**Clay Nash: [00:00:00]** Well, good evening. It's now 9 p.m. Eastern Time and we're on our call tonight. Got a little different. We're not going to be praying in the House races tonight. We just had the honor of being part of a Tip of the Spear gathering there in north Mississippi. And Tim Sheets spoke and Dutch spoke. And on Saturday morning, Dutch released a tremendous prophetic insight about the future. And so we really felt like just really had a burden coming out of that, that we need to pray over what, just what that released was that we really needed the apostles and prophets to get a five or six, seven, ten year strategy so that we can operate more proactively and from an offensive posture in the future. So I'm going to begin the call by just reading a bit of what Dutch released, and then I'm going to call on Brother Jim Hodges. One of the things that's going to have to take place is there's a breach between the apostles and prophets. It got magnified and exposed in the 2020 election, and he's got some things on his heart there. But anyway, this is what Dutch released on Saturday morning. And by the way, if you want to go and watch any of the meetings, Tim also had a dream there about angels carrying battering rams and about a four month period. Dutch prophesied later. He was not there to hear Tim and prophesied about November, which would be the end of the four month period. But this is what Dutch said under the unction of Holy Spirit. We're going to have to, we're going to have to make sure that we don't get distracted by what the enemy is doing. We are also going to have to make sure we don't get distracted by what God is doing. When things begin to really move quickly, as in the sense of revival, we're going to have to make sure that we stay focused not just on the miracles, the salvations, the deliverances-- because that is going to be very intense in a good way. But we're going to have to make certain that as the ecclesia that we are not just enthralled and all excited about those things that take place, but we're also listening to Holy Spirit's strategy to use that to rebuild and move us forward, because there's going to have to be an element of the church. But while much of the church, appropriately so, is focused on reaping now, there's going to have to be another element of the church that is a few years ahead in their prayers and their strategy and their thinking. Because while some are just

discipling the people getting saved, others are going to have to be thinking how we disciple a nation five years from now, six years from now, seven years from now, ten years from now, there's going to have to be a shift in the thinking of some of the apostles and prophets that God is raising up now and has raised up. And I don't mean that there's going there's going to have to be a shift because they're not necessarily thinking and doing what they need to do now. I am saying there's going to be another level, another phase or season of change where when the people are dealing with this right now, they're going to move further in their prayers and in their thinking, their hearing and say, "you guys take care of this. We're going to hear what God wants to do foundationally and how to plan it and how to pray for what he's about to do two years, three years, four years, five years from now." And I'm not so sure. And then he says, to me, "Clay, and maybe you have some thoughts on that". But I'm not so sure that the primary leaders of the apostolic prophetic movement have ever really had to do this in this way so that what we're about to do will be ready to do what we have to do. And and I think it's going stretch a lot of us in our thinking and in our activities. And we're just going to have to be baptized in another level of Holy Spirit anointing a of Holy Spirit. And so anyway, that's the bulk of it. It's a lot more. We do have it transcribed and we'll be putting it on the website, but you can go there and listen on my YouTube channel to Thursday and Friday night with Tim Sheets and then Saturday morning, Saturday night with Dutch. Very, very powerful time and lot to process. I've been processing it all day. a lot of process. I feel the weight and wind of God very much on it, that we've got to move ahead. We got to be proactive and not reactive. We got to operate from an offensive posture and not a defensive position. And so saying all that its going to be a great call tonight. Thank you for being on. We got some great hosts that on here. and I'm gonna call on our senior statesman brother Jim Hodges just share whats in your heart sir about about all of this.

**Jim Hodges: [00:05:51]** Thank you so much, Apostle Clay. And I appreciate very much the review because I have said and not been able to get up to speed totally about the Tip of the Spear conference. I will because some of my favorite people were there, right? Including you. And I love that it was in northern Mississippi. I just love that that's one of the ekklesia hubs of the nation. has been for a long time. And now we're recognizing more than because of Tim's teaching on that as well. So thank you for that review. I'm going to be just terribly simple tonight, but I want to just introduce what I want to say out of scripture, out of concern that Apostle Clay just mentioned, and that is the breach which is not yet healed in the leadership of the Body of Christ. The streams that we flow in primarily, apostles and prophets, as it were. We are five fold,

