

Triumphant Prayer Call for Righteousness: Tuesday Night Prayer Call

Topic:

Delaware

Florida

Georgia

Date: 4/26/22

****For errors and corrections, email HealOurLand@claynash.org****

Clay Nash: [00:00:11] Well, good evening. It is 9 p.m. Eastern Time. We're on our call tonight. we're praying into the House races. We're going to be focusing on Delaware, Florida and Georgia tonight. But I want our hosts to know that you got liberty to follow the spirit and a lot of great things happening. Just read where A federal court shot down all the cases of trying to do away with the abortion bill there in Texas. And so that's good news. We rejoice in it. We know that God is working, and I know that God is having us war from our promises that's been given us and from the prophetic. And we're going to see great things as this nation continues to turn and continues to be saved. Jill, I'm calling on you first tonight. Would you open us in prayer?

Jill Noble: [00:01:14] Absolutely. Thank you, Clay. And so, Father, we boldly come before your throne of grace tonight. And God, we thank you that we have access to your court. And to have an audience with you. Father, we appropriate the blood of your son over ourselves and over this phone call. Father, we pray that all those who would be listening would be covered by the blood of your so. and father, we pray that all of the petitions and the prayers and the supplications made with Thanksgiving would evoke an answer from your throne room. And that, father, we would see a turn and a shift in these individual states and in this nation called the United States of America. And Father, we approach you with humility and we approach you with grace. And Father, we pray boldly that you would do all that you set your heart to do concerning this nation. Father, we cry out to you for a blessing, Lord, that you would not render to us what we deserve. But God, in your great mercy, you would be kind and gracious toward us. And Father, we pray, finally, that you would lead us by your Holy Spirit on level ground, and that God, we will see with our eyes the answers to these prayers in Jesus name. Amen. So, we've been talking about a

few states and I think Anne brought to us the other day and Jackie may be a little bit about following the counting of the omer concerning the 50 days leading up to the first primaries. And what an incredible thought that was. So in that vein, then we're going to pick up a couple of *coughing* {inaudible} starting with Delaware. And Delaware's primary is not until November 8th. And so when we started to look into some of the races there, there really wasn't much to look at because they don't have a primary until November 8th and their filing deadline hasn't even come yet. So, Father, we cry out to you for the state of Delaware tonight. Lord, while things are still wide open, lord, while they are still wide open, the gates are wide open. And so, Father, we speak over Delaware: lift up your head, o you, gates, and swing wide, you everlasting doors that the King of glory may come in. Who is this king? He is the Lord, strong and mighty in battle. And we speak over you tonight, Delaware, that Jesus is your portion. We speak over Delaware that the seat of authority shall be a righteous gatekeeper. And we call forth those who are considering filing, those who are considering running for the race of Congress and even the Senate. And we ask father that those individuals, even tonight, right now, would feel this stirring in their spirit. A yes in their spirit toward your call for them. And Father, I pray an anointing on these individuals, these righteous gatekeepers, to step forward in Delaware and to file and that their races would be covered with an anointing that would break the yoke in Delaware. And Father, I pray that all of the corruption in the electoral process in Delaware be bound right now in Jesus name,. every single thing that is attached to a silver cord in hell I cut off, now, in Jesus name. Father, I decree over all of the electoral process that it would be righteous and altogether holy, and that there would not be any kind of mischief or hex or vex or ritual attached to it. But it would be righteous and holy, and that we would have a pure election coming out of that state. And Father, we thank you in advance for the prayers that will be answered according to your will. And father, We pray for Florida. Florida's primary is August 23rd, and it's primarily a Republican controlled House in Florida. And so, Lord, we ask for that to be made solid and sure that these seats would not be lost, but in fact, we will gain additional seats out of Florida. And father, I particularly pray over Broward County in Florida, District 23, Broward County, Debbie Wasserman Schultz is the congresswoman out of that county and father, We know that that county in times past has historically embraced a corrupt agenda. Even the young man, Nick Cruz, who was accused of shooting 17 students in the Broward County, Parkland, Marjory Stoneman Douglas High School in 2018. Father, we ask God that you would come and perform righteously over that situation. He is currently being tried right now for this case. And so, God, there's much ado about this case and there is even much iniquity involved in it and there is corruption involved in it. And so, Father, we pray over this Broward County

