

Prayer Call March 30 2023 - New York

Clay Nash: Alright. Good Day. We're on 2:22 Eastern time. We're on our call for New York today. It's gonna be a great call. Excited about it. Gonna have some great guests. We thank everyone for being on the call. Thank you Anne and Jacquie for working to align people to be on the call. I want to thank all of you for taking time out of your busy responsibilities and to be on these calls. They're getting stronger. We're moving ahead. It's a great time. Remember coming up April the 20-22. We're hosting Josiah Company Convocation in Conway AR. It's very near the Little Rock airport. We're going to be gathered for 3 days praying over the nation. We're going to have a lot the hosts that are on this call and have been on this call are going to be there. And we're also privileged that Dutch Sheets, a friend of ours, is going come and be there as well. Gonna be a key time. So if you haven't made plans to register please register. Go to ClayNash.org and you can find the place to register. If you can't you can also go the website and purchase a copy of all the sessions there as we pray and prophecy over this nation. Every call over every state is recorded. It will be put up later today and every call is being transcribed. Sometimes it takes up to 48 hours for us to get that done. We're putting them there. So if you are new the call go to Claynash.org. You can find the recordings of all the states we've covered so far. You can also find the transcription. Tomorrow we will be praying, declaring and decreeing over the State of California. And in that process it will finish this week up and we'll move on into next week. I want to begin today's call with Jacquie Tyre. God's given her a prophetic word for New York. Then I will call on Regina Shanks after that.

Jacquie Tyre: I will. Thank You Clay. I just want to say to everybody we are so honored that you take the time to join us each day. We know it's a commitment. it is an honor to traverse across this nation together. As I began to pray over New York this morning. As I looked out over the state I could see the outline. And I saw a large lion rise upon the scene from the North and what appeared to be the Lake of Ontario area. The lion was golden and majestic in stature and appearance. Looking from the North, North West down toward over the statet towards the South, South East. This is very unusual for me. I don't usually see this kind of a vision but I'm just sharing what I saw. He was looking to and fro across the state with a very intense and serious view. Watching and listening in an incredibly focused way. The scene took my breath away. Not in fear but in awe of the strength and majesty of His presence. It was very clear this was the Lion of the Tribe of Judah taking His position over New York. And nothing is out of His purview. Now that's not a word I usually use . It's not in my vocabulary. So I went and looked it up. The word purview means the range or limits of authority, competence, responsibility, of concern or intention. The legal definition can be seen as the limit or scope of the law. As I pondered it and asked the Lord what are you saying to me? Here is what I heard Holy Spirit say: "New York you are mine and I have purposed that you be an expression of my kingdom. But through the years by your pride and force of will you pursued being an empire of your own making. But I say to you that I have stepped into the land. And I am here to take back what is rightfully mine for the Kingdom purposes I intended from the beginning. Know that the weight of steps upon the land and the fiery passion of my gaze across the horizon has brought a shaking and shall continue to bring about a shaking and a stripping of all that has set itself against my Kingdom purposes. I have a remnant. A strong remnant across the state. And I am sending in the reinforcements to strengthen and sow up what is lacking. As my remnant releases these decrees I have put in their mouths I am moving out across the state with armies of angelic assistance with Me to uproot, pluck up, move out and shatter, the counterfeit, the contrary, and the controlling forces in order to make way for my Kingdom Ambassadors in order to advance in power. To rebuild to replant and restore all that has been lost over the years. Watch as the shaking of disruption comes from Albany, through Syracuse, Rochester and on into Buffalo. The ley lines of evil shall give way to the movement of My Spirit. And you shall see the fires of

awakening breaking out all across the land. From East to West and then moving out from North to South. Watch and see the ancient wells of awakening burst forth in fires of Glory surpassing what has been and setting a course for what is yet to be” says the Lord. So Father we come into an alignment. We stand with the remnant in New York and we say Lion of the tribe of Judah you are welcome in New York. You are welcome to move across the land with the angelic assistance that you are bringing with you. We say let the exposures, let the disruption of evil, let all the shenanigans of darkness be brought out into the open and be completely annihilated. And then Lord the wells of awakening burst forth in the flames of Glory that you have intended. That New York will be seen as a Kingdom expression filled with Your Glory that awakening and reformation come into New York and through you New York for your Glory and Your renown in the mighty name of Jesus, Amen.

