**Clay Nash: [00:30:11]** Well, good evening. It is 9:00 p.m. Eastern Time, and we're on the call tonight. We're going to have some tremendous prayer. We're going to be praying over the state of California, state of Washington, state of Maryland and the state of Vermont tonight. Going to be a great call And it will be recorded. And of course, we'll get it transcribed just as quick as we can. A lot going on in the world. saw where Russia, some of their legislative groups are demanding we give them back Alaska. Well, I don't think so. So anyway, stay in your prayers. Keep pressing through. Keep lifting up what's going on in the world and watch God pour his spirit out upon all flesh. According to the Book of Joel; on all flesh as your sons and daughters prophesy, as your young men dream dreams and as your older man-- excuse me, as your older men dream dreams and your young men see visions. Wow, feeling young tonight. It was about to go into that. But anyway, going to be a great call. We've got our friend Pat on. Pat, open us in prayer and praying for those declarations that you've got in your heart.

**Pat McManus: [00:31:35]** Thank you, Clay, for the opportunity with everyone. And just to link our shields together as we stand as one across our land. So father, we thank you that you are igniting the Ekklesia across the nation and the nations of the Earth. and that father, you are releasing a resounding sound of an expression of your heart that would truly cause a burning and an igniting within to where we would see the fulfillment of your word. Help us, Lord, give us revelation and the words to decree not only for our nation, but the nations of the Earth to see the Kingdom of God advance on the territories and your glory and your greatness be seen in every way. So father, tonight we thank you for the opportunities to come together and to declare your

purpose and your plan to be fulfilled upon our land in Jesus name. I was praying today for Maryland and Washington, and so as I was looking at Maryland, it says, "strong-- that Maryland stands for strong deeds and gentle words", and "presence led will cause things to stand". And as I began to look at this and look at some of the prophetic, a couple of the words, just that the trees will be established on the land. So father, you are planting trees and oaks of righteousness in the state of Maryland. that you are repositioning that state, that it will come in the right aligned order with your words, with your will and your way. That that nation will come into--or that state will come into its rightful place of permeating the expression of your heart. We declare into Maryland that there will be righteousness restored as the trees and oaks of righteousness are established within the state and that Father, you are realigning the state to receive the breath of God. You're breaking the poverty structure off of certain areas within the region, you're realigning that region to receive a greater awareness of your glory and the power of your name. That you're setting oaks of righteousness in places of significance to bring righteous order within that region and territory. So we thank you, father, for Maryland coming into its right place of divine intended purpose to fulfill the destiny of what you said is theirs to have. And father, we declare to Washington that there is an awakening and a shaking that's going to begin to move upon that state. That justice will begin to be seen in the town squares, in the town hall, in the school boards and in the state of Washington. We declare that there is righteousness going to begin to move upon that state and their realigned order will come into your original intended purpose and they will fulfill the destiny of what you said will begin to happen. Father, we say cause the shaking to come from the northern part of Washington all down the Pacific Ocean, and it will hit every state as it begins to move through Washington state. So, father, we declare, let the streams of your glory, the revelation of your heart and the power of your name begin to permeate in Washington, and true justice and true righteousness would prevail in the elections moving forward from this day. Father, we declare to liberalism in Washington state: you are crumbling and falling by the power of the name of the Lord. And we say that righteousness will prevail in Washington state from this day. And Lord, we know that you're reshaking and realigning without any reservation to that state come into its right place. So, father, let the shaking begin which will cause a divine alignment to take place and the purposes of your word to be made known in that land. so, father, we thank you that true justice is prevailing. Righteousness will begin to move in with order and resurf what replaced that, which needs to be replaced. And we give you honor and praise, in Jesus name. Amen and Amen.

