

PRAYER CALL 03/31/23 – CALIFORNIA

CLAY NASH: Okay. It's 2:22, and we are getting on the call. We're gonna be praying for California today. It's going to be a great call. I appreciate everyone joining and our guests that's coming on. Remember the Josiah Company Convocation coming up in Conway, Arkansas, April the 20th through the 22nd. Those meetings will not be live streamed, but you can go to the website and purchase a digital link so you can download the files of all the services. This call will be recorded, as all state calls are. It will be posted to the website, claynash.org, and also, it will be transcribed. So we're gonna press in. One thing I'll just release out. We've got some pretty bad storm weather coming through Mississippi, and we just experienced a lot of devastation and death. I'd appreciate that being a focus of prayer for today and for this weekend. But we're going to press in on California today. Today, we finish California. We've gone through 30 states. We like 20 more. And so Monday, we'll be stepping back in at 2:22 Eastern Time, and we'll begin with the state of Idaho, then, on Tuesday night, Utah, then Arkansas, then Maryland, and then Virginia. So, I'm gonna call on Pat there in Illinois to begin. Pat, you've got a prophetic word. What's in your heart?

PAT MCMANUS: Thank you, Clay, and thank you for the opportunity. And as we stand together and link our shields and see the Kingdom of God advance.

California, I'm calling you out for it's time to press into all that I am and leave the ways of man.

The gold rush of man is not your portion. I'm breaking the wall of resistance and igniting My plan in your land. I've allowed the exposure of all that needs to be seen and now I'm releasing the refining fire in the land. Get ready for the igniting of all that I am in you to be seen.

I'm unlocking revelation; I'm unlocking reformation in powerful ways. Listen and hear the advancement of My word in the land and see the opposition to My ways removed.

Stand and take back the land. Giants are falling. Giants are being removed, and My power will be seen.

I am raising up the Joshuas and the Calebs to remove and dismantle the giants in the land. Watch and see the mountains shake and tremble before thee. (Joshua 14 and 15)

Father, we thank You that You are releasing a sound of reformation to truly remove the giants in the land. So we say to California, listen to the heart of the Father and see the purpose of His hand prevail on the land as the mountains of opposition are being removed and the strategies of your hand are being seen. So, Father, we thank You, and we give You praise in Jesus' name, Amen and amen.

CLAY NASH: Amen, Pat. Great start. The Lord also gave me a prophetic word for California. I'm gonna release it now. Then, Regina, I'll call on you for your prophetic

word. And Jacquie Tyre, who could not be on the call today because she's traveling, has sent me a word that I'll be releasing for her.

But God spoke to me today, and He said, California, oh California, would you think that your time is not coming to cross over? Would you think the demonic strongholds would [unintelligible]? I say to you that the days of My flooding you from the north up to the open border with My Spirit, these days are upon you. I say to California, the liberal ones are [unintelligible] strongman upon you. This agenda is not the strongman over you. The power to sin is not the strongman over you. I say, and you must hear and obey. I, Yeshua, the only begotten Son of God, I am the strongman over California, and I am raising up my Ecclesia to become the strongman throughout California, says the Lord. As things crumble, crumble, crumble, I am about to send and release a torrent of rain that will wash away the plaster that has been applied to cover up truth and protect the lies. The wind and rain I'm releasing will expose the hawk that is white, which seeks to display himself as the grandest of eagles. I say no eagle is he. And even the filth of his loins will be exposed. The seed he has planted will not produce, for he plants where there is not a womb. Get ready, California, for Humpty Dumpty will fall down and, once overthrown, will never rise again. For he who thinks he's now indestructible will see his edgy glory be spilled and trodden under foot. Get ready, the [unintelligible] of 2024 [unintelligible] as war [unintelligible] well. California, you are mine, says the Lord of Hosts.

Father, I declare and decree from this promise to California. I thank You, Father, [unintelligible] is coming. I thank You that that spiritual rain and wind will wash away, the torrent of it will wash these [unintelligible] walls and seek to hide truth and cover up truth and make lies stand. But I declare that these lies cannot stand because You are about to bare Your arm in California. So, Father, we stand, we declare, we decree, and we come in agreement, and we war from Your promises for California. And we say, California, you are in transition. You are in transition. There are bones coming fitly joined together. There will be sinew and muscle and flesh upon them, and they will rise as God's Ecclesia there in the western state of California. Watch and see as God does great things. Rise up Ecclesia of California. Rise up into your place, in Yeshua's name, Amen. Regina, what's in your heart?

