

Prayer Call 03/07/2023 – South Carolina

Clay Nash: Alright! Good evening and welcome to our Tuesday night, 9pm call. We are going to be pressing in tonight to South Carolina and it's gonna be a great call. We've got some guests that are gonna be on with us and we've got some great hosts that are going to be on as well. And so we're excited about the call. We're excited about praying for all 50 states. Momentum is building, the numbers of people coming on the call are building, and we're very, very excited! It's so great to have on tonight, and I'll be letting Jacquie and Anne Tate introduce them, but we've got some, some just incredible guests that's gonna be with us. We've got Judy Jackson and Senator Larry Grooms. Thank you for taking time out of your busy schedule and making time to be on, on the call tonight. Also, we're gonna be very honored tonight, and I'll let Ken Malone introduce her a little later in the call, but we're gonna, we have the privilege of having Christina Bobb on with us as well. And she's gonna be doing, do a prayer on what's on her heart. She is one of President Trump's lawyers and just a tremendous woman of God, tremendous insight, and so we're just very honored to have her on with us as well. Remember coming up April the 20th through the 22nd in Conway, Arkansas, that's near Little Rock, we're gonna be hosting the Josiah Company Convocation and we're expecting it to be a great time. Hotels are on my website: claynash.org and we're gonna have a tremendous thing and those that can stay over on the Saturday night we're gonna be praying then over all 50 states. We're, we're gonna gather there early and we're gonna pray Saturday night, it's gonna be a tremendous time. Every call we do, we record and we post on my website. And all of the 50 states calls we are transcribing and putting that on the website to where those in the state of South Carolina can get ahold of it. There will be prophetic words on here tonight, declarations and decrees, and you'll be able to pull that down and use it in your prayer groups. So thank everyone. I appreciate those that are working with our ministry, with my administrator, who happens to be my oldest daughter Dawn, to keep these transcriptions rolling in and getting them up on the website in a very timely manner. So thank you. If you're on the call listening tonight, thank you for being part of it. Jacquie Tyre, so thankful for you being on tonight and you've got a prophetic word for the state of south Carolina so I'm gonna call on you first to release that word.

Jacquie Tyre: Alright, thank you Clay. And what many people don't know is that South Carolina holds a very special place in my heart. I spent about three years living in South Carolina, just outside of Columbia, and also have ancestors that came through South Carolina many, many years ago so it holds a special place in my heart. And as I was praying over this call and for South Carolina I began to hear these words:

South Carolina, in days gone by you were known for the shot that was heard around the world and I say to you that it is time once again for a sound to come out of South Carolina.

A sound to end injustice and to restore righteousness, justice and integrity into the fiber of this nation.

The time for Divine reversals is at hand.

A time of restoration and recovery of that which has been sullied and marred through the years.

A time of restoration to My original intent to come both to and through South Carolina. It is time for South Carolina to be known as a key to the recovery and restoration of My purposes.

Rise up South Carolina! Shake off the ashes of the past and receive the blowing winds of My Spirit that will ignite the embers of awakening from days gone by and will fan them into flames of glory.

Watch and see if I will not do this work of restoration and recovery as the winds of Divine reversals blow across the land says the Lord.

So Father, today, in the Mighty Name of Jesus, we say let the winds of Divine reversals blow across South Carolina. From Charleston to Myrtle Beach, from one end to the other, from the coast up into the mountains of Asheville and up to where it meets in with Asheville there in North Carolina. Father, let South Carolina be set ablaze with the glory of God! Let the fires of awakening that burned in the mid-1800's, let those embers burst again into the mighty flames of revival. Let there be a restoration and a recovery of things that were lost, things that were stolen, things that were cast aside, things that were forsaken. Let there be a recovery and let South Carolina rise as that key to unlock Your purposes in this nation. That the restoration of justice, the restoration of righteousness, the restoration of integrity in this nation, come to the forefront. Let it spread across this nation for Your glory and Your honor, in the mighty Name of Jesus. Amen!