**Clay Nash: [00:35:36]** Amen. Good, strong there. Thank you for getting us started out in that strength. It's Going to be good. Anne Tate, What's in your heart? [00:35:44][8.3]

Anne Tate: [00:35:46] Looking out over the words, clay, and seeing that they're trying to replace the word of God with their own words in state? They have not sought the word to come from someone who could speak into them and bring forth as compared to a lot of the other states. Some of these states have, tonight, have had very little words spoken out over them and even less processed and worked with. So, Lord, I lift them up right now in the name of Jesus, and I ask you, Lord to--We send the prophetic word into these states. Lord, I ask you to send prophets into these states between now and the time of election. And I ask you, Lord, for the prophetic word to be plentiful. I thank you, Lord, that they rallied the remnant in these states and that they begin to come together to put off evil and to bring forth the good and the righteousness. I say, Lord, that they have tried to triumph over the remnant, and I say they'll not be able to. I Say that the Lord God Almighty will move in Vermont, Washington, Maryland and California. And I say what they figure out on their own is not the same as what the Lord ordained, what the Lord blesses with, what the Lord calls forth, what the Lord prophesied, what he multiplied, what he sanctified and what he causes to live. And I say, Lord, that between now and Passover, you begin to uncover the darkness and cause the righteousness to be seen. And Lord, we say to these states, arise and shine for your light has come. And we say, Lord, they cannot remain in ignorance. Or remain blind or stupid concerning your movement and your words and your will and your deliverance for them in the name of Jesus.

**Clay Nash: [00:37:52]** Amen. Thank you for that strong declaration there, Anne. we stand with that. One of the things that we need to pray over the Earth, and I know we're praying about these four states but this is just burning in my heart today, and that is we need to pray that the Ekklesia continues to mature. And that they all finished five fold ministry, which is part of the Ekklesia, it's not all of the Ekklesia, but part of it. But the authentic five-fold ministries are going to not just be positioned in their place as a function and authority and anointing, but they're also going to posture their self to help Katartiso, align, equip, empower those that they are leading. So these are very, very important. And so keep that in your heart tonight as we're praying. David Hertle, there in Mississippi. What's in your heart?

**David Hertel: [00:39:01]** Yes, sir. Just looking over the states and reading the words over them, I just keep coming back to Maryland, but I just in the name of Jesus, we claim the states of California, Maryland, Vermont and Washington, D.C., every one of them. For the Kingdom of God and his purposes. But Maryland in Jesus name would come and into the Ekklesia agreement of legislators according to a righteous man's prayer, which is effective and fervent

and availing much. And we take you before the Lord and we say this vote, this bill that's set to be voted on. Was supposed to be possibly voted on today, I don't know what happened on it, couldn't find anything. Senate Bill 6-6-9, a legal analyst says it could be interpreted to allow abortions through the first month after the baby is born and it intentionally uses the word perinatal rather than prenatal, so that it would prevent even an investigation if someone leaves a baby to die, rather than simply drop it off at one of the many safe haven locations. No questions asked for the safe haven law already in effect. So they tie the hands of law enforcement and bar the state from any investigations even concerning sexual abusers and sex traffickers who could coerce women into abortions, but there would be no investigation and ultimately empowering their sexual predators to continue to abuse their victims. So in the name of Jesus, we come against this diabolical scheme of the enemy. We pray Maryland, the Maryland state legislature, would come under such a conviction that they would vote no, not never on this depraved bill that in effect legalized infanticide up to 28 days after the baby's born. So in Jesus name, we bind this John 10:10 thief and those in league with him from from being able to institute into Maryland law This evil scheme to steal, kill and destroy the lives of innocent and helpless babies. Father in Jesus name. We thank you that you are looking down with great interest and great concern because you said through your son, it would be better for one who causes one of these little ones to even stumble, it would have been better for him to choose to have a millstone tied around his neck and be thrown into the sea. There's great consequences to these kind of things. So Lord, in Jesus name, we just call Marilyn into your destiny and into alignment with your purpose to use Maryland, even in the midterm elections, to advance your kingdom. And Lord, we thank you, Lord God, that you are in the process of saving nations and saving nations through saving states. And so we can ask you for the nations. We can ask you through your son, ask you for the nations, we can through your son, ask you for the states. We ask you for the state of Maryland. And nothing is too hard for you, Lord God. And we thank you, and we declare that these four states are in the process of being saved. And even so, because of that, the great country of America and its purposes and its destiny in you, it's being saved and reset, rejuvenated, turned around, lined up, brought on line to fulfill your plan for it in the name of Jesus. I like what said. Some of these haven't had enough words spoken over them. And that right there inspired me just to begin to declare some good things over some things. Lord, we thank you that you've given us this opportunity and we thank you, Lord God, that our words do have an impact, have an effect and began to form a future that we're there was one that was only formed by the enemies words, so in Jesus name, we cancel those and we release the

words of the kingdom instead to form a path for these states and this nation in Jesus name.  
Amen.