of course, but the whole emphasis of apostles and prophets coming out of the flow of Dr Wagner's leadership and the New Apostolic Reformation, etc., etc., etc. And of course that breach entered and I don't have any idea how the war got started, but I was startled that it started. Because when the election of 2020 came, there were some whom I respect as teachers and scholars, but they were saying, "Well, Trump didn't get reelected because the body of Christ was idolizing him." And I thought to my soul, I remember how long before the 2020 election did the Ekklesia team, those on the call tonight, and others that would be here but they're on other assignments--how long did we pray that Donald Trump would be less like the Donald and more like John the beloved? I mean, that was just something you couldn't escape mentally because it was said so well with his two names. But people I respected were on both sides of the issue. And so, that it just bled over into local, it bled over into a lot of people that we connect with on a forum scale, as it were, in the body of Christ globally. So that rift was serious. And I'll resist the temptation, if I can just remind us for too long that Donald Trump, Donald John Trump didn't lose the election, it was stolen. And despite what Bob Barr says or Mike Pence says, I'm sorry. The evidence has come out judicially. It's come out in the media. And so, I'm not complaining. I'm just observing. So what I want to say, the breach is still here with us between notable prophets and other prophets, between apostles and prophets. And this is pretty serious. And so, I know I'm not the only one, but we've been praying about this bridge to be healed. And I remind us in light of Dutch's presentation and Tim's presentation at the conference there. They didn't maybe say it this way, but I believe they'd agree: five fold equippers must function or the body of Christ is not equipped. And I believe Dutch's word in particular is calling us to a higher level as we look toward the Lord to get strategies for warfare moving forward, because we're going to have to steward a whole lot more. We're going to have to have more Alekheims, rise up. To use that old covenant analogy out of Isaiah 22 and 22 because Alakheim's name means "God rises". And so, as leadership rises, so does the body of Christ. So let me just be simple here. And, but hopefully as Biblical as I can before I decree a few things. To me, I remember this whole issue by some simple math: one, two, three. Number one, the apostles responsible to set the pattern, the prototype, the Greek words, you guys and gals, know it well, protos or protos Masculine. It's first, not by way of arithmetic. It's first because it's a model. And the apostle is set in place, as it were, first of all, because it is he or she who is standing and contending for the function of all five offices, the other four, including the one the apostle being a man or woman stands in. And so that's simple. That's number one. That's where we start. That's of course, First Corinthians 12:28 and then Ephesians 2:20, I come to my two after my one. The Apostles and prophets make up what? The foundation. That's pretty important, right? The foundation. So if

there's a breach between apostles and prophets today be it over the controversy about the Trump prophets or however you interpret all of that or for any other reason, that is something that could seriously hinder us. So therefore, we need to get this prayed through and we need to get a fixed. Amen. And so that's the second. But now when you have the apostle and prophets and the foundations in place, then comes the number three. And that's in First Corinthians 12:28: First apostles, second prophets, third teachers. And what's that all about? Well, you and I know that that is simply not just a prototype. The apostle lays the foundation. The apostles and prophets lay together. These three are going to establish the people of God. They're going to establish the ecclesia. And when there are all three functioning like they were in Acts 13 with the church at Antioch, the apostle there was Barnabas sent from Jerusalem to Antioch, you know your Bible and they were listed there apostles prophets and teachers, their names were given. So those three gifts were locked in Antioch, which was more the biblical church than Jerusalem, because Jerusalem, with all due respect, did not {inaudible} in this body, as, of course, did Antioch. And so when the apostles, prophets and teachers, they're in place, the church is not just founded in strength, biblically and spiritually, but it is established. And then that's when evangelists and pastors come into their maximum potential in their respective offices. And of course, you know, I'm not going to labor this, but we have had this upside down for centuries and in some ways we have advanced the pastors doing the things that broke through. Then we sort of added the other things. As our good friend Bishop Hamon says, "restoration happens in reverse." Okay. You know, if you want to look at that way. And then I noticed years ago Pastor Scott Reese whom Dutch quotes some. Scott's a friend of ours as well, former student, in fact. But he said years ago he noticed that pastor led churches tended not to grow as well as churches led by apostles. Point made. If the apostles there there's going to be maybe not at the onset but in the near future, an emergence of all the other four gifts. And so to say it simply it takes the fullness of Christ five Ascension Ministry gifts to bring the ecclesia into its aroma fullness. We don't have a church of fullness without fullness in the five fold. And we don't have fullness in the five fold if we don't have apostles and prophets functioning relationally, spiritually, dynamically, cooperatively in the equipping all the saints, not just five fold office ministers, but all the saints being a part of the Ekklesia Council. So I'm just going to say tonight, as I decree here, one last thing. We don't govern as an effective Ekklesia until there is a strong five fold representation being released where {inaudible} have been set and where nets have been repaired. That's the word, Katatiso; to repair, restore verse, you know that. But the word equip is good there b'cause some people have got to be equipped after they're restored. So we're fixed and then were fixed to function. So I declare tonight in Jesus name, I decree that any

dysfunction in the five-fold ministry is going to be repaired by the revelation of the Holy Spirit through those who will hear him and begin to function in such a powerful way that we are ready not only now, but in the months and years to come to be stronger and stronger and stronger so as to steward the increasing release of Kingdom Agenda on planet Earth. Led on Earth by a governing Ekklesia that's hearing heaven and doing what Father is doing and saying what Father is saying. So I declare that and decree that dysfunction is going to be overcome by true function in the ecclesia through the five for ministry gifts. I'll just decree this and [inaudible] without maybe meditating it long enough to articulate but I hope to get my point across. And that is this--that a dysfunctional Ekklesia will always look out and see a dystopian. Arena and dystopian society. So we've got to come out of all dysfunction and it starts with five-fold leaders. So tonight we say that apostle Jesus, prophet Jesus, evangelist Jesus, Pastor Jesus and teacher Jesus is standing up. Jim talked about the standing king. Our standing king is five fold and he's calling us and he is standing up. He's the one who is risen and is calling us to be Alakheims, which means God rises, he stands up and he takes charge. And I'm believing tonight as we pray over this and I so appreciate Clay prioritizing this because to me, this is going to release, I decree it so, greater effectiveness and efficiency in our corporate collaborative efforts and especially prayer decrees and declarations so that our nation, which we know is going to be saved, will be saved, if you will. It like, This way, more expeditiously. You can work smarter, wiser, and we can see it done. It is going to be done. We're going to have the strategies we need to warfare because we know our king and his agenda prevail, not only in post history, in some millennium somewhere. Our King and his kingdom agenda prevail and overcome and are victorious in history, In the name of Yeshua, we declare these things and we pray, Lord, heal the breach by your awesome power. Visit us day and night, week after week. Visit your leaders today and bring us together so we fulfill all you intended for us to fulfill now and in the years to come, In Yeshua's name. Amen.

