

PRAYER CALL 03/08/23 - GEORGIA

JACQUIE TYRE: Good afternoon everyone we are so glad you are on today with us. I just flew in from Florida today, literally drove from the airport to my house two minutes ago. So you know it is a miracle from God that I got here in time to do this call and we are so grateful to have you on. We've got a great call planned today for the state of GEORGIA and I just want to thank all of you who joined and adding the power of your agreement with us day after day as we pray through for our nation to be transformed by the presence of God to be who He intended this nation to be. Last night's call for South Carolina was another powerful call and if you didn't get to hear it live feel free to go back to Clay Nash.org and listen to the replay and then the transcription should be up by later today or tomorrow. Just wanted to remind you of that and remember as well that the Josiah Company Gathering of all of those of you that have been on this call for the whole time or part of the time from across the nation or the last five years will be meeting in Conway, Arkansas April 20-22, 2023. Dutch Sheets will be in and a number of the hosts will be there so we can meet you and interact and connect from state to state and region to region. So I'm so looking forward to that time so I'm arranging some things to be there for a very short moment. I wanted to just put that out there for you. Let me get us started off today. I just want to pray a blessing over us and we have some special guests from the state of GEORGIA that I am very, very honored to have on with us today. So Father I thank you so much, for the safe passage that you got me home in record time in the middle of the afternoon in Atlanta to be able to be on with this call. Thank you Father for those that are joining us and thank you in advance Father for what you will accomplish as we lift up our prayers, our petitions, our declarations, and decrees as your heart for our state is shared and we come into an agreement, not to what has been God, but that we're rising up to fulfill what you have called this state to be. That we will be a display of your glory and a governmental gate state for the aligning of this nation and other nations Father. That is a prophetic declaration so we thank you for it. Say Father let all the pieces come together, knit and fit together in your order so that your glory will be revealed. In the mighty name of Jesus. Amen. Well today I'm going to start with Senator Ed Setzler. I am so honored that he has been able to join us. He has been a leading Senator and in my estimation in our state, a voice of conservatism and for life in our state and I believe he carries the heart of God. Not only for our state but for our nation. So Senator Setzler if you would just come on, share what God has put on your heart today and then pray for our state.

SENATOR ED SETZLER: Thank you. It's an honor to be on and we're really where we need to be and to put our petitions right on before the Lord. As people start getting frustrated by what they are seeing on their television and how do you address the world that seems out of control we're taken back to apostolic times and the first century when Rome was a dying, dying pagan world. You know you had Christians that the church was growing and was persecuted for their faith it was a very hard time. Like when you look at it through that lens and you realized there were people that had gone on before us and had even harder times than we're facing today we can compare ourselves to them and be encouraged that God even in those times brought increase for his people. Again if we've got the grace I'd like to lead us in prayer in a moment but if we can

recognize that the people to the left and the right, our next door neighbors may not be who we compare ourselves to but those who are the great hall of faith who have suffered more than we ever have before yet God still brought about such an increase in such a way, blessing through them. A year after Jesus ascended into heaven there's fifteen hundred Christians in the world probably and a hundred years later it goes from fifteen hundred Christians that huddled into Jerusalem to thirty million people the entire Mediterranean world was Christian and the gospel just had that kind of power and it's through people that are doing the work of the church, people working their day jobs in the marketplace, people in government who had given their lives to what God would do through them and called to do. They were called to be encouraged and though we were beaten down and lose we get back up again and again and again and again because the work is not to the world but to the Lord and we're called to faithfulness. No matter what you see , no matter how double crossed you feel like by others whether it's in your public life or whatever you are called to faithfulness and dying to self everyday is what God called us to. If we can do that then we can live that and we can truly go deeper and deeper into what it means to dye unto ourselves and be reborn into what the Lord would have for us He's going to show His wonders unto us. I just would like to pray if we could to that point.

JACQUIE TYRE: Absolutely, please do.