REGINA SHANK: Well, thank you, Clay. The Lord began to speak to me about California as I was praying, and this is what He said.

California, your purpose has been delayed. I see it. I see it, blown by the winds of adversity, blown by the lust for power and the lack of the washing of the water of the Word. But I have heard your intercession; I have heard your pleas for help. You are looking for gold. The gold is not in your land but in My hand. When I have tried you, you will come forth as gold. Do not be shaken by the shaking that is about to come but be steadfast. When your heart is overwhelmed, I will lead you to the unshakable stone that the builders have rejected.

The California stone of benitoite, rare and precious found in St. Benito County in 1907, represents the gems I long to give you. You must separate the precious from

the worthless. You must dig deep to find the precious jewels of revelation I have for you.

Deep is calling to deep. Go deeper, and you will go wider in your stewardship of this territory. The Sacramento and San Joaquin Valleys were visited in March of 1907, by one of the most destructive floods that have ever occurred in California. I will once again flood California, not with a flood in the natural, but a flood of outpouring. Get ready to steward this new influx of believers. You are calling to Me, and I will answer. Write the new vision; write the prophecies; tell My story and decree it into reality. Do not lament the problem; decree the answer. Even as I overturned the money changers' tables, I will overturn the money changers' chairs. Out with the old, in with the new. Those who have taken the lower seats will be given greater influence and power. The power broker's table of greed will be overturned.

Get ready, California. Move forward in unity to receive the commanded blessing and the shift of power I am releasing now.

Lord, we decree these things into reality. Lord, we know Your eyes are on California. Your hand is on California. And Lord, You are the stone that is going to be reestablished. The one that has been rejected will now be the unshakeable stone in the state of California. In Jesus' name, Amen.

CLAY NASH: All right, Regina, strong word. Strong word from Pat. Strong word through me. Now, I'm going to release the word that Jacquie emailed me.

California, there are bonfires with encampments of My Kingdom warriors scattered all across your land, many in the hillsides, in and out of the way places. These have been seen and unnoticed by most but not missed by My eyes that search to and fro throughout this land to see those whose hearts are steadfast towards Me, says the Lord. I'm sending My strong winds to fan these fires into white hot outposts, revival fires to begin sweeping the land with fires of awakening and cleansing. These fires shall purge the land of debris and defilement that has tormented and brought curses upon this land known as California. And these fires shall ignite passion and hunger within the hearts and souls of those who have been pressed on every side and left forsaken by the promise of a better life by those who've peddled messages and agendas of deception and delusion. My fires shall cause many across the land to stand up and be counted as ambassadors of My Kingdom. Listen, for the bold and the courageous, even surprising voices coming out of Hollywood and even out of Silicon Valley, and they begin to decry the leftist agendas of wokeism that has brought much bondage and lack into the people of California. A mighty harvest of bold, radical ones shall arise out of these places to expose the depravity of the darkness that has loomed over and out of California. Ecclesia, take your position to boldly decree and to lift the shield of protection over those that shall rise in the days ahead. They are the answers to your prayers and decrees. They need you to stand boldly as together you push back the darkness and see your land liberated from the tyranny of the enemy. Be careful how you respond to these surprising ones, for My hand is upon them even when they say things in a way that seems out of kilter. Know it is the rawness of their sound that is needful to shake and topple

the structures of the antichrist agenda. California, keep on praying. Keep on decreeing. Watch and see what I shall do, says the Lord.

Powerful word. I'm telling you, California, God is giving you promises. This is fresh promises, new promises that you can war from to see this battle continue to turn. Anne Tate, you're on. You've got some people that have been invited on, and I'm going to turn it over to you now.

ANNE TATE: Clay, thank you. I want today to introduce Vicki Norton, who's been instrumental in California in a number of different ways and her political activism. She's run for office, and I know that the Lord wants to use her in California in making laws and setting the state in a righteous path. And I thank the Lord for all of those that are with her, all that have joined in and who are activated. We have some very active Christians in state government in California. And today, Vicki is going to come on in just a moment. I'm going to speak into California. California has the ability to birth new movements. And when you call evil good and good evil, the movements that you birth will not bring forth righteousness.

