Clay Nash: [00:00:21] Good evening. It's 9:00 p.m. Eastern Time, and we're on our call tonight. We're going to be pressing in and beginning to press into the House elections for 2022. There will be 435 of them this year. We're going to press into the ones that are very pivotal, ones that are needed to flip the house even as we want to see the Senate flip. I'm going to begin us in prayer and then I want to take a few moments and talk about making declarations and making decrees. Father, I thank you for tonight's call. We bless everyone that's on. We declare over them peace. We declare over them faith. We declare over them great grace. We declare over them a stirring, Lord, in the midst of the shaking that's taking place all around us. Let there be a stirring of Holy Spirit in each one of us. You said that out of our innermost parts would run rivers of living water. So father, let that living water produce declarations, but let it produce decrees. Let it produce a passion to see this nation turn, to see pro-life, conservative value people elected into these governmental offices so we can see our nation return to your original design and original intent. Father, we thank you for tonight. We thank you for the calls daily, but we thank you for tonight As we press in about the House elections. Be with us tonight. Cause us to hear your voice and decree what we're hearing and do so in Yeshu's name, Amen and Amen. I want to-- we've covered this before, but I feel like we need to go back and retouch on it again. And that is about making declarations and decrees. I want some of our other hosts to be ready to come in on this as well. But in our previous discussion, it was probably last year on a Tuesday night, we talked about this and defined it. You can declare what God has said through his word. And let me give you an example. The word of God says by His stripes, we are healed. So, when my body is fighting, I can declare that over my body. But if-- as God. Not if-- as God would speak to me and say, "Your healing is here" or "you're healed" or like that, then that is a fresh God-breathed word and we can decree it. Decreeing is on the same level as prophesying. And so, I just felt--and I'm going to touch on one other thing here in a minute, but I felt like we needed to go back. You decree what the word of God has said-- excuse me. You declare what the word of God has said, but you decree what God is saying. And so, I wanted to put that out

there. If one of the other hosts, before we go into our time about the House of Elections tonight, if one of the other hosts or more have something to add to this or stretch me a little bit with what you see in it. We want that tonight, so let me know you're on and and would like to say something. You're all going to be quite-a? All right. Nobody has anything to add to that?

Jim Hodges: [00:04:43] Clay?

Clay Nash: [00:04:43] Yeah, go ahead.

Jim Hodges: [00:04:45] Hey Clay. Brother Jim.

Clay Nash: [00:04:47] Yes?

Jim Hodges: [00:04:47] Let me just come behind you on that because, you know, sometimes with my so-called heavily didactic background, I have a challenge sometimes and I need clarification, which I appreciate you giving tonight. You've said it before but it kind of kicked in to a new level. But what I would just say, basically and I did have a couple things to decree tonight, and it obviously is based on what God has said, we declare. But what God's saying, and we--I would just like to say this quickly. We were in Mexico City just a couple of days ago ministering and I won't go into a report. So relax. But I can say out of that meeting, something reinforced what we know is biblical truths, so we declare it, but we're now must to create. And that is that God always works first and primarily through a remnant. That's declared throughout all scripture. Abraham had 318 men and defeated along with three friends from Canaan; Anna Escro(sp?) And I think that guy was Mamric(sp?) They defeated by Babylonian kings. And Gideon had 300. That's a remnant that defeated the whole nation of the Mennianite Army. And I'm decreeing today, I believe God's declared, It's a principle of his word, He works through a remnant to start reform, to start awakening, to start revival or whatever it is that we're seeking the Lord to do and basically whatever God said he wants to do in the Earth. So I'm decreeing there's a remnant right now in the government, in the House, in the Senate, in the state houses, in the state legislatures. There are remnants of the people of God in mayoral elections, City Councils, School Boards. Yes, they're in the minority. Yes, we're in the minority in that sense. But God is working through that remnant to bring transformation and reformation. So I would just-- I would just say right now that. And I believe this with all my heart and I decree that there is a godly, an informed regulatory remnant in all the seven mountains of culture to bring about what we're seeking the Lord to do and and based on what He's declared He's going to do to turn things around, to shake things up, to shift things, to bring us back on course and lead us into a glorious future that's promised in scripture. So thanks for clarification on that, clay. It helped me and I'm

going to learn more as I go forward. But I'm excited tonight not just to pray for them to be encouraged and strengthened. We do that. But I'm decreeing that they are, just like the Ekklesia's a remnant within the body of Christ globally. We're making a difference. They're making a difference on their assignments, in Jesus' name.