situation and we say, expose, expose, expose, and God, we say, turn it around tonight. Turn it around. And Lord, let the process even now begin so that Florida and all of these counties and districts would begin to slowly, slowly turn. We pray over the governor and we pray over all that it is in his heart toward Disney and taking the tax exempt status away from Disney. Father the nation is breathing a collective sigh of relief over what they're witnessing coming out of Florida. And it is made the hearts glad of the people of God. And so, Lord, we pray for an increase of good news coming out of Florida, even tonight, even tonight. And we bless the states, father. We bless in Jesus name and God, we ask for you to bless them. Amen.

Clay Nash: [00:08:06] Thank you, Jill. Great start. Strong declarations and decrees there and we stand in agreement. Father, we just release the angel armies over all of the states and over all the house races but Father tonight over Georgia and over Florida and over Delaware, we just declare that the angels of God are busy. They're standing against corruption. And even as I had the encounter recently with the angel that guards the justice gate, father, we know that he has other angels he's in charge of. So we just release And declare that those angels are going to work to stand against corruption in Delaware, in Florida and in Georgia. We declare that in Georgia there's going to be a riding of the boat, father. We declare that there's a turning there and that which has been corrupt, and that which offices which are held by the corrupt. We just declare that you are moving to bring a turn around there and bring a divine interruption. Now Father, do this in Yeshua's name. Amen and Amen. All right. Dan, what's in your heart?

Dan Blacksher: [00:09:27] Thank you, brother. I wanted to pray for Florida. Clay, We were in a meeting with Ken and Dutch in Tallahassee. There was two meetings in consecutive years and the second year it was in a church and I had a vision of Florida, and I've shared this with the people on the prayer call. But I saw the Lord's hand go down and grab the southern portion of the state of Florida. He ripped it off the map and he flipped it over and the Lord said, "I'm going to arrest the southern portion of Florida." And he said that "the panhandle, which is where Tallahassee is, will become the leading edge again, because I'm going to bring some things in the southern portion of Florida to a sudden stop." And the Lord then began to show me that a boomerang can be used as a war club. It's one of the-- it's a hunting weapon and a war club. And the Lord said, "I'm going to Use this state as my hunting weapon, as my war club for the nation. And I'm going to begin to use it *dog barking* Sorry-- hush (speaking to the dog)--to beat down some of the things that are trying to...the Anti-Christ agendas that they are trying to implement in this nation. So, Father, I thank you for the fulfillment of that prophetic word. I thank

you, Lord God, that Lord, you are doing what you said you would do with the State of Florida. And Father in the name of Jesus, I ask Lord God that you would bring to a sudden halt any attempt that Disney would have to influence the outcome of these elections. Father In the name of Jesus, we declare their leadership is arrested. They are brought to a complete and total stop in that state and any other entity in the southern portion of that state that would try to be the power broker for that state. Lord, we just declare the southern portion. You have no authority and you have no power for the Lord has declared the Panhandle the leading edge and Tallahassee will be the leading edge that makes the decision. So, Father, every candidate that's running for every position in office, if they do not fit, Lord God, in your divine plan for Florida to be used as a percussion instrument that boomerangs, Lord, to create a new sound as a war club, as a haunting implement to deal with the Antichrist agenda in this nation. If they do not fit Lord into your plan for Florida, we declare they will not be elected in Jesus name. And Father, I thank you, Lord, and ask in your great mercy that every attempt to defraud the votes through the voting machines, every attempt to fraudulently put someone in office, Lord, not only will they be exposed but it will be stopped before they have the opportunity to have an impact. And father, over Georgia, we bind Stacey Abrams and every one that she's connected to, we bind those Dominion machines and the way that they use them to fix and rig the election for president, but also to rig the runoff elections. Father, We bind the mail in voting. Father, We bind any type of new crisis that the Democratic Party would try to implement so that they can change the voting laws and get something in a way where they can fix the election. Father, we declare your people hacking the hackers on the computer side of things where no votes are changed, nothing is done underhanded, no outside country is able to influence these elections. And Father, we just declare justice is here and justice is coming. And those people who defrauded this nation in 2020, we declare the wheels of justice in the kingdom may be slow, but when they get there, they will grind to a pulp. And so, Father, we declare no one will escape your justice, because you have seen everything in Florida and everything in Georgia that has been done in secret behind closed doors. You know every one that is functioning in corruption in that state on a national and local level. And Father, I thank you, Lord, that you said you're going to arrest, bring to a sudden halt all of the things in the southern portion of that state that are controlling the rest of the state. And so, Father, continue to use Governor DeSantis as a leading edge, continue to use him as a hunting implement, as a war club, as a percussion instrument, to release the sound of the kingdom and stand up to the perversion and the corruption that is trying to be pushed on this nation from a fraudulent administration who are sitting in a stolen seat of authority. So, Father, we thank you, Lord God, in Jesus name, Lord, that we are going to see a