Clay Nash: Alright Jacquie, I'm gonna let you introduce the two guests, do that at this time and bring them on just in case the Senator has other responsibilities, might need to get to other calls or duties. And so if you'll go ahead and do that at this time.

Jacquie Tyre: I will be glad to. It's my honor to introduce Judy Jackson. She's is a prayer leader in South Carolina. We've been friends kinda from a distance for many years, and just honor the work that she is doing the Charleston area and across this state in bringing about intercession and Kingdom advancement in South Carolina. A real governmental heart, a heart to see God's purposes fulfilled in this state. And Judy, I'm gonna let you take it from here and introduce Senator Grooms and thank you so much for working with us on this.

Judy, you may need to unmute, I heard you earlier.

Judy Jackson: Jacquie, I just want to add something about awakening. In 1857, the second Great Awakening started in Charleston at the Anson Street Presbyterian Church. Forty-eight blacks and twelve whites prayed and prayed, prayed for revival. And when it broke out they were meeting with 1500 to 2000 people a night, crying out for revival. That happened and many were saved. A man from Fulton Street, New York came down, he heard what was going on in South Carolina and said, "I gotta have part of that." He came down and then took it back to New York and that started the Fulton Street Revival. Because of what went on in Anson Street, the spiritual atmosphere over Charleston was altered and a window of revival was opened to the nation. So it sounds like this is where we are and so tonight I am honored to have with us my friend and Senator from my area, Larry Grooms. Larry is a born again Christian, he prays, he believes in what's going on in south Carolina and a couple of awards I just want to mention for him: he was given the Senate Legislative Champion Award for outstanding leadership and defense of Safe Family and Freedom; he was also the Pro-Life Legislator of the Year by South Carolina Citizens for Life. Larry has worked hard to bring justice, to bring advancement in South Carolina, working with the South Carolina Senate. So Larry, I turn it to you and whatever is in your heart, whatever you'd like us to pray about for South Carolina.

Senator Larry Grooms: Well, thank you Judy and thank you all for being on this call tonight. Thank you for your earnest prayers for South Carolina and for our nation. Interesting times in which we live, interesting times in which we are called to do certain things, each of us, according to the gifts that God's given us. I count myself fortunate to live in this time, to be called at this time. We certainly have our challenges ahead of us and we've had our challenges before and we've all risen to the occasion under God's blessings and I pray that this night, this day, that we will rise to the occasion, we'll rise to the restoration, we will arise to the awakening that's been mentioned on this call this night. There's, there's so much that we need to confess. There's so much we need to ask for forgiveness. We need to ask for righteousness. We need to ask for holiness. We need to ask for the Great Awakening. In a day and a time where we argue about what is trut, where we argue whether our children will be better in a Sunday School class or being read to by in libraries with drag queens. There's so much Lord which we need Your help in this hour, in this day, in this time, and we thank You for men and women who are assembled on this call, this night, praying for South Carolina praying for our nation. We pray to You Lord. We pray for those who have been called to serve. We pray for their families, we pray for their well-being, and we ask Father , that You reach down and touch each of us that we would be able to stand for righteousness, that we'll be

able to stand on Your Word, that we'll be able to stand for what we know is true and good and holy. That those that would come after us would be able to know You, will be able to receive Your blessings, will be able to live in a land that places value on their freedom, particularly their freedom to be able proclaim the Word of God and be able to hand down to future generations the ability to boldly proclaim the Name of Jesus wherever they go. We thank You, Lord, for the opportunities and for the blessings, and we know dear Lord that Your Word, when it goes forth, it does not go out hollow and it comes back to us in a way in which we can receive it and help share it with others. We thank You, Father, for this day. We thank You for the blessings and the opportunities and the challenges, and we pray dear Lord that You help fill our days with Your Holy Spirit that we can reach others. Thank You for Your great love. We ask these things in the Holy and Blessed Name of Jesus.

Judy Jackson: Thank you Senator Grooms. And it is such an honor to have praying men in our state government. When Chuck and Dutch came through South Carolina in 2003 the prophetic word was: South Carolina was the state that would reverse the curse.