Clay Nash: [00:07:47] Yes. yeah. You know, when the prophet Ezekial, there in Ezekiel 37:7, he said... The first thing Ihe instructed, he said, "prophecy (or decree), they will hear the word of the Lord", and that's what we need to do, Brother Jim.that hit me is what you were saying. We need to prophesy or we need to decree over the House and Senate that those that have that ability in them to become, to be that remnant and to become that voice of life, that voice of-- I've quit calling it common sense because it's become an uncommon sense. That voice of reasoning, that kingdom voice. You know anything the kingdom releases in sound, it carries authority within that sound. And we need a sound to come out of the House and the Senate that's filled with Kingdom authority because when kingdom authority comes on the scene, it begins to push back darkness. It begins to push back compromise. It begins to push back diplomacy, that's one of the things that's working against our nation in the Senate and the House and churches and everything. Too much diplomacy today, though if people are afraid that they're going to offend someone... And no, we don't set out to offend but you know, I read in an old book that I believe very much that Jesus is the rock offense. And so, brother Jim, thank you for that input that's excellent. And I think it'll help the people see it. Any other hosts want to add to this?

Greg Hood: [00:09:45] Hey Clay, this is Greg.

Clay Nash: [00:09:49] Yeah, Greg?

Greg Hood: [00:09:49] There's some things too that I really think is important for us-- pardon me, my voice is about gone-- ...Is that like prophecy, when we're decreeing things, we are speaking what we believe is in God's heart for a thing. I know declarations are from what I see at times can be much stronger at times than a prophetic word. And we know that prophetic words are conditional in a lot of ways. But declaring a thing, like you were saying, speaking from the word what father may want to happen or what could happen in our lives, but that decreeing piece is more of a gavel strike on the judge's bench. We have to remember, too, that we're playing into these things in a way that we know the heart of the father and we know what he wants and we know what is good for maybe a person, maybe in the cases that we've been

speaking to a lot here lately, the nation, we as intercessors, prayer warriors, people who are standing in the gap; that remnant, like Brother Jim was speaking about, need to grab a hold of these things and begin to reinforce them in prayer when we hear them. I Kind of like to call it the rebar in the concrete. We know what the foundation could be, but when the cement is wet it still can-- it's not solid like it needs to be. So I think when we're looking at declarations and prophecies and things like that too, we need to understand too that sometimes these things are conditional and we need as intercessors and prayer warriors again to grab a hold of them and walk them through and pray into those things? And like you had said, decrees are more of the gavel on the bench. But again, I think as we hear those, we {inaudible} need to throw our hands up and say, "Hoorah it's done." We still need to walk these things through in prayer and steward them and handle them in a way of kind of bringing the ball across the goal line. Does that make sense or do we...

Clay Nash: [00:12:09] Yes. Yes. Yeah. We can stand on what the word of God has said. what God has said. But I agree with you totally. When you begin to decree what God is saying, that is like the gavel coming down. There's another---I'm going to bring this into it. But the scripture said very sadly, says, "Eli restrained his sons not." When I got a hold to this back in the early 90s I begin to look into that and try to get some understanding. And we know what Eli's son's did, but most people look at restraining their children by giving them the things they can't do. And what I discovered back when God began to speak to me what it was saying there, Eli never made the Godly decrees and declarations over his sons. And when I caught this, I began to--the way our home was built, our children had lived upstairs. They all had three rooms and I would go and stand on the platform at night when they were asleep, and I would just begin to decree what God had shown us for their lives. And we begin to see those things be birthed in them. And right now, I heard the Lord a couple of weeks ago, mentioned it on today's call, I heard the Lord a couple of weeks ago tell me-- He says, "we got a lot of people seeking to bind up things, but we're in a season of loosening things." And he went on to say, he said, "when you lose what's in heaven. It has an automatic binding effect to it." But most of the time, me included, in my prayers in the past, I spent a lot more time binding up than I did loosening. And so I began to shift And in that and I found that making righteous decrees; what God has said over our children it has a...it releases or looses their destiny, their purpose and in that it begins to bind up what the enemy is trying to do to pull them off course. And so I'm just sharing out of my experiences. Good stuff, Greg. Let me ask this. Any other hosts have something that just burning about this you want to add?

Ken Malone: [00:14:38] I'll add into clay. This is Ken.

Clay Nash: [00:14:42] Okay. Hey Ken.