red wave. Lord, we just declare in your mercy, give us that red wave where it is so overwhelming that it leaves, Lord God, this nation, speechless. In Jesus name. Amen.

Clay Nash: [00:14:42] Amen, Dan. We stand in agreement with all of those words released by you now. Regina, what's in your heart?

Regina Shank: [00:14:51] Well, thank you, Clay. It's interesting I'm after Dan because I have a scripture out of Daniel that I wanted to pray into. I was reading out of Daniel 7 and of course, we all know this about the enemy and how he wants to change set times and laws. And, um, but there was a court that was seated and that court took away the power of the enemy. And the people of the kingdom began to rule, and it was handed over to the people of the Most High. And so, Lord, I decree into that today that the people will have the power. father, your people will have the power over these elections, God. And they will vote and they will begin to rally for those that you have chosen. And we thank you for it, Father. Lord, I thank you, Lord, for those seats that are going to be empty. And God, we pray and decree that the people that sit in those seats will be chosen by you. Lord, you will apprehend people for your purpose and you will cause them to represent their territory in the way that you desire. I was reading also about the word apostle, and of course it was a secular word before it was used by Jesus. And they were special envoys sent to expand the dominion of the Empire. But they were responsible for a territory to bring the rule of the culture that they represented into that territory. And I began to think about these people that are going to win those seats. And they are in some ways not necessarily apostles, but they are representative of their territory and the people of it. And I decree over those people that are going to be in those House of Representatives seats. They will indeed represent what you want them to represent, God. and not only the people of their territory, but Lord, they will even bring the territory of heaven into that seat. And so, Lord, we ask now for the seats that are vacant, God, that those seats would be cleansed where there has been some terrible decisions and fraud and wrong, wrong legislation. Father, we say now that we pray over every one of those seats that they would be cleansed by the power of your Holy Spirit, and that would be a clean seat for these new people to sit in God. And that they would declare your will and purpose into the Earth. We say over Delaware, rise up women of God and men of God in that state and begin to decree the will of God in those candidates. We say to Florida-- I agree with Dan about Florida. God, we say Florida is a changing agent in this new election. And we also pray over Georgia. And Father, I thank you there's been a lot of prayer for Georgia, and I agree with the decrees that Jacquie's put out. I agree with those that you have

chosen for that state, Lord and God, we thank you That change is coming and it's good change and there will be no fraud. I agree also with those prayers. There will be no fraud in this election. I began to see as I prayed over the fraud, that there was a search light of God being there to expose the fraud. And so we release that search light, Lord, that you would expose it all and that this would be an election that is right and this would be an election that would bring forth righteousness in those three states in Jesus name.

Clay Nash: [00:18:43] Amen. Thank you, Regina. Anne, what's in your heart?