SENATOR SETZLER: Lord God we love you so much. Lord you are the giver of all good things and I pray that everybody at the sound of my voice on this call would not be discouraged. Everybody would recognize that no matter where we are in life we have no idea what God has for us next. We have no idea that when we are talking to somebody , you know in a church pew next to us or on the street corner , the department store or the grocery store Lord God we just pray that our words are seasoned with salt and that we would give grace to those that hear. I pray Lord God that as we step out into the world we would step out in humility. Lord we know that humility is the mother of all virtues and die to ourselves, we can set aside our own plans and hand you the steering wheel of our lives. Whatever station of life that we would be in that Lord God you would lead us to be multipliers. Lead us to bear much fruit. It says in your Word that we won't add, we won't bear some fruit, but we will bear thirty, sixty, hundred fold fruit and God we will simply die unto ourselves and be yours. God there are people in office that seek that and I pray God that we would identify them, support them strongly. Lord it says in your Word that the spirit of the Lord searches the earth to support strongly those hearts that are for yours. And I pray Lord those that are in elected office, that Lord God are trying to make that decision, they're not just believing you Lord Jesus but are they going to serve you. As they make these decisions what's most important. I pray these leaders that are faithful. Those on the call would encourage their leaders to fix their eyes on you Lord Jesus. Lord you've gone before us; you are the author and finisher of our faith. You suffered on the cross for us and I pray that everyone on this call would think of dying to themselves. Those on this call would seek to be your hands and feet. Whatever we be called to do that you don't just take the world and accept it as you find it, you don't take people that are broken and accept us as you find us. You take us as you find us, you love us as you find us but you transform us into who you would have us to be,

that's who you are Lord God. I just pray Lord that we would trust you with all of our heart, we would not lean unto our own understanding but Lord we would acknowledge you in all of your ways, all things and you Lord will direct our paths as you promised. We thank you Lord for today. Lord God I don't know how much time that you've set aside for this but I pray Lord that we would number our days. It says in your Word that if we number our days we would present heart of wisdom. Some of us have more days than others and none of us know how many days those are. I just pray Lord that we would be faithful to you today. I pray Lord God that we would think about the day of our passing. Some day we're going to pass from this life and as we pray think about that, be mindful of that. Let us be joyful in our work, and recognize that right now you call us to faithfulness because we don't know what tomorrow brings We will be faithful today and we would be bold in what we say and would be given bold utterance in what we say. As we open our mouths we claim the boldness of your gospel, your truth, and that our words be seasoned with salt, full of grace, That we would not only share truth but we would share love and those around us would be moved by the fruits of the spirit in our lives; love, joy, peace, patience, goodness, kindness, faithfulness, and self control. All of those would be seen by others and give glory to you Lord in heaven. Lord God by your grace I pray that everyone on this call would be faithful and in our faithfulness Lord God you would bring an increase. May our world and our nation be transformed through it.

JACQUIE TYRE: We agree. Senator Setzler I just want to share what the Lord was speaking to me from you as you were praying and my heart was deeply, deeply touched by your prayer first and foremost. But I heard the Lord say to you "As you have allowed his plumb line to drop in you to create in and through you the character, nature and the authority of Christ He has set you into the government in the state of GEORGIA as an expression of his plumb line to set a standard of righteousness, justice and truth within the Senate and beyond. The Lord says He is using you in a mighty way. The humility you carry is bringing His authority into places that typically reject the authority of the Lord but the Lord says "Watch for increase, watch for the shifting of things around you but remain steadfast, firm and immovable and always abounding in the grace of the Lord." I'll say this as a citizen of GEORGIA we're grateful that you are in the position you are in and we'll be praying for you. Thank you so very much for being with us today. Alright Mack Parnell are you on with us today?

MACK PARNELL: Yes ma'am hi Jacquie.

JACQUIE TYRE: Hi there I'm so glad you're on and I'm going to let you introduce our next guest and then you can share before him or after him whichever way you want to do that. We're just honored that you're here and that you've made arrangements for us to have Labor Commissioner Bruce Thompson on with us today.