Clay Nash: Alright Jacquie. Great start for New York today. I can't say enough how much we appreciate all those who participate day in day out. Faithful. By joining the call adding their power of agreement making their declarations and decrees. That's not only for those who call in daily but those that listen to the recording later when they get off work. Thank you, thank you, thank you. Regina Shank what's in your heart?

Regina Shank: Yes I have a word for New York as well. I'm just going to read it and then declare a couple of scriptures. New York, The bubbly substance within you has been corked by your obstinate attitude toward the holy. The new wine must be uncorked and poured into the new wineskin I am forming.

The process has been implemented, yet the old wineskins that have held the new wine have burst from the pressure of the contents. Prepare, prepare the vessels; rework, retrain, refrain from moving by the traditions of man. I do not want your dutiful obedience to old traditions. I want your heart. Times Square does not reflect my heart. The Finger Lakes Region, the heart of New York state, will bring forth my heart, for I will birth a revival in that region. I am pointing my finger at Finger Lakes. There are many fish that will be caught in the nets of my fishermen. There is a clog in the heart of New York that will be removed. It has stopped the flow of my blood and stroked my teachers hindering them from communicating my heart. I will remove the clog, the clotting of the blood will stop. My blood is enough; it will flow in New York.

Arise, my beautiful ones, who have not cowered to the demonic atmosphere, arise, and come along. The winter is over and past. Rise up and see the heart operation has begun. Break out; break forth; breakthrough. I am for you, with you, and empowering you to birth anew the breakthrough. The fear of the Lord is the beginning of wisdom. Go where my finger points and set up the tent of my Presence.

Mark 1:2-3 “Behold, I send My messenger before Your face, Who will prepare Your way before You.” The voice of one crying in the wilderness: ‘Prepare the way of the Lord; Make His paths straight.’ ”NKJ
“Look, I am sending my messenger ahead of you, and he will prepare your way.” He is the voice shouting in the wilderness, prepare the way for the Lord's coming! Clear the road for him!” NLT so Lord we decree over New York today that you're removing the clog in the heart. Lord that you are causing revival to come in the center of New York and the Finger Lakes region. That the tents of your presence will be set up and you will begin to bring the fisherman that will fish for those that are in need of you Father. And

so we thank you Lord that you are in process, that you're sending angelic help sate and we will see a change and a revival in New York. Lord we bless that state with more of your presence, more revelation. We thank you for the intercessors that have stood for you for years. And Lord their prayers have not been forgotten. But those prayers will bring forth your plan and purpose in New York State in Jesus's name, Amen.

Clay Nash: Alright Regina. Thank you for those strong declarations and decrees. We come in agreement with that. I'm going to call on Anne Tate in just a minute. She is acquainted with the guests that are coming on. I'm going to say once again Anne thank you for working with them. And thank all of them for coming on. You know I just want to release this. I got up this morning with this in my heart. Actually someone emailed me with it. But in 1969 up in New York there was a gathering. A musical gathering. We all know about it. It was near Bethel. I just woke up this morning with great faith in my heart . I'm calling New York to become, not just a place that has town named Bethel but it's going to become the House of God. I declare over the State of New York awakening. I declare that awakening will mature into reformation and the reformation and the awakening and reformation will mature into transformation. We call for the State of New York to be transformed. We declare that the liberal pro death socialist mindset that has controlled that state we declare that the wind of God is blowing across that state and its going to blow over what man has set up. So that God's people can set up God's plan there. So Father we just declare your will be done in new York. And let it become a House of God. Father we thank you for the prayers, the revival, the moving of the Spirit that is in the history of New York. Even as David said, King David, is there not a cause. And that word cause goes back and connects with word history. Is there not some history of God moving in New York. There is. We connect to that and we call it forth and we declare that this time will be a time that God is taking New York back to the future. Do this in Yeshua's name. Anne Tate go ahead and introduce all the guests you've got on. Make your declarations, your prophetic words. I'm just turning it over to you now.