And recently, Chuck said: South Carolina will lead the nation in a victory.

The three characteristics of South Carolina are leadership, intercession and prosperity. So as we pray tonight, Lord we thank You for wisdom for our leaders, that they would have wisdom to tap into Your purposes, plans, and Divine destinies for South Carolina. We thank You Lord for justice and awakening settling over our state and Lord, we thank You that as You have called South Carolina into a place of leadership, that as we go forward we will truly be this, as the shape of this state is as a diamond, that we will shine because we have Godly men in our state House praying. We have prayer going on in our state. And Lord, we surrender tonight to the prophetic word and we step into our prophetic destiny as the prophet state to move and go forward and we thank You Lord for everything that's going on in this prayer call of 50 states being prayed for in 50 days. Thank You Lord! Back to you Jacquie.

Jacquie Tyre: Thank you so much Judy! We really appreciate it. And Senator Grooms we appreciate you being on tonight and sharing your heart and your heartfelt prayer with us. We are standing with South Carolina and know you have a mighty part to play in our nation. So we bless you and, Clay, I'm gonna turn it back over to you sir.

Clay Nash: Ok. Thank you Senator Grooms and thank you sister Jackson. We bless you for this time. I'm gonna call on Regina Shank there in the state of Missouri. Regina, what's in your heart?

Regina Shank: Well thank you Clay. It's good to be on with everyone tonight. Several things as I was praying over South Carolina I began to see a sledgehammer break up concrete sidewalks that previously led to mammon's doors and I just began to see the watchmen taking their place on top of the walls and I reminded of Habakkuk 2, "I will stand at my watch" and I heard the Lord say: I'm going to raise up more watchmen in South Carolina and I will station Myself on the ramparts (and a rampart is a wall around a city) and they will be stationed there and I will look to see what he will say to me and what answer I am to give to his complaint.

And I began to see the Lord raising up more watchmen over North Carolina who will be those who carry the watchmen anointing but also they will be decreeing like a sledgehammer against some of those liberal mammon structures in the state. I also saw the breaking up of fallow ground in some colleges and there were three colleges I saw. I began to see Wofford College, University of South Carolina and Presbyterian College that God is gonna come into those colleges and begin to break up some fallow ground and begin to cause His Word to be planted in those colleges. And if I were to give a word to the watchmen, I would say go to those colleges and begin to pray and break up the fallow ground in those colleges. And then I began to see two words: breaking and breakthrough. And as the breaking of those liberal theologies are coming down the breakthrough will come. Also, I began to see like boxes of South Carolina's purpose like packed away, not the full purpose but part of it, and I heard the Lord say: I am going to call My intercessors to unpack the purpose of South Carolina, some of which has been fulfilled but some of it which has been packed away.

And there is an unpacking of the purpose of South Carolina. And Father, I just thank You for that word that You are bringing forth the destiny of that state. And we decree Father, that there is a new sound of worship going to happen in South Carolina and I decree out of Zephaniah, Chapter 3: Sing O daughter of Zion, shout aloud, be glad and rejoice with all your heart. The Lord has taken away your punishment, He's turned back your enemy, the Lord is with you. The Lord is with you. Do not fear South Carolina, the Lord is with you, He's mighty to save and He takes great delight in you. He will quiet you with His love and will rejoice over you with singing. And I decree a new sound, not a sound of lament, not a sound of woe, but a sound of praise and a sound of victory and a sound of breakthrough. So Lord, we thank You for South Carolina that has in the past been a slave state but now will come into its purpose, it's full purpose, and that is the state that sets captives free. Lord, we release that outpouring at those colleges, we release Your intercessors Father, and more watchmen to come forth to bring forth the purpose for the state of South Carolina. In Jesus' Name.

Clay Nash: Alright, thank you Regina for that declaration and decree. Ken Malone, there in Florida, what's in your heart?

