Clay Nash: [00:00:17] Well, good evening its 9:00 p.m. Eastern Time, and we're on our Tuesday night call. We're not going to be praying over the Senate elections tonight. We will be going back into them and finishing up the last four. I'll make another announcement about that. We're going to press in tonight and just allow the hosts to follow the spirit. But I do want to put a little bit of focus on this inflation. I'm talking to a lot of people. It's really, really beginning to hurt them and damage them. And so I want us to press into it. But I do want to begin--as I was sitting here praying and get ready for the call. I had a word drop in my spirit. It's Not unusual with me, but I'm going to begin the call with that, then I'm gone call on tom. If you would open us in prayer and we'll go into. But I heard the Lord say to Altoona, Pennsylvania, that just as there was a proclamation came out of you at one time that emancipated a people, the Lord said there's another proclamation that will come out of you this year that will bring liberty to a group of people that are held captive to old ways, old culture. It will transfer them from becoming an old wine skin into a new wine skin. Now, I don't know if anybody's on from there. I don't know if you know someone from there, but this word will be-- is being recorded. And it also will be transcribed. So you'll be able... But this word very strongly dropped into my spirit and my heart while ago. Tom, there in Texas. What, uh--open us in prayer and make those prayers and declarations that you have tonight.

Tom Schuleter: [00:02:17] Amen, Clay. Thank you very much. And boy, don't you love it when there is a word in due season that the Lord gives? So we just come into agreement with that word, clay, that's awesome. Also, just for about three of us I know, we really would appreciate your prayers. I don't know if it's just the springtime, what's going on with the winds and everything else, but I know there's at least three of us that are having some serious sinus issues and some drainage and sore throats and stuff like that. So if we sound a little bit raspy tonight, that's what it is. But we would really appreciate your prayers. But father, we come into your presence tonight and we glorify your name. We magnify, dear Lord... We magnify you because

you are our God and our Lord. We magnify you because you are the Lord of all creation. We magnify your name because you, dear Lord, already know what tomorrow is holding for us and you have already won the victory for tomorrow. So tonight, dear Lord, as we pray, as we decree, as we release revelations that the Lord has been giving us, we ask, dear Lord, that you would take these words that we received from you and that you would drive them like a mighty wind into the tomorrows and set the stage for the awakening. Set the stage for what needs to happen in each of our lives, in each of our states in this nation and even the nations of the Earth. We bless you, Lord, and thank you in Jesus name. Amen. You know, Clay and others, last night we were on a call with some leaders and friend Greg Hood mentioned a phrase that just went off in my spirit. And I couldn't let--it just wouldn't let go of me all through the night and into the morning. But he just said "there's a line drawn in the sand." and being in Texas, that's a very significant word for us. Many of you know the tradition. Some debate whether it actually happened or not. But I believe it did. When Colonel Travis there in the Alamo, just a day before the fall, drew a line in the sand and asked, "What are you all willing to do? We are greatly outnumbered. We are not going to win this. This is going to be liberty or death, and death is going to follow. So make your decision." And all of them crossed over the line. And that just kept on burning in my spirit all night because I've done a lot of work here lately and just examining some of the things that went on in the Alamo. But then the Lord drew up in my spirit several passages that-- I'm not going to read them. They're all very familiar to you-- of similar drawing the line in the sand issues. Deuteronomy 30, where Moses to the people of Israel, says "You need to choose this day if you're going to choose life or choose blessing, choose life or choose death, or choose a blessing or choose curses. Choose life, because that will establish you." And so there was a choice there. You need to, you need to figure out what you're going to choose today. Are you going to choose life or you're going to choose death? Are you going to choose blessing? Are you going to choose curses? Similar thing to what Joshua did near the end of his life in the Book of Joshua in Joshua 24. Ya'll Need to make a choice today. Are you going to serve the gods that your father served on the other side of the river? Or are you going to serve God? And then he ends it with that very famous phrase: "As for me in my house, we will serve the Lord." We've all heard and we all know the story of Elijah with the Baal prophets on Mount Carmel. again, another drawing of a line in the sand. Those are the things that the Lord is laying before us right now as the Ekiklesia And as a nation. We have a lot of issues that we are facing right now and right at the top of the list is what Clay mentioned. We have this horrendous inflation that has just hurt people all across the nation. The inflation, which includes the high gas prices, all the things, Dear Lord, that are just driving people crazy and they're running out of