Anne Tate: Thank you Clay. I'm going to introduce Jody Wood who has so many accolades and so many responsibilities in the Spirit. Both National and International. Because she has been over New York City for the last 30 years. She has prayed concerning the UN and all that means in New York City. Plus works with the state as a whole. I depend on Jody daily in my life. We work together on many things as we watch and see how things happening because Jody is a true Watchman. Jody has assembles and amazing array leaders out of New York State to prove that the remnant is there. And it is alive and well and active. I want to say as everybody was prophesying I couldn't believe how in line and in tune we all were. Because the Lord told me that the breaker was coming. That they were right at the breakthrough. He said that the empire will bow to the Kingdom. He said awaken the seed of the preacher. That sloth in the Finger Lakes and up through Rochester, all across there is where the preacher came forth. Lord we thank you that you are still raising up preachers. Now Lord, I ask you for mobilizers to begin to stand up and be recognized in the state. Those that can move together, those that are called to move and to cause every part of the state to come together and to have the same backbone. So Lord I thank you that is a new day in new

York state. New things are going to come out and they are going to have sound. It's going to carry the joy, the wisdom, the anointing, and the power of the Lord God almighty. In the name of Jesus. Now Jody I want to turn it over to you and let you introduce your people as we move through them.

Jody Wood: Ok. Thank you so much Anne. Thank you Clay and all those that do this every single day. It's just such a blessing, I know to so many people. I'm gonna start with prayer and then I'm going to introduce my guests one by one. As we were sitting up in th UN this morning. Now I'm down at Wall Street in my office. The word the Lord gave me this morning when I woke up was that New York was coming into a 3rd day resurrection awakening. So Father today I align my prayers with all those decrees tha have been made already and those that will come after me. Father we know you are a God of all eternity. I call Heaven today to attention to an alignment over the state of New York. Father I ask that you would open up books from the beginning of time when you put your finger on the state of New York and you prophesied into the very DNA of the land and the people a redemptive design for this state and region. Father we bring that DNA and those prayers into this present day of the 3rd month on the 30th day of 2023. Many things are being spoken of today. We say that today that we will shift a resurrection awakening over the state of New York. We declare a returning the the foundation that came out of this city and this state when New York City became the very first capital of the United States of America. Father there is a governmental anointing upon this state. It's the first place of this nation for the Executive branch, the Judicial Branch, and the Legislative Branch of our government were formed and came into being. Father what we believe once again we will reset this structure in this state and in this city for the nation over the next few weeks. Father I declare today that new York's realignment with it's first peoples. The ancient gate keepers. We speak healing to the land and the waters of this state. We say God will bring forth the cleansing from defilement, because of sin, rebellion, and iniquity. And we declare today a true identity will be revealed and manifest through these prayers and decrees to every son and daughter that lives within the borders of the state of New York. And we declare this in th mighty name of the Father, the Son, and the Holy Spirit. The IHoly Trinity. Amen. I'm now going to move very quickly to introduce one of my most favorite people that I'm just getting to know in a great way, Pastor Roy Burn. he is from the Mohawk tribe. He is a leader. He carries an Apostolic prophetic mantle for the first nations people. Pastor Roy I would ask you to go ahead and release your prayers today.

Roy Burn: Thank you everyone. I am honored to be asked upon this call. I am humbled. So Father God I just thank you for what you are doing here. Now I praise you for the unity that will go forth and is being birthed and solidified. I declare the power of forgiveness to penetrate our hearts. Let the power to forgive be the foundation that makes our steps abound. Father I come to you as a Mohawk indigenous first nations person and I speak with the divine authority which you have given. I say to the gods of this world, to the pharaohs and idols let my people go. Your authority has been relinquished by the power of God's love, holiness, righteousness and justice. No longer will you torment them, control them, or have a place to speak to them. Your words will fall on deaf ears for they will only hear what the true living God has to say. As for the

visitors and immigrants to Turtle Island I welcome you and I give you the First Nations blessing to you to do the will of our Heavenly Father. May His authority rest upon you like never before. For we are to be one in Christ. Now to the state of New York, I speak to you and inform you you have defiled the land. You have moved boundaries, shed innocent blood, erected idols, and broken treaties. You demonize what was good. You used your authority for personal gain. But, I declare the power of God's love over you and I forgive you. I decree that the guilt and shame that is on you be removed today. In Jesus's name. I declare from this day forward will embody the reverence of the fear of the Lord, to be at the center of every move you make. You will be a part of allowing the anointing allowing the anointing to flow into Canada and the anointing of Canada to flow into the United States. You are part of a grand bridge that the Father is building. New York don't deny the power of God's love, but allow His love to consume you. In Jesus's name.