**Clay Nash: [00:18:25]** Amen. Thank you. Thank you, brother Jim for that. Ken, I want you to go next. But in Acts chapter 19, verse 29, just part of the scripture says there: so the whole city was filled with confusion. Verse 32 comes along in behind it, and it said: Some therefore cried one thing and some another for the assembly was confused and most of them did not know why they had come together. I tell you, I feel there is a degree of that when you study out Acts 19. I taught the Book of Acts a few times in my life, but when you study out Act s19 and 20, what I find is the apostolic DNA in 20, there where it says, I commended them and just a lot of things there. So I just pray over the apostles and prophets that this breach is going to be dissolved and

a true relational covenant will be established in this time. Father, we don't want just another visitation. Thank God for Toronto and Brownsville and everywhere where you've had an outpouring. We are thankful for that. But Father, we want a habitation here in the United States. We want a moving of your spirit that will not be like a stick of dynamite. It's going to be like a dynamo, a consistent and content producer of that endowment of power, which comes through Holy Spirit. So Father, we just declare, raise up the apostles and prophets. Raise up the prophets to see and raise up the Apostles to put together the plan. One of the things I'll share right here at this point a prophetic word, and I have given this word more than a few times, but a prophetic word came forth in Dutch's meeting that some of the apostles and prophets have been trying to read the blueprints upside down and they could see the lines through the paper. If you've ever seen an authentic blueprint they're on the-- the original copies on a very...or at least the ones that I've had on my end, very thin paper, you can see through it but you can't see the detail. And I believe that the apostles and prophets coming together will produce the result of those blueprints being flipped over so that they can. Apostles are master builders. Apostles and prophets together are a master building team. That comes out of Ephesians 2:20: I'll build my church upon the foundation of apostles and prophets. Upon the cornerstone of the Lord Jesus Christ. And so, Father, we lift up the authentic apostles and prophet in this nation. And the Evangelists. And the Shepherd and the Teacher. And we call them together and we say, let relational covenants come together, Father. If one puts a thousand, two can put 10,000. Father, let them come together by what Each one-- let them be fitly joined together by what each one supplies, and let that supply be a mighty resource in the reset of this nation. And Father, may we handle and stir the outpouring of your spirit upon all flesh better than we ever have. Father, the best that's ever been done in the earth, may it come because we can clearly read the blueprint. And we clearly have the master builders working together so that we build that which will not just contain, but will produce the dynamis of God. Do this in Yeshua's name. Ken Malone, what's in your heart?

**Ken Malone: [00:22:42]** Hello, Clay. So glad to be on here with you. Brother Jim, that was an incredible word. I so appreciate, Clay, you laying this out for us so that we can deal with some things in the body of Christ in our own life as well. You know, 1st Peter, 4:17 it says that judgment begins at the household of God. And I think that this word has released Judgment, but not in a bad way, but to make us deal with some issues that we have been dealing with as apostles and as prophets. This is a must deal with issue. And, you know, twice Brother Jim mentioned the word agenda. And I was so amazed because that's the first word I wrote down as

you begin this tonight, Clay. He first mentioned about the agenda that man has. And then he mentioned Kingdom Agenda also. And I think one of the things that's happened to us, I know this personally, because it's happened to me, that we've had our own agenda. That some apostles have had their own agendas. Some prophets have had their own agenda. I know last fall, last October, the Lord dealt with me for three nights about agendas that I had held in my heart that had become idols and relationships that I had walked away from. And I, once all of that happened I made-- I healed the breach that had taken place the following week And the agendas that had been taken out of my heart enabled me to heal those breaches. And I just believe tonight that God wants to give the apostles and prophets a kingdom agenda. Matthew 18:19, talks about the Kingdom Agenda. Matthew 6:10 talks about the Kingdom agenda. It does not talk about the agenda of apostles or prophets, but it talks about the agenda of the kingdom. And I think this is where we've got to get to. And I want to pray and in a way that releases the refiner and his fire into the heart and life of the apostles and prophets. And so, Father, tonight, Lord, I thank you for your goodness and mercy. And I thank you, Lord, that you are merciful to your church. That in mercy, Lord, you will deliver this judgment that we need, this opening of our eyes that we need in the Body of Christ. Lord, I pray for every apostle, every prophet, God, in this nation, especially God, that you would come to us and deal with our agendas. We ask you God to let us sit down with the refiner and His fire. The Refiner of Malachi 3. Lord, We ask God for that refiner to come refine the heart of the Apostles, refine the heart of the prophets, Lord, remove the agendas Lord, that we have carried. Father, remove our self-centered egos that we have walked in. And Father, we humbly submit ourselves to you tonight as kingdom representatives, not representatives of our own kingdom, that are representative of the Kingdom of God. And we say, Lord, where we have offended Your Kingdom, where we've walked in our own ego and our own agenda. We ask you to forgive us tonight. And Lord, we just desire to make right every breach that has been caused. We just ask you to come and heal it. And it's our heart's desire to do whatever we need to do, Father, to heal that as well. So, Lord, heal us, heal our nation, heal our apostles and prophets, heal our five-fold And our church, in Yeshua's name. Amen.

