that your glory is seen here in Nebraska. Thank you, Father, for the people on the call, the prophets, the words spoken, and declarations Father. It touches my heart. So Father from one heart who lives here in Nebraska, I thank you that the mountains of evil will melt like wax, and as Clay continues Father, we ask that you will strengthen him and give him the continued revelation that he needs to just continue and be bold in Jesus' name.

CLAY NASH -- Alright Catherine, thank you for that word, Thank you for just closing out.

Let me remind everyone to please pray into whether you should be part of the Josiah Company Convocation on April the 20th through the 22nd . Go to ClayNash.org, and there's information there about it and a place to register.

We'll be on here tomorrow at 2:22, and we'll be on the state of Kansas. It's going to be good to have Sandy Newman and others on with us tomorrow, and then on Friday we'll be onto the state of Missouri, and I guess we will have to, because of her faithfulness, allow Regina Shank to be on the Missouri call – just joking Regina. Anyway, we're going to finish strong this week – when we finish with Missouri, it will be 25 states we've covered, so we will be at the half-way point. Thank you for being a part; I thank all the callers and participants who are on, you listen, you release faith, you release your power of agreement, you make your declarations and decrees there, and I want to thank our guests who were on here today and, certainly, the faithful hosts that were on. Great call here today – we'll be back on here tomorrow. God bless you all.
