**Clay Nash: [00:00:09]** Well, good evening. It's 9:00 p.m. Eastern Time. We are on our Tuesday night call. It's going to be a great call. Got some great hosts on with us and we certainly appreciate all of the participants that are so faithful to join each call And to add your power of agreement. Had A great call today on our 222 over this trucker situation in Canada and also the upcoming trucker protest here in our nation. So it went very, very well. Very strong. And then we prayed for healing at the end of it, and I've heard from several people that were in need of healing and some people that were touched. So God is on the move. He's doing some great things and I'm honored to be a part of this great group of people. Annet Tate, I'm going to ask you if you'd open it in prayer and lead off tonight with the things that God has placed in your heart.

**Anne Tate: [00:01:14]** Hi Clay, I'd be happy to. I've been working with California. Jill and I went to California last week and worked with some things there concerning the water. And someone that was running for office in California, in the Central Coast. And I'm just reminded as we're doing this, how many people are dependent upon this shift this year of people shifting into righteousness and into standing where the Lord is standing instead of where they want to stand or where they think they ought to stand, but where God is calling them to stand for righteousness. And I lift up all the races that we're praying into right now in all the Senate races and all the candidates. And I ask the Lord to cause them to look around and see, am I helping or am I hurting? Am I running for myself or am I running for you, Lord? And those that are dividing the vote and increasing divisiveness? Lord, I ask you to open their eyes to see that

maybe they shouldn't be in the race. Maybe they should assist the one that can win. I thank you, Lord, that this is a new time of shaking all that out. It is a time for humility and not selfishness about what we can gain on our own. Or what kind of kingdom we can build for ourselves in elections. We have had that enough. It has gone on long enough and I say that we're drawing a line in the sand now and we say those that are moving and been appointed and called by God to do what the Lord wants done in this season. I say that the favor of God will come on them and that they'll stand up and they'll speak up and they'll say what needs to be said, whether it's politically correct or not, that they'll release what God wants them to release if they lose the race. But Lord, I think that truth will prevail. Our document of independence was not written by people who were afraid to speak and afraid to say and afraid to decree, and afraid to stand up and I break the power of that fear off those running in this race this year. And I say, you will stand up for the Lord or you won't stand at all. I thank you, Lord, that in California, where they're going to be running, which is in order to complete that Babylonian system, that that will not stand. Now, Lord, I'm asking you to put your foot down on behalf of righteousness in the name of Jesus. And Lord, I'm asking you to speak with a deafening roar over these things that grieve you and trouble your people and stop us from advancing the kingdom in the name of Jesus.

**Clay Nash: [00:04:25]** Amen. Thank you Anne for getting us off to a great start. And I just declare over the Senate race in New York, and all the predictions are that no one stands a chance against Chuck Schumer. But father, you are the God of the impossible. God, you are able to do even beyond where we can take our mind and our faith and go to at times. And we thank you, Father, that it would be your desire. We know that it is to remove Chuck Schumer and the very things he stands for. The death he stands for. The overreaching control of federal government that he stands for. So Father, we just ask tonight and come in agreement that you will give a miracle in the state of New York. And we serve notice to you, Chuck Schumer. We say, you are fired. We declare that your political legacy is coming to naught. It's coming to-- it will cease and quit to function. and father, we thank you for bringing forth some miracles on November 8th, Father. Some upsets. Greater than where people are going to be focused. So we just stand. And, New York, we speak to you, the state of New York. You, you blue state, you socialist state, you communist state. We call you back into alignment with the Kingdom of God. We call you back into alignment with righteousness, with peace and with joy through the Holy Spirit. And we declare that you will not continue. We declare there is an uprising of protests that's going to begin to come forth in New York very, very soon. And father, we declare that it's going to begin to break down and pull down everything that New York has stood for that stands

against you. And we thank you for doing these things in Yeshua's name, Amen. Pat, what's in your heart?

**Pat McManus: [00:06:36]** Thank you, Clay, for the opportunity with you guys, and I have two states that I really felt very strong to pray for, and that's Colorado because I was looking at their motto and it had "nothing without deity, nothing without God." And as I've read a prophetic word from Chuck, from 2018, the it's talked about coming up to the high place and it is time for the high place for new provision. And I heard the word this way. Father, we thank you that you are calling the state of Colorado to come into the high place, high places with you, that the faults and the Baal altars that have been functioning within Colorado will be dismantled. Father, you're raising up the Gideon's to tear down the Astropol(?) and the Baal altar for the purpose of restoring that which needs to be restored in Colorado. That nothing without the presence and power of God will be functional in that state. So, Father, we thank you that you are reestablishing because you're tearing down and you're raising up the true sense of your presence and power so that we declare over that state that righteousness will begin to prevail and perversion and the Baal systems will begin to falter and be torn down. The astral pole will not have its roots anymore. And even as Anne said, even the witchcraft that functions within the foundations that will be dismantled and destroyed because of the raising up to the altar of the King of Kings and the Lord of Lords upon the land. And in South Carolina, while I breathe, I hope. But I hope in the Lord. Father, I declare this day the wind of Holy Spirit and the presence of God permeating that state. that there is a new understanding that there is no longer the Martha mantle that was truly functioning, But Mary, where the rest in the presence of God and see the directions and strategies that you want to see established within. So father, I declare, let the wind of Holy Spirit blow and blow upon those to blow out what needs to be blown out. But letting the wind come in to ignite and to empower what needs to be done in this hour. That father, there will be a transitional position that will function fully in South Carolina and seeing the restoration of the Kingdom of God established as the presence of God permeates throughout all of the region and South Carolina. So we say Father, let the wind blow in power, in might and in glory to see the fulfillment of your word come to pass in the land. And father, we thank you in Jesus name. Amen and Amen.