Ken Malone: [00:14:44] The word of God talks about in Job 22:28, You will decree a thing and it will be established for you in light will shine on your ways. You know, when I came up in the charismatic movement and so we decreed everything that we wanted. We would bind everything we didn't like. We would lose everything that we liked and most of it never happened. When you go to that scripture and look at where it says, "you will also decree a thing." The word "thing" is Omer. And it actually means "decree a decree." It's hearing heaven's decree. What heaven has said. it was just like both of you said a moment ago, it is the gavel going down. And I think that when we decree something, we need to have heard definitely from heaven. And when we do and decree that it will be established to us, light will begin to shine on our way. And so I guess I think that it's really important that we don't decree everything that we would like and bind everything that we don't like or lose everything that we do like. I think we really need to hear from the Lord in those kind of things.

Clay Nash: [00:16:02] Yes, that is so true. You know, a couple of years ago, I had an experience and I heard Holy Spirit tell me, "pray the prayers". And I didn't fully understand it. And then in December I'd heard that in November. In December Dutch was with us on a Sunday morning, and he taught out of the fervent prayers of a righteous man of availeth much. And so as he was teaching, it's always a good anointing under an apostolic teacher to go.. And so I was researching, and some of the commentators actually said that fervent prayers are when you're praying the prayers that God has given you. And so that's what I hear in what you're saying there. Anybody else have something? OK. Let me address something. Last Tuesday night, one of our hosts made a decree that Jackson would not become a Supreme Court justice. And some of you, maybe that's on the call, some people wrote me concerned about that when Jackson did become. And so I spoke with the host. And what they meant to say was declare. They were declaring what they felt was God's will. But they did not have a Rhema word. I call it a God-breathed word. You know, I call it when, you know, when God breathes on something that he give us, I've coined this word; we become Rhematized. And so I just want you to know that it was a mistake made there, and we're happy to say that we made a mistake, and that's one of the reasons we're addressing this tonight because we want to keep on point and we want to help every one of you that's on this call tonight to become stronger and more of the voice of the

remnant in this time. And so I just wanted to address that, but I thought it was wise that we'd step back in and define these things. I, you know, I quote all the time by His Stripes, I'm healed. You know, when I've had a left knee...(inaudible) thank God it's gone today, but I was declaring that what the word of God has said...(inaudible) my knee. And that's the reason we read the word, that's the reason we confess the word, that's the reason we declare the word, because then it gives opportunity for Holy Spirit to breathe on it and it to become energized and empowered. And this is so, so important. So thank all of you that's on the call. Thank the hosts that helped me with this. We're trying to do the best we can. I love what our senior statesman said while ago, Brother Jim. He said he was learning. Well, let me tell you, if he's learning, we can all learn. He, you know, he's got a lot of experience and a lot of understanding of the word. And I'm trying to learn and I hope all of you are too. All right. We're going to get into praying over the House elections. We didn't pick out any certain ones tonight. We're just going to kind of part the waters tonight and get started. And I've asked Betty Love to go first. Betty, what's in your heart to declare and decree?

Betty Love: [00:19:33] Thank you, Clay. I believe the Lord's given me a good word to decree here tonight and speak. and so Lord, we just want to honor you and thank you, Lord. As we have entered into the 15th week and on the 15th step, we are accelerating towards our November 8th Election Day. And father, we thank you that we are also in the year of 5782 Hebraically and 2022. And Lord, we know prophetically and Hebraically you are building your house for the future. So, tonight we want to acknowledge across the United States of America, into the heavens, into the Earth, according to your words, unless the Lord builds the house, the builders labor in vain. unless the Lord watches over the city, the guards, the watchman, watch in vain. And father, Tonight we know that you have not raised us up for such a time as this. To watch in vain, to guard in vain. We believe with all of our hearts. Jesus, we know we are evidence that you are building. You are a builder and you are building Your Ekklesia. and Lord, tonight we take our stand in the nation's gate. And father, we celebrate that we are in the year that you are building your house, your family. You are building us individually, generationally and you are building us corporately. and father tonight. I just want to release about the House of Representatives. Father of the Constitution grants the US House of Representatives a unique set of powers in the federal government, embodying the framers intent to make it uniquely responsive to the will of the people. James Madison of Virginia, the father of the Constitution and the house's most important statesmen in the early congresses, believed the House should have an immediate dependance on an intimate sympathy with the people. The house is the only