funds and they're losing hope. Not to mention what's going on in Ukraine, not to mention what's happening could be possibly happening in Taiwan and all across the world. And we know that we're in a serious battle between light and dark. We're in a serious battle between blessings and curses. We're in a serious battle between life and death. A month ago, on the 22nd of February, there were 28 of us who were up in Washington, D.C., and we drew a line in the sand that day and we said we're not going to give-- we're not going to give any credence anymore to religion or a political spirit. We're not going to tolerate it anymore. We are going to stand our ground. We are going to fight this to the end, and we know that the end is victory. It is not going to be the end that they experienced in the Alamo. It's going to be victory. It's going to be the victory that they saw on Mount Carmel as the Lord poured out his spirit upon them and caused all of those who were worshiping other gods to fall under the sword and to restore rain to the land. So tonight, I just want to encourage all of you just in prayers and decrees. The line has been drawn. We are going through some very tough times. We have been told by the prophets that we are in a season of war. We know that we are entering into the spring time of the year when kings go to war. Well, we're not going to stay back in the palace. We're not going to lay back and be leisurely. We are going to step over the line. We are going to step into what God has called us to do in this hour. We will be his instruments to bring his kingdom and his will on Earth as it is in heaven. So I decree that and release it as a commissioning over all of the intercessors tonight, regardless of what you're going through, the Lord is our strength and our might. He is our victor. He is life. He is blessing. And Lord, we again state tonight as intercessors all across this nation and maybe even other nations of the Earth. We are saying tonight, Dear Lord, the line has been drawn and we're stepping over it. We are going to fight this. We are going to be an army that has been raised up in this hour to be your instrument in your hands to release your purposes on Earth. The destiny of the nations. The destiny of this nation. The destiny of our states and our own personal destinies. You are the victor and we are a part of the victor's army. Thank you, Lord. Tonight, America will be and is being saved and we bless your holy name. Amen.

Clay Nash: [00:09:43] Amen. Thank you, Tom, for that. David, you're with us. What's in your heart?

Dave Hertel: [00:09:50] Yes sir. It's just been several things on my heart. Quickly. I just pray in Jesus name that those who are struggling with the financial circumstances and especially because they are driven by higher fuel costs. We just call forth...We make a declaration and decree that energy leaders across the spectrum of government agencies and businesses. We

call them forth to stand out. To get a spine, to stand strong and to resist agendas that refuse to use the god-given resources we have here within our own borders and our own control. Stand up! We declare to you and disregard the threats and the accusations of green new deal Do-gooders that do no good. Stand up and do what's right and do what's good for our nation. We declare that the spigot of fossil fuel production be opened and flowing freely to the glory of God in Jesus name. And Lord, we claim this nation for the Kingdom of God, and that there'd be a complete rejection of socialism on all levels across the board of all ethnic groups and generations, and a choosing again of a heartfelt desire to live under a constitutional republic form of government and capitalism over communism. Lord, let that be such a sweeping transformation of our culture that no one can explain where it came from, except heaven itself. And So, Lord, we also know that across our nation, many offices at all levels of government will be awarded to those who hate God, murdered babies and who want to dismantle the foundations of America. And they're awarded to them because they were uncontested. So we call forth the Davids to step forward against the Goliaths in government. We declare the promptings, dreams, confirmations of encounters will awaken awareness and the desire and many hesitant candidates. We need to be like the truck driver; that one in Pennsylvania I think it was. Many are Christian in their principles. Some even may be on this call. But the Lord says this to you, that if you will go forward, I will be with you wherever you go and wherever it takes you. We thank you, Lord, for these grassroots candidates rising up for such a time as this. that in Jesus name, come forth people and power to accomplish the impossible. And we will give you glory as we see it happen and declare America shall be saved, in Jesus name. Amen.

Clay Nash: [00:12:35] Amen. Thank you, David, for that. Strong. Some strong declarations there. Regina, what's in your heart?

Regina Shank: [00:12:43] Thank you, Clay. Good to be on with everybody tonight. I'll tell you what's in my heart. It's out of First John 4. I think it's very, very important to have the spirit of truth within us and to have discernment because there are many voices in the world. And this says in first John 4: dear friends do not believe every spirit. But test the spirits to see whether they are from God because many false prophets have gone into the world. This is how you can recognize the spirit of God. Every spirit that acknowledges that Jesus Christ has come in the flesh is from God, but every spirit that does not acknowledge Jesus is not from God. This is the spirit of the Antichrist, which you have heard is coming and even now is already in the world. You, dear children, are from God and have overcome them because the one who is in you is

