We the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquility, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this Constitution for the United States of America.

We the people

I declare that the collective voice of God's people in the United States gains strength and clarity of purpose. We declare that our governmental representatives are responsive and accountable to the voice of God. I call forth those leaders who have an ear to hear what God's plans are for America and I speak courage, resolve and passion into their voices. I declare the political spirit does not rule America, God does.

Form a more perfect union

I declare that an atmosphere of respectful cooperation defines our governmental structure. I deny a disruptive spirit from defining this nation. I stand against the Jezebel spirit and tear down the divisive structure built. I say that we now move into this era that realigns the union of hearts and purpose under Almighty God's loving direction.

Establish justice

I declare there is an absolute of moral principles defined by the heart and purposes of Almighty God. I decree that His Kingdom is the ONLY Kingdom allowed to rule in justice over our nation. I release assigned angels to accomplish this shift.

Insure domestic tranquility

I tell the spirit of fear to roll back. I break the power of fear over America. I say the foundation of fear established by the political spirit and emblazoned by the media is taken down. America is designed to exude and provide the peace known by living under the Presence of a benevolent Father.

Provide for the common defense

We are a people prepared for war to protect Americas identity. I call into position the angel armies to defend the destiny of America and establish God's Kingdom government. I decree that the Jezebel structure put in place is a foreign terrorist threat to our nation. The army of believers now rise up as one to restore Americas identity under God.

Promote the general welfare

I decree that Americas atmosphere aligns with the purpose of God! I say that it is the heart of God that creates the atmosphere for prosperity and peace. I forbid any other structure to address the welfare of America. We lean into God. We trust God alone.

Secure the blessings of liberty

As a citizen of America, I appropriate and walk in liberty from a limiting government. I declare that the ruling structure of one world order is an abomination and will not invade America. America is in the hand of Almighty God who secures the blessing of liberty to all generations.

Amen! Let it be so established.