Ken Malone: Hey Clay, I'm so honored to be on here tonight and I'm thanking God for what He's doing in South Carolina. In 2020 I did what we called a backbone tour from Florida all the way to DC. We started in St. Augustine, then Savannah, Columbia South Carolina, Charlotte, Cape Henry Virginia, Jamestown, and then DC. And of all those places the heavens opened up the greatest in Columbia, the capital there. And the church in that region there responded as well. We had probably 150 people come out to join us. And I was amazed at the open heaven that is sitting over South Carolina. I believe it's still sitting there today and I believe it will be one of the first fruits of the awakening revival for our nation and I want to pray into that tonight. And Father, I just bless You and thank You God for South Carolina. I thank You God that it is a state, Lord, of redemption, it is a state of restoration, and I thank You Father that they will help lead the way an awakening revival Father, for America in Yeshua's Name. Father, I thank You that the heavens continue to open over that state and Father God, the leaders, God, will rise up Father in that state as they did in Judges during the time of Barak. That they will rise up and begin to defeat the enemy on many levels, on spiritual levels, heavenly levels, but also on earthly levels. And Father, I give You praise and honor and glory that South Carolina will see this awakening revival with thousands and thousands and thousands coming to Jesus. And so Father, I bless South Carolina tonight and I bless it with a Father's blessing. I decree that every curse spoken is now reversed in the Name of Yeshua and that curses no longer live or light upon that state, only the blessing of the Lord. And Father I thank You for it in Yeshua's Name. Amen. We are so glad to have on the call a lady who has become a friend to us and that is Christina Bobb. I first met Christina about 3 years ago, maybe it was 2020, there in Washington D.C. and she and Dutch and myself, we had lunch together. We've done prayer strikes there. Christina is a former Marine and also a JAG attorney and she was also a news anchor with OAN Television, One America News. She's now working for the Trump Campaign with election integrity. Christina, we are glad to have you on tonight. Share with us what is in your heart.

Christina Bobb: Thank you so much! I'm so grateful for the opportunity to join you guys tonight and pray for South Carolina. I just pray a boldness over South Carolina, a boldness and a purity as they begin to lead this nation, particularly through the upcoming elections and the primaries as an early state. That they would just set a standard of boldness and purity and that the people of South Carolina would rise up, awaken and be a part of the process and be a part of what's happening in government and just restore an integrity to the process. I pray for every single one of their elected officials, and particularly for Senator Grooms on the call tonight, that they would have a quickening in their spirits and just feel led by truth and they would be making decisions for truth and justice and integrity over the state of South Carolina and that the people there would follow suit and follow that lead of Godly, righteous leaders that are leading

that state into a cleansing process. As our nation begins to cleanse what kind of chaos we're seeing right now, South Carolina will lead that and I just pray that boldness and purity through the process as they do that.

Ken Malone: Yes, you want to share anything about the election integrity?

Christina Bobb: Yeah, so my role with the Trump Campaign is I run, I'm the Grassroots Director and the Election Integrity Director for President Trump and I would just encourage everyone, particularly those here on the call from South Carolina, is get involved in the process. You know, Senator Grooms can chime in if he wants to but make sure your elected officials know that you're paying attention, you're part of the process. Get involved, ask for information, and find a local grassroots organization in your area and you know, I'm not trying to pitch the Trump Campaign or anything at all but, I'd be happy to connect anyone in South Carolina if they needed it. But please, please, please get involved, get your friends involved and make sure that it really is the American people who are electing our leaders.

Ken Malone: Amen. Do you want to share your email? You don't have to but you can share your email if you wanted with them so if they wanted to find out how to get involved a little more they could.

Christina Bobb: Yeah, For those folks on the call feel free to reach out to Clay or Ken. Just because it's gonna get posted I don't want to put it up, but definitely, please, if you'd like some more information and you're on this call, please reach out to Clay or Ken and I'd love to connect with you.