greater than the one who is in the world. They are from the world and therefore speak from the viewpoint of the world and the world listens to them. We are from God and whoever knows God listens to us, but whoever is not from God does not listen to us. This is how we recognize the spirit of truth and the spirit of falsehood. And I feel like it's very important for us in this season to test the spirits; to know who is speaking and what is truth and what isn't. And I realize that it's very, very important to find out who is telling us the truth and not listen to every newscast or not listen to every word that is coming over the television or even over Facebook. Those kind of medias. But the Lord is saying to us, I have put within you My spirit of truth. And of course, Jesus says that in John 16 verse 12: I have much more to say to you but you cannot bear now. But when the spirit of truth comes, he will guide you into all truth. He will not speak of his own, but he will speak only what he hears and he will tell you what is to come. So I think we can be prepared for the future. I think we can know what's coming and be prepared for it. Really interesting thing is happening. We've been ministering to several people lately, in fact, we do that all the time. And I came in late to a ministry session and they were praying for someone, and the Lord spoke to me and said, "Tell her I am pulling her out of that situation that she was in", and I specifically called out what that situation was. And they looked at me and said, "You weren't in here, you weren't in here. You didn't know." And it isn't us who are speaking. It is the spirit of God within us that reveals what's going on in the Earth, and we can know what direction to go. We can know where to be and what to say when we get there, because we have the spirit of truth within us and we can discern who is telling the truth and who is not. And I love the power of the spirit of God who is within us, and he is operating within us now and we can know what is the truth and what isn't. And we can prophesy into darkness and bring light, and I love how God does that with us and for us. And so I want to pray tonight for us about greater levels of seeing in the spirit and knowing God's will and walking in wisdom. So Lord, we decree that tonight. For all of us on this call, the hosts and those listening, God, that we can read people's mail. That we can know the future because you are in it. You are the same yesterday, today and forever. You've already been where we're going and you've already been where we have gone. And Lord, we thank you for that. And you can lead us, God, even in the darkest night you can lead us through the darkest time because you are the light of the world and you say that we are the light of the world. And so, Lord, We pray tonight for strong discernment in these times and to know what voice to listen to, even the prophetic voices in the Earth. For there are those who are continuing to decree doom, gloom and terrible things. But Lord, we know that you are our God and you rescue us from evil. You rescue us from darkness, you rescue us from the plans of the enemy and so many times in our lives, even those times we did not know it, you have averted

us from danger. And so Lord, We thank you. The Holy Spirit is the steering wheel of our decisions. And so, Lord, we ask you to steer us in the right direction, to be at the right place, at the right time, to get the right price for the things that are being sold. To be in the right place at the right time, God, to give the word that sets somebody free. So, Lord, we thank you for that today. That you can give us that strong understanding in the spirit. And father, I thank you for the prophetic voices and the hosts on this call that prophesy your will into the Earth. and Lord, We ask now that you would cause us to come to another level, another level of wisdom, another level of discernment and be those who are walking in the light, even though it's dark around us. And so, father, we thank you for that and we thank you, Lord, that we are not without hope, that we have hope in you and God that you see what is coming and you prepare us for it. I do pray against that inflation that those prices would not go any higher. and father, that you would give wisdom to those who need it. And Lord, we know that right now we have some people that are making decisions about this nation that are not walking in wisdom. But Lord, we ask father for your wisdom to come and to bring us into a place of safety, a place of discernment, and a place of supply. You even gave manna in the wilderness and quail in the wilderness, lord. You know how to supply for us, and we ask you to do so for the people on this call and others, lord, that are looking to you for supply. So thank you for new discernment. For us discernment. Thank you for wisdom. Thank you for supply. Thank you, Lord. You are the light in the darkness, and we have strong discernment to know which voice to listen to in Jesus name.

Clay Nash: [00:19:27] Amen, Regina. Strong. Thank you for that. 2008, when the real estate bubble busted, the economy began to slip into recession, I went away to spend three days fasting and praying, and I had no more got away into the place I was going to stay and the Lord asked me a question. He said, "Are you an American trying to live in the kingdom? Or Are you a kingdom man that lives in America?" My answer was "Lord, I am now a kingdom man that lives in America". But I want to give you the scripture that is a promise from God to war against this inflation in your personal life or maybe you can share it with someone that is warring. You find it in Ecclesiastes Chapter five and verse 18. It begins by saying, "Here is what I have seen. It is good and fitting for one to eat and drink and to enjoy the good of all his labor in which he toils under the Sun all the days of his life, which God gives him. For this is his inheritance. As for every man to whom God has given riches and wealth"-- and here comes the answer-- "and giving him power to eat of it, to receive his inheritance and rejoice in his labor. This is a gift of God, for he will not dwell unduly on the days of his life because God keeps him busy with the joy of his heart." And the prophetic word that I referred to many times came forth last June up in

Clarksville, Tennessee said, "We're in a time that we no longer will war for the promises of God, but from them." There's a promise there that will --in this text, that will deal with inflation. So I wanted to release that now so that some of you get into your spirit. As I said, it will be recorded and also be transcribed. Ken Malone, Good to have you on tonight my friend, what's in your heart?