Anne Tate: [00:18:49] Uh Clay, this afternoon, as I was praying into this call, the Lord showed me through different people I talked to today that has called me that apostolic rule is being resisted in a greater measure Even then [inaudible] was resisted for those of us who went through that period of time that they decided that the apostolic rule, the enemy is rising up, resistance against it because it destroys the whole religious structure. And so right now, Lord, I just say that all resistance to the apostolic is going to be confronted and dealt with and that the Lord will give dreams and visions into people's lives so that they begin to see where they're on the wrong side of this. And Lord, we thank you that the apostolic rule, the apostolic structure will overcome every other structure and that as we move with it, as we become released in it, as we hear our function and act in it, that giants will flee and kingdoms will come down and your kingdom will be risen up. And Lord, I speak to the iniquitous structures that are warring against this now in the name of Jesus and say, your days are numbered. You will not win. We say that the Lord God has a plan, and what you cannot do is receive strategy from the third heaven, from the Lord, God Almighty. And that is where you will lose. And so, Lord, we say that we're aligning with you all across the United States, state by state, to hear what you are saying and to do what you are doing, and to release the revelation that you give us to speak into these states, and in particular, Delaware, Georgia and Florida tonight. And we say, Lord, that the bills that are trying to be passed in Delaware that would disagree with you, we render them null and void and say they will not be able to gain a majority and that you will make a laughingstock out of Biden when his own state does not agree with him. And Lord, we say that there are Christians there that will hold the teaching of the Lord and will be his witnesses and stand when all else fails. They'll continue to stand. And Lord, I say that in all three states, they are standing up, the remnant is standing up in every one of these states. And the winds of change are being released into them. And that we are in the midst of a great turnaround in the name of Jesus. Amen.

Clay Nash: [00:21:54] Amen. Thank you Anne for that. Jane, what's in your heart?

Jane Hamon: [00:21:59] Hi, Clay. I want to start by praying for the state of Florida, where we are from; the forerunner state. According to the 50 state tour, and I think that we've seen Governor DeSantis being the forerunner. I do want to remind everybody, too, that Florida, the Panhandle, Florida that our brother was talking about is actually from Saint Augustine over to Pensacola, represents a foundational gateway for our nation. It was settled 50 years, 60 years before anything up in Jamestown was settled. Saint Augustine is the oldest city. Pensacola is the oldest, continuously settled colony. And so, Father, we just decree over Florida right now, God, that there would be righteousness Lord, that would begin to pave the way, not just for the state of Florida, but for the nation, as you call this to be a forerunner state Lord in this United States of America. Lord, we have watched, Father, as even this last week, as the mask mandate coming to an end came out of Florida a forerunner state and even as the challenge for-- even as that the legislation about parental rights and not allowing transgender ideologies to be taught in our school. Lord, We thank you, Father God, for just putting people into place, Lord, in each of the 27 districts of Florida, Father, that will represent godliness, that will represent righteousness so that we can be a forerunner state in righteousness. We pray, Father, God, Lord, over all these families that have moved in, God, with this huge surge of families moving in. LORD Many of them left liberal states and what we said here is "we hope you left your politics behind". But, Lord, we just pray, Father God, that as they come to the state, Lord, maybe with liberal ideologies, Father God, that they Lord God would have a turn of heart, Father, even as they go to vote. And Father, we just thank you God, that you are watching over this foundational gateway to this nation. Lord, the foundation of the earliest Western civilization in America happened right here in Florida. So Father, we decree that over this gate, we decree over Tallahassee. We decree right now, Father God, that we are opening up the gate to the King of glory. Let the King of Glory come in. Who is the King of glory? The Lord, Sabaoth. The Lord, Strong and mighty in battle. Lord, we ask you to send Angel armies down to Florida. Father God, protect our governor in the midst of all of this. Lord, help our governor even in his reelection bid. And Father God, for these 27 districts that are going to Washington, D.C., we just thank you right now Father God, that you are rising up as a mighty man of war, that you're rising up, Father God, and making war over this state. We pray for the Secretary of elections in all three states, but in the state of Florida, Father God, that will watch over and diligently tend to and steward these elections and these ballots. And even as I saw the Lord Rising as a mighty man of war over the state of Florida, there's so much contention here because of the boldness