Jody Wood: Amen. Thank you for that authority. For that welcome from you Pastor Roy. We look forward to seeing you next weekend at the sacred gathering of nations. I now want to introduce Assemblyman David DiPietro from district 147. Assemblyman please share what God's put on your heart for today.

David DiPietro: Thank you . Can you hear me?

Jody Wood: Yes

David DiPietro: It's an honor to be here and be able to speak God's word. But also hoping that those that hear it will light a fire and start changing the state. As I stood on the floor of the assembly with my Bible and I looked around I see so many things Lord, that we need you to start stirring your finger, that's all it takes. Dip your finger into New York State. Take us from being the most ungodly state. Make a revival here that will show upon the nation that will bring all your fruit in front of the nation and in front of the world. It's what we need by transforming our state. I always think of, on the floor, Ps:35 Plead my cause Oh Lord with them that strive with me. Fight against them that fight against you. Take hold of shield and buckler and stand up for my health. Draw out also the spear and stop the way against them that persecute me. Say unto my soul thou art my salvation. Lord, you know the deeds of New York. You know what happens here. You know the fight, the fight that they put up for full term abortion, post birth abortion. You know all. Stir your finger here in New York. And also Ps: 14 The fool has said in his heart there is no god. They are corrupt, they have done abominable works. There is none that doeth good. I think of that on the floor, also, of the assembly as I look around. There are few that stand for Your Word Lord. We need revival. We need to bring more Christians into this state. We need more people to stand up in government and say enough is enough. We have to turn to you Lord because we know all things are good. Only when man stays in the world and does the things of men do we get perverted. We need you Lord. We need you to come into New York. We need you to help us all to be Light, The Guide, in the Holy Spirit. We pray all this in Jesus's name. Amen. We thank you Lord.

Jody Wood: Thank you so much. We truly receive those prayers. We join all of our prayers around the state with your prayers for the Assembly. (There is a lot of interference in the line very difficult to hear all the words) Erica took a bill to the New State Legislature. They truly passed a bill through her hands. Share what God has put on your heart.

Erica: Praise God. God bless. Today I'd like to decree that New York belongs to the God of Abraham, Isaac, and Israel. We honor Israel as our first nation. And we honor our native Americans as our first people. And we present an offering, a gift to our Father the remembrance of New York Senate resolution case 209, which was adopted on April 27, 2021. And we present another offering to Him. The Mear case resolution case 705 adopted on June 18, 2016. We say God bless America. And we say God bless the state of New York. Today we strike the doorposts of New York with Praise. And we say Threshold shake. We announce that New York is no longer the prey of the mighty. And New York is no longer called the captive. Instead we decree out of Is 49: 24 and 26. Thus saith the Lord. Even the captives of New York mighty shall be taken away. And the prey of New York's caliber shall be delivered. The Lord says He will contend with those that contend with you New York. And He will save your children. The Lord will see those that those who oppose New York with their own flesh the oppressors shall be drunken with their own blood. And all flesh shall know that the Mighty One of Israel is New York's Savior and New York's redeemer. We decree out of Ps 74:12 so God El Gabor is the King of New York. Lord Sabaoth our King of old He is working out our salvation and He breaks the heels of Leviathan, the crooked serpent, the dragon, in the waters of New York. We speak to the culture of New York, we speak the seats of authority, we speak to its citizens and its foreigners, this day, who among you is on the Lord's side. Rise up and kiss the Lord lest He be angry with you and you perish from the just ways. I call Heaven and earth to witness against New York today that the Lord has set before you life and death, blessing and cursing, therefore choose life New York. That both you and your seed will live. Our response out of New York Lord is that we have renounced the covenant of death and we choose life. New York I announce to you you have been restored. Your corrupt institutions are being overturned. The entrenched systems that have subjugated New York is being removed. New York receive your deliverance. Receive your redemption. Receive your transformation New York. Let Jesus Christ, the Light of the World, invade your culture and recapture and occupy and govern in the affairs of New York. The ekklesia of God we overtake and we recover the positions of influence in New York's culture. Religion, family, government, education, media, arts and entertainment, business. We decree that we are the redeemed of the Lord in New York state. We are the citizens of the Kingdom of Heaven and we are citizens in New York. We belong here. We will not migrate to Florida. We belong here. We dwell in the state and we prosper in this land. And as for us and our households we will serve the Lord here. We will obey the laws of New York. but we will not worship or serve any other god than the Holy One of Israel. Today we declare a blessing on New York. Be blessed New York. May the face of the Lord shine upon you and deliver you and grant you peace as you become who you were made to become. In the mighty name of Jesus, I decree, Amen.