Clay Nash: [00:21:42] Hey, brother, I'm so glad to be on. And I so agree with what Regina said and you just said. I believe there is hope. And for those who may be on here that you're struggling, I just want to address straight to you tonight to tell you that God is with you. He is on your side. And he has promised in his word, he'll never leave you nor forsake you. You know, there's been times in my life where, for whatever reason, down financially or down in health, and God always provided someone to help me and fight for me. And so I want to say tonight that we're on here fighting for those people who are suffering from this inflation. And so, father, I decree in Jesus name over every person, lord, that's in a battle for their life. I decree, Lord, that they win. That through Jesus Christ they receive the victory. I thank you, Father God, that the victory belongs to them. I thank you, God, that they are the head and not the tail. Above and beneath. And that everything they set their hand to, they shall be blessed. I say tonight, Lord, that you open the good treasures of heaven to them and pour out blessings upon them that they would not have room to receive it all. Father, I say in Jesus name that they're favored by you and your grace sufficiently supplies to them and even gives them an abundance in Yeshua's name. Father, tonight, God, I pray Lord, for not only those who are suffering financially, but those who are suffering sick, father. We decree in Jesus name that you're healed by the stripes of Jesus. We say that no weapon formed against you will prosper and that the Lord will arise in your life with healing in his wings. I thank you for doing that. I thank you for every stripe that was bore on your son's back for their healing in the name of Yeshua. And father, I ask you to put a quick end to this inflation and Father, we decree Lord, the end of it in Jesus name. And father, we thank you God for a steady income for all of your people. Father, I decree lord that there is sufficient grace to supply everyone's life and father, we give you praise and honor and glory for it. You are the Jehovah Jireh. You are our Jehovah Rapha and we bless you tonight in Yeshua's name

Clay Nash: [00:24:27] Amen Ken. That's strong. We come in agreement. Yes. Yes. The place of your greatest sacrifice--and there are many people sacrificing right now-- is always the place that God provides. So we just release that. As Ken was making his declaration, I heard another

prophetic word for Bellevue, Washington. And I heard the Lord say, "Bellevue, you've lost your edge and you've been asking the intercessors in the Ekklesia--There has been asking, "what's ahead?" And the Lord said, "I'm about to bring you to the Grind Rock and I'm about to put an edge back on you. For I have positioned you on the edge to be an edge, and I have positioned you to be able to cross over with a sound into Seattle that will deal with that liberal nonsense that has hurt the state and hurt that region. Watch and see as the edge is put back on you." And the Lord said, "After I put you on the grind rock, I'm going to bring you to an oil wet stone and I'm going to bring that edge so sharp it will slice the paper of the Liberals into pieces", says the Lord. Amen., Betty, what's in your heart?

Betty Love: [00:25:46] Praise God. Just want to release a word of encouragement and strength to those that are joined here tonight and into our nation. Father, tonight we come into agreement with all of the decrees and the prayers that are being released here tonight, not only with the hosts, but those that are joined here joining in agreement with us. And father, your words says in Isaiah 14:27, "for the Lord, Yahweh, The commander of Angel Armies has an amazing strategy and who can thwart him? When he moves in power Who can stop him?" Lord, we acknowledge that you are the stability of our time, and now faith is being sure of what we hope for. It is the substance of things hoped for and the evidence of things not seen. Our faith is in you, Lord, and your ability to bring your kingdom plan and purpose for us, your covenant people and your covenant plan for our nation. We look to you, our rock, and we decree tonight that covenant stands. Against all hope Abraham believed and so became father. And so tonight, we say, without weakening in our faith, just as Abraham faced the facts, Lord, we can look into this nation and we can see that our nation is shaking and our people are hurting. But Lord, we are not wavering in unbelief in regard to the promise. Lord God, you are faithful to your people and you supply all of our needs according to your riches in glory. You are the God of grace who makes all grace abound to us so that in all things at all times, having all that we need, we may abound in every good work. And father, we thank you that you supply seed to the sower and bread for food. And father, regardless of what the prices are at the gas pump, you are a covenant keeping God and you are good. And father, for those that are in need tonight, we say open up the supply line. And Father, show forth your hand, show for your ability to provide and supply. And father, I heard you say that your course--"My course is set for this nation and I will not turn back on my redemptive plan. righteous remnant. Ekklesia. Stand fast. Stand firm. Stand strong for Indeed, I am the stability of your time. And though the mountains shake and the Earth be moved, I am in the midst of you and I will help you, says the Lord. And Father, I hear

the sound of a new song and a sound rising in the land, and lord, it is the sound of freedom. And father, we thank you that age old strongholds and ungodly structures are coming down. And where the enemy has tried to put the squeeze on us, the Ekkelesia, on the people of God, father, We thank you for the breaking out and the breaking forth. And father, we thank you for personal and corporate victory. And father, we thank you that your ordained kingdom plan, even before the foundations of the Earth is going to stand for this nation. I thank you, Lord, that you hear the voice, the cry of the righteous and father, we thank you again for strengthening us. For strengthening your people in our inner man by the power of your spirit. And father again, I thank you that Christ is in us, the hope of glory. And again, you are our stability. You are our sure foundation. And so, father, we just thank you for confirming your word tonight. We thank you, Lord, for what you are doing and that you are faithfully watching over your word to perform it in our lives individually, corporately, territoriality and generationally. Your kingdom plan stands in Yeshua's name, Amen and Amen.