branch of government that has been directly elected by the the thinking of the people to become agreeable with your will so that your redemptive plan for our nation and the House of Representatives will stand. And father, we pray tonight that any scheme of the kingdom of Darkness and any plan of destruction for our nation, American voters since its formation in 1789. Unlike the Senate, the House is not a continuing body. Its members must stand for election every two years, after which it convenes for a new session and essentially reconstitutes itself, electing a speaker, swearing in the members elect and approving a slate of officers to administer the institution. direct (inaudible) elections and the size of the membership. Currently, 435 voting representatives have made the House receptive to a continual influx of new ideas and priorities that contribute to its long standing reputation as the People's House. So, Father, as we have stated tonight, what the function is of the US House of Representatives. Father, this morning I clearly heard you say, "unless the Lord builds the house." Father, we acknowledge that you are the Lord of the United States of America. And father, we want to thank you for our founding fathers who established this nation in your righteousness. Let all the people, those that will cast their vote in this nation fear the Lord. Father, we pray in the name of Yeshua that you would begin to move on the hearts of the people throughout this nation. Lord, especially the church. Father God, that you would plumb line this nation in righteousness and truth. And Lord, that the hood wink and the blinders would be removed. And Lord, we thank you that you nullify the Council of Nations. You frustrate the plans of the people. Tonight we declare the Council of the Lord stands forever. Father, the plans of your heart from generation to generation. Blessed is the nation whose God is the Lord, the people whom you have chosen for your own inheritance. Father, we are your righteous inheritance standing before you tonight in the land and will declare that our children will serve you. That future generations will hear about the wonders of the Lord. Your righteous acts will be told those yet not born. And father, we thank you. We ask tonight, and father, we've asked here tonight before. Father, I ask for a change of heart and an entire renovation of the soul of this nation through Jesus Christ and the power of Holy Spirit. Lord, we pray that your awakening and transformation would come to America in such a way that it would sincerely affect the heart and change the practices and the influences of the will of this nation. Father, I acknowledge that there needs to be a reconstitution of the US House of Representatives. Father, let the covenant route, Lord, that the ancient markers that you have established in our land through the righteous act of our forefathers and even the Ekklesia on this call. Lord God, let the covenant roots produce. Father, the weapons of our warfare are not carnal but are mighty through You to the pulling down of strongholds, casting down imaginations and every high thing that would exalt itself against the knowledge of God

and bringing our thoughts captive to the obedience of Christ. Father, let the prince of the power of the air be bound from the people. And Lord God, let your light and your truth, go forth across this nation and cause that antichrist spirit and the influence of evil men and women would be removed. Let the desires, plans, devices and expectations of the enemy for this country be completely frustrated in Jesus name. And father, let the House of the Representatives of the United States of America be shaken. Father, we decree tonight-- you gave me four decrees for this election year. And one: father, we decree exposer, removal and an unseating of all unrepentant, ungodly authority, Lord God, that is in the House of Representatives. Father, you showed me even as Daniel as the king was weighed in the balance and his days were numbered. Father, there are those in the House of Representatives. Lord God, their sin has reached it's fullness. And Lord God, I thank you that there is a weighing in the scales. And father, that you are unseating and removing these individuals from their place of authority and leadership. Lord, we're believing you for a redeemed America. For a new government, something that we have not seen before. But it's in your heart, Father, and we are agreeing with Him. We are saying Let it be on Earth as it is in heaven. Father tonight will decree that the enemy will not usurp or take a seat of authority in any of the vacated positions in the House of Representatives. Father God, there are those that are up for reelection. But Lord, I see that you are sifting, even in the candidates. And Lord, As we are looking into our nation, we are seeing that sifting, that there are people that are dropping out of the races. And so Lord, let there be no time or resources that will work against the redemptive plan that you have for our nation and father, for those that you have appointed to go into the House of Representatives. And father, we decree that demonic grace is bound and blocked. Let every seating of Satan and occult powers be bound, uprooted, torn down, destroyed and completely overthrown in the name of Yeshua. Anything that would try to thwart your election plan and Father God, anything that would try to corrupt the election for the House of Representatives. Father, we decree: nothing will thwart Adonei Elohim's plan. Father, let healing, revival, awakening and reformation come into our nation as you have ordained. And Father, we know that man has a short list of candidates, but we agree with you. Let righteous rules be established in the House of Representatives. Father, men and women of integrity that will hold these positions of authority that will carry out their assignments in the fear of the Lord. Move again, Father, We pray, on the hearts of the American people to elect representatives into the House, Lord God, that will stand for righteousness and truth. And finally, tonight, Lord, we decree: you are building your house. And Father, to the Church of America and Father, to the Ekklesia, we say Tetelestai: come forth new creation. Father, we behold that you are doing a new thing. City, State and our nation are

being revived, restored and rebuilt. And let it be father, according to your kingdom blueprint. We thank you for the function of the House of Representatives. And father, we thank you that you are staking the house. and we say, let the rebuilding begin on Earth as it is in heaven, in the name of Yeshua. Amen and Amen.

Clay Nash: [00:30:34] Amen Betty. thank you for kicking us off strong. We appreciate that. we come in agreement with those declarations and decrees. Dan, what's in your heart?