Jody Wood: Amen. Thank you Erica. We receive those decrees for and on behalf of New York. And now we quickly turn to Justice Maryann Brigantti from New York.

Maryann Brigantti: Good afternoon everyone. I am a Supreme Court Judge and a Judge in the state appellate court. Sitting on the bench for approximately 25 years. It has been my experience that it is impossible to rightly preside over a case, to rightly discern, deliver, and dispense justice and righteousness without God's intervention, wisdom, and revelation from the Holy Spirit. My heart is that the courts ability to render just decisions without fear of political repercussions is critical. Last year the New York state court determined that the democratic legislative mass was unconstitutional. That decision sent the process back to the lower state courts where new mass for Congress and the state senate lines were drawn by a special master and the redrawing of the state Congressional boundaries led to 11 Republicans to secure their parties narrow majority in the House. In retaliation of this New Court decision the legislature has recently introduced several bills that would curtail and eliminate judicial discretion and scrutinize our work product. Judicial discretion is part of the judicial review process in the operation of checks and balances. So, with these bills the judiciary work product will be controlled by the very branch the judiciaries mandated to review. Especially those who are challenging the legality and constitutional legality of the law. So there is a battle right now for which branch of the government will acquire more power and control over the other branches in order for them to advance their agenda by engaging in unconstitutional measures. Which have been happening. In previous years however these 3 branches of government were in collusion as they worked together without exercising the checks and balances on certain issues to promote their liberal, progressive agenda. That is an uncompromising judicial review were to have taken place they would have deemed the legislation or executive order unconstitutional. So the separation of powers as they all know was put in place by our founding fathers to prevent tyranny and the abuse of power. In George Washington's farewell address he cautioned against this spirit of encroachment that tends to consolidate powers of all the branches in one to create a form of government called despotism. An illustration of the fruit of despotism is when a government uses a grand jury which serves to protect its citizenry from unfounded criminal charges to sustain false charges to an innocent person for political gain. Also in the New York Judiciary radar there has been a steam of gubernatorial and mayoral appointments where the criteria of demonstrating a perversive posture is definitely favored over academic for merit. Unfortunately woke and religions of philosophy has crept in court opinions to justify the departures from the constitution. So Heavenly Father Righteous Judge we enter your gates with thanksgiving and your courts with praise. And we enter into your throne room of the Ancient of Days. And we say holy is your name. You are greatly to be praised. I worship and I adore you Lord. May your kingdom manifest in this hour of holy agreement and I ask you to plead for us Oh Lord. Heavenly Father I stand in your presence because of the blood and finished work of Yeshua on the cross to receive your verdicts of justice and righteousness over New York state judiciary. Thank you that Yeshua is our advocate before the righteous judge in the courts and the Holy Spirit is our court officer and our witness. And we summon the spirit of encroachment that has plagued New York state and New York judiciary on this prayer line. Heavenly Father I exercise my