**Clay Nash: [00:42:57]** Amen. David, thank you for that, and we just declare over the state of Washington: You will flip. We declare that there are conservatives, pro-life people with hearts of conviction in the state of Washington, and we declare they're going to come out of the woodwork in this election. We declare that they have had it up to here with what has taken place there in that state, and we declared they're coming forth. Their voices are going to be loud. Their votes are going to be sure to vote for life and to vote conservative values. Father, raise up in all across Washington, in the election. Those that have a heart for you and those that have a heart for life and raise them up so they can take their rightful place there in the authority and government of the state of Washington. Brother Jim Hodges, you're with us tonight. What have you got in your heart, sir?

**Clay Nash: [00:44:07]** You, their brother, Jim?

**Jim Hodges: [00:44:11]** I had to mute myself before I unmuted.

**Clay Nash: [00:44:14]** Yeah, you're done. You're-- we're hearing you, sir. Go right ahead. OK.

**Jim Hodges: [00:44:19]** I'm really excited because once again, I was disturbed since you led us into this format, clay, concerning the states because we know that the battles today are local or statewide. And then, of course, there's a national level that must be impacted, but it's from the grassroots that's coming up. And there's enough documentation of how the federal government has been at times tyrannical and oppressive. And of course, they are introducing policies that are absolutely and biblical antichrist. But now, Virginia would be an example of how to turn it and flip it. I use Clay's word, but flip these states that are on the borderline or even who have always voted for a progressive so-called leftist policies and in their platforms to go all the way to saying, "Well, we're humanists, we're not Christians, etc." So I'm inspired by that, but if the states are such a key. And once again, in case the Liberals missed it, it's not just America that has a constitution based on biblical foundational truths, but each state does. And I didn't realize that several years ago, learned from David Barton. So here we stand on a state level and we stand with those constitutions. Referring to the scriptures, referring to the year of our Lord Jesus Christ. So I'm just excited that change is coming to the states and that people are awakening

basically on the local level, be it the truck convoy, be it the switching over, as I've said, and flipping of Virginia into a state this now perpetrating and promoting the values of life and how we would vote. So I just want to declare that this is going to be like a wave coming up from the grassroots because, you know, basically and our nation's founding, it was the grassroots that had to be involved, right? To take a big step to say what? We're going to fight the world's best military and certainly navy and we're a bunch of ragtag guys here called militias. But we know how to ride horses and shoot guns. Excuse me. I can't find it in the scripture but I can see history. So, Father, we just declare right now that state by state, even as we've heard about Washington, which is notoriously progressive; whole thing with Microsoft and the Seattle riots and all that, we just say that the turning, the flipping has begun and we sense it's already started. Now, may we continue to faithfully decree, declare and pray so that the momentum that's already there grows, expands, and apprehends every generation in those states for the turnaround. And Lord, I want to thank you again. I'm not going to pray it tonight because it's not on the list. But our West Virginia senator, Joe Manchin, has stood strong and stood tall in stopping this terrible leftist, aggressively tyrannical civil rulers, particularly in the nation's capital. So we rejoice that Lord, you've turned hearts, you've turned situations and you turn what must be turned. You can turn us away from the curse and toward the blessing. You can turn us from falsehood and media disinformation and turn that into truth that is heralded in the name of Jesus. Right now, lay your hands upon these precinct chairman and women so that they activate those voters not only in their political party, but activate those who have seen enough of what we've been experiencing in this nation to say we don't want to continue down that path, be it domestic policy or foreign policy in the name of Jesus. Thank you as we pray here again tonight that the Ekklesia is maturing. We say the wheat's maturing, the tears are maturing, and there's not yet been a total separation climbing up to the final day in history, there are separations of the wheat and the tear, and the tears are removed as they mature and as a wheats maturity is now moving forward and progressing so well in intercession for this time. So we speak blessing over 50 states. We say we're a jubilee nation. We will have a jubilee deliverance and the jubilee destiny intact moving forward in the name of yeshua. Amen.