Dan Blacksher: [00:30:47] Thank you, brother. Amen. I just want to say I agree wholeheartedly with everything that Berty prayed and declared. and I've really been feeling like we're in a season right now of the convergence of prophetic words. I was a little late getting on the phone call because a friend of mine who called had a dream and he was asking me what it meant. And he saw the mountains. And over the mountains, this giant dark mountain, he said it was black. He knew it was evil. And he said as he was watching this mountain that was jutting over the other mountains, it began to crack and then it began to crumble. And he said, and all of a sudden, this gigantic wave hit it and knocked it completely down. I do believe the Lord was showing him what's going on at the highest levels of our of our government, where they're trying to control everything. But it's beginning to crack, it's beginning to crumble, and the spirit of God is going to, I believe, level it. So, and so I feel like where the Lord was showing me that we're in a convergence of all the different prophetic words that he's spoken over this nation. I was also shaken today by our conversation with an intercessor I've never talked to before who travels all over, and he was telling me about seeing this angel named Union. Well, that shook me because of the vision that George Washington had in 1777. The angel who was in that vision had a crown on that said "Union". And I believe it is the same angel that is working towards the salvation of this nation. And that last peril that George Washington was shown was the most difficult and it came from Asia, Europe and Africa. And so I want to pray over our elections. Father in the name of Jesus, we just loose that angel, Lord God, that has that Crown Union, that is here to preserve this nation. Lord, with all the other angels that are on assignment with him to begin to repel and push back the darkness of what the enemy is trying to do in our electoral process in this nation. So father, we just declare, Lord, that it will not just be exposed, but it will be cut off. Any influence that would try to come from a foreign nation over our elections in the House of Representatives. Father, every illegitimate and corrupt tie that any House of Representatives has with Africa, Europe or Asia, Father, that it would come front and center. And Lord God, that it would be dealt with fully. And so, Father, we just declare, Lord, over

Pennsylvania, over Ohio, over West Virginia, Kentucky, Indiana, Illinois, Father, that you would begin to purify things through there. One of the things that he said about seeing the angel with "Union" on it was there's a tremendous amount of corruption that's coming out of Ohio that the Lord showed him. So father, we bind that and we declare Father, righteous individuals in that state serving in those seats of the House of Representatives. And Father, I thank you, Lord, that according to that vision of George Washington, the angel said, "If the whole world aligns against this republic, it will not win." That we will be victorious. And father, even in this, I declare victory. Father, we're asking Lord for you to convict those who are in positions of influence with regards to the counting of the votes, the voting machines. Father, we just declare that every attempt to hack the election in any of our elections and especially in this House of Representatives, that we're praying over right now, Father, that you would hack the hackers and you would sabotage every program that's meant to overturn votes, that's meant to change the outcome of our elections. Father, I thank you for the things that the states that Lord God were compromised in 2020 have done. But father, we're asking for your divine intervention through mercy and grace to shut it all off before it can have any effect. Father, we acknowledge before you, we have a corrupt judicial system that will not even hear the evidence when it is presented. So, father, we're asking through angelic help and assistance and through Lord, you moving on the hearts of men that you would stop it before it even has a chance to have an effect. And father, we just declare this is the season for the Shebnahs heads to roll. This is the season for the Heyman's to hang. This is the season for the Mordecai's to be put in their place. This is the season for the Eliakhims to take their seat. This is the season, Lord God, for your righteous remnant, Lord, that have the keys to unlock and lock, to open and shut that no man can open and no man can shut to be put in the civil seats of authority to see, Lord God, your kingdom advance in this nation and to see this constitution, which is our covenant with you, shored up, sustained and strengthened, in Jesus name. Amen.

Clay Nash: [00:36:02] Amen Dan, appreciate that. Strong, we come in agreement with it. Anne, what's in your heart?

Anne Tate: [00:36:11] I'm, I'm-- the Lord has been speaking to me about Passover ever since I got on the call. And so, Lord this Friday is Passover. And Lord, we say that this nation will Passover. We say that there's been a line that that you have drawn. And beyond that point, some things go and some things stay. And Lord, I saw settlers are pioneers. And that really didn't know the cost of the journey. And they had european antiques and treasures from a very