**Clay Nash: [00:09:24]** Amen, Pat, appreciate that we come in agreement with your words. Jill, what's in your heart?

**Jill Noble: [00:09:33]** Today, the Department of Homeland Security released a document summary of terrorism threat to the United States. This terrorism threat notification was released today at two O'Clock Eastern Standard Time, and it will expire on June 7th at two O'Clock Eastern Standard Time. What is so problematic about this threat is the following. And I'm quoting directly from the document, "continued, calls for violence directed at US critical infrastructure, soft targets and mass gatherings, faith based institutions such as churches, synagogues and mosques, institutions of higher education, racial and religious minorities, government facilities and personnel, including law enforcement in the military, the media and perceived, perceived, ideological opponents. Point number one: Foreign terrorist organizations and domestic threat actors continue to amplify preexisting, false or misleading narratives online to sow discord and undermine public trust in the government institutions. Some of these actors do so to encourage unrest, which could lead to acts of violence against the facilities, individuals, institutions and organizations. Violent extremists inspired by a range of grievances and ideologies continue to target crowds such as commercial and publicly accessible facilities, public gatherings and state facilities as COVID 19 restrictions continue to decrease. Increased access to commercial and government facilities and the rising number of mass gatherings could provide increased opportunities for individuals to commit acts of violence." They go on to say in this document that "some domestic violent extremists have continued to advocate for violence in response to false or misleading narratives about unsubstantiated election fraud. The months preceding the upcoming 2022 midterm elections could provide additional opportunities for these individuals to call for violence directed at democratic institutions, political candidates, party offices and election workers." They go on to say that "this is domestic terrorism", and they plan to share this information with Department of Homeland Security and the Federal Bureau of Investigation. And I can provide a link, clay, for this document for everyone on the call so that you can put it out there so everybody can see it. But here's what the Lord is saying about this. There are many things in this document that are aimed at people like those that are on this call tonight, and the Lord took me to Isaiah 59:14. Very familiar passage. We all know justice is turned back and righteousness stands a far off. for truth is fallen in the street and equity cannot enter. So truth fails. And he who departs from evil makes himself a prey. Then the Lord saw it and displeased him, according to their deeds. Accordingly, he will repay fury to his adversaries, recompense to his enemies. The coast lands. He will repay. So shall They fear the name of the Lord from the West and his glory from the rising of the Sun. When the enemy comes in like a flood, the spirit of the Lord shall lift up the standard against him. The Redeemer will come to Zion and to those who turned from transgression in Jacob, says the Lord. Father, this is our

decree and this is our petition tonight. Lord, that you would bring about salvation in this place called the United States of America. That God, you would cause those who are plotting an evil thing, Lord, that they stand afar off and they scheme and they plot and they rage against the Lord and his anointed. But Lord, you say, you say that you will, according to their deeds, repay fury to your adversaries, Lord, We lose that now from heaven to be fulfilled on the Earth. That this document that they have put out identifying domestic terrorists, even some of the things that we on this call participate in when we call for the exposing of election fraud or when we call for no mandated vaccines. Lord, These things are being called domestic violence. And so, Lord, we say, come, the name of the Lord, from the West, from the East. When the enemy comes in, like the flood, Lord, lift up a standard against him. God, we cry out to you tonight and we say hear our prayer, Oh God. We say Lord, turn this document back around, turn these ideologies and these false things back around. Father, we say over the United States of America, look above. Look to the heavens from whence comes your help. Your help is the creator of heaven and Earth. Lord, we say come and deliver us from this evil in the name of Jesus. Amen.

**Clay Nash: [00:15:46]** Amen. We come in agreement and we need all on this call, need to make that a continued prayer that we pray against. Let this be exposed and let the hand of God come forth. Kim Malone, what's in your heart?