And we say, Lord, that this is the day that You're drawing a line in the sand and saying, California, be very careful what you speak. Be very careful what you agree to. Be aware of trying to look good and yet not hitting the mark that the Lord has called you to. It is a powerful thing to be the womb of God, to bring forth new movement that will cause His Kingdom to come and His will to be done. But it is not without a cost. Voices have to be raised. Boldness has to stand up. People have to open their mouth and speak with their voice so that the enemy knows that he has been challenged and will be vested. And I say that those in California that have that call will stand up in this hour, and nothing will be able to deter them. That firebrands will begin to come forth and speak and move and be active and mobilize. And I say thank you, Lord, that You'll give them words that will penetrate deep into the hearts of darkness that have been allowed to operate and stand up. And we say, your day is over now, in the name of Jesus, Amen.

VICKI NORTON: Amen! Amen, Anne. This is Vicki Norton. God bless you. Everybody, thank you for those encouraging, exhorting words for California. It's like a fresh wind that's blowing. I have invited several people to join us today. Senator Brian Dahle from the first district of the state of California, a mighty man of God, and his wife, Megan Dahle, who's presently an assembly woman. She is on the call, and I've asked him to share with us a little bit about what he feels California needs prayer for and then to lead us in prayer. And then I have other people following behind him, Sylvia Johnson, who is the National Day of Prayer coordinator for the state of California, and also a leader here in the House of Prayer movement up in Sacramento. I've invited Melvina LaDesina, who is an apostolic leader in our state. And she's getting on a flight, so she will not be able to join us. But I asked her to send me a word, so I will read her word. And then I'll close out at the end with a word that the Lord has given me. So, I'd like you to welcome Senator Brian Dahle. Brian, please unmute yourself, and we look forward to hearing from you.

BRIAN DAHLE: Well, thank you, Vicki. Thank you for giving me the opportunity. As somebody who's been elected now 26 years, 16 years on the board of supervisors, and then 11 years in the legislature. I just want to pray. There's a lot

happening. You all know what's happening in California. If you watch any news, you know Gavin Newsome is going across our nation right now. This has been a state where we are open to bringing other people in to pay for abortions, and all kinds of things are happening here. But I just want to go straight to the Lord. So, Father God, we just thank You for California. You designed it in a way that it's like no other state, Father God. It is fertile soil, and mountains that catch the rain. And thank You for the rain, Father God, that we desperately needed. Father God, this place is not only just the landscape that is amazing that You have designed, it's also the place where we've seen great revival, Father God. The Azusa Street Revival comes to mind, Father God, where Your Spirit poured out. And so, Father God, I ask that as You say in the Lord's Prayer to bring heaven to earth, You lean down and lean in, and You listen to the prayers of the remnant that is here in California that is working hard, Father God, that You bring Your Holy Spirit and that You would rebuke the enemy, Father God, and that You would bring the blood of Jesus Christ over our state and wash it and pour out Your Spirit, Father God. There are many voices that You hear, Father God, that You know, and that we know that we cannot do it without You. The enemy roars like a lion, but that's all he does is roar, Father God. Many examples where just a small remnant, Father God, I think of Gideon and the 300. Father God, You can use one man; You can use many, Father God, men and women of Your faith. So I just ask that you come, Father God, and that You push back the enemy, Father God, and let the righteous stand. Give us wisdom, Father God. As somebody who sits on the floor every week, listening to the enemy roar like a lion and move, Father God, they're coming after our children. They're coming after the sanctity of marriage, Father God. We just ask that You give us wisdom, give us the words. Rise up an army, Father God, an army of believers, Father God, and then move with Your Holy Spirit here in California. We thank You for this amazing, awesome state. We know, Father God, as California goes, the nation goes. And we have seen the enemy just take over with Hollywood, with Silicon Valley, and we know, Father God, that You love this state and that You're more printing of Your word that came out of this state than any other state in the nation, Father God. We've seen a great move from You here, and we ask that you come again and move Your Holy Spirit, Father God. In Jesus' precious name we pray, Amen.

VICKI NORTON: Amen! Thank you so much. We bless you, and we will surround you and continue to surround you with our prayers, Senator Dahle, and your wife, as you are transitioning out of the senate after 2024. We're praying for your transition. And if anybody worked for him, he's right here. I also wanted to mention that I forgot mentioning Sue Yu, who's going to be joining us after [unintelligible] pray. Sue Yu is the president of the school board in her area. She's also a youth pastor and the wife of a pastor. She ran for state assembly; she was a candidate in 2022. So, after Sylvia prays, we'll have Sue Yu. And thank you so much, Senator Dahle, for being with us today. Sylvia, if you're on, would you go ahead?