Ken Malone: Alright, thank you so much Christina. Back to you

Clay Nash: Alright, thank you and thank you Christina. I'm gonna share one of the reasons I'm excited she was on. I happened to be where she spoke today, several of us were, and last night I had a dream and in the dream I saw her reach in and grab an alligator by the tail and drag it out of the swamp. The alligator had written on it: South Carolina, South Carolina. And so, once she drug the alligator out she kept commanding the people standing around: tape his mouth, tape his mouth, tape his mouth. And so, I know that something, we're on the call tonight, I had the dream last night, and we all know where South Carolina stands in being able to influence the nation, especially in elections. And so I want to release that to everyone, all 50 states that's on the call tonight but especially South Carolina so that you can be praying and pressing into this. So it's very important that we follow this. So thank you Christina for being on with us, thank you for that information. You can, I'll be putting something on my website

claynash.org or you can email me at claynash@claynash.org and we will get this information and get you connected properly. Thank you for that. Alright, I'm trying to look back on Anne Tate there in Texas. What's in your heart?

Anne Tate: Well Clay, I want to confirm also what Regina said about hearing that South Carolina, that the watchmen are beginning to arise and they are carrying a new anointing and a new perspective and without them the other generations won't be able to see how they have to move. And this is also the month when we have to, that we get war strategies and I heard the Lord say: South Carolina, command the watches of the night and when you command the watches of the night, if you start at 6pm and rotate through, the watches during the night over the next period of time, then the Lord says that as you do that you will receive the morning, that you will receive the dawn, that you will receive the daylight that He wants to bring and that He is bringing. And so Lord, I thank You that You've given us a new strategy for this season for South Carolina. Lord, I thank You for the people that I know there, the words that they have listened to, the words they have spoken, the things that they have done that have made a new start Lord. I was there, Jacquie was there, many of us were there for that restart that South Carolina had. And Lord, I thank You that as we move in this new anointing and new calling that things are gonna turn upside down, in the Name of Jesus. Amen.

Clay Nash: Alright Anne, we thank you for that. Father, we just declare, it was said in the beginning, I think Christina maybe said it, just a Divine boldness. We thank You Father for surrounding Senator Grooms with those that are faithful, those that are of the tribe of Benjamin who know how to use the weapons of warfare with both the left hand and the right hand. Father, we just declare over the state of South Carolina that you're not only gonna stand tall but you're gonna remain standing, that there's gonna be a sound of words of the Kingdom come out of South Carolina that going to touch this nation from the north to the south, to the east to the west. Father, we declare a holy wind that not only will come into South Carolina from the east that will bring a refreshing even as the sun does as it comes up. But Father, we declare that wind will blow through all 50 states and it will bring refreshing and awakening to those 50 states. Father, we thank You for that and we declare this will come to pass. Pat, there in Illinois, what's in your heart?

Pat McManus: Thank you sir, and I just come in agreement with everything that's been declared today and as I was listening or thinking about the call tonight, Isaiah 62, verse 10: go through, go through the gate, prepare the way for the people, build up, build up the highways, take out the stones, lift up the banners for the people. That word just, go through and go through the gate was so strong as I was just anticipating tonight and I looked over some of the prophetic talks that were decreed by

Chuck there and it's on one of the pages and it talks about a change, there's a heavenly change coming in the administration and God's gonna secure the state and make it shift and true liberty will flow from South Carolina. So Father, we thank You that You are calling the ecclesia to rise up and go through, go through the gate, begin to prepare the highways that cause the acceleration of a glorious expression of the Kingdom authority to come in powerful ways. Father, we say let the stones, the resistance, the obstacles in that which is trying to hinder be removed and let the expression of the banner of Your glory, a banner of Your power, a banner of Your healing, a banner of revival, a banner of awakening, a banner of transformation, and a revolution be heard in that state like no tomorrow. Father, we thank You that You are igniting a clear sound that will cause a movement to be heard in powerful ways as there is a clear sound of a marching forward with the angelic hosts going through the gate, preparing the way and dismantling the strongholds of man. We thank You Father that You are rising up with authority and power to the hearts and lives of the ecclesia in this hour to wield the sword of victory into the region and seeing the region transformed for the glory of God. We thank You, we give You honor and praise, we glorify you Father for what You are about to do in South Carolina. We thank You! In Jesus' Name, amen and amen.

Clay Nash: Jacquie, would you come back on for just a minute?