**Clay Nash: [00:49:39]** Amen. Sure glad you mentioned Joe Manchin. I was going to. We need to continue to pray over him and these other senators. We need them to come on our way. I mean, Joe has stood tall recently and, you know, they had to withdraw one of the people today, a lady today that Biden had put forth. And he is not going for this nonsense. Thank God for him and the others. But don't be afraid and remember, last Tuesday night, we prayed about all nine

Supreme Court justices. Continue to do so. What every one of them, all nine, Some more than others, but all nine. They need to surrender greater and greater and greater to the conviction of Holy Spirit. A lot of key cases that are going before them at this time. So we need that to come into play. We're at a very, very, very significant time in our nation.

**Jim Hodges: [00:50:44] Yes.**

**Clay Nash: [00:50:44]** It is a turnaround time. It's a reset time. It's a reconstituting time. And we need this shift. There's a turning of our nation. Don't look at the news. Don't believe what they want you to believe. I vetted something out. Had a little bit of time. Spent some time vetting. There's a page out there that's really saying that Ukraine is corrupt in all of this and all of that. And what I found was it looks identical to the proper website, but it's got one extra "N" , the letter "N". One extra one added to it. So when you go, you think you got the right one, but you're actually getting-- and that website at this point, I bet it's connected to Russia and they're putting out false information and some of that. So be very wise, be very discerning. I'm actually praying about putting together a live video with some key people on where we talk about discernment. discernment is greater than just knowing the truth; it's knowing how to apply it. And Solomon knew how to apply the truth that he had, and he did so and it was a great, great time. Greg, you're with us tonight. What's in your heart?

**Greg Hood: [00:52:04]** Hey, Clay. Thank you, man, for doing this call today. I believe these states that you've chosen to pray over tonight are very key states, and there are prophetic words that are coming into them. So I just want to begin to pray and declare what God has given me over these states. Father, tonight I just thank you for the way that these states tie in to our nation. Father, two are on the West Coast. Two are on the East Coast. Two were at the beginning, and two were close to the end of coming into this union, Lord. And I just hear you saying today, father God, that even over Vermont, one of our oldest states, that the seeds of revival and awakening are in you. Beautiful Bennington, Vermont, the seeds of revival are in you. And out of you is going to begin to come a sound of the spirit of God that will begin to draw others into you again. There's a movement of the spirit of the Lord and an awakening that's going to begin to happen in Bennington, Vermont again. And father, I thank you tonight that's it's going to even begin to happen because of what's going to pour over the borders of Canada. Father, even out of Montreal and out of Quebec there is a river of revival that's going to begin to pour into Vermont, and Vermont is going to catch it. I see Bennington, Vermont catching this

revival. Catching this river and the river will not flow from you, Bennington, but it will begin to gush from you. It will be like an explosion coming out of you. God is reviving you and awakening you and bringing you into the place of harvest even now. For, the seeds that have been planted over the years and those that have stood within you and declared that you are a state of revival, you are a state that will see awakening. You saw it once and you will see it again, says the Lord. Father, I thank you today that there is a shaking. Even in the political arenas of Vermont, Lord, you are taking those that have called themselves independents, those that have declared that they want to stand alone to get their will and their way done. And you're raising up sons and daughters within Vermont that'll say, we're not independent we're interdependent. We're pulling our sound from the heart of God. We've laid our ear to his chest and we are repeating what we're hearing his heartbeat say. So Father Lord, over this great state of Vermont, I thank you, Lord. As the summer comes and and as the summer goes, even in this year, there will be signs of shaking and there will be signs of awakening Lord within the great state of Vermont. And I say again, I see Bennington, Vermont being the place where the seedbeds of revival and awakening have been planted and it's going to begin to burst forth. Those that have given their lives for this, those that have sowed in this over the last five or six decades in this state. Lord, I thank you they're stepping into their time. Their cycle has come back around and it's time Father, for this state to begin to see your goodness. I hear tonight lord that you are saying over Vermont that you are going to pour out on the state of Vermont and the habitation of Vermont, the spirit of grace and the spirit of favor. Supplication is being poured out over the state of Vermont. I see the state of Vermont beginning to be known as the weeping state. The state that weeps. Why? For The passion of the loss. For the state that has been known as the coldest is going to begin to be known as the warmest. For the passion of the loss is beginning to stir within you. And I decree that the fire of God has been ignited in the state of Vermont and the agendas that have been there for the left. And the agendas that have even been there for the alphabet groups, I declare today that the fire of God is sweeping through them and those that are in those groups that have come from families of ministers. The lineage is ministry. their lineage is godly. Father, You're going to catch them on fire and they're going to surrender their lives to you. And the wave of harvest is going to begin to take place out of the state of Vermont. Father, I pray over Maryland tonight and I decree over Maryland also Lord God. that Maryland is going to begin to turn because Maryland is beginning to burn. And Father Lord, the burning that is happening there, again the seeds of revival, the seeds of awakening that have been planted there, lord, Maryland at one time was a pulpit for righteousness. It was a pulpit for awakening and revival. And Father, I decree today that Maryland is going to begin to give birth again to