settled, civilized place in the back of the wagon trying to take them over to pass over. And Lord, that when they first put their, put their-- we know that when the pioneers, when they put their wagons into the water, there were deep waters, there were no bridges and all of those fine things that they have tried to carry over. They could not. And so Lord, I ask you to make us wise pioneers as we pass over this season. And Lord, I ask you to cause us to leave behind baggage that is not important, that we can't work with, that we'll lose our lives trying to. But Lord, we decree that when we pass over, that we'll be full of salt. We'll be salty ones that affect the Earth, that we are affecting the Earth in this call. And these people that are laying down their lives. And I say Lord, there's been a change already. That there's been some changes already in what has been done. And we say, Lord, you lift one up and you put another down. And none of us are smart enough Lord, to figure out exactly what your way is or what you're doing. But Lord, we commend these things to you. And Lord, we're entrusting you that what will pass over will be what you want to pass over. And none of it, whatever darkness manages to remain, Lord, you are more than that. And what we can't deal with you deal with. And Lord, we thank you that you are God and that we're moving from here into Kingdom. And Lord, I say that our mouth and our words, our tongues will form and frame kingdom and we will pass over into a greater manifestation of Kingdom than we've ever known before in the name of Jesus.

Clay Nash: [00:39:33] Amen, Anne. I agree with all of that, and I'ma just tell you, I have such a witness and have for a while now that there is a new stirring of pioneers for this nation. That spirit of pioneering that comes out of the heart of God. So I come in agreement with that, Pat. What's in your heart?

Pat McManus: [00:40:02] Thank you, Clay. I appreciate the opportunity. I kept on hearing even while Betty was praying about the house, that God is building the house not only in the House of Representatives, but he's building the House of the Ekklesia. And as the two begin to build, there shall be the fulfillment of God's purpose prevail on our land. So father, we declare this day there's a reordering of the house. That you are setting in order the house to come into alignment with your words, your will and your way. We declare to, even as it was said earlier, to Ohio and Iowa and California, we declare, let the house come into order and the fulfillment of God's truth come upon our land. Father, just as you shuffle a deck of cards, you're resetting the seats into a righteous order and seeing the purposes of God prevail. We declare that the imposters are being removed and righteous order is being established within the seats. So, father, we declare: let the order begin. Let the reordering come into alignment. And that which needs to be

restored, restored and that which needs to be removed, removed. We thank you, father, for that which is being repositioned according to the purpose of your word and seeing the fulfillment of your hand come to pass in our land. So we declare to the house: you will come into order into the Kingdom of God. We declare that there is a reordering and realigning for the purpose of God's order to come into place. We thank you, father, and we give you praise, in Jesus name. Amen and Amen.

Clay Nash: [00:41:39] Amen, Pat. Appreciate that. Very strong. A lot to come in agreement, Ken. What's in your heart?

Ken Malone: [00:41:50] Hey, there. I want to pray primarily for California. I really believe that there is a movement of Holy Spirit in that land that's going to begin changing even the house. And I'm asking God to do that in a great, great way. We need this state rather than writing California off. Let's write it in for the kingdom. Let's bring it close to the Kingdom of God. And so father, tonight, God, as we press in God for the House of Representatives, Lord, we have not forgotten about a significant state lord, and that's the state of California. Father, I ask you in Jesus name that you would move by the power of the Holy Spirit. And Lord, I declare that angels begin lining the coastline and lining the boundaries of California, in Jesus name. And father, that you begin a march through that land. Father, we ask God for a conservative house to come out of California. We ask God for conservative members, lord, to win seats of government, father, out of California in Jesus name. And God, I just ask God for the wind of revival to move across that land. that you would stir again, lord, the wells of revival that have been birthed there for many generations back. God that you would stir those wells, God, and that you would cause them to come forth like a geyser like it was in Gina's dream. A geyser, Lord, would come out father of that Asuza street area. Southern California, we say that the Lord will just begin to move and manifest upon you, in Yeshua's name. San Francisco, we decree that help is on the way, in the name of Yeshua. We decree across that land and proclaim across that land, father, that you're moving by your spirit, God, and that you're establishing your government in California. So we say tonight, "California, Awaken, in the name of Yeshua." And father, we thank you for doing it. We thank you for awakening California. We are not writing you off. We are writing you in for the Kingdom of God in Yeshua's name.

Clay Nash: [00:44:12] Amen. And I just decree on the backside of that: "California hear the word of the Lord."

Host: [00:44:23] Yes.

Clay Nash: [00:44:24] I declare that there is a shaking of the dry bones in California, but they're going to come together and they are going to be strong. We declare into that and we stand with it. Timothy, what's in your heart?