MACK PARNELL: Well Jacquie thank you so much for putting this call together. I'm sitting here at the state Capital where commissioner Bruce Thompson and now Senator Ed Setzler were absolutely instrumental in the passage of the heartbeat bill, For those of you that are not from GEORGIA that aren't familiar with the heartbeat bill there was a huge win for the life movement and it was an earth shattering move for the life

movement and Senator Setzler was the author of that for the house , then Senator now Labor Commissioner Bruce Thompson was absolutely integral to the passing of the bill in the Senate. We really didn't know what impact it would have but we had a feeling of what the impact would be but the first study has come out to tell us of the impact that 91% of the lives that have been taken by abortion the heartbeat bill is now saving 91% of those lives. That is a huge step, huge step and victory and we give all the glory and honor to God for that. But I just want to publicly thank both Commissioner Thompson and Senator Setzler for their work on that. It's my pleasure to introduce you to Labor Commissioner Bruce Thompson. He's a businessman and served as my state Senator before he became the commissioner of labor and when he first ran, when you run you normally talk to people in charge of fundraisers or consultants but when he first ran his first calls were to Pastor's and meeting with Pastor's in the community. Praying with Pastor's in the community. I've seen him live that out in good times and of course in the bad , Quite frankly I don't know what got into him to run for the labor department here in GEORGIA because it's been mismanaged and is a mess but he is the man for the job to straighten that out . As a tank commander he was taught that when the heaviest fire, when you're under the heaviest fire that means you're taking ground and he is living out our values. He has taken fire so we know he is taking ground. Labor Commissioner we thank you for all you do and I'm honored to have you as our commissioner of labor.

BRUCE THOMPSON: Mack, thank you so much. I wanted to add to that I call you my brother in the Lord as well. I appreciate that it's an honor to be with you, it's an honor to follow in my friend's footsteps that was on the call earlier with Ed Selzter. But we're told by God that He is our strength and our shield and regardless of where we are and where we serve we better make sure we draw on His strength and we have the shield. We are going to take arrows and if we're not then we need to question what is going on. It makes me think of Matthew 5:16 "Let your light shine before men in such a way that they may see your good works and glorify your Father who is in heaven ". So yes I transitioned from the Senate to become the labor commissioner and there's a lot of work to be done. I tell people all the time there are so many opportunities here to fix things that it is far beyond what I ever dreamed. And one of those was culture. We had a culture here that in fifty two days we were able to really get after it and change by just being real. Hope is a hallmark and people have seen me throughout my life and I can't be someone that I am not. I am just going to be real. I read this book called "Lead for God's sake" and when I came into office here I just leveled with everyone here and said " listen my life is no more important than yours. My title is no more important than yours. I just happen to occupy a different seat with different responsibilities but together we're all important in that and we've learned that. So I just want to say to you and I said this to a team of twelve hundred is that I want to make sure you're engaging everybody and anybody you see during the day. Give them a smile, shake their hand, and encourage them because we're called to be encouragers." But for nothing else during the pandemic we learned we are never guaranteed our next breath. Don't wait tomorrow to be said what needs to be said today. The book "Lead for God's Sake" says lead with your heart or lead with the stick. You can do both and I prefer to lead with the heart but we can use a stick. And as we have done that incredible stories have come out as I said jokingly to my HR "Listen go ahead and pull the slip out because I'm going to pray". So