**Ken Malone: [00:16:03]** Good evening. So happy to be on here. South Carolina is in my heart. I remember when we did the backbone tour from Florida to D.C. in February of 2020. So it's two years ago this month. South Carolina was one of the states that the Lord highlighted. I had about 20 in my group and then about 80 showed up from South Carolina there at the Capitol in Columbia. And we were in the midst of praise and worship, and the Lord sovereignly fell on this group and a spirit of-- Holy Spirit birthed repentance came upon us for South Carolina. And I believe that South Carolina is going to be one of the key states of awakening, revival and of harvest. I believe it will become a model as well of a state that literally shifts from darkness to light. And so, I want to pray some of the prophetic words that have been prophesied over South Carolina. So father, tonight in Jesus name, I decree that the gates of heaven are lining up with South Carolina and that South Carolina are aligning with the gates of heaven. We say now to this state: Lift up your heads. Oh, ye gate and be lifted up you ancient doors for the king of Glory is coming to you tonight. Father, we decree in Jesus name that South Carolina will be one of the states that leads the nation into victory in Jesus name. And father, I thank you for the victorious march that will come out of that state, father in the name of Jesus. And Lord, I say this state is

shifting into a --from a Martha position, into a Mary position. And father, that they will begin to sit at the feet of Jesus and God that you will impart to them God the plans and purposes that you have for South Carolina and for this nation. Father, I thank you in Jesus name that the harvest fields are ripe in South Carolina. And Lord, I pray to the Lord of the Harvest tonight, send forth laborers into the harvest field of South Carolina. Send forth laborers Lord to the prodigals of South Carolina, in Jesus name. We say Lord begin to turn and let the harvest begin to be seen in that region and territory in the name of Jesus. And father, I thank you for doing that. I thank you for the new wine and the new wine skin coming into that state. And Lord, I pray for Senator Tim Scott, Lord. God, that he would return Lord for six more years, God into that seat, that Senate seat in Jesus name. Lord, I just thank you for the hand of favor being upon him and God that you will overshadow him, Lord, in a mighty way. Give him favor, Lord. Give him grace, Father. We speak grace, grace, grace unto this Senate race in South Carolina, In Jesus name.

**Clay Nash: [00:19:20]** Amen. We come in agreement with that. We need a strong ruler to come out of the state of South Carolina, and I heard that in your declaration, Ken. Betty, what's in your heart?

**Betty Love: [00:19:36]** I just want to follow right in with Ken with South Carolina and also want to touch a few on these other states tonight. And just in agreement with the decrees that have been released. Father, tonight we agree. we come into agreement as your Ekklesia as we stand across this nation, father, standing for your redemptive purposes for our nation and all 50 states for God and your kingdom plan. Coming into agreement with your plan for Colorado. The state of breaking the drought. Connecticut, the state to favor. New York, your kingdom state and South Carolina, the state that reversed the curse. And father, tonight we call South Carolina into the original intent of her birthright and destiny, as ordained by Almighty God. South Carolina, we declare that you walk in the spirit of humility under God's mighty hand. We declare that you abound in the grace of God. That your due time is upon you. The Lord is calling you to birth the new. Lord, even, haha--we decree, even as Ken released that new wineskin, the Lord declares over you: hold to your prophetic destiny and legislate righteousness on behalf of the land. You are the state that reverses the curse. We declare the word of the Lord instead of moving out of time and moving in a way with the enemy to produce chaos, you're going to move with me, and liberty will come from South Carolina. Let God snap you into place and position as a gatekeeper and doorkeeper. Father, we decree that word manifested that you brought through your apostle, Chuck Pierce. And Father, even tonight, we agree, South Carolina, you carry the

power of intercession and breakthrough within you. You are a battle axe in the hands of the Lord. And we put a demand on the anointing and the word of the Lord, the DNA that is stored within you to be released within and flow into our nation. Father, we thank you that tonight, agreeing with the motto of South Carolina: while I breathe, I hope. We decree, as long as there is breath, there is hope. We decree and declare that the Breath of Heaven, the Breath of God is being released over the state of South Carolina and even into our nation. Lord, in seeing the motto: While I breathe, I hope, we decree and declare in the name of Jesus Christ, any place where the heart of South Carolina has had hope deferred, we ask the Lord to go into the hearts of the people, especially the people of God and any hope deferred places began, Even now, as the Ekklesia, we say, be uprooted, torn down, destroyed and overthrown anything within the heart of this state, within the heart of God's people that has brought hope deferred that makes the heart sick. And father, We say, let those broken places, those wounded places be bound up. Anything in their thinking, Reflectio, mind, will and emotion, the seed of their appetite, or courage, anything within the heart of this state and its people, Lord I, let it be brought back. Let it be healed. Let it be plumb lined in righteousness, in the name of Yeshua. And Lord, we again we bind up the broken places, the broken hearted places within the state and we decree over South Carolina, come out of the grave clothes. We decree and declare that grief is removed and you are coming into that place of life. Now, Lord, we say, let the breath of Holy Spirit, let resurrection power be released within the state of South Carolina. And father, we thank you for Connecticut and we decree into Connecticut tonight, your birthright, your destiny. You are carrying a greater mantle of revival than any other state in New England. May the revival fires of awakening, reformation and transformation ignite within you, bringing revival to our nation. We call you Connecticut to awaken in your birthright and destiny as ordained by Almighty God. You are the Constitution state. Lord, let Connecticut's motto of he who transplanted still sustain manifest within her. Connecticut, may your roots go down deep, may the river of God sustain you. Lord, reconnect, restore and revive your plan for this state and our nation. Father, we come into agreement tonight with the preamble of the Constitution of Connecticut, which honors you, Lord. the people of Connecticut acknowledging with gratitude the good providence of God and having permitted them to enjoy a free government do in order more effectively to define, secure and perpetuate the liberties, rights and privileges with which they have derived from their ancestors hereby, after a careful consideration and revision, ordain and establish the following constitution and form a civil government. Lord, may your good providence continue to rest upon this state. We put a demand on the godly inheritance of Connecticut, the state of favor, to be released and flow throughout our land. And father, tonight in each one of these states, Father,