strong governmental leaders. Many presidents have come out of the state of Maryland. Two of them were from my lineage. and I decree today, Father, that Lord, As my family goes back into the seventeen hundreds into Maryland, I decree today, Lord God, Maryland is awakening the revival. Maryland is awakening to the moving of Holy Spirit. And she is pregnant and the travail has started for her to again to begin to bring birth and give birth to strong governmental leaders. Father, we declare that in the governor's mansion of Maryland, we declare it through the halls of their Congress, their Senate, We declare it Lord, on the federal level, they're going to be strong conservative kingdom voices that are going to begin to come out of the state of Maryland. They're going to be two that begin to rise up out of the state of Maryland, that people will begin to say, "they are not Christians. We can't vote for them." But Father I decree, they'll be kingdom people. One man and one woman is going to rise up out of that state. They won't carry a Catholic background. They won't carry a Protestant background, but they will carry a kingdom background. And the Kingdom of God is going to begin to emerge through them. That's going to bring great controversy in the Catholic Church. It's going to bring great controversy among the Protestants in that area. But God said, I've breathed on them my spirit. And They are going to begin to bring a shaking in the state of Maryland that will cause Maryland to get her voice back concerning the nation. Father, I also pray over Washington tonight. I heard the spirit of the Lord say that the land of the state of Washington is mourning, its wailing, it's lamenting. Father, I heard that you said that you have heard Washington's state cry. You heard their wailing. you've heard their lamenting father. And I just saw tonight that Washington state was getting ready to throw up a lot of the things that had been settled in it. Father, the majority of that state are conservative, father in the outlying areas. But Lord, today you're bringing a shaking to Seattle, Washington. You're bringing a shaking Lod to the other cities that have formed alliances, father, with darkness and alliances with evil and father you're causing them to become topsy turvy. I thank you're right now, Lord, that even in the ports of Washington state, there is coming a lockdown in the ports of Washington. I heard sirens going off and the ports locking down. And father, as this begins to happen, you are saying to me tonight there's going to be a great awakening and shaking and Lord, I just see it as a coming of Jesus meeting that people are going to have in those ports with you, Lord, will be an alarm that will be sounded of something that would be the release of violence or the release of an attack. But it will not happen, says the Lord. But the alarms will sound, and there will be great fear run throughout the ports of Washington. And as it does, the Lord says they're going to turn their hearts to me. For they know that I am their only answer. Father, You spoke to Jane Harman this weekend at Kingdom University and you said that we have a campus in Washington state because of the hunger that

is there even now/. breathe on that hunger Lord. Cause a hunger not for religion, but for your kingdom to begin to spring up and to come forth in Washington state, in Jesus name. Lord. I hear you saying that they're going to be known as the shunamite state and that Washington will be the shunamite state, and they will begin to be a place that will welcome the prophets, take care of the prophets, steward the prophets in a way God that they have not done in many years. The seeds of healing, the seeds of help, and the seeds of wholeness are in the state of Washington, and we call them forth in the name of Jesus. For Lord, there have been those that are there that are building rooms on the wall for the prophets to come and to rest, but also for the prophets to begin to decree and declare your word over the state and over the nation. And father over California, lastly, I heard you say to me, Lord God, that a glory is resting upon new California. a Glory is resting upon you. And as the weight of God begins to come upon you, the Kabod of the Lord will begin to cold press you. That's what I heard the spirit of the lord said, I'm going to cold press you to where you will not lose your value and you will not lose the nutritional value, even that you bring spiritually to this nation. But I am going to cold press you and I'm going to begin to cause you to come back in to who I created you to be as one who releases food for the nations, healing to the nations and revival to the land. So Lord, I just decree this tonight as well over California, in Jesus name. Amen.