we've made it a hallmark of everything we're already doing in the Department of Labor is to pray. We pray when we come into meetings, we pray when we have meals together. When I do coffee with the commissioner we pray and I'll tell you a quick story that is so encouraging. I had someone come up to me today and say "Can I talk to you real quick?" I replied "Sure ". They said I took the book you had and you gave to me and I read it. My ex husband came by and he was working on the daughter's car in the yard and it was a contentious divorce. He said "what's that book you got?" and so she said that I began to tell him about this book and how it tells me no matter what someone is watching us. We're leaders regardless and someone is watching us. So he looked at her and said "do you mind reading it to me?" and to her surprise she said "you want me to read the book to you?" He replied "if you don't mind". So for the next couple hours she began to read and that turned into her reading the entire book to him. When she finished reading the book he said to her "you know it's pretty nasty what we did and we failed. We failed as leaders in our family ". To which she said "we may have failed but we got some great things out of it. The great thing is the Lord gives us the opportunity of redemption to move forward instead of looking at the past. I'm not saying that because of me but God is just using me as a tool in our state to lead for God's sake. I'm honored to be the Labor Commissioner but more than that I'm honored to be an ambassador of Christ. Mack if it's ok I would love to pray. My prayer is always "use me where I'm at, leave me where I'm at, take me where I need to be but use me along the way". That's just really the story of my life. Father in heaven we thank you so much for this day. Lord I'm just grateful you're giving me the privilege to bow before you, to not only be engaged in the positions you've put me in but mostly to be surrounded by brothers and sisters that either need to be encouraged or they encourage me. Father we're thankful you died on the cross for us. We're thankful you've given us a pathway to the Father. We're thankful you've come back from the grave and have given us the opportunity to be forgiven of our sins. And most of all we thank you Lord for using us as tools in this state and throughout the world. You call us to unity Lord and unity means so much to so many but frankly it only means one thing and we need to be setting down our differences and just coming together for the cause of Christ because if we don't have hope in you Lord what hope do we have. I am incredibly grateful for the privilege to be able to be used in knowing from where I've come from but Lord thank you for using my story, as checkered as it is, as battered as it might be, help it to be an encouragement to someone else that is going through what we have traveled through. Lord I pray you continue to use me and when I stumble bring some along me to pick me back up and encourage me. Remind me that if I see someone on the side of the road I have a responsibility to stop and help pick them up and not step over them, to help them to their feet, to give them a fish as you would, to teach them how to fish and then to stay there to make sure they can sustain the opportunities. Father I pray over our country. I pray for each and every leader that you have ordained and put into place. I pray for the protection as leaders take arrows, or have opportunities to stumble that Satan would love to be able to destroy their testimony. Surround each one of us with those shields and help us to always remember we can do nothing without you but we can do everything when we are in you. And we give you the praise in your name. Amen.

JACQUIE TYRE: Thank you so much and I just texted a friend of mine while you were talking and I just said “I am sitting in here in tears with these two men”. I’m so very grateful to have men of faith that are in our Capitol. All three of you, Mack, I include you in that, that are standing as a voice of life, of love and truth. So Father I just want to pray that you would secure Senator Setzler, you would secure Commissioner Thompson, you would secure Mack and multiply their numbers within the government and the state of GEORGIA. Father that the reputation that GEORGIA has as being corrupt would be turned upside down and reversed because you have righteous men and women within the halls of government within the state of GEORGIA. Lord, multiply their tribe and their voice to resound without this state and cause a turning of hearts because they see the life of Christ at work through these men of God. Father I thank you for them. I pray a hedge of protection over them, we lift up the shield of faith and we corporately armor them with the armor of God that they would be fully armored with the belt of truth, breast plate of righteousness, the shoes with the preparation of peace, the shield of faith, the helmet of salvation. That as they, by faith, take up the Sword of the Spirit they would have the Word of God in their mouth, wisdom, understanding, knowledge, might, counsel and the fear of the Lord. To speak as you would have them to speak with words that would turn hearts and cause there to be a reformation in this state so that we would be a state that displays your splendor and proclaims Jesus Christ as Lord of all. Father, use these men and other men and women like them use them mightily for your glory and your honor. In Jesus name. Amen. Thank you so much for being on.

MACK PARNELL: We know in the government what we are working on and I’m honored to be the executive director for the Georgia Faith and Freedom Coalition advocating for our values here at the capital, at the ballot box and with our elections. We all know we are just addressing the symptoms of an issue that are facing us. What’s facing us is the moral issue, the heart issue. The work that people are doing on this call to reach people with the gospel, to bring people closer to him that is going to have a much greater impact than anything we can do here. The work we are doing, that Commissioner Thompson is doing at the Department of Labor and the work that Senator Setzler is doing in the Senate is absolutely critical but we also know that just as John Adams said to his wife, Abigail Adams, that the constitution was written for a moral and just people and is totally inadequate for anything else. So we want to thank you for all that you are doing. Please keep it up and don’t lose hope, we have hope in Christ and that is where we find our hope. May God bless everyone on this call.