Timothy Carscadden: [00:44:41] Thank you Clay and all the listeners. Always, we thank you guys for partnering with us in this prayer call. I just want to add to that. California, I heard that saying, "California, here we come." I just kept hearing that when you were praying, both Ken and Clay was saying that. We just, we agree with that, that they are coming to the forefront and there'll be a shift in California. I actually saw it then, while he was praying, also move across the border to both Utah and to Arizona. So we speak over those congressional seats as well, that there will be major movements over those places. Lord, We ask your heart to be there for that purpose as well. I just want to add one thing prophetically that we're seeing, especially I felt like suddenly there was a massive shift in the spirit between light and darkness. A major showdown is at hand and we've been praying a couple of weeks back. An angel came to us and appeared to me; the angel of wind to change. And ever since he appeared, we've been seeing these massive winds in Louisiana and this region all over this area. But winds have just been blowing and blowing and and the Lord kept telling me, change is coming, change is coming. And this is so profound. Even here in Louisiana, there's a lake just north of New Orleans, the Lake Pontchartrain and the wind has blown so heavily there from the West. It said that it actually dried up a path and you can actually walk across the lake. And I really feel like for Passover God said, "I'm bringing my winds of change that we can pass over and cross over into this new season." I believe that is a word from the Lord. I'm prophesying it, decreeing it that we are crossing over into a place of provision. We're leaving this dark place that we're in and we're moving into a place of light for the glory of God, both in many of these House seats that we're believing for. And I want to believe also for a whole shift for the Ecclesia in this hour. And I do want to bring one warning. I had a real warning dream last night. I would call it a second heaven dream about how that what the plans of the enemy is. And I saw Governor DeSantis in my dream and the enemy has plotted to take him out. And so I saw it clearly, and I knew there was nothing redemptive in the dream. I knew it was a second heaven dream. The enemy's plans. I just want to pray a prayer hedge of protection around Governor DeSantis, and with the terrorist we saw today in New York and what we saw in Sacramento last week. The spirit is really trying to bring terror into our land and bring a spirit of death into our land and let the shedding of blood to

release darkness. And so we disagree with that. We say crop failure to the plans of the enemy concerning what he's trying to do in our land, and we put a hedge of protection around Governor Desantis and his voice. We say his voice will declare the heart of the father. That his voice will continue to declare what he's called to do in this nation and to be a leader for righteousness and morality. Father, for the biblical worldview that he carries, we say yes and amen over him, and we say he will be protected in this hour and he will not be used as a tool of the enemy, but he will be used as a voice of the things of the Lord. I decree that now, in Jesus name. Amen.

Clay Nash: [00:48:16] Amen. Thank you, Timothy. You know about it, last week I had a warning dream about him. I've really been praying over him. And so I knew that there was an assignment there. And so I've really been pressing into prayer and we all need to continue to do that. Greg, what's in your heart?

Geeg Hood: [00:48:38] Hey Clay, thank you for opportunity tonight. I want to pray over the candidates that are running for these offices on every level across the nation in this 2022 cycle. And just pray some practical things, and I would encourage people that are listening tonight to also maybe just write these four points that I'm going to pray over them, real quickly down and start praying them daily over the candidates that are running in their neighborhoods or in their state or city, whatever it may be. So, father, tonight we just come to you for these righteous people that are running for office all across this nation. And father, we're asking tonight that you would bless them and strengthen them and encourage them as they run these races. we know Lord from even experience, these are very hard things to do. It's hard to do, Lord. Many of that are for you and when you're just living life, turn against you and when you start to run for these types of offices and we just pray that you will enable them to let relationships just shed off of them that don't need to be there. Lord, we pray you'd bind people to them that do. So first of all, tonight, Lord, I pray that you would give these candidates what we would call in the church world labors for the hardest. Father that you would give them people to work with them, come alongside them to catch their visions, to catch a hold of what they're doing, that they could begin to see all the votes that they need to come in, come in. Father, I pray that you'd give them everything from an administrative team to intercessory prayer teams to cover them and to watch for them and to be able to give them direction if needed to be in the races that they're running in their respective areas, Lord. Father, I pray that you would cause people that have a hunger to do these types of things, to have people that'll walk the streets with them, knock on doors with them, Lord, get literature out in all of these practical things that need to be done when you run a