**Clay Nash: [00:26:58]** Yes, Ken. thank you for that. You know, I'm reminded of 1st Peter 5, where it says, Ye who is younger, submit yourself, who is your elders. But then it goes on to say, be ye subject one to another. You know, out of humility and honor, we make ourselves-- you know, I teach, I believe it's biblically sound that at the foot of the cross the grounds level. And we've got to realize that many times I will counsel with people and I will say, I'm not counseling

you from my apottolic or apostle function or prophet function. I'm counseing you as a friend. I'm counseling you as someone who has relationship. And so we see that the ground is leveled there. But let us be... Lord, let a humility and honor come upon the apostolic movement. Father, that's going to set us apart as we subject ourselves one to another. Thank you for that, lord. Let us truly come into the understanding of what's said in the Book of Acts that we have all things in common. Let us stand strong, Lord, in the fact that that means if someone else's ministry is struggling, that means our ministry is. if someone else's child is struggling, that means that our child is well. But also, if someone else's ministry is prospering and growing, we can rejoice in that because if we have all things in common. Betty Love, I think I've got you down next. What's in your heart?

**Betty Love: [00:28:40]** it's great to be here, Clay and so in agreement with the words that you're releasing and prayers and declarations. And powerful, powerful, powerful thru brother Jim and also Ken. Just in agreement and you know I agree with powerful words that that Dutch released. I know for the last several months we've had words come and one, through Anna, which you know Anna and she walks in a prophetic gifting. And what she is beginning to prophesy is that when revival breaks out, that is not the end all. It is just the beginning. And the exhortation to prepare the body and to prepare the five-fold and to come with the model and the prototype that the Lord is going to be releasing in this hour. So, again, just a confirmation. And this morning, even before I got the word that you released about the call tonight, one of the first things that the Lord said to me this morning is "you shall know the truth and the truth will set you free". And what I'm hearing the Lord say in regard to relationships in the body of Christ, he is taking the blinders off. He is going to cause people to see into those blind spots and where a offense has been and where there has been that chaos and confusion, he is bringing the power of the blood to cleanse and to destroy those walls of hostility. And clay, you'll remember this, back in 2016, you know, we had connected at different meetings over the years, but not really connected. And I remember in the spring of that year, the Lord, there were some breaches within our state. And the Lord said to me, he said, "Will you allow me to connect you in the places that I have ordained? Will you lay down your agenda?" It was what Ken was talking about: "will you lay down your plans, your agendas, your thought? And will you allow me to cause Your thoughts to become agreeable with my will? Will you allow me to connect you?" And my response was yes. And I knew of relationships that were breached and apostolic prophetic five-folders working in the same city, and they were out of relationship with one another. And I knew in order for this particular city to go forth and things to be accomplished there, there had to

be reconciliation. And so, you know, phone calls were made and we all came to a table. And Clay, you were sitting at that table, and I remember you said upfront, "why are we here?" Or something in regard to what is the take away from this? What is the purpose? And the purpose was reconciliation, and the purpose was to be connected and it was radically life changing for me and connected me. They're places that I would not have walked had I not responded to the Lord. But his heart is to reconcile his people. And it doesn't mean that we have to agree on everything, but he is going to deal with the ungodly agendas of men. And there is a sifting that is taking place even now. And with confident assurance, I know that no one has a corner on the market, but I know in the hearts of the apostles, the Prophets-- I know there is a building planned for the future, a kingdom advancement. And just reaching back, I was reminded of a word and I believe this. I believe that there are several, not several, I believe there are a lot in the body, in the Ekkleisa that is not their own agenda. But there are blueprints, there are kingdom plans that have been stored away that in our knowing it wasn't time yet. There are parts and pieces that God is going to bring together and it is going to take the coming together that fixing our eyes, setting our hearts and minds on things above where we're seated. being about his kingdom advancement more than about our promotions. But the Lord reminded me--December 6th of 2013, 'm probably like you and many others from tablets full of words to notebooks and journals and I just went right in my office just prior to the call and said, "Lord, I know its there." And out of all the books, I picked up the right one. But in this, I'll never forget. I was in Starkville, Mississippi doing a meeting there, and the Lord began to talk to me about building the kingdom and building his house for the future, and about the models, the manuals, the means and the manpower that he was going to be releasing. And he started all the way with Noah. And this is how you build it. And then with Moses in partaking of the Passover meal, this is how you eat it. And then in the blessing of the priests for Israel, this is how you bless the Israelites all the way down to First Chronicles 28, where he, David, said that God, the Spirit of the Lord had put within his heart and mind. He said, "All this" David said, "I have in writing from the hand of the Lord upon me. And He gave me understanding and all of the details of the plan." And in First Chronicles 28, if you look at that, you're going to see David as a father. The Lord would not allow him to build the temple because of the blood that was on his hands. But he gave him the model. He gave it to him in writing. He gave him the manual. He gave him the means and the manpower and put it into the hands of his son to build teacher temple, which Solomon built the temple. So I know that this word and I believe those that are listening tonight, I know this word is right, and I know that the Lord is going to do what He said He was going to do and He is going to heal the breaches. And again, I don't believe any apostle or prophet or