SYLVIA JOHNSON: I thank you, Vicki. Hi everybody on the line this morning. Thank you again, Vicki, for the opportunity to join this morning. I am excited to be able to just briefly share and pray for us. I am right now boots on the ground in Sacramento, California. I'm a California native; I've been in California for more than 35 years. I'm thankful and grateful to stand as a prayer leader over this state. And

I really believe that we are called [unintelligible]. We're called to pray life over California. And so, I just want to lead us in prayer, in praying life, and praying unity. The opposite of life is death, and many have spoken death over California. And it's the plan of the enemy to divide us and destroy us. When we are united around the cause of life, we are strong. Proverbs 18:21 says, 'Death and life are in the power of the tongue, and those who love it will eat its fruit.' However, Psalm 133, I'm going to ask you to join me. I'm at Psalm 133, and I'm going to pray for Californians, for the believers in the state of California. Psalm 133, Father, Your word says how good and pleasant it is when brothers dwell in unity. It's like Your oil of joy and gladness being poured out over our heads. It's like dew from heaven, falling on believers, Your people. And so, Father, this morning, in the midst of unity and life, this is a place where You command a blessing. And so, I pray with my brothers and sisters this morning, Father, let Your oil be a healing balm as it flows over our heads and over the body of believers who are here, where You command a blessing. May California know You; may California know life; and may California be united as one in You, Yeshua. In Jesus' name, Amen.

VICKI NORTON: Amen. Thank you, Sylvia, appreciate it and God bless you in the work you're doing with the youth there in Sacramento as well. Sue Yu, are you on the call? Sue sits in the gate of the education. She's president of the school district down there in southern California. Mighty woman of God, we honor you, Sue. Please tell us what's on your heart here for California today.

SUE YU: Thank you so much. All of your encouraging words towards California have given me so much hope because I am with people, going to meetings, a lot of meetings where there's a lot of Christian patriots, and they're just so disillusioned and discouraged because they don't see any hope in California. And the Republican party has become so weak and small that people are just so disillusioned. And there's so much fear, and the enemy has been successful at pumping hate and division amongst each other. And so, right now, people in California, it's not going to be might nor power but by God's Spirit only. When people of God repent and all the words that you shared today, all the prophecy and the proclamation and the victory, the hope that came through the Word of God, that is the only hope. The believers have to rise up, so I really pray, for you have not received a spirit of slavery leading again to fear, but you have received a spirit of adoption as sons by which we cry 'Abba Father.' This is what I want to pray for, repentance. Heavenly Father, all heavens declare the glory of the Lord, and yet Your children in California live in fear and disillusionment and hopelessness. Father, we pray that there are so many Christians still hidden, independent, divided throughout California. The church is losing the grip, the power of the Holy Spirit. So many churches have gone woke. Father, we pray, and we repent of our sins, the greed, and in doing the flesh, the complacency, indulging with materialism and entertainment, and inviting so many idols into our lives, neglecting to raise our children in the fear of the Lord. We fell astray, Lord God. Would You forgive us and pour out a spirit of repentance upon the churches, Lord, upon each Christian? I pray, Father God, as we repent that You fill our hearts with Your Holy Spirit. Anoint us, Lord God. Pour out Your Holy Spirit. Have mercy, Lord Jesus. There are still thousands of Your children who have not bended their knees to Baal. And we have given ourselves over to satan. Oh, Father, it's gonna take prayer warriors, spiritual warriors to break this bondage. Lord,

release Your Spirit upon us, Lord God. May each church, Father God, there's an outcry of repentance in these households. We have lost our next generation, given over to satan. All the deception, Marxism, we have been brainwashed. Heavenly Father, we are crying out; Your children are crying out. Would You have mercy on us, Lord Jesus? And Father, break every chain; break every chain of addiction and fear and just disillusionment, Lord God. Would you allow us, Lord God, to be renewed by Your Spirit and to see the hope that is only in our Lord Jesus Christ? And I just thank You for these encouraging words, Lord God, and hope, hope for California, Lord God, because in human eyes, there is no hope, Father God. I pray, Lord Jesus, that we would share the message of hope with those who are seeking You. In Jesus' name we pray, Amen.

VICKI NORTON: Amen. Thank you so much, Sue Yu. We appreciate you and all you're standing for in this state. Now Melvina LaDesina was not able to join us because of her flight delay and complications, so she sent a word, and I'd like to read that word.