Clay Nash: [00:30:44] Amen. Very strong stuff, strong decree. Greg, what do you have tonight?

Greg Hood: [00:30:50] Hey Clay, got a couple of things on my heart. I like to pray into tonight. One of those is the inflation piece. But the other one is I just kept hearing today: unrighteous judge. unrighteous judge. We know that there's a hearing going on right now for a new Supreme Court judge to take the place of the justice that is retiring. And as I just began to look into that, pray into it, it just kept getting louder and louder: Unrighteous judge. And so today, father, we have been praying over our courts for many, many years. Father, we have seen movement in the right direction. And father, we know that the enemy is grasping at everything that he can grasp at. So tonight, Lord, we ask God first that you would encamp your angels round about our court around the highest court in this land. And Lord, we actually appeal tonight to a higher court than the Supreme Court of the United States. And that is to heaven, to your court Lord, to your throne. And we thank you tonight, that fathe. All the tactics, the plans, the schemes, the tricks of the enemy that he is trying to play and he is trying to pull in order to take control of that cour in a greater way, we declare that will not happen in Jesus name. Father, we're asking tonight that you move upon the hearts of the senators that are hearing this in committee and that would even try to bring it to a vote. Father, it is my prayer tonight and I'll compliment my prayer with a declaration. This just--this person that's being considered for justice will not make it out. And I thank you for that father. We decree tonight that she will not be confirmed. She will not sit on the highest court in the land. And father, we thank you, Lord, that her radical views will not be

hidden any longer. That God, she'll be snared by the words of her mouth and that God is there asking her questions. We decree today, father and Lord, like you sent that spirit to Saul, Lord, you'll send one to her that she'd open her mouth and reveal all. Let it be known who she is in the land. And father, we're asking you to bless our nation through this. We're asking you, Lord, to keep our nation from battles and from from fights that we don't have to have. Father, we declare tonight that this is cut off at the pass. A that father, this is the plan of heaven that she expose herself. So I decree tonight: exposure come. I decree tonight as She opens her mouth. She will begin to reveal her heart and as she reveals her heart, Even those that would be considered the most liberal will not be able to put their vote towards her. So Lord, tonight, we decree that father This unRighteous judge will not become an unrighteous justice. And We thank you for this tonight, father. So Lord, send the whirlwind of your spirit. Stir your angels in that place. And Father. Things begin to happen and take place in those hearings that expose the unrighteous judge. So, father, we decree this tonight. We come into agreement with it. As the Ekklesia. Father, we speak also into the inflation that is happening in our nation right now. And as I was praying into this, clay, as you gave us a prayer point for this tonight, I just begin to be reminded of the story of when Jesus went into the temple. He set outside and made a whip . He went in and used it, and he turned over their tables. One of the reasons he did that, he said, You've made my father's house a den of thieves. And one thing that they were doing in there is they were, they were in--They were using inflation. They were inflating the prices of the sacrifices. Some of those sacrifices were very inferior; they did not meet the standard that God had put forward for the sacrifices to be brought to him. They were cheating the people. They were robbing the people and they were bringing the nation into a place of defilement. I see that's what's happening today. There is no need for this inflation in our nation. This is not something that is due to a lack of a shortage. This is something that is done because of a political move and a move that those that are running our nation at the moment want to drive this nation into the ground. So we declare today that America will not be a den of thieves. It will not be a place where robbers can do their business. This nation will be a nation that lives out its prophetic blueprint. that lives out its prophetic purpose. That it will be a nation that spreads the gospel of the kingdom to this world and to the shores of every nation. Father, I thank you today that even you instructed us in the Lord's Prayer. You said that deliver us from evil, deliver us from temptations, which means if there's any other way to teach you something. Don't let it come through temptations and hardships. So, father, today I thank you that this is not something the Ekklesia needs to be used as a weapon against us. Because we decreed today, Lord, we know, right. We know wrong. We know what you're saying to this nation. We know by your spirit. We