of our governor and the boldness of legislation. And I just, I felt like with the 27 districts, as I was praying for them, I felt to go to Isaiah 27 and it declares this in verse one: in that day, the Lord with his severe sword, great and strong, will punish Leviathan, the fleeing serpent, the twisting, twisted serpent, and he will slay the reptile that is in the sea. And so, Lord, we take authority over the Leviathan spirit, lord, that's aligned against the state of Florida, trying to twist our elections, trying to come in and take over the elections, the twisting, deceiving, occult rooted leviathan spirit. Lord, we root up God and you said, in that day with your severe sword God that you would punish Leviathan. Lord, that you would cut off his ability to twist and to manipulate, to murmur a spell. It literally means to murmur a spell. And so, Father God, we break off every hex and ever vex, every curse, every incantation, over every blood oath, Lord, that's being made against our state right now, in the name of Jesus. Lord, We pray for each of these 27 districts, Lord.. Father, some of the things that I saw Lord was even showing Republicans in seated positions that now the Democrat is beginning to gain against them. Father we just decree, Father God, a turn around father so that that every Republican would be able to to keep the seat Republican. But Father that we would flip the seats, father God, so that we will be even stronger as a state within our nation. Lord I looked up the state of Georgia. Lord, Which is the fourth state in our union, the fourth ones to sign the Constitution. And Lord, we just decree right now Psalms Chapter four, which declares The Lord has set apart for himself, him who is godly. We decree this over this state, Father and Lord I decree over Georgia, Father that the poll watchers are going to keep their eye on the ballots. LORD, They're going to keep their eyes on the electronic ballots that, LORD, The things that need to be seen electronically, the things that need to be seen naturally, God, that you are going to give them eyes to see and ears to hear. Father God, we just bind the eyes of the enemy. Lord, Just like when Elijah saw into the camp of the Syrians and saw the ambushments that were being set against them. You opened up his eyes in a supernatural way so that he could see what was taking place in the enemy's camp. We pray to the same phenomenon to take place right now, Father, for not just the Prophet, but for those that are in political positions and the poll watchers, lord, that even now you're lining up the poll watchers, those who will keep their eyes on right on the ballots and on the polling booths and on the polling stations to show that righteousness can come forth. And Lord, that even in that story, that you open up the eyes of Elijah and his servant, but then you struck the enemy with blindness. We just decree right now, Father God, that there's going to be blindness in the eyes of our enemy. that there's going to be confusion in the camp of the enemy, that they're going to turn on one another. Father, we bind every antic of BLM, father, that would do Stacey Abrams' bidding in the midst of this election. And Father, we just decree that we will

resist every resistance. I appreciate Anne sharing that about the resistance against the Apostolic. Now Father, we just come into agreement right now, God, that there is a righteous remnant that is being raised up to resist the resistance in each one of these states, Father God, to begin to cause a turning of the tide, an opening up of the eyes and that justice will be done. That Justice, Lord and liberty will come forth in each of these states. I pray for Delaware Father, the first State, Lord to ratify the Constitution. And Lord, I just decree right now, Father God, that there is going to be righteousness that springs up in our first state, Father God, righteousness that springs up a covenant root, Father. Lord, even though they've rejected you, even though they've rejected the move of God, Lord, we just decree Father God that there is yet a righteous root within this state and we pray, Father, that you would water it, that there would be a sense within their midst of enough is enough. Enough is enough. Lord, I just feel that stirring up within the people. Enough is enough. And Father God, we pray for the moms and the dads. We pray Father that for the families, Lord, that they would just take a stand, Lord and Father, even some things that the enemy has planned. I thank you, Father, that you're flipping that on its head, Father God, so that sanity can come back and so that clarity can come and that justice can rule and reign, father in this first state. We decree that now, father, and we do pray for the Secretary of Elections in each one of these states, Father, that they will have the strength and the fortitude. that you'll give them eyes to see and the right people lined up in each one of these places to be able to hold up the standard and the banner of righteousness. Lord, we thank you, Father God, that in all of this, Lord, we can do nothing except your angel armies come down and fight for America. Lord, we just decree this over Delaware, Florida and Georgia. Now in Jesus name.

Clay Nash: [00:30:12] Amen. We come into agreement with those words and we declare that there is Holy interruptions coming in to these situations. Timothy, What's in your heart?