She said, California, we invite you to have an abundant life in the Lord. May your natural resources and abundance of the land be a picture of what God can do spiritually. The Lord is giving you an opportunity to enter into covenant with Him. Repent from your adultery and choose Him. When you choose the Lord, He will make you a witness to the nations, and you will be an example of leadership. May the nations hear the new report of what God is doing among your people. God will be glorified in California. We abandon our wicked ways and repent of the covenant of death we've made. May the Lord's words sprout new life over California. As the rains from the heaven have fallen over us, we pray Your presence will cover this state. We decree that a new sound will come from California to shift the nation. Arise and shine California, for your light shall be seen in a new way by the rest of the world. A new generation will arise with a new sound to woo the bridegroom. May the people of California recognize the new sound and make room for the Lord.

Amen. Amen and amen. I just want to read something as a decree out of Isaiah 28, and then I want to share something that I feel is really important as all of you are praying for California. But let me read this as a decree from the Lord for the state of California today out of Isaiah 28:14. Wherefore, hear the word of the Lord, ye scornful men that rule the people which is in California. Because you have said, 'We have made a covenant with death and with hell,' are we at agreement? When the overflowing scourge shall pass through, it shall not come unto us. For we have made lies our refuge, and under falsehood have we hid ourselves. Therefore, thus saith the Lord God, behold, I lay in Zion for a foundation of stone, a tried stone, a precious cornerstone, a sure foundation. He that believes shall not make haste. Judgment also will I lay to the line and righteousness to the plummet. And the hail shall sweep away the refuge of lies, and the waters shall overflow the hiding place. And your covenant with death California shall be disannulled. And your agreement with hell shall not stand. When the overflowing scourge shall pass through, then you shall be trodden down by it from the time that it goes forth. Amen. Hallelujah.

California, you've gotta clean up the house. It's time. And I also understand that you have often day by day as you're looking at the 50 states, you've been looking at the words for each state out of the *Releasing the Prophetic Destiny of a Nation*.

And California, as we know, was declared the crossover state, which I want to address. There's a word that Chuck Pierce delivered in California in Sacramento in our capitol city. And Sacramento means sacrament or covenant. The word he delivered was this: California, you are a shield to the nation. Please hear that word. I believe it's very key. You know, a shield is a symbol, a form of defense. A shield protects us from attack; it's a shield of faith. Shields were handheld and also displayed on buildings, and we know that the Lord is a shield round about us. California has faith to arise and faith for the new. Faith to trust in God and follow Him into the new, and I believe that the Lord chose California as a frontline of defense for this nation. While California is many things, whether it's innovative, entrepreneurial, or creative, empowering us with a sound and a voice of the future and a voice of change. We must roar for the full manifestation of God's purpose and calling. We are pioneers in a land where revelation is heard, but the twisting of the occult turned it into false media voices, whether Hollywood or the platform of social media from Google to Facebook to CNN and back. We have released false prophets of entertainment and media, leading many, including our children, astray. We've been a rebel government in the face of God, bowing down, and as I've mentioned, empowering the blood altars of Molech and the altars of mammon, which God is dealing with right now. Our present government is out of order, imbalanced, and corrupt to the core. Doctrines of demons fly out of that legislature under the watchful eyes of the principality Minerva, who has been revealed at the dike, so we've got some root issues there with the transgender movement. And you've also heard that as California goes, so goes the nation. Well, I researched where that came from, and that other states at different times have said the same thing, such as as Ohio goes, so goes the nation. The reason behind it, it was stated, it had to do with that state being the battleground state for the presidential election. We have the 2024 presidential election on the horizon, and I don't know if you're aware, but California has the most electoral votes in the nation of any state. We have 54; we lost one last year because we lost a congressional seat. We now have 54 votes. That is, we have a voice. But I'm not here to talk about politics. I'm here to say the Word of the Lord. We don't trust in horses and chariots, but we trust in the name of the Lord our God. So, I want to prophesy out of that revelation of what Chuck said.