we come into agreement, we declare God's plan of judgment against his enemies to be established in Colorado, Connecticut, New York and South Carolina. May this plan overrule any of man's desires. The Lord sends forth righteous judgment until victory in each one of these state government and election practices. We declare a kingdom win and victory in these states for 2022. Father, we decree that any unwarranted plan of destruction initiated by the Antichrist system, corrupt structures, system and leadership in each one of these states will be fully exposed and thwarted. Lord reveal to those within the states of Colorado, Connecticut, New York and South Carolina your righteous building plan for the future of their states and our nation and Father, tonight I agree with Anne; those that are not appointed to be placed or even run in these elections, Lord, let them recognize and Lord God, we thank you for a sifting, even as you sifted Gideon's army. We say, let there be a sifting of the candidates and let those that you have chosen that are going to stand for righteousness be put in the race and Lord, give them a win. Raise up men and women of integrity who will stand for righteousness and hold to your original intent that you have for their state as well as our nation. Let every scheme of the enemy to hijack the upcoming election and any fraudulent behavior be exposed within each of these states, as well as within the lives of the candidate. Let election integrity prevail within each of these states. We decree it so in the name of Yeshua. and father, we thank you, that in New York, there has been an unseating and an exposure in the governmental mountains, as well as in the media mountains. And father, it is just the first of the shaking of the mountains of society throughout our nation. Lord, I thank you for divine reversal and things being exposed. And Lord, we thank you that righteousness exalts a nation. And lord, as your Ekklesia, we release your righteousness into our land, into our gates, our cities, our state and our nation. And we decree: let righteous rule be established on Earth as it is in heaven in Jesus name. Amen and Amen.

**Clay Nash: [00:28:59]** Thank you, Betty. Strong, and we agree. What has begun in New York is going to become even more significant and broader in the days to come. Timothy, what's in your heart?

**Tim Cascadden: [00:29:14]** Thank you, Clay, and everybody that's praying. we honor you as you're on here with us tonight. I just want to--we've been following this department's Homeland Security statement today, all day, as well. Jill made a great statement when she read it and just be--noticed. I mean, be in prayer over this. This is a major overreach of the government at this time during an election year. So let's take notice of the timing and what's best, given the department, Homeland Security and their FBI broad, broad rights to do whatever they want to

do. And the way it's written, it's so vague you could pretty well put anybody in a category. So we're praying over that. And I had some people look at it today, legal people. And one thing they're saying about the document is it uses the same verbiage as the left media and the democratic politicians use, and it's obviously directed, definitely a collaborative decision that they worked with them to come up with. So this is a, it looks like a real plot for this season. So we want God to cover that and expose that and destroy the structure of this issue and to be a major push back on this issue. I just, I feel my spirit. I feel to prophesy that there will be a pushback on this piece of paper, on this piece of legislation that they're pushing and Lord, the exposure of it will be so clear. Father, even both sides will say overreach. And we asked that Lord, that be a movement in the spirit. We ask that father, wisdom prevail in this situation and every collaborative group that has worked together to promote this be exposed. We ask that Father, that this be a thing for anything that's hidden. Be seen. Let it come to light in this hour, in Jesus name, we declare that. And then New York is really on my heart, Tonight, especially. And I want to lift it up, and I want to say this. There is a congressman there that we have lobbied in Congress and he's a Jewish man. He's in the Buffalo area. Congressman Lee Zeldin. And If I could ask the prayer warriors to pray for this man. He's running for governor as a Republican, and he is probably one of the most powerful conservatives I've ever met in Congress. And I, my congressman, is the one most conservative. And This man is extremely the same way. has the same beliefs. If you didn't know better, you'd say he is an evangelical. And that's just the kind of heart that he has. And so, please lift up him. His name is Lee Zeldin and from the Buffalo Air running for governor of New York. And I feel like he'll have a voice and he'll have an opportunity to speak into this state. And I just want to decree over him also and the leaders of New York, especially Proverbs 21:1 out of the passion translation. It says, It is easy for God to steer a king's heart for his purposes, as it is for him to direct the course of a stream. And that's because the leaders' decisions are so-- affects so many people, that God will intervene and steer them like a farmer steers the course of a stream in to irrigate his fields. And I just prophesy that over the leaders, the godly leaders, the righteous leaders in New York right now, like Lee Zeldin, Congressman Zeldin and others that are standing for righteousness in New York. And so, father, I ask that you direct them like that, Lord, let them bring the truth and let them irrigate the fields of New York. I pray that father, it penetrates all the areas of that state that have been dry and hopeless, and I just speak hope. And then Lord, I ask that it even go into the boroughs of New York City. Lord, let there be a grassroots movement that would rise up in New York for this hour. And that they would be heard from again. That the many of that state would become one in the spirit. That they would speak collectively Your heart. And Lord, We just agree with them and we