Timothy Carscadden: [00:30:26] Thank you, Clay and everybody on the call tonight. Thank you for your obedience to be with us and pray with us. Just a logistic issue as Jane was praying for the polls. Always remember this, that polls are run by civilians. It's the responsibility of the civilian population to do that. They're not-- there's no government agencies that are responsible for polls to watch them as well as man them. And so it's very important that we have the right people at those polls. So when you pray for your state in these three states tonight, especially, it's always remember that. Matter of fact, Virginia Youngkin's campaign, one of the keys to their victory in Virginia, taking back the House and winning the election there was that he garnered

former vets to work almost all the poll stations across the state, and they oversaw them and watched them and protected them in many different ways. They were patriots to America. And he just is a strategy that I felt was a God strategy. So we want to pray that for these three states and of course, all our states tonight, that each poll station would have the right people overseeing them and that there would be no corruption like there was in other states last time in 2020, where we know that some of the people manning the polls didn't even live in the state. Wisconsin's classic for that. As Zuckerman brought his own man in from New York to oversee the polls there. So I just that's a logistic note. The Lord gave me some words earlier tonight for these three states. I'm just going to prophesy to them. Some of--most of the host's have already hit everything I got, so I'll just bring it as a confirmation. But for Delaware, this is what I heard. I saw the eye of the Lord will be measuring you this year, Delaware. Much that has been hidden will be exposed. And then I saw the northwest corner will be heard from during this election. Your foundation is groaning and the remnant will find agreement in its foundation, though there is very little agreement anywhere else in the Lord in that state right now. The Lord said, "Reach back, Delaware, and cry out to your original intent for the needed movement that will come to your state." And we decree that right now. For Florida, I saw favor will rise in parts of the state that have not seen it in many years. I saw South Florida that were shaking under the heavy hand of the Lord as the Lord has made inroads to very dark corners in South Florida. There will be much celebration as a dancing hand of the Lord rests upon the shores of Florida. Old structures will fall and many will be shocked at the local levels of the change that sweeps the state in such a greater way. We decree those. And then for Georgia, I saw the principality of Georgia in the center of the state rise up and the Lord said the principalities tried to rule in this past season will be seen and greater clarity will be known about it. The Lord said the war will be great and corrupt structures that are there even now, strategising on how they can bring corruption to the state. But the Lord said, I will respond to that by giving a Daniels spirit will be granted to the intercessors for partnering with the host of Heaven. Upsets will occur in obscure counties and that many will not have calculated for, as the Lord plans to counter losses that may occur. And the last thing I heard was watch Savannah. Savannah will be heard from as she rises this year. So Lord, we decree that over all three of those states right now and one side note, clay, if you'll just give me a chance here. tomorrow we want to pray over this Senate committees tomorrow there is a federal judge. It's up for a hearing tomorrow for nomination. Her name is Nancy Abdu-- a-b-u-d-u. I'm not sure how you say her name-- to be a federal judge. Her nomination is to be heard tomorrow. She is currently employed by the Southern Poverty Law Center, which is a very corrupt organization that designates its political opponents as hate

groups. And it's connected to federal court and domestic terrorism. And so she's a very bad candidate. And if you guys will contact your senators, each of you on the call tonight and please, you can go to the Family Research Council. They have a letter that you can just send to your senators and to oppose this nomination of Nancy Abdu. I'm not sure how you say her last name. but we do pray right now that our senators would rise up tomorrow, LORD, against this corrupt judge that is trying to be-- they're trying to put into place of the federal judge in America. We ask for every hidden thing to be exposed before that committee tomorrow and that she will, lord...she will not be able to speak, IORD, What she's trying to hide about and I just pray that everything is hidden, will be revealed in these hearings. So thats what we pray for right now, in the name of Jesus, we thank you, amen and amen. Amen. thank you for that. And everybody be praying into it. Remember it tomorrow and keep pressing in on that. Jacquie, what's in your heart?

Jaquie Tyre: [00:36:16] Well, first of all, a thank you to Timothy for that word over Georgia. I just want to start there, obviously, from Georgia. And I want to-- that last piece of this word on watch Savannah as a testimony of watch savannah. In the last two weeks I have heard of at least two people in savannah in different churches that have come up out of wheelchairs have stood up having not walked for years. And I believe that is a sign and a wonder of what God is about to do in Savannah. And Savannah is going to stand up and stand tall. Even as you prophesied in Savannah in 2019, Clay, you prophesied that Georgia was to stand tall like a Georgia pine. And I believe with Timothy closing with that and having these testimonies of two people in two different churches standing up out of a wheelchair and not just standing, but walking and running. So they were totally restored supernaturally nobody even laying hands on them and praying they were simply in the place of worship and they stood up. So thank you very much for that, Timothy. That is very, very critical. And Georgia is in a very crucial time. But I believe there is a rising sound of intercession. And I also affirm the upsets occurring across the state, especially in obscure counties. And that is very, very necessary. So many people focus on the metropolitan areas and I believe that's where we have to focus on the corruption. It's not so much in the smaller counties across the state. It's focused mainly on the metropolitan areas of Atlanta, Macon, Augusta and Savannah and Columbus. And we must watch over those. And the thing I've been hearing over Georgia so much is do not look to what looks like it will win, look to where the hand of the Lord is. And I said this tonight at our discipleship class. It's not--our strategy will likely shift on some places on May 25th, the day after our primary. But it's important that the Ekklesia watch where the hand of the Lord is right now and not just tbelieve the the