know today, God, that these robbers and these thieves are setting this nation up, father for collapse and for ruin to move us away from the things that you created us to be and to do. So I decree today this inflation, this wicked inflation, this unrighteous inflation must stop. I decree a turnaround tonight in this nation concerning inflation, concerning gas prices, fuel prices, food and all the things that are necessities in this nation. Father, I decree tonight that the things that need to be open in this nation are open. I call the pipeline back open in Jesus name. I decree that our reliance upon foreign oils and foreign goods are bound. We have no need for those and Father, they'll not be coming in here. Father, we thank you God that we are seeing the fruit of our land begin to spring up among us, Lord God, and will eat from it, just as Clay quoted that verse earlier tonight. It is good for man to live, to work and to eat the fruit of his labor. And so Lord, tonight we decree that labor is increasing in this nation. Righteous labor. And we decree tonight, Father, that the things the enemy has capped off, as the Ekkelsia come into agreement tonight and we say, "open back up in Jesus name". Flow to your fullness in Jesus name and release the goodness of the Lord in this nation. And we bind the hands that have shut things down in this nation. And we decree today the spirit of the robber and the spirit of the thief that you've been operating in is caught and you must give it back seven times. So, Father, we release this tonight. And we decree this inflation is deflated tonight, in Jesus name. Amen.

Greg Hood: [00:38:36] Amen. Thank you, Greg, for that. Strong, strong, strong. And we come in agreement with that. If you get a chance, try to find where Marsha Blackburn from Tennessee was questioning this justice that's been put forth by Biden. Did an excellent, excellent job. I mean, just an incredible job. Just left her speechless. But did it very gentle. Did it very sternly, with it. One of our participants sent This in as an email just now and it's very, very on target. They said: I heard this while Greg Hood was praying: out of the abundance of her heart, let her mouth speak. And one of the things that Marsha Blackburn from Tennessee did, was just read her own quotes today, which really incriminated her stand. And so we do need to pray this that out of the abundance of our heart, her mouth will speak and it will will entrap her at this time. I want to mention that next Tuesday night, the 29th, we're going to cover the last remaining Senate election states. We won't be through with all them as we get closer to November 8th. But they will be Ohio, Oklahoma, South Dakota and Utah. That'll be our focus next Tuesday night, and I'll be getting out very soon to the hosts and we'll send an email to the participants, the prophetic words that have come forth over these four states. Timothy, what do you have?

Tim Carscadden: [00:40:34] Thank you, Clay, and blessings to all the participants tonight and hosts. We bless you for laboring and fighting the fight in this season. I just want to add to the justice issue. Today I was reading in Proverbs 18 in the passion translation verse five, the Lord declares here: it is atrocious when judges show favor to the guilty and deprive the innocent of justice. And I felt the Lord said to decree that over this nomination hearing that every atrocious judgment that was in the favor of the guilty would be exposed during this hearing and those of the innocent were deprived of justice would be--would have a voice. I want to say that right now. We do decree as they interview her and question her that we would, if there's any atrocious judgments that have shown favor of the guilty, that they would be exposed right now, Lord. And the Innocent, they were deprived of justice, that they would have a voice in these hearings. Lord, I just pray, father, that the senators that are questioning would have wisdom like Solomon, like Clay just mentioned, and that they would operate in that realm, in the name of Jesus. We decree that. Also on the inflation issue, the Lord spoke to me. I prophesied this a couple other places, but I really felt this. That is how God provided for the body in 2020, He will provide for the body even through this inflation crisis. And the Lord said that the wealth within the House of God will be a blessing and you will have major purchasing power in the season ahead. There will be a day soon when pennies will be on the dollar in some of the purchases that you make and God will prosper you in this season. And this is no season to withdraw. The Lord says fear not, it's a season to press in. I had a vision today, earlier today concerning resources and finances, and I saw the Sea of Glass and the Lord began to speak to me about how perfect it was and how the streets in heaven are so perfect and everything. And he described to me about how when you sow into the stock market, you're hoping they're just, you're hoping they're fair. You're hoping that when you give your money there that you'll get a fair return, but there's no guarantee. But the Lord said, when you trade on my floors, when you trade in the heavenly realm, you will have a guaranteed return. And this is not some get rich scheme. This is just a trust that the kingdom is built on a foundation that cannot be shaken and God's kingdom resources and economy will not and is not being shaken right now. So I want to encourage everybody that gives like you trade stocks. Let's trade with our resources, with our life. Everything that we have on the Lord's trading floors, on the places where it's a guaranteed return. A man sows in the kingdom that he will reap in the kingdom. And I just, I just pray this right now. I was doing a livestream with Germany today, and they're really fighting, they're really in fear. The Germans are wanting to hold their resources right now because they have this fear. And I just prophesied and immediately as we prophesied, many of them broke. And the Lord begin to break them and they begin to sow into the kingdom, and God began to use them and is

going to use them in the days ahead. So I want to say that for everybody in America as well, it is not the time to withhold. It's a time to press in. Ask God where you should sow. ask God what you should sow into for those trading floors from heaven. So father, I decree over everybody listening to this phone call tonight, even if they're listening on the replay or they're reading the transcript, we decree that Lord tonight that there is no lack in heaven whatsoever and that Lord in this season, that what happened to us in 2020 and beyond will happen again. And that Lord you provided for us when everything was shut down, you will provide for us even now as everything's being shot up, that Lord, you can take care of your people. That we will not beg for bread in this season, but we will be a blessing and we will bless others and Lord, the resources will continually flow, in the name of Yeshua. We decree that. Amen and Amen.