agree with the purpose of those who want to see righteousness prevail in New York state. We honor you, father, that you're going to move on our behalf in the name of Yeshua, we praise you. Amen and Amen.

**Clay Nash: [00:33:54]** Amen, Tim. Thank you for that. I got kicked off the call, just barely got back home in time. We agree. God is-- God is doing something. He's not going to do, he's doing something and all of these states, but he's doing something there in New York. And I didn't know about this man that's running for governor, but we will certainly make it a matter of prayer and stand with him. Becca, what's in your heart?

**Rebecca Greenwood: [00:34:22]** Amen. Clay, can you hear me OK, cause We're in the car driving. Are You hearing me on the Bluetooth okay? Just want to make sure before I start praying.

**Clay Nash: [00:34:31]** Yeah. Yeah. We hear you.

**Rebecca Greenwood: [00:34:33]** Okay! All right. so I'm going to pray for Colorado. Thank you, Clay, for having me on. I'm going to pray for the state of Colorado based on some of the words you've been sharing and also going to share a word that Chuck released at the end of last year for Colorado when he was ministering he said that Colorado would have a finishing anointing. And so Lord, I thank you, Lord, in agreement with all of these awesome prayers and pray for our nation tonight. And Lord, I speak, Lord, right now, that, in agreement Lord, with the words that Chuck released a little, actually over a year ago, that he released almost 14 months ago in the state of Colorado, that we would carry a finishing anointing. And so, Lord, where there has been delay after delay, covenant breaking after covenant breaking in the state of Colorado, where the left came into the state of Colorado and used them as their child protegee and to cause a nation to shift from conservatives and to shift from red to blue and to shift from conservative to liberal. Lord, we pray right now that all of the unity that you are bringing right now throughout the state with Christian leaders and marketplace leaders and government leaders to see the state shift back to righteousness. Lord, we thank you that that clarion call will come forth from the state of Colorado, where you are doing a grass works movement now among the Ekklesia and you are doing it across spheres. That there would be an ability to come together to see what the enemy meant for harm through the gang of four, to see that agenda shut down and to see your righteousness come forth in Colorado and across the nation. Lord,

we say where the blueprints were written to cause a state to shift from kingdom value and principle to unrighteousness. We say that the Kingdom of Heaven blueprint is being written now in Colorado and Lord not only even in 2022, but we will begin to see even over the next two, three, four, five years, a shifting and a turn around that will come in Colorado. And the finishing anointing that Chuck prophesied in the glory hovering over the state will cause a unity to rise up to shift Colorado within that glory cloud for the finishing anointing you are calling it forth because we say the Kingdom of Heaven blueprint will come in this time in the state of Colorado, in the blueprint of corruption and the blueprint of abortion and the blueprint of what has been written with LGBTQ in this state that affected a nation will be overturned and shifted back to righteousness in the name of Jesus. Amen.

**Clay Nash: [00:38:19]** Amen. Thank you, Becca, for that. very strong. We agree. We just declare over all of our states that there is a turning towards righteousness. There's a turning towards life. There's a turning toward embracing the grace of God and being empowered. We declare that now and we just stand strong on it. Regina, what's in your heart?

**Regna Shank: [00:38:43]** Thank you, Clay. So good to be on. I'm glad I'm following Becca because I had something about Colorado as well and a couple of other states. But while I was praying for Colorado, I began to see an old scroll that had exalted itself to a high place, but that scroll had iniquity in it. And it reminded me of Zachariah 5; the woman with the basket that had wickedness in it. And the Lord showed me that that scroll has been thrown down from the mountain. But a new scroll, which is a fresh vision for Colorado, is now being released over that state. And I decree over Colorado that the new scroll, the new vision that God is releasing for that state would be received in the hands of those who would steward it well. Lord, we decree that fresh stewardship, God's stewardship in that state will rise up to receive this stewardship, lord. And we decree over Colorado that you will give them beauty for Ashes, Lord. The oil of joy for mourning and a garment of praise instead of a spirit of heaviness. And Lord, you're going to replant and reseed that state in the name of Jesus. And then I began to see over South Carolina that the godly root there, and I was so glad Ken prayed for that state-- the godly route there that Chuck prophesied God is going to begin to fertilize that root to where it's going to grow and is going to bear fruit like never before. And then over Connecticut, you know, I was reading about that and it said it had an ancient gate to the nation. And from the state of Missouri, . The Show Me Your Glory state, the twenty- fourth state that came into the Union. Psalms 24. I want to decree over those ancient gates. And Lord, we decree over Connecticut that ancient gate to the