REGINA SHANK: The Lord gave me a prophetic Word for GEORGIA this morning. He said “the alignment, ministries and purposes in GEORGIA is coming together “. Then I began to see a very narrow curve in the road and the hand of the Lord pulled the road forward so that it straightened it and was able to avoid the previous precipices that had the ability to sidetrack ministry vehicles. His hand took hold of the curvy road and pulled it forward to straighten it out so the road straightened and the road was so narrow vehicles were trying to pass each other to get so some kind of destination. It was dangerous to try and pass on the narrow curvy road, the road shook and some of the vehicles ended up in the ditch unable to enter the highway again And these are ministry vehicles. Suddenly the Lord hand picked up each chosen vehicle and rearranged their

position on the road. It became a caravan rather than a race to be first. God intervened in the competition and brought apostolic order to GEORGIA. Some of the vehicles were licensed and some of the licenses had expired but were still trying to navigate the road. And then I saw a roadblock that was just ahead and the unlicensed vehicles were not be able to move forward beyond the checkpoint without a new license given to them. So getting on the road again required an engine overhaul and a yes from the toll road authority of the glory pass, the price had to be paid. There is quite a bit in that to be unpacked but I heard the Lord say the alignment is coming and there will be those that will not be on that alignment because they of not paying the price because of a competitive spirit in their heart. And then I didn't even know that GEORGIA had a highway 70 but I saw highway 70 going from south to north and I heard Psalm 70 for GEORGIA and it says "please God rescue me, come quickly Lord and help me, those who try to kill me, humiliate me and put me to shame. I think this means that those who would try to kill your anointing or your calling, may those who take delight in be turned back in disgrace. Aha, we've got him now they said but may all who search for you be filled with joy and gladness in you and those who love your salvation repeatedly shout, 'God is great but as for me, I am for you to keep herd you are able, O God, you are my help and my savior, o Lord, do not delay. Then I heard the Lord said it's time to separate and it's time call forth those that are willing to press for God's glory and He's coming forward in the state of GEORGIA. We decree and declare an alignment of ministries, we declare the purposes in GEORGIA are coming forth, we declare competition is over, we declare that the _30:26_____state be out for those to prosper for those that you call and anointed for those to fall into and Lord that the price for the glory has been paid by some of these vehicles and some have not so they will be stopped at the roadblock. Lord, thank you for highway 70 and Psalm 70 and what you are going to do in the state if GEORGIA. Lord, we bless the ministries there that are following you, the ministries there, God, who are hearing from Heaven and know their dependence is upon you, not upon their doctrine, not upon what they have decided to do for you, the Blessed, but ministries that are hearing from Heaven and are releasing the glory throughout GEORGIA, in Jesus name.

JACQUIE TYRE: Regina, we all know this but there is a saying that as the church goes so goes the nation. I just take out of your word, Lord, as the ministries across this state are brought into alignment with heaven to pay the price for the glory the state of GEORGIA will come into an alignment with Heaven, to break free from the things that have divided and constrained them. Loose the state of GEORGIA into the glory destiny you have for us in the mighty name of Jesus.

ANNE TATE: Well first of all I got an Email this morning, a phone call and then another Email from a young woman who is a senior in Valdosta, Georgia on the campus there at her school. And she has been, along with some other friends, walking around the school and asking the Lord to bring revival. She asked that we would pray for Valdosta. So Lord, right now I do lift up the university in Valdosta. And Lord, I say that a first fruits portion is there. And Lord, I ask you to bring revival to them. Lord, I ask you to give them the steps to take. Lord, the hearts of worship will bring it forth. Lord, I ask you for your spirit to come in and breathe on them afresh and anew in this season. And Lord, I

ask you to make it so contagious that it multiplies both in Georgia, Florida, Alabama, all across the United States. Lord, we ask for the fire of God to begin to rain down in Georgia, from one end of Georgia to the other and every place they touch. Lord I pray for these kids. Lord, they are hungry for revival. They have heard about revival and are hungry for it for themselves. Lord, before these kids leave and decide who they are going to marry, where they are going to go, what kind of work they are going to do, Lord I ask you to touch them, speak to them. Prophecy into them Lord by your spirit. Lord, I ask you for fire to fall in Georgia, for revival in the name of Jesus, Amen. Now I call for fire to fall in the Georgia House of Representatives, in the Senate and throughout all the government offices in Georgia. Lord, that is not a big thing for you. Lord, you are touching hearts. Lord, you are causing people to pray, who are turning to their God because they you are the only hope we have. And that every word you speak is higher than any word a human speaks. Lord, we thank you for that. Now Lord, I ask you to fill their mouths praise, their hearts with thanksgiving and their spirit with fire, in the name of Jesus, amen.