news reports of the inevitability of this one or that one. We must hear from heaven and stand with heaven, and not just simply with what it looks like. So with those few comments, I'm just going to dive in. And so, Father, I thank you that you have not forgotten Georgia. And I thank you, Father, that we are connected to Florida. And Lord, even as Chuck Pierce prophesied in 2008 that there was an evil root in Florida that was like a snake trying to take its connection into Georgia, and that if it did, it would be for evil purposes and not for our good. But Lord, we had faithfully dealt with that. And then in 2019, it was prophesied again that instead of the evil root like a snake coming up out of Florida that has now become a backbone, and I declare and decree that Georgia receives the backbone that's coming up out of the state of Florida, and that is coming through Georgia and reaching up the Eastern Seaboard through the 13 counties, connecting even into the governmental seat of our nation in Washington to bring about a shaking that is because of the adjusting that is coming by the backbone being in place. And I decree that the gateway for evil has been cut off, the head of the snake has been cut off and it is not arising. And what comes out of Florida, out of the south of Florida, where surprises and the move of God, even as Timothy just prophesied, was coming, that there is a move of the wind of God coming up through Florida; surprising move that even in places they thought would be a battle, a surprising shift, a surprising turn around that righteousness rules and reigns that people will do according to the will of God. I decree over the Ekklesia in Florida with gratitude for people like the Hamons and then Ken Malone and the Lynch's there in Jacksonville and across that state. So many strong kingdom people lord that because of their intercession, the state of Florida shifts and the righteousness is secured and it is fortified and strengthened that that strength of the backbone comes up into the state of Georgia, and we receive that backbone. And I decree over the state of Georgia that we are choosing to stand tall and upright like a Georgia pine. That we are a people who will not bow to the enemy's tyrannical schemes, agendas and plots through political, religious or cultural coercion. that the people of God in this great state of Georgia are standing firm, steadfast, immovable, always abounding in the grace of God, with full assurance of faith to be and do according to the purposes of our God in Jesus name. And I decree Father that Georgia, as a governmental gate state for the aligning of nations that we choose to align ourselves with the King of glory, who rules and reigns and righteousness, justice and truth. I speak over the state of Georgia, align with the divine purposes of God to cause the manifestation of Christ Kingdom to be made known on Earth as it is in Heaven. And I decree that every evil, diabolical plot, every occultic structure, every witchcraft circle, Masonic structure that is operating to try to cast a veil of deception over the state, the fire of God is being released through the faithful intercession, declarations, decrees

and the rising apostolic movement in this state. Burning it all and Georgia is going to rise up and shine. That the hidden works of darkness will be exposed, extracted and eliminated in the name of Jesus. Those that are doing under the table and behind the back handshakes between the religious and the political structure are being brought out into the open, and they will not be able to get away. We say they are arrested now in the spirit, in Jesus name, and they will come to nought, that there are righteous men and women that are rising across this state, and I decree the favor of God over the righteous ones that the hand of God would be upon, those that would do righteously, that would come into the places, the seats of authority, and they would not waver when the winds of adversity come. But they would stand and they would be true to who you've made them to be, true to what they have decreed they will be, and true to stand by the Constitution of this United States of America and for the original intent of the Lord in each of these states. And I decree over Delaware that the shaking that is coming, that there is a righteous remnant that is coming to the surface that will let their voice be heard in the polls. They will roar with a roar of the Lord and that it will be a surprise that they will not be intimidated by the climate in the natural, but they would move by the climate of heaven, that there would be a light that shines out of Delaware that would cause there to be a surprise that shakes across this nation. So, Father, we take our seed, we take our place, and we say, let your kingdom come in Florida, Georgia, Delaware and all across this Eastern Seaboard that the glory of the Lord shall be seen and move across this nation as a mighty tsunami, a red tide, a righteous tide, lord of the blood of Jesus, the righteousness of our God, and the fulfillment of every original intent that you have for this nation. We trust you for it. We stand on it and we say, Let it be, in the mighty name of Jesus. Amen.