California, you are a shield to the nation. So I say to you California, embrace your identity. Take up your shield. You will no longer halt between two opinions. You will arise; you will raise your shield, shining with radiant light and glory, illuminating your calling to the nations, standing for justice and righteousness. This plumbline will be heard across the nation as a voice of truth, releasing a sound that shatters the lies and the backroom agreements of political alignments. Your watch to shield a nation is in place. California will not abandon her calling. She will watch, she will declare, and she will stand triumphant. We align and war from the position of it is finished. We will raise and align our shields against the enemy, declaring and enforcing God's rule and protection upon the land, the people, and the nation. The Lord will come like a north wind to unseat the hypocrisy and the chanting of jackals. California will no longer come into agreement with the deception and lies of unrighteous rulers promoting altars of aborting destinies and innocent bloodshed. California, you will abandon and decry the lies you listened to in past seasons,

replacing and now embracing the truth and the freedom of the new. Your voice of triumph is the declaration of eureka. The snare is broken. We have escaped out of the snare of the fowler. California, you were known as the gold rush of a past season, but this season, you will be known as those who have found faith in the riches of the living God. And you will walk in His Kingdom principles to prosper. Let go of the old. Embrace the new, for His Kingdom has come on earth as it is in heaven. Enter your harvest. Amen. I turn it back to you, Anne.

ANNE TATE: And Clay, I turn it back to you.

CLAY NASH: All right. I want to thank California. For those that came on, I want to tell you, powerful, powerful words that have been released. The words that came before and the words that have come, very, very powerful. Timothy there in Shreveport, what's in your heart, my friend?

TIMOTHY CARSCADDEN: Thank you, Clay, and for all those who are [unintelligible] praying from California. I minister there a lot. I have a real heart for this state. And I'm just going to share some prophetic I had. I'm not going to be long and just release this. Number one, I had a dream about a month ago. And, you know, the golden bear is one of the symbols of California. It's on the flag, I believe. And so, in my dream, I saw the plans of the enemy, and the enemy wanted to replace the bear with a golden retriever. And for me, I do a lot of work in personalities and stuff, and the golden retriever speaks of a man-pleasing spirit. It cowers down; it tries to please everybody, no matter what at every level. And I felt like that's a big plan of the enemy, to let that spirit overtake and let it be the symbol of California, and that is not the word of the Lord. And I just want to say it sometimes is good to know the schemes of the devil, and that's one of his schemes, is to release that spirit. It seems that a golden retriever's a lovely dog, and everybody loves it. It's so kind and wags its tail all the time. But it also will try to please everybody in the room. And I feel like the spirit that's on there; it's deceptive. It seems like a comforting thing, but it's not. It has many roots of evil in it. Then, I had another vision, and I saw the eastern part of California like a right, a divide between the state. And the Ecclesia of the east side of California from north to south, and I realize it's going to be mixed in some of the cities because much of the Ecclesia there, is that there's a heart to see that state transformed. But I saw like a wave come from the east and begin to wash over the west. And I believe the Lord's saying this clearly, that the east part of California will be heard from, and her voice will be a wave of the Spirit that'll begin to sweep across especially the metro areas of the west, the L.A.s, the San Franciscos, the San Diegos. It will just begin to sweep across, and there will be a flood of the presence of God but also a flood of justice that would come from the east to the west. I want to just decree what I saw. Lord, I decree that one, that there would be this wave of the Spirit. That Lord, the Ecclesia there that has been on the wall, that has not moved, Lord, they would see the reward of their prayers and their faith and their prophetic work. Lord, all the prophetic that's over California for the moves of God that are called in that state, we say that they are yes, and they are amen. And we agree with them. And Lord, I come against this dream that I had. I come against the changing of the purpose of California from one level to being a lesser level. And I pray, Father, this spirit that comes from the golden retriever thing I saw, I say, Lord, that is not their

portion. They will stand up for righteousness even in the face of men. That men trying to please men will not be what California is known for, but that the Ecclesia will be known there for doing what God wants to do in that state. Lord, I decree that now in the name of the Lord, and I bless them in Jesus' name, Amen. Thank you, Clay.

CLAY NASH: All right, thank you, Timothy. You know, Timothy, as you began to speak, I began to see a vision, and what I saw at first was C A A. My mind naturally thought about California apostolic authority. But I asked the Lord, I said, Lord, what is this about? The Lord revealed something to me. He told me to speak part of it in dark speech. But He told me to call a man named Carlos Allen back into politics. He showed me who this was, and He showed me that His hand is still upon him. He's held a position in California. I actually prophesied into him years ago, and if I'm not mistaken, this man, I'm pretty sure I'm right, this man has roots in Shreveport because he was born there. And so, the Lord has instructed, and I say his last name, some on the call, I'm sure, will know. But I just decree, Carlos Allen, step back into your grace. Step back in to your purpose. We call you. You are a voice for the Lord, and you are a voice for common sense. And you are a voice for the state of California. And we call you Carlos Allen. We call you back in to the place of destiny. I'm not seeing that he's out of the will of God. I think he's been on a holding pattern, but I see God saying it's now it's time to step back in and engage this grace. So, Father, we lift up this man. You know him; Your hand has been upon him. He turned his heart over to You, and Father, he's got a place to make a stand in California, Father, to be part, a serious part of the turning of that state. So Father, we just declare to Carlos Allen, step back into your grace. Step back into the place God has anointed you for, and step into that place, and fulfill your destiny, and do so in Yeshua's name.