Jacquie Tyre: Yes sir, I got back on. Father, I just want to pray over South Carolina, and again Lord, we know that You have great and glorious purposes. Father, I pray even now as Regina and Anne spoke a strengthening of the watchmen Lord, even calling those that have been pulled aside by distractions or even weariness, Father that the wind of Your Spirit comes into the watchmen to cause there to be a stirring, cause there to be a passion, a reenergizing of the watchmen. Father, that You would call the watchmen to watch over the government and also over the education system, over business arenas, over the coastline, watchman over every arena of society across the state of South Carolina. That their eyes would be anointed with fresh eyesight to see as they have not seen before. That their ears would be circumcised to hear the voice of the Spirit of God speaking to them to see, to look this way and to bring interpretation to what they see. Father that hearts would be ignited with fresh faith, that the Word of God would arise in the watchmen across South Carolina to be able to declare Your Word, to decree what You are speaking out of heaven, to move in such power and might that they will see things that have been standing in opposition to your Kingdom purposes to suddenly tumble and make way for the glory shine to come into South Carolina. Father, we pray for the government officials to be ignited with a passion of holiness and the fear of the Lord to come upon them, to rule in righteousness, justice, and truth. Father, that men and women across the state of South Carolina would rise up and their eyes would be set to watch, but God not only will they watch and pray, they would watch, pray, and

then act, get involved, get involved in their local elections, get involved in their local communities. That the righteous in South Carolina would let their voices be heard and that there would be a clarion sound come out of the righteous men and women of the state of South Carolina that would cause a shaking to happen among the unrighteous. And Father, we even say as the unrighteous are advancing their causes let them overplay their hand so that the evil done in the secret places will be exposed in the daylight. That nothing will be hidden, nothing will be held back, and that Your Kingdom purposes would be advancing in power and might and the nation would see that South Carolina has arisen. Awakening is burgeoning out of South Carolina and the sound of the winds of the Spirit of God are blowing out of south Carolina, being launched into the nation and igniting the entire region with the sounds of glory in the mighty Name of Jesus. Amen. Is there anyone else who has, oh there, you're back Clay, good.

Clay Nash: Yeah, I'm trying to get something set up. We got a little bit of technical difficulties but I think we have Mark Jackson, who is with the IFA Prayer Group there in South Carolina. Mark, let me know you're on because you're not showing up on the computer here. Are you on?

Mark Jackson: I'm on.

Clay Nash: Ok, would you make those declarations and decrees. Thank you. I know it's kind of a bit of a ride getting you on with us and making room but would love to hear what's in your heart to declare and decree over the state of South Carolina.

Mark Jackson: Thank you very much. Let me first share just a few things that our prayer group has gotten, we're a group across the state, meeting every week. Some of you prayed about things that had to be rooted up in the soil in South Carolina and there was specifically a stone. Months ago we had a, I'll call it a mental image, of a wave rolling through the land and spitting up stones that had to be cast out. Some of you talked about parts of South Carolina being packaged up and needing to be revealed and the Lord showed us a picture of the Port of Charleston with ships lined up filled with God's grace waiting to come and unload but it couldn't be unloaded until some old garbage was gone and workers came into the field and into the docks to bring it about. So those are the kind of things we have been praying into. We actually have a prayer walk, kind of a commando raid next week at the state House so if you just join with me, Lord I thank You for this group of people that pray and it's clear they heard. I'm grateful. We declare Your Kingdom come in South Carolina. That the Kingly Robe would descend and cover Your people as they rise up. And we speak to Your people in the state and say, rise up, take the mantle the Lord has given you and walk in it. Lord, raise up righteous leaders, raise up new leadership among our black community that will

speaking the truth for them that their voice can be heard, their voice in the Kingdom can be heard in a way it's never been heard before. We thank You, glorify Your Name, glorify Your Name, let the rumbling of Your trumpet down across the state go through the state and to the nation. In Jesus' Name, amen.