nation. We say to you, Lift up your heads, oh, you ancient gate, be lifted up. The King of Glory is coming back into Connecticut. We decree over that ancient gate. You will no longer be closed in any form or fashion to the King of Kings and the Lord of Lords. And father, I thank you that a gate of Righteousness is opening in Connecticut. I thank you, father, that the ancient gate to this city. I mean to this nation is coming open now to the king. And Lord, I prophesy over the gates of Connecticut. I say that there will be intercessors that will rise up and they will go to the north, the south, the east and the west of the state of Connecticut. And they will lift up the gates to the King of Kings and the Lord of Lords. And I prophesy to the north gate of Connecticut that the contention that is there; the enemy coming from the north. That God will raise up a ministry in the north part of Connecticut to deal with the enemy that's coming from the north. And we decree to the east wind, you will no longer blow across that land, but the west wind will come and blow out that which has devoured the plan and purpose of God in Connecticut. And we say to the south wind, the gate of the south, like Obed-Edom, We say to the south, there is a church that will be like, Obed-Edom's family who was keeper of the south gate. When the presence of God could not come into the center of Jerusalem where it needed to go, the presence ended up, the arc ended up at Obed and Edom's House at the South Gate. and I decree that there's a south gate in Connecticut that is going to rise up carrying the presence of God. And then the wind of the Lord is going to take that presence and begin to move it across the state, from south to north to east to west. And so, Lord, we thank you now for Connecticut that you are doing a mighty work in that state as well. And father, we thank you today for all these prayers. And I set myself in agreement with them. And Lord, I pray for New York, for this man that's running. This Mr. Selden. God, we pray, father, you would bless him and that he would sit in a place of authority that you have for him and that you will remove The self effort in New York of trying to make it happen. But Lord, you will cause it to happen by the power of your spirit, in Jesus name. Amen.

**Clay Nash: [00:43:27]** Amen. Thank you, Regina, for that. Very, very, very strong there. Sharon, you have something for New York.

**Sharon Buss: [00:43:37]** Yes, I just wanted to add my two cents worth about New York and just pray into the history and war with the history of New York. You know, Charles Finney was there in central New York. There was a tremendous move of God. Part of the second great great awakening. awakening that turned into reformation. It was real revival into reformation in that whole region. And the city of New York was the first capital of the United States of America. And so our founding fathers were doing all of this stuff in New York City before they ever moved the

capital to Washington, DC. So we have a foundation there and foundation of righteousness in the purposes of God from the Constitution and and the covenant that is established by the use of the word of God in the Constitution. And so I just-- and also in the western gate of New York state we also have Niagara Falls, which is just a picture of the outpouring of the Holy Spirit. It's even just small compared to the outpouring of the Holy Spirit that's coming on all flesh that we're going to see, and all flesh shall see this glory together in the name of Jesus Christ. So we declare this over New York state. That's, I believe that's one of the reasons why we're seeing some of these states that have been taken over by darkness. It's because God has such a tremendous purpose in his heart for these states to be used in what he's about to do. So we declare in the name of the Lord Jesus Christ, the purposes of God over New York state. Over the city of New York and over the whole state in the name of Jesus Christ. We call you back to the righteousness that was yours in the days of Finney. We call you back into the righteousness that was yours In the days of the Fulton Street revival in New York City. We call you back in the name of Jesus Christ. We call the hearts back. We call--We just call for a reversal of all of this downward spiral because the state motto Excelsior means ever upward. And we declare that the New York state is moving ever upward into the heavenly into the Kingdom of God for the purposes of the Kingdom of God in the United States of America. And we call this over the governing situation there. The whole government from the lowest to the highest and the highest to the lowest and all the workers in between. We call for a move of righteousness and a move of the Holy Spirit like we had in the days of the Fulton Street revival and in the days of Charles Finney. the name of Jesus Christ, we call for it now, now, now to be affecting these elections that are coming up and to be affecting the people in the streets, in the name of the Lord Jesus Christ, Amen.

**Clay Nash: [00:46:51]** Amen, we come in agreement. We believe that this election is not just about getting conservative senators and the House and taking it back, but it's about releasing a greater dimension, a greater dimension of the presence of God and the awakening and reformation that this nation so desperately needs. Greg Hood, what's in your heart? I'm going to have brother Jim Hodges follow you... Are you there, Greg?

