

**Prophetic word for Arkansas
Pulled from Little Rock Meeting
Monday, November 3, 2009
Dr. Chuck Pierce**

And Arkansas, when he showed me that, Arkansas was hanging in the balance. And the Lord said you are going to go there because it is my will that the Glory of God fall on those people in that State.

This is exactly what he said to me. “It is my will that the womb of deliverance for this nation form in Arkansas”

Now the root of racism that had dealt deep in this State (just begin to pray in the Spirit, we want to ask God to begin to dry up that covenant root,) and I would say to you division is at the door of this nation. And I say I brought you to the State where one of the roots of that division lies, where one of the roots of resistant lies and I say to you ask me to begin to shift the course of the racist mentality throughout this entire Nation.

(Dr. Chuck Pierce)

Now if you are here from Little Rock raise both hands so I can see you.

Father now lets thank him for this city that we are in, Lord we thank you for the city of Little Rock. Lord we thank you for it’s influence we thank you Lord that beginning tonight it will have a greater influence in this Nation than it has ever had in the past. Lord we loose a new influence coming out of Arkansas, Lord we decree that ever spirit of greed that has come from this State will be broken. Father we decree that every covenant breaking spirit from this State will be dissected Lord we thank you that a new root is forming in this State decree it right now a new root is forming in this State, A new root is forming in this State.

Now from this city ‘cry out for a nation, just a cry out for this nation that the Spirit of God will begin to move across this Nation.

Lord we speak in to every structure that ever come from this State that has allowed the enemy to work. We say you have no right in this State any longer in Jesus name.

Now Father we decree right now that you are circling Arkansas with your Glory

Father we decree right now that the move of God is upon this State.

“Shout it out “THE GLORY IS WELCOME”

And Lord I hear you saying My Glory now will begin to spring forth in nine places in this State.

And as my Glory springs forth in Arkansas “I will deliver a nation “said the Lord

Father I decree right now that worship will come alive all over this State.

That religion will break in the State and the Glory of God will begin to sweep through this State and over take the nation in a new way.

I say Arkansas will realign, Arkansas will realign, Arkansas will realign.

I say there will be new supply lines that now form this State that will realign into a new form of a new Nation” saith the Lord

Father we invite you to come we say no hidden roots of iniquity that has resisted the change you he had for this nation can stay in place from this night forward.

Father we say it will be heard all over Arkansas new alignment with the Nation of Israel and the covenant blessings of God.

I would say to Texas I even brought you here because Texas not only have a key with my convent plan but I say I brought you here because you will know where to deal with the same sort of strongholds in Texas all along the Sabine river all down through that area I say from the river of Arkansas. Now my Glory will fall and flow.

I want you to turn and lay hands on two or three people around you pray with them grab hold to their hand and just come into an agreement that every root structure that could cause racism to explode in this land. It’s being removed out of Arkansas tonight.

The Lord would say to you a new form of communion will now rise in this State.

I say you will taste and see that I am good for I say I will begin to move across this State and people will come into communion meeting. Say, I will have communion meetings throughout this State. I will have 60 communion meetings throughout this state and communion and worship will change the course of this State, I say to you I have now surrounded the State but now my people will communion together beyond their race, beyond their gender, beyond their religious leading and sectarianism.

And I say to you the new wine that is in this State will be drunk by many. For I will draw a Nation to this State to have communion in these next three years saith the Lord.

Father we release the call of communion on Arkansas for the future. Now just left our hands and worship lets thank him that things are shifting the racial structure is shifting in this Nation that in the midst of the confusion in days ahead Arkansas will be a State that rises with God's Glory (just give a shout)