I want to check. Any of the hosts that are on have anything else to release before I call on my friend there, a minister in California, John Frady, to close us out in prayer? Any of the hosts have something else stirring? All right. Guess you don't. John, good to have you on. If you would, close us out in prayer, my friend.

JOHN FRADY: I'd be glad to. I just want to greet my brother and sisters from California and also just thank the ones that are cheering us on from outside the California area. We need it. We cry out for mercy daily to God. We recognize it's not going to be because of our goodness that God takes this place. And so, we cry for mercy. You know it's constant the people we see coming through our group, our church, that are from the whole alphabet community. It's not uncommon for us to have questions that are unanswered when we're reaching for those answers, and the leaders of this great state need wisdom to deal with the challenges that come in. I know many of us have heard us and saw the video movie with a Jesus Revolution and saw the difficulties that the churches went through when the hippies began to come in. Well, we're believing there's a great harvest for the alphabet community to be coming in, and they're gonna bring the same kind of challenges the hippies brought to the generations ago. And so, we need wisdom as leaders; we need wisdom for brothers and sisters, as participants in the harvest. And we can't do it when the sons of thunder are sitting back condemning and cursing the Samaritan cities or the Samaritan states. We need mercy. We hope and trust that

the people of God are going to recognize that the Son of Man did not come to destroy men's lives or a state but came to save us. That's the heart of the Lord. That's where we're reaching for a passage of Scripture that the Lord's given me for this time right now is Job 14:7 & 9. It says, 'For there is hope for a tree if it is cut down, that it will sprout again, and that its tender shoots will not cease. Though its roots may grow old in the earth and its stump may die in the ground, yet at the scent of water, it will bud again and bring forth branches like a plant.' And I had the joy of driving from the eastern side of California in the Sierra Nevadas last week, all the way to where I live on the West Coast. And as you know, the reservoirs, as many of you know, the reservoirs in our areas have been down, depleted, and look like a drought was here to stay. Our local reservoir was at 22 percent capacity three months ago. And through the mercy of God, we're seeing our reservoirs filled. It went over the spillway last week, and we're rejoicing in that. The abundance of water and the Scripture there in Job says that when the water comes, it's going to bring forth bud and bring forth branches like a plant. We're trusting and believing that California's indeed in that experience. Driving from the east the other day, I went through an experience what's called the super bloom. It's when the flowers of the area, the wildflowers are growing. There were acres of bright orange California poppies, acres of these white and purple and beautiful flowers, and all I could experience and see and talk and communicate with the Lord about was the mercy that He's shown our state. We're so grateful for that. We want to pray into that. Heavenly Father, You are so merciful. God, we love You. We thank You that as the things are speaking to us in the natural, God, so it would be in the spiritual. That the California church, the Ecclesia, would blossom again. That there would be great substance and great wealth and abundance of water flowing out of the bellies of those that are called by Your name, oh God. We thank You, Lord, that the humility that is coming to this state, to this church, to the people of this city and this state, God, that they indeed would experience the grace and the mercy that comes. For Your Word indeed spoke that through humility, grace would be given because You resist the proud. Lord, we're asking for a continued flow of rivers. We're asking for continued labors. We're asking for fertile soil and soft soils for the seeds of Your Word to fall on the hearts of people who have yet to experience You. We pray, oh God, for Your shepherd's staff to go out across our great state, God, drawing people into Your Kingdom, drawing people close to the Shepherd's heart, Lord, that we might learn and know Your voice. The voice of a stranger we would no longer follow, God, because we've tasted and seen how good You really are. Oh, open the eyes of our children. Open the eyes of our marriages, God. Cause us to experience Your goodness and Your grace, Lord, while we're still here in the land of the living. We stand against the works of darkness that have come to try to erect super structures of darkness, whether it be in the religious world or it be in the natural world or it be in the spiritual world of darkness, we stand against those plans. We say those super structures are coming down by the grace and the mercy of the living God. The Lord Jesus Christ speaks to those and calls them down, dismantling them one at a time, and we thank you, God, for replacing the lies with deep understanding of Your truth. We thank You for great new revival springing up. God, we thank You that this land is Yours. The earth is the Lord's and the fullness of it, and we claim and declare that California is Yours, Lord. We have not and will not turn it over to the works of darkness because this is Your land, God. We recognize

as Your church, forgive the church for giving it over, for saying it's the works of darkness, for saying it's the enemy's, God. This is not. The world is Yours. The earth is the Lord's, in Jesus' name.