any member of the body or the Ekklesia that is on this call tonight. We don't want a flash fire. I know when the Lord 33 years ago started showing me apostolic teams, I had never heard that word before and what he was going to do in the place where we are now and just getting a glimpse of that, my cry has been "Lord, I don't want just a flash fire. I'm not looking for a visitation. We want a habitation. We want the kingdom plan and purposes of our father established on Earth as it is in Heaven. And we want to run this thing out until the very end. We want to see his kingdom manifested." And then the last thing that I want to share before I just make some decrees into this-- I remember on and I had the date: in 4-4 of 2020, the Lord gave me a word and I had--its just the word of the Lord. He talked about the Vanguard Ekklesia. I think this answers some of what of the word that Dutch released. But he said, "et the vanguard arrive, make the decree, send the word, declare the victory. Decree, America saved. Spirit and truth, America, it is upon you. Justice is served. So is the word that goes for from my mouth. Now it is accomplished. And when the Lord spoke that word, "Vanguard", he said, "My vanguard is in play. The Ekkleisa is the vanguard of the kingdom in this new era. The decrees go out and secure the victory. No contest. Check Mate. we decree the victory for the United States of America against the Kingdom of darkness. He says it's no contest. The Lord, he is God. He is our king and he has secured our victory. So when I looked up the definition for Vanguard, it's the forefront of an action or movement. Those occupying a fore most position. The troops moving at the head of the army. The foremost part of an advancing army or naval force. Advance guard. The foremost division. The forefront in any movement, field, activity. Vanguard also is the leading part of an advancing military formation. It has a number of functions, including seeking out the enemy and securing the ground in advance of the main force. Other synonyms for this is forefront, frontline, cutting edge leaders, front, van, spearhead, forerunners, frontrank, trailblazers, advance guard, trendsetters. And so, the Lord says that the Ekklesia exercises the authority and dominion mandate. And the very authority that he is vested in us is going out in front. It's going-- it's being there before we ever get there. And lastly, I just remember, Clay, that meeting, I think it was we did in Shreveport a couple of years back in 20', in in August of 20. And what I was seeing then and I even said it to Dutch, that we have got to get out in front of the enemy. We've got to get in front of this. And I believe the healing of the breaches is literally going to catapult the apostolic prophetic into the next. God is going to do this. And I know that if we do not respond to him, he is going to come in a way that we will respond to him. Because he is our father. He is a good father and he's not playing. We don't have time to waste. So, Father, Tonight, I thank you for the authority that you have vested in us. And I decree and declare every place where the body has been staggered, where there have been breaches between the

apostolic and the prophetic, where there has been confusion. We speak Shalom and we say, Father, let the power of the blood of Jesus Christ testify into our relationships and our spheres of influence. And Lord, we thank you that every wall of hostility comes down. And Lord, that the power of reconciliation and wholeness come to your people. And Father, even as you've visited me and Lord, you spoke very clear: will you allow me to connect you? Father, I thank you for a willingness that you cause us to be willing to allow you to work within us. And Lord, I confess, pride is sin. And Lord, I thank you for giving us a teachable heart and a teachable spirit. I thank you, Lord God, that you do make now the end from the beginning. You declared things before they even come into play. And Lord God, I thank you, I thank you that your counsel stands forever, the purposes of your heart through all generations. And Lord, we say tonight over the apostles and the prophets and those; the Ekklesia in this nation. Lord, many are the plans in a man's heart that we thank you that your purposes stand. pause our thoughts to become agreeable with your will, with the mind of Yeshua, so that your plans will be established in us and in the land. And Father, we thank you that the Ekklesia is your vanguard, the vanguard of the Kingdom, Lord, in this new era. And Lord, we thank you that just as by your spirit, you gave David the model, the manual, the means and the manpower for the rebuilding. Lord God, the building of the Temple. Lord, I thank you that for the building of the temple. And Lord, just as you put it in the heart of Nehemiah, You gave him the plan for the rebuilding of the wall. and Father, there were builders that were building with one hand, with building tools in one hand, and they were carrying a sword in another. Lord, you gave a plan, a strategy. And so, Father, we thank you that you have opened up the plan book, and Lord God, you're going to be releasing strategy so that we can walk in the purpose and the destiny that you have ordained for your church, for Your Ekklesia. And Lord, we thank you for the equipping of the saints. We thank you for full functionality. and Lord, We bind distractions in the name of Jesus Christ of Nazareth. And Lord, according to Your Word, we set our hearts and our minds on things above where we are seated at the right hand. Lord, we fix our eyes on you knowing that you are the author and you are the finisher, the perfecter of our faith. We fix our thoughts on the apostle and high preists, the king preists. And we say, Lord, come, let the full functionality come. Let that apostolic prophetic, evangelical... That, the evangelist, the teacher, the pastor-- let those five-fold gifts come into a place of function and maturity and unity like we've not seen before in Jesus mighty name. And lord, we give you all the glory. You do make known the end from the beginning. You never do anything in the earth without revealing your plan. So, we thank you, Lord, for the plan and your purposes standing, in Yeshua's name. Amen and Amen. I