JAQUIE TYRE: Amen! Valdosta State is at the southern most point of Georgia. Even as Anne declared that fire, we decree that fire comes all the way up Interstate 75, all the way up to Chattanooga and ignites across every cross road and every highway across the state. The fires of the glory of God will be ignited. Let it be, Father, in Jesus' name.

Thank you, Anne. Love it. Pat McManus, you are on with us. What has God got on your heart today?

PAT MCMANUS: Thank you, Jacque for the opportunity to be on with everyone. I come into agreement with what has been declared. When the three gentlemen were sharing earlier I kept hearing these words. God is giving them a sword to remove the tentacles that are connecting ungodly structures in government. So I don't know how that plays for them but they can pray into that. But they are given a sword to be able to do. And I kept hearing this other word. He is restoring the fulness of original identity in the state. Foundational identity is being restored in the land. I'm revealing that which is blocking your path of my glory. And that will cause an increase of my power. My power and my purpose will be made known. I'm breaking the chains that have held you back and I'm breaking the religious structures that are manipulating the land and I'm causing the true ekklesia to arise to its full positional understanding. And then Psalm 24, verse 7 & 9. Lift up your heads, O ye gates. Be lifted up you everlasting doors and the King of Glory shall come in. Lift up your heads, O ye gates. Be lifted up you everlasting doors and the King of Glory shall come in. Father we thank you that you are igniting a clear sound of revolution in the state of Georgia. Father you are positioning those with a heart to hear, to know, and to understand the significance of your ways and implementing the strategies of your heart in the land. We thank you, Father, that as that backbone tour was established that is coming into Georgia, that there is an aligning of the structures that we will be able to see the purpose of your hand prevail. We thank you, Father, that you are releasing the sword of the Lord into the hands of those who are willing to wield. Great strategies of heart will cause your word to prevail. We thank you Father, for the increase of angelic activity that will help establish the sound of reformation at the gates.

We thank you, Father, that you are releasing a clear expression of your glory into the systems that truly need to have an impartation of your ways. So Father, not just in the college university, not in the high schools, not in the middle schools, but even go all the way down to the pre-school. Let your glory radiate through the system of education. Let your glory radiate through economic structures. Let your glory radiate through the governing systems. Father, let your glory and the fire of God come into the church and come into the ekklesia in a powerful way in the state of Georgia that would ignite a revolution of your power, your presence and your glory throughout the land to establish the kingdom government that the state has the ability to function in. So Father, ignite it with authority, ignite it with power and cause your glory to be seen throughout the state and around the nation. We give you honor and praise in Jesus' name. Amen.

JACQUIE TYRE: Amen. Powerful, powerful words there Pat. Thank you so very much. I've asked my friend, Bradley White, to come on. Bradley has worked with me for years praying across the state of Georgia and just honored that you are on with us today. Bradley, are you there?