**Greg Hood: [00:47:32]** Can you hear me, Clay?

**Clay Nash: [00:47:34]** I can hear you.

**Greg Hood: [00:47:36]** Oh, good, good. Thank you for this time tonight. What a powerful call. I just want to pray into a couple of these states tonight that you've listed. I feel very important as you gave us the list on our thread to begin to look at them and to pray over them and begin to ask the Lord, you know what he's saying through them. I saw a couple of them highlighted to me. One of those was the state of New York, and I want to pray into New York. So, Father, tonight, I just thank you for New York state. Father, it's the Empire State and Lord, there is a new empire moving in, and that's the empire of the Kingdom of God. Father, you have sent your wind through the state of New York to begin to blow things over that have very shallow root systems. Father, you sent your spirit in, the wind of your spirit, to begin to blow through the state of New York, even in this season and in this time of winter, Lord, to uproot and to tear down things, father, that have shallow foundations. Father, all of the things that we're seeing in that state that look topsy turvy, Lord, we know that these are things that are being done by your spirit to bring things to light, to bring them to the forefront that the Ecclesia can begin to deal with them. Father, I thank you tonight that the reign of the wicked in the Empire State and even from the Empire State, Lord, their days are limited. They are numbered. And father, you spoke to my heart that you are bringing a-- even another wind, a fresh wind of revival throughout that state. And Lord, that's going to begin to start up in the northeast corner of the state of New York and begin to blow west through the rest of the state. But father, you've spoken to my heart also that even into the spring and into the fall, New York is going to see the empire fall and going to see the Kingdom of God rise. So Lord, we decree today that your kingdom is come and your will is being done in the state of New York as it is in heaven. Father, I see, in this state Lord, a strong root system of the Masonic that you are laying your ax to and you're causing that thing to be unwound from around that state. Father, those that have controlled the nation from there, those that have sat in the large rooms of their estates, in their acreage lord and they have governed this nation from their estates. Lord, you're bringing those estates to bankruptcy. And I thank you tonight, father, that as I'm watching this in the spirit, seeing this to begin to unfold, that you're taking families that have rooted themselves into this nation, families and individuals, Lord, even those that are been in this nation for many, many, many decades, Lord and some that have even recently over the last few decades moved into this nation to take control. You are uprooting them as well. I see Lord their lips are moving, but there's no sound coming out. That you are deflecting their voice. You are causing their influence to be naught. You're causing their voice, not to be heard any longer. Lord I seeing the middle of the state, in the very center of the state of New York, that lord, you are raising up a movement of righteousness among young people, Lord, even in this summer, That's going to begin to be a fountain of living water to come from the

state of New York. Lord, I see Native Americans that are living in New York state that you're causing a prosperity to come to them. You're causing a revival to begin to come, an awakening to begin to come to them and a fervent passion for America. Lord, I don't see the propaganda among them that has been sown among the other Native American people in this nation. But God, you're doing something in them and you're raising up a righteous wave of patriotism, vision, hunger to see America come into what you've called it to be out of this Native American group. Lord, I Thank you that Albany, New York, is being shaken and everything that can be shaken loose in it is coming loose. And Lord, They're going to be a first fruit of redeeming the states. Of bringing these state's Lord of this nation back to a place of literally being the United States of America. And Lord, in hearing this, you're saying division is being driven out and Lord, unity, oneness is coming to the forefront. And Lord, we decree tonight, that'll not be a oneness of the enemy, but that would be a one of your Ekklesia bringing this nation back into what you've called it to be. So tonight, father, I bless New York. I bless the righteous candidates that are running there. I bless Lord, the Ekklesia that is there. The men and the women that are filling pulpits. that are righteous men and women. Men and women that are after your heart, that are kingdom minded. We bless them tonight. we decree Lord God that the cloud that has been over New York state is lifting. There's a sound of a new voice that is coming out of that state to this nation. It's a sound of hope. It's the sound of redemption. It's the sound of bringing us together, Lord, as the Ekklesia in what you've called us to be. So father tonight, I bless that state and I bless the Carolinas, South Carolina, even Lord God, as you spoke to me about that state, Lord God and Mr. Scott, who is in that state. I bless him. I declare Lord God that he his path into his purpose is not only the Senate, but Lord, also the White House. And there will be a time that he will be in that house, father governing from your heart. So, Lord, I pray that he keeps his eyes on you. And as he follows you with all of his heart, put men and women around him, Father, that are kingdom minded, righteous people that will not direct him politically, but will direct him out of a kingdom mindset. Father, let him keep his eyes on you. Put people in his path to make sure that happens and pull his heart closer to you so that he won't miss his purpose. For there has been a prophetic work. I don't know where it is, but somebody on this call, I believe, would know it. There's a prophetic word about a black man being raised up in this nation from, I believe, back in the eighteen hundreds this word came forth, to help bring healing to this nation. And Lord, we know that the others that have been in these prominent seats have not done this, but quite the opposite. Well, Lord, I see that on this man, and I release your blessing over him. Use him to fulfill that prophetic word over this nation. and out of South Carolina, God, let there be a roar begin to come. let there be an explosion Begin to come. Let there be a shot heard

around the world again, but a shot for the Kingdom of God that's helping bring America into healing and wholeness. So, Lord, we bless this tonight. Bless everybody on this call. Thank you for Clay and Susan for putting this together, in Jesus name. Amen.