Clay Nash: [00:45:16] Amen. Thank you, Timothy, we come to an agreement. Just wanna kind of spice up what you just made decrees over. Just had a guest minister in from East Tennessee in the Greenville, Tennessee, area. And Heidi Baker's Ministry Irish now has a base there. Its not only an Irish base. It is the largest one in the world now. And this minister, which lives there, has a daughter and son in law that some of the significant leaders there was sharing something that's taking place there. And as he shared, I'm not going to go into detail, but what I heard from him was I heard from him the truth of one of the greatest wealth transfers that I am aware of anywhere. And like, there was a ministry started there to help women who have had drug problems, have been incarcerated and a businessman who stepped up and he said "Every one of them that finishes your program and does well for three months, I will fully fund their college education." Listen, that's kingdom wealth transfer right there. other testimonies I won't go into. And so what Timothy is saying, we we are not just on-- we're on the edge of it, but we're in to this awakening. It's all around us and it's happening in places. I, you know, I'm not trying to get people to go there, but I plan to visit Greenville... I don't know when. Sometime. so I want to get an impartation and bring back into the territory that God has given me some responsibility. And so I just stir your heart. I mean, look unto the hills from where your help comes. God is not short-- heaven is not in lack and God is pouring out. I mean, his promises, he will open a window of heaven over us and pour our blessings we cannot hold, he'll rebuke the devourer, he'll put many resources in the storehouse and all ethnicities will rise up and call us blessed. That is what we are standing on and battling with. We're battling with those promises and we're moving forth in it. We want you to move forth in it. Pat, what's in your heart?

Pat McManus: [00:47:43] Thank you Clay for the opportunity to be with you guys. And like others, I have just two things, and one of them is really what Timothy mentioned about the Supreme Court, and Greg. One of the things that really kind of struck out to me was that this administration is using this as a tool to help solidify or continue to cause division within our nation. And so, father, I ask because of the culture of what this lady comes from causing a greater place of division. So father, we declare this day that even though who they're Positioning in now to try to be positioned in the highest court of the land, she will be disqualified because of the fact she doesn't measure up to the truth and to the constitutional structure that this land was built on and built in. That Father, that which is truly {inaudible} the parameters of how the justice and justices should prevail upon our nation. That father, the Constitution is the barometer of the guiding structure for our land. And that Father, that which holds true to be able to see how it all kind of plays together, that she doesn't measure up to the full expression of what that means. And therefore she disqualifies herself. that others aint disqualifying her, she is disqualifying herself because she doesn't hold true to the foundations of our nation. So father, we say, let that, let it come to light and where others recognize and they will not be swayed, that caused issues or problems across our nation because of the disqualification of someone that doesn't measure up to the purpose of our land. And father, I declare this day that as you led the Nation of Israel across the desert, that you provided for them from the beginning to the end and that father, you're bringing even the Ekklesia, this day into its promised inheritance that we will eat the fruit of the land. So father, we thank you that as we enter into the promises of what you have declared, the prophetic decrees that have been spoken over our nation, that the Ekklesia and others are stepping into and being able to eat the promised and eat the fruit of all and be fulfilled in every dimension as you continue to unlock the wells of revival, unlock the wells of reformation, unlock the wells of transformation. So father, we thank you that you are unlocking the provision and you're raising up the new wells of revival across our nation, which will truly bring provision and breakthrough in many ways. So father, we thank you for what you're about to do as you raise up the Ekklesia Patriots to stand on the promise and the purpose of your hand to see the fulfillment of what you're about to do in our nation as you unlock the wells. And father, we declare, Let each state recognize that they are republic and restore back what needs to be done and see the fulfillment of your word come to pass in our land. And we thank you father for it in Jesus name. Amen and Amen.

Clay Nash: [00:50:54] Amen. we come in agreement with that for sure. I don't have a current report. Do any of our hosts on Justice Clarence Thomas? I know that he's been in the hospital.