Clay Nash: Amen! Thank you Mark for being on and working with me getting this done in the last minute. I have the last person I'm calling on is a friend of mine, longtime friend, David Rhodes, very much a prophetic voice, but also a man of prayer. It's very interesting Mark, I think you're in Anderson, they're in Anderson, and none of you are showing up on the program we have that tells me when my hosts are on. So it's been a little bit challenging to me tonight to multitab through this but we're getting there. David Rhodes, are you on with us? And if you would close this great call, powerful call out in prayer.

David Rhodes: Yes, I'm here Clay. Can you hear me?

Clay Nash: Yes, we hear you. Go ahead.

David Rhodes: Ok, great. Well, awesome. It would be right and fitting for me to say that with you Clay, that I have walked with you for over 30 years and your contribution into my life has been so awesome and so great and I've listened to this call, I think since it started and every voice on here, Jacquie, Ken, Anne, Pat, and those that are just for tonight, Judy and Senator Grooms and Mark Jackson, you all have enriched my life just tonight, to hear your voice, to hear the authority of the sound and the presence of God in your voice. I stand at the east gate in the foothills of South Carolina in Anderson. I receive these words today and I turn and release these words as arrows into the trajectories of the purposes of Yahweh for South Carolina. South Carolina has yet to see that Divine purpose and I'm excited because we are going to see it. These prayers and many prayers that have been prayed over the years and even from First Nations people, not every First Nations people were just infidels. I believe that God marks some of those people for prayer about the land they walked on so we want to honor that today and honor the prayers of the saints that have already gone on. But tonight is a powerful night and a powerful time of prayer. While I was meditating and thinking about this night, I was reminded by the Lord of a meeting I went to in Charleston here in South Carolina. Dutch Sheets and Chuck Pierce were there. I think it was two, maybe three years ago, and they were contending over the religious spirit and the political spirit or as all of you know the secession movement that came and the war that came after that, that was a marked point in South Carolina. And they met in Charleston, it was Dutch and Chuck, and began to contend for that. I was in the meeting and I heard the Lord say: the eagle has landed.

Well, I now know that the reference He was making is when we landed on the moon, our space program, we landed on the moon and the lunar module was called The Eagle and the command module that orbited above was called Columbia and so I knew that Yahweh was awakening a leadership in South Carolina and it would begin in Columbia. So I'm taking these prayers tonight as if they were the arrows of Yahweh and they're on fire and I'm releasing them into South Carolina to awaken all of the prayers that seemed they were not answered but I am decreeing today the answers are here. Awakening has already started. I declare today, I decree today that there are over 469 high schools in South Carolina, there are over 60 universities and colleges, and this awakening, these colleges and high schools are now opportunities for the presence of God to move in, in a powerful way, into South Carolina. I decree this. I take these prayers, I say yes to all of your prayers, all of your petitions, all of your decrees, we release into South Carolina today in the Name of Yeshua, the Christ. Amen.

Clay Nash: Alright, David. Thank you for those declarations, decrees, insights that's released and certainly for the long, long time of friendship that we've had. Listen, it's been a great call. I want to remind everyone that this call will be, the recording of this call will be posted at claynash.org under the 50 States Prayer and also within the next 24-48 hours we'll have it transcribed and have it there where you can go and get it so that you can take some of this. I want to say again to Senator Larry Grooms, thank you sir. And to Judy Jackson, thank you for being on. Thank you for taking time, we all are busy, we all have responsibilities. But I also want to say to the many, many people that join, every one of these calls, you listen, you add your power of agreement, you make your declarations there in your home, and you make your decrees, and yet those of us on this call do not hear your declarations and decrees, but heaven does and you are a driving force on each one of these calls. And we are so honored that you would come with us and I thank again all the hosts that are able to be so faithful to this call. You know we're gonna finish this week on Friday, you remember tomorrow will be on Georgia, Thursday will be on Alabama, and Friday will be on Indiana. When we finish Friday that will be our 15th state we've gone through, we're doing 50 states in 50 days and it's going to be part of turning this nation and setting up for Godly values, pro-life values, and great grace to win in the 2024 election that is coming that will be very, very essential to the future of this nation. God bless you all, continue to pray, and yes, America shall be saved.