**Clay Nash: [00:44:13]** All right. Thank you, Betty. very good, Pat. What's in your heart?

**Pat McManus: [00:44:20]** Thank you, Clay, for the opportunity. And as I was listening to everyone, I was writing Notes and jotting down things. And I got to thinking about Acts chapter one when they chose between Barnabas and Matthias to take the place of Judas. And one of the things that stands out to me very significantly in all of that is that one was chosen and they had unity. There was no fighting or bickering about positions, titles. They were not fighting about who was not chosen. Is that when they filled the place of what was needed to be filled They had alignment, they had agreement and the power Of God began to come and just begin to pour out upon the people. So I'm just going to pray it this way. And because of just that statement, these guys, Joseph and Barnabas, they were positioned or one was positioned and the other one wasn't. But there was no dissension amongst the group. They were one. So, Father, I thank you That you Are exposing the fraudulent structures. And you're revealing Father, the backbiting and the insecurity of man. And that father, you're causing us to come into you like they did in Acts Chapter 13 where they were praying and pressing into the presence. And when Holy Spirit said, Separate Barnabas and Saul for the work I've called. Father, when the day of Pentecost came, there was not a backbiting or bickering. There was all one in accord, sitting in the room, pressing into the purpose of Your hand. Father, in Acts chapter 4, they were pressing into the promise. There was none jockeying for position, title or influence. There was no Insecurity upon them that there were all walking as one into the full expression of your name. Father, I ask that there would be the sound of heaven to reverberate. Let the trumpets Sound as you led the nation of Israel for the generations of going in and claiming the promised land by a clear sound of when they aligned and Moved, and the sound for advancement, the sound to gather, the sound for movement, the sound to come together to settle into the presence or the sound to advance for war and the strategies for victory. Father, I ask you, there would be a clear, as there's been prophetically declared a clear sound of being able to come together and to stand as one to see the fulfillment of your purpose. Come together as the Issachar anointing is released upon your body. So, Father, I ask for a true alignment and to truly be led by your presence to release the sound of the purpose and the plan of your hand that will release and ignite the strategy for he apostolic and the prophetic can function together to see the manifold wisdom of God to be displayed, made known in every way across our land. So, Father, give us ears to hear. Give us hearts to understand. And Father, remove the insecurity that functioned from a title based structure and align ourselves with a clear understanding of your heart in your

hand as we live in your presence, fulfilling your promise and walking in your purpose, In Jesus. Name. Amen and Amen. [00:47:45][205.6]

Clay Nash: [00:47:49] Thank you, Pat. David, what's in your heart? [00:47:52][2.8]

David Hertel: [00:47:54] Yes. I just had Four points That stood out to me. Actually, three and two were stirred up by going back and viewing the tip of the spear. I was able to watch the Saturday Night message and prayer and declaration time and cause some stuff to jump out at me. But then just caught the beginning of Tim Sheets telling about the dream and didn't really get into the development of that, but Enough to burden my heart to address these things. So the apostolic strategy that we need-- just a couple of scriptures that go with these. Just first Corinthians 12:28 says, "and God appointed these in the church; first apostles, second prophets, third teachers, after that miracles, then gifts of healings, helps, administrations and varieties of tongues. So of course, Probably everybody got this, but the 12 foot battering ram That Tim saw in the dream to me has to do with scriptural government in the church. And when we have that we'll be able to break through barriers and strongholds that have been not penetrable by the church before the gates of hades actually has prevailed against the church. But as that proper government Is honored as the lord appointed it We're going to see more of breakthrough than we've ever seen before. Jeremiah 33:3: call to me and I'll answer you and show you great and mighty things which you do not know. So we are calling to you tonight Lord that there's an apostolic strategy. There is a strategy and there's specifics. There's details, there's timings. There's things that need to be seen and heard and addressed and stepped into. And so, Lord, we don't want to be 1 second later, 1 second early. We Want to be right on time doing the right thing, the right way with the right people. And we want to come into alignment with the strategy and the motivations and the agendas of heaven, Lord, not what is here on Earth. And we thank you, Lord, that that's being imparted through the apostolic leaders, Lord, through visions, dreams and every other way. That they're going to pick up on this and that it will be honored by the church and it will be recognized as from the hand of the Lord. And so, Lord, we thank you also for when Dutch said, let's counter the summer of rage that's being plastered all over Washington, DC because of if the Supreme Court overturns Roe. Let's counter it with a summer of revival. And we he said that I didn't see that until late last night, but in prayer, the prophetic prayer time we had this morning, the Summer of Revival just had something on it. Then all The, "let's pray for revival. Let's pray for revival that I've been hearing. Something about it..." Well, we prayed and declared that this summer would be. We would begin to see a move of God that's so powerful and so on track that no man would be able to derail it or detour it. And so, then one of the guys said, "Hey, did you know today was the first day of summer?" And I