**Clay Nash: [00:55:51]** Amen. Thank you, Greg, for that. Strong. Well, it's great to have brother Jim Hodges on with us. Brother Jim, what's in your heart to close us out tonight?

**Jim Hodges: [00:56:02]** Thank you so much, Clay and team. This afternoon, I was in the study, some prayer, but more study. I'm trying to get ready for some ministry this weekend in Louisiana. And this just came into my spirit and nothing new for you, but I felt like it was worth reminding us about it. And the thought was simply this: the more governmental the Ekklesia gets in its confession, its prophesying, its declaring, its decreeing, the more biblical the civil government of the 50 states and the civil government in Washington, D.C., will become. In other words, the sword in our mouth. The Rhema sword in the mouth of the Ekklesia will so powerfully be released that the civil ruler will not be able to maintain the status quo. either Those who hear the word the kingdom will move toward the Lord and righteousness, or they will be removed. And so this afternoon, when I heard that and then what comes on the call tonight, when Ken Malone prayed about Tim Scott, Senator Scott, to be reelected in South Carolina, as has been mentioned by Greg and also when Tim appealed for a prayer for Lee Zeldin running for governor of New York, who's a Jewish conservative. I begin to realize that we need to be encouraged in what we're doing. Come on. At times, despite the raging battles, despite the confusion that's going on, despite the chaos, that can reach out and try to apprehend us if we're not careful. But I'm just encouraged tonight because all of us know on this call. First of all, you begin with worldview. How do you view the world and reality? You move from that to how you define the culture. How the culture is defined moves into public policy. Today, someone on Fox News talked about a woman who had become a man or maybe was reversed. Forgive me if I don't have this right. But then once that happened, once that transition happened, either way it did happen, then the person became a wolf in his thinking and some of its activities. So I'm thinking we-- public policy doesn't start with Public, policy comes out of culture. Culture comes out of worldview. And I'm reminded in Acts 7:38 When Stevens preaching there his message, he refers back to Moses as the leader of the Ecclesia. Of course, in the wilderness, referring to Israel and the comments also made in that same verse that it was Israel that received living oracles from God himself. So God's intention from the beginning was that Israel have a biblical kingdom worldview. He gave them living oracles. Now they didn't always live up to that, but the

calling was there. And to me, that begins to describe a nation, including our own nation. That's the disciples, come on, by the Kingdom of God and becomes a thoroughgoing, clearly identifiable sheep nation that we, come on, can move toward a kingdom worldview. Thank you. That then impacts the culture that then impacts public policy. So I just want to throw that out tonight and I encourage us because I believe the Ekklesia is maturing and growing in its implementation of the Dominion mandate of the Great Commission. Come on, in the Earth and as we remain faithful to our calling, come on, that is going to assure that the civil ruler, who also has a sword from God to avenge evil and administer justice will line up so that there's not the confusion of the former vice president criticizing the former president for asking him to do something about the election. We all know that Vice President Pence could have sent that thing back to the states. So I just want to throw that in. So, father, we say your Ekklesia is arising. That we, the Ekklesia, with the keys of the kingdom, with the key of David on our right shoulder, we are the governing force in this planet that you said could access or block access. That get bind. That could loose. And so, we declare tonight that as we stay on our post, as you continually infuse us with your power, strength, authority, articulation of truth, but also Lord, just a greater revelation of who Jesus himself is that you are turning our nation. America shall be saved. And the down payment or the signpost of that is the maturation and manifestation that we are the Ekklesia of the first born, which speaks of double portion power and which speaks of full inheritance for the Lord Jesus and all of us in the Kingdom of God. In Yeshua's name. Amen.

**Clay Nash: [01:02:13]** Amen brother Jim. YOU'd have preached it any better, I was going to be tempted to take an offering. I wanna tell you, good stuff. You know, we have a nation that's being influenced by those that have no authority. Unless heaven is backing you, you can influence someone. You can manipulate someone. You can bully someone. But unless heaven is backing you, you have no authority. Unless you have been katartizo, if you've come into alignment, then heaven begins to back you and the only-- then the authority that's not just what you do through what you do, but who you are. It becomes the driving influence in the Earth. And that's a biblical worldview. And that's what's happening now, as the Ekklesia is maturing and it's moving into a greater place of alignment is we're all releasing the sound of heaven together, not just in unity, but as one fitly joined together. We are seeing these things turn. great call tonight. powerful declarations and decrees. We will be releasing out about some other states that will be hitting next Tuesday night. But we will be here on the call tomorrow at 2:22. Join with us. We'll get the recording up of tonight as quickly as we can and we'll get it transcribed and posted there on the website.