**Clay Nash: [01:03:28]** Amen Greg, appreciate it. Strong, and appreciate it. As you were speaking some of the states, I got a word and heard the Lord say the Shawnee, Oklahoma and I know it's not four of our states, but I heard the Lord say: Shawnee, Oklahoma, I'm about to release a war cry over you so that a war cry will begin to come from you again. Not a war that wars against flesh and blood, but a war cry that's going to war against the darkness and death that is settled into that area. So get ready for this war cry to be released over you so it will stir the war cry of the kingdom through you and over you. It's Going to be a great thing there. Take that word and run with it. Jill, what's in your heart?

**Jill Nobles: [01:04:20]** Wow, wow. Greg's word: powerful, very powerful. The watchman sees the sword coming and blows the trumpet, warn the people. The violent sword is trying to come. So let us prepare the state of Washington to become the shunamite state, according to the prophet, according to the word of the Lord. Maryland, Washington, California, your Republicans voted yes last week to rob the people of their ability to defend themselves. Your House of Representatives dropped a bill containing authorization for gun control, and we speak into that Violence Against Women Act, That Reauthorization Act, and we speak to that national instant

criminal background check system that is seeking to turn centralized power over to the federal government to take it away from the state. And we speak to these legislators and over them tonight and we say, nay, nay, the Lord will come and he will turn this around in the name of Jesus. We say over these pieces of legislation that have been passed in the House and about to go to the Senate, we decree a cease and desist order over these pieces. Father, we say tonight that we bless you and we thank you. Praise and Glory to your great name for the work of God in the Earth. And although many forces are vying for supremacy, we have confidence that your great power can and will overtake these Antichrist forces. We speak to these two actions and issue a cease and desist order against them. We decree that the heavenly host be put on assignment to place every false altar on lock down. I bind every gatekeeper and I place the blood of Jesus, Yeshua, upon every portal and access point. I appeal to justice and I decree a hundredfold return to all the evil sown against God's people. I take authority over the evil spirits operating behind these legislative actions, and I decree that you are discovered, apprehended, bound, pierced, pierced through and destroyed. I loose the divine virtues of liberty, freedom, righteousness and justice. These virtues shall be restored to you. I pull out every hidden document, covenant, contract legislation, certificate, oath or vow that runs contrary to the will of God. I deed any territory possessed by the enemy over to the Kingdom of God, and I place the blood of Yeshua over the governments of Maryland, California, Vermont and Washington. I ask Lord that these states be flipped to represent a conservative biblical foundation and father, I close this out as we watch with expectant hearts to the verdicts rendered in the favor of the Saints in the name of Jesus, a man.

**Clay Nash: [01:08:05]** Amen Jill. We come in agreement with that. And we just declare over Burma. we just declare there is an Ekklesia that's hidden there. We declare there they're going to come forth. their voice is going to be amplified, going to be loud, they're going to speak with authority. And I--because I watch the numbers, I prophesy into the state of Vermont and I say there's going to be an awakening and we're going to see an increase in the numbers of those from that state that's going to begin to join this call and be part of what the Ekklesia is declaring and decreeing at this time. Timothy, good to have you on. I know you're busy. What's in your heart tonight?

**Tim Carscadden: [01:08:52]** Thank you, Clay, and to all that are on the call, we thank you guys for partnering with us as we pray, and you kind of stole what I was getting for. Vermont, Clay and Greg did a little bit as well, I don't think stole it. I mean, it's really what God's saying right now.