Clay Nash: [00:45:32] Amen Jacquie, strong, strong declarations and decrees there. David what's in your heart?

David Hertel: [00:45:40] Just felt it would be good to declare that these states, all three of them, walk out their mottos; their state mottos. They got good state models. So just want to release, in Jesus name the supernatural enablement and implantation into these three states to walk in and walk out their state mottos. Georgia, your motto is wisdom, justice and moderation. The three pillars that support the Constitution; wisdom, guiding activity of the legislature, justice being the guiding principle of the judicial system and moderation or self-control, restraining and guiding the executive branch. Lord, you said that if any lacks wisdom, they could ask of you and you would give it liberally without reproach. You said you would bring justice through to victory,

and you said there's no law against the fruit of gentleness, of self-control, and moderation. So long, we thank you. And we ask, according to your will and according your word that Georgia fulfills and walks in and walks out of its state motto; Wisdom, Justice and moderation. Lord, {inaudible} where the state motto of liberty and independence expresses the ideals of the American government. And it is the foundation of our nation's development. And Lord, you said, where the spirit of the Lord is There is liberty and and our Declaration of Independence itself says these two basic truths; God made all men equal and gave them rights of life, liberty and the pursuit of happiness. And number two, the main business of government is to protect these rights. So Lord, we thank you that Delaware has it in their state motto and in Jesus name we call Delaware up to walking out and to walking in it's a state motto. Even the motivation and the impartation of courage and ability enablement to do it in Jesus name. Lord, we thank you the Florida State motto is in God we trust. And Lord, They seem to be stepping into that. And they seem to be flowing in that so we thank you for that. And we thank you, Lord, that they have leadership that wants to trust God more than the wisdom of man and more than the rationale of the human mind. But, Lord, we thank you that as they put their trust in you and lean on you and not man's understanding and they honor you, Lord, that you will give them a direction for their path. And Florida will shine like Dan said in one prayer meeting; Not the s-u-n shine but the s-o-n shine. A shine with your glory. So we call these three states to walk out their state mottos. And Lord, we thank you for your spirit enabling them. We thank you for you rising up a leadership in each of them that has the motivation and the desire to walk in These things. We Will give you the glory, the honor and the praise in Jesus name. Amen.

Clay Nash: [00:48:34] Amen David. A good, good finish to a strong call tonight. Everyone, remember that we did have a glitch. Something happened, the recording stopped, and then I got it started right back. So the recording just posted it'll probably be part one, part two, and we'll be getting this transcribed so that you can get in touch with that as well. And we'll be back on here tomorrow at 222. Remember next Monday night, May the second at 8 p.m. Central Time, 8 p.m. Central Time, I'm hosting a statewide prayer meeting for Senator Jason Raport, an incredible man of God. He's running for lieutenant governor. He and his family are experiencing a lot of attacks, so we want to pray for them. Got several key leaders coming on. We're going to be praying over them. And each of you from any state out there can join that call we're putting it out on social media. Will Be emailing it out. The numbers are being emailed out. And we want to stand with and for senator Jason Raport who's running for lieutenant governor here in the state. He is the man who got the Ten Commandments put at the state capitol. He's also was

responsible for getting the appeal to heaven flag to fly over the state capital of Arkansas and Arkansas was the first state to have that flag flown over it. And he's very pro-life and very active, along with Mary Bentley here in the state, working that. Abortion is at an all time low in the state of Arkansas. And some of that is due to their work and much of it is due to the prayer. So God bless you. Thank you for being on. Thank you for your power of agreement. I bless these hosts and I bless each of you with a great night's rest and we'll be back here tomorrow at 222 Eastern Time.