God given authority in Christ to address principalities in Jesus's name according to I John 3:8. And according to Proverbs 16:5 everyone who is proud in heart is detestable to the Lord. So Father in all humility we repent over the spirit of pride over the New York judiciary. And on behalf of the New York Judiciary and my colleagues, those who know you and those that do not know you, I repent for all the oaths and covenants that were broken upon taking office. And admit justice is on uneven scales with corrupt ambition. Heavenly Father forgive the New York judiciary for rewriting and changing your original intent of the United States and New York constitution. Forgive us Lord for substituting God's standard of justice for counterfeit justice and entering into agreement with all these agendas woke and religionist policy and viewpoint neglecting the sovereignty of God with our plumb line and the constitution. Father forgive us Lord because our decisions have opened the door to perversion, idolatry, and the shedding of innocent blood. Righteous Judge every accusation every accusation that you filed against the New York Judiciary is true. And on behalf the Judiciary I repent for all current transgressions, past iniquities of the previous justices of New York that have opened doors for the spirit of encroachments, immorality, theft, lack, hopelessness, perversion and idolatry. So I ask for a cleansing power of the blood of Jesus to wash them away so satan has no legal footing. Every covenant agreement with the mighty powers now be revoked. And those strongholds uprooted in the name of Jesus. Father I issue a divine restraining order and a permanent injunction against these evil spirits so that these evil entities will no longer return. Father the New York judiciary dispatch anything and every thing that the devil would say to take down his kingdom for we only want what the blood of Jesus has secured for the New York Judiciary. Father because of your shed blood and my identification and repentance dismiss all accusations and charges against the New York judiciary and send your host of angels to excel in strength and execute your judgements and destroy the works and altars of the enemy. Lord we ask you to fulfill your righteous judgment and we thank you. And I declare and decree that the righteous verdict of release and breakthrough of these evil altars are now secured and the documents in the courts of Heaven. In Yeshua's name. In the name of the Father and the Son and the Holy Spirit. And Father I thank you that you are our doorkeeper. You are the gate for the sheep. Whatever enters your doors will be saved. We decree that whatever you open you open and no can shut and what you shut no one can open. And we decree that the New York Judiciary will cross over and pass through the gates of righteousness so that they may have life and have it to the fullest. And you will close all doors of injustice. We know that a decree is an order handed down by a judge that resolves the issues in a court case. So Father Righteous Judge today we make the following decree to rebuild to restore reset and to be established for justice and righteousness in the New York Judiciary. We speak these decrees the atmosphere and to the earth because we believe what is stated in Job 22:28 Thou shalt decree a thing and it shall be established unto thee. So decree that there will be a change of heart in the judiciary. We decree a complete 360 complete turn around in the Judiciary. In all of their upcoming decisions and a divine reversal of all past decisions, evil resolutions, and demonic appointments in the Judiciary that have delegated family values, freedom of religion and life. We decree that the New York Judiciary humble themselves before you. In submission to the Great I am, Judge of all to receive wisdom and spiritual understanding in order to resolve all matters with a Kingdom mindset to duplicate

Heavens government of justice and righteousness here on th earth. We decree as state Justices will transition to being reformers as the Judges of old as Yahweh raised up the Judges. Father remove the dross, eliminate the shaff, the dead weight the corrupt the proud the perverse, the blind who on a daily basis advances its personal agenda and evil decrees on your people. And replace them with your Davids your Solomons your Joshuas Debras and Esthers Abigails and Annas. We decree unplug the evil and counterfeit illegal adminstrative and statutory blockages that are preventing the judiciary from aligning with God's original intent and the deafening of the New York judiciary that God purposed us to be. I decree replace the unjust with the just on the bench. No longer will the Judiciary compromise itself for money, position , fame or power. Or flip the other way and stay silent or cowtow to legislative and executive branches. We decree that the Word of God is the Judiciaries plumb line. We decree the New Yorks' Judiciary will fear the name of the Lord. We decree that Yeshua is the Divine Head who guides the New York state body of Judges and causes it to grow in moral integrity by the supernatural power of God. Father restore and reestablish your divine justice in heavenly righteousness with your wave of glory to consume the three branches of government to reflect the glory of the Lord as 2 Corinthians 3:18 states so all of us who have had the veil removed can see and reflect the glory of the Lord. And the Lord who is spirit makes us more and more like Him as we are changed into His glorious image. We decree that righteousness and justice will be the foundation of the court system. We decree the Judiciary will no longer violate or abuse their oath of office but will stand firm in their judicial rulings to protect citizenry in New York state and uphold and safeguard the constitution. We decree that new York courts will arise and shine in His Glory in this hour. And their light of justice and righteousness will permeate all that they do in new York state for the glory of God. For the earth will be filled with the knowledge of the Glory of the Lord as the waters cover the sea. As we decree King of Glory, the Lord mighty in battle come into New York states 3 branches of government. We decree King of Glory come into the New York Judiciary and shift any and all current unjust legal proceedings to be aligned with Heaven's purpose and righteousness in the name of Jesus. And finally as we are in the month of Nisan just as Israel headed out of Egypt towards the promised land during this month. We too decree that the New York Judiciary will also be uprooted from thee occult Babylonian structures and captivities to cross over to being aligned with God's purposes and plans to advance His Kingdom on earth as it is in Heaven. And righteously dispense life, liberty and the pursuit of happiness. Amen.