LYNN FRADY: Yes, this is John's wife, Lynn, and I just want to tail end on that one. When I went to the dam to see, I just had to see with my own eyes, the water's going over the spillway. I knew it was proclaiming that God was spilling over on our land. And I was sitting there waiting for it. I didn't get to see it that night; it didn't happen until 5AM in the morning. But I just wanted to see it with my own eyes because I knew it was the hand of God pouring over our land. And I heard the Lord say this is the reversal of the word spoken. I have reversed it. The water is redirected inside My land for a purpose, and this land is Mine. I have claimed it for myself and for my purposes. And then, the Lord brought to me that same scripture, I love it so much, II Samuel 5:20. It says He is the master of breakthrough. The Lord has broken through my enemies before me like a breakthrough of water. He burst through my enemies like a raging flood. And then, I was looking in my journal, just some intercession we'd done back in 2014 with intercessory prayer group here, just praying over California. And this was a word from Bob Jones, and it just stood out to me today for claiming it for California. You can claim it for California; you can claim it for your own state. But it says, God is arming the body of Christ with weapons of His divine love, that the enemy has no defense against. He will begin to see the army of God come together in unity, common union to where the enemy will have to leave entire cities. This army is getting ready to take entire cities and, eventually, entire states. In certain places, entire nations. This is the year of the army of God coming together with angels beyond numbers and weapons that cannot be defeated by the enemy. Angels are here now, preparing for the body, for the harvest, and there will be a mighty victory. And we just claim right now, Jesus, that You are revival. We thank You, Jesus, that You are coming back to Your church, and You will be seen. This movement, it's all about You, Lord, and You are the central point, the center of all things, Lord. And we focus on You; we exalt You. And You said if You be lifted up, You would draw all men to Yourself, God. And we thank You for that hitting California. It's sweeping across our entire nation, and You're taking it for Yourself. It is Yours. In Jesus' name.

JOHN FRADY: And Lord, it's with that that we give You praise and turn it right back over to you there, Clay. God bless.

CLAY NASH: Thank you, John and Lynn. Appreciate your friendship. I appreciate the words that are released. I want to remind everyone on the call, Pat sent me a text. Jane Hamon actually has a word about super bloom. I'm trying to find some notes. You need to look it up yourself. I'm gonna go back and read it. I remember most of the word, but I need to refresh on it again. We need to work that into what John saw and Lynn saw as they drove across there. Listen, everyone, thank you for being on this call. We have now finished 30 states. We like 20 more. We will begin on Monday with Idaho, 2:22 Eastern Time. And then Tuesday, of course, we do our call at 9PM Eastern Time. It will be Utah. And then, on Wednesday, Thursday, and Friday, we'll do Arkansas, Maryland, and Virginia, and that will be at 2:22 Eastern Time. These calls are recorded; they're transcribed. And if you'll go to claynash.org,

all the information about these calls, all the recordings of the states we've already covered are there. Most of the transcriptions are there. It takes us about 24 to 48 hours to get the transcription up properly. So, we are doing that on every state. I want to thank everyone on this call. Those of you from California, thank you. Thank you, thank you, thank you.

VICKI NORTON: Thank you so much.

CLAY NASH: It's an honor to have you on, to hear these words that you have declared and decreed, and I want to thank all of our callers that are so faithful day in and day out. They call at 2:22 Eastern, and they join this call and add their power of agreement and their declarations and decrees right there at home or work or wherever they are. Thank you for that and certainly my hosts that make this call what it is. We began five years ago, and it is just incredible, the faithfulness of those who help. I want to end with saying the last part of the prophetic word that God gave me. He said, California, you are mine, says the Lord of Hosts. We end with that today. We'll be back here on Monday. God bless you all. Have a great weekend. And if you think about this call or think about me for some reason, pray for Susan and I. We celebrate tonight with a lot of our friends, 50 years of marriage, 70 years of life, and 40 years of full-time ministry. Life is good. God bless you.

HOSTS & GUESTS: God bless you, Clay. Thank you.