BRADLEY WHITE: Yes, thank you Jackie. Thank you Jesus. Father, I just want to thank you first for so many answers to prayers through the years for those that have been laboring and laboring and laboring over the state of Georgia, Atlanta and that area. Father, we thank you that you have strategically answered prayers, you have strategically spoken prophetic words and Lord, we just give you glory, honor and praise that you continue to pour out your Spirit to call us into what you have prophetically called us to be and that is the governmental gate. Lord we just declare in the name of Jesus for your kingdom to continue to come upon and press on the Georgia governmental structure, every aspect of it. We thank you for those men who were on the call today representing the Senate and the Labor Commissioner. So Father, upon everyone that is involved in the government of the State of Georgia, may your Kingdom come upon them. Bring them into alignment to your purpose, to your truth, to your righteousness, in the mighty name of Jesus! We thank you Lord God that you are moving among them, we thank you for the bills that are being pushed through the House and the through the Senate. We thank you Lord God for the things that you are accomplishing by the power of your hand. So Lord, I ask especially for those, Senator Setzler and Bruce Thompson today, Lord God, that you would increase boldness upon these men and women who are of the Kingdom who are part of the Georgia State Government structure at whatever level. Father, may their boldness increase, may the anointing and the wisdom to govern increase upon them. Give them answers, O God Almighty, to things that do not have answers presently. Give them answers on how to get things done that will bring their areas and the people they represent into a greater alignment of what your calling is upon them. And Father, we thank you that you are moving on these university campuses all across the nation and we just say, Lord God, don't pass us by in the State of Georgia, we desperately need it. And Father, we thank you for pouring out your Spirit. I've seen it first hand, you've done it before. Lord, we cry out, may your Kingdom come on every campus, even as my brother prayed in all the schools. Lord, we know that there is a move happening among the youth today. Lord, set us in alignment and agreement with it as leaders, set all of those in the school

administration in alignment and in agreement with it, remove those who will not allow it. We thank you Lord God, your Kingdom is coming, your will is being done. And we thank you Lord God, that you are granting to those in positions of leadership that have the place of leadership, grant them a new boldness to take a stand, to drop the plumb line with no questions asked and to stand for truth in the name of Jesus. Lord, I go even further and declare that those who are not willing to come into alignment with your Kingdom, Father, that your hand would remove them from your place of influence, Lord, when you see fit that you would remove them from their place of influence, bring in a righteous man or woman to take their place, in the mighty name of Jesus. Father, we thank you for the fulfillment of these prophetic words, in Jesus name, come into alignment all across the State of Georgia. Father, I thank you that your Kingdom alignment releasing greater apostolic government in this State is going to break the back of this division that has been separating so many for so long. Father, we just give you glory and honor and praise for it and declare, may the ministries that have the hand of God upon them come into alignment, in the mighty name of Jesus, so that Georgia can fulfill her destiny and be the governmental gate state that God has called us to be, in the mighty name of Jesus. Amen

JACQUIE TYRE: Amen, powerful. Let me read, I just have one word I want to close us out with for Georgia. "Georgia, you have been know for the corruption that exists within your borders in the State House and in My house, this should not be. But I say to you that I have heard the cries of the righteous remnant and am even now am building up the weight of my presence to press down upon this State and cause even more exposure of those things that are unlawful and unjust in my eyes. Do not be shaken or dismayed at what you shall see in the days to come, but know this is of necessity to cleanse the land, flush out the debris and rid the offices of all that wars against all that is righteous, just and true. Watch and see that your heart and mind are not shaken, rather, remain steadfast, immovable, always abounding in the grace of the Lord, for greater days are coming. Watch and see what I shall do in the days ahead to display my splendor and establish my Kingdom purposes in and through Georgia in the days ahead. Watch the fire and glory of my Kingdom, it's rising and shall be seen, it's a new day in Georgia, watch and see." So Father, I pray for the State of Georgia, let the eyes of your people be open to see their God, I pray beyond that that all across the State, north, south, east and west, from the little, small communities in rural Georgia, the city of metro Atlanta and all the other cities, Lord, that they eyes of the people of Georgia will be open to see the display of your splendor, that you will have your way and your glory will be revealed from north, south, east and west, and your name will be praised and yes, we shall fulfill every purpose and destiny that you have called us to for your honor and your glory and the advancement of your Kingdom. And may thousands upon thousands upon thousands of souls be ushered into the Kingdom. In the mighty name of Jesus. Amen

Well, I thank you all for being on today, what a blessing, powerful call. Remember you can go back; re-listen to these calls at <https://www.claynash.org/>

It is an easy to follow through with the links on his site. Also, the Josiah Company is April 20th to the 22nd. And we will be back on here tomorrow praying for the great state of Alabama. So let's gather again tomorrow at 2:22. Clay should be back on with us tomorrow, he is on a plane flying home at the moment and could not call from the airplane. So I bless you all and look forward to praying with you again tomorrow. Good bye and God bless.