I've been very, very busy in a building project and I haven't heard anything and hadn't even-- someone just emailed me or texted me and asked for us to pray. I'm going to pray for him, but I'd like to get a current report. Any of the hosts on here know Any current information on Justice Clarence Thomas? Well, I'm going to give you one. I've been praying and I've got peace about him, but father, we lift up Justice Clarence Thomas and this which is going on, which is brought a time in the hospital for him, We bind up every sickness. We bind up every infirmity, every disease and every assignment of hell that has been set against them. We pray a protective hedge of the blood of Christ and the word of God around him and we rebuke the sickness, disease, infirmity and assignment. We declare healing from the crown of his head to the soles of his feet. We release an anointing. We ask for a stirring of resurrection power, which is within him and those that are praying for him by Holy Spirit. And we declare that that resurrection power release will become the power of divine reversal, reversing his sickness into health. Now, father, we speak well-being and we speak strength and we speak, just a coming forth, father. Let this time not only bring healing to his body, but a rest to his mind for what's ahead for our Supreme Court of this nation? We thank you for the stability, the stabilizing factor, even the lightning rod at times this man has become. Let his voice be heard. Let it be amplified. Let the authority that he speaks in not only be the authority of the seat as a justice of the Supreme Court, but let the authority he speaks in come out of his kingdom relationship to the Lord Jesus Christ. Now father, we bless him. We bless his life. We bless his position there on the Supreme Court, and we declare his voice will be heard loudly in the days to come. Greg Hood, you're saying you want to pray. Come on in.

Greg Hood: [00:53:51] Thank you, Clay. Father, I just speak into Clarence Thomas's life. I speak into his body. your word says that healing is the children's bread. We decree that into him. Your word says that no weapon formed against him will prosper. Every tongue that rises up against him you'll condemn it. and Father I speak That into him as well. Father, he plays a major role, according to a dream you gave me and words that you've given other prophets around the nation. He plays a major role in helping the Ekklesia, bringing this nation back into her alignment with heaven. Father, I thank you tonight, God, that those that try to bring things against him, things to accuse him, as they've done in the past, they fall at his feet. They have no power or authority. Lord, your word says that we drink any deadly thing, it will not harm us. I speak that over this man tonight, and I decree that anything that is gone into his body that has not been a natural thing of ingestion, it will not harm him in Jesus name. Father, I decree in agreement tonight with the Ekklesia, with other prophetic and apostolic voices on this call that

Clarence Thomas will live out every day in his book, and he'll do it fulfilling his assignment and his calling. We bind together tonight, father, as your ekklesia. And You say where two or three of us are, there you are. There's power to decree, to release a thing father and see it established. So Lord, we thank you tonight that Clarence Thomas is not just bouncing back but God, he's bouncing back with a big step in his walk. And father, he's going to begin to see clearer than he's ever seen. I even feel that you're visiting him and He'll begin to speak of an encounter with you, Lord, that he had during this time that will stir an anointing, a deep well of anointing within this man father to begin to have greater voice in the nation for justice and have greater voice in the court for Justice. I just hear his legacy being known as the father of justice in modern times. And so Lord, tonight we just decree that shall be. And he's not done. He's going to see the goodness of the Lord in the land of the living. He's going to help rip injustice out of this nation in his days ahead in Jesus' mighty name, Amen.

Clay Nash: [00:56:28] Amen Greg. Good stuff. I want to remind everybody back in November, I had a dream. Very, very detailed dream, actually. Then I had a sequel to it. But in this dream, Clarence Thomas was in it, and Dutch's grandson said that Justice Clarence Thomas had come to him and gave him some prophetic information to release to a team that was speaking to Dutch. And so I know it was a God dream. So we reach into that dream right now, and we war from that promise for Justice Clarence Thomas' future. We declare he is that voice and his voice will be amplified. We speak to the result of some treatments. I'm understanding about infection and we declare the infection gone. But the side effects of the treatment, we declare it must go. And we declare healing and health over him now, in Yeshua's name. Amen and Amen. Anyone else have something burning in your heart? All right, it's been an awesome, awesome Tuesday night call. I love it when Holy Spirit directs us. You know, we want to pray for the Senate and the House elections and some of the governor elections where we need some conservative pro-life governors put in place. But I also want to follow the Holy Spirit, and I believe we have done that well tonight. We have several on this call that are battling-- several that couldn't be on, are battling with sinus infections and hoarseness of throat. We speak healing to all of you. We come in agreement that healing and health is just flowing upon you, and we declare that you're going to wake up tomorrow, supernaturally healed And well. We declare that now in Yeshua's name. Amen. We'll be putting the recording up tomorrow as quick as we can and I promise you that my very small staff will go to work on getting this transcribed, it being placed on the website. You can go there and pick it up and we'll be back here on the wall at 2:22 tomorrow, and we're going to continue battling from his promises and from the victory of Covenant. God bless you all.