Jody Wood: Amen thank you Maryann for your position and seat of authority. Powerful prayers. We have one last apostle to pray. If you can hang with us. Brad and Lori Vandermeer. Apostolic Prayer Network. Brad and Lori please share your prayers with us.

Brad Vandermeer: Abba we love you and magnify your name. Thank you for letting us partner with you to establish your kingdom here on earth in New York state. In fact as we are the ekklesia of New York state called living stones by the chief cornerstone that the Masons have rejected. We the living stones have been positioned by you that are being assembled into a spiritual house, a holy order of priests. An altar has been

established here on this land where we are continually offering up spiritual sacrifices that are acceptable to you, God through Jesus Christ the anointed One. Your spiritual house here in New York has been established upon that chief cornerstone that the Masons rejected. And we are rising like perfectly fitted stones of your temple. And according to I Peter 2 we are your dwelling place. The holy of Holies. As our lives are being fit together upon ideal foundations laid by the Apostles and Prophets connected to the Head cornerstone of the building the anointed one Jesus Christ Himself.

Lori Vandermeer: We declare that this Chief Cornerstone rejected by the Masons is the stone of stumbling that blocks their way and is the rock that trips them. Oh Lord our God there are others here besides you that have ruled over this land but we will acknowledge and honor your name only. You are the Creator of the Universe, the King of kings and the Lord of Lords. We declare that in this month of Passover it's time for the powers of Egypt to be judged, broken, and overcome. We celebrate by the power released by the blood of the Lamb, New York is redeemed by the blood of the Lamb out of the hand of Pharaoh. Lord Sabbath Lord of the Angel Armies is here in New York and goes before us and leads us into the purposes, plans, destiny, and identity that you have created for this state. Let the waters part so that New York crosses over. Let heads roll, let wheels come off of chariots, and let the whole Egyptian armies be mobilized and drown in the sea. Never to be seen again. We declare that these former tyrant masters are dead and they shall not live and reappear. They are powerless. They shall not rise and come back and we say let your visitation upon them bring their evil ways to an end. Let every false cornerstone, every monument, every memorial, and marker every token of remembrance, every trace of their supremacy perish. For you have the wickedness shall not have the upper hand. The scepter of the wicked will not remain over the land allotted to the righteous. You will bring down the pride of Assyria and the scepter of the task masters of Egypt shall pass away so that we may walk in your name and demonstrate your glory. In Jesus's name. Amen.

And let it be there in New York as it is in Heaven. Alright Pat there in Illinois. What's God got on your heart?

Pat McManus: Thank you Clay and I just come into agreement with what all the powerful decrees that were declared by those in New York as well as Jacque and Regina. I wrote this statement down earlier today. It says I am resetting order to align the heart of the state. I'm aligning for the purpose of establishing my heirport to advance in the land. As I was sitting in my office, I have two fighter jets on a shelf in my office. And that Heirforce to ignite the state of New York to come into order. So I'm going to pray Ps 61:2 for the end of the earth will cry to you. When my heart is overwhelmed

lead me to the Rock that is higher than I. Father we thank you that you are causing the state of New York to come into a higher understanding of what it means to effectively function in the order of your hand. Father we come into agreement with the decrees for the branches of government to come into a higher understanding, to align themselves with the truth of your word your will and your way. Father ignite the reestablishing of the heart of the state to a foundational expression of the purpose of your word. Father establish the heirforce where they're functioning with authority and power to shift what needs to be done. And cause the greatness of your name to be known. Father we say to Ellis Island and all that within come into a righteous order and see the kingdom of God advance in the land. So Father we thank you that you are resetting and reordering for the purpose of realigning the state into it's clear full identity of original intent of your heart and your hand. So we thank you Father that they are coming up higher to the Rock that is higher than them. And coming into the order of your heart and the understanding of your way. We give you honor and praise. In Jesus's name. Amen.