said, "No, I didn't even realize that so..." But this verse went with it and it's a little bit different, but it says Psalm 23 verse 5: You prepare a table before me in the presence of my enemies. You anoint my head with oil. My cup runs over. There's a feast When the revival fire is ignited {inaudible} revival fires burning, it says in Isaiah 64:1, "oh, that you would rend the heavens, that you would come down, that the mountains might shake at your presence, the kingdoms of this world and the kingdoms of man. that they would shake and that they would-- that the presence of God tht so manifest. Verse 2: and the fire burns brushwood as a fire causes water to Boil, to make your name known to your adversaries, that the nations might tremble at your presence when you did awesome things for which we did not look. We didn't expect it, but you came down anyway. The mountains shook at your pressence or since the beginning of the world Men have not heard nor perceived by ear, nor has the eye seen any God besides you who acts for the one who waits for him. We're waiting on you tonight, Lord. We're waiting on you on these prayer calls. We're waiting on you across this nation with prayer ministries that our intercessors, lord all over the place are calling on your name. Jeremiah 33:3, And they're waiting on you; Isaiah 64:4. And so, Lord, we thank you that there's an answer coming. In a vision and a dream I received last week from two ladies in the church. Two different ladies didn't know that each other had them. But they were confirming and Witnesses to what God is establishing. And it basically they said it's time for the new wine to flow like a flowing, surging river. It's time for miracles to gather people for the hearing of the gospel. It's time for stadiums to be filled and flow with unusual manifestations and salvations. It's time for an outpouring of a mighty move of God that quenches the threatened rage and. Anarchy of the enemy. So Father, in Jesus name, we thank you that this is what you're saying. And we're going to say it with you. We're going to declare it into the Earth. We're going to see it come to pass, Lord, and we're going to have our antenna up in the heavens so that we're saying the right thing, doing the right thing, expecting the right thing and set on go for what you're doing in in the earth and around us to counter what the enemy said he's going to do. Not only the counter want it to overflow it, to quench it, and to establish your kingdom in greater, Greater and greater ways in Jesus name. So the last thing that's on my heart tonight is, of course, the Jackson versus Dobbs case. And they-- interesting. We were praying about it this morning And the thing that came to me was that this version of First Samuel, the last part of verse 51 of chapter 17, of first Samuel says, "when the Philistines saw their champion was dead, they fled." When he was dead, they fled. Verse 52, the first part of it says, "Now the men of Israel and Judah rose and shouted and pursued the Philistines." And so, of course, we know they defeated the men. But the picture came to me that when the supreme Court overturned Roe we all know the battle won't be over because it'll go back to the

states, and each state will have to decide. But it will be like the head of Goliath being taken off. The United States Supreme Court Roe ruling in 1973 was like the sword of Goliath used to shed innocent blood. And now that same sword will take his head off. And Father, we declare it will be so. And we thank you, Lord that as Goliath falls and is obviously dead and his head is obviously taken off. When they see their champion is dead it will remove their strife. They will be not coordinated. They're not able to organize. Their funding will be undermined. Lord, everything about it will begin the demise of the pro-abortion movement and those that support it. Father in Jesus name we declare it so that this Dobbs, Jackson versus Dobbs ruling Overturns Roe and Goliath's head is taken off, the enemy flees and Lord, as we mop up, as we mop up throughout the States, we will see the sanctity of human life restored to this nation and America will be saved, in Jesus name we pray. Amen.

**Clay Nash: [00:55:29]** Amen. Thank you, David. Timothy. What is in your heart?

**Timothy Carscadden: [00:55:35]** Thank you, Clay, and everybody playing with us tonight. Thank you so much. I just want to build on the the plan. A portion of Dutch's word. I wasn't able to listen. I was actually in D.C. lobbying this week. And I want to say it was important when we were-- me and my wife, Susan, were praying at the White House Thursday and I didn't even know that Tim had had the dream and we were decreeing stuff while we were there. And I think the importance of what I saw in DC this last week and I was all over the Hill on Capitol Hill lobbying. Our congressmen, senators this week. And I was shocked at the way the strategy of the Enemy has invaded D.C. on the Capitol Hill. Every agenda. Of Course it's pride month, but the agenda of the whole LGBTQ community, they literally have invaded and taken the siege of DC. They're in every store, every business. I went in the Bible Museum. They work there. They're not afraid of their agenda. They're in the offices of all Our politicians, our senators, our congressmen pushing policy. Now, that is a plan. And they came up with a great plan. 2020, you know, COVID hits and we stop visiting. D.C.. Almost everybody did, but they didn't. They stayed. They built. they built coalitions. They built strongholds in the city. And they've laid siege to D.C.. It's unbelievable. You cannot understand it unless you go there and see it with your own eyes. And I thought, Wow, Lord, we must have a better plan. I think the term I hear is "the sons of light must respond in like manner." We have to have a plan. We have to hear that. And in Jeremiah 29:11 it says, "he has plans for us" and if he has plans and like Amos tells us, Amos 3:7 tells us that the sovereign Lord does nothing without revealing his plans to his servants, his prophets or the whole story. So we know that God has plans. And a portion is, as we the apostolic prophetic,