race. Father, I pray today also that you would give them supernatural resources, many of these that are running these races, Lord, they are jumping in because they're tired of what they're seeing happening there in their city, on their school boards, in their states or even in the nation. And they don't have a lot of money. They don't have a lot of resources, Lord. so I pray tonight, God, that you will begin to bring supernatural resources into their lives. Give them printers to print things, give them people, dear God, to give money, large sums of money because many of them are coming up against war chests, lord God, that will just take miracles to be able to size up against those things. So give them the resources they need Supernaturally. Billboards, TV ads, yard signs, bumper stickers. All of these things father that they need, dear God, to get their name known. Give them side waivers on corners and people to put banners and signs in their yards as well, Lord. Father, I pray also today that you would give them open doors. Father, give them a favor, cause people to like them that normally wouldnt like them. People to notice them that normally would not notice them. And then, father, as this favor comes it's going to open doors for them in places that normally they would never have any open doors at all. Father let people begin to hear what they're doing, not just in the districts or the precincts that they're running in, lord. But let family begin to tell family around the nation and let these families begin to tell people back at these precincts, and back in these districts that they're running in, "vote for this one. Vote for that one." Let their names be spoken across kitchen tables and around the coffee pot, lord, all over their districts and all over the country, with family that have people living in their district. Father, I pray, dear God, that they would find favor, not because of compromise, but because of their stand and because of their boldness, and father, frankly because of their intestinal fortitude to stand up against the system, give them open doors, I pray. And lastly, tonight, God, I pray that you would give them lasting fruit, give us people, Lord, across this country that would do things in such a way that it wouldn't be undone with the next one comes in. But God, thesed righteous men and women that are running, give them witty ideas, give them creative ways to cause the root system of this nation to begin to find nourishment and life again, dear God. The root system that you put here, and Father, long after they're gone, let the fruit that they have brought into their districts, brought into their regions, Lord, or their states, or representing their state in the nation. Let that be lasting fruit, Lord God, so that righteousness would ring out throughout America in every cranny, crook and corner, Lord God, of this country for decades, generations to come. For Lord, you are bringing in a realignment in this nation on every level. And we thank you for that support system, that undergirding our people that are running righteous races in this nation, in Jesus name. Amen.

Clay Nash: [00:54:12] Amen, Greg. We come in agreement with all of that. Jackie, what's in your heart?

Jacquie Tyre: [00:54:19] Well, Clay, what's in my heart tonight after what I've been hearing is I want to pray for the people of God to rise up and do what is righteous just and true. If we have a righteous people running, but we don't have righteous people going and voting, then we don't make the progress we need to make. And I feel that religious political handshake has still got many people bound. So father, in the name of Jesus, I pray over the church that followers of Yeshua, those who call upon your name in Iowa, in Ohio, in California, in all 50 states, father, that there is instead of a wokeness, there will be an awakening. The counterfeit of awakening is wokeness, and I just decree awakening come to the church that we will hear the sound of the master strategist, the one who has chosen, the one who has positioned men and women of righteous standing to run for these offices, Lord, that we, as the people of God, will not be swayed by the political meandering and the political advertisements and all of the things that go on. But God, that the people of God would hear the voice of God and stand on that and vote, even if it is illogical to what we have known in the systems of the world that as you are realigning things that we align with you even against all odds. For you are the god of the impossible and what man has said is impossible, when you say "it's this and not that" we align with the this. we align with you and we say, Lord, let it be done according to your will. and I say, Father, let the light of God shine upon candidates from state to state to state to state, so that it is clearly evident what you are saying, where your light is resting and where your will is being revealed. And let us not be duplicitous and double minded in our decision making, but let us hear from heaven, speak from heaven, vote from heaven. And Lord, I pray that the people of God, and particularly those who stand in places of influence, whether it's in a pulpit or some ministry, or they have a platform in some arena. God, I decree over the men and women of God across this nation a bold courage to speak truth and to not back down. Father, that we will not be those that shrink back in the day of battle. But we will press on until we see the manifestation of your kingdom come on Earth as it is in heaven. Father, let this be even as it's been said by others, the Passover miracle is coming this week. Let there be shifts. God even let there be candidates that withdraw so that the righteous would have a clear path. Let those downloads of Revelation come from you, the master strategist, on how to maneuver through the political melee and come out on the other side, untainted, unscathed by this, the muck and the mire of the landscape. But God let those that are handpicked by you come through with the light of God on them and let the people of God arise to the moment, to speak, to pray, to vote and to

advance for your kingdom purposes from state to state so that this nation will see that you have done this marvelous thing for no other hand, can do this but yours. So we trust you and we thank you for it in Yeshua's name. Amen.

Clay Nash: [00:58:34] Amen. Thank you, Jacquie. Strong, strong. Any of the hosts that are on-- anybody else have something else that you want to release before we end the call. OK, take your silence as a no. Well, we bless everybody on the call. This call will be transcribed. We'll get the recording up as quick tomorrow as we can and work on the transcription. Some of you've have written me. Last week we had a mishap on the Tuesday, the Tuesday 2:22 call and a 9 p.m. call got recorded together. I've got someone working to see if they can divide it, but so far we haven't been successful. We'll be back here tomorrow at 2:22 and it's going to be a great day and we just appreciate everybody that's on. I Bless you. Have a good night's rest. And let's be ready tomorrow at 2:22.