And I want to cover the four states real quickly. I saw Vermont, and this is what the Lord showed me. He Said, there is a dormancy that is ending and a sound in the wind is moving in this state. And I saw this. The foundational word of the Founding Fathers is groaning from the land, and we declare that the voices of the founding fathers in Vermont will come forth and we speak life from the death. And we say the words that are in the soil of Vermont that our founding fathers cried out for for the purpose of righteousness in America will come forth and it will affect the citizens of Vermont. And then I heard from Maryland, the state of Kavanaugh and Roberts that they will again be used to turn toward justice. Maryland, you will be used as a state that will be known for justice because of these two justices that live within your boundaries. And then I heard this Maryland: Maryland will become Merry-land, M-E-R-R-Y, as the rebuilding of the original intent is beginning. And instead of creating a breach in America and in this nation, you will now begin to repair the breach. We declare that over Maryland, especially in the coming election and for the state of Washington, I had a vision and I saw the southeast corner will have a voice that spreads far and wide harvests of past seasons will begin to speak. And Washington, the Lord says, Do not forget your heritage nor your inheritance. And I heard this, the Lord says voters will secretly vote against their patterns of the past, and the Lord said to push and call out for the midwives because God is trying to birth new beginnings in the state of Washington. So we decree that, that the true midwives and the intercessors of Washington and this nation will arrive there. And in California, I heard this, the Courts of Heaven are ruling over this state at this moment, and the remnants prayers have filled the bowls and the harp and bowl Worship there will move the heart of many and move the hearts of many in the state. Darkness has built dams there to hold back the water to water that would bring the seeds of faith there, and we declare that these dams that the enemy has built will be breached and the waters will reach the seeds of those who sown into that land and hope will come to them and the nation and the state of California will be transformed and they will begin to lead again. I thank you, father, for the court cases There, both in a natural and in the spirit that will flip California and flip counties and flip regions in this coming election. We decree that right now. Now, This is a kind of a side issue. I had a vision. And I know President Biden's in Europe right now, we need to really cover what he does there. I kept hearing the word capitulation over him and that he's willing to capitulate on some key issues. And then I had a vision of Secretary of State Blinken and the Lord showed me he was trying to bring real wisdom to the administration and they have shut his mouth. They do not want his input right now, and they're pushing him to the side because he's trying to bring real wisdom to the policies of this administration. So we pray right now over our president as he goes to Europe, that father, he will not capitulate. He will stand strong father for

the nation of Ukraine and Lord for our allies over there. Lord, we have already broken our promise to Ukraine. We have already breached our covenant that we made and we repent for that. But now, father, we pray that he'd honor Lord what our fathers and our past leaders have voted on and and stood for that they would protect Lord the innocent. They would protect the orphan and the widow. They would protect them, father, in the land right now. And father, I pray for Anthony Blinken, Lord that his voice of wisdom that could speak into this administration would once again have a voice. We come against the powers of darkness that want to keep him and keep his voice away from the president, away from the leaders. And we say, Lord, let his voice come forth. Lord, Find a way where there doesn't seem to be a way for that to happen. We decree these things tonight in the name of Yeshua, Amen.

**Clay Nash: [01:13:51]** Amen. Thank you, Timothy, for that. And as you said, let's continue to cover Biden while he's over there. I've been praying that there would be Bhatia's released around him that would have not only just common sense in some of these situations, but also would release Kingdom insight and Kingdom Wisdom around him. I believe something's going to take place that's going to get Biden to shift about returning back to using our oil here. And I've been praying that in my prayer closet, I've been declaring and decreeing, and I believe it's going to take place. Before I Close the call out, any of the hosts that on, anybody else of the hosts, do you have anything else to contribute tonight? We don't want to miss anything that you're feeling. Well, you all are quite. Well, listen, I want to thank all of our participants that's on. I know our hosts make great declarations, great decrees. We release prophetic words, visions and insight. All that is significant. All that is essential. But I want to tell you the thing that's fueling this call is the power of agreement from the participants that come on. your declarations there. Your decrees there are so essential for this call, carrying the weight that it must carry. So thank you. Thank you. Thank you. Another call tomorrow at 2:22 Eastern Time and my very small team of people will work to get the recording. We had a problem today. I don't know if it's right now actually with free conference call, but we're working on it. But we'll get the recordings up as quick as we can and get tonights transcribed so you can have it. Had someone write me today thanking me for the transcriptions because they're taking portions of them and carrying them into prayer meetings and using them in their state. So that's important. So, God bless you. Be with us tomorrow at 2:22. Remember Timothy's-- you can find it all on Facebook under Christian Center or pipeline intercession every day at 12 o'clock central time. It's--I want to tell you--very informative. I had to miss it today and I regretted it. I try to sneak in there and listen and get a

lot of insight. His son, Zach is doing such an incredible job with digging up and researching. So anyway, I bless you all. We'll be here tomorrow at 2:22.