we have got to seek the counsel of the Lord on what those plans are. And I think that's a level of unity that we're going to need. That says plans for you know in proverbs 15, 22 it says, plans fell for a lack of counsel. But with many advisors, they succeed. And I think the advisory council would be the apostolic counsel like in Acts 15 and other places in Scripture Where they came together. And I honor Clay and Dutch And The whole team here thats done this. I think one thing I've seen in the last two years is people that were walking with us two years ago walked away when their plans didn't come to pass. And so, they when they didn't win. The election or whatever, they pivoted toward a rapture mentality, many different things. And they're gone now. They're not walking with us. And I want to call the council together. I wanted to decree and declare it tonight that that would happen again, that we would have that council where we would have wisdom as we as leaders gather together for the plans for the future. One of my favorite quotes from Rick Joyner is, you know, he said, you know, "we live as if Jesus was coming back today, but we build as if He's not coming back for a thousand years." And I think that means that we have to have the plans of heaven. And the last thing before I pray is Caleb, you know, when the spies were in the land. Caleb had a different spirit. And that's what I want to pray for the apostolic prophetic, it says my servant Caleb, because he had a different spirit. He has followed me fully and I will bring him into the land which he entered, his descendants and his descendants will take possession of it. So, he had a future plan. Caleb just didn't want to take Hebron just to take hebron. He was thinking of his future generations because he had a different spirit. And we need a different spirit on the apostolic and the prophetic movement right now that thinks future, thinks for generations and then gets the plans of heaven for that. And so, Father, right now we honor this ministry that clay has led and others that partner with him, and Lord, we're just collaborating. We're part of that Council that brings wisdom, Lord. And I pray as we all work together, we can become one in this message. Lord, we do declare that your plans are being released to your prophets. And to your apostles, Lord. And as we do that, Lord, give us the grace to implement them. Lord, we thank you for revelation, but we ask for implementation. We ask that Lord, the resources would come. The avenues of connections would come, Lord, that we would be able to work together to bring about your plan. And in the days ahead. We thank you, Lord, that there is a plan five years from now. There is a plan ten years from now. Lord, you have plans to take over this nation. You have plans for a revival. You have plans for an awakening. And Lord, we want to come into agreement with those plans and we want to participate with them right now in the name of Yeshua. We bless you, Lord, we thank you that you're going to strengthen us. And we call that prophetic to the apostles and the Prophets for That they would have the council of Heaven. We release Dreams and Visions. We

release, Father, the Word of the Lord would sit upon true prophets and true apostles to direct and guide the body into the plans that you have for us all, in the name of Yeshua, Amen and Amen. Thank you, Clay.

**Clay Nash: [01:01:26]** Thank you, Timothy. Hey, it's been a strong, great call. We must continue in this vein. I know we got theraces that are coming up in November. A lot of things are shifting. We had the run offs today in Arkansas. I hadn't heard any reports out of that. But stay on the wall. We'll be back here tomorrow at 2:22. And I'm really praying to where we need to focus. There's much weight on this. You know, one of the things that came out of the dream that Tim had, Tim Sheets had was the angels had battering rams and then Sunday night--excuse me, Saturday night I had a vision of God's people carrying big--in Tim's dream the battering rams were so big he knew it had to be angels carrying it because a normal human being couldn't carry it. But then I had a open vision Saturday night and I saw the Ekklesia, the praying church carrying battering rams, which added so much weight to them that everywhere they walked in their footsteps, the moment their footsteps came up out of the soil, they were walking across a freshly prepared field, corn stalks or corn sprouts, would be sprouts not stalks, would come up under their feet the minute they lifted their feet up. And this pressure that we're carrying in the Ekklesia right now is going to work together for the good. And so, don't become weary in well doing. a little bit, not being humorous, but, you know, you got to go through your through season and if you're going to come into your due season. And we're in that through season right now. And a word like Dutch had and a dream like Tim and the four months. There's a lot to it. Go listen to it. We're working to get them transcribed as quickly as we can and will make them available. But we've got to carry the weight of responsibility right now. But I promise you, God is healing the land. And where we step is going to bring calmness, calmness to the seed bed and there's a harvest coming. So bless you. Tonight, we'll be getting this recording posted and then once we have it transcribed will be posted on our our Website. Thank all of you for being on. God bless you. Have an incredible night of rest and join with us tomorrow at 222. God bless you all.
